### Chapter 611 Master; Magic?

After Sam used 400 points of spiritual energy...

Originally, many people wanted to take Lin Fan as their master.

At this moment, the number had multiplied.

Someone even created an online discipleship forum, and the number of members reached millions in a day.

Moreover, as time passed, the number continued to grow.

On the other hand, when Sam Gilbevan's family saw that their son had obtained 400 points of spiritual power, they rushed to Lin Fan's house and thanked Lin Tao, Dai Weixue, and Lin Xiaoyao.

Regarding these...

Lin Fan had no idea.

He looked at Abraham, and his eyes moved slightly.

[Skill Replication: Beginner Sound Wave Technique]

Lin Fan felt his throat itch.

Then, he felt that as long as he moved his mind, he could produce a powerful sound wave.

In fact...

It was also because Abraham had the Begginer Sound Wave Technique that he let out a loud cry when his leg was broken that Lin Fan heard it and rushed over.

paπdasNovel.com Abraham said, "Lin Fan, can I come with you?"

Previously, he felt that he could face all kinds of dangers by himself. Then, he continued to become stronger.

However, after experiencing what had just happened, Abraham understood that he might not be able to withstand the danger.

Lin Fan had a good impression of him. Otherwise, he would not have saved him.

In addition, Sam was already beside him, so it was fine to add another person.

Thus, he nodded and said, "Sure."

"Thank you!" Abraham said happily.

The three of them and the dog once again set foot on the road ahead.

Beads of sweat rolled down Abraham's forehead.

His lips were dry and cracked, and his head was a little dizzy.

He looked at Sam and Lin Fan. He asked, "You... Do you guys want to pee?"

Lin Fan shook his head.

Sam said, "If you want to pee, you can pee directly. It won't be broadcasted live.""

Abraham said, "No... No, I'm just a little thirsty."

Sam and Lin Fan were stunned.

*novelNext.com*

Therefore, he asked them if they wanted to pee because he wanted to... drink it?

Lin Fan coughed dryly and said, "Actually, we have water."

Then, he waved his hand and a bottle of mineral water appeared in his hand.

Lin Fan had prepared a lot of water in his internal space. He did not have to worry about drinking at all.

Of course, it did not matter even if they finished it.

Lin Fan had a Advanced Water Control Technique.

He could easily condense the water particles in the air and form an endless amount of water.

Abraham looked at the mineral water in front of him, and his throat became even more dry.

However, he did not immediately grab it. Instead, he said with difficulty, "You... You guys drink first."

It had to be said that Abraham was a good person.

Even though he was thirsty, he wanted others to drink first.

Lin Fan said, "It's okay. You can drink. We still have a lot."

As soon as he finished speaking, his mind moved again.

Then, two new bottles of mineral water appeared in his hands.

Abraham was dumbfounded.

What was going on?

Magic?

He did not care too much about it. He picked up the mineral water and gulped it down to his heart's content.

Only then did he say, "L-Lin Fan, do you know magic?"

Lin Fan smiled and shook his head. He did not explain further.

As time passed, the scorching sun finally seemed to have burned out the last of its fuel and began to turn yellow and dim.

The sky gradually darkened. I think you should take a look at [pa1dasnovel.com](http://pa1dasnovel.com)

Abraham took out some minced meat from his dirty backpack and said, "Lin Fan, Sam, eat something."

Even if it was just a bit of minced meat, for people who were walking in the desert, it could save their lives.

At this moment, a large bird that was half the height of a person flew past in the distance with a long shadow.

"The food is here," Lin Fan said.

As if to confirm Lin Fan's words, the bird fell from the sky, unable to move anymore.

Sam was already used to this kind of situation.

Therefore, he appeared very calm.

"A bird!" Abraham said excitedly. "A big bird fell from the sky!"

"We're so lucky!"

"Unfortunately, there's no firewood here. I'm afraid we'll have to eat it raw."

Even though he was talking about eating it raw, Abraham could not help but swallow his saliva.

As long as he could fill his stomach, eating raw meat was not a problem.

Lin Fan picked up the bird and grabbed it. A knife appeared in his hand.

Soon, the bird's fur was gone.

Then, Lin Fan willed all sorts of seasonings to appear before him.

He smeared them all over the bird meat.

In the next moment, flames appeared out of thin air under the big bird that had been smeared with seasoning.

Seeing this...

Abraham's eyes widened, and he stammered, "Fire...Flames... Flames are burning in the air!"

Then, he said in disbelief, "Lin Fan, you really know magic!"

Sam could not stand it anymore and laughed. "This isn't magic, it's kung fu! Hua kung fu!"

"Hua kung fu?" Abraham was stunned.

"Yes!" Sam nodded vigorously. "Besides, this is nothing to Master. You'll know in the future!"

As he spoke, Sam could not help but look fascinated.

At this moment, a rich fragrance spread out from the big bird's body, and it was very tempting.

Abraham looked at the big golden bird and could not help but swallow.

Lin Fan took the knife and cut a few times before saying, "Yes, almost."

He first cut a piece of meat and put it into his mouth. He muttered, "Sure enough, it's better to roast meat with firewood for that smoky smell."

In fact, this was also the reason why Lin Fan had Sam and the Heavenly Hound collect firewood every day.

Then, Lin Fan said, "You guys eat too."

"Yes, Master," Sam said.

As he spoke, he stepped forward and tore a piece of meat.

The Heavenly Hound bit off one of the bird's legs.

Seeing that everyone was eating, Abraham did not hesitate.

The roasted bird entered Abraham's mouth, and his mouth was filled with the delicious taste.

He sighed sincerely. "It's so delicious!"

Then, he took two big bites.

He sighed again. "I can guarantee it! Even the chefs in the top restaurants in Bear Country would never be able to cook such delicious meat!"

"It's so delicious!"

As soon as he finished speaking, he took another bite of the roasted meat.

The grease and juice spurted out.

...

In Hua Nation's live broadcast room.

Xiao Bing said, "It's time for the daily eating broadcast again."

I'm in a Daze With You: [Looking at the white rice in my bowl, I want to say, why wasn't I chosen? I don't want Constitution or spiritual energy points. I just want to eat God Lin roasted meat!]

Crescent Moon: [It looks so good!]

Little Painter: [Master, can I eat your roasted meat just once in the future?]

Punch: [Silently drooling.]

...

As more and more people pined for Lin Fan's roasted meat, someone seemed to have detected a business opportunity. They hurriedly registered the trademark for the names God Lin Barbecue, Lin Fan Barbecue, and so on.

### Chapter 612 Building; Little Thunderclap Monastery!

Naturally, Lin Fan did not know that his name was already affiliated to roasted meat.

After a full meal, the sky turned completely dark.

The hotter the desert was during the day, the colder it would be at night.

In the vast desert, a gust of wind blew, and they trembled.

"There doesn't seem to be any cover nearby," Abraham said.

"Lin Fan, you sleep first. I'll keep watch."

Sleeping in the desert was very dangerous.

Especially the forbidden desert.

No one knew if there would be a sudden sandstorm.

If that happened, all those who were sleeping would probably be buried alive.

No one knew if a terrifying monster would suddenly appear.

In that case, everyone who slept might directly become food.

Therefore, generally speaking, night watch was very necessary.

While others slept, the night watchers had to stay awake in the cold desert.

There was no doubt that the night watchers had a hard time.

However, Abraham took the initiative to embrace it.

"There's no need to keep watch," said Lin Fan.

