

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 631 Visiting; I Made A Reservation!

At this moment...

Lin Fan felt as though all the pedestrians in the distance, the tall buildings in front of him, and the road beneath his feet... disappeared.

In his eyes, there was only a beautiful figure—Xia Xue.

Time... It was as if it had been frozen.

Everyone was in a state of stillness.

Xia Xue was stared at by Lin Fan. Her pretty face blushed as she said, "Why are you looking at me like that?"

Only then did Lin Fan react. "This outfit suits you very well. You look very beautiful."

"Is that so?" Xia Xue became more and more shy.

Then, she tried her best to change the topic and said, "By the way, have you had dinner?"

Lin Fan shook his head. "Not yet."

Xia Xue said, "Then you're lucky today!"

"Do you see that? It's the nine-star Imperial Hotel! Other than being a student at Jiangbei University, I'm also a live streamer for Sea Shark!"

"Today, I'm going to the nine-star Imperial Hotel for a live broadcast! As long as you get your android to help me hold the camera, you can eat the delicacies of the Imperial Hotel for free later.

"How is it? Isn't it very cost-effective?"

As Xia Xue spoke, there was a touch of expectation on her pretty face.

Lin Fan was stunned.

Xia Xue was a famous streamer in this world?

After a while, Lin Fan nodded. "Of course."

"Alright, get ready for the live broadcast!" Xia Xue said happily.

As soon as she finished speaking, she took out a foldable monitor from her pocket.

Very soon, an extremely clear image appeared on the screen.

The live broadcast... began!

Xia Xue's voice was very sweet. She had a charming appearance and was very good at choosing the theme...

After a few times, she gained quite a bit of popularity on Sea Shark.

Not long after she started streaming, someone started leaving comments.

Zhu Xuan: [Ah! Our Lil Xue is starting her live broadcast!]

Qingchun Won't Come: [Imperial Hotel! Xia Xue is really trustworthy. She really came to the Imperial Hotel!]

Student Xiaoming: [I've long heard of the Imperial Hotel's name. Today, I can finally take a good look.]

Newcomer: [Looking forward to Xia Xue's live broadcast.]

Wind: [Huh? Why is there someone standing next to Xia Xue? From his back, he looks quite tall and a little handsome.]

Flower: [Handsome? According to my many years of experience, this is definitely a handsome man! He's super handsome!]

...

In the screen of the live broadcast room, Xia Xue was seen walking forward with a brisk pace.

It had to be said that the Imperial Hotel was indeed extraordinary.

The hall was ten meters high, with diamond chandeliers, gold-inlaid floors, and white jade carvings... The luxury of the hotel was revealed everywhere.

Although Xia Xue was already mentally prepared, after seeing this scene, she could not help but be stunned.

At this moment, a waiter in a suit walked over with a smile and said respectfully, "Welcome to the Imperial Hotel. How can I help you?"

When Xia Xue heard it, she came back to her senses and said, "Uhh... Hello, I want to eat here."

"Do you have a reservation?" asked the waiter.

"No, I don't," Xia Xue said.

"I'm very sorry," the waiter said apologetically. "All the tables in our Imperial Hotel have been reserved for the next 15 days. If you want to eat here, you can reserve a table for after 15 days."

Xia Xue was somewhat incredulous. "Have all the tables been reserved?"

One had to know...

The Imperial Hotel was 365 stories high.

Even though many of them were rooms and banquet halls...

The dining area would definitely take up a lot of space.*novelnext.com*

In the end, the place was fully booked for 15 days?

"Yes." The waiter apologized again.

Xia Xue was a little disappointed.

She had already promised her fans that she would visit the Imperial Hotel.

In addition, she had heard of the Imperial Hotel a long time ago. Her dream was to come in and taste the delicacies.

Her promises and expectations were about to turn into bubbles.

Lin Fan also saw the disappointment in Xia Xue's heart and said, "Don't worry, I've already booked a table."

Xia Xue could not help blinking her eyes, her pretty face full of doubts.

"I'm Lin Fan," Lin Fan said to the waiter.

"Mr. Lin, please wait a moment."

As soon as he finished speaking, he quickly took out the folding screen and searched.

But soon, the waiter hesitated and said, "Mr. Lin, I'm sorry. I don't seem to have found any information about your reservation in the system. Of course, there might be some loopholes in the system.

"Excuse me, do you have your reservation information? If it's convenient, can I take a look?"

It had to be said that the Imperial Hotel was indeed a nine-star hotel.

Just the service of the waiters was far from what ordinary restaurants could compare to.

Lin Fan waved his hand and said, "I don't have any reservation information. You can call your general manager, Wang You. He knows."

No reservation information?

Moreover, he had to ask the general manager himself?

The waiter could not help but hesitate.

After all, he could not just call the general manager for no reason.

If the general manager was not satisfied, the consequences would be very serious.

However, the waiter could feel the extraordinary aura coming from Lin Fan. He gritted his teeth and said, "Mr. Lin, please wait a moment."

After saying that, he walked to the side and took out his phone. After hesitating for a moment, he made a call.

If he called, he might just make the general manager unhappy.

However, if he neglected a possible VIP, it would definitely make the general manager furious.

...

Xia Xue quietly pulled the corner of Lin Fan's clothes and said, "He's going to call the general manager now. What should we do later?"

Obviously, Xia Xue did not think that Lin Fan had already booked a table. How could he have booked a table with the general manager.

Xia Xue felt that Lin Fan was just deliberately bluffing the waiter and taking the opportunity to get a table.

It was no wonder Xia Xue would think so.

The Imperial Hotel was one of the top five nine-star hotels in Xia Alliance!

The general manager of the Imperial Hotel was definitely a very important person.

Lin Fan was just a freshman at Jiangbei University. How could he possibly get a table from the general manager?

Lin Fan naturally understood Xia Xue's thoughts and smiled. "Don't worry, it's not a problem."

At this moment, the waiter had already put down his phone and walked over quickly.

"Hello, Mr. Lin. This way, please." The waiter bowed and spoke in a much more respectful tone than before.

The words of the general manager, Wang You, seemed to still echo in his ears.

"Mr. Lin is the most distinguished guest of our Imperial Hotel! I'm on my way there now. Before that, you have to ensure that Mr. Lin receives excellent service!

"After this, I will give you the highest reward!"

The waiter had never heard the general manager speak in such a serious tone.

He understood that Mr. Lin was definitely an extraordinary existence.

The waiter was secretly glad that he had called the general manager.

Chapter 632 Delicious Food; Not Showing Respect?!

Xia Xue almost could not believe her eyes and ears.

The waiter was so respectful to Lin Fan?

Did he just confirm it with the general manager?

Did Lin Fan really book a spot with the general manager?

Lin Fan saw that Xia Xue was stunned and did not move. He could not help but say, "Why are you standing there? Aren't we going in for dinner?"

"Oh... Oh... Alright," Xia Xue responded.

Under the guidance of the waiter, the three of them and the android entered the VIP exclusive luxury elevator. novelnext.com

One could only see the numbers on the elevator jumping rapidly, but one could not feel any shaking or weightlessness.

When the number jumped to 365, a crisp sound came from the elevator.

"This way, please," the waiter said respectfully.

They passed through a spacious and luxurious corridor.

The waiter pushed open the heavy door of the private room.

When Xia Xue walked into this private room, she could not help but open her mouth wide. Her beautiful eyes flashed faintly, and her pretty face was full of amazement.

This private room was extremely spacious and gorgeous. There was a resplendent crystal chandelier, a soft and bright wool carpet, a table and chairs embedded with diamonds, and white jade tableware...

More importantly, the three walls of this private room were made of high-brightness full-length glass.

At the top of the 365-story building, there were already many clouds gathered outside.

This made this luxurious private room seem like it was in the sky, like a paradise!

Lin Fan saw that Xia Xue liked it so much and nodded with satisfaction.

"Mr. Lin, this is our menu."

Then, a 3D projection of the dishes appeared on the table.

Lin Fan turned to Xia Xue and said, "Take a look. Is there anything you like?"

