# RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

He was even banging his head on the ground.  $\mathcal{N} \circ V e \ln \varepsilon xt. c \mathcal{O} m$ 

Seeing this...

Xia Xue could not help but be at a loss. She had never encountered such a thing and quickly looked at Lin Fan for help.

Lin Fan gently patted Xia Xue's slender shoulder and said, "I've bought the milk tea. Let's go."

"Ah... Ah... Alright," Xia Xue replied.

Xiong Kai heard this and hurriedly said, "I beg you, please spare me..."

As he spoke, he moved to hug Lin Fan's and Xia Xue's feet.

At this moment, Lin Fan swept his gaze over coldly.

This sweep seemed to have completely frozen Xiong Kai, making him not dare to move at all.

He even stopped breathing.

Therefore, Lin Fan and Xia Xue continued to walk forward.

. . .

In the live broadcast room....

The dense barrage of comments kept rolling.

World's Best: [So cool!]

Rain Continues: [He's right. Yuesse Snow Tea should indeed send the drinks over! He even got someone fired! He's so handsome, just like the male lead in those movies!]

Blooming Flowers: [Not only is he handsome, but he's also domineering! Prince Charming! My Prince Charming!]

Ai Si: [Did you see the way he glanced at Xiong Kai? It scared Xiong Kai silly. It's so awesome!]

Xue Feng: [It's understandable that the Imperial Hotel fired Xiong Anqing because the general manager of the Imperial Hotel and the direct descendants of the Wang family are all very respectful to Lin Fan. Perhaps the Imperial Hotel is indebted to Lin Fan's family or they have shares in the Imperial Hotel.

[But why did the staff of Yuesse Snow Tea bring over two cups of Ice Queen?

[Could it be that Yuesse Snow Tea is also indebted to Lin Fan's family? Or do they have shares?]

Flourish but Not Substantial: [Owns shares of Imperial Hotel and Yuesse Snow Tea at the same time? That shouldn't be possible, right?]

. . .

Impossible?

How would they know that Lin Fan did not just own the shares of Imperial Hotel and Yuesse Snow Tea?

The entire Imperial Hotel and Yuesse Snow Tea belonged to Lin Fan!

Needless to say, the Imperial Hotel had belonged to Lin Fan a thousand years ago.

As for Yuesse Snow Tea, it was formed by the reorganization of two beverage companies, Cha Yue and Snow Tea.

Lin Fan had obtained 51% of Cha Yue's shares a long time ago.

Over the years, under the operation of the super smart watch, he directly obtained all the shares.

Later on, Snow Tea was acquired.

That was how Yuesse Snow Tea was established and became famous around the world.

. . .

At this moment, Lin Fan and Xia Xue were walking on the winding road.

Perhaps it was because the sun was too hot or Lin Fan's masculine aura was too strong, Xia Xue's entire pretty face was still red.

At this moment, Lin Fan said, "If you don't drink it now, it won't taste good anymore."

Xia Xue seemed to just remember that she still had a drink in her hand. She quickly picked it up.

She looked at the little snowman on top of the drink and the snowflakes that were slowly melting like butter. She praised sincerely, "It's so beautiful!"

As she spoke, Xia Xue's beautiful eyes became bright.

"You like snow?" Lin Fan asked.

Xia Xue said, "Yes, it's so pretty when the snowflakes are falling slowly. Moreover, we can have snowball fights and build snowmen when it snows. It's so fun!"

When Xia Xue spoke, the corner of her mouth could not help but rise slightly, as if she was recalling the happy times when it snowed.

However, soon, Xia Xue said, "Unfortunately, it hasn't snowed in Jiangbei for many years."

As soon as she finished speaking, she slowly put the straw into the cup and sucked gently. She praised, "Delicious!"

At this moment, the scorching weather suddenly turned gloomy.

The temperature suddenly dropped.

Then, snowflakes that looked like goose feathers started to fall.

This scene shocked everyone in Jiangbei.

Xia Xue was stunned for a moment, and then she shouted excitedly, "It's snowing!

"It's snowing! It's really snowing!"

As she spoke, she was like a child who had just eaten candy. She jumped and danced, spinning around.

More and more snowflakes fell on the ground, the cars by the roadside, the roofs in the distance, as well as the surrounding trees... Soon, everything was wrapped in a layer of white. It was very beautiful.

Xia Xue hurriedly bent down and quickly made a beautiful snowman on the spot.

She looked at the adorable snowman and smiled.

. . .

In the live broadcast room.

Countless bullet comments were rolling rapidly.

Beggar: [F\*ck! Am I seeing things? Is it snowing? Is it snowing in Jiangbei? Furthermore, it's snowing in August?]

Nameless Person: [Cany anyone from Jiangbei say something? Could this be edited?]

Chen Xiao: [It's true! It's really snowing in Jiangbei! It's snowing heavily! I'm going to build a snowman. I've never seen such heavy snow in Jiangbei. It's so cool!]

Prosperity: [This doesn't make sense! It doesn't adhere to science!]

Keeping a Dream: [Science? What's science's place in this world? Don't you know about special ability users?]

The Person in My Heart: [Do you think the heavy snow in Jiangbei is caused by a special ability user? Besides, Xia Xue had just said that she liked snow, and it immediately snowed. Could it be that Mr. Lin's doing?]

Listen to Jun: [Stop joking! This time, the snow in Jiangbei covers the entire city! If it was really done by a special ability user, then how strong are they? Alright, even if there was such a powerful person, they should at least be 40 years old. Otherwise, how could they have accumulated such a powerful ability?]

Stone Man: [I agree that this isn't the work of a special ability user. This should just be an abnormal phenomenon. However, we should wait for the official announcement.]

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

#### Chapter 642 Xia Xue; Banquet! (2)

Chapter 642 Xia Xue; Banquet! (2)

. . .

How would they know that this was Lin Fan's doing?

One had to know...

Right now, Lin Fan possessed Perfect Ice Manipulation Skill and Perfect Water Manipulation Skill, as well as a massive amount of energy.

It was not difficult for Lin Fan to make the entire world snow, let alone Jiangbei alone.

. . .

On the other hand, the Xia officials had also noticed the heavy snow in Jiangbei.

They held a small emergency meeting.

Several men and women with extraordinary auras gathered.

Among them, the man sitting at the front let out a muffled sound.

"What's with the heavy snow in Jiangbei?"

Sitting in the middle was a woman wearing red-rimmed glasses. Her hands were jumping rapidly on the keyboard.

Soon, she said, "A large area of cold air suddenly condensed at the location of the rain clouds, forming heavy snow."

As she spoke, a 3D projection of a simulated snowfall appeared on the scene.

"If it's a special ability user, what level will it take to do it?" asked the man in the front seat.

The woman pushed her red-rimmed glasses up her nose bridge and said, "SSS-rank!"

"Were there any SSS-rank special ability users in Jiangbei at that time?" the man asked.

"All the known SSS-rank aptitude users weren't in Jiangbei at that time," the woman replied.

The man thought for a moment and said, "Send out an announcement. The snow in Jiangbei is a rare natural phenomenon."

The heavy snow in the north of the Yangtze River had settled down!

Not long after, Xia Daily published a piece of news.

[Today, a rare phenomenon occurred in Jiangbei City. In the heat of August, snow fell. It's very strange.

[Please be reminded that when enjoying the snow scenery and playing with the snow, you should also take precautions such as keeping warm to avoid fever and catching a cold. Snow Scenery.jpg, Snow Scenery.jpg, Snow Scenery.jpg]

Then, some experts followed suit and discussed the phenomenon, conditions, and probability of cold air gathering.

They even mentioned the specific reason for the cold air gathering in Jiangbei.

It had to be said that these people really spewed some stuff just to gain traffic and attention.

The effect was also quite good.

Although many people did not quite understand what they meant, they just thought that?the experts were knowledgeable and capable!

Therefore, they all paid attention and supported them.

. . .