Then, he stood up and drew a 300-square-meter circle around him.

[Skill: Draw a Circle as Your Home!]

Instantly, the cold wind in the desert seemed to have stopped.

pandasNovel.com The temperature started to rise.

Just as Abraham was confused, Lin Fan took out three sleeping bags.

"Go to sleep."

Abraham widened his eyes again and said in disbelief, "These are... sleeping bags?"

"Oh my god!"

"Where did you get them?"

"Your magic tricks are amazing!"

"This is kung fu!" Sam corrected. "Hua kung fu!"

Lin Fan did not explain further and went into his sleeping bag.

Tonight, he slept very soundly.

The sleeping bag was warm and comfortable, and the desert made the sleeping bag even softer.

...

In the blink of an eye, it was the second day.

The sun seemed to have been fueled up, and soon, the entire desert became extremely hot.

The air... started to twist again.

Lin Fan, the Heavenly Hound, Sam, and Abraham headed into the unknown.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! You've been in the Otherworld for 864 hours. You've obtained 600 Constitution points.]

His strength increased once again.

Three people and a dog walked around during the day, ate meat, and slept at night. They lived a very comfortable life.

...

In the blink of an eye, five days had passed.

In these five days, they had encountered three monsters and Lin Fan had killed them all easily. He had gained 10,000 Constitution points and 6,000 points of spiritual energy.

Every single day, Lin Fan's strength would skyrocket.

...

In Hua Nation's live broadcast room.

Candle in the Wind: [Although I've been looking at the desert for a few days, I don't feel sick of it at all. It's still so beautiful!]

Qingchun: [I think it's beautiful too.]

Tian Tian: [But the desert is so dangerous.]

Shangshan Ruoshui: [It's really dangerous! I just watched other broadcasts. A few heroes from Country F, Country M, and Country A have been eaten by monsters in the desert. It's too terrifying.]

Future: [In the desert, there is nothing but sand... It's too easy for monsters to hide.]

123: [F\*ck! The hero of Franks Nation has just seen a building in the desert. However, before he could enter, he was eaten by a snake.]

Just Love You: [I saw it too!]

Chunchun: [Could it be a mirage?] *novelNext.com*

Feng: [Are you talking about the one in front?]

Sweating: [F\*ck! God Lin has also encountered that building!]

...

Sam, who was walking in the desert, shouted, "Master, there seems to be a building ahead!" I think you should take a look at [pa1dasnovel.com](http://pa1dasnovel.com)

In fact, he did not need to say anything.

Lin Fan had seen it long ago.

However, he did not pay too much attention to it.

Not only did he see it, but he also saw that... the shape of this building was a little like a temple.

"There are buildings in the desert?" Abraham was surprised."

"Could it be a mirage?"

"However, isn't this the Otherworld? There shouldn't be a mirage of such a building, right?"

At this moment, the Heavenly Hound suddenly let out a loud cry.

Lin Fan understood what it meant.

"There's something up ahead!"

In the next moment, a giant golden python that was several meters thick dashed out.

A terrifying baleful aura spread out, causing one's heart to tremble.

Then, the snake opened its ferocious teeth and pounced on everyone, as if it wanted to swallow everyone in one fell swoop.

Regarding this...

Lin Fan did not even lift his eyelids as he pulled out his sword.

A crescent-shaped sword light shot out.

In the next moment...

The head of the golden python fell on the desert with a dull thud like a boulder rolling down a mountain.

Blood spurted out!

No matter how strong a demon was, it would not be able to block any of Lin Fan's attacks.

Then, an emotionless voice sounded.

[The first to kill a level-seven Golden Python. You've obtained a level-seven treasure chest.]

[The first to kill a level-seven Golden Python. You've reduced Hua Nation's pollution by 10%.]

Lin Fan opened the treasure chest.

[600 points of spiritual energy. Do you want to use them?]

A pleasant notification immediately sounded in his mind.

[Ding! Congratulations, you've received 6,000 points of spiritual energy.]

Lin Fan casually threw the ball of light into the Heavenly Hound's body.

Then, the group continued to walk forward.

After a while, they arrived in front of an ancient and dilapidated building.

The building had a shadow.

It was not a mirage!

It was a building that really existed in the desert!

It was simply unbelievable!

Lin Fan raised his head slowly.

The next moment, he was slightly stunned.

That was because there was an ancient plaque hanging above the building.

On the plaque, there were a few traditional Hua characters: [Little Thunderclap Monastery!]

...

In Hua Nation's live broadcast room.

Xiao Bing covered her mouth and said, "Little Thunderclap Monastery? What's going on?"

The comments in the live broadcast room were like a torrential rain that completely filled the entire screen.

Cold Salad: [F\*ck!]

Misaka Mikoto: [F\*ck!]

Shangguan Ming: [F\*ck!]

Speed Examiner: [F\*ck!]

...

After a while, other comments appeared on the screen.

Jiang Chen: [Aren't God Lin and the others in the forbidden area of the Otherworld? Why are there Hua characters?]

Wind's Worry, Cloud's Worry: [Little Thunderclap Monastery? Wasn't this the temple in Journey to the West?]

Red swelling: [Could it be that the Otherworld is the world of the West?]

World Unification: [Hiss! Those mythological stories are about the Otherworld?]

Human Beings Were Originally Good: [F\*ck! If the Otherworld is Journey to the West, then does that mean we weren't reading fairy tales but historical records?]

Faint Tea Fragrance: [If that's the case, do all the people in the myths and legends also exist? There's the grand supreme elder? The Jade Emperor? Even Sun Wukong?]

Hello Tomorrow: [My blood is suddenly boiling!]

Rice Noodle: [Do you think God Lin will meet Buddha in Little Thunderclap Monastery later?]

Honest: [This... That shouldn't be possible, right? Moreover, Little Thunderclap Monastery seemed to be a calamity and trap in Journey to the West.]

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 613 Alive; How Dare?!

Abraham noticed the change in Lin Fan's expression and asked, "You... Do you recognize the words on it?"

"Little Thunderclap Monastery," Lin Fan said.

Ji Erku's eyes lit up when he heard that.

"Monastery? A monastery? The martial arts of the world came from a monastery! Master, are there many powerful martial arts manuals in here?" Sam shouted excitedly.

Lin Fan's lips twitched.

Did Sam use to watch martial arts dramas every day?

Lin Fan shook his head and walked forward.

He was also filled with curiosity toward this Little Thunderclap Monastery.

Generally speaking, a monastery was a place to worship Buddha. It should be majestic and grand.

However, the moment everyone entered the Little Thunderclap Monastery, they felt a gust of cold wind assaulting them, causing them to involuntarily shiver.

The light inside was extremely dim, and if the few of them were far away, they would not even be able to see each other's figures clearly.

The few of them kept moving forward...

Abraham frowned. "There seems to be something ahead."

Everyone continued to walk forward with doubts.

In the next moment, a ten-meter-tall, malevolent-looking statue with ten snake tails appeared in front of them.

There was no Buddha statue in the temple, but there was a statue of a monster. How strange was that?

When he saw the statue, Abraham's heart trembled inexplicably. His hair stood on end.

"I don't know what's going on, but my heart is suddenly palpitating," he said in a low voice.

"I..." Sam said in a trembling voice. "Me too."

At this moment, a dull voice suddenly sounded in the darkness.

Sam said in fear, "What... What's that sound?"

The Heavenly Hound barked into the darkness.