After Xia Xue heard the question, she slowly recovered her thoughts and said, "Ah... Ah... I-I'm not picky. You choose the dishes."

Lin Fan nodded and quickly ordered a few dishes.

"Do you have any recommendations?" he asked the waiter.

The waiter said respectfully, "Not long ago, our Imperial Hotel imported a batch of Deep Sea Golden Gall, Giant Scorpion, and Armored Shrimp from the Pacific Forbidden Area. The meat is very delicious. Coupled with the cooking skills of our special chef, the taste is surely very good."

As he spoke, he could not help but gulp.

Obviously, the taste of the food was indeed very good.

Lin Fan nodded, "Alright, then serve all the dishes you mentioned."

Then, Lin Fan ordered a few more dishes and two bottles of wine.

"That's all for now.""

"Alright, Mr. Lin. Please wait a moment."

After saying that, he slowly left the private room.

Soon, only Xia Xue, Lin Fan, and the android were left in the room.

Xia Xue looked at the beautiful scenery outside the window and suddenly remembered that she was still broadcasting. She quickly picked up the folding screen.

At this moment, the number of people online in the live broadcast room had reached 310,000!

bullet comments appeared.

Man's Youth: [Oh my god! I thought Lin Fan was just bluffing the waiter. In the end, it's actually true? Did he book a table with the general manager of the Imperial Hotel? Isn't this too awesome?]

Lucky: [It's not just awesome, it's simply divine, okay? He directly booked a room on the 365th floor! Oh my god!]

Don't Cry: [It's like a fairy tale.]

Life Is Precious: [Who exactly is this Mr. Lin?]

Phoenix: [Xia Xue, could it be that you scripted this?] I think you should take a look at

Moon in the Wind: [If it's a script, it's too exaggerated!]

...

Xia Xue saw this and quickly said, "This isn't scripted. However, I'm not too sure about the specific situation."

Then, she asked, "Lin Fan, are you very close to the general manager of the Imperial Hotel?"

Lin Fan shook his head, "I haven't seen him."

"Huh?" Xia Xue could not help but be stunned.

They were not familiar with each other?

Yet he just said that he booked a table with the general manager.

Then, the waiter ran over to make a call before bringing them to the top floor private room.

This...

This...

Could it be that the waiter was scared and did not make the call at all?

Or was there some misunderstanding?

There was really a VIP who made a reservation with the general manager, but the waiter got the wrong person.

What should they do?

Lin Fan seemed to see the worry in Xia Xue's heart and could not help but smile. "Don't worry, just eat in peace."

...

Three chefs were pushing the Deep Sea Golden Gall, Giant Scorpion, Armored Shrimp, and other ingredients toward the work elevator.

At this moment, a man in a checkered shirt walked over with a gorgeous woman on his arm.

The gorgeous woman said in a delicate voice, "The Deep Sea Golden Gall can improve one's looks. Brother Jie, I want to eat the Deep Sea Golden Gall later."

"If my baby wants to eat it, of course, there's no problem!" the man in the checkered shirt immediately said.

Then, he stopped the three chefs and said, "Later, send a serving of Deep Sea Golden Gall to Spring Room on the 288th floor. Hmm, that Giant Scorpion is not bad either."

"Brother Jie, you're really great," the gorgeous woman said happily.

As she spoke, she did not forget to rub herself against the man in the checkered shirt.

"Of course!" The man in the checkered shirt laughed.

The chef standing at the front could not help but say apologetically, "I'm sorry, Sir. Our Imperial Hotel only has one serving of Deep Sea Golden Gall and Giant Scorpion today."

"Only one?" asked the man in the checkered shirt. "Isn't that just nice? Send them to my private room."

"But they've already been ordered," the chef said apologetically.

"Brother Jie, I want to eat the Deep Sea Golden Gall," the gorgeous woman said aggrievedly.

The man in the checkered shirt patted her shoulder gently and said, "Don't worry, we'll definitely be able to eat it."

Then, he said to the chef, "It's not like they've already eaten it. Tell the person who ordered it that I, Fang Wenjie, am willing to pay twice the price to buy the Deep Sea Golden Gall from him!

"Now, send the Deep Sea Golden Gall to my private room."

The chef hesitated and said, "This... I'm afraid I can't make such a decision."

The man in the checkered shirt raised his eyebrows and said, "Alright, I won't make things difficult for you. Tell me, which private room is he in? I'll go and tell him personally!"

The chef was a little hesitant and did not answer immediately.

The man in the checkered shirt was finally angry. He said in a deep voice, "What's wrong? You won't even show me, Fang Wenjie, this bit of respect? Do you look down on my Dafang Group that much? Do you look down on my Fang family so much?"

When the chefs heard this, their hearts beat wildly.

The Fang family of the Dafang Group was definitely a tycoon family. They were a terrifying existence that could easily crush them with a finger.

The chef who had been speaking said in a panic, "Uhh... The guest is in a private room on the 365th floor."

"Alright, I got it," Fang Wenjie said calmly.

Chapter 633 Changing Rooms; Noisy!

The Imperial Hotel had been very famous since a thousand years ago.

Large corporations, families, and even officials... All of them would choose to hold banquets and entertain guests at the Imperial Hotel.

Every head of the Wang family was the general manager of the Imperial Hotel.

It was also because of this that the Wang family was able to accumulate wealth, and it also allowed them to obtain many connections and possess an extremely high status.

Wang You, the current head of the Wang family, had been groomed by the family since he was young. His temper, personality, and ability far exceeded ordinary people.

In the past, no matter what he dealt with, he was always as calm as water and easily resolved every problem.

However...

Today, he seemed very anxious.

After he put down his phone, he did not care about the custom-made exotic beast leather shoes that cost 100,000 World Coins on his feet. He jogged all the way to the small garden.

The servants on the way bowed and greeted him.

However, Wang You did not even have the time to respond.

In the small garden, an old man wearing a Tang suit named Wang Qianjin frowned slightly and said, "Wang You, didn't I teach you this before? As the head of the family, the first thing you have to do is to remain calm!"

Wang You took a deep breath before calming himself down. *novelnext.com*

After a while, he said, "Yes, Dad."

"What happened?" Wang Qianjin asked lightly.

"Mr. Lin is here!" Wang You said.

Wang Qianjin was stunned for a moment and said, "Mr. Lin?"

"Mr. Lin Fan," Wang You said again.

"What? Are you talking about Mr. Lin Fan from 1,000 years ago? Boss Lin?" Wang Qianjin's pupils constricted slightly as he said excitedly.

"Yes." Wang You continued, "It's a message from the mysterious account left behind by our ancestor."

"Mr. Lin is back, Mr. Lin is back!" Wang Qianjin shouted excitedly again.

"Where is Mr. Lin now?"

"He's on the 365th floor of the Imperial Hotel," Wang You said.

"Good, good, good!" Wang Qianjin shouted. "Quickly gather all the direct descendants of the Wang family. Also, come with me to see the old master, and then we'll meet Mr. Lin together!"

Then, the entire Wang family became noisy.

Wang Qianjin, who had been calm and indifferent just now, was in a frenzy.

The old man and the middle-aged man were like children as they continued to advance in the Wang family manor like a competition.

After a while, the two of them arrived in front of a green bamboo forest.

A white-haired Wang Zhihai was practicing tai chi in the bamboo forest.

After he heard what Wang Qianjin and Wang You said, a rare flush gradually appeared on his originally thin old face.

"Get ready to open Hibernation Chamber 0," Wang Zhihai said.

Wang Qianjin and Wang You turned solemn.

They knew very well what was inside Hibernation Chamber 0.

"Now, let's go and meet Mr. Lin."

"Yes," Wang Qianjin and Wang You said in unison.

...

Meanwhile, at the Imperial Hotel.

Xia Xue was facing the camera and interacting with the audience in the live broadcast room.

"Where else do you want to see?"

"Later, I'll taste the delicacies of the Imperial Hotel and tell everyone how they taste."

...

At this moment, the door of the private room was suddenly pushed open.

