

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

### Chapter 591 - 591 Luck; Chance Encounter!

591 Luck; Chance Encounter!

Lin Fan did not just freeze the surface of the lake and the Abyssal Octopus.

It was as if all the viewers in Hua Nation's live stream were frozen too.

So much so that...

For a long time, there were no bullet comments in the live broadcast room.

As the host, Xiao Bing said almost professionally, "So powerful."

Her voice was not loud.

However, it caused the entire live broadcast room to boil.

World's Best: [F\*ck!]

Hello everyone: [F\*ck!]

Lower Your Head: [F\*ck!]

Clear: [F\*ck!]

...

The entire screen was completely covered by a dense stream of curses.

After a while, other bullet comments appeared.

Death God: [It's awesome to freeze a tsunami instantly!]

Little Painter: [Freeze!]

Water: [So cool.]

No Daughter in the Heart: [His words are the law!]

Thunderbolt from the Clear Sky: [This is even more enjoyable than watching a fantasy TV show.]

Newcomer: [How are bloggers still spreading slanderous words about him?]

Heaven and Earth: [God Lin, you still say that you're not a god?]

...

Xia Bing, Xia Xue, Qin Yuxuan, Hu Tian, and the others all stared at the screen.

When Lin Fan froze the tsunami and killed the level-five Abyssal Octopus, their faces turned red.

Excited and happy!

...

Lin Fan looked at the ice in front of him, and his lips curled up.

This was the first time he had used the Advanced Ice Control Spell.

It was very mysterious.

He was very satisfied.

Then, Lin Fan turned his attention to the ancient chest beside him and opened it.

An emotionless voice immediately sounded in his ears.

[You've obtained Beginner Water Control Technique. Do you want to use it?]

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, you've received a special red packed—Advanced Water Control Technique.]

Lin Fan's body felt cool.

Then, in his vision, there were many water elements in the air.

As long as Lin Fan wanted to, he could gather all the water elements in an instant, forming a torrential rain or even a long river in the air.

Lin Fan had already experienced similar skills before, so he was able to digest this information.

Then, he turned to the Heavenly Hound and said, "Go and use this Beginner Water Control Technique."

The Heavenly Hound was also shocked by the ice that had suddenly condensed in the air.

After a while, it reacted and touched the ball of light with its claws.

The ball of light entered its body.

The Heavenly Hound's eyes flashed with a bright light, and its entire body became even more refreshed.

After everything was over, Lin Fan and the Heavenly Hound did not stay any longer and continued walking forward.

Not long after Lin Fan left, the ice melted into water. Then, not a single drop was left behind as everything returned to the lake. It was extremely magical.

...

Taro Yamamoto was one of the chosen ones from Japes.

Taro Yamamoto had been extremely rebellious since he was young and liked to bully young children.

When he grew up, he drank all day long and became a street bully. Everyone stayed away from him.

After the doomsday declaration appeared, Taro Yamamoto became the chosen one and became the hero of Japes.

Most of the chosen ones who entered the Otherworld would try to get as much food, water, and weapons as possible.

Taro Yamamoto, on the other hand, stuffed a lot of wine into his backpack.

This caused Taro Yamamoto to often get drunk in the Otherworld.

Taro Yamamoto poured some wine into his mouth and cursed, "Why did I come to such a place?"

"Hurry up and let me go back!"

At this moment, a pitch-black cave suddenly appeared in front of him.

Taro Yamamoto cursed, "Bah! Stop it!"

As he spoke, he raised his machine gun and fired at the cave.

Flames spewed out, and bullet shells flew everywhere!

Suddenly, a deafening roar sounded from the cave.

Taro Yamamoto did not show any fear.

He continued to shout, "Scaring me again!"

As soon as he finished speaking, he took out several grenades from his waist and threw them all inside.

There was a loud bang, and dust filled the sky.

The entire cave collapsed.

Then, Taro Yamamoto heard an emotionless voice.

[The first to kill a level-two Iron-Clawed Giant Rat. You've obtained a level-two treasure chest.]

[The first to kill a level-two Iron-Clawed Giant Rat. The area of Japes has increased by 10%.]

Then, an ancient chest appeared at the entrance of the collapsed cave.

Seeing this...

Taro Yamamoto's eyes lit up. He instinctively felt that this was something good.

It might be an antique from the Otherworld!

It could be worth a lot of money!

Therefore, Taro Yamamoto quickened his pace and opened the chest impatiently.

[You've obtained a Body Petrification Spell. Do you want to use it?]

"What's this?" Taro Yamamoto asked. "Use it!"

The light ball in the box directly entered his body.

Taro Yamamoto blinked his eyes.

In the next moment, his right hand turned into a stone, and he punched the tree in front of him.

The tree shook violently, and its bark shattered.

Taro Yamamoto looked at his right hand in disbelief and laughed maniacally.

Amidst the laughter, his right hand gradually returned to its original state.

...

The Japes' live broadcast room was in an uproar.

Dong Yijun: [Taro Yamamoto casually threw a few grenades and killed a level-two beast!]

Moximoxi: [Moreover, he got a Body Petrification Spell from the treasure chest. He's a real superman!]

Takeda: [Indeed, God's will is on our side.]

Masaki-kun: [With this, Japes definitely doesn't have to worry about the apocalypse anymore.] *nOVelnext.COM*

Getting Water Up and Down: [Body petrification... Who can stop it? Not even beasts!]

Asai: [Area increased by 10%! The seawater around our island country has dropped! Moreover, many trees have grown.]

Xin: [That's great! I want to build a house by the sea!]

Dream: [I want to build a house by the sea too.]

...

Lin Fan and the Heavenly Hound continued to roam the wilderness.

At this moment, a series of dull footsteps suddenly sounded in the distance.

In the next moment...

Taro Yamamoto, with his hair parted in the middle and a bottle of wine in his hand, suddenly appeared in front of him.

Taro Yamamoto took a sip of his wine. When he saw Lin Fan, his expression changed slightly.

It was a good thing for him to encounter humans from Earth in the Otherworld.

When he saw the Heavenly Hound beside Lin Fan, Taro Yamamoto's eyes became even more heated.

In order to survive these days, Taro Yamamoto had already eaten up the few compressed biscuits he had. He could only eat some roots and weeds every day.

This wolf-like animal in front of him was simply the best meat!

After a while, he said to Lin Fan in the language of his country, "I'm Taro Yamamoto from Japes. Who are you?"

A look of disgust flashed across Lin Fan's face as he said indifferently, "Hua Nation. Lin Fan."

### Chapter 592 Annihilation; Taking In A Disciple!

Many people in Hua Nation liked to travel to Japes, and Taro Yamamoto often heard Hua people speak.

Thus, he easily knew that Lin Fan was from Hua Nation.

Instantly, he became arrogant.

Taro Yamamoto pointed at the Heavenly Hound and said, "What pets do you need in the wilderness? Slaughter it and eat roasted meat!"

He seemed to think of the taste of roasted meat and could not help but swallow his saliva.

Lin Fan's face had a weird look on it.

Slaughter the Heavenly Hound?

Eat its meat?

"Heavenly Hound, he wants to eat you," Lin Fan said.

The Heavenly Hound did not know what Taro Yamamoto was talking about.

However, it understood Lin Fan's words.

Instantly, the Heavenly Hound bared its teeth in a ferocious manner.

"Oh?" Taro Yamamoto laughed without fear. "The little guy seems quite fierce!

"I like those that resist!" *n0veLnExt.Com*

As he spoke, he took out the pistol at his waist and slowly approached the Heavenly Hound.

If the distance was too far, Taro Yamamoto could not guarantee that he could hit it.

If the Heavenly Hound escaped, he would not be able to eat meat.

...

In Hua Nation's live broadcast room.