However, Lin Fan's expression remained calm.

Others could not see the situation in the darkness, but he could.

This was because he possessed Night Vision.

In the next moment, a skinny man slowly appeared in front of everyone.

He was a fair-skinned person. In this dark space, he looked extremely awe-inspiring and strange.

...

In Hua Nation's live broadcast room.

123 Wooden Man: [Isn't this the hero of Franks Nation, Anthony Lawson? He died not long ago!]

Flying Kite in the Sky: [That's right! It's Anthony Lawson! He's a painter, and I've seen his interviews before.]

Heart: [Wasn't he eaten by a snake? Why is he here again?]

Forced by Life: [Could the snake have just swallowed him but didn't digest him?]

Great Great Great: [How is that possible? I saw him get his head bitten by a snake! His limbs were all bitten off! It was very bloody!]

Clear Sky: [This... Could it be a ghost?]

As soon as that person commented that, the comments in the live broadcast room suddenly stopped.

...

When Sam saw that it was a man, he could not help but heave a sigh of relief and said in English, "Hello, I'm Sam from Bai Country. Who are you?"

The man grinned, revealing a set of thick teeth.

The next moment, his mouth opened wide...

His entire mouth actually became several meters in size, and behind it, a snake body that was several meters thick stretched out!

It was actually a giant python!

The python rushed toward Sam, Lin Fan, Abraham, and the Heavenly Hound.

That appearance...

It was as if it wanted to swallow them all in one gulp.

It was ferocious and terrifying!

Sam, Abraham, and the others all turned pale.

Lin Fan pulled out his sword calmly. *NovelNext.com*

A sword light flashed. I think you should take a look at

The thick silver snake body was split into two from the middle.

Lin Fan slashed it with his sword!

Fresh blood flowed freely.

An emotionless voice rang out at the scene.

[The first to kill a level-seven Silver Python. You've obtained a level-seven treasure chest.]

[The first to kill a level-seven Silver Python. The number of endangered animals in Hua Nation has increased by 50%.]

...

In Hua Nation's live broadcast room.

Xiao Bing patted her chest lightly and said, "That scared me to death."

Above the Mountains: [F\*ck! That person is actually Silver Python!]

Wind: [No wonder. I said before that the guy looked like the hero of Franks Nation. So it turns out this is the case.]

Life Essence: [Fortunately, God Lin's reaction was fast enough.]

Sky Lifting Pillar: [God Lin is invincible!]

Swaying Trees: [Hehe, the number of endangered animals has increased by 50% again! Does that mean that I might be able to raise pandas soon? God Lin, keep it up!]

...

Lin Fan opened the treasure chest in front of him.

[You've obtained 500 points of spiritual energy. Do you want to use them?]

At the same time, a clear notification sounded in his mind.

[Ding! Congratulations, you've received a special red packet—5,000 points of spiritual energy.]

Lin Fan turned around and said, "Heavenly Hound, use these 500 points of spiritual energy."

The Heavenly Hound wagged its tail and went forward to touch the ball of light with its paw.

When Lin Fan opened the treasure chest and the Heavenly Hound accepted the 500 points of spiritual energy, no one noticed that the stone floor was like a sponge that quickly sucked in the python's blood.

Soon, there was nothing left.

On the other hand, the black eyes of the huge statue not far away shook slightly. It was very strange.

Then, cracks appeared on the surface of the statue, and dust fell on Sam's head.

He rubbed his head and muttered, "There's so much dust."

The Heavenly Hound, which had just used its spiritual power, suddenly opened its mouth and let out a loud cry.

At the same time, all the fur on its body stood up.

It was ready to fight at any time!

"What's wrong, Heavenly Hound?" Sam asked.

At this moment, the cracking sound became louder and louder.

The stones on the surface of the statue fell down one after another, smashing into the ground with a loud sound.

"Master, this place seems to be collapsing!" Sam cried out in fear.

However, Lin Fan did not seem to hear him at all. He just raised his head and looked ahead.

Sam could not help but raise his head.

In the next moment, Sam's eyes and mouth opened wide. He was completely stunned.

That was because he saw that the giant monster statue in front of them had actually come alive.

After the rocks fell off the surface, the monster revealed its golden skin.

Ten thick snake tails were twisting and turning. On its ferocious head, its sharp eyes were filled with a scarlet light.

Its awe-inspiring and extremely terrifying aura made the air turn cold.

At this moment...

Even the entire space seemed to have been frozen by this terrifying aura. Nothing was able to move at all.

At this moment, the giant monster let out a loud voice.

"How dare you?!"

Its voice was like thunder, exploding everyone's ears.

The entire Small Thunderclap Monastery started shaking.

The monster was actually speaking human language!

Moreover, it was speaking Hua language!

Chapter 614 Resurrected From The Dead; Undying!

In Hua Nation's live broadcast room.

Xiao Bing's eyes widened, and her pretty face was filled with disbelief.

As a result, she did not even explain it immediately.

Void Heart: [F\*ck! That statue is actually alive!]

Midnight: [Also, it can speak Chinese! What's going on?]

Dongfanghong: [Little Thunderclap Monastery, Journey to the West... Is the Otherworld really Journey to the West? Journey to the West is a historical record of the Otherworld!]

Zi Mei: [How scary! That monster is so terrifying! Even through the screen, I'm trembling in fear.]

Demon Scorpion: [This is definitely not an ordinary monster. I hope God Lin can defeat it!]]

...

Xia Bing, Xia Xue, Hu Tian, and the others watched the live broadcast without blinking.

They clenched their small fists and said seriously, "Lin Fan can definitely defeat it!"

Obviously, they were also shocked by the giant monster's aura and felt its terror.

...

In the Otherworld.

"You are the first batch of humans to come before me. It's very rare."

"I haven't spoken to humans for a long time. Logically speaking, I should have a good chat with you guys to relieve my boredom."

"After all, I've been here for too long. It's too boring."

"But you actually killed Little Gold and Little Silver...How dare you?!"

A terrifying gust of cold wind shot out, blowing away all the falling rocks on the ground and smashing them into the wall in the distance. This directly turned them into powder.

At this moment, Lin Fan, who had not spoken for a long time, finally opened his mouth and said indifferently, "Have you heard of this saying?"

"Villains die from talking too much!"

As soon as he finished speaking, Lin Fan pulled out his Star Meteorite Sword.

[Sword 1: Draw the sword and slash the sky!]

A sharp sword light shot out from the sky and slashed at the monster's body.

The sound of metal clashing echoed throughout the scene.

The terrifying sword energy caused the Little Thunderclap Monastery to crack, as if it would collapse at any moment.

A huge wound appeared on the monster's golden skin, and blood splashed everywhere.

However, it did not fall. Instead, it let out a crazy roar.

"How dare you hurt me?!"

The deafening roar caused the entire palace to tremble.

This was the first time Lin Fan had failed to kill an enemy with a single strike.

Then, the ten snake heads behind the monster opened their mouths and gave off a terrifying aura as they bit at Lin Fan.

Their speed was extremely fast and terrifying!

It was ambush from all sides!

Lin Fan's expression did not change at all, and he did not have any intention of dodging.

Dodge?

No!

He directly faced them head-on!

Lin Fan took a step forward and brandished his Star Meteorite Sword.

A mountain-like snake head fell heavily to the ground.

Blood splattered!

Lin Fan took another step forward.

Another snake head fell to the ground.

One step to kill one, ten steps to wipe them out!