Then, Fang Wenjie and the gorgeous woman walked in.

The gorgeous woman's eyes lit up when she saw the gorgeous decorations in the private room and the fairy-like clouds outside the French window.

"Brother Wenjie, this private room is so beautiful," she said coquettishly. "If I eat here, my appetite will definitely be very good." "I think you should take a look at

As she spoke, she started rubbing against Fang Wenjie's body again.

"Alright, then we'll eat here." Fang Wenjie smiled.

Then, he said to Lin Fan, "Bro, I'll take out twice the money to buy the Deep Sea Golden Gall and Giant Scorpion that you ordered. Also, I'll take out another 100,000 World Coins to get your private room. How about that?"

Fang Wenjie's tone did not contain a trace of inquiry or discussion at all.

He said his words like he was giving out an order.

He was high and mighty, looking down on everything!

Since Xia Xue walked into the Imperial Hotel, the number of people in her live broadcast room had been rising.

At this moment, it had already reached 400,000 people.

After hearing Fang Wenjie's words, the entire live broadcast room was flooded with comments.

Big Ka: [F*ck, this person is so arrogant!]

Chong Yang: [But he has the capital to be arrogant! If I'm not mistaken, he should be the Fang family's young master, Fang Wenjie.]

Hanada Cuo: [Fang family? The Fang family of Dafang Group?]

Little Painter: [That's right! It's the Dafang Group! Last time, I even saw some gossip about him online. Is the person beside him Xiao Xiaoyu? She has more than 20 million fans!]

Happy Family: [I really don't want Xia Xue to give the private room to Fang Wenjie, but he's offering 100,000 World Coins, after all. Besides, the Fang family is so scary... Sigh.]

Fool: [Xia Xue should not force herself considering she's up against such a vicious young master.]

...

Everyone understood that in front of absolute power, one had to lower one's head.

Xia Xue had never encountered such a situation, and she could not help but be nervous and flustered.

Lin Fan gently patted Xia Xue's shoulder and gave her a reassuring look.

Then, he slowly opened his mouth and spat out two words.

"Get out!"

He did not seem to have used too much strength.

However, his voice reverberated in the private room.

Fang Wenjie's face instantly turned ugly.

"What did you say?"

"Scram!" Lin Fan said again.

His voice was like thunder, causing Fang Wenjie and the gorgeous woman's ears to buzz.

Instantly, Fang Wenjie's face sank.

No one had ever dared to speak to him like this.

He was completely enraged!

"Brat, how dare you?!"

Lin Fan raised his brows and said solemnly, "How noisy!"

As soon as he finished speaking, he waved his hand casually.

Fang Wenjie's entire body seemed to have been hit by a car. He flew out and smashed into the wall outside, unable to get up again.

"Ah!" The gorgeous woman was so frightened that she screamed loudly.

Then, she hurriedly ran to Fang Wenjie's side and said, "Brother Wenjia, are you okay?"

At this moment, hurried footsteps sounded in the corridor.

The waiter seemed to have heard the abnormality in the private room and ran over in a hurry.

He first used a very apologetic tone and said, "Mr. Lin, I'm sorry for disturbing your meal."

Then, the waiter looked at Fang Wenjie, who was lying on the ground and unable to get up. He could not help but say in surprise, "Young Master Fang?"

The Fang family had great power, and Fang Wenjie was a regular customer of the Imperial Hotel. The waiter obviously knew him.

"You came just in time. This kid actually dared to attack me. Hurry up! Hurry up and get someone to arrest him!" Fang Wenjie used all his strength to scream hysterically.

Chapter 634 Hello, Mr. Lin; How Should We Deal With This?!

noveLnext.Com

The originally quiet and peaceful 365th floor of the Imperial Hotel quickly became noisy.

The atmosphere was so tense that one could cut it with a knife.

The waiter did not expect this to happen.

When he heard Fang Wenjie's words, his face turned pale and beads of sweat appeared on his forehead.

Fang Wenjie was the young master of the Fang family, and his status was very impressive.

Lin Fan was the most distinguished guest that General Manager Wang You had personally instructed him to serve well.

Neither side could be easily offended.

...

In the live broadcast room.

Big Guai: [F*ck! Awesome! He actually made a move!]

Ruyan of the Past: [He was sent flying with a casual palm strike. Could the guy be a special ability user? Moreover, he's a very powerful special ability user!]

M: [It's over. Mr. Lin is finished. Xia Xue is finished too!] Special ability users are indeed powerful, but the Fang family has them too!]

123 Wooden Man: [The Fang family's power is unimaginable. This young man... is a little impulsive.]

Four Seasons Like Spring: [I want to say that he did a good job! However, my rationality tells me that he shouldn't have picked a fight.]

Menlo: [Xia Xue, be careful.]

Pi: [Even the Fang family can't attack people casually, right?]

M: [Yes, they can't make a move casually, but as long as they find a good enough reason, it'll be easy.]

...

Xia Xue was also scared by the atmosphere of the scene. Her pretty face gradually turned pale, and she did not know what to do.

Lin Fan patted Xia Xue's shoulder and smiled. "Don't worry, it'll be fine."

These words seemed to have a magical power that made her feel extremely relaxed.

At this moment, the VIP elevator not far away rang softly.

Then, a large group of men and women in suits and white shirts walked over quickly.

They were from the Wang family.

When everyone arrived at the private room and saw Lin Fan...

They bowed in unison and said in an extremely sincere and excited voice, "Greetings, Mr. Lin."

This scene shocked the waiter and Xia Xue.

The waiter had seen many members of the Wang family.

In addition, not long ago, he had learned from Wang You's phone call that Lin Fan was a very distinguished guest.

However, he did not expect Wang You to bring over all the core members of the Wang family... Among them, even Wang Qianjin and Wang Zhihai had rushed over. They bowed to Lin Fan and greeted him.

They were Wang Qianjin and Wang Zhihai!

This was simply unbelievable!

Xia Xue, on the other hand, was at a loss.

Although she did not know anyone from the Wang family, just from their temperament, she could feel that they were all extraordinary.

There were so many people, including many elders... They bowed toward Lin Fan.

Lin Fan... was still so young.

What was his identity?

...

In the live broadcast room.

Little Ming: [Can someone tell me what happened here?]

Song: [This... Why are there suddenly so many people here?]

In My imagination: [F*ck! That seems to be Wang You! Wang You is the general manager of the Imperial Hotel! He actually bowed to Mr. Lin? Heavens! Who is he?]

Feng Zhong: [It's not just Wang You! Do you see the two old men in front of him? If I'm not wrong, they should be the previous heads of the Wang family, Wang Qianjin and Wang Zhihai. At the same time, they're also the former general managers of the Imperial Hotel!]I think you should take a look at

Super Dreamer: [Does anyone know who this young man is?]

Love You for Ten Thousand Years: [I don't know why, but I feel like I met a big shot today!]

...

In fact, not only the waiter and Xia Xue were shocked.

Fang Wenjie, who was lying on the ground, was also stunned.

He had never seen Wang Zhihai and Wang Qianjin, but he had seen Wang Dakai, who was standing at the back, and Wang You, the general manager of the Imperial Hotel.

They all bowed and greeted Lin Fan?

Who exactly was Lin Fan?

At this moment, the gorgeous woman standing at the side said, "Brother Wenjie, are your injuries serious? That person is detestable!

"You're the young master of the Fang family. He actually dared to hit you directly.

"Brother Wenjie, you must teach him a lesson."

Then, she looked at the Wang family members who were still bowing at Lin Fan and said, "Brother Wenjie, there are so many of them. Should we call the Fang family now?"

The gorgeous woman obviously did not know Wang You and the others. She just thought that they were Lin Fan's subordinates.

However, she was not afraid.

For a gorgeous woman to have more than 20 million fans, she could be considered to have experienced some things.

At the same time, she was also very clear about how powerful the Fang family was.

Otherwise, she would not have spent so much effort to hook up with Fang Wenjie.

In the eyes of the gorgeous woman, no matter how many people Lin Fan had in front of him, it was useless. They could not compare to the Fang family at all.