Lin Fan did not care about these things at all.

He just silently watched Xia Xue play with the snow and build a snowman. He was also very happy.

At this moment, a magnetic voice suddenly sounded not far away.

"Xia Xue, are you playing with the snow here?"

After Xia Xue heard the voice, she turned around and looked over.

A silver-white hover car was parked beside them, and inside it sat an ovalfaced woman in a long gauze dress.

Xia Xue smiled. "It's rare for snow to fall in Jiangbei."

"I don't like snow. It's too cold!" What was going on today? It was August, but it was snowing so heavily.

"Aren't you going to change? It won't be long before the banquet begins."

Xia Xue was slightly stunned.

Banquet?

That was right!

There was a grand banquet for the student council officers at Jiangbei University today.

She had actually forgotten about it.

"By the way, have you found a male partner? If not, why don't we let Chen Minghe join us?

"He's handsome and quite capable..."

Xia Xue quickly interrupted, "Weiya, thank you for your kindness. But I've already found a partner.

"Let me introduce you. This is Lin Fan."

Then, Xia Xue threw a pleading look at Lin Fan.

Xia Xue had a good impression of Lin Fan.

Firstly, he was handsome.

In addition, for some reason, he gave Xia Xue a very special sense of security.

As for Chen Ming, she had a bad impression of him.

He was cunning and had ulterior motives about her.

. . .

Xia Xue did not need to beg Lin Fan to be her companion for a banquet.

Lin Fan was extremely happy.

He smiled and said, "Hello, Weiya. I'm Lin Fan, Xia Xue's dance partner tonight."

Dai Weiya sized Lin Fan up.

Her first impression was that he was so handsome and tall!

A hint of jealousy crept into her heart.

After a while, she said, "Xia Xue, since you've found a dance partner, then I won't say much. See you at the banquet!"

As soon as she finished speaking, the hover car set off a gust of wind and quickly drove into the distance.

At this point, only Lin Fan and Xia Xue were left.

Even though they were on a wide street,?the air suddenly became a little heavy for some reason.

After a while, Xia Xue stuttered, "Uhh... Thank you for helping me out... I'll go back to school first."

Lin Fan looked at Xia Xue's confused appearance and could not help but find her very cute. He smiled and said, "It's getting late. Let's go to school together. We still have to attend the banquet later."

Xia Xue was slightly shy, and she stuttered, "Alright...Alright."

Then, the two of them walked forward side by side. From afar... they were like a sweet couple.

In the live broadcast room...

First Affection Card: [Lin Fan and Xia Xue are so sweet!]

Xiao Fei: [This... Did I enter the wrong live broadcast Doesn't Xia Xue usually visit shops and restricted areas? What's with the PDA?]

Forest: [Is this the feeling of being in love? It's really, really enviable!]

Jie Rou: [Xiao Xue is so cute. Lin Fan is so handsome! I'm in favor of this couple!]

Action is Worse Than Excitement: [Do you think Xia Xue forgot to turn off the live broadcast?]

Rainy Season: [It seems... she did.]

Sprout: [I'm looking forward to the live broadcast of the banquet later.]

. . .

Lin Fan and Xia Xue walked on the snow-covered road, constantly making squeaking sounds. It was very interesting.

After passing through two small paths covered in snow...

Finally, a tall and majestic building appeared in his sight.

It was Jiangbei University!

Their entries were successful upon getting their faces scanned!

Lin Fan and Xia Xue continued forward.

Not long after, they arrived in front of an oval-shaped building.

This place... was the venue of tonight's banquet.

At this moment, the energetic students were either chatting or laughing as they slowly walked in.

Xia Xue thought about it and said, "Actually, it's fine to just eat at the banquet later. Later, you can eat whatever you want."

Lin Fan looked at her embarrassed expression and could not help but laugh. "Alright."

Thus, the two of them walked in.  $nOV \varepsilon \ell \mathcal{N}$  ext.cOm

As Xia Xue said, the banquet was centered on eating.

As soon as they walked in, they could see a circle of food. The air was filled with the aroma of food.

Students were chatting and picking up food from the plates. The atmosphere was very relaxed.

It had to be said that the world a thousand years later was indeed a little different from a thousand years ago.

A thousand years ago, even though Jiangbei University was a top university and the students had good resources, things would definitely not be like this.

It was just a student dinner, yet there was no lack of abalone, lobster, sea cucumber, M9 beef, crab, red wine, and other delicacies and drinks.

Lin Fan placed two pieces of beef into his mouth and commented in his heart, 'The meat quality is not bad. Unfortunately, the taste is rather ordinary. Moreover, regardless of whether the meat is salty, spicy, sweet, or even thin... They're all exactly the same!

"The meat is clean-tasting and uniform, but it's easy to get tired of. The food must've been cooked by a machine."

And the truth was just as Lin Fan had guessed.

At this moment, a slightly ear-piercing voice sounded not far away.

"Xia Xue, your speed is so fast!

"By the way, why didn't you change into an evening gown?"

Xia Xue and Lin Fan heard the voice and turned to look.

The person who spoke was none other than Dai Weiya, whom they had met not long ago.

There was a man in a tuxedo beside Dai Weiya.

When the man in the tuxedo saw Xia Xue, a smile appeared on his face.

But when he saw Lin Fan, his face sank.

# RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 643 Drink; Play The Piano!

The man in the tuxedo was Chen Ming.

He had always harbored other thoughts about Xia Xue.

Before coming, Dai Weiya had already told Chen Ming that Xia Xue had found a companion for tonight.

However, after seeing the man in the flesh, Chen Ming was still unhappy.

Even so, Chen Ming quickly suppressed his thoughts and smiled. "Xia Xue, long time no see."

Xia Xue hated Chen Ming very much, but she could not make it too obvious. She had to say perfunctorily, "Yeah, long time no see."

Chen Ming did not seem to notice Xia Xue's perfunctory tone and said, "The last time we met, it was at a gathering organized by President Zuo.

"President Zuo was still asking who should be the next head of the Public Relations Department yesterday, and I even recommended you.

"Xia Xue, with your ability, there'll be no problem!"

After a pause, he said, "Right, at the last gathering, you also said that you wanted to have a drink together next time. Today is a very good opportunity. Let's have a drink."

As he spoke, he strode forward and picked up two glasses of red wine.

It had to be said that Chen Ming really had good abilities and methods.

It seemed to just be a simple chat, but it was more than that. First, he recalled the past between the two of them, then he pointed out the other party's promise. Then, he talked about the favors he had done for the other party. Ordinary people could not refuse his toast.

However, there was an extraordinary person standing next to Xia Xue—Lin Fan!

Lin Fan took a step forward and stood in front of Xia Xue. He took the red wine from Chen Ming and said, "I'm Xia Xue's companion for today. I'll be drinking on her behalf today. Otherwise, won't I be too incompetent as her companion?"

As he spoke, he gently swirled the wine glass in his hand, allowing the red wine to ripple back and forth.

It was bright and gorgeous, like a red rose that had come alive. It was simply mesmerizing.

Then, Lin Fan raised his wine glass and sniffed it. He looked like a gentleman sniffing a flower that had just bloomed. He appeared very elegant.

Finally, Lin Fan poured the red wine into his mouth.

His throat moved slightly as he downed the glass.

Lin Fan commented, "The taste is slightly sweet. Also, there are many grapes mixed together, affecting the taste of the wine."

[Skill: Drinking Gentleman!]

Xia Xue witnessed this scene with her own eyes.

In her eyes, Lin Fan was like a prince in a palace, introducing to her the red wine that he had personally brewed. It was so mesmerizing.

Chen Ming's face turned even uglier.

He had spent so much effort in the past before he had the opportunity to let Xia Xue drink with him.

And the result?

In the end, this guy in front of him directly snatched away his opportunity to drink with Xia Xue!

Now, Xia Xue was looking at Lin Fan with her beautiful eyes. A faint light was flashing in them.

Damn it!