Terence: [Can someone translate what this Japes man is saying?]

Fish: [Oh my god! He actually wants to eat the Heavenly Hound!]

Ruthless: [F\*ck! He really wants to eat the Heavenly Hound. He even pulled out his gun.]

Little Thief in the Forest: [Eat the Heavenly Hound? Isn't this courting death?]

Night Rain: [This person is Taro Yamamoto. He seems to have just obtained the Body Petrification Spell, which can turn part of his body into hard stone. He's very powerful.]

Easy: [Powerful? No matter how powerful he is, can he compare to the Heavenly Hound or God Lin?]

...

In the live broadcast room in Japes.

Kawada: [Yamamoto seems to have met a Hua person.]

Jin Zhongyi: [It's Lin Fan! It's Hua Nation's Lin Fan and the Heavenly Hound!]

Wood Dream: [It's over. Yamamoto wants to eat the Heavenly Hound.]

Hashimoto Saburo: [Heavenly Hound! That monster that can become three meters tall?! Yamamoto, don't be rash.]

Chong: [Yamamoto is about to make a move. However, he might not lose. Don't forget that Yamamoto can has the petrification spell!]

...

Under everyone's attention.

Taro Yamamoto and the Heavenly Hound were getting closer and closer.

The next moment, he grinned.

As soon as he finished speaking, he pulled the trigger.

It was also at this moment that the Heavenly Hound leaped up and stretched out its steel claws that were shining with a cold light.

Taro Yamamoto's pupils suddenly constricted. Instinctively, his entire body petrified.

However...

Under the claws, the petrified Yamamoto Taro was like a bubble, directly shattering and turning into a pile of powder.

Silence!

The entire place was silent.

Suddenly, an emotionless voice sounded in the ears of the Japes people.

[Taro Yamamoto, the chosen one, has died. The pollution of Japes has increased by 20%.]

...

In the live broadcast room of Japes.

Wind Chimes: [No!]

Kudo: [Yamamoto is dead.]

Sand Gathering: [Pollution! So many impurities! The tap just let out stinky water.]

...I think you should take a look at

In the blink of an eye, two days had passed.

Over the past two days, Lin Fan had relied on his life in the Otherworld to obtain two special red packets. He had obtained 400 points of Constitution and 300 points of spiritual energy.

The sun was high in the sky, and a gentle breeze was blowing.

Lin Fan and the Heavenly Hound continued to roam the wilderness as usual.

In the distance, there was a tall forest that appeared very quiet.

At this moment, the birds that were originally perched on the trees seemed to have been frightened. They spread their wings and fled in unison, stirring up a pile of fallen leaves.

Then, a muffled sound came from the forest.

In the next moment...

A brownish-skinned foreign man wearing a white shirt and carrying a large backpack ran out of the forest in an extremely sorry state.

Behind him was a lion that was three meters tall and had a pair of sharp teeth that were two meters long. Its aura was extremely terrifying.

The brown-skinned man saw Lin Fan and shouted, "Go! Go! Go!"

Clearly, this was to remind Lin Fan to run.

When Lin Fan heard this, his impression of the brown-skinned man could not help but increase.

However, Lin Fan did not do as he was told. Instead, he continued to move forward at a steady pace.

As the lion got closer and closer to the brown-skinned man, it was about to slap him to the ground with its claws in the next moment...

Lin Fan pulled out the Star Meteorite Sword from his waist.

[Sword 1: Heaven Slaying Sword!]

A stream of light flashed.

The giant lion's claws, and even the upper half of its body, were neatly slashed from the middle.

The giant lion that had been split into two fell straight to the ground, stirring up a cloud of dust.

Boiling hot blood spurted out wantonly.

The brown-skinned man was dumbfounded by this scene.

At that moment, an emotionless voice rang out.

[First to kill a level-two Megalodon Lion. You've obtained a level-two treasure chest.]

[First to kill a level-two Megalodon Lion. Hua Nation's pollution has been reduced by 10%.]

Lin Fan did not care about the brown-skinned man who was in a daze. He opened the treasure chest.

[30 points of Constitution. Do you want to use them?]

Lin Fan did not care about these points and gestured for the Heavenly Hound to use them.

That was because a clear notification sounded in his mind.

[Ding! Congratulations, you've received a special red packet—300 Constitution points.]

...

After the Heavenly Hound used 30 points of Constitution, the brown-skinned man regained his senses.

[pandasnovel.com](http://pandasnovel.com) He quickly wiped away the blood that the giant lion had sprayed on his face and turned around to speak in English, "Are you from Earth?"

Lin Fan said in Chinese, "I'm from Hua Nation."

The brown-skinned man became even more excited.

He stammered in the Hua language, "Hua Nation?!"

"So you're Hua, hohoho!"

"Did you use kung fu just now?"

"I knew that Hua Nation definitely had amazing martial arts!"

"That's amazing!"

As he spoke, he held the sword in his hand, waving and jumping around.

Lin Fan looked at his comical face and could not help but want to laugh.

At this moment, the brown-skinned man suddenly knelt on the ground and said, "My name is Sam Gilbeven, and I like Hua Nation's kung fu the most. Please take me as your disciple."

His tone was very sincere and serious.

However, it was this action that stunned Lin Fan.

Lin Fan did not know whether to laugh or cry. "I haven't considered taking a disciple yet."

"Master, I can endure hardships very well. I beg you, take me in as your disciple." As Sam spoke, he knocked his head on the ground, causing his forehead to be covered in dust.

Lin Fan shook his head. "I really don't want to take in a disciple. Also, you don't have to call me Master. Just call me by my name. I'm Lin Fan."

At this moment, Sam seemed to have thought of the plot of some Hua martial arts TV shows and hurriedly said, "I... I... Master, if you don't agree, I won't get up..."

### Chapter 593 Master; Immortal Technique! (1)

Lin Fan looked at Sam deeply.

"Are you going to keep kneeling?"

"Yes!" Sam said seriously.

Lin Fan said, "Then you can kneel. I'm leaving."

After saying that, he walked straight ahead.

Sam knelt on the ground and looked at Lin Fan's back as he walked away. He could not help but shout, "Master..."

However, it was as if Lin Fan did not hear him at all. He did not even turn his head back as he continued to move forward.

At this moment, a ferocious beast's roar sounded in the distant wilderness.

Sam was so scared that his whole body trembled and he shouted, "Master, please wait for me."

After saying that, Sam almost rolled and crawled as he quickly chased after him.

...

In Hua Nation's live broadcast room.

"Professor Lin is still so powerful!" Xiao Bing said excitedly. "He killed a ferocious beast with a casual swing of his sword! Moreover, it has also reduced the pollution in Hua Nation by 10%."

Pardon: [One Slash!]

Zhao Dahai: [Hua kung fu! Sam is so funny.]

Are You Happy: [That's right! Sam, Hua kung fu is just that powerful!]

You'll Be Cold Without My Embrace: [Want to take God Lin as your master? You're still far from it.]

Clear as Day: [Sam, aren't you going to keep kneeling? Hahaha!]

...

In a luxurious manor in Bai Nation.

The Gilbeven family was sitting in the luxurious living room, staring at the screen without blinking.

When Sam Gilbeven was drenched in sweat, the whole family was heartbroken.

When Sam accidentally fell to the ground, the whole family felt the same way and almost cried.

When Sam was being chased by the Megalodon Lion, the whole family burst into tears. It was as if they had been eaten by the Megalodon.

"Why does our Sam have to suffer so much?"

"Why was he chosen?"

"God, what did we do wrong?"

"Please God, don't let anything happen to him."

...

It was not until Lin Fan appeared and killed the Megalodon Lion that the Gilbeven family stopped crying and started shouting excitedly.

"That's great!"

"Thank you, Hua Nation's Lin!"