At this moment, Lin Fan appeared right in front of the monster.

He raised the Star Meteorite Sword again and said, "Slash!"

[Skill: Sword 8!]

A dazzling sword light gushed out and instantly split the monster in half!

No!

It was not only the monster but even the entire land was split into two from the middle!

Little Thunderclap Monastery... collapsed!

A deep ravine appeared in the earth!

His strength was truly terrifying!

Xiao Bing's mouth was wide open, completely stunned.

Countless comments poured down like a storm.

Sorrow after Habit: [F\*ck!]

Newcomer: [F\*ck!]

Silky Whisper: [F\*ck!]

...

Countless exclamations filled the entire live broadcast room.

After a long time, other comments began to appear.

Banxia Weiyang: [God Lin is so awesome! God Lin! That's right! God Lin must be the Sword God!]

Frost Battle Wolf: [I don't even know what words to use to describe God Lin. I just want to say, he's f\*cking awesome!]

Everyone: [My blood is boiling! No game, movie, or anime can recreate that scene using special effects! Awesome!]

Grand: [God Lin is invincible!]

...*Novel*Next.com

The entire screen was filled with praises for Lin Fan.

Xia Bing, Xia Xue, Hu Tian, and the others stared at the screen.

They thought back to Lin Fan's sword movement, and their breathing started to quicken. Their faces turned red.

This was the person they liked!

Amazing!

...

Among the countless excited comments, there was an inconspicuous comment that was quickly wiped out.

Hmm: [Strange, why hasn't a treasure chest appeared yet?]

...

In the Otherworld...

The monster's body was cut in half, and blood flowed out.

At this moment, a strange scene appeared.

The sand in the distance seemed to be attracted and flew to the middle of the monster's broken body.

Then, the two halves of the monster's body were dragged together and merged.

Furthermore, the monster quickly healed all of its wounds.

The crack in the middle disappeared, and the ten snake heads returned to the monster's body.

It came back to life!

The monster's eyes were bloodshot as it said coldly, "You actually killed me once. Very good!"

Lin Fan said calmly, "What's the use of living?"

As soon as he finished speaking, he swung his sword again.

The dazzling sword light once again split the monster into two from the middle.

But soon, the sand moved again, as if it wanted to glue and repair the monster like before.

Lin Fan squinted his eyes as the Star Meteorite Sword danced in the air.

In the next moment, countless dazzling sword rays condensed in the air.

[Sword 9: 10,000 swords strike together!]

"Go!" Lin Fan shouted.

The sword rays that filled the sky were like a storm, shooting toward the two halves of the monster's body.

With loud bangs, the monster's body was cut into countless pieces.

Only then did the entire world fall silent.

However, this silence did not last long.

The sand quickly moved.

Gradually, it reassembled the broken monster's body.

Not long after, a complete monster appeared in front of Lin Fan.

"You want to kill me?" The monster laughed loudly. "What a joke!

"Do you know that my body is made of sand?

"As long as there's sand, I can revive!

"This level-nine forbidden area is made entirely of sand, so I can't die here!"

It was not worried that Lin Fan would find out about its secret.

It was fearless!

Lin Fan's expression did not change at all.

"You can be resurrected as long as there's sand? Since that's the case, I'll make the sand disappear."

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 615 Kill; Harvest!

The ancient and majestic Little Thunderclap Monastery had long since collapsed completely from the battle between Lin Fan and the monster, turning into a pile of ruins.

Sam, Abraham, and the Heavenly Hound stood quietly at the side without moving.

Sam and Abraham were shocked by the monster's terrifying aura.

The Heavenly Hound received Lin Fan's signal that it did not need its help.

The sun shot out a dazzling light, making the entire forbidden area seem like a huge furnace. It was extremely hot.

A gust of wind blew, stirring up the hot sand.

"Make the sand disappear?" The monster laughed. "Hahaha!"

It was as if it had heard the funniest joke in the world, and its entire body began to sway.

Lin Fan said calmly, "That's right!"

As soon as he finished speaking, the originally cloudless sky suddenly became covered with dark clouds.

A thunderclap sounded, forming countless ferocious lightning snakes that swam crazily in the air. It was as if they wanted to tear the sky into countless pieces.

Then, bean-sized raindrops fell.

The heroes of the various countries were thirsty to begin with.

This sudden rainstorm was simply a life-saving thing for them.

The heroes opened their mouths and drank to their satisfaction.

In the next moment, the soft sand under their feet gradually solidified and hardened!

From golden yellow, it gradually turned gray!

The heroes were surprised to find that all the sand had turned into normal soil!

While they were still in shock, the gray surface began to move at a speed visible to the naked eye. Emerald grass and thick trees grew!

There were endless grasslands and overlapping forests!

Everyone was stunned.

The lifeless desert was like a forest!

A miracle!

In fact, it was not just the heroes of the various countries who were stunned.

The Heavenly Hound... and even the huge monster was stunned.

Their faces were filled with disbelief.

After a while, the monster shouted, "Where's the desert?" Where is my desert?

"No!

"No, it can't be! This must be an illusion!

"Yes, it's an illusion!"

The desert was the root of its life!

If the desert was gone... then it...

Lin Fan said, "Whether it's an illusion or not, you'll know once you experience it."

As soon as he finished speaking, Lin Fan raised the Star Meteorite Sword up high and brought it down.

[Skill: Sword 8!]

A vast sword light swept out with a terrifying aura.

This sword light completely illuminated the monster's eyes.

For the first time, fear appeared on its ferocious face.

The monster hurriedly moved its body, wanting to dodge the sword light.

However, the speed of the sword light was too fast, and it could not react in time at all.

"No!"

The sword light descended!

The monster's body and the solid ground were split into two.

Hot blood sprayed into the bottomless ravine.

For a long time, not a single grain of sand flew to the monster.

The monster's body could no longer be closed or repaired.*nOvelnext.com*

In fact, this was normal.

One had to know...

Lin Fan had Advanced Earth Manipulation Technique that could easily change the nature of the land. For example, turning the desert into soil, turning soil into rocks, and so on.

However, this forbidden area was too big.

In addition, Lin Fan wanted to be on the safe side.

He also used the Advanced Lightning Control Technique and Advanced Water Control Technique to make the sky rain heavily.

Then, he used Advanced Earth Manipulation Technique to grow a dense forest on the ground. I think you should take a look at

Rain could grow trees, trees could gather soil, and soil could change sand!

These abilities stacked together and finally turned the entire forbidden area into an oasis!

Changing the world was nothing more than this!

At this moment, an emotionless voice sounded.

[The first to kill a level-ten Sand Python King. You've obtained a level-ten treasure chest.]

[The first to kill a level-ten Sand Python King. Hua Nation has gained a large mineral vein.]

[The first to destroy a level-nine forbidden area. You've obtained a level-nine mysterious treasure chest.]

[The first to destroy a level-nine forbidden area. A forbidden area has descended Hua Nation.]

...

Then, Lin Fan waved his hand and opened the level-ten treasure chest.

[You've received 1,000 Constitution points. Do you want to use them?]

Then, he opened the level-nine mystery treasure chest.

[You've received Beginner Metal Manipulation Technique. Do you want to use it?]

At the same time, two crisp notifications rang out in Lin Fan's mind.

[Ding! Congratulations, you've received a special red packet—10,000 Constitution points.]

[Ding! Congratulations, you've received a special red packet—Advanced Metal Manipulation Technique.]

Instantly, Lin Fan's strength surged.