After Fang Wenjie heard the gorgeous woman's words, he slowly recovered from the shock in his heart.

That was right.

Lin Fan was the one who made the first move.

Even if he really did have some background, he would still have the advantage.

Moreover, his Fang family might not be afraid of the other party.

In addition, if he did not do anything, the other party would probably think that he was afraid.

Besides, he had a woman beside him.

No matter what, he could not lose face in front of a woman.

Thinking of this, Fang Wenjie's tone became high again. He shouted at the top of his voice, "General Manager Wang, I was beaten up at your hotel. Shouldn't you give me an explanation first?"

Lin Fan looked at Fang Wenjie with interest.

Everyone from the Wang family seemed to have sensed Lin Fan's gaze.

Hence, they all turned to look at Fang Wenjie, who was lying on the ground.

"Who are you?" Wang You asked with a frown. "Why are you here?"

That was because he had already instructed the staff to clear all 365 floors to entertain Lin Fan.

Faced with so many gazes, Fang Wenjie felt inexplicably nervous.

He gritted his teeth and replied, "I'm Fang Wenjie. My father is the chairman of Dafang Group, Fang Zhong."

Fang Zhong's name seemed to bring Fang Wenjie endless strength, making him feel much more relaxed.

Fang Wenjie continued, "My girlfriend and I want to eat Deep Sea Golden Gall and Giant Scorpion, but your hotel only has one serving of them left.

Moreover, they were reserved by this young man.

"Therefore, I went upstairs to buy the Deep Sea Golden Gall and the Giant Scorpion at twice the price.

"Also, I offered 100,000 World Coins for his private room.

"I think I was being reasonable.

"In the end, he didn't agree. He even asked me to get lost. After that, he beat me up with a palm strike.

"General Manager Wang, how should your hotel handle this matter?!"

Chapter 635 Fight; Unbelievable!

Fang Wenjie first mentioned his identity.

Then, he used what he thought was a clever method to push all the responsibility to the hotel and to Lin Fan!

He believed that the Imperial Hotel would definitely make the best choice.

In fact, Fang Wenjie was already imagining the scene of Lin Fan being captured and then being brutally beaten up by him.

Gradually, a cruel smile appeared on Fang Wenjie's face.

...

However, Fang Wenjie's words had a completely different effect to the people present.

Offering twice the price to buy the dishes Lin Fan had ordered?!

Also, he wanted to use 100,000 World Coins to get Lin Fan's private room?!

The Fang family? Dafang Group?

What guts!

Wang You, Wang Qianjin, Wang Zhihai, and the other family heads of the Wang family all had extremely ugly expressions.

Wang Zhihai, who was wearing a white training suit, said coldly, "Explanation? You deserve a beating!"

As soon as he finished speaking, Wang Zhihai took a step forward. He was seemingly slow but actually fast.

In the blink of an eye, he arrived in front of Fang Wenjie and kicked twice.

Fang Wenjie's legs broke with a crisp sound.

At the same time, a blood-curdling scream echoed on the 365th floor of the Imperial Hotel.

...

In the live broadcast room.

Fallen Leaves: [Did he make a move?]

Forget: [That's the young master of Dafang Group. From the looks of it... his legs are broken?]

Shura: [This old man seems to be the grandfather of the current general manager of the Imperial Hotel, Wang You. He's actually a powerful special ability user.]

Everyone's Hobbies: [Not only was the young master of the Dafang Group beaten up at the Imperial Hotel, but his legs were also broken by the old master of the Wang family. Now, the Fang family and the Wang family are in trouble.]

Song Ren: [Old Master Wang actually beat up Fang Wenjie because of that young man. Who exactly is that young man?]

...

Countless comments kept rolling.

Everyone was shocked.

...

Wang Zhihai was completely unaware of the situation in the live broadcast room.

He used his indifferent eyes to glance at the gorgeous woman standing beside Fang Wenjia. She was so frightened that her face instantly turned pale and she fell to the ground weakly. Cold sweat rolled down her face as her entire body trembled.

It was terrifying.

Wang Zhihai did not attack her. Instead, he turned around and walked back. He bowed and continued to speak in an extremely respectful tone, "Mr. Lin, I'm sorry to disturb you."

Lin Fan waved his hand and said, "It's fine. It's just the barking of a mad dog. Just throw him out."

"Yes," Wang Zhihai said.

Under the watchful eyes of everyone in the live broadcast room, several members of the Wang family dragged Fang Wenjie, who was still screaming miserably, into the elevator by his limbs.

The 365th floor of the Imperial Hotel quickly quieted down.

"Is our food almost ready?" Lin Fan asked as if nothing had happened.

Wang Zhihai did not say anything and turned to look at the waiter beside him.

The waiter was already shocked by what had happened in front of him.

After a while, he noticed Wang Zhihai's gaze and hurriedly said, "It should be done soon. I'll help you urge the chefs."

As he spoke, he quickly walked to the side and picked up his phone to make a call.

After a while, three chefs quickly walked over with fresh ingredients.

Very soon, the colorful and fragrant delicacies were served on the table one after another.

Lin Fan took a whiff of the fragrance and nodded. "It looks pretty good."

Then, he said to Xia Xue, "Xia Xue, try it."

"Ah... Alright, alright," Xia Xue stuttered. I think you should take a look at

She slowly picked up her chopsticks and put the red meat into her mouth.

Soon, Xia Xue's beautiful eyes lit up as she sincerely praised, "Delicious!"

Lin Fan looked at how happy she was and was extremely happy as well.

He picked up a piece of meat and golden sea urchin.

"This tastes good too."

Xia Xue ate the sea urchin as well.

The two of them ate for nearly an hour, and their stomachs became round.

At this time, the sky was gradually darkening. Through the floor-to-ceiling windows, one could easily take in the night view of Jiangbei.

After eating and drinking to their fill, they looked at the beautiful scenery. It was truly a great enjoyment.

When Lin Fan pushed open the door, Wang Zhihai, Wang Qianjin, Wang You, and the other core members of the Wang family were all waiting outside like loyal servants.

When they saw Lin Fan, they bowed and greeted him respectfully.

Lin Fan nodded. "Help me prepare a room. I'm going to take a shower and rest."

Strictly speaking, it had been over a thousand years since Lin Fan had bathed and slept in a bed.

His body was not dirty.*novelnext.com*

Sleeping was just a method to get rid of the waste in the human body and recover the human body's skills,

And with Lin Fan's physique, he did not even need to sleep to achieve those things.

However, Lin Fan still wanted to take a shower and sleep on the bed.

It was the experience that mattered.

Then, Lin Fan asked, "Xia Xue, do you want to stay here together?"

Xia Xue's pretty face flushed as she stuttered, "I... I still have something to do back at school, so I won't be staying."

Lin Fan nodded. "Okay, send Xia Xue to Jiangbei University."

"Yes," Wang Haizhi said excitedly.

Excited?

That was right!

Excitement!

To Wang Zhi Hai, being able to do something for Lin Fan was an extremely glorious thing.

This was the Wang family's ancestral teachings!

When Xia Xue came downstairs to the Imperial Hotel, a super luxury hover car was already waiting at the door.

The waiter opened the door for Xia Xue and said respectfully, "Miss Xia, please."

Xia Xue was amazed by the appearance of the hover car.

After a while, she came back to her senses and said, "Ah... Alright, alright."

The exterior was stunning, and the interior was unbelievably luxurious.

It was spacious, with soft and comfortable leather seats, soft lighting, high-end drinks, as well as desserts... It was like a moving castle. How fascinating!

The car sped all the way. Xia Xue did not feel any acceleration, deceleration, or bumps.

When the car door opened again, Xia Xue found that she had appeared in front of the gate of Jiangbei University.

This feeling was as if she had just traveled through space. It was extremely magical.

Xia Xue was stunned for a moment, and then she said to the driver, "Thank you."

"It's my honor," the driver said respectfully.

After the super luxury car drove off, Xia Xue remembered that she was still broadcasting.

She quickly picked up the foldable monitor.

