

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 661 Top Rank; So Noisy!

Countless discussions surged like a tide.

"Kaiser Jack? That demon? He's still alive? Moreover, he's ranked fifth in the world in terms of strength!"

"I can't help but shiver when I recall the legend of Kaiser."

"Not only is Kaiser still alive, but he's also obtained even more powerful strength. This... What a terrifying disaster."

"Don't worry. Didn't you see? Fu Xuantian, Hu Yixiao, Liu Qi, and Xue Zhan are all on the rankings. Liu Qi and Xue Zhan are ranked fourth and third respectively!"

"Liu Qi and Xue Zhan are only ranked fourth and third. Who do you think is ranked second and first?"

...

Under the anticipation of countless people, the golden light finally condensed into a few large words.

[Second place: Yu Feng.]

[Reward: 50 years of lifespan, 20% increase in special energy, and 100,000 points increase in physique.]

In an ancient room, Yu Feng sat cross-legged with a face full of wrinkles and white hair.

In the next moment...

Yu Feng suddenly opened his eyes. His eyes were like the scorching sun. His tyrannical aura was like a storm that instantly sent the entire room flying.

His white hair quickly turned black, and the wrinkles on his skin quickly disappeared.

Then, Yu Feng slowly looked up at the Strength Rankings under the night sky. A thoughtful expression appeared on his face.

...

At the headquarters of the Xia Alliance.

"I knew it. Teacher is definitely fine!" Hu Yixiao laughed.

"50 years of lifespan!" Liu Qi said excitedly. "Master has gained another 50 years of lifespan! That's great!"

Xue Zhan did not speak, but the excitement on his face was no less than the two of them.

...

In fact, not only were the three of them excited, but countless people around the world were also extremely excited.

"Yu Feng? The previous Special Abilities Chief?"

"In this world, other than him, I believe there is no other expert called Yu Feng."

"That's great! I can finally see Yu Feng's glory!"

"Every time I recall the scene of Yu Feng fighting ten mutated beasts alone, I can feel tears in my eyes!"

"The Yu Feng we miss is back!"

"Why? Why is Yu Feng only second? This doesn't make sense!"

"That's right! Yu Feng is the current War God. If he's second, who would dare to be first?"

"Are you sure there's no problem with the rankings?"

...

After Yu Feng's name appeared, everyone was excited and focused more on the Strength Rankings.

Under everyone's attention, the light of the Strength Rankings grew brighter and brighter.

Finally, it condensed into a few big words again.

[First place: Lin Fan]

[Reward: 100 years of lifespan, 200,000 points of strength, and any skill level increase.]

Seeing this...

The entire world exclaimed.

"Lin Fan?!"

"Lin Fan was also ranked first on the Wealth Rankings last time! Could they be the same person? But, who exactly is Lin Fan?"

"I've never heard of him before! He's both the richest and strongest man in the world! What's going on?"

"I now doubt the accuracy of the rankings."

"Lin Fan? I've never heard of him before! Has anyone heard of him?"

"No, I haven't."

"Never heard of him."

"I... I seem to have heard of him. A thousand years ago, the hero who represented Hua Nation to enter the Otherworld was called Lin Fan." "I think you should take a look at

As soon as this person said this, everyone suddenly stopped talking.

They were all stunned.

The Lin Fan from a thousand years ago!

If it was that great man, perhaps...

...

At the headquarters of the Xia Alliance.

Hu Yixiao frowned and asked, "Do you know who this Lin Fan is? Why haven't I heard of him before?"

Liu Qi took out a stack of documents and said, "These are some of the results of my investigation after the appearance of the Wealth Rankings." *ovelnext.com*

Hu Yixiao took the document in confusion.

At first, he was still a little careless.

But soon, his eyes widened.

Hu Yixiao stammered, "Lin Fan is a shareholder of tens of thousands of companies? Among them, there are even the five major banks, the four major energy companies, and the four major technology companies... Is there a problem with this report?"

"What do you think?" Liu Qi asked.

"But... But... Aren't some of these companies controlled by the Xia Alliance? How could there be so many shares in the hands of one individual?" Hu Yixiao was puzzled.

"The Xia Alliance?" Liu Qi sighed. "That would require the existence of the Xia Alliance."

"The existence of the Xia Alliance? What do you mean?" Hu Yixiao was even more confused.

Liu Qi said, "According to our investigation, Lin Fan owned most of these shares before the Xia Alliance was established."

"Before the establishment of the Xia Alliance?"

"Yes." Liu Qi nodded. "A thousand years ago, Lin Fan already had shares."

"What?!" Hu Yixiao's pupils constricted as he said, "Could it be that he's..."

Xue Zhan already knew the relevant information, so his expression remained the same.

"How's the situation with the beast tide in Jiangbei?" he asked in a low voice. "Fu Xuantian should be arriving soon, right?"

...

At the edge of Jiangbei...

After all the names and rewards were announced, Qin Zhong slowly retracted his gaze.

He looked at the tense warriors and said in a clear voice, "The eighth-ranked commander, Elder Fu Xuantian, is already on his way!"

"As long as we hold on, it'll be a victory!"

The moment he said that, all the warriors with special abilities became solemn. They were extremely excited.

Firstly, it was because they knew Fu Xuantian's strength and saw hope in defeating the beast tide.

Secondly, it was because they admired Fu Xuantian.

In a sense, they were fighting alongside Fu Xuantian by resisting the beast tide!

This honor that made them proud!

At this moment, the ground suddenly shook.

Everyone looked into the distance and saw countless exotic beasts rushing over like a flood.

They bared their fangs and brandished their claws as they roared toward the sky. The sound was deafening.

Even though the warriors with special abilities had extraordinary strength, their faces could not help but turn slightly pale.

Qin Zhong was also shocked by this scene.

However, he quickly reacted and shouted, "Everyone, prepare for battle!"

The super laser cannons hidden in the distance shot out beams of light like meteors.

The 100 super laser cannons were extremely powerful. If they were to face hundreds or even thousands of exotic beasts, they would have the ability to annihilate them.

However, at this moment, the laser cannons were not enough to face 100,000 of mutated beasts.

Smoke and dust flew everywhere as the beasts roared wildly, forming a powerful sound wave that shook the mountains. It was extremely terrifying.

Qin Zhong, Li Dahai, and the other warriors with special abilities were shocked. They gathered their courage and prepared for battle.

At this moment, a loud and clear voice suddenly sounded.

"It's so noisy!"

Chapter 662 Killing In One Move; Heated Discussion!

The voice was not loud.

However, it overshadowed the roaring beast tide and seemed to cause a ripple in the world.

Holy, ethereal!

It made people feel like they should get down on their knees and worship the speaker.

In the next moment...

The pitch-black night sky suddenly seemed to split open, and lightning crazily poured down like rain.

It was as if the entire world had welcomed daylight in an instant.

It was incomparably dazzling.

The world shook violently. Sand and stones flew everywhere!

The soldiers with special abilities had no choice but to cover their eyes with their hands.

After a long time, the thunder stopped and the white light dissipated. Only then did everyone slowly open their eyes.

In the next moment...

All the warriors with special abilities were stunned.

That was because the hundreds of thousands of exotic beasts nearby had all disappeared without a trace.

In their place... were only wisps of black dust and slowly dancing electric arcs.

The beast tide was instantly resolved!

They were all dead!

This... This was too unbelievable!