Chen Ming quietly took a breath and suppressed the anger in his heart. He said in a slightly surprised tone, "Xia Xue, you found a companion for tonight?"

That tone and that expression... It was as if he had no idea about this beforehand.

It had to be said that Chen Ming had some acting skills.

Then, Chen Ming smiled. "You're Xia Xue's friend, so you're also my friend. Oh, look, I haven't introduced myself.

"I'm Chen Ming, the vice president of the Jiangbei University Student Union."

After saying that, Chen Ming took the initiative to extend his right hand.

He created a friendly attitude.

At the same time, he pointed out his identity.

When an ordinary person heard that he was the vice president of the student council, they would definitely be shocked.

However, Lin Fan acted as if he did not hear him and said calmly, "Lin Fan."

As soon as he finished speaking, he stretched out his hand and gently clenched Chen Ming's hand.

Chen Ming saw that Lin Fan's attitude toward him did not change at all. An unhappy expression flashed across his face.

In his opinion, he had already revealed his identity as the vice president.

In that case, Lin Fan should treat him respectfully like a commoner meeting a prince.

Chen Ming's eyes kept moving as if he was thinking about how to deal with Lin Fan.

Soon, his gaze fell on the two pianos on both sides of the stage. His eyes moved slightly, and the corners of his mouth curled up.

"Today is a rare banquet for the student council. Many people will dance together, but how can there be no music when dancing? Lin Fan, let's play a few piano songs for everyone. What do you think?"

After a pause, he said, "Xia Xue likes to listen to piano music very much. You should have no problem with that, right?"

If Chen Ming did not say that last sentence, Lin Fan would not have paid him any mind.

After all, why should he play the piano when others were the ones who wanted to dance?

However, with the last sentence, the situation was completely different.

Xia Xue quickly said, "There's dance music prepared for this banquet. It's more convenient and simple to play the music directly later."

She did not say that she did not like piano music.

"Playing dance music isn't as interesting as playing music live," Chen Ming said with a smile. "What's wrong? Are you lacking confidence in me or Lin Fan?"

As he spoke, he could not help but raise his head.

Chen Ming had great confidence in his piano skills.

That was because he had entered Jiangbei University through the arts selection.

Among his peers, he was best at playing the piano.

He was even praised by several famous pianists.

In fact, even if Lin Fan had not appeared, Chen Ming had planned to play the piano at the banquet tonight.

First, as he said, Xia Xue liked piano music. He could show her his charm.

Secondly, it would allow him to gain more attention and recognition from the student council.

Lin Fan gave Xia Xue a reassuring look and said, "Then let's go play. But what song should we play?"

Chen Ming said, "Let's play Dance in the Wind first. This song is lively and enthusiastic. It's suitable for our banquet tonight."

Lin Fan frowned. "I don't think I've heard this song before.""

Even though Lin Fan had used his scanning ability to look at many music scores when he had nothing to do, a thousand years had passed. It was not surprising that many new scores had appeared.

After a pause, Lin Fan said, "It's okay. You play first. I'll play after you."

With his scanning ability and his extraordinary spiritual power, it was a very simple matter for him to play a piano song after listening to it once.

However, to Chen Ming, it was as if he had heard the funniest joke in the world.  $\mathcal{N} \circ V e \ln \varepsilon xt. c \mathcal{O} m$ 

Anyone who had a deeper understanding of the piano, even if they had never practiced the Dance in the Wind, would definitely have heard it before.

However, Lin Fan had not.

Moreover, he wanted him to play it once first, and then he would play after him.

Who did he think he was?

The God of Duplication?

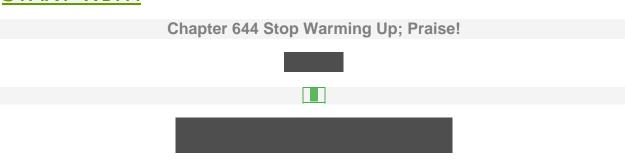

Chen Ming nearly collapsed from laughing.

Afraid that Lin Fan would go back on his word, Chen Ming hurriedly said, "Alright then, I'll play first and you follow up! It's getting late. Let's go up now."

After saying that, the corners of his mouth curled up again.

He seemed to have imagined the scene of Lin Fan's messy playing later. It would cause everyone to laugh and Xia Xue to be completely disappointed in Lin Fan.

### RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

At this moment, there were already dozens of people present.

Each of them was dressed up and eating delicacies while chatting and occasionally laughing. The overall atmosphere was very good.

Chen Ming ignored the greetings from the people around him and walked quickly to the stage.

Then, he picked up the microphone beside him and said, "Today is the grand banquet of the student union! Our mission is to eat well, drink well, and play well!

"Next, I will be playing the piano with Lin Fan. I hope everyone will like it!" Instantly, everyone's eyes turned to him.

Seeing this...

The smile on Chen Ming's face widened. He enjoyed the feeling of being noticed.

Then, he raised his hands and started playing on the keys

A lively song soon resonated.

Many people could not help but sway along with the music.

When the song ended, the audience immediately burst into enthusiastic applause and cheers.

"You played so well!"

"As expected of the vice president!"

"That's great!"

"When can I play so well?"

. . .

If it was in the past, Xia Xue might applaud out of politeness.

However, today, she was not in the mood to applaud at all.

She looked at Lin Fan with a worried expression.

If Lin Fan made a fool of himself later, he would definitely be laughed at by many people.

He was just a freshman, so it was very likely that he would cause a huge impact!

Lin Fan seemed to feel Xia Xue's worry and gave her a reassuring look.

Then, he slowly closed his eyes and took a deep breath.

Finally, he placed his hands on the piano keys.

They were both playing Dance in the Wind, but Lin Fan and Chen Ming were completely different.

If the score was compared to a script...

Chen Ming was a new actor who had no acting skills. He was inexperienced, fake, and failed to build an impression at all.

Lin Fan was a competent actor. He was simply a feast for the eyes!

Xia Xue looked at Lin Fan's action of playing the piano and listened to the music. She was a little stunned.

The song ended, and the entire place fell silent.

After a long while, there was a sudden round of applause.

"Heavens! That was so good!"

"That was definitely better than a live concert!"

"I can guarantee that that's definitely the best piano piece I've ever heard!"

"It's wonderful!"

"Does anyone know his name?"

"Please introduce me!"

. . .

Chen Ming was also shocked by Lin Fan's piano piece.

However, when he listened to everyone's praise and looked at Xia Xue's fascinated look, his whole face was soon filled with resentment.

He gritted his teeth and sat back on the piano bench. "Lin Fan, how about we play the Sound of the Sea next?"

Sound of the Sea was a level higher than Dance in the Wind.

From Chen Ming's point of view, Lin Fan must have practiced Dance in the Wind for a long time.

That was why he could play Dance in the Wind so beautifully.

If it was any other song, especially the more difficult Sound of the Sea, Lin Fan would definitely not be able to compare to him.

Lin Fan said, "I haven't heard Sound of the Sea before. It's the same as before. You play it once and I'll follow."

Chen Ming glanced at Lin Fan.

He had already chosen to ignore these words.

He had not heard of the song?

Earlier, Lin Fan had also said that he had never listened to Dance in the Wind.

What was the result in the end?

He played it so skillfully!

Now, Lin Fan said such words again. Did he think that Chen Ming would still believe it? I think you should take a look at

Lin Fan was probably just laying the foundation for his terrible performance in the future.

Did he think it would be fine if he did that?

This guy was rotten!

When Chen Ming thought of this, a mocking expression appeared on his face.

Then, he placed his hands on the piano keys again.

The rhythm of Sound of the Sea was obviously much faster than Dance in the Wind.

Chen Ming's entire body kept moving along with the changes in his hands.

The last note fell.

Applause rang out.

"It sounds good!"

"I like this song very much."

"It's so good!"

. . .

After all, Chen Ming was the vice president, so there were still many people who flattered him.