"Thank you, Hua Nation's Lin!"

"Hua Nation! I have to go to Hua Nation now to thank Lin's family."

"Sam will be Lin's disciple in the future. Let's go visit his family!"

The Gilbeven family left immediately. They took a luxury plane and flew straight to Hua Nation.  
*nOVelnext.COM*

On the same day, the news of the richest family in Bai Nation heading to Hua Nation made the headlines of international financial news.

When they arrived at Jiangbei International Airport, they were immediately interviewed by many media outlets.

However, the Gilbevans did not have any intention of being interviewed.

They boarded the Rolls-Royce motorcade and headed straight for Qing City. I think you should take a look at

At this moment, Lin Tao, Dai Weixue, and Lin Xiaoyao were sitting in front of the television as usual, watching the live broadcast seriously.

At this moment, there was a light knock on the door.

Dai Weixue replied, "Coming!"

When the door opened, there were many foreigners in white clothes with brown skin.

This made Dai Weixue a little confused.

What was going on?

Why were there so many foreigners here?

At this moment, a bearded Gilbeven family member said excitedly, "You're... Grandma, right?"

Grandma?

Dai Weixue's forehead creased.

Grandma?

Did she look that old?

"Hello, Grandma," the person from earlier said seriously.

Then, everyone said in unison, "Hello, Grandma."

Dai Weixue's forehead creased even more.

Lin Tao, who was watching the live broadcast in the living room, heard the sound at the door and asked, "What happened?"

As he spoke, he slowly left the sofa and came to the door.

"Hello, Grandpa!"

Then, everyone shouted in unison, "Hello, Grandpa!"

Dai Weixue's and Lin Tao's faces darkened.

Lin Xiaoyao, who was originally focused on watching the live broadcast, walked out of curiosity.

"Hello, Aunt!"

Dai Weixue, Lin Tao, and Lin Xiaoyao were all speechless.

Were they that old?

After a while, Lin Tao suppressed the urge to hit them and asked, "My foreign friends, are you mistaken?"

"You're God Lin's father, aren't you?"

Lin Tao nodded.

"That's right!" Dean Gilbeven said happily. "I'm Sam Gilbeven's father. This is his mother..."

Dean Gilbeven introduced them one by one.

Then, he said, "We and Sam want to worship God Lin as our master. So, from now on, you're our grandpa, grandma, and aunt!"

When Lin Tao, Dai Weixue, and Lin Xiaoyao heard this, their mouths twitched.

When they watched the live broadcast earlier, they thought that Sam was very interesting, and they thought that his family must be very interesting too.

Now, it seemed that this had nothing to do with being interesting!

At this moment, there was the sound of footsteps outside.

Then, a middle-aged man in a white shirt strode over.

When he saw the Gilbeven family, he smiled and said, "Welcome to Qing City, Gilbeven family. I'm the leader of Qing City, Zhao Jiaqi."

Earlier, Dean Gilbeven had been speaking in a servile manner.

At this moment, he straightened his back and said, "Oh, it's the big leader. Hello."

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

### Chapter 594 Master; Immortal Technique! (2)

"Qing City is a good place. It raised my master, Lin Fan, and my grandfather, grandmother, and aunt. I'm willing to invest 100 billion yuan in Qing City."

When they heard the first half of the sentence, the foreheads of Lin Tao, Dai Weixue, and Lin Xiaoyao creased again.

When they heard the second half of the sentence, their hearts skipped a beat.  
100 billion yuan investment?

Who was this simple-looking foreigner in front of them?

"Thank you," Zhao Jiaqi said excitedly. "I thank you on behalf of all the citizens of Qing City. Thank you, Gilbeven family!"

Dean Gilbeven waved his hand. "No need to thank me. If you want to thank someone, thank my master, Lin Fan."

"Yes, yes, yes. Thank you, Lin Fan! Thank you, Lin Fan!" Zhao Jiaqi said.

He was absolutely sincere in saying thank you.

Firstly, a few months ago, Lin Fan had already pulled in many big projects for Qing City, including the airport.

Secondly, Lin Fan solved a few math problems and invented the earthquake prediction device, carbon-based photolithographic machine, super batteries, artificial limbs, and controllable nuclear fusion. He had also won four Nobel Prizes.

Thirdly, Lin Fan was Hua Nation's hope, Hua Nation's hero!

And now, because of Lin Fan, Qing City was going to receive 100 billion from Bai Nation's Gilbeven family!

How could he not thank him?

At this moment, Lin Xiaoyao could not help but say, "Uhh... What does your family do? Is it very profitable?"

Dean Gilbeven immediately put on a humble smile and said, "My family owns an oil company, a few hotels, a supermarket, and a few real estate companies in Bai Nation. We can earn tens of billions of yuan a year."

Lin Xiaoyao's mouth immediately turned into an 'O' shape.

...

Naturally, Lin Fan did not know that he had caused a small commotion in reality after saving a foreigner.

Of course, even if he knew, he probably would not care.

100 billion yuan investment... In the eyes of others, that may be a lot.

Earning tens of billions every year was even more unimaginable.

However, 100 billion was nothing to Lin Fan.

The money that Lin Fan was earning every month was probably more than tens of billions.

At this moment, Lin Fan, the Heavenly Hound, and Sam were moving forward in the wilderness.

The sun slowly set, exerting all its strength to release its last rays of light.

Lin Fan looked at the forest not far away and said, "Let's rest there today."

"Yes, Master!" Sam replied.

Lin Fan shook his head.

He had told him many times not to call him Master.

However, Sam continued to call him that.

Now, Lin Fan could not be bothered to correct him.

After a while, they arrived under a big tree.

Sam quickly opened his empty backpack and took out a can of beef. "Master, please eat."

Seeing this...

Lin Fan nodded in his heart.

One had to know that they were not on Earth now, but in a desolate and uninhabited foreign world.

Lin Fan did not lack food.

However, for Sam, a can of beef was definitely the most precious thing on him.

This could save lives!

However, Lin Fan did not say anything.

The Heavenly Hound did not make any noise either. It lowered its head and walked into the distance.

It did not take long for a giant rabbit to be brought back.

Lin Fan took out a knife and started to cut.

The Heavenly Hound was very familiar with the process, and it brought over a bunch of dead wood from afar.

Seeing this...

Sam was stunned.

If he had not brought a lot of compressed biscuits and canned food, Sam would have already starved to death.

He had also thought of capturing rabbits and birds from the Otherworld to eat meat.

However, he had never succeeded.

What was the situation now?

An animal that looked like a dog or a wolf had actually brought back a one-meter-tall rabbit.

Moreover, he was still eating firewood?

This...

It was hard to understand. Was he dreaming again?

At this moment, Lin Fan said, "Do you want to eat meat later?"

Sam nodded reflexively.

Lin Fan said, "Then let's go with the Heavenly Hound and get some firewood."

"Oh, oh... Alright," Sam said.

Although the Heavenly Hound was powerful, its size was not suitable for picking up firewood.

Sam was the exact opposite.

Helping each other in pairs could have a miraculous effect.

Soon, a large pile of firewood was placed beside the big tree.

Lin Fan skewered the meat and smeared all sorts of seasonings on it.

"Fire!" Lin Fan said.

The Heavenly Hound spat out a ball of flames, and the withered branches immediately burst into flames.

Seeing this...

Sam's eyes widened in shock.

The Heavenly Hound... could spit fire?

However, his shock did not last for long before he was attracted by the rich fragrance of meat.

Sam's saliva involuntarily flowed down the corner of his mouth.

How long?

How long had it been since he last smelled this fragrance?

Lin Fan looked at the golden skin and said, "It's almost done."

As soon as he finished speaking, he gave the Heavenly Hound a large piece of meat. *nOveLnExt.Com*

The Heavenly Hound did not hold back at all. It immediately began to eat heartily, its tail wagging non-stop.