The next moment, she was completely stunned.

In this live broadcast, Xia Xue was completely different from before. Usually, she was always interacting and communicating with her fans. She even showed her talents.

Hence, Xia Xue was already prepared for her popularity to drop after this.

However, at this moment, the number of people online in the live broadcast room had actually reached 2.1 million!

It was simply unbelievable!

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 636 Anger; Revenge!

Even for some super internet celebrities, 2.2 million online users was a very impressive number.

What was more, Xia Xue was not a super internet celebrity.

In fact, she was not even a professional streamer. She only broadcasted in her free time after school and holidays.

Under such circumstances, getting 2.2 million viewers was even more impressive.

At this moment, countless comments filled the live broadcast room.

The Person in My Heart: [I've learned a lot today.]

I'm At Home: [Imperial Hotel is the greatest of all time.]

Yours is Mine: [So, has anyone found out who that young man is?]

Clenching Fist: [Ah, Xia Xue finally turned the camera over.]

Nothing Is Difficult in the World: [Xia Xue, you're so beautiful.]]

...

Seeing this, Xia Xue smiled and said, "Thank you for your praise."

After the audience heard Xia Xue's voice, there were even more comments.

Low-Key Not Bro: [Xia Xue, you finally spoke. Why didn't you stay at the Imperial Hotel just now?]

???: [I like Xiao Xue very much, but this time, I also think that Xiao Xue should've stayed.]

Zhao XX: [Xiao Xue, do you know how much that meal just cost? At least 100,000 World Coins!]

Guardian: [100,000 World Coins? That car just now cost 30 million World Coins!]

Long-Legged Beauty: [Xia Xue missed a chance to turn into a princess. Moreover, that guy is so handsome!] *noveLnext.Com*

Lang Lang: [What a pity, what a pity.]

Words From the Roadside: [Xia Xue, how do you know that young master? Please introduce me!]

Who Am I: [Yeah, who is that young master? Introduce him to me. I've never seen such a handsome person.]

...

Xia Xue looked at the comments and was slightly stunned.

Then, she coughed lightly and said, "Uhh... It's getting late. Today's live broadcast ends here. Thank you for your time. See you next time."

Qing Tian: [Don't go offline!]

Song: [Xia Xue, please continue the live broadcast.]

Lights of Ten Thousand Families: [Tell me who that young man is before you go offline.]

...

However, Xia Xue did not seem to see the comments and directly closed the live broadcast room.

She turned around and looked at the straight road. Lin Fan's tall and handsome figure appeared in her mind.

Yes, he was very handsome.

After a while, Xia Xue shook her head hard. She finally withdrew her thoughts and walked toward Jiangbei University.

....

In Jiangbei, there was a European-style castle that occupied an area of about 80,000 square meters.

Ordinary people were not allowed to approach at all. They did not know who built this castle and thought it was an unopened scenic spot.

However, some of the upper echelons knew that this castle belonged to the Wang family.

It was said that the Wang family had a history of nearly a thousand years.

They had endless wealth and were one of the few families that controlled mines.

Everyone in this castle, be it servants or masters... Their lives were comfortable and leisurely.

This was the power that a powerful foundation and strength gave them.

However, today, the entire castle was filled with a different kind of urgency.

At this moment, the current head of the Wang family, Wang Hao, the previous heads, Wang Ziyun, Wang Yue, Wang Qi, and many other core members of the Wang family were gathered.

There were six generations of the family present!

A thousand years ago, it was very rare for four generations to live under the same roof.

However, after a thousand years, both the environment and medical technology had greatly improved, which greatly increased the lifespan of people.

Now, four generations living together had become a common phenomenon, and five generations living together was also considered normal.

As for the Wang family, which had endless wealth and power, they had reached the point where six generations were under the same roof.

Wang Qi said in a slightly hoarse voice, "Is everyone here?" I think you should take a look at

Wang Hao, who was at the side, hunched over and said, "Everyone is here."

"Remember, when you see Mr. Lin tomorrow, we must be respectful!" Wang Qi glanced around and said.

"Yes, Sir!" everyone said in unison.

At this moment, Wang Hao's phone rang.

"Grandpa, Mr. Lin seems to have appeared on a live broadcast," Wang Hao said anxiously.

"Live broadcast?" Wang Qi was puzzled. "Let's take a look."

"Alright," Wang Hao said.

Then, a high-definition 3D projection appeared in the spacious hall.

"I'll take out twice the money to buy the Deep Sea Golden Gall and the Giant Scorpion you ordered. In addition, I'll offer another 100,000 World Coins for your private room. How about it?"

...

"Brat, how dare you?!"

...

"General Manager Wang, how will your hotel handle this matter?!"

...

Seeing this...

Wang Qi, who had always been calm and collected, suddenly showed a cold gaze as he said sternly, "Impudent!"

His voice was not loud.

However, it made everyone present shiver in fear.

The temperature of the entire hall seemed to drop to freezing point in an instant.

"He insulted Mr. Lin and deserves to be exterminated!"

...

Almost at the same time, the direct descendants of the ancient Zhang family, the ancient Ran family, and the ancient Ma family were also gathered together. They watched the same live broadcast.

...

On the other hand, in the Fang family.

Fang Wenjie lay on lifelessly, unable to move at all.

Li Weiwen, who had heavy makeup on, looked at his pitiful appearance and shouted, "Who is it? Son, who beat you up like this?"

Fang Wenjie said with difficulty, "It's the Wang family."

At this moment, Patriarch Fang Lei walked in.

"Fang Lei, what are you still doing here?" Li Weiwen immediately cried. "Why aren't you taking revenge for your son? Look at how badly he's been beaten!"

At this moment, Fang Lei's expression was extremely ugly.

Firstly, Fang Lei only had one son. He usually doted on Fang Wenjie very much and had never been willing to hit him.

But now, his legs had been broken!

Secondly, he knew what had happened. His son had already reported his name, but in the end, his legs were still broken.

This was twice the humiliation, and it even happened in public.

How hateful!

"Don't worry, I'll definitely make them pay the heaviest price!" Fang Lei said.

"The Imperial Hotel? Humph!"

As he spoke, he picked up his foldable phone and dialed a number.

However, no one picked up the phone after a long time.

Fang Lei could not help but frown.

At this moment, the call was returned.

Before Fang Lei could speak, an extremely urgent voice sounded from inside.

"President Fang, bad news. Dafang Group's shares have suddenly been sold off in large quantities. The share price has already plunged by 20%!"

"In addition, Shunli Express, Wanjia Group, Hengfeng Group... All of them have severed their cooperative relations with us.

"Just now... the World Bank informed us that they'll stop lending us money.

"The Xia Alliance also wants to investigate our taxes. President Fang, think of a solution! I'll hang up first."

Chapter 637 Meeting Wang Fengyi; Unsealing!

The share price plunged by 20%!

Shunli Express, Wanjia Group, Hengfeng Group... These were all very large enterprises, and many of them had close cooperative relations with Dafang Group.

Now, they had all canceled their cooperation?

This was definitely not a small loss for the Dafang Group.

In fact, the loss was much greater than what it appeared to be on the surface.

With so many big companies breaking off their cooperation at the same time, it might cause some kind of chain reaction. This was the most terrifying thing.

noveLnext.Com

The World Bank had also stopped lending them money!

Although Dafang Group had a huge business, its cash flow was still relatively limited.

Most of the raw materials, labor, bases, and so on were all dependent on the World Bank's huge loans.

Now, the World Bank had suddenly stopped lending them money. It was as if the Dafang Group had been strangled by the neck, making them completely unable to breathe.

The company's taxes would also be investigated.

A thorough investigation of taxes was a very normal thing to do.

This was the law that all companies should abide by.

There would be a review at least once a year.

In the past, Fang Lei did not pay much attention to it.

But today, he was extremely flustered.

This was because there was indeed a problem with his taxes, a deeply hidden problem.

Fang Lei had a very bad feeling. Perhaps, they would find something wrong after checking.

And once the problem was discovered, then...