However, even more people were looking at Lin Fan. $\mathcal{N} \circ V \in \mathbb{R} \times \mathbb{R}$ 

Lin Fan did not hesitate at all. The moment the applause stopped, his hands were also on the piano keys.

If Chen Ming's Sound of the Sea was described as small waves surging on the beach, Lin Fan's Sound of the Sea was like a gigantic tsunami that was over a hundred meters tall! It was extremely shocking!

The song ended.

Loud applause immediately erupted from the venue.

"Oh my God, that was so good!"

"How did he play it like that?"

"I feel like all the blood in my body is boiling!"

"That was so satisfying!"

"Ah! I can't take it anymore!"

. . .

All the praises came from the bottom of their hearts!

Xia Xue looked at Lin Fan with her beautiful eyes which kept flashing with a gorgeous light.

Chen Ming saw the changes in everyone present.

In his heart, there was a ferocious tiger roaring wildly.

Damn it!

This was originally a good opportunity for him to show off!

It was originally a good opportunity for Xia Xue to like him!

That damned Lin Fan!

He took a few deep breaths to calm himself down.

After that, Chen Ming did not seem to be angry at all. In fact, he appeared to be impressed by Lin Fan.

He smiled and said, "It looks like... Lin Fan's piano skills aren't bad!

"Then let's not continue the warm up anymore. Let's play something more difficult.

"Next song, Youth!"

Youth was definitely a song that far surpassed Dance in the Wind and Sound of the Sea.

In fact, it was the song a champion of an international competition had once played.

One could imagine how difficult it was.

Chen Ming was not fully confident that he could play it.

However, in order to establish his image and make Xia Xue like him, he chose to put up a fight.

Chen Ming first recalled the song Youth in his mind before placing his hand on the piano keys.

The melody of this piano piece was light, rapid, and fierce!

Chen Ming seemed to be beating a drum with a mallet. His entire body shook violently, and it was very tiring.

When the last note fell, a few drops of sweat rolled down Chen Ming's forehead.

Playing Youth also required a certain amount of physical strength.

However, Chen Ming did not show any signs of fatigue.

On the contrary, the corners of his mouth curled up.

It was because he had finished playing Youth!

It was a perfect performance!

At least, that was what Chen Ming thought.

# RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

**Chapter 645 Modifications; Thanks!** 

Chapter 645 Modifications; Thanks!

After Chen Ming pressed the last note, the audience applauded.

Some people echoed with praise.

"Well played!"

"It sounded good!"

"That was great!"

However, almost everyone's attention was focused on Lin Fan.

Everyone had heard Lin Fan's piano performance earlier and was looking forward to his next performance.

Finally, Lin Fan placed his hands on the piano keys.

Instantly...

Cheerful, high-spirited, and intense music surged out like waves.

Almost everyone was moving their bodies to the rhythm of the music.

This was an instinctive reaction!

Soul resonance!

As the piano music continued, a young man and a young woman seemed to appear in everyone's field of vision.

They ran against the wind, went into the sea to catch fish, and finally, flew into the sky...

They sweated freely and without restraint.

This was youth!

Passion, high spirits, freedom!

Everyone's faces were filled with yearning.

Finally, the music stopped.

Everyone could not help but clap. It was a thunderous applause.

This was a recognition of the performance, and at the same time, it was a reminiscence of their youth!

This included Dai Weiya, Xia Xue, and even Chen Ming.

However, Chen Ming quickly reacted.

He suppressed the shock in his heart and rolled his eyes. "Lin Fan, when you play the piano, you have to pay more attention to your foundation.

"Youth was composed by our school's Professor Chen Zuzhi. Professor Chen Zuzhi even won first prize for an international piano competition because of it.

"The rhythm of the whole song is fast, light, and perfect. Your second and third notes have two differences. Although the overall flow was considered smooth... If Professor Chen Zuzhi heard you playing like this, he'd probably be angry."

Chen Ming was like an elder, commenting on Lin Fan's piano performance.

Most people thought that Lin Fan played very well.

However, after hearing Chen Ming's words, they could not help but hesitate and agree.

At this moment, hurried footsteps suddenly sounded from outside.

Then, a middle-aged man wearing black-rimmed glasses and a white shirt walked in quickly.

"Who?" he asked excitedly. "Who was the one who played Youth?"

When everyone heard this, they could not help but look toward the door.

Soon, someone exclaimed, "Professor Chen Zuzhi?!"

This person was the creator of Youth, Chen Zuzhi!

"Hello, Professor Chen!"

However, Chen Zuzhi did not seem to hear everyone's greetings. He spoke again, "Who was the one who played Youth just now?"

Instantly, everyone's gaze landed on Lin Fan.

"Can I trouble you to play it again?" Chen Zuzhi asked excitedly.

Lin Fan nodded. "Sure."

It was equally cheerful.

It was equally high-spirited.

It was equally intense.

It was also like the waves of the sea, surging continuously.

In this song, Chen Zuzhi saw his own pursuit of knowledge, fighting spirit, and youth!

The song ended.

Chen Zuzhi clapped hard and shouted, "Good! That was great! This is the true Youth! Thank you for perfecting the flaws that have always existed."

Silence!

The entire scene was silent!

Who was Chen Zuzhi? He was a music professor at Jiangbei University!

He had even won the first prize in an international piano competition!

What did they hear?

Chen Zuzhi was actually thanking Lin Fan for helping to perfect Youth! He did something that even Chen Zuzhi could not do!

Immediately after, everyone recalled what Chen Ming had said.

'Your second and third notes have two differences. Although the overall flow was considered smooth... If Professor Chen Zuzhi heard you playing like this, he'd probably be angry.'

Therefore, everyone could not help but look at Chen Ming.

Chen Ming seemed to have sensed the strange gazes from everyone, and his entire face suddenly turned red.

It was too much of a slap in the face.

He did not expect Professor Chen to suddenly appear here and even give Lin Fan such a high evaluation.  $nOV \varepsilon \ell \mathcal{N} \text{ext.} \mathbf{c} \mathcal{O} m$ 

Chen Zuzhi ignored everyone and asked, "My name is Chen Zuzhi. May I know your name?"

"I'm Lin Fan," Lin Fan said.

"May I ask how you discovered the problem with Youth and made adjustments, Mr. Lin?"

"Musical intuition," Lin Fan said.

"I see." Chen Zuzhi nodded.

Musical intuition was a very mysterious and real thing.

To put it simply, it was talent!

Then, Chen Zuzhi seemed to have thought of something and said, "Mr. Lin, have you heard of my To the Future?"

Lin Fan shook his head. "Never heard of it."

Although Youth had won the first prize at an international piano competition,?the popularity of To the Future was not lower than it. It might even be higher.

Lin Fan directly said that he had never heard of To the Future. From a certain perspective, it was extremely impolite.

However, Chen Zuzhi was not angry.

"Then I'll play it for you on the spot. What do you think?"

Lin Fan looked at the people around him and said, "If they agree, then of course. After all, this is a banquet for the student council."

Just as Chen Zuzhi was about to ask again, President Zuo of the student union, who was far away, quickly said, "This banquet needs music. Since Professor Chen is willing to play, it's a great chance for us to enjoy it. We can't wait. How could we disagree?"

"Then I'll borrow the place to play a tune." Chen Zuzhi smiled.

As he spoke, he looked at Chen Ming, who was sitting in front of another piano.

Chen Ming was stunned for a moment before he said, "Professor Chen, if you don't mind, you can use this piano here."

"Then I won't stand on ceremony," said Chen Zuzhi.

After saying that, he strode forward.

It had to be said that Chen Zuzhi was indeed a piano master who had obtained many awards.

Whether it was the movements or the rhythm of the music, everything was great.

Everyone listened attentively.

This was Chen Zuzhi!

Under normal circumstances, everyone would only have the chance to listen from afar during a concert.

How could they listen at such a close distance like now?

The music finally stopped.

Chen Zuzhi raised his head slowly and looked at Lin Fan.