Then, Lin Fan tore another piece of meat and handed it to Sam. "Eat."

Sam swallowed his saliva and said excitedly, "Thank you, Master."

Then, he could not wait any longer and stuffed the meat into his mouth.

Lin Fan looked at the Heavenly Hound and then at Sam. He smiled and shook his head.

With two people eating beside him, it seemed that it was easy to affect his appetite.

Today, Lin Fan ate more than usual.

After eating his fill, Sam's face was filled with satisfaction.

Then, he took out a woolen blanket from his bag and handed it to Lin Fan. "Master, here's your blanket."

Lin Fan nodded his head.

However, he still waved his hand and said, "Use it yourself."

As soon as he finished speaking, his mind moved slightly.

Two sleeping bags appeared in front of him. "Use this sleeping bag at night."

Seeing this...

Sam was stunned again.

A sleeping bag?

He had been with Lin Fan the whole time and was very sure that Lin Fan did not have a big backpack.

He did not even have a small backpack, let alone a big one.

Where did these two sleeping bags come from?

Then, Sam seemed to have thought of something and said excitedly, "Master, is this Hua Nation's immortal technique? Is that right?"

"Hua Nation's immortal technique!"

As he spoke, Sam stood up and started dancing again.

Lin Fan's lips twitched.

He respected his master and had a good heart.

Unfortunately, his brain was not very good.

Lin Fan shook his head. He got up and prepared to draw a circle around him as his sleeping spot.

However, just as Lin Fan took two steps...

A clear notification rang out in his mind.

[Ding! You've taken 300,000 steps in the Otherworld. You've obtained the Eye of Disaster Luck.]

Seeing this...

Lin Fan's expression changed slightly as he placed his attention on the Eye of Disaster Luck.

[Eye of Disaster Luck: You can see the disaster or luck of the other party. Black, purple, gray, white, yellow, red, and gold represent the level of the other party's disaster and luck. Among them, black is the disaster of death, and gold is the luck of miracles. You can easily see the other party's disasters and luck, and you can display even more charm.]

Instantly, Lin Fan felt his eyes go cold. It was a very comfortable feeling.

Then, Lin Fan raised his head and looked at Sam who was beside him. He saw that there was a ball of red light above his head.

It seemed like... the other party's luck was pretty good in the future.

Then, Lin Fan looked at the Heavenly Hound that was lying on the ground. He also saw a red glow on its head.

It seemed like... the Heavenly Hound's luck was pretty good too.

The Eye of Disaster Luck was not a bad ability.

Lin Fan's lips curled up, and his mood became even better.

Then, he drew a circle of about 200 square meters around him.

[Skill: Draw a Circle as Your Home!]

Instantly, the cool breeze in the mountain forest at night and the noisy cries of beasts in the distance disappeared without a trace.

Sam had not been sleeping well recently.

Firstly, it was because the place was empty and cold.

Secondly, it was because of the noise.

At this moment, all these unfavorable factors disappeared?

"I'm not cold anymore!" Sam said excitedly.

"There's no noise!

"It's so comfortable!"

He quickly attributed this strange change to Lin Fan and said excitedly,

"Master, it's you. You used an immortal technique again, right?"

"Master, you're amazing!"

Thus, Sam started dancing again.

### Chapter 595 Singing; Making A Move!

nOVelnext.COM

For the next few days, Lin Fan continued to walk and look at the scenery. At night, he ate meat and slept. His days were very relaxed.

This kind of life even made the originally thin Sam's face gradually round in the wilderness of the Otherworld. It was really different.

...

There were more than ten chosen ones in Nashland, and Augustus was one of them.

Augustus was a veteran outdoor explorer.

After many people entered the Otherworld, they would start to starve after they finished their food.

However, Augustus used his extraordinary outdoor exploration ability to lead a comfortable life.

Not long ago, when he encountered a level-two Armored Rhinoceros, he even made use of the terrain...It was cleverly killed, which increased the air quality in Nashland by 10%.

As for himself, he received 20 points of Constitution.

Augustus felt a little smug.

Augustus believed that he was chosen because of God's approval.

Today, Augustus was as usual. After he woke up, he continued to move forward into the unknown.

As he walked forward, he kept making introductions and sighing from time to time.

"Look... This tree is simply too thick and too long! If it was on Earth, this kind of tree would probably only be seen in the Amazon forest. However, it can be seen everywhere here! This is unbelievable!

"What did I just see? This flower is so big, huh? It's very fragrant and even has a hint of sweetness."

...

Augustus knew that his life in the Otherworld would be broadcasted live on Earth.

This was a good opportunity to show off.

He might even gain countless fans.

As a veteran outdoor explorer, he knew very well that fans represented endless benefits.

...

Augustus's prediction was not wrong.

With his explanation and his wonderful performance in the Otherworld, he seemed to be marching toward being the most popular hero in Nashland.

Every day, countless people would come to watch his live broadcast.

At this moment, Nashland was broadcasting live.

The tall and thin host held the microphone and said excitedly, "Look! Our hero Augustus has begun his adventure again. Let's see what he'll encounter in the Other world today.]

Jani: [Augustus is still so powerful!]

Kukenvito: [Others treat the Otherworld as hell, but our Augustus is like an amusement park!]

TN: [Augustus is a true hero and Earth's greatest hope!]

SSSSSS: [Augustus, charge!]

FFFF: [Not only is he powerful, but he's also very gentle... Augustus, I love you!]

...

Just as Augustus was silently introducing, a dull voice suddenly sounded in the distance.

In the next moment...

A three-meter-tall rhinoceros with sharp horns slowly poked its head out from the forest in the distance.

A cold light flickered in the rhinoceros' eyes, and it emitted a terrifying aura.

If it was an ordinary Earthling, they would have been so scared that their legs would have gone weak and they would have turned around and fled without hesitation.

However, Augustus' eyes lit up.

He was not afraid and said, "Look, what did I see?" Another rhinoceros monster!

"Last time, because the cliff was too high, I couldn't eat meat. This time, my physique has increased, so there shouldn't be any problems!

"The size of this rhinoceros monster is probably enough for me to eat for a month... I'll tell everyone how it tastes after I taste it."

The rhinoceros seemed to have been provoked by Augustus' words and roared at the sky.

Then, it exerted strength in its four limbs and rushed toward him.

Fierce!

It looked like a speeding truck, extremely terrifying.

Augustus' heart skipped a beat.

Obviously, he did not expect the rhinoceros to have such speed.

However, after using 20 points of Constitution, his speed and strength had been greatly improved. I think you should take a look at [panidasnovel.com](http://panidasnovel.com)

It was not a problem for him to dodge the impact.

...

In Nashland's live broadcast room.

"What did we just see?" the lanky host asked excitedly. "Augustus has encountered another rhinoceros monster! Haha! Let's look forward to his exciting performance!"

JJ: [Great, Augustus has finally encountered another monster!]

Ken Rene: [I still remember the battle between Augustus and the Armored Rhinoceros clearly. It was so exciting!]

MMM: [Augustus, you can do it!]

Home: [This rhino is unlucky to have met Augustus.]

H: [Go, go, go!]

...

pandasnovel.com Augustus was indeed charging forward.

The speed of the rhinoceros was beyond his imagination, and it almost hit him several times.

Gradually, Augustus' forehead was covered in sweat.

...

At this moment, Lin Fan, the Heavenly Hound, and Sam were still strolling in the wilderness.

"Master, are you bored?" Sam asked. "Why don't I sing a song for you to relieve your boredom?"

"You can sing?" Lin Fan was surprised.

"Yes!" Sam said seriously. "My singing teacher said that I have a talent for singing. Oh right, I can also sing Hua songs."