...

The scene was transmitted to the Xia Alliance's headquarters.

Hu Yixiao said in surprise, "Just now... What happened?"

Liu Qi did not answer immediately. His hands were jumping on the keyboard.

Instantly, the scene that had been slowed down by 100 times appeared on the screen.

Liu Qi and Xue Zhan both frowned.

Hu Yixiao cried out in surprise again, "Why did so many lightning bolts suddenly descend?"

"Also, there's no lack of B-class, A-class, and even some S-class exotic beasts in this beast tide. Lightning shouldn't be able to cause too much damage to them." *Novelnext.com*

"What's going on?!"

Hu Yixiao was one of the chiefs of Xia Alliance.

He was not as steady as Liu Qi, nor was he as silent as Xue Zhan.

However, with his extraordinary knowledge, there were very few things that surprised him.

Now, he let out several shocked cries in succession.

"Xue Zhan, did you see anyone?" Liu Qi asked.

Xue Zhan shook his head.

Liu Qi said, "The terrifying lightning struck from a long distance. This person's strength... is immeasurable!"

Xue Zhan nodded seriously.

"Do you know who he is?" Hu Yixiao asked anxiously. "Quickly tell me!"

"Didn't I just show you some of his information?" Liu Qi raised his eyelids and said.

"Information?" Hu Yixiao was stunned. "You mean... Lin Fan?"

...

Fu Xuantian, who was leading the special ability team, finally arrived at the border of Jiangbei.

Fu Xuantian sniffed the burnt smell in the air and looked at the stunned warriors with special abilities. He frowned and asked, "What about the beast tide? What happened here?"

Qin Zhong and the other warriors finally came back to their senses.

Therefore, Qin Zhong quickly recounted everything he had seen and heard.

Then, he opened the live recording.

Fu Xuantian looked at the spot where the beast tide had disappeared.

Finally, he looked at the Strength Rankings in the sky and locked his gaze on the words—[First place: Lin Fan.]

"Is it him?" he muttered.

...

What happened at the Jiangbei border was soon spread on the internet.

The heated discussions rose and fell, quickly reaching the top of the trending topics on various social media sites.

Wind, Flower, Snow and Moon: [Why did such scary lightning suddenly fall at the border of Jiangbei?]

Victory: S[o many mutated beasts died in the blink of an eye?]

Tang Song Poet: [F*ck, that's awesome!]

No Life, No Demon: [Heavenly punishment! This is definitely a terrifying heavenly punishment!]

Big Chest Shield: [What heavenly punishment? Before the lightning struck, a loud sound rang out between heaven and earth. It was really noisy! It's definitely the work of a special ability user!]

Grass, a Type of Plant: [According to statistics, the number of beasts in the beast tide exceeded 100,000. There are even some people who say that there were S-class mutated beasts! If it was really a special ability user, how strong is that person? They killed countless mutated beasts in one move!]

Snowflake: [Among the top ten people, Lei Sen seems to be the only one with lightning attribute power. But he was still in the boxing gym at that time, so he can be excluded.]

The Person in My Heart: [Who is it?]

Four Seasons of Flowers: Have you all forgotten about the strongest Lin Fan?]

...

When someone mentioned Lin Fan's name, more and more people started to search for information about him.

Soon, everyone realized that there were close to 100,000 people named Lin Fan.

However, none of them had too much wealth or too much strength.

In fact, hundreds of years ago, there was still no Lin Fan who met the requirements.

Then, someone mentioned the hero of Hua Nation from a thousand years ago—Lin Fan!

Some people were surprised, some sighed, and some were excited. The majority of people did not believe it...

A thousand years was too long.

They did not believe that anyone could live that long.

Furthermore, there were only some words and legends about Lin Fan in this world. There was no video of him at all.

After so many years, many people felt that the hero of a thousand years ago, Lin Fan, was just a legend that was made up by others.

Top physicist, top biologist, top mathematician, top physicist, top computer scientist, top expert... In their hearts, how could there be such a perfect person in this world?

...

Lin Fan did not care about what was happening on the internet or what other people were thinking.

As for exterminating the beast tide, it was just a casual act of his.

Zhang Wenzhuo said, "Lin Fan, do you think the beast tide is about to enter Jiangbei? Can Jiangbei defend against it?"

The Heavenly Hound, who was sitting on the ground, raised its eyelids and looked at him as if it was looking at an idiot.

It was as if it was saying, "You fool, what nonsense are you asking?"

Zhang Wenzhuo seemed to read the words on the Heavenly Hound's face and said, "Doggo, why are you looking at me?"

Lin Fan smiled. "Don't worry, we can defend it."

"Then, will a small number of exotic beasts rush into the city and harm ordinary people?" Zhang Wenzhuo asked again. "Do you think we should help kill the exotic beasts? After all, we're all special ability users now."

Speaking of this, Zhang Wenzhuo became nervous and excited.

He had only killed exotic beasts in games.

He had never killed an exotic beast in reality.

There was excitement amidst danger!

Lin Fan smiled. "Probably not."

Zhang Wenzhuo did not seem to hear Lin Fan's words and muttered to himself, "No, I have to prepare my battle equipment first. However, isn't it too late to buy equipment now?"

After saying that, he began to rummage through the dormitory.

Seeing this...

Lin Fan could not help but smile and shake his head. He turned around and lay on the bed in the dormitory that he had not seen for a long time. He closed his eyes and slowly fell asleep.

It had been a long time since he slept in the student dormitory, but it gave him a different kind of comfort.

Tonight, Lin Fan slept very soundly.

Chapter 663 Joint Examination; Worry!

Chapter 663 Joint Examination; Worry!

In the blink of an eye, the next day arrived.

Lin Fan had yet to enter the classroom when he heard a heated discussion.

"Have you guys seen the news?"

"Are you talking about the killing of the beast tide? Of course, I have! It's so awesome. So much lightning fell from the sky, instantly killing hundreds of thousands of powerful exotic beasts!"

"I heard that it's the doing of the hero from a thousand years ago, Lin Fan!"

"From today onward, Lin Fan is my idol!"

"It'd be great if I could be one-tenth as strong as him in the future!"

...

When Lin Fan heard these words, he smiled and did not mind them too much.

Zhang Wenzhuo looked to the left and right.

He looked a little nervous.

Lin Fan could not help but ask, "What's wrong?"

After all, he was his roommate now.

If the other party encountered any trouble, Lin Fan did not mind helping him settle it.

"Do you know who sent down the terrifying lightning yesterday and instantly killed the beast tide?" Zhang Wenzhuo lowered his voice and asked.

Lin Fan nodded. "Lin Fan."

He said this with absolute certainty.

It was because he was the one who did it.

Zhang Wenzhuo nodded. "That's right. It's Lin Fan. The Lin Fan from 1,000 years ago! His name is the same as yours!"

Then, he looked to his left and right nervously.

"I received a message from Lin Fan this morning. Don't tell anyone."

Then, he quietly opened the folding display in his pocket.

[Hello, I'm Lin Fan. As I've used up too much energy to kill the beast tide, I'm now weak and powerless. I'm trapped underground and urgently need 1,000

World Coins to buy nutritional supplements. After I recover my energy, I'll pay you back a hundredfold! Also, I'll teach you a supreme combat skill! [Card number: 6287*****]

Zhang Wenzhuo said, "I transferred 1,000 World Coins to him early in the morning. Lin Fan should be able to eat the supplements soon. I didn't expect that I would be able to help such a big shot one day, hehe!"