Lin Fan said, "You want to ask about the fourth part and the fifth part, right?"

Chen Zuzhi's eyes lit up as he said excitedly, "Yes!?Mr. Lin, do you have any thoughts on changing these parts?"

### RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

**Chapter 646 Teacher and Student Exchange Roles; Classmates!** 

646 Teacher and Student Exchange Roles; Classmates!

Chen Zuzhi's face was filled with anticipation and surprise.

He did not even dare to blink.

In fact, his breathing even stopped for a moment.

Lin Fan placed his hands on the piano keys and started to play.  $\mathcal{N} \circ V e \ln \varepsilon xt. c \mathcal{O} m$ 

The melodious and gentle music continued to ripple.

As the music continued, Chen Zuzhi's eyes lit up.

When Lin Fan stopped playing, Chen Zuzhi started shouting excitedly.

"Good, good, good!"

This showed how happy he was at the moment.

"So that's how it is!

"Mr. Lin, thank you!"

After saying that, Chen Zuzhi bowed deeply toward Lin Fan.

This scene once again stunned everyone present.

Lin Fan was a student, and Chen Zuzhi was a professor.

At this moment, their identities seemed to be completely reversed.

How could this not be surprising?

Everyone could not help but think of Chen Ming's words.

"Lin Fan, when you play the piano, you have to pay more attention to your foundation."

Pay attention to his foundation?

If even Chen Zuzhi regarded Lin Fan as a teacher and he still needed to pay more attention to his foundation...

Then who in this world did not need to pay attention to their foundation?

Chen Ming seemed to have thought of this as well, and his entire face became redder and redder.

In the live broadcast room.

Countless comments appeared.

Shi Lei: [Lin Fan's piano skills are so good.]

No Woman in My Heart: [I've never heard such a nice piano piece before.]

Bingxue: [The general managers of the Imperial Hotel are so

respectful to Lin Fan. Lin Fan can even get the employees of Yuesse Snow Tea to send drinks to him with a single sentence...Now, he played such a beautiful piano piece, and he's so handsome! Heavens! He's simply the perfect Prince Charming!]

Summoning: [I like him!]

Sea of Stars: [Heavens! Professor Chen Zuzhi bowed to him. This... This is unbelievable!]

Quick Guest: [That Chen Ming still wanted to make things difficult for Lin Fan. What a joke. He dug a grave for himself, didn't he?]

Snowy: [He's asking for humiliation!]

The banquet lasted until 9 PM before it slowly ended.

Today was supposed to be a joyous gathering for the student union committee members.

Later on, it turned into a piano lesson for Chen Zuzhi.

However, the crowd was not annoyed by this.

On the contrary, everyone's faces were filled with enjoyment.

It was not until the end of the banquet that Xia Xue found that she had been broadcasting live.

Even though she did not speak in the broadcast, she had climbed to the top of the livestream popularity rankings!

This directly shocked Xia Xue.

Who Are You: [Xia Xue finally appears in front of the camera!]

King: [Xiao Xue, can you let Mr. Lin play a few more songs?]

Coming Right Up: [Mr. Lin is a piano genius!]

Wan Jiajia: [Although I really can't bear to part with Xia Xue, if the other party is Lin Fan, it's alright with me!]

Conflict: [Xia Xue, you're so lucky.]

Xia Xue looked at the bullet screen in the live broadcast room, and her entire pretty face suddenly blushed.

After a while, she stammered, "Thank you... Thank you, everyone, for your support. Today's live broadcast will end here.]

After saying that, she immediately ended the live broadcast.

Xia Xue walked on the long forest path. Lin Fan's figure involuntarily appeared in her mind. As time passed, it became taller, bigger, and brighter.

Xia Xue shook her head hard. Only then did she regain some consciousness and continue to walk forward.

A few days passed in a flash.

Today was the first day of school at Jiangbei University.

The new students entered the school, and the older students started classes.

The entire school was very lively, full of vitality and vitality.

At this moment, in classroom 2011.

Since the bell had not rung, the students sat very casually.

In twos and threes, their arms were around each other's shoulders as they chatted about interesting things that took place during the holidays.

"I finally passed the tenth level of Sprinting Rush during the summer vacation. It's so exciting!"

"F\*ck, you're that awesome? I can't even pass the sixth level." "I've passed the ninth level. Let's team up next time!"

"When we entered the school, we didn't know anything. Many beautiful girls and handsome guys were snatched away by our seniors. I wonder if there'll be any handsome guys or beautiful girls entering this year."

"Hehe, after class, we'll go help our juniors with some small things."

"I heard that there's a very good restaurant on Grain Street. How about going there when we're free?"

"Alright!"

Some people were chatting, while others were quietly organizing their books.

For example, Xia Xue.

Even though it was the first day of school, she did not slack off at all. She was still seriously flipping through the books that had just been distributed.

At this moment, the bell rang in Jiangbei University.

The students, who had their arms around each other's shoulders, could not help but disperse and return to their seats.

Not long after, a dull sound of footsteps could be heard from outside the corridor.

Following that, a middle-aged man dressed in a white shirt called Qin Chuan, who looked very capable, strode in.

"Long time no see, my fellow students!" he said with a smile."

As he spoke, he glanced at everyone in the classroom and nodded slightly. "Very good. Not a single person is missing this year."

A thousand years ago, if a teacher wanted to know if a student had come to the classroom, they had to count or do a roll call. However, a thousand years later, some teachers had special abilities or strong spiritual power.

With just a glance, they could tell the situation of the people in the classroom.

This saved them a lot of trouble. At the same time, it also made skipping classes a thing of the past.

"Actually, not only is there no one missing, but from this semester onward, our class will have one more student."

Then, he said to the door, "Lin Fan, come in."

Originally, Xia Xue, who was still flipping through the book, could not help but prick up her ears.

For some reason, her heart suddenly beat faster, and she could not help but raise her head.

In the next moment...

A tall and handsome figure appeared on the podium.

It was Lin Fan!

Xia Xue's heart beat faster again.

'It's him! It's him! It's really him!'

Xia Xue almost couldn't believe her eyes.

Since the end of the banquet, Xia Xue had never seen Lin Fan again.

She had also thought about sending a message to Lin Fan.

However, after a few moments of hesitation, she could not send it out.

In the past few days, Xia Xue had been thinking about when she would see Lin Fan again.

However, she never thought that it would be today, in the classroom!

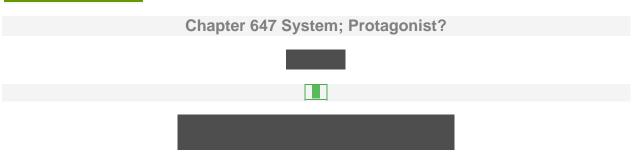

Was Lin Fan not a new student?

How did he become her classmate?

Classmates?

For some reason, Xia Xue thought of this word, and her heartbeat sped up again.

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

647 System; Protagonist?

In fact...

Not only did Xia Xue's heartbeat speed up, but many female students in the class also had their eyes lit up slightly. Their heartbeats kept speeding up.

"So handsome!"

"Our class finally has a handsome guy!"

"Lin Fan, what a nice name!"

"Hello, handsome!"

. . .

With Lin Fan's hearing ability, he easily heard everyone's words.

However, he did not care at all. He looked straight at Xia Xue's position.

"Hello, everyone. My name is Lin Fan."

Qin Chuan nodded and said, "Lin Fan, find an empty seat and sit down."

"Alright," said Lin Fan.

Lin Fan strode forward.

The hearts of the ladies sitting far away kept racing.

But soon, Lin Fan stopped and stopped beside Xia Xue. He smiled and said, "Can I sit here?"  $n\mathcal{O}$  veLnext. $\mathfrak{C}\mathfrak{D}$  m

Xia Xue stuttered, "S-Sure."

Lin Fan sat down.

When the ladies nearby saw this, they sighed in their hearts.

They regretted not sitting in the front today.