Lin Fan nodded and said, "Alright, then you can sing."

Sam happily said, "Okay!"

"Two lions, two lions, running fast, running fast, one has no eyes, one has no tail, how strange, how strange..."

This was originally a lively children's song, but he used a very bold voice.

At the same time, he was extremely serious and iron-blooded.

It was as if he was singing a battle song on the battlefield, and it looked very out of place.

"Master, how was my singing?" Sam asked.

As he spoke, he fixed his gaze on Lin Fan. His eyes were filled with anticipation.

Lin Fan looked at him and said, "You sang very well. Don't sing again in the future."

"Huh?" Sam was stunned.

He was about to ask.

Why did he tell him not to sing anymore if he sang well?

At this moment, a loud sound came from afar, attracting their attention.

In the next moment...

A huge horned rhinoceros appeared in their field of vision.

In front of the rhinoceros was a white-skinned man who was constantly fleeing.

It was Augustus!

"Master, there's someone being chased by a rhinoceros over there. It's about to catch up!" Sam hurriedly said.

In fact, even without Sam saying anything, Lin Fan had already noticed it.

Moreover, he could also calculate that according to that man's current state, in one minute...

Augustus was about to be sent flying by the rhinoceros.

At this moment, Augustus accidentally kicked a rock, and his entire body seemed to be on the verge of falling down.

The rhino seized the opportunity and charged at him.

Seeing this...

Lin Fan pulled out his sword.

[Sword 1: Draw the sword and slash the heavens!]

With a flash of light, the head of the rhinoceros fell heavily to the ground like a huge rock, making a muffled sound.

Fresh blood spurted out!

Mr. Huang: [Ahhh! I'm so angry! I just went to take a look at Nashland's live broadcast room. Many of them said that God Lin is a thief!]

Great Fortune: [Thief? F\*ck! Don't they have any shame?]

No Fragrance: [Are they blind? Didn't you see that fair-skinned man in such a sorry state?]

Heart Cultivation: [Such a heartless person will definitely not have a good ending. Just watch!]

### Chapter 596 Blame; Wolf-Hearted

The entire space was instantly filled with the thick smell of blood.

Then, an emotionless voice rang out.

[First to kill a level-two Unicorn Rhinoceros. You've been rewarded with a level-two treasure chest.]

[First to kill a level-two Unicorn Rhinoceros. Air quality in Hua Nation has improved by 10%.]

"Kung fu!" Sam shouted excitedly.

"Hua kung fu!"

Sam held the hilt of his sword and kept making sword movements. He also made sound effects with his mouth, which was very funny.

"Master, what move is this? It's too powerful!" *NOVELnext.COM*

"Can I learn this move?"

"How long will it take to do what you did?"

"Master, when did you start practicing?"

"Master..."

Sam was so excited that he asked a few questions.

Initially, Lin Fan had wanted to reply.

In the end, he chose to give up.

Lin Fan did not know if Sam would ask more questions after he answered one.

That would be too noisy.

Lin Fan opened the treasure chest.

"20 points of Constitution. Do you want to use them?"

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, you've received a special red packet—200 Constitution points.]

Lin Fan's muscles moved slightly, and his strength increased slightly.

He then glanced at Sam and said, "Put your hand on this ball of light."

20 points of Constitution was useless to Lin Fan, and they were not very useful to the Heavenly Hound either.

He might as well give them to Sam.

This way, his efficiency of collecting firewood at night should be much faster.

Sam had no idea what 20 Constitution points were.

He could not watch the live broadcast and had never killed a ferocious beast before.

However, he had always listened to Lin Fan.

Therefore, without any hesitation, he reached out and touched the ball of light.

Instantly, Sam's power skyrocketed.

He looked at his muscles, which had clearly become thicker, and his face was filled with disbelief.

Then, Sam said excitedly, "Strength imparting? This is strength imparting, right?"

"Thank you, Master!"

"Master, you're finally willing to take me as your disciple."

After saying that, he directly knelt on the ground.

Lin Fan looked at his excited expression and suddenly wondered if he had made a mistake by giving Sam 20 Constitution points.

Lin Fan sighed. "This isn't imparting strength, nor am I taking you in as a disciple. This is just a reward for killing a beast in the Otherworld."

"Get up first."

Sam acted as if he did not hear the words and just said, "Yes, Master."

At this moment, Augustus, who had almost fallen to the ground, finally came back to his senses after panting heavily.

He wiped the sweat off his forehead and thought back to his previous sorry state. It must have been broadcasted live.

No!

He had to think of a way to turn things around. Otherwise, his image would plummet and he would lose a large number of fans.

Thinking of this, Augustus shouted at Lin Fan in English, "Who told you to attack? Mind your own business!"

Lin Fan's brows twitched slightly as a cold look flashed across his face.

Sam immediately shouted back in English, "What did you say? My master saw that you were being chased, so he saved you. Instead of thanking him properly, you actually insulted my master? Who gave you the guts?"

"Save me?" Augustus did not back down. "Who needed him to save me? I was just playing with this rhinoceros, just like a cat playing with a mouse!"

"If I wanted to kill it, I could have done it easily!"

"The reward for killing him should belong to me! I think you should take a look at [pa11dasnovel.com](http://pa11dasnovel.com)

"The air quality in my country should be improved by 10%!"

Augustus' tone became even more arrogant.

These words were originally meant to deceive the audience watching the live broadcast.

However, at this moment, it was as if he had chosen to believe them himself.

Lin Fan's face turned even colder.

A cat playing with a mouse?

Ridiculous!

At this moment, Lin Fan suddenly realized that Augustus' head was completely enveloped by a black aura.

Death was about to descend!

The rage and anger in Lin Fan's heart dissipated instantly.

After all, there was no need for him to be angry at someone who was about to die.

So, Lin Fan said to the Heavenly Hound and Sam, "Let's go."

As he spoke, he walked forward.

Seeing that Lin Fan was about to leave, Sam did not say anything else and quickly followed.

Augustus clamored. "What? You're leaving after snatching someone else's things?"

When Lin Fan heard that, he slowly stopped. His cold eyes swept over.

If he said one more word, Lin Fan would not mind bringing his misfortune forward!

For some reason...

At this moment...

Augustus felt as if he had fallen into an abyss. His entire body trembled, and he was so scared that he did not dare to say anything else.

Seeing this...

Lin Fan slowly turned around and continued walking forward.

After Lin Fan had walked far away, Augustus heaved out a sigh of relief.

At this moment, he realized that his entire body was completely soaked in sweat.

Augustus muttered in his heart, 'He... Who is he?'

...

In Nashland's live broadcast room.

Carl: [So Augustus was toying with the Unicorn Rhinoceros. I knew it.]

Fendi Gaia: [Augustus is simply an excellent actor. He's my idol!]

YY: [Augustus is right! The reward for this Unicorn rhinoceros should've belonged to him. The air quality in our country should've been improved by 10%! Damn it!]

Mi Ke Lan: [That person seems to be Lin Fan. He's called God Lin.]

παΠdasNovel.com Red: [What God Lin? He only relied on luck to kill two ferocious beasts and accumulate strength in the early stages. How could he be as powerful as Augustus?!]

Xiongya: [If Augustus had killed the beast this time and obtained 20 Constitution points, he would definitely not be inferior to Lin Fan! Damn it!]

Gene: [Lin Fan's a thief!]

Michit: [That's right! Thief!]

...

In Hua Nation's live broadcast room.

"What?!" Xiao Bing said angrily. "God Lin saved him, but he's blaming Professor Lin instead!"

As a host, she should not bring in her personal emotions.

However, at this moment, Xiao Bing was a little unable to control herself.

The bullet comments in the live broadcast room covered the entire screen like a heavy downpour.