At this point, Zhang Wenzhuo could not help but reveal a blissful and smug smile.

Happiness?

Proud?

That was right! That was it!

That was because, like many others, he had already regarded Lin Fan as his idol.

How could he not be happy when he managed to help his idol?

Moreover, his idol would teach him a supreme combat skill!

Lin Fan, who was standing at the side, had a weird look on his face.

Such fake advertisements had existed since a thousand years ago.

However, very few people were deceived at that time.

He did not expect that there were similar advertisements nowadays.

In the end, someone around him was deceived?

How did Zhang Wenzhuo get into Jiangbei University?

Zhang Wenzhuo was still proud. "Lin Fan, don't worry. After Lin Fan teaches me a combat skill, I'll mention you to him. You're both named Lin Fan. Maybe he'll teach you something."

"Then... I'll have to trouble you." Lin Fan patted Zhang Wenzhuo's shoulder earnestly.

"It's a small matter!" Zhang Wenzhuo waved his hand and smiled.

...

At this moment, the school bell rang.

Then, Qin Chuan strode in.

He first swept his gaze across the class and easily knew that no one was missing. He nodded in satisfaction and said, "I believe everyone has already seen the news. The beast tide crisis has been resolved! Everyone can enter and leave the campus as usual.

"Of course, you still have to pay attention to your safety. After all, mutated beasts aren't the only dangerous things in this world!

"In addition, Jiangbei University, Xia University, and the Western University are planning to hold a joint exam in Jiangbei. The exam will be divided into two categories: mecha and arena.

"This assessment will be personally hosted by Chief Hu Yixiao. Those who perform well and obtain good results will receive awards and energy stones from the school, the Xia Alliance, and the World Alliance."

As soon as he said this, the students cried out in excitement.

Jiangbei University, Xia University, and Western University were the top three universities in the world.

The joint examination of the three schools was an extremely rare event. Furthermore, this joint examination was hosted by the high and mighty Hu Yixiao.

The outstanding ones would be rewarded with many rewards.

This assessment was taking place after they became special ability users.

This was definitely an opportunity for them, a very good opportunity!

Qin Chuan took in everyone's expressions and nodded his head slightly.

Then, he continued, "The joint examination of the three schools will be held in three days. The whole school will be on holiday for the next two days.

Everyone, go back and adjust your condition to prepare for the joint examination!"

"Yes, Teacher!" the students shouted in unison.

It had to be said that the world a thousand years later was indeed not bad.

One had to know... *Novel* *NE*Ext.cOm

The other two universities were thousands of kilometers away from Jiangbei.

If it was a thousand years ago, the competition would have been arranged at least a week later.

This was because they would need two to three days to travel.

In addition, they needed some time to get over the jet lag.

Now, they could reach Jiangbei in half a day by supersonic plane.

As for jet lag, a pill could solve it.

...

After Qin Chuan left, Lin Fan saw that Xia Xue's pretty face was a little red. He asked, "Are you nervous?"

"A little." After Xia Xue heard Lin Fan's voice, her pretty face turned even redder.

Lin Fan said, "It's just a normal exam. Just relax. You'll be fine."

For some reason, after Xia Xue heard his words, she felt a lot more at ease.

"Alright," she said with a smile.

The two of them chatted as they walked. They separated at a fork in the road.

When Lin Fan turned his head, he happened to see his roommate, Zhang Wenzhuo.

Most of the students were excited when they found out that they were going to take the joint examination.

However, Zhang Wenzhuo's face was filled with worry.

"Zhang Wenzhuo, what's wrong?" Lin Fan asked curiously.

When Zhang Wenzhuo saw that it was Lin Fan, he could not help but become spirited.

He first looked around before saying in a low voice, "Do you think that hero from a thousand years ago, Lin Fan, will teach me that powerful combat skill in the next two days?"

"If he teaches it to me in the next two days, I'll definitely get good results in the joint examination!"

"Perhaps, Chief Hu Yixiao might even take a fancy to me!"

At this point, Zhang Wenzhuo was so excited that his face turned red.

It was as if he could already see himself defeating one student after another, becoming the final one standing.

However, Zhang Wenzhuo quickly frowned and said, "But will Hu Yixiao ask me where I got the combat skill?"

"How should I answer him, then? If I tell the truth, I wonder if the Lin Fan from a thousand years ago would mind."

Lin Fan looked at his serious expression and almost laughed out loud.

This fellow was thinking a little too far ahead.

Chapter 664 Rich Woman; Fate!

Chapter 664 Rich Woman; Fate!

After a long time, Zhang Wenzhuo collected some of his thoughts. He opened his mouth and seemed to be hesitant.

After a while, he said, "I don't know if it's because of luck. Lin Fan, have you heard of buying a child?"

"Huh?" Lin Fan blinked his eyes as if he had thought of something. The strange look on his face grew even more intense.

Zhang Wenzhuo looked around again and said, "This morning, I received a message from a rich and beautiful woman who's a surrogate mom.

"This woman has a perfect figure and face! As long as she gave birth to a child, she'll receive ten million World Coins.

"I bought a new gaming helmet when school started. Two days ago, I gave 1,000 World Coins to Lin Fan from 1,000 years ago. I'm a little short of money now... But isn't it bad to become a tool for reproduction?"

When Zhang Wenzhuo said this, he could not help but feel a little embarrassed.

It was as if he was struggling between ten million World Coins and letting a woman become a tool for reproduction.

Lin Fan looked at his serious expression and almost laughed out loud.

He thought to himself, 'Sure enough, everything has its origin. However, why do these scammers always find the same person? Can't they branch out?'

Lin Fan patted Zhang Wenzhuo's shoulder and said earnestly, "That's up to you to decide.

"If you encounter any trouble in the future, you can call me. Perhaps I can help you."

"We're classmates and roommates!" Zhang Wenzhuo said seriously. "When I become a powerful special ability user or a rich man, I'll also help you!"

...

As the news of the joint exam spread, the whole of Jiangbei became lively.

Discussions about the joint examination could be heard everywhere. When they looked up, they could see advertisements and promotional videos about the joint examination of the three schools...

Everyone was looking forward to the wonderful performance of the three schools' proud students.

For this reason, many people specially rushed over from other places.

All of a sudden, Jiangbei became one of the most popular tourist cities.

...

Lin Fan did not care about any of this at all.

Jiangbei University had lifted their dismissal order.

Hence, Lin Fan did not continue sleeping in the dormitory.

Instead, he went to the luxurious presidential suite of the Imperial Hotel.

That was because when he stayed in the school dormitory, it was easy for Lin Fan to think of things that happened a thousand years ago.

Unfortunately, things were different now, so it was better to choose a quiet and comfortable place to stay.

Lin Fan stood in front of the full-view window and asked, "Lil White, have you found any traces of my parents, sister, Hu Tian, Han Tian, and the others?"

Lil White apologized, "I'm sorry, Master. A thousand years ago, they seemed to have disappeared into thin air.

"The only thing that can be confirmed is that Xia Xue and Xia Bing should've seen them in the end."

Lin Fan nodded his head and looked into the distance. It was as if he could see the entire world.

...

Three days passed in a flash.

After Lin Fan finished his breakfast, he strolled to Jiangbei University.