Perhaps, Lin Fan would have sat at the same table as them.

Qin Chuan did not care where Lin Fan sat.

He cleared his throat and said, "Since all the students are here, I'll reveal the school's announcement."

After saying that, he clicked on the whiteboard behind him.

Then, a paragraph of bold text immediately appeared on the whiteboard.

[Notice: In order to promote the students' spirit of exploration of the forbidden area, stimulate and develop their special abilities, and enhance their overall quality, all second-year students will enter the forbidden area for a week of exploration.]

The classroom was soon filled with discussions.

"We're going to explore the forbidden area so soon?"

"I wonder if I can activate my special ability."

"I wish I could have the special ability to fly. That feeling is great." "Fly? That's too difficult."

"This is the situation," Qin Chuan pressed his hands together and said.

"Everyone can go back and pack your luggage now. Just come to the classroom at 9 AM tomorrow.

"Does anyone have any questions? Or are you unable to participate due to special reasons such as illness or injury? You can raise your hand."

The students looked at each other, but none of them raised their hands.

After all, this was a chance to enter the forbidden area.

No one wanted to miss it easily.

"Alright, that's it, then. School's over."

Qin Chuan was very decisive. After saying that, he strode out.

The students were worried, happy, afraid, and excited...They had different thoughts.

After a while, they slowly left the classroom.

In the blink of an eye, it was the second day.

All the students carried huge backpacks and arrived at the classroom early.

"I heard that there's a very powerful fruit in the forbidden area. Eating one can increase one's strength by a few hundred pounds' worth."

"A few hundred pounds' worth of strength is nothing. I heard that there's another type of water there. Drinking a drop of it can directly turn you into an A-class expert!"

"I'm not too interested in becoming stronger. I only hope to find perfect gold! It seemed like one piece can fetch a price of tens of millions of World Coins!"

The more the students discussed, the more their eyes lit up.

It was as if those special fruits, liquids, and perfect gold were all in front of them. They could easily obtain them with a casual raise of their hands.

Xia Xue just sat quietly in her seat, but her beautiful eyes were faintly looking at the door. It was as if she was looking forward to something.

At this moment, crisp footsteps sounded from outside the corridor.

Then, a tall and handsome figure slowly walked in.

It was Lin Fan!

Lin Fan did not hesitate at all and sat down next to Xia Xue.

Xia Xue's pretty face could not help but blush slightly.

Lin Fan sat beside her again.

Some of the women around sighed.

A crisp bell rang in Jiangbei University.

Soon, Qin Chuan, who was wearing a white shirt, walked in like yesterday.

He looked around at everyone and said, "Not bad, everyone is here on time. Then, let's set off now!"

At this moment, there were many hover buses parked on the wide field.

Groups of second-year students lined up under the teacher's instructions and walked toward the buses.

It had to be said that the buses from a thousand years later was indeed not bad. The seats were wrapped in leather, there was a huge high-definition display screen, and cool ambiance lights... The one-hour drive did not make them feel tired at all. On the contrary, it made the students feel better.

When the bus opened its doors, they saw a tall iron net. Inside the iron net was an endless huge forest.

A man dressed in black strode over.

Qin Chuan nodded at him and handed him a card.

The machine in the black-clothed man's hand let out a soft sound.

"Verification successful, Qin Chuan."

"There are a total of 23 people from Class 2011 who will be entering Forbidden Area No. 31 this time," Qin Chuan said.

"Alright," the man in black said.

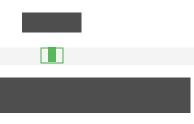

He clicked on the foldable display screen in his hand and opened the iron gate behind him.

"Students, let me remind you again. The outer perimeter of the forbidden area refers to the area within 100 kilometers of the forbidden area! Don't enter the central region 100 kilometers away. It's very dangerous there. Your mission is to live in the outer region for seven days!

"All of your phones have emergency buttons. If you encounter danger, press it quickly. We will get someone to rush to you as soon as possible."

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 648 System; Protagonist? (2)

"Let's cut the crap and set off!"

"Yes, Teacher!" all the students said in unison.

Then, the students walked inside together.

Qin Chuan and the black-robed man quietly watched them leave.

After everyone had entered, the man in black said, "Do you think someone will enter E-class this time?"

"Of course!" Qin Chuan replied.

"Oh?" The man in black was surprised. "How many?"

Qin Chuan smiled. "I just said that because it'd be too boring otherwise. Why don't we bet on something?"

"You've already lost 10,000 World Coins to me, but you haven't given the money to me yet," the man in black said.

"It's only 10,000 World Coins. We'll bet 20,000 World Coins this time. As long as I win, you only need to give me 10,000 World Coins." novelnext. com

The black-clothed man's mouth twitched slightly. He said, "You said the same thing when you owed me 5,000 World Coins."

"Did I?" Qin Chuan smiled. "There's no need to care about these details. Then let's make a deal. This time, I'll bet 20,000 World Coins on five or more entering E-class!"

"Five?" The man in black was a little surprised.

One had to know...

According to past experience, only one or two students would enter E-class when they entered the forbidden area.

Five were definitely rare.

"How about it? Do you dare to bet?" Qin Chuan asked.

"Since you want to give me money, why would I refuse?" The man in black laughed.

. . .

The forest was like a huge ice cellar.

As soon as he walked in, the heat from before disappeared instantly, and the temperature seemed to have dropped by more than ten degrees.

When a gentle breeze blew, some people could not help but shiver.

All the students looked around curiously, and from time to time, they would let out a discussion.

Xia Xue, who was walking farther back, slowly took out the folding screen and opened the live broadcast platform.

It had to be said that Xia Xue had become very popular.

Not long after the broadcast started, the number of viewers reached more than 100,000.

Many comments kept appearing.

Promise of the Gods: [Xia Xue has started her live broadcast again!]

Everyone: [Where is this place? A forest? Is Xia Xue traveling?]

Idiot: [So many people.]

Waiting for TA in My Heart: [Wow! I saw Lin Fan! So handsome!]

\_ \_ \_

Xia Xue whispered, "Hello everyone. I'm very happy to meet you again.

"Today, the sophomore year at Jiangbei University will be exploring the forbidden area for a week. Right now, everyone in our class is in Forbidden Area No. 31."

. . .

In the live broadcast room.

Tired: [Forbidden area! The legendary forbidden area!]

Beggar: [Jiangbei University is awesome! Students can enter the forbidden area.]

The Weather is Really Cold: [My biggest dream is to go to a forbidden area!]

Carefree Dream: [Sure enough, the resources of a good university are excellent!]

Repairman: [From today onward, be a person who loves to learn. Read books, do homework, and recite texts!]

Mysterious Flower: [What did Xia Xue just say? Everyone in her class? So, Lin Fan and Xia Xue are classmates?]

Grace: [Did Lin Fan change classes to be Xia Xue's classmate in order to chase after her? Heavens! It's as if I'm looking at a 200,000-word romance novel!]

. . .

When Xia Xue read the comments, she was stunned for a moment.

Lin Fan had specially transferred classes to be her classmate?

Was that so?

Otherwise, why would he come to her class?

Otherwise, why would he be her deskmate?

Also, he had sat beside her on the bus just now.

Was he really pursuing her?

Thinking of this, Xia Xue's entire face instantly turned red.

She raised her head and looked at Lin Fan.

At this moment, Lin Fan looked over.

They looked at each other.

In an instant, Xia Xue's face was red as a tomato, and she quickly turned her head to the side.

In the blink of an eye, two hours had passed.

At first, everyone felt that the forest was very cold.

However, at this moment, they were all drenched in sweat.

The path in the forest was too difficult to walk on.I think you should take a look at

In addition, everyone was carrying a big bag on their backs, which was very exhausting.

A short and thin man accidentally tripped on a rock and fell to the ground.

The round-faced man beside him was quick to react. He hurriedly supported him so that he did not fall.

Even so, the short and thin man was so scared that he broke out in a cold sweat.