A thin layer of sweat gradually appeared on Fang Lei's forehead.

Then, he quickly made another call.

A moment later, the call was finally connected.

"Boss He..." Fang Lei said.

However, before he could finish, a low voice sounded from the other end.

"Fang Lei, what have you done?"

"Damn it! Now, the Wang family, the ancient Zhang family, the richest Ma family, and the giant Ran family... have all issued a ban on you!

"In this kind of situation, you still called me! Are you trying to drag me down with you?"

After saying that, he abruptly hung up the phone.

A hurried busy tone echoed in Fang Lei's ears.

He was completely stunned.

The Wang family, the Zhang family, the Ma family, and the Ran family... Which one of them was not a terrifying existence like a giant?

They were all targets that he looked up to.

In the end, they all issued a ban on him?

Fang Lei's face turned pale. He was panicking and terrified to the extreme.

It was over!

Dafang Group was finished!

The Fang family was finished!

But why?!

At this moment, Li Weiwen shouted, "What's going on? Say something! When will you avenge your son? You've been standing there like a fool!"

Revenge for his son?

Son?

Imperial Hotel?

That young man?

At this moment, Fang Lei suddenly connected everything together.

It was him!

It was him!

All of this was caused by him!

Fang Lei's entire body was burning with rage at the thought of this.

"What are you shouting for?" Fang Lei shouted sternly. "It's all your fault for spoiling him like this!"

Then, he kicked Fang Wenjie in the stomach and shouted, "Bastard!"

"Ah!"

Immediately, a series of miserable howls rang out in the luxurious villa.

...

Lin Fan was completely oblivious to all of this.

At this moment, he had already arrived at the luxurious presidential suite of the Imperial Hotel.

Taking advantage of the time when the bathtub was filling up with hot water, he moved his mind slightly and the space shook.

In the next moment, Lin Fan appeared at Jiangbei University.

At this moment, a black watch was shining.

When Lin Fan appeared, the black watch let out a cheerful sound.

"Master, I finally get to see you again."

It was the super smart watch Little White.

"Sorry for the long wait," said Lin Fan.

As soon as he finished speaking, Lin Fan picked up Little White and put it back on his wrist.

Then, the surrounding space shook slightly.

In the next moment, Lin Fan returned to the luxurious presidential suite of the Imperial Hotel.

At this moment...

The spacious bathtub was filled with water.

The air was filled with a pleasant fragrance.

Lin Fan took off his clothes and lay in the bathtub. His face revealed a relaxed and content expression that had not been seen in a long time.

Most people would only stay in the bathtub for half an hour at most.

After half an hour, their skin would wrinkle or the hot water would turn cold.

However, Lin Fan's physique was far superior to normal people. Naturally, he was not worried about his skin getting wrinkled.

Moreover, he also had Perfect Water Control Technique.

There was no need to worry about the hot water becoming cold either.

That was because Lin Fan had Perfect Fire Control Technique. With a single thought, he could heat the water to any temperature.

Lin Fan stayed in the bathtub for a full two hours before he slowly climbed out.

Then, he lay down on the soft bed that he had not seen for a long time and fell asleep.

...

In the blink of an eye, it was the second day.

When Lin Fan pushed open the door of the luxurious suite, there was already a waiter waiting at the door.

"Mr. Lin, do you wish to have breakfast now?" he asked respectfully."

"Yes," Lin Fan said.

"Got it," the waiter said.

Not long after, Flying Gold Sparrow Bun, Pan-Fried Red Beef, Golden Pancake, Pearl Meat, and Silky Soup were served...

All the food was made from exotic beasts and plants. Coupled with the meticulous cooking of top-notch chefs, every dish was incomparably delicious.

After eating, Lin Fan nodded his head in satisfaction and said, "Not bad."

At this moment, someone knocked on the door.

"Come in," Lin Fan said.

Then, Wang Zhihai, Wang Qianjin, Wang You, and the others all bowed and walked in respectfully.

638 Meeting Wang Fengyi; Unsealing! (2)

"Hello, Mr. Lin."

Lin Fan nodded. "Yes, hello."

"Are you satisfied with this place?" Wang Zhihai asked.

"The food, the environment, and the decorations are all good," Lin Fan said.

Wang Zhihai, as the old head of the Wang family, had heard countless flattering words in his life.

But now, after hearing Lin Fan, who looked like a young man in his 20s, give a few simple words of praise, his entire face turned red.

"Mr. Lin, thank you for your praise," Wang Zhihai said excitedly. "Our Wang family has always adhered to the teachings of our ancestors and worked hard to build the Imperial Hotel into a more popular and high-end hotel... In this way, we could welcome your return with a better appearance.

"Now that I have your approval, it's really, really great!"

Wang Zhihai's words were very sincere. It could even be said that they came from the bottom of his heart.

Lin Fan nodded his head.

Then, the two of them had a short conversation about the situation at the Imperial Hotel.

At this moment, Wang Zhihai seemed to have thought of something and said, "The reason why our Imperial Hotel could reach its current state was entirely due to your trust in our Wang family, as well as the planning and implementation of our ancestor, Wang Fengyi..."

"Wang Fengyi was always worried about you. When his life was about to end, he sealed himself in a hibernation chamber and left a will. Only when you appeared could the hibernation chamber be opened... I wonder, are you willing to meet Wang Fengyi?"

...

Speaking of Wang Fengyi, Lin Fan could not help but think of that man who was always smiling, capable, and efficient.

Frozen in a hibernation chamber?

From a certain perspective, Wang Fengyi was the first old friend he had heard of after a thousand years.

Lin Fan nodded. "Alright, let's go and meet him."

"Thank you, Mr. Lin," Wang Haizhi said happily.

When Lin Fan arrived at the entrance of the Imperial Hotel, there was a long line of luxurious hover cars waiting outside.

The passersby in the distance all stopped and looked at him, sighing from time to time.

Lin Fan boarded the hover car at the front. The car drove through a winding road, a beautiful path lined with greenery, and a clear bridge over the river.

Finally, he arrived in front of an extremely spacious manor with beautiful scenery.

This was the Wang family's courtyard. *nOVeInext.CO*mm

Under the introduction of Wang Zhihai, Wang Qianjin, Wang You, and the others, Lin Fan moved forward.

A moment later, Lin Fan arrived at a steel laboratory underneath the courtyard.

In front of the laboratory door, there were a few big words - 'Hibernation Chamber 0

Yesterday, Lin Fan had learned from the super smart watch that 50 years after he touched the ball of light, a scientist named Felian had invented a machine called the hibernation chamber.

This kind of machine had the special ability to freeze a person and could suspend all life activities in the human body.

Obviously, Wang Zhihai had chosen this method.

However, later research found that this method of freezing had a huge side effect.

That was, once the human was thawed, the organs and body of the human body would not be able to withstand it. The individual would die in a very short period of time.

Because of this flaw, the hibernation chamber technology was later banned from use worldwide.

At this moment, two medical staff in protective clothing were standing in front of the door.

When they saw Wang Haizhi and the others, they greeted them one after another, "Hello, Mr. Wang."

It was very simple to greet the Wang family.

They directly addressed all of them as Mr. Wang.

The women were directly addressed as Madam Wang.

They could not go wrong by doing this.

"Open it." Wang Haizhi nodded.

"Yes," the two of them responded.

The door slowly opened, and a bone-piercing chill spread out, making people involuntarily shiver.

At this moment, an old man with white hair, age spots all over his face, and no teeth in his mouth was frozen in a transparent container without moving.

Even though he was already very old, Lin Fan could still recognize him easily. That was Wang Fengyi.

When Wang Haizhi saw Wang Fengyi, his face could not help but reveal a hint of excitement.

This was his ancestor, the great existence who had led the Wang family to glory.

Everyone in the Wang family had grown up listening to his deeds, and there was almost no one who did not admire him.

Now, he could see the man with his own eyes.

They might even be able to exchange a few words.

How could Wang Haizhi not be excited?

After a while, Wang Haizhi suppressed the excitement in his heart and asked respectfully, "Mr. Lin, what do you think of the idea of unfreezing him now?"