When he came to the corner of the classroom, he happened to see Zhang Wenzhuo with dark eye bags under his eyes. He could not help but ask, "You don't seem to be in a good mental state."

When Zhang Wenzhuo saw that it was Lin Fan, he forcefully perked up.

Then, he looked around and whispered, "Lin Fan, do you still remember the Lin Fan from a thousand years ago who sent me a message?"

Lin Fan nodded.

"He's a fake!" Zhang Wenzhuo said.

Lin Fan's expression did not change at all.

That was because he was the Lin Fan from a thousand years ago that the other party was talking about. The other Lin Fan was naturally fake.

"The one who wants to buy a child is the real one," Zhang Wenzhuo continued.

When Lin Fan heard this, his calm face finally revealed a strange expression.

Buy a child?

Really?

"So, your dark circles..."

"I didn't go to see her the day before yesterday!" Zhang Wenzhuo hurriedly said.

"I know," Lin Fan said.

"The teacher will be here soon. Let's go back to the classroom first." Zhang Wenzhuo seemed to be afraid of being heard and quickly walked into the classroom. *noVELnext.cOm*

Lin Fan looked at the way his legs went limp as he walked and could not help but want to laugh.

Since class had not started yet, the classroom was a little noisy. There was constant discussion.

"You must perform well in the joint examination of the three schools this time!"

"Of course! Chief Hu Yixiao is personally hosting it! If he takes a fancy to you, you might even become a high-ranking official in the future!"

"A high-ranking official! My dream in this life is to be an official!"

"I heard that the reason why the joint examination is suddenly held in Jiangbei was because the higher-ups think that the Lin Fan from a thousand years ago is in Jiangbei!"

"He might even watch the examination! If Lin Fan takes a fancy to anyone, it's possible for them to become an immortal or even a god!"

"Fortunately, we have all become special ability users!"

"We must perform well!"

...

When Lin Fan heard that, he was stunned.

They had their own reasons for the joint examination of the three schools, huh?

Of course, he did not take it to heart.

At this time, Xia Xue was already sitting in her seat.

Today's Xia Xue was more heroic than usual.

Lin Fan knew the reason.

In the past three days, many people had gone through emergency training for the joint examination.

Xia Xue was also one of them.

However, when Xia Xue saw Lin Fan, her heroic spirit completely disappeared.

What replaced it was a faint shyness.

Lin Fan smiled and said, "Xia Xue, good morning."

"Good morning... Good morning," Xia Xue stuttered.

At this moment, the crisp sound of the bell rang throughout Jiangbei University.

Not long after, Qin Chuan, who was wearing a white shirt, strode up to the podium.

He glanced at the students and said, "There are a total of 99,011 people in the joint examination. They're divided into 99 groups, and each group has nearly 1,000 people! Now, I'll announce the names in our class!"

As soon as he finished speaking, Qin Chuan waved his hand. A 3D projection appeared in front of him.

"I'm in Group 51!"

"I'm in Group 3!"

"I'm in Group 8!"

...

Soon, loud noises rang out in the class.

Many people in the class were divided into different groups.

Lin Fan, Xia Xue, and Li Dongqiang were in Group 7.

Qin Chuan gestured for everyone to be quiet before saying, "I've already sent the location of the competition to everyone's communication number. After checking it, you can go to the competition venue on your own."

The students quickly took out their foldable monitors to check and then walked out.

Li Dongqiang rubbed his nose and chuckled. "Last time, the three of us were on night watch together. I didn't expect the three of us to be in the same group this time. It's really fate!"

Fate?

Xia Xue did not know why, but after hearing this word, she could not help but secretly look at Lin Fan. Her pretty face immediately blushed.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Even though the area of Jiangbei University had expanded by more than three times compared to a thousand years ago, reaching nearly 700 million square meters, it was still crowded today.

Looking up, one could see many people everywhere.

Of course, there were students from Jiangbei University, Xia University, and Western University.

In addition, there were also many spectators who had specially come to watch the joint examination.

Lin Fan, Xia Xue, and Li Dongqiang chatted as they walked.

Not long after, they arrived at the plaza.

This was the competition area of their Group 7.

The referees were either closing their eyes to rest, discussing in low voices, or observing carefully... Everyone was determined to achieve excellent results in this joint examination.

Therefore, even though there were hundreds of people present, there was no liveliness. On the contrary, it was very dull.

At this moment, a round-faced man walked over and said with a smile, "Are you Li Dongqiang, Xia Xue, and Lin Fan from Jiangbei University?"

"You know us?" Li Dongqiang asked in confusion.

The round-faced man pushed his black-rimmed glasses up the bridge of his nose and said, "To be exact, I know you all, or rather, I know everyone from the three major schools. This is because I have the information of everyone there."

"I forgot to introduce myself. I'm Tian Zhiwu from Xia University."

When Li Dongqiang heard this, his eyes moved slightly as he asked, "Do you really have everyone's information?"

After all, the joint examination was a competition of strength.

If he knew about other people's information, it would definitely be very beneficial to him.

"Of course!" Tian Zhiwu replied.

Then, he took out the foldable display screen and clicked on it.

After a while, a 3D projection appeared in front of him.

The page contained Li Dongqiang's basic information.

[Li Dongqiang: Male]

[School: Sophomore at Jiangbei University]

[Mech Rating: C]

[Special Ability Level: D]

[Remarks: Extraordinary endurance, strength, willingness to help others...]

Then, he displayed Xia Xue's basic information.

[Xia Xue: Female]

[School: Sophomore at Jiangbei University]

[Mech Rating: C]

[Special Ability Level: D+]

[Remarks: Special flying ability, allowing her to be invincible at the beginning of the battle...]

Tian Zhiwu and Li Dongqiang could not help but look at Xia Xue.

D+ and flying ability. These were very rare among ordinary students.

Finally, Lin Fan's information appeared on the 3D projection.

[Lin Fan: Male]

[School: Sophomore at Jiangbei University]

[Mech Ability: C]

[Special Ability Level: D]

[Remarks: Balance of strength, stability, and sustainable development...]

"How about it? Do you want me to check anyone's information? A piece of information only cost 200 World Coins. Isn't that a good deal? In addition, as long as you purchase more than three people's information, you'll be given a list of all the participants in Group 7." Tian Zhiwu chuckled.

Lin Fan's lips twitched.

People from a thousand years later did not seem to be as simple-minded as Zhang Wenzhuo.

Li Dongqiang thought for a moment and said, "Then give me the information of the three strongest people in the Group 7. Remember, you have to exclude the three of us."

"Alright!" Tian Zhiwu said happily.

Then, the information of three people appeared in front of him.

[Song Kai: Male]

[School: Third year student of Western University]

[Mech Ability: B]

[Special Ability Level: D+]

[Remarks: His mecha abilities far exceed his peers, making him invincible...]

...

[Qin Zifeng: Male]I think you should take a look at

[School: Fourth year student of Jiangbei University]

...

"Lei Hu's special ability is B+!" Li Dongqiang was surprised.

Among the other students who did not even have a B grade, a B+ grade was too eye-catching.

"Yes!" Tian Zhiwu said. "He's the number one genius of our university! Let me remind you, his father is Lei Sen!"

"The master of the Thunderbolt Fist Dojo?" Li Dongqiang's eyes widened.

"That's right!" Tian Zhiwu.

"Hiss!" Li Dongqiang could not help but gasp.