"Thank you, Li Dongqiang," he hurriedly said to the round-faced man.

As soon as he said this, a crisp notification sounded in Li Dongqiang's mind.

[Ding! Congratulations, you've received a gratitude token. It can be used for the lucky draw.]

Lucky draw!

[Ding! Congratulations, your strength has increased by five pounds' worth.]

Suddenly, Li Dongqiang felt his entire body become much lighter.

An increase in strength!

Li Dongqiang thought excitedly, 'Is this the legendary system? Helping someone can earn you gratitude tokens and then power? I'm simply the protagonist of the legends! If this continues, how strong will I become?'

He was so happy that his eyes turned into slits. He waved his hands and said, "You're welcome. It's just a small matter."

But soon, Li Dongqiang said, "Actually, it doesn't matter if you thank me more."

The short and thin man was slightly stunned.

'Thank you more?

'What the hell?'

He looked at Li Dongqiang's serious expression and could not help but say again, "Thank... Thank you."

However, this time, there was no notification in Li Dongqiang's mind.

This made Li Dongqiang somewhat puzzled.

. . .

Lin Fan, who was not too far away, saw everything.

Li Dongqiang thought that no one could hear the system voice in his head and no one knew what he was thinking.

Actually, all of this could not escape Lin Fan's ears.

Lin Fan's face was filled with curiosity.

System?

This person called Li Dongqiang also had a system?

Were there many systems after a thousand years?

Gratitude tokens, they seemed quite interesting.

. . .

After Li Dongqiang received a gratitude token from the short and thin man, it was as if he had found the password to become stronger. Along the way, he carefully observed the figures of his classmates. If anyone accidentally tripped, he would immediately go forward to help them.

However, after half an hour, no one tripped again.

This made Li Donggiang a little disappointed.

At this moment, a man named Zhang Fen, who was walking closer to the front and wearing silver-rimmed glasses, said, "It's almost time. I suggest that everyone eat lunch here and then take a break. What do you think?"

Zhang Fen was the class monitor.

He had a certain amount of prestige in the class.

In addition, the students were indeed hungry.

Hence, they all agreed.

"Alright."

"Yes, we'll rest here."

"Let's eat something."

\_ \_ .

In today's life, the vast majority of things could be handed over to the androids.

Androids could cook delicious food and clean the house very well.

Gradually, many people got used to a clean and tidy environment.

In fact, they even had mysophobia.

In the past, as long as there was something dirty on the chair, some students might not sit on it.

However, at this moment, they were sitting on branches and rocks that were covered in dirt.

Sometimes, it was not that people could not accept it, it was just that they were pretentious.

Along the way, Lin Fan always followed Xia Xue.

Now that they were resting, it was the same.

He reached into his backpack as if he was taking something out of it.

With a thought, he placed the things in his inner space into his hand.

Following that, Lin Fan brought out the delicacies one by one.

Lin Fan said, "Xia Xue, you must be hungry too. Come and eat."

When they were eating at the Imperial Hotel, Lin Fan had specially observed Xia Xue and knew what she liked to eat.

Sure enough, when Lin Fan took out the delicacies, Xia Xue could not move her eyes away.

She seemed to recall the deliciousness of the food and could not help but swallow her saliva.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

## Chapter 649 Anticipation; Barbecue!

Finally, Xia Xue took the food and put it into her mouth. The food was so delicious, and she was extremely satisfied.

The students sitting not far away seemed to smell the fragrance and looked at Xia Xue.

Soon, everyone's eyes were fixed on her.

They were taking in nutrient fluids and eating compressed biscuits and bread... They even thought that the taste was pretty good.

However, at this moment, they suddenly felt that the things they had were not good at all.

. . .

In the live broadcast room.

Stupid Child: [The difference between people is really big.]

Who First Saw the Moon: [The students' eyes are a little red.]

Beggar: [Having a boyfriend is good.]

Flower in the Heart: [I suddenly want to date again.]

. . .

Xia Xue had just finished eating a delicious meal. She casually glanced at the live broadcast room, and her entire pretty face instantly blushed.

Boyfriend?

She stole a glance at Lin Fan before lowering her head.

...

After resting for about 20 minutes, the students stood up and set off again.

Along the way, there were tall trees and jagged rocks...

At this moment, a long green snake suddenly fell from the tree and landed on a woman with coiled hair.

"Help!" the woman shouted in panic.

Li Dongqiang's reaction was extremely fast. He stepped forward and pinched the seven-inch snake.

Then, he pulled out the dagger at his waist and slashed down.

Blood splattered as the snake's head fell to the ground.

Li Dongqiang had good skills, and he had gained five pounds of strength previously.

Catching the snake and slashing the snake were easy for him.

The woman with her hair tied up froze on the spot for a while.

After a long time, she came back to her senses and said sincerely, "Thank you, Li Dongqiang. Thank you."

As she spoke, her eyes were misty.

Obviously, she was indeed frightened.

Li Dongqiang smiled. "Yes, yes. Just say thank you. It's best to say it a few more times."

That was because a crisp notification sounded in his mind.

[Ding! Congratulations, you've received two gratitude tokens. You can use them for the lucky draw.]

Two gratitude tokens!

That was right!

She said thank you twice!

Not long ago, Li Dongqiang had already used a gratitude token to obtain 5 pounds' worth of strength. Naturally, the more gratitude tokens he received, the better.

The woman, who was originally extremely afraid and grateful, burst out laughing.

The fear and gratitude from before had faded a lot.

"Thank you," the woman said.

However, Li Dongqiang did not receive any gratitude tokens this time.

This made Li Dongqiang a little disappointed.

Then, he turned his attention to the gratitude tokens.

'Use them!'

[Ding! It's a pity that you didn't get anything.]

The corner of Li Dongqiang's mouth twitched slightly. So, there was a chance to not get anything?

[Ding! Congratulations, you've gained three pounds' worth of strength.]

Three pounds worth of strength?

Although it was less than five pounds, it was still not bad.

A smile appeared on Li Dongqiang's face.

"There are many snakes, insects, rats, ants, ferocious beasts, and even mutated beasts in the forbidden area! Everyone, pay attention to your safety."

. . .

The students continued to move forward.

Li Dongqiang was not only paying attention to whether anyone would fall down, but he was also paying attention to whether any snakes, insects, rats, or ants would suddenly appear.

Opportunity was always given to those who were prepared.

In the following period of time, two bumblebees and a snake appeared.

All of them were taken care of by Li Dongqiang.

As a result, Li Dongqiang received the gratitude of four people and successfully received four gratitude tokens.

These four gratitude tokens increased Li Dongqiang's strength by 12 pounds' worth.

In other words, in just one day, Li Dongqiang's strength had increased by 20 pounds' worth!

Even after walking in the forest for an entire day, Li Dongqiang was still full of energy.

The setting sun dyed the distant sky bright red.

"The forbidden area isn't safe at night," Zhang Fen said. "Let's rest here."

At this moment, everyone was already exhausted. They sat down and sighed.

"I'm so tired."

"My legs are a little weak."

"My legs feel like jelly."

"Sigh, there are still six days left."

. . .

In the beginning, everyone was full of ambition. They wanted to find the legendary treasures in the forbidden area and fly to higher places.

However, after a day, they no longer had any hope.

The students complained as they took out water and food to replenish their strength.

Just like in the afternoon, Lin Fan took out another set of delicious food.

"Xia Xue, come and eat," Lin Fan said.

A thousand years ago, every time Xia Xue and Xia Bing met, they prepared an energy drink for Lin Fan.

A thousand years later, it was Lin Fan who prepared food for Xia Xue!

Xia Xue smelled these delicacies, and her stomach immediately made a rumbling sound.

She could not help but say, "Okay... Alright."

After eating the delicious food, she felt that the fatigue in her entire body seemed to have dissipated a lot.

Actually, this was the truth.

Because when Xia Xue was eating, Lin Fan secretly injected her with life energy.