When he said this, Wang Haizhi's face revealed a touch of sorrow.

It was because once Wang Fengyi was unfrozen, he would soon die for good.

"Okay, let's do it." Lin Fan nodded.

His expression and tone were very calm.

It was as if he did not know the consequences of unfreezing Wang Fengyi.

With a soft sound, the frozen container began to melt quickly.

After about 30 minutes, it turned into a green solution.

Then, Wang Fengyi, who had a head full of white hair, suddenly opened his eyes and popped his head out of the solution.

He lay beside the container and panted heavily, as if he could die at any moment.

About a minute later, Wang Fengyi finally caught his breath.

He used his turbid eyes to scan his surroundings.

Soon, his gaze landed on Lin Fan.

Instantly, Wang Fengyi became extremely excited and shouted, "M- Mr. Lin, you're back!

"I knew it. I knew you'd definitely come back."

Perhaps it was because he was too excited or because of the hibernation chamber's side effects, Wang Fengyi suddenly could not breathe. His entire face was deathly pale, as if he would faint at any moment.

Seeing this...

"Doctor!" Wang Haizhi shouted anxiously. "Doctor, hurry up!" Lin Fan said, "Don't worry."

As soon as he finished speaking, Lin Fan waved his hand casually.

A gentle green light spread out and instantly enveloped Wang Fengyi.

[Skill: Perfect Radiance of Life.]

Soon, Wang Fengyi regained his breathing. His originally sallow face had an additional tinge of red.

Then, Wang Fengyi's white hair started to turn black.

Immediately after, his skinny body plumped up.

When Wang Fengyi entered the hibernation chamber, he was already a 110-year-old man.

However, at this moment, he looked like a young man in his 40s.

Wang Haizhi, who was beside him, saw everything.

His eyes widened in disbelief.

With just a raise of Lin Fan's hand, Lin Fan could heal the person who walked out of the hibernation chamber and make him return to his youth!

This...

What kind of power was this?

It was a miracle!

In the past, Wang Haizhi had often heard of Lin Fan's legends.

However, there were no videos or images of Lin Fan.

Therefore, Wang Haizhi only treated them as legends and did not take them to heart.

At this moment, he suddenly felt... Perhaps, those were not legends at all but things that really happened!

...

As for Lin Fan, his expression was still as calm as ever.

Wang Fengyi looked at his hands that had become stronger and said excitedly, "Thank you, Mr. Lin. Thank you!"

Clearly, he knew that this was Lin Fan's doing.

Only Lin Fan could possess such a powerful ability.

Lin Fan waved his hand and said, "It's rare to see a friend from back then. I'm just helping out a little.

"This is definitely a small favor in your eyes, but it saved my life!" Wang Fengyi said. "I don't know how to thank you, but I'll definitely serve you well like I did back then!"

His tone was extremely serious and sincere.

Obviously, those were his true thoughts.

However, Lin Fan did not care too much about it. He said, "Oh right, this is Wang Haizhi, the grandfather of the current general manager of the Imperial Hotel."

When Wang Haizhi heard Lin Fan's words, he finally recovered from his shock.

"Wang Haizhi, kneel down and kowtow to your ancestor!" he said excitedly. A white-haired old man kowtowed to a middle-aged man with black hair and called him his ancestor...

This scene was really strange.

However, everyone present felt that it was only natural.

639 With Lin Fan as the Master; Xia Xue Does a Live Broadcast Again!

In the Wang family's history, Wang Fengyi was the creator of the Wang family's glory and the one who paved the future!

He was the soul of the entire Wang family!

At this moment...

Wang Fengyi was also sizing up Wang Zhihai. He nodded slightly and said, "What era is it now?"

"Ancestor, today is August 27th, 3020," Wang Zhihai hurriedly said.

"Year 3020. In the blink of an eye, a thousand years have passed."

"Wang Zhihai, you have to remember this!" Wang Fengyi said solemnly. "The Imperial Hotel and the entire Wang family were able to develop to their current state because of Mr. Lin!

"Everything in the Wang family belongs to Mr. Lin. All members of the Wang family must obey Mr. Lin's orders and serve Mr. Lin as their master!"

"Yes!" Wang Zhihai replied respectfully.

Lin Fan did not mind the Wang family's words at all.

As for the order, he did not take it to heart.

That was because with Lin Fan's strength and power, he could easily get whatever he wanted.

Today, the entire Wang Manor was decorated with lanterns and streamers. It was filled with joy. An incomparably luxurious banquet was held, and the atmosphere was extremely warm.

It was because Lin Fan, the head of the Wang family, and Wang Fengyi, the ancestor of the Wang family, were all present!

...

In the blink of an eye, it was the second day.

After returning from the Imperial Hotel the day before yesterday, Lin Fan's figure kept appearing in Xia Xue's mind for some reason.

Lin Fan's handsome face, his strong body, every word he said, and every action he made...

As a result, Xia Xue tossed and turned all night. She was unable to sleep.

The next day, she lay in bed for an entire day before she regained some of her energy.

After Xia Xue had breakfast, she casually strolled around.

After crossing the wide road and luxurious streets, she arrived at the downtown area.

Neon lights flashed, and laughter resounded. The place was filled with the smell of fireworks.

When Xia Xue gently sniffed, she suddenly smelled a tempting fragrance.

She looked ahead and saw a warm and trendy shop not far away- Yuesse Snow Tea.

In front of the shop, there was a long line of nearly a hundred people.

Even though the queue was long, no one chose to leave. *nOVeInext.CO*mm

In fact, there was even an endless stream of people coming to join the queue.

This was the charm of Yuesse Snow Tea's unique taste!

In today's world, many things such as food and tea could be produced by machines and androids.

However, there were also a few unique products that required manual production. Yuesse Snow Tea was one of them.

Xia Xue murmured, "How did I come here? It seems that there are quite a number of people who want to drink Yuesse Snow Tea. I'll film myself drinking it for them."

While talking, Xia Xue also joined the queue.

After thinking for a moment, she took out the foldable display and turned on the camera.

After a while, Xia Xue's delicate face appeared in the live broadcast room.

The number of viewers rose rapidly, and the comments kept appearing.

Divine Weapon Descends: [Xia Xue is finally streaming again.]

Flower: [Xia Xue is still as beautiful as before!]

High Spirits: [Xia Xue, tell me who Mr. Lin is.]

Moon in Water: [Xia Xue, do you know? Dafang Group had already collapsed.

Was this done by Mr. Lin's family? Is he that strong?]

Han: [F*ck! Dafang Group collapsed?]

My Heart: [What Dafang Group? What Mr. Lin? Also, Xia Xue, how did you suddenly become so popular? Did I miss something?]

...

In fact, it was not just the audience who were surprised but Xia Xue too.

Her beautiful eyes were wide open, and her face was filled with disbelief.

She was studying at Jiangbei University, so she had naturally heard of Dafang Group.

It was a large group that focused on electronics, tourism, chemicals, culture, entertainment, and many other industries. Its market value even exceeded ten billion World Coins!

In the end, it collapsed?

In just two short days, it collapsed?

If this was really Lin Fan's doing, then... Then what was his identity?

Suddenly, Lin Fan's handsome figure appeared very clearly in Xia Xue's mind. Moreover, Lin Fan's figure was getting bigger and bigger! It bloomed with an incomparably dazzling light!

At this time, a slightly impatient voice came from behind Xia Xue.

"Those in front, hurry up and walk!"

It turned out that Xia Xue had been in a daze for too long, and there was already a big gap between her and the person in front.

Xia Xue reacted and said, "I-I'm sorry."

She quickly took a few steps forward and said to the camera, "Welcome to Xia Xue's live broadcast room.

"Last time, I tried the delicacies of the Imperial Hotel on behalf of everyone.

"I have to say, the Imperial Hotel is indeed a world-renowned nine- star hotel. The interior is naturally high-end and luxurious to the extreme...

"The private room on the 365th floor makes people feel like they're in a palace in the clouds. Standing in front of the floor-to-ceiling window, you can easily take in the beautiful scenery of Jiangbei!