Then, countless metallic particles appeared in his vision.

Lin Fan had a very clear feeling that as long as he willed it, these metal particles would quickly gather together, forming a huge metal block or even a towering metal mountain. He could even change its shape at will.

...

In Hua Nation's live broadcast room.

Xiao Bing's eyes were wide open, and she forgot to close her mouth. She was unable to say a word.

The comments in the live broadcast room were like a storm.

BroadSky: [Who can tell me what happened just now?]

[Illusion: [God Lin killed the Sand Python King! Moreover, he turned the desert into an oasis!]

Sunny Day: [Lightning, rain, earth, trees! God Lin is awesome!]

Liang Keqi: [God Lin is the best!]

Rider: [I'm dumbfounded!]

The Wind Rises: [When the Sand Python King said that as long as there's sand, it won't die, I really broke out in a cold sweat for God Lin.]

Choice: [This live broadcast is so enjoyable!]

Bad Boy: [God Lin is awesome!]

...

Heartache 2009: [Oh right, didn't another forbidden area descend? Where is it this time?]

Sell: [It's my place! Yong City! A golden desert suddenly appeared in the south of Yong City!]

Life Is Like This: [Desert? Did any special changes happen to you?]

Basketball Fire: [I'm from Yong City South District! I suddenly felt my body become filled with power!]

Step 1: [F\*ck! Touching the basket! I'm going to the south of Yong City now.]

SmokeTasty: [I want to go too.]

800 Million: [I'm going too!]

...

Hence, many people began to head to the south of Yong City.

However, most of them were destined to return empty-handed.

When they arrived at the south of Yong City, all the intersections had been surrounded by soldiers and no one was allowed to enter.

...

Lin Fan was completely oblivious to all of this.

Of course, he would not mind.

He could feel the increase in power in his body and the wonderful Advanced Metal Manipulation Technique. The corners of his mouth curled up slightly.

"Heavenly Hound, use these 1,000 Constitution points and Beginner Metal Manipulation Skill."

As soon as he finished speaking, he waved his hand and the two balls of light entered the Heavenly Hound's body.

Instantly, the entire body of the Heavenly Hound was filled with a surging aura.

Chapter 616 Beast-Swapping Physique; Forbidden Area!

Lin Fan, the Heavenly Hound, Sam, Abraham, and the heroes of the various countries disappeared from the level-nine forbidden area.

In the next moment, they appeared where they were before the countdown began.

Lin Fan, the Heavenly Hound, and Sam were still together.

Abraham appeared alone in a forest.

...

In Hua Natin's live broadcast room.

"Oh my god!" the host shouted. "Can someone tell me what happened in the level-nine forbidden area? Why did such a large desert suddenly become an oasis?" *NovelNext.cOm*

Potter: [I... I don't know either.]

Hasda: [This is unbelievable!]

Marlous: [It's Lin Fan. It's Hua Nation's Lin Fan! He killed the most powerful Sand Python King in the level-nine forbidden area. In order to prevent the Sand Python King from reviving, he turned the entire desert into an oasis!]

Milo: [That's right! It's Lin Fan. He's amazing!]

Alan: [The desert turned into an oasis... Is he really a god?]

Lyson: [Perhaps he has done something gods have never done.]

...

After many countries found out what had happened, they were all extremely shocked.

Some countries chose to start watching Hua Nation's broadcast.

In an instant, the popularity of Hua Nation's live streaming channels soared.

...

In the Otherworld.

Compared to the shock of the crowd, Lin Fan did not take what happened in the level-nine forbidden area to heart at all.

The sky gradually darkened.

The Heavenly Hound brought a big rabbit over.

Then, as usual, Lin Fan roasted the rabbit meat and slept. He was extremely satisfied.

Four days passed in a flash.

These four days, Lin Fan lived very peacefully. He did not encounter any beasts.

In these four days, he had gained 300 Constitution points and 800 points of spiritual energy.

When Lin Fan, the Heavenly Hound, and Sam walked into a bush...

In the distance, a dull sound suddenly sounded.

In the next moment, a figure with a tall nose appeared in front of them.

It was Abraham, whom they had met several times.

At this moment, a two-headed lion that was five meters tall was chasing Abraham, roaring from time to time.

Originally, Abraham's face was filled with despair.

However, when he raised his head and looked into the distance, he suddenly saw Lin Fan and the others. He immediately became extremely excited.

He had seen Lin Fan's strength and knew how strong he was.

As long as Lin Fan was around, Abraham felt that he was absolutely safe in the Otherworld!

Thus, after Abraham came out of the level-nine forbidden ground, he had been looking for Lin Fan.

It was also because of this that he unintentionally provoked this two-headed lion.

While Abraham was excited, he paused for a moment.

This pause...

The two-headed lion behind him suddenly caught up.

It raised its paw and slapped Abraham's head.

Abraham could even feel the cold light coming from his claws, and all the hair on his body instantly stood on end.

A strong sense of death surged into Abraham's heart like a tide.

However, the claws did not touch Abraham's head for a long time.

Instead, the two heads of the lion and its claws fell to the ground.

Blood spurted out!

When Abraham slowly raised his head, he saw that Lin Fan had already pulled out the Star Meteorite Sword.

Lin Fan had saved him!

Soon, Abraham's guess was confirmed.

An emotionless voice rang out at the scene.

[The first to kill a level-six Two-Headed Lion. You've obtained a level-six treasure chest.]

[The first to kill a level-six Two-Headed Lion. 60 kinds of lost animals and plants have been revived.]

Then, an ancient chest appeared in front of them. I think you should take a look at

Lin Fan stepped forward and waved his hand. The chest opened.

[You've received 500 Constitution points. Do you want to use them?]

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, you've received a special red packet—5,000 Constitution points.]

His strength had increased!

Lin Fan thought for a moment and said, "Abraham, you use these 500 points of Constitution."

After all, the reason why he was able to obtain 5,000 Constitution points was also because of Abraham.

Giving him these points was nothing.

Lin Fan did not wait for Abraham to speak. He waved his hand, and the ball of light entered Abraham's body.

Abraham felt the growing power in his body and finally recovered from the death crisis.

He said sincerely, "Thank you, Lin Fan!"

"Not only did you save me again, but you also gave me 500 Constitution points. I'm really... I really don't know what to do. I can only say thank you again!"

Lin Fan waved his hand. "You're welcome."

"Why do I feel like every time I see you, you're fighting a ferocious beast? Do you have a Beast-Swapping Physique?"

Huh?

Abraham was the one being chased by ferocious beasts every time, no?

Abraham's old face was a little red, and he said, "That... That's just a coincidence."

After a pause, he said, "Uh... Can I continue to follow you?"

Lin Fan did not mind. "Sure."

Abraham became even happier when he heard this.

Safety, food, water... Everything was guaranteed!

As for becoming stronger?

No matter how strong he was, could he be stronger than Lin Fan?

How was that possible?

Furthermore, as long as Lin Fan gave away some trash that he did not want, he would probably be able to become stronger even faster than if he were to continue adventuring in the Otherworld alone.

It was just like the 500 Constitution points that Lin Fan had given him.

Everyone once again set foot on the road ahead.

A few days ago, Lin Fan and his group did not encounter any ferocious beasts at all.

However, this afternoon, they encountered three of them in a row.

After killing three beasts, Lin Fan obtained 7,000 Constitution points and 4,000 points of spiritual energy.