Water: [F\*ck! That fair-skinned person is so inhuman!]

Men Don't Cry: [Damn it, he was clearly about to be hit by the rhinoceros before God Lin attacked. Yet he still said he was just playing around. Don't be shameless!]

### Chapter 597 Bad Luck

Hua Nation, Qing City.

At first, Sam did not know what 20 Constitution points meant.

However, the Gilbeven family knew everything.

When they saw that Sam had gained 20 Constitution points, they all shouted excitedly.

"Superman! Sam has also become Superman!"

"God bless us!"

"Thank you, Master!"

"Master isn't on Earth," Dean Gilbeven said. "Let's go thank Grandpa, Grandma, and Aunt!"

Thus, the Gilbevan family went to Lin Fan's house and called Lin Tao, Dai Weixue, and Lin Xiaoyao, Grandpa, Grandma, and Aunt respectively non-stop.

...

Just as Lin Fan had expected, after Sam obtained 20 points of Constitution, his efficiency in picking up branches had indeed increased.

They had barbecue earlier than usual today.

In the blink of an eye, it was the next day.

The breeze was gentle, and the sky was clear.

Lin Fan, the Heavenly Hound, and Sam stepped onto the road ahead.

Not long after, Lin Fan heard a clear notification in his mind.

[Ding! You've spent 312 hours in the Otherworld. You've received 300 points of spiritual energy.]

Lin Fan felt his head clear up. He was used to this feeling.

Therefore, he did not reveal a strange expression and continued to move forward unhurriedly.

...

On the other hand...

Augustus came to a forest. There were shrubs, tall trees, and vines... This was a primeval forest.

He sighed as he walked.

"Oh! This tree trunk is so thick!"

"There are also vines. They're so sturdy! I dare to guarantee that this is definitely comparable to the iron chains on Earth. It's really hard to imagine how they grew.

"Looking at these vines, I suddenly think of King Kong from the movies!

"Just like this..."

As Augustus spoke, he grabbed a vine and swung forward, directly reaching another vine... He swung from one vine to another, moving forward continuously.

In Nashland's live broadcast room.

"Look at what our hero Augustus is doing!" the host exclaimed excitedly. "It's so amazing! He's simply a real-life version of a superhero!"

YA: [The two vines are so far apart, but Augustus can actually move freely!]

MAKE: [Augustus is indeed a superhero. He's so handsome!]

Julie: [Augustus, you're the best. I love you!]

...

Augustus' popularity increased once again.

McJay: [Hey you guys, look. Isn't there something in front?]

Carol: [It seems... like it.]

...

In the Otherworld.

In the forest, a large group of birds seemed to be frightened and fled into the distance.

In the next moment...

A giant gorilla that was about five meters tall and the size of a mountain appeared in Augustus' field of vision.

The gorilla was grabbing the vines and moving forward at an extremely fast speed. It would occasionally let out a loud roar.

Augustus instinctively felt his heart palpitate. He hurriedly turned around and fled into the distance.

However, the gorilla was too fast on the vines.

In just an instant, it had already caught up.

The gorilla reached out with its huge claws and easily grabbed Augustus in its hand as if it was pinching a bug.

Augustus used all his strength to struggle, but it was as if he was being held by an iron hoop. It was useless.

He looked at the gorilla's sharp teeth.

Terror and fear engulfed his entire body. He was completely soaked in sweat.

His body and even his soul started to tremble.

"Help!

"Someone save me!"

Perhaps Augustus' call for help had worked. I think you should take a look at [panDasnovel.com](http://panDasnovel.com)

Not far away, a tall figure, a dog, and a brown-skinned man slowly walked over.

It was Lin Fan, the Heavenly Hound, and Sam!

Augustus thought back to how Lin Fan had killed the Unicorn Rhinoceros not too long ago. It was as if he had seen his savior as he shouted, "Help!

"I've been captured. Come and save me.

"Save me."

He was afraid that Lin Fan did not understand. In the end, he even used very bad Hua language to call out, "Save... Save... me..."  
*nOVelnext.COM*

Sam felt the terrifying aura of the gorilla, and his heart palpitated.

He was a little surprised. "Master, it's that person from yesterday."

In fact, he was not the only one surprised. Lin Fan was surprised as well.

Lin Fan had already seen the black aura above Augustus' head yesterday. He knew that Augustus would have a fatal misfortune. However, he did not expect that this misfortune would appear right in front of him.

Lin Fan did not seem to see or hear anything. His footsteps did not slow down or speed up.

Augustus shouted again, "Please, save me!"

Perhaps Augustus' voice had disturbed the gorilla. It frowned in displeasure.

Then, he clenched his fist.

"Ah!"

The terrifying power broke Augustus' bones, and his body felt like it was about to explode. The pain was extreme.

Explosion?

That was right!

It was an explosion!

The gorilla exerted force again.

In the next moment, Augustus exploded like a watermelon.

Blood and minced meat flew everywhere.

Then, the gorilla stuffed the remaining flesh in its hand into its mouth.

It was ferocious and terrifying.

Lin Fan's spiritual energy had long been raised to a terrifying state.

paπdasNovel.com He did not care about this.

Sam's face turned pale, and he almost vomited.

After the gorilla ate Augustus, it seemed to think that the taste was not bad.

A pair of scarlet eyes landed on Lin Fan and Sam.

A ferocious expression appeared on the gorilla's dark face.

Then, like a speeding truck, it rushed toward Lin Fan and Sam. It was as if it wanted to knock the two of them away in one go.

As the gorilla ran, the entire forest seemed to jump.

Lin Fan continued walking forward as if he did not see or hear anything.

100 meters.

90 meters.

80 meters.

...

In the blink of an eye, the gorilla was only ten meters away from Lin Fan.

Ten meters seemed very far.

However, one had to know...

The gorilla was five meters tall!

It was not an exaggeration to say that this distance was close.

Lin Fan could even feel the wild wind that the gorilla created as it ran.

Sam was so scared that he collapsed to the ground.

This was not because he was timid, but because it was an instinctive reaction.

At this moment, Lin Fan made his move!

He slowly waved his right hand and pulled out the Star Meteorite Sword.

[Sword 1—draw the sword and slash the sky!]

The dazzling sword light drew a beautiful arc in the air.

The gorilla, which was originally running at high speed, suddenly stopped as if it had braked.

The next moment, the gorilla's huge body was split into two from the middle.

The two halves of his body fell to the ground like a huge rock, stirring up dust.

Blood spurted out like a fountain!

### Chapter 598 Killer; Strange Mangroves!

The entire forest was dead silent!

At the same time, several emotionless voices rang out in the forest.

[Augustus, the chosen one, has died. Nashland's desert area has increased by 50%.]

[First to kill a level-five King Kong. You've obtained a level-five treasure chest.]

[First to kill a level-five King Kong. Hua Nation's mines have increased by 50%.]

...

In Nashland's live broadcast room.

The host looked at the live broadcast with his mouth half open. He was completely stunned.

The death of Augustus was simply too tragic.

After a long while, the host let out a sound of disbelief.

pandasNovel com "Oh... Augustus is dead..."

As the host's voice fell, bullet comments finally appeared in the silent live broadcast room.

Neil: [No! This is not true!]

Colombus: [How could Augustus die?!]

Morris: [Fake! This is fake!]

Clint: [Heavens! Suddenly, a wisp of black gas was emitted from the Void Gate above the city. Then, the entire city turned into a desert!]

Austin: [Desert... It's true. Augustus is really dead.]

Francois: [That Lin Fan could have saved Augustus, but he didn't do anything. He's a murderer! A detestable murderer!]

Davidson: [Yes! Murderer!]

Hubert: [We must punish Lin Fan severely.]

Jax: [Punish the murderer Lin Fan!]

...

In Hua Nation's live broadcast room.