This was truly too shocking.

Lei Sen was already extremely famous.

Not long ago, he appeared on the Strength Rankings, which made his reputation reach its peak.

They were actually competing on the same stage as Lei Sen's son!

A low voice sounded behind him.

"Don't you have eyes?" A man with long bangs looked at Tian Zhiwu from the corner of his eyes.

As soon as he finished speaking, he raised his thick arm and was about to push Tian Zhiwu to the side.

Tian Zhiwu seemed to have noticed this from the corner of his eye, and his body tilted slightly.

Unfortunately, he was still a step too late.

A huge force struck and directly flipped Tian Zhiwu onto the ground.

"What are you doing?" Tian Zhiwu said angrily.

However, when he saw the appearance of the man with long bangs, he was slightly stunned.

It was as if he had seen a ferocious beast and could not help but take half a step back.

"What? You have a problem with that?" The man with long bangs frowned.

Before Tian Zhiwu could reply, Li Dongqiang took a step forward and said, "What right do you have to push him? Apologize to him now!"

"You want to stand up for him?" asked the man with long bangs.

"Apologize!" Li Dongqiang said directly.

The man with long bangs snorted and pushed Li Dongqiang again.

Li Dongqiang had already seen his opponent's move. He knew that his strength was far beyond that of ordinary people and that he could not be defeated.

Hence, he quickly dodged to the side.

However, even though he dodged the man's arm, he still suffered an invisible force.

Li Dongqiang was like a kite with a broken string. He somersaulted in the air before slowly stabilizing his body. *NovelNext.com*

Tian Zhiwu hurriedly walked up and said with concern, "Are you alright?"

After all, Li Dongqiang was only trying to stand up for him.

"He's Zhao Ting, a student of Xia University. His ability is air manipulation. His level is C-! He has a fiery temper. We'd better not provoke him."

Li Dongqiang was slightly shocked.

His grade was C-, and he could control the air!

Although this person called Zhao Ting was domineering, he was really strong!

Li Dongqiang's expression changed, as if he was hesitating and considering something.

Xia Xue, who was next to him, said angrily to Zhao Ting, "You suddenly knocked someone away, and you're still quibbling? Hurry up and apologize!"

Lin Fan did not say anything. He just took half a step forward and vaguely protected Xia Xue behind him.

In fact, with his strength, even if he was thousands of kilometers away from Xia Xue, it was impossible for Xia Xue to get hurt.

It was unnecessary for him to be concerned.

Chapter 666 Mecha Battle; Regret!

Li Dongqiang, Zhao Ting, and the others' noise attracted the attention of many people.

They all looked over.

However, no one tried to stop anything from happening.

Instead, they all revealed an expression of watching a good show.

Zhao Ting's cold eyes swept across Lin Fan, Xia Xue, Li Dongqiang, and Tian Zhiwu. Just as he was about to speak...

At this moment, a loud voice suddenly sounded.

"Members of Group 7 of the joint examination, gather here!"

When everyone heard this, they all looked in the direction of the voice.

There stood a middle-aged man with thick eyebrows and big eyes. He exuded a stern aura.

When many people saw him, they were surprised and started discussing.

"Captain Li Ke!"

"Heavens, our invigilator is actually Captain Li Ke!"

"He's an S-class special ability user. Moreover, he's at the top of the S-class!"

"Later, we must perform well. If Captain Li Ke takes a fancy to us, that'll be a very good thing!"

"As expected, the joint examination is very important!"

...

As they spoke, they quickened their pace and approached Li Ke.

Zhao Ting glanced at Lin Fan, Xia Xue, Li Dongqiang, and Tian Zhiwu again. He said sternly, "See you on the field!"

Tian Zhiwu looked at his departing back and heaved a long sigh of relief.

"Fortunately, he left..."

Then, he said to Lin Fan, Xia Xue, and Li Dongqiang, "This is just how Zhao Ting is. Actually, I could've just stepped aside just now. But thank you."

"I was pushed too," Li Dongqiang said. "It's not too much to thank me a few times, right?"

"Huh?" Tian Zhiqu was stunned and said, "Thank... Thank you."

Li Dongqiang pursed his lips and thought, 'There's only one gratitude token again.'

Lin Fan, Xia Xue, Li Dongqiang, and Tian Zhiwu followed the crowd to where Li Ke was.

Li Ke glanced at the bustling students and said loudly, "I think your teacher has already explained the contents of the competition. Mecha and the arena!

"You'll be provided with standardized mechas by the World Alliance.

"The rules are simple. Fight!

"The mecha assessment time is two hours. All mechas have an energy core. Breaking an energy core will give you one point. Those who leave the assessment area will fail.

"If there are no more questions, everyone can collect your mechas and enter the building of Group 7 for the examination."

As he spoke, Li Ke pointed at the mechas and the tall building beside him. *NovelNext.com*

Some of the students from Jiangbei University started to whisper among themselves.

"I was wondering why the school suddenly built so many new buildings. So it's for competitions."

"There's a thick layer of foam below the building, so I'm not worried about getting injured from falling."

"Let's go. Hurry up and get into the mechas."

...

At this moment, Lin Fan, Xia Xue, Li Dongqiang, and Tian Zhiwu found their mechas.

All the mechas were red in color, with numbers written on their left arms and an eye-catching energy core at the bottom of their necks.

Lin Fan casually operated his mecha and started to compare.

This mecha's operation and performance were similar to the school's, so it could be considered somewhat handy. I think you should take a look at

Thousands of red mechas walked towardsthe tall building in batches, forming a scene of a future battlefield.

After everyone operated their mechas into the building, they first observed the environment and kept their distance from the people around them.

That was because everyone was an enemy now.

Anyone could suddenly attack them.

"The assessment begins!"

At this moment, a loud and clear voice sounded from the tall building.

At the same time, a projection of the time and the number of people appeared.

[Time: 119:59]

[Number of people: 1,000]

Almost as soon as the voice fell, a series of loud noises immediately sounded from the tall building.

The entire building shook.

[Time: 119:30]

[Number of people: 990]

In 30 seconds, the energy cores of ten people were directly shattered!

Chaos unfolded.

Suddenly, loud noises rang out throughout the entire building. Dust filled the air, and gravel flew everywhere.

The towering skyscraper looked as if it would collapse at any moment.

Lin Fan, who was standing in his mecha, did not care about the battle around him. He did not take the initiative to attack anyone.

In his eyes, these battles were like children fighting, and he was completely uninterested.

He went straight to a mecha near the corner.

When the mecha saw someone approaching, it immediately became alert.

"It's me!" Lin Fan said.

The standard mecha was the initial data. It was not connected to other equipment.

Generally speaking, communication could only be made if both parties agreed.

Lin Fan's voice appeared in Xia Xue's mind.

Xia Xue looked at the left shoulder of Lin Fan's mecha and quickly saw his number. She could not help but feel relieved.

At this moment, she received a communication request.

"Lin Fan, have you seen Li Dongqiang?"

After all, Li Dongqiang was their classmate.

There was strength in numbers, and it was always safer to be together.

"Li Dongqiang is in the east."

Then, the two of them piloted their mecha and headed east.

At this moment, Li Dongqiang was holding his long knife high and slashing it at the energy core of the mecha in front of him. The mecha immediately lost its ability to move.

Li Dongqiang could not help but smile. He had scored!

In the next moment, his heart tightened, and he hurriedly turned around to escape.