Hua Nation's pollution had decreased by 20%, the number of endangered animals had increased by 10%.

The harvest in one day far exceeded the past few days.

Lin Fan looked at Abraham with a weird gaze and said, "You really don't have the Beast-Swapping Physique?"

Abraham stammered, "I-It's just a coincidence."

"Oh." Lin Fan nodded his head noncommittally.

Abraham felt that Lin Fan did not believe him.

"It's really just a coincidence," he hurriedly explained. "We definitely won't encounter any ferocious beasts later."

However...

At this moment, an emotionless voice sounded in everyone's ears.

[Entering level-ten forbidden area.]

[Countdown, 10!]

[9!]

[8!]

...

When Lin Fan heard that, he looked at Abraham with a weird gaze.

He did not speak.

However, his expression seemed to be saying, 'And you still say that you don't have a Beast-Swapping Physique? Now, he even brought them to a level-ten forbidden area.'

Abraham had a feeling that he could not explain himself.

Then, there was another wave of worry.

The forbidden area... represented danger!

Terrifying unknown danger!

**RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH**

## Chapter 617 On The Island; Humans Are Worse Than Dogs!

Abraham was not the only one who was worried.

All the heroes of the various countries revealed a hint of fear on their faces.

However, no matter how they felt, they could not stop the countdown from continuing.

[3!]

[2!]

[1!]

In the next moment...

Lin Fan, Sam, Abraham, the Heavenly Hound... All the heroes of the various countries disappeared on the spot.

Then, they appeared on a strange rocky island.

The island was only about the size of a few football fields, and it was surrounded by endless blue sea water.

The rolling waves kept hitting the rocks, making a dull sound.

The heroes of the various countries stood on the island and looked around. They looked at each other... They were at a loss.

Soon, someone began to talk in a low voice.

"Hello, are you from Earth?"

"I'm Shi Titian from Song Country."

"I'm Irvanya from the State of Na."

...

Meeting an Earthling in another world was like meeting a fellow countryman.

However, everyone was not as excited as they usually were.

On the contrary, they still had some precautions.

They understood that the Otherworld was very dangerous.

The humans in the Otherworld might be even more dangerous.

Some people had formed grudges in the Otherworld.

"It's you!" A fair-skinned man shouted.

As soon as he finished speaking, he clenched his fist and smashed it at the brown-skinned man not far away.

The brown-skinned man was not afraid at all and went up to meet him head-on.

They had all opened treasure chests and obtained great strength. They were like ferocious beasts, incomparably powerful.

Not long after, bloodstains appeared on their bodies. They were extremely miserable.

This was not the only instance of it.

It was normal for such a situation to occur.

After all, everyone had limited supplies.

And the Otherworld lacked resources. In order to survive, they could only fight for it from others.

In fact, Lin Fan had faced numerous assassination attempts because of resources.

However, the other parties were instantly killed.

After a while, the few of them lay on the ground, unable to get up.

The island finally regained its peace.

Everyone subconsciously distanced themselves from the people around them to avoid danger.

Regarding these...

Lin Fan did not care about any of them.

He only glanced at everyone indifferently.

57 people.

In other words, there were only 57 people left...

One had to know...

There were 200 countries in the world, and each country had at least one person selected.

For big countries like Nashland, Bear Country, and Eagle Country, the number of people chosen was usually several, and there were even more than ten!

In other words, more than half of them had died in just over a month.

It was tragic.

Abraham quickly ran to Lin Fan. Beside him was a woman with a high nose.

Although the woman's body was tattered and she was in an extremely sorry state, just from her face and figure, it was not difficult to tell that she was definitely a beauty.

"This is Mordmohan," Abraham introduced.

"This is Lin Fan from Hua Nation. He's very powerful!"

At this point, Abraham's tone could not help but become high and worshipful.

Mordmohan was surprised. I think you should take a look at

She knew Abraham's personality.

He was a very confident and self-reliant man.

He actually worshipped another man?

This... It was unbelievable.

Mordmohan sized Lin Fan up before extending her right hand and speaking in a somewhat stiff Hua language. "Hello, I am Mordmohan." *nOvelnext.com*

Lin Fan smiled and nodded. "Hello, I'm Lin Fan."

Then, he reached out his right hand and shook it gently.

At this moment, someone whispered, "This island seems to be full of rocks.

There aren't even any trees. How are we going to live?"

As soon as he said that, everyone could not help but pull away from the people around them.

If there was no food, then the little food they had might make them the prey of others.

While they were on guard, time slowly passed.

As the sun set, it dyed the sky and the sea red, forming a picture of a demon from hell.

It was incomparably ferocious and terrifying!

The atmosphere was extremely gloomy.

Lin Fan, on the other hand, was extremely relaxed.

He found a random rock and sat down.

At this moment, a large bird flapped its wings and flew across the sky.

In the next moment, the giant bird felt as if a huge mountain was pressing down on it. It fell straight down.

"Pa!"

Lin Fan picked up the bird and took out a knife to remove its feathers.

Then, he applied all kinds of seasonings.

Then, the big bird's body automatically burst into flames.

After a while, a rich fragrance filled the entire island.

The heroes of the various countries all turned their gazes over.

They looked at the roasted meat that was dripping with oil and could not help but swallow their saliva.

Some of them even had red eyes.

They had already been in the Otherworld for more than a month.

The food that they had brought with them had already been eaten up after entering the Otherworld for a few days.

Later on, some people were lucky enough to encounter wild fruits and weeds, which allowed them to survive.

Some people did not even encounter wild fruits or weeds. They had been living on tree bark and roots.

As for barbecued meat... They could only dream of such delicious roasted meat.

But now, it had appeared before their eyes.

How could they not be excited?

Lin Fan did not care much. He tore off three pieces of meat and handed them to Sam, Abraham, and Mordmohan.

Sam and Abraham did not hesitate at all and started eating.

Mordmohan was puzzled. "This... You actually brought seasonings?"

"Mr. Lin is omnipotent!" Abraham said. "Hurry up and eat. It won't taste good if it gets cold."

Mordmohan also put the meat into her mouth and ate happily.

At this moment, a fair-skinned man slowly walked over and said in English, "Give me something to eat too."

He was not discussing it at all. It was a statement, an affirmation, and an order!

In fact, he almost took the meat with his own hands.

"Scram!" Lin Fan said indifferently.

As soon as he finished speaking, Lin Fan tore off a thick thigh and handed it to the Heavenly Hound.

The Heavenly Hound wagged its tail and ate the meat happily.

The man's expression instantly turned extremely ugly.

Lin Fan would rather give it to a dog than himself.

Was he saying that he was worse than a dog?

"F\*ck!" the man said coldly.

As soon as he finished speaking, he reached out to snatch the roasted meat.

Lin Fan's face was cold as he shouted, "Scram!"

A terrifying aura suddenly erupted.

The man seemed to have hit an invisible truck. He flew backward and crashed into a pile of rocks in the distance. Blood flowed everywhere, and he could not get up.

### Chapter 618 Instigator; Attack!

'If I take the initiative to give it, even if it's a treasure, you can take it.*NovelNext.cOm*

'I didn't give it to you, yet you reached out to take it? Then I'll break your hands!'

As for the fair-skinned man, he felt that he was worse than a dog...

In fact, he was not as good as the Heavenly Hound.

Of course, Lin Fan did not use such an analogy.

...

In Canna's live broadcast room...

"Oh my god!" the host exclaimed. "Look at what Govindo is doing. He actually wants to snatch Lin Fan's food!"