"As for the delicacies of the Imperial Hotel, every dish tastes excellent and distinct. The food's so delicious that I almost bit my own tongue...

Xia Xue could not help but swallow her saliva as she spoke.

Obviously, she was thinking about the delicious food at the Imperial Hotel again.

At this moment, a different voice sounded behind her.

"Ha! Trying the delicacies of the Imperial Hotel in a private room on the 365th floor? You make it sound like it's real. There should be a limit to bragging"

...

In the live broadcast room...

Deep Love: [Who's talking?]

Wind: [How annoying.]

Da Xiong: [He was so fierce just now, and now he's saying such things! How infuriating!]

Crescent Moon: [How rude! Besides, what does it have to do with him whether others went to eat there or not?]

Who Are You: [I haven't encountered this kind of person. Otherwise, I would've taught him a lesson!]

...

Not only was the audience unhappy, but Xia Xue was also a little unhappy.

She slowly turned around and said in a somewhat impolite tone, "I'm just talking about the Imperial Hotel. I shouldn't have disturbed you, right?"

It was a man with a pointy mouth and ape-like cheeks. He wore a checkered shirt.

When he saw Xia Xue's face, his already small eyes narrowed into a thin line.

The monkey-faced man chuckled. "Actually, if you really want to go to the Imperial Hotel, I can take you there.

"By the way, I forgot to introduce myself. My name is Xiong Kai. My father is Xiong Anqing, the department manager of the Imperial Hotel.

"Don't worry, it's absolutely easy for me to bring you in. It's not even difficult to eat inside."

As Xiong Kai spoke, he could not help but raise his neck.

It was as if he had revealed his identity as the crown prince.

Now, he was just waiting for Xia Xue to have stars in her eyes and start to worship him.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 640 Staff Delivers Tea; Apologizes!

Some people were just like that. They often thought that they were superior. Little did the man know that his actions were just a joke in the eyes of many people.

Xia Xue frowned slightly. "It has nothing to do with you whether I've been to the Imperial Hotel or not. In addition, if I want to go, I'll go myself!"

"Don't be so quick to reject me so." Xiong Kai chuckled and said, "Why don't exchange contact information first and get to know each other better in the future?"

After that, Xiong Kai reached out to take Xia Xue's phone.

"What are you doing?" Xia Xue shouted.

As soon as she finished speaking, she raised her hand and swatted Xiong Kai's arm away, which made a clear sound.

"If you continue acting like this, I'll call the police!"

Xiong Kai's expression turned extremely ugly.

She hit his arm and even said she was going to call the police?

He seemed to feel that he had been greatly provoked and mocked her, "You said you went to the 365th floor of the Imperial Hotel for dinner? Who do you

think you are? Ever since the establishment of the Imperial Hotel, it has never entertained anyone on the 365th floor!

"And if you really went to the 365th floor of the Imperial Hotel to eat, why would you be lining up here to buy Yuesse Snow Tea? The employees will send the drinks directly to you!"

After that, Xiong Kai sneered at Xia Xue.

He knew that Xia Xue seemed to be broadcasting live.

Now, there should be some audience members.

Xiong Kai wanted to expose Xia Xue in public!

Since he could not get her, she had to be punished!

At this moment, a deep voice suddenly sounded from the side.

"You're right. Yuesse Snow Tea should send the drinks over."

Xiong Kai and Xia Xue heard this and turned to look.

They saw a tall and handsome figure appear beside them.

It was Lin Fan!

For some reason, Xia Xue, who was originally a little angry, felt her anger instantly dissipate when she saw Lin Fan.

What replaced it was happiness, joy, and excitement!

Lin Fan smiled at Xia Xue and asked, "Xia Xue, what drink do you want to get?"

Xia Xue was a little stunned. "Uh... Ice... Ice Queen."

Then, Lin Fan raised his super smart watch and said, "Get me two cups of Ice Queen."

"Yes, Master!" The super smart watch made a crisp sound.

1,000 years ago, Lin Fan never took the initiative to talk to the super smart watch in front of others.

However, 1,000 years later, not to mention smart watches, even robots could be seen everywhere. Naturally, there was no need to hide from others.

After a while, three slender women wearing the custom-made uniforms of Yuesse Snow Tea walked over with brisk steps.

When they arrived in front of Lin Fan, they all bowed and said respectfully, "Hello, Mr. Lin. Here are two cups of Ice Queen for you."

This scene made Xia Xue and Xiong Kai, as well as everyone in the queue, open their mouths wide in disbelief.

One had to know that this was Yuesse Snow Tea!

Even some bosses with a net worth of more than ten million had to queue up in advance if they wanted to have a sip of a drink from Yuesse Snow Tea.

When had they ever seen Yuesse Snow Tea's staff personally deliver the drinks to them? Furthermore, three employees carried the drinks over and served them to a person with such respectful attitudes.

Lin Fan did not mind at all. He took a cup and said, "The other cup is for this lady."

Thus, the staff of Yuesse Snow Tea handed the other cup to Xia Xue.

Xia Xue was stunned for a while before she slowly reached out and said, "Thank... Thank you."

The staff of Yuesse Snow Tea, who were standing at the front, said, "You're welcome. It's our honor to make drinks for you."

Honor?

That was right! I think you should take a look at

It was an honor!

Because they had just received a call from the headquarters and knew that this young Mr. Lin was the real boss of Yuesse Snow Tea!

If this beauty was with Mr. Lin, even if they were just ordinary friends, it was definitely worth it for them to curry favor with her.

If she was Mr. Lin's girlfriend...

Thinking of this, the staff became even more respectful.

Then, Lin Fan looked at Xiong Kai again and said, "Your father is Xiong Anqing, a manager of the Imperial Hotel?"

Xiong Kai opened his mouth, but no words came out.

Lin Fan did not ask him any more questions. He raised his super smart watch and said, "Verify the information."

The super smart watch did not take long at all and said directly, "Yes, his father, Xiong Anqing, was promoted to a manager of the Imperial Hotel two months ago."

"Fire him," Lin Fan said.

"Yes, Master," the super smart watch said.

Xiong Kai seemed to have finally reacted and said, "You... You're joking, right?"

At this moment, Xiong Kai's phone suddenly rang.

He looked at the caller ID. For some reason, he suddenly had a very bad feeling.

He hesitated for a long time before he finally reached out with trembling fingers and pressed the answer button.

The next moment, a 3D projection of a bald man in a white shirt appeared in front of him.

The bald man said hysterically, "Xiong Kai, tell me, what the hell did you do?" *nOVeInext.COM*

Xiong Kai stammered, "I... I didn't do anything."

"You didn't do anything?" the bald man shouted.

"I'm telling you, the general manager just called me personally to tell me that I'm fired!

"That's the general manager of the Imperial Hotel! I've only seen him from afar a few times!

"In the end, he called me personally!

"Do you know how much I paid to become a department manager?!"

The bald man sputtered out saliva while talking, his entire face red with anger.

Obviously, he was extremely angry.

"I'll deal with you later, you bastard!"

After saying this, the bald man hung up the phone.

Xiong Kai's face was deathly pale.

His father's job at the Imperial Hotel was gone!

The reason why he was able to live so comfortably was entirely because of his father's high salary.

What should he do in the future?

He still had a mortgage, a car loan, and a credit card...

In addition, his father was going to teach him a lesson later...

He would definitely be very miserable...

Thinking of this, Xiong Kai's face turned even paler.

Then, he seemed to have thought of something and turned his gaze to Lin Fan.

Xiong Kai bent his legs and knelt on the ground. He kowtowed to Lin Fan and shouted, "I'm sorry, I'm sorry... I was blind just now. I beg you, please forgive me... Please, let me go..."

"My father can't give up his job at the Imperial Hotel..."

However, no matter how Xiong Kai kowtowed and apologized, Lin Fan's expression did not change at all.

Then, Xiong Kai kowtowed to Xia Xue. "I beg you, let me go. I'll kowtow to you, I'll kowtow to you..."