He suddenly saw two mechas charging toward him.

Li Dongqiang felt that he had good strength.

Chapter 667 Mecha Battle; Regret! (2)

However, he had just used up his stamina to defeat a mecha. Now, he was facing two more mechas. He would definitely not be able to take it.

At this moment, Lin Fan's voice floated into his mind.

"It's me and Xia Xue."

Li Dongqiang's footsteps paused slightly.

Then, he received a communication request. noVELnext.com

"It's really you!" Li Dongqiang said happily.

Alone, it was easy to be attacked.

However, if the three of them formed a group, very few people would dare to provoke them.

Xia Xue looked up at the count.

[Time: 99:51]

[Number of people: 910]

"There are only 99 minutes left," Xia Xue said.

Lin Fan knew that Xia Xue also cared about this competition.

Otherwise, she would not have specially trained during the three days of the holiday.

Thus, Lin Fan said, "It's almost time for us to earn points."

As soon as he finished speaking, Lin Fan controlled his mecha to take a step forward. In an instant, he blocked a mecha and slammed down with his palm.

The energy core shattered, earning him a point!

"Good job!" Li Dongqiang laughed. "Watch me!"

Then, he stopped another person.

However, Li Dongqiang was not as fast as Lin Fan.

In fact, he almost flipped the mecha over.

Thanks to Lin Fan's timely help, Li Dongqiang was able to shatter the energy core.

At this time, Xia Xue also stopped a mecha.

Lin Fan and Li Dongqiang turned around to help.

The ending was self-evident.

Xia Xue quickly got one point.

With the three of them working together, especially with Lin Fan, who was ranked number one in terms of strength, they could naturally kill everyone and everything!

Lin Fan, Xia Xue, and Li Dongqiang's scores kept rising.

...

In front of Group 7's building.

There was a huge 3D projection in front of Li Ke, displaying the battle scene in the entire building.

The audience in the distance gasped in admiration from time to time.

"As expected of students from the three major universities!"

"That's amazing!"

"I can barely operate the mecha to run."

"This is too exciting!"

...

Li Ke's stern eyes swept through the battles as he silently analyzed them.

When he saw the small group of three mechas, his gaze could not help but linger for a few more seconds.

...

[Time: 23:33]

[Number of people: 589]

As time passed, some people discovered the great benefits of being in small groups.

Therefore, they intentionally looked for people who they were familiar with, were from the same grade, or were from the same school to form groups.

Not long after, several large groups of dozens or even 20 to 30 people appeared.

After the individual players were dealt with, some of the larger groups turned their attention to the smaller groups.

In the distance, there was a sudden burst of violent footsteps.

A large group of 18 people rushed toward Lin Fan, Xia Xue, and Li Dongqiang.

They looked like a pack of hungry wolves who had just seen three fat sheep.

Among them, the mecha that was running at the front turned on the external sound system and said, "I found you!"

It was Zhao Ting, who had clashed with Li Dongqiang and the others earlier.

Li Dongqiang frowned when he heard the voice.

Li Dongqiang had wanted to find trouble with Zhao Ting earlier, but the invigilator arrived.

Now, they finally met.

However, the other party was in a group of 18 people.

"What should we do now?" Li Dongqiang asked in a low voice.

Lin Fan smiled. "Someone is delivering points to us again. Can't we just accept them?"

As soon as he finished speaking, he took a step forward and rushed forward.

He was completely fearless!

Perhaps Lin Fan's actions had touched Li Dongqiang.

"Alright!" he added.

Xia Xue did not speak. She followed closely behind Lin Fan.

Thus, a very strange scene appeared.

The three lone mechas that looked like little sheep charged straight at the 18 mechas that looked like hungry wolves.

Lin Fan, who was controlling his mecha, suddenly changed his stance and slashed down.

A mecha's energy core shattered.

Then, Lin Fan punched the back of another mecha, causing it to stagger and fall toward Li Dongqiang.

Li Dongqiang seized the opportunity and threw a shot.

Score!

Lin Fan kicked out, and the mecha beside him fell to the ground.

Xia Xue quickly waved her knife.

Score!

....

In front of Group 7's building.

Li Ke's gaze once again fell on the small group of three mechas.

He muttered in his heart, "These three people..."

He raised his hand and tapped lightly, and the information of the three people immediately jumped out in front of him.

"Xia Xue, Li Dongqiang, and Lin Fan?"

"Lin Fan? He has the same name as the hero from a thousand years ago."

Then, Li Ke sighed and said, "Is that hero also watching this examination?"

...

How could he know that the hero was not just watching it?

He was directly involved in it.

...

Even though Lin Fan did not use his own strength and was just operating the mecha like a normal student, his skills were still not something that ordinary people could compare to.

Soon, Zhao Ting was the only one left standing in the group of 18.

He looked around at Lin Fan, Xia Xue, and Li Dongqiang.

Finally, he shouted, "Die!"

He charged toward Lin Fan with all his might.

In his opinion, Lin Fan had been attacking all this while He was definitely exhausted now.

Unfortunately, Zhao Ting was destined to be disappointed.

Lin Fan's body shook, and he smashed Zhao Ting onto the ground.

"Li Dongqiang, I'll leave it to you."

"Thanks!" Li Dongqiang said.

He slashed at Zhao Ting's energy core.

This battle of three against 18 was a complete victory!

The following time became even more intense.

Everyone wanted to get more points at the last moment.

One after another, large groups erupted into battle. It was extremely tragic.

The small group of three formed by Lin Fan, Xia Xue, and Li Dongqiang was not attacked at all.

Lin Fan, Xia Xue, and Li Dongqiang were not attacked, and they were too lazy to take the initiative to find trouble.

Hence, a strange scene appeared in Group 7's building.

Sparks flew in all directions from the large groups.

However, there were three lonely mechas standing at the side like spectators.

At this moment, a loud and clear voice sounded in Group 7's building.

"The match is over! Everyone stop fighting and come out of the building!"

As soon as that was said, there were people who heaved a sigh of relief, some felt helpless, and others who were excited... Their expressions were all different.

Following that, everyone piloted their slightly damaged mechas and returned to the square.

Li Ke's sharp eyes swept across the crowd.

When he saw Lin Fan, Xia Xue, and Li Dongqiang, he could not help but pause for a few more seconds.

After a while, he said, "The first round of the mecha competition ends here!"

"Now, let's announce the scores!"

Immediately, a clear 3D projection appeared in the air.

[Lin Fan: 39 points]

[Xia Xue: 33 points]

[Li Dongqiang: 31 points]

[Qiao Hun: 26 points]

[Zhu Chaoqun: 19 points]

...

The top three were taken by Lin Fan, Xia Xue, and Li Dongqiang.

Among them, Lin Fan had the highest score.

In reality, Lin Fan was not interested in the number of points he got and whether he was first or not.

Many times, he would beat the enemy to the point of being half-crippled so that Xia Xue and Li Dongqiang could make the last move.

Xia Xue and Li Dongqiang also knew that in the small group of three, Lin Fan had the greatest contribution.

Therefore, there were a few times when they kicked the enemy back in front of Lin Fan.

That was why Lin Fan had gotten the highest score.

...

"The morning exam ends here. The arena competition will begin at 2 PM!" Li Ke said.

After saying that, he did not stop at all. He turned around and walked into the distance.

As soon as he left, the scene immediately erupted into a clamor of discussion.