Xiao Bing was also shocked by Augustus's miserable state.

However, she was soon happy because Hua Nation's mines had increased by 50%.

"Thank you, Professor Lin." Xiao Bing said. "You killed another ferocious beast and increased Hua Nation's mines by 50%! Thank you!"

Sorrow: [God Lin is awesome!]

Shadowless: [Awesome sword skill! In anime, there's a One-Punch Man. Any enemy would be killed with a single punch. God Lin is One-Sword Superman. No matter how powerful a ferocious beast was, it'll be killed with a single sword move!]

Attempting to Redeem: [God Lin is so awesome!]

Unrivaled World: [The mines in our country has increased by 50%. In the future, our country is destined to become more and more powerful!]

Flower in the Wind: [The people from Nashland seem to be saying that they'll punish God Lin severely. They even said that God Lin is a murderer.]

Ryoko Redaka: [Murderer? Punish? Pah!]

Motoboy: [What do they mean God Lin didn't save him? Putting aside the fact that God Lin wouldn't be able to save him in time, even if God Lin did save him, Augustus would probably say, "Who told you to save me? I was just playing with the King Kong, like a cat playing with a mouse.]

Han: [If you ask me, Augustus deserved it!]

New: [God Lin did the right thing!]

Feng Family: [Murderer? Did God Lin kill him? What a joke!]

I Like You Every Day: [There are more and more people scolding God Lin in Nashland's live broadcast room. Is there anyone who wants to go there and scold them back with me?]

321: [Yes!]

Hong Tian: [Count me in!]

Nothing Is Difficult in the World: [Me too.]

...

Naturally, Lin Fan did not know that such a small matter had caused a huge war.

Of course, even if he knew, he would not care too much.

He immediately focused his attention on the level-five treasure chest and casually opened it.

[You've obtained Beginner Lightning Control Technique. Do you want to use it?]

At the same time, a crisp notification rang out in Lin Fan's mind. I think you should take a look at [paπdasnovel.com](http://paπdasnovel.com)

[Ding! Congratulations, you've received a special red packet—Advanced Lightning Control Technique.]

Lin Fan's body went numb.

Then, he felt that his power could be easily converted into lightning.

No!

It was not just power that could be converted into lightning.

He even had a very strange feeling. It was as if as long as he willed it, endless divine lightning could descend from the nine heavens!

It was extremely strange.

Lin Fan experienced this special feeling, and his lips curled up. Clearly, he was in a good mood.

He looked at Sam, who was still lying on the ground.

Then, his gaze landed on the Heavenly Hound. He said, "Heavenly Hound, take this Beginner Lightning Control Technique."

When the Heavenly Hound heard this, it slowly stepped forward and placed its paw on the ball of light.

Instantly, the Heavenly Hound's eyes seemed to flash with lightning, and they became even more stern.

...

In the blink of an eye, five days had passed.

In these five days, Lin Fan did not encounter any more ferocious beasts.

However, he had relied on his time in the Otherworld to obtain a total of 600 Constitution points and 800 spiritual energy. He had become even stronger.

Today, Lin Fan, the dog, and Sam were still walking in the wilderness.

In the live broadcast room, Xiao Bing would occasionally explain the environment of the Otherworld.

The audience in the live broadcast room was as large as usual.

From time to time, they would let out a wave of yearning toward the Otherworld and praise Lin Fan.

However, very soon, there were some different discussions.

Flowers Bloom: [Have you heard? Nashland, Eagle Country, Japes, Bear Country, Jia Country... Many heroes from different countries suddenly lost their way and lost their strength when they entered a mangrove forest. Then, something terrible happened.]

Asians: [Something scary? I'll go to the external website to take a look.]

One in Ten Thousand: [It's indeed terrifying! There were many human-faced monsters in the mangrove forest. They liked eating the flesh of the heroes alive.]

Lover: [What?!]

Asians: [Ugh! It's so terrifying! I just went to the internet to take a look... I probably won't be able to eat lunch.]

Youth Won't Come: [After these heroes died, the air quality in many countries declined and pollution increased...]

Ai Debi: [Why are there such terrifying creatures in the Ptherworld?]

Send You Away: [The mangrove forest you mentioned... Could it be the one in front?]

123 Wooden Man: [What? God Lin is about to go there? Don't go! That forest is very strange!]

...

Xia Bing, Xia Xue, Qin Yuxuan, Hu Tian, and the others were all watching the live broadcast attentively.

At the same time, they also learned about the situation in the mangroves.

The women could only pray silently, "Lin Fan, please be fine."

...n0veLnExt.Com

At this moment, Lin Fan, the Heavenly Hound, and Sam were still moving forward.

Sam ate a piece of leftover bird leg meat from last night and said with satisfaction, "How delicious!"

Just as he threw away the bone, he found a mangrove forest not far away. He said in surprise, "Master, there's a mangrove forest over there. Are those maple leaves? I don't think so. Moreover, it doesn't seem to be autumn now.

"Red leaves? Or flowers?"

"But they're so beautiful!" Sam scratched his head. "It would be great if we could have a few beauties beside us. We'd definitely be able to have a wonderful night."

At this point, Sam seemed to have already imagined that scene, and his face was full of yearning.

"Master, are we going to the mangroves?" Sam asked.

Lin Fan said, "Since we're passing by, let's go take a look."

At this moment, the Heavenly Hound, which rarely barked, suddenly roared toward the sky.

Chapter 599 Thunder Calamity; Descent!

Sam looked at the Heavenly Hound curiously.

He naturally could not understand what the Heavenly Hound was saying.

However, Lin Fan understood everything.

"There's the smell of blood!"

The Heavenly Hound would not have cared if it smelled like blood.

After all, the wilderness of the Otherworld was filled with slaughter all the time.

The smell of blood here was probably very strong.

This was the Heavenly Hound's warning. There might be danger inside!

Danger?

Lin Fan did not care at all.

There was even a hint of anticipation.

This meant that there might be powerful monsters inside.

Killing monsters would allow him to gain strength and even skills.

Hence, Lin Fan continued walking forward at a steady pace.

Very soon...

He was about to enter the mangroves.

In Hua Nation's live broadcast room.

Xiao Bing said nervously, "Professor Lin, be careful!"

Spicy Rabbit Head: [God Lin, don't go in.]

Bin Bin: [God Lin, it's dangerous!]

Dejected: [Be careful!]

...

Xia Bing, Xia Xue, Qin Yuxuan, and the others clenched their hands tightly, and their pretty faces became even more nervous.

...

Finally, Lin Fan, Sam, and the Heavenly Hound slowly walked into the mangroves under the watchful eyes of countless people.

The ground of the mangroves was very soft. Walking on it was like stepping on a spring cushion.

"This path is so comfortable," Sam said happily.

Lin Fan frowned.

When he walked into the mangroves, the power in his body seemed to be absorbed by something and was constantly flowing away.

Of course, the speed was very slow.

However, Lin Fan had an extremely strong recovery ability, hence the draining effect was canceled out.

At the same time, he noticed that a dense cluster of red trees had suddenly appeared behind him.

One had to know...

Lin Fan had just walked in. How could there be so many red trees behind him?

Lin Fan muttered in his heart, "This seems interesting."

Thus, he continued walking forward.

In the beginning, Sam would praise the place from time to time, thinking that it was very beautiful. He was very excited.

However, slowly, Sam became like a patient with a high fever. He became very dispirited and swayed, and he was about to fall to the ground at any time.

When a rock appeared in front of him, Sam fell to the ground and could not get up.

Lin Fan and the Heavenly Hound stopped in their tracks.

It was also at this moment that a red three-eyed human-faced monster slowly emerged from behind a red tree. I think you should take a look at [paπdasnovel.com](http://paπdasnovel.com)

No!