Andros: [Govindo, stop messing around!]

Menlo: [Govindo, what do you want?]

Mond: [God! I actually worshiped Govindo before this. Was I crazy? I actually admired a person who likes to do stupid things.]

Archies: [Luckily, Lin Fan held back.]

...

Held back?

That was right!

This was what everyone in Canna thought.

That was because they had already seen the video of Lin Fan displaying his divine power through live streams or recordings.

He was well-deserved of his title as a god! He was number one in the world!

If God Lin had not held back, Govindo would have turned into ashes long ago!

...

Compared to the sighs of the people from Canna, the other countries were praying silently. They prayed that their heroes would not do anything stupid and provoke Lin Fan!

...

Govindo lay on the ground and spat out a mouthful of blood.

However, he was not frightened by this.

On the contrary, he became even more ferocious and vicious.

"What are you guys waiting for?" Govindo shouted.

"This is an abandoned island. It's full of rocks, and there's no food!

"He has so much roasted meat in his hands. Don't you want to eat it? How long has it been since you guys ate meat?

"In the future, there won't be any of it!

"Moreover, he has a dog beside him. Dog meat is also very delicious!

"This is a rock island. There's no food here!

"Perhaps this will be our only source of food for a period of time!

"He's very strong, but there are so many of us. Or will you let all the food end up in his hands?

"Do you want to starve to death?"

These words resonated with everyone.

That was right!

There would not be such barbecued meat in the future.

Lin Fan was very strong, but if they did not defeat him now, they might not have another chance in the future.

Thus, many people looked at each other as if they had made a choice.

At this moment, Lin Fan swallowed a piece of meat and spat out two words, "So noisy!"

As soon as he finished speaking, Lin Fan slapped the air.

Like a falling mountain, a palm-shaped hole appeared where Govindo was.

Govindo's body exploded into a pile of minced meat.

Lin Fan had given him a chance to live. If he did not want it, then so be it!

The entire scene was deathly silent!

The aroma of meat in the air was completely covered by the thick smell of blood.

Everyone present had already opened treasure chests and obtained powerful strength. They felt that they had become superhumans.

However, after seeing this scene, they could not help but be terrified.

Especially those who had other ideas, a thin layer of sweat appeared on their foreheads.

If they had made the first move, what would have happened?

At this moment, an emotionless voice sounded. I think you should take a look at

[Govindo of Canna has died. The lifespan of the people of Canna has been reduced by five years.]

Suddenly, the Void Gate where the country of Canna was located released a dense black gas.

Then...

Some people who were walking on the road suddenly fell to the ground and did not get up again.

The miners who were mining suddenly disappeared underground after the cave collapsed.

Some drunk people crawled to the window and vomited before falling down.

...

In the live broadcast room of Canna...

"No!" the host exclaimed.

Allen: [Why? Why did Govindo say something like that?]

McGee: [It's over, everything is over!]

Murphy: [Govindo, why did you drag us down even if you wanted to die?]

...

Mordmohan was also shocked by Lin Fan's strength. She stuttered, "Abraham... just how strong is he?"

"He's powerful!" Abraham said in admiration. "His power is unpredictable!"

The night gradually darkened.

Lin Fan did not take out his sleeping bag to sleep today. Instead, he sat on a rock and looked up at the starry night sky. He was extremely satisfied.

In the blink of an eye, the next day arrived.

Yesterday, many people did not have any food on them. After starving for an entire day, their stomachs were a little flat.

Therefore, when the sky was completely bright, they could not hold it in any longer. They first searched the rock island. After confirming that there was no food, they looked at the endless sea.

Some people went to the seaside to look for traces of fish.

Unfortunately, the waves were too fast and the water was too deep. They did not find anything at all.

Therefore, some people simply jumped into the sea, hoping to catch fish in the sea with their speed and strength that far exceeded ordinary people.

Not long after, a man popped his head out, holding an arm-long fish in his hand. His entire face was full of smiles as he slowly swam toward the shore.

Right at this moment...

A pitch-black python suddenly appeared behind him. It opened its bloody mouth and swallowed him.

Blood soon dyed the beach red.

It was terrifying!

There were actually monsters in the sea!

An emotionless voice rang out at the scene.

[The chosen one of Luo Country, Alexander Menlo, has died. The area of Luo Country has been reduced by 10%!]

Some of the people standing by the sea hurriedly ran toward the middle of the rock island.

They were all frightened by the monster in the sea.

The black python that was hiding in the sea seemed to be addicted to eating. It popped its head out again and opened its bloody mouth to bite the nearest brown-skinned man.

"Master!" Sam shouted.

Lin Fan did not even bat an eyelid as he pulled out the Star Meteorite Sword from his waist.

A sharp sword light shot out and instantly sliced through the black python's head.

In the next moment, it was as though a huge rock had fallen on the black python's entire head.

[RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH](#)

Chapter 619 Settling It Once And For All; Breaking The Sea And Slaying The Heavens!

Silence....

The entire place was silent again.

Everyone heard it. It was a level-seven Sea Python.

Almost all of them had fought with wild beasts and monsters before, so they knew very well how powerful and terrifying a level-seven monster was.

In the end, it was killed in the blink of an eye?

Instantly, everyone had a deeper understanding of Lin Fan's strength.

If it were in the past, everyone would definitely be envious of 500 Constitution points. They might even have some thoughts about the points.

Now, no one had such thoughts.

What happened to Govindo and the Sea Python was the best example.

However, Lin Fan did not touch the ball of light. Instead, he said, "Heavenly Hound, go and use these 500 Constitution points."

The Heavenly Hound stepped forward and placed its paw on the ball of light.

Seeing this...

Everyone was jealous.

500 Constitution points were given to a dog?

Why not give the points to them?

Mordmohan could not help but say, "...A dog? Wouldn't it be too wasteful? Why didn't he use the points himself?"

Abraham said, "This bit of Constitution points probably won't be of much use to Lin Fan. In the past, Lin Fan had given the Heavenly Hound Constitution points, spiritual energy points, and even some special abilities."

When Modmohan heard this, her mouth was wide open, and her beautiful face was filled with disbelief.

Constitution and spiritual energy points were a little easier to accept.

However, special abilities... Those were equivalent to a superpower or a technique!

Lin Fan directly gave them to a dog?

...

While everyone was shocked and sighing, the blood of the Sea Python had already begun to spread.

At this moment, the surface of the flowing sea suddenly seemed to boil as it kept bubbling.

However...

Everyone's attention was focused on Lin Fan. No one noticed this change.

In the next moment...

A giant red crab suddenly popped its head out and raised a towering wave.

It opened its ferocious mouth and bit the body of the python.

No!

It was not just a red crab.

There were four crimson giant crabs!

The four red crabs divided the body of the giant python and ate it!

They were attracted by the smell of blood.

However, it was obvious that they were not the only ones who liked the smell of blood.

Soon, three giant white sharks followed suit.

Then, there were three giant golden prawns.

Then, there were two giant dragons with crowns on their heads...

Just the number of monsters that had surfaced on the surface of the sea alone exceeded ten!

Moreover, each monster was extremely huge and exuded an extremely terrifying aura.

In a short while, the body of the giant python, which was several meters thick and dozens of meters long, was eaten clean.

However, these monsters did not disperse. Instead, they focused their scarlet eyes on the heroes of the various countries and slowly approached the rock island.

Seeing this...