"So, mecha battles are actually like this. If I had known earlier, I would've formed a group when I entered."

"Standard mechas are too difficult to operate. It would've been better if I used my own mecha."

"I actually got zero points."

"Hey!"

...

The round-faced Tian Zhiwu squeezed through the crowd and said, "Lin Fan, Xia Xue, Li Dongqiang, aren't your mecha piloting skills too amazing?"

"Especially Lin Fan. Your mecha skills are way above the data. I'm afraid you're already a B+! If I had known earlier, I would've gone in and stayed with you. Otherwise, I wouldn't have been eliminated after only staying in the building for two minutes."

As he said this, Tian Zhiwu's features were scrunched up. He was extremely regretful.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 668 Encountering Zhao Ting; Victory!

In the first 20 minutes of the mecha assessment, the battles were the most intense and chaotic.

Many people's energy cores were shattered within these 20 minutes.

Tian Zhiwu was one of them.

Losing the energy core in two minutes had caused him to end up with zero points in the mecha assessment.

If he followed Lin Fan and the others, he might have been able to rank in the top few. How could he not regret it?

At this moment, a series of dull footsteps sounded not far away.

Zhao Ting, who had long bangs, walked over with a cold expression.

"In the afternoon, you'd better pray that you don't meet me! Otherwise, I'll teach you a lesson. Hmph!"

After saying that, he walked straight ahead.

Zhao Ting also knew that his mecha abilities were rather average.

However, he believed that he had extraordinary abilities!

Zhao Ting believed that as long as he met Lin Fan and the others, he would be able to defeat them and take revenge.

...

At noon...

Lin Fan, Xia Xue, Li Dongqiang, and Tian Zhiwu chose to eat at the cafeteria.

The cafeteria was much more crowded than usual.

There was an endless stream of students walking in.

Fortunately, Jiangbei University had made ample preparations in advance so that the students would not have to queue for too long or miss lunch.

After lunch, Li Dongqiang, Xia Xue, and Lin Fan took Tian Zhiwu to stroll around the campus.

After all, Tian Zhiwu came from Xia University. He was a guest and needed to be treated as such.

Tian Zhiwu pointed at the statue in the distance and said, "Is this the hero from a thousand years ago, Professor Lin Fan?"

"Yes," Li Dongqiang said with certainty. "It's said that Professor Lin used to think under that tree and solve difficult problems. Now, it has become a Path-Understanding Tree... And there, it's said that someone broke his leg. In order to let the person stand up, Professor Lin invented advanced prosthetic limbs..."

Although Lin Fan had already heard all kinds of legends and stories about himself from Xia Xue, when he heard them again, he could not help but rub his nose awkwardly.

The few of them chatted as they strolled.

Time flowed like water, and in the blink of an eye, it was two o'clock.

At this moment, the students from Group 7 who were taking the assessment had returned to the plaza.

The originally flat plaza now had 50 more arenas.

It had to be said that the world a thousand years later was truly amazing.

With just a few hours of rest at noon, they could quickly build 50 sturdy large arenas.

Li Ke, who was standing at the front, glanced at the students and said, "The group arena is randomly divided into ten teams. The battle time is 30 minutes. As long as the opponent is knocked out of the arena or the opponent admits defeat, you'll receive one point. At the same time, you'll receive all the points your opponent has.

"Of course, the premise is that weapons are not allowed, and intentional killing is not allowed!

"Now, let's announce the groups!"

As soon as Li Ke finished speaking, a huge 3D projection immediately appeared on the scene.

On it was the list of candidates in Group 7.

[Xia Xue: Team 30]

[Li Dongqiang: Team 33]

[Tian Zhiwu: Team 10]

[Lin Fan: Team 61]

...

"We're not on the same team," sighed Li Dongqiang. I think you should take a look at

Tian Zhiwu said, "You should be glad that we're not in the same team. It's ten people in a team. If we were all in the same team, each person would only get one point on average. In fact, when the game starts, the other 6 people might join forces to attack us. Then we'll be in danger."

"Huh? That seems to be the case." Li Dongqiang said.

...

"Students in the first 50 teams, please enter the arenas!" Li Ke announced loudly.

When the students heard this, they all walked toward their own arena.

The other students swept their gazes across the arena one after another.

They discussed in low voices, wondering who would get a good result.

Meanwhile, Lin Fan focused his gaze on Ring 30.

...

At this moment, there were three women and seven men standing on Ring 30.

One of the women was Xia Xue.

The three women instinctively gathered together and looked warily at the seven guys in the distance.

The atmosphere was a little heavy.

At this moment, Li Ke, who was standing below the arena, said, "The group arena begins!"

The seven guys in Ring 30 did not choose to deal with the women first.

They attacked each other, and in a short while, four people were knocked off the stage.

The remaining three guys had wounds on their bodies.

They all felt that the other party was troublesome to deal with and did not attack easily.

Instead, their eyes fell on Xia Xue and the other women.

"What should we do?" the round-faced woman asked in a low voice. "It seems like they are going to deal with us."

"We can't just sit and wait for death!" said the oval-faced woman. "We have to take the initiative to attack!"

"Alright!"

Then, the three women charged at the three guys.

In many people's minds, women were mostly weak. *NovelNExt.cOm*

However, those were just ordinary women.

Xia Xue and the others were not ordinary at all.

The oval-faced woman had a rapid ability, the round-faced woman had far more power than ordinary people, and Xia Xue's speed and strength were not weak.

Three against three.

One side was full of energy, while the other was exhausted.

The ending was self-evident.

After some effort, the three guys were knocked out of the ring.

Seeing this, the three women all revealed a hint of joy.

At this moment, the oval-faced woman and the round-faced woman secretly looked at each other.

A fierce look appeared in their eyes.

Then, they suddenly attacked Xia Xue together.

They actually knew each other and had already made plans!

Seeing this...

Lin Fan, who was standing below the stage, raised his eyebrows and prepared to help.

Chapter 669 Encountering Zhao Ting; Victory (2)

Chapter 669 Encountering Zhao Ting; Victory (2)

As for whether this would break the rules of the competition or affect the progress of the competition, Lin Fan did not consider it at all.

The only thing Lin Fan thought about was that he could not let Xia Xue suffer any harm.

However, before Lin Fan could make a move, Xia Xue suddenly jumped up and directly dodged the attacks of the round-faced woman and the oval-faced woman.

The round-faced woman and the oval-faced woman looked up at Xia Xue who was flying in the air, their faces showing a touch of surprise.

No, they were not the only ones surprised.

Many people outside the arena looked over and exclaimed.

"There's actually someone flying in Arena 30!"

"Heavens! A special ability to fly!"

"Isn't this too amazing?"

...

Flying was an amazing thing no matter which era it was.

After Li Ke heard the voice, he also cast a strange look at Xia Xue.

...

Xia Xue, who was flying in the air, had a cold expression on her face.

"You guys are too sinister!"

The oval-faced woman did not mind and said, "In the group arena, it's either you win or lose. How is there anything sinister about it?"

At this moment, she had already recovered from her shock.

So what if Xia Xue could fly?

At most, she would not attack her.

The other party consisted of two people, so Xia Xue did not have the ability to attack them.

With this thought, the oval-faced woman and the round-faced woman both relaxed.

Xia Xue said coldly, "Either you win or you lose? Since that's the case, then you guys lose!"