It was not just one!

Following that, red monsters with three eyes appeared on the left, right, and front.

The four monsters formed a rectangular shape and surrounded Lin Fan, the Heavenly Hound, and Sam.

Their eyes were filled with scarlet light, and they were extremely terrifying.

The next moment, the four monsters opened their mouths and stretched out their claws that were as sharp as steel blades. They charged toward Lin Fan, the Heavenly Hound, and Sam.

Lin Fan did not move at all, but the Heavenly Hound charged forward.

With a few soft sounds, the four monsters were all broken at the waist, and blood splattered everywhere.

Then, Lin Fan continued walking forward.

The Heavenly Hound held Sam, who had fainted, in its mouth and followed behind.

In Hua Nation's live broadcast room.

"It seems like these monsters can't harm Professor Lin."

Red: [Even God Lin doesn't need to do anything. The Heavenly Hound can deal with them.]

Man in the Wind: [Invincible God Lin!]

Commentator: [They're just monsters. There's no need for God Lin to take action! He's that invincible!]

...

Lin Fan kept moving forward. Every time he walked, a few monsters would appear.

However, they were all killed by the Heavenly Hound easily and did not pose any obstruction to Lin Fan.

About an hour later, the mangroves became denser and denser. The entire world seemed to be completely enveloped in scarlet.

Ghastly and terrifying!

At this moment, a tall mountain suddenly appeared in front of them.

There were many caves around the mountain.

A large number of red monsters gathered in front of the cave.

In front of these monsters were people of all ethnicities.

They... They were all heroes chosen by the various countries.

These heroes had either been cut open or their heads were shattered. They were unrecognizable... All of them had lost all signs of life, and fresh blood flowed freely. It was extremely miserable.

nOVelnext.COM

Among the red monsters, there were some who hugged the heroes' thigh and gnawed on them, some who used their sharp claws to reach into their stomachs to eat their internal organs, and some who grabbed the brain and stuffed it into their mouths...

The air was filled with the nauseating smell of blood.

The entire scene was extremely terrifying!

Lin Fan's originally calm face turned cold instantly.

A ball of raging anger burned wildly.

Even though none of them were Hua people, and it was even possible that some of these heroes were from hostile countries...

However, they were all humans!

A red monster was just about to eat the thigh of the hero in front of it when it was slapped to the side by another red monster.

The red monster seemed to be a little dazed from the beating and shook its head.

It suddenly realized that there was a tall and handsome figure, a dog, and an unconscious man not far away.

Instantly, the monster's eyes turned red. It opened its mouth and drooled.

It was as if... it could already see the beautiful scene of it eating flesh and blood.

The red monster's actions quickly attracted the attention of the other monsters. They raised their heads one after another.

**RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH**

Instantly, all the monsters stared at Lin Fan with their scarlet eyes.

From afar, they looked like ghost lights in the dark night.

They were extremely terrifying!

Moreover, as time passed, the number of ghost lights continued to increase!

The Heavenly Hound opened its mouth and let out a bark. All the fur on its body stood up. It was ready to attack at any moment.

Lin Fan's expression changed from the initial rage to indifference and calmness.

It was the omen of a storm!

Finally, Lin Fan opened his mouth wide and said, "Looks like this is a forest of demons.

"This demon forest should be punished!"

As the sound of Lin Fan's voice faded, a huge bolt of lightning suddenly appeared in the originally clear sky.

The ferocious lightning seemed to have torn countless cracks in the sky.

Suddenly, a strong wind blew.

The branches shook violently, and countless scarlet leaves fell.

Clouds gathered rapidly, covering the sky.

The sky darkened at a speed visible to the naked eye.

This change surprised the red monsters.

They raised their heads and looked around. Their ferocious faces were filled with confusion.

Another burst of terrifying lightning, like countless lightning snakes swimming in the air, completely illuminated the faces of the monsters. It dyed them pale!

Then, the entire sky suddenly fell silent again.

The wind and trees stopped rustling.

"Punish!"

Lin Fan hollered out. His voice was like the words of a god. It was empty, holy, and rippling through the heaven and earth.

In an instant, it was like a huge thunder that split the sky and earth, exploding everyone's ears.

Countless lightning pillars as thick as buckets rained down on the mangroves.

Heavenly punishment descended!

paπdasNovel.com The monsters' scarlet eyes shrank slightly as they hurriedly dodged to the side.

However, it was futile.

Thunderclaps continued, shaking the earth and mountains.

The trees fell, the soil shattered, and the entire world turned pale.

A moment later, the lightning slowly dissipated, adding a touch of color to the pale world.

Threads of tiny lightning snakes were still jumping in the forest.

The dense red forest had already disappeared.

What replaced it was a small forest that was covered in black smoke.

The red monsters all disappeared, as if they had never existed in this world.

Meanwhile, Lin Fan, the Heavenly Hound, and Sam were standing perfectly fine within the charred forest.

The entire world was dead silent!

A breeze blew from afar, blowing two charred trees that had lost their vitality to the ground.

At this moment, an emotionless voice rang out in Lin Fan's ears.

[The first to destroy a level-five forbidden area. You've obtained a level-five treasure chest.]

[The first to destroy a level-five forbidden area. Hua Nation descends into a forbidden area.]

...

In Hua Nation's live broadcast room.

Xiao Bing looked at the sky full of lightning in the live broadcast room, as well as the charred mangroves in the end. She said in a daze, "Just... What just happened?"

Many foreigners were also cheering.

That was because the heroes of their country were among the people who were brutally killed by the monsters in the mangroves.

They had long hated the red monsters to the core.

Now, Lin Fan had helped them take revenge.

...

Xia Bing, Xia Xue, Qin Yuxuan, and the others all heaved a sigh of relief.

Then, a smile appeared on all the women's faces.

Not only was Lin Fan fine, but he had also displayed even greater strength.

He was even safer now.

...

While the audience was discussing, Lin Fan placed his attention in front of him. The mysterious treasure chest was flashing with a strange light.

Then, he slowly opened it.

[You've obtained Beginner Light of Life. Do you want to use it?]

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, you've received a special red packet—Advanced Light of Life.]

Lin Fan's body warmed up.

Then, many life particles appeared in his vision.

Lin Fan had a feeling that as long as he willed it, these life particles would be able to gather and heal the injuries of himself or others.

Lin Fan raised his head slowly and said to the Heavenly Hound, "Go and use the Beginner Light of Life."

The Heavenly Hound had long been envious.

When it heard Lin Fan's words, it did not hesitate any longer and moved its claws over.

Instantly, a faint light wrapped around the Heavenly Hound like a veil and quickly entered its body.

The Heavenly Hound's eyes lit up even more.

Lin Fan was not too bothered by this and turned his gaze to Sam.

He was just about to condense the Light of Life.

At this moment, the Heavenly Hound stretched out its paw and placed it on Sam's body.

A warm light immediately shot out from the hound's paw and entered Sam's body.

Sam's body was covered in light, faintly emitting a holy aura.

When the light disappeared, he opened his eyes.

Sam looked at the charred forest in front of him, which was smoking. He could not help but ask, "M-Master, where are we?"

Then, he seemed to have thought of something and hurriedly said, "Master, where are those monsters? Where are the red-skinned monsters?!"

As he spoke, he suddenly jumped up. He clenched his hands into fists and scanned his surroundings.

It was as if he was on guard against the sudden appearance of a monster.

Clearly, he had completely recovered.

Lin Fan said calmly, "It's fine now. Let's go."

As he spoke, he slowly walked forward.

...

In Hua Nation's live broadcast room.

Ruthless: [What? Mangroves!]

...

They had already seen how terrifying the mangroves were.

Could those monsters be in the mangroves in Yang City?

Would the monsters come out?

This was definitely a very terrifying thing.