After Xia Xue had a full meal, her entire pretty face was full of satisfaction.

A man with a buzz cut called Zheng Cong asked in confusion, "Lin Fan, I'm afraid the food you brought won't be able to last long. What will you do for the next few days?" noveLnext.coovem

At this moment, a large bird about a meter long flew over the treetops.

Then, as if the bird was tired of flying or had a heart attack, it fell straight from the sky and made a dull sound. Then, it was completely silent.

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 650 Anticipation; Barbecue (2)

Lin Fan bent down and picked up the bird. "I don't think I need to worry about food."

The crew-cut man was stunned on the spot.

He could not help but look up at the sky, as if he wanted to see if he could pick up a bird.

Unfortunately, he did not have such luck.

The sky gradually darkened.

All the students took out their sleeping bags and looked for a suitable place to sleep.

"Do you think there'll be snakes at night?"

"What if there are suddenly mutated beasts?"

"I don't think so."

. . .

The more they talked, the more worried they became. Their eyes could not help but look around.

Class Monitor Zhang Fen said, "Let's take turns to go on duty. It'll be three people in a group. We'll start at 12 o'clock and be on duty for four hours. Then, we'll change to another group. What do you think?"

Everyone nodded in agreement.

Being on duty was indeed a lot more reassuring.

"Alright, then it's settled. To be fair, I'll use a random name generator."

Then, he took out the foldable display and randomly picked the names.

Soon, the name list appeared.

The first night (first half): Lin Fan, Xia Xue, Li Dongqiang.

The first night (second half): Zhang Fen, Liu Zhihao, Song Li.

The second night (first half):

. . .

The night gradually deepened.

In today's world, there were countless forms of entertainment.

12 o'clock was very early.

However, today, many people had already entered their sleeping bags.

Soon, some even started snoring.

Today was too tiring for them.

Lin Fan, Xia Xue, and Li Dongqiang sat in front of the fire, drinking hot tea and coffee. They were quite satisfied.

Everyone was young, and after chatting for a while, they quickly became familiar with each other.

At this moment, Li Dongqiang suddenly saw the big bird beside him and could not help but ask, "Lin Fan, what are you planning to do with it?"

"I want to roast its meat," Lin Fan said.

"Barbecue meat? Not bad. Unfortunately, we don't have any seasonings.

Otherwise, it would be very good for us to eat barbecued meat while on duty,"

Li Dongqiang said.

Xia Xue said, "I don't know if anyone brought seasonings."

As she spoke, she looked at the backpacks in front of the sleeping bags.

Obviously, she was looking for seasonings.

Lin Fan smiled and said, "I brought seasonings."

After a thousand years of accumulation and gains, the volume of Lin Fan's internal space had already reached over a million cubic meters.

Two days ago, when Lin Fan had nothing to do, he had bought all the items he needed and placed them into his internal dimension.

Lin Fan put his hand into his backpack, looking for some spices.

In fact, he was just using his mind, and all kinds of condiments appeared in his hand from the internal space.

Lin Fan took out bottle after bottle of condiments and placed them on the ground.

"Let me see," Li Dongqiang said excitedly. "Oil, pepper, chili pepper... Lin Fan, you have a complete set! Good job!"

As soon as he finished speaking, he could not help but give a thumbs-up.

Li Dongqiang continued, "The condiments are complete!" Lin Fan, just you watch. I'll show you what I can do!"

Then, he quickly plucked the bird's feathers.

This was a relatively large task.

After all, there were too many feathers.

"It's a pity that there's no lake here," Li Dongqiang said. "Otherwise, it'll be easy to pluck the feathers if we boil some hot water."

"Let me do it," said Lin Fan.

He saw that Xia Xue was looking forward to the roast bird meat.

If he allowed Li Dongqiang to pluck the feathers slowly and then slowly roast it...

He was afraid that Xia Xue would not be able to eat the meat today.

Lin Fan took out a fruit knife and waved it.

Bird feathers fell like snow.

In just ten seconds, the entire bird became bald.

Li Dongqiang gave a thumbs-up again and said, "F\*ck! It's done just like that? That's so awesome!

"Lin Fan, do you sell chicken?"

Sell chicken?

He asked if the richest man in the world sold chicken?

The greatest existence in a thousand years sold chicken?

If these words were heard by some insiders, who knew what they would think?

Lin Fan smiled, "I don't sell chicken, but I used to eat this often. After making it a few times, I gained some experience."

Lin Fan did not say those words carelessly.

A thousand years ago, when he was in the forbidden area, he did eat a lot.

Then, Lin Fan picked up a thicker branch and ran it through the bird's stomach.

Then, he would occasionally brush oil and sprinkle seasonings...

Not long after, the bird's appearance began to turn golden. Drops of grease slowly dripped down, emitting an extremely alluring fragrance.

Xia Xue and Li Dongqiang, who were sitting next to the fire, kept their eyes on the big bird. They could not help but swallow.

In fact...

They were not the only ones gulping. The audience who were watching the live broadcast silently in front of the screen also gulped.

Little Painter: [I can smell the fragrance even through the screen.]

Time Like Water: [Such a big bird must taste good!]

Mysterious Man: [So much grease! All of it dripped onto the ground... What a waste!]

Water: [Isn't this a live broadcast in the forbidden area? Why did it become a late-night supper show?]

Quiker: [I just laid down and suddenly felt hungry after seeing this video. Who can tell me where I can eat the same type of barbecue?]

Fate: [Lin Fan was able to make the general manager of the Imperial Hotel serve him with the greatest care and make the staff of Yuesse Snow Tea personally deliver him drinks. He's tall and handsome. Now, he even knows how to barbecue! The perfect Prince Charming is definitely Lin Fan!] nOveLnext.com

My heart: [If my husband is even one-tenth as good as Lin Fan, that would be perfect.]

Nothing Is Difficult in This World: [If my boyfriend is one percent as good as Lin Fan, then I'd be happy.]

. . .

Lin Fan did not know that he had become the standard.

That was, anyone who was a fraction of Lin Fan was a qualified boyfriend or husband.

. . .

Lin Fan used a fruit knife to gently cut open the bird's skin, revealing the tender meat inside.

The alluring fragrance became even stronger.

Lin Fan nodded. "We can eat now."

Then, he cut a piece of meat and handed it to Xia Xue. "Try it. How does it taste?"

Xia Xue could not bear it anymore and replied, "Alright."

As soon as she finished speaking, she stuffed the meat into her mouth.

After she ate the meat, Xia Xue's beautiful eyes instantly lit up. She praised, "Delicious!"

Li Dongqiang did not wait for Lin Fan to speak and said, "Is that so? Then I'll try it too."

Then, he picked up the fruit knife and cut a piece of meat.

Li Dongqiang did not care how hot the meat was and hurriedly put it into his mouth.

"It's so delicious!" Li Dongqiang exclaimed excitedly.

In just a few seconds, the meat in his hand was eaten clean.

Hence, he quickly cut another large piece of meat.

Lin Fan also cut another piece of meat and handed it to Xia Xue. "Don't worry, there's still a lot."

"Delicious!" Li Dongqiang praised again.

Perhaps they were eating too loudly and had woken up their sleeping classmates.

Perhaps the aroma of the roasted meat was too strong and it pulled the sleeping students back from their dreams.

The long-haired beauty sleeping in the middle slowly opened her eyes.

She sniffed hard and muttered, "What's that smell? It smells so good!"

As she spoke, she slowly sat up and turned to look in the direction of the fragrance.

Soon, the long-haired beauty's gaze fell on the roasted meat on the fire.

"Barbecued meat?" the long-haired beauty said in surprise.

She could not help but gulp. She got up and walked forward slowly.

The first person had already woken up. Soon, the rest followed.

Not long after, everyone climbed out of their sleeping bags and came to the fire. Their eyes were burning as they looked at the brightly colored roasted meat on the fire. They could not help but swallow their saliva.