The faces of the heroes from all over the world turned slightly pale.

Any one of these monsters was tough to fight against.

Now, more than ten of them had appeared!

What should they do?

It was a disaster!

A terrifying disaster!

Then, they looked up at Lin Fan.

At this moment, Lin Fan was probably the only one who could resolve this crisis.

Lin Fan did not disappoint them either.

Lin Fan waved his sword and shot out sharp sword lights.

The red giant crab closest to the front was cut in half, and blood flowed out. I think you should take a look at

Next, it was the other three red crabs beside it.

Then, the three giant white sharks were dealt with.

After that, it was the three giant golden prawns.

Finally, it was the two giant dragons with crowns on their heads...

Every sword strike took the life of a beast or monster without exception.

It was as easy as cutting tofu.

Soon, the blue sea turned dark red.

At this moment, an emotionless voice sounded.

After a series of sounds, several treasure chests appeared in front of Lin Fan. However, he did not open them directly.

Instead, he looked ahead with a pair of indifferent eyes.

That was because rolling waves had appeared in the distance.

Many huge monsters were rushing over.

Vaguely, Lin Fan could see huge turtles, ferocious sharks, and terrifying seals...

These monsters were surrounded by a terrifying aura, which stirred up towering waves and formed a strong wind. It blew everyone's clothes and sent rocks flying.

Lin Fan said calmly, "Are you done? Then let's settle it all at once!"

As soon as he finished speaking, Lin Fan raised the Star Meteorite Sword in his hand.

A vast sword energy soared into the sky, as if it had pierced through the sky. It formed a huge hole.

Then, Lin Fan opened his mouth and spat out a single word.

"Slash!"

[Skill: Sword 13!]

In an instant, the entire world seemed to be enveloped in a white haze.

The violent wind forced everyone to cover their eyes with their hands.

After a long time, the wind gradually subsided, and everyone slowly removed their hands.

In the next moment...

Everyone's eyes widened in shock.

That was because a bottomless ravine had appeared in the middle of the boundless sea, completely blocking the convergence of the seawater on both sides.

One sword cut through the sea!

No!

Not only did it cut off the sea...

In the cloudless sky, a symmetrical black void also appeared!

Lin Fan's one sword broke the sea and slashed the sky!

It was simply terrifying!

At this moment, a series of emotionless voices rang out.

As for the exact number of monsters killed, it was completely unknown.

### Chapter 620 Noisy; Really Noisy!

In fact...

It was not just the heroes on the rock island who had their mouths and eyes wide open from shock.

On Earth, almost everyone watching the live broadcast had the same expression.

Lin Fan's sword was simply too powerful and terrifying.

It was completely beyond everyone's imagination.

...

In Hua Nation's live broadcast room.

Xiao Bing stood rooted to the ground, her eyes unblinking.

She did not even know that the microphone in her hand had fallen to the ground.

The entire live broadcast room was very quiet for a long time.

It was as though everyone was blocked from posting comments.

After a long time...

Finally, there were some comments.

Lin Fan was completely oblivious to all of this.

After slashing out with his sword, the sea finally stopped swarming with monsters.

Hence, Lin Fan waved his hand casually.

Treasure chests opened one after another.

The surging energy and refreshing spiritual energy surged wildly within Lin Fan's body.

Instantly, the aura around Lin Fan's body grew even more majestic and holy. It made one have the urge to kneel down and worship him.

After a while, Lin Fan retracted his aura and turned back into a normal person.

He looked at the Heavenly Hound, who was staring at the treasure chests with a burning gaze and saliva flowing out of its mouth. He smiled and said, "Go use these light orbs."

When the Heavenly Hound heard this, its eyes instantly lit up, and its tail wagged happily.

It could not wait to go forward and swallow one ball of light after another into its stomach.

At this moment, a series of emotionless voices rang out at the scene.

[First to help level up the level-seven Heavenly Hound to level eight. You've obtained a level-five treasure chest.]

[First to help level up the level-seven Heavenly Hound to level eight. Hua Nation's pollution has reduced by 10%.]

[First to help level up the level-eight Heavenly Hound to level nine. You've obtained a level-six treasure chest.]

[First to help level up the level-eight Heavenly Hound to level nine. Ores in Hua Nation have increased by 10%.]

[The first to establish a contract with a level-nine Heavenly Hound. You've obtained a level-eight treasure chest.]

[The first to establish a contract with a level-nine Heavenly Hound. The number of animal species in Hua Nation has increased by 20.]

Hence, Lin Fan, who had just opened 30 treasure chests, had three more in front of him.

At the same time, Lin Fan and the Heavenly Hound had a special connection. Whatever Lin Fan thought, the Heavenly Hound could understand.

Furthermore, the Heavenly Hound could shrink and become a part of Lin Fan's body.

As long as Lin Fan summoned it, the Heavenly Hound would be able to rush to his side from anywhere and execute all of his orders. It was extremely strange.

There were a total of 600 Constitution points and 300 points of spiritual energy in these three treasure chests.

Through the special red packets, Lin Fan gained another 6,000 Constitution points and 3,000 points of spiritual energy.

And these three light orbs, without exception, were all given to the Heavenly Hound.

After all, these three treasure chests were obtained because of the Heavenly Hound.

Furthermore, Lin Fan and the Heavenly Hound had established such a special relationship.

At this moment, the heroes of the various countries on the rock island finally recovered from their shock.

Everyone looked at Lin Fan with respect.

It was as if they were looking at a god!

"As expected, he really doesn't need those Constitution and spiritual energy points, nor techniques," Mordmohan said softly."

That was because the power that Lin Fan had displayed was not something that these things could do.

Abraham nodded in agreement.

At this moment, a huge sea pillar that was hundreds of meters tall suddenly rose from the sea on the left.

A ten-meter-tall man with a human face and the body of a dragon was standing on the sea pillar.

He used his pair of stern eyes to glance at everyone and said coldly, "Mere humans dare to be so impudent here. This is simply unforgivable!"

A terrifying aura crashed over like a wave.

The heroes from all over the world found it difficult to breathe, and their faces turned pale.

Of course, Lin Fan was the exception.

The man continued, "Killing my subordinates and breaking my sea is an unforgivable crime!"

His voice was like thunder, and his momentum was like a gale, causing the entire sea to boil.

Waves after waves crashed against each other and piled up!

It gradually formed a giant tsunami that was hundreds of meters tall!

It was extremely terrifying!

The heroes of the various countries and the rock island seemed to have turned into ants or small mounds in front of this tsunami. *nOvelnext.com*

"Die!" The man shouted loudly!

As soon as the sound fell, a tsunami that was hundreds of meters tall whistled toward everyone.

Seeing this...

Everyone's face was pale, and cold sweat rolled down their foreheads.

This was an instinctive fear of nature.

Then, everyone seemed to have thought of something and turned their gazes to Lin Fan.

Lin Fan seemed to have sensed these gazes. Finally, he raised his head and looked at the man with an extremely calm gaze. "How noisy!"

An icy cold aura spread out.

The surface of the sea, the surging tsunami, and the man on the sea pillar were all frozen in an instant.

Instantly, the entire world became crystal clear and incomparably gorgeous.

Then, a level-seven treasure chest appeared in front of Lin Fan.

With a wave of his hand, the treasure chest opened.

[You've obtained 500 Constitution points. Do you want to use them?]

Then, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, you've received a special red packet—5,000 Constitution points.]

The power continued to surge.

His strength increased once again!