As soon as she finished speaking, Xia Xue jumped down.

She was as fast as lightning.

In the blink of an eye, she arrived behind the oval-faced woman.

The oval-faced woman wanted to dodge, but it was too late.

With a punch, the oval-faced woman was knocked off the arena.

Then, Xia Xue jumped and quickly arrived in front of the round-faced woman. She suddenly kicked.

The round-faced woman also fell off the stage.

Complete victory!

...

At this point, only Xia Xue was the only one left in the entire Arena 30!

She had obtained nine points by herself!

Xia Xue looked at the other arenas and then slowly walked down.

Lin Fan smiled. "Not bad!"

In fact, it was normal for Xia Xue to do this.

When they were in the forbidden area, Lin Fan had specially conditioned Xia Xue's body and secretly let her absorb a lot of energy.

How could it be difficult for her to deal with two ordinary students?

After Xia Xue heard Lin Fan's praise, her pretty face blushed slightly. She was very happy.

Even when she defeated the two women and obtained nine points, she was not this happy.

"Thank you."

At this moment, Tian Zhiwu slowly walked over.

There were some injuries on his body, and his entire face was extremely ugly.

"Sigh, I'm participating in this joint examination in vain." Tian Zhiwu sighed.

"Zero again!"

Lin Fan smiled. "The most important thing is your participation!"

"I can only think of it this way," Tian Zhiwu said.

"What do you mean by that?" Behind him, Li Dongqiang's carefree voice sounded.

Tian Zhiwu said, "The most important thing is participation... By the way, how was your group arena?"

"It's alright. I only scored four points," Li Dongqiang said proudly.

This was indeed something to be proud of.

One had to know that there were only ten people in each arena, so there was a total of nine points to be won.

4 points was already almost half of the points!

Tian Zhiwu immediately gave him a thumbs-up and said, "Awesome!"

Li Dongqiang waved his hand.

"Group 51 to 100, get onto the arenas!" Li Ke shouted.

Tian Zhiwu said, "Lin Fan, you can do it!"

"You can do it!" Li Dongqiang said.

Xia Xue whispered, "Good luck..."

After a pause, she said, "Be careful."

Lin Fan smiled. "Alright."

Why would Lin Fan need to pay attention to his safety?

With his physique, even if he stood on the spot and let others hit him, it was impossible for anyone to cause him any harm.

The referees walked up to the respective arenas.

Lin Fan had just walked onto Arena 61 when he felt a cold gaze on him.

He raised his head and saw Zhao Ting with long bangs.

Zhao Ting grinned. "Lin Fan, what a coincidence. We meet again."

It was as if he could already see Lin Fan getting beaten up by him.

Lin Fan's expression remained indifferent.

After all, a small ant was baring its teeth at a human.

How could the human take it to heart?

...

Tian Zhiwu's expression changed slightly.

"Oh no! Why is Lin Fan on the same arena as Zhao Ting? Zhao Ting's air control is very difficult to deal with. Moreover, his special ability has reached C-!"

"This time, Lin Fan is in danger!"

Li Dongqiang's expression was also a little solemn as he said, "Lin Fan... He has to be careful."

Li Dongqiang and Zhao Ting had a short fight before.

It was because of this that he knew very well how difficult it was to go against a user with air control and how powerful Zhao Ting was.

Xia Xue said seriously, "Lin Fan will be fine."

Her beautiful eyes were fixed on Arena 61 without blinking.

At this moment, a loud and clear voice sounded from the scene.

"The match begins!"

Instantly, everyone in the arenas started moving.

Zhao Ting, who was in Arena 61, charged straight at Lin Fan.

He wanted to rub Lin Fan's face on the ground to vent the anger in his heart.

"Fall!"

Zhao Ting punched out at Lin Fan.

However, when he was only a few centimeters away from Lin Fan, his fist could not move any farther.

This feeling... It was as if there was an invisible wall in front of him.

Then, Lin Fan followed up with a punch.

This punch landed heavily on Zhao Ting's face.

Suddenly, Zhao Ting's entire body seemed to have been hit by a speeding car. His entire body flew out and smashed fiercely under the arena, stirring up a cloud of dust.

Score!

This scene shocked Group 61 and the others.

Everything had changed too quickly. Lin Fan's attack was way too powerful.

In Arena 61, the eight people who were originally wary of each other suddenly gathered together.

Then, they looked at Lin Fan warily.

This was the instinctive behavior of the weak when they encountered the strong.

"Let's finish him off together first!" someone whispered.

"Alright!" The remaining people responded.

Then, the eight of them used their special abilities and attacked Lin Fan from different angles.

It was difficult for one to against eight.

However, it was only difficult for ordinary people.

Lin Fan was obviously not ordinary!

His figure was like an illusion, constantly flashing among the eight people.

A series of muffled sounds could be heard from Arena 61.

Following that, all eight of them were like sandbags as they flew backward and landed below the arena.

The match in Arena 61 ended.

Lin Fan scored nine points!

This scene was witnessed by everyone outside the arena.

Many people exclaimed in admiration and discussion.

"Just... Just now, what exactly happened in Arena 61?"

"Why did they suddenly fly out?"

"One minute? Did the match in Arena 61 last more than a minute?"

"This... It's too fast!"

...

Li Ke turned his gaze to Lin Fan.

He muttered in his heart, 'Lin Fan? Is this a... coincidence?'

...

Lin Fan did not care about the praises and questions of the crowd.

After he jumped off the arena, he walked straight ahead.

"Lin Fan, wait no!" Tian Zhiwu exclaimed. "Mr. Lin! What is the level of your special ability? Oh my god! All nine of them were defeated by you in the blink of an eye!

"Zhao Ting was also among them. He's a C-class special ability user!

"Could it be that you've reached B+ like Lei Hu?! Heavens! Why re all the people called Lin Fan so awesome?"

Lin Fan smiled. "I don't know what level I am."

He was not spouting nonsense.

This was because he did not know how special abilities were classified in the current world.

Naturally, he did not know what level he was at.

Li Dongqiang gave him a thumbs-up.

Xia Xue said excitedly, "Lin Fan, I knew you could do it."

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 670 Ranking; Forbidden Area No. 2

At this moment, Li Ke, who was deep in thought, suddenly had his phone ring in his pocket.

He looked at the caller ID, and his expression suddenly became serious. He quickly pressed the answer button.

"Yes, Sir!

"Yes, Sir!

"Understood!"

Li Ke answered a few times before hanging up.

After hanging up the phone, his expression was no longer as relaxed as before.

He looked very anxious.

In fact, similar things did not only happen to Li Ke.

Almost at the same time, the same thing happened to all the examiners of the joint examination.

Some people seemed to have noticed something.

However, the majority was still immersed in the exciting arena competition.

...

The group arena only lasted for 30 minutes. Amidst the discussions of the crowd, the curtains quickly came to an end.

At this moment, most of the students in Group 7 were in a sorry state.

This was normal.

After all, the group arena required the students to face each other head-on. It was very intense.

Li Ke, who was standing at the front, said bluntly, "Everyone we have your scores for the mecha competition in the morning and the group arena in the afternoon."

As soon as he finished speaking, a huge 3D projection immediately appeared on the scene, with names and scores.

[Lin Fan: 57]

[Xia Xue: 51]

[Li Dongqiang: 39]

...

About a minute later, Li Ke said again, "Now, the overall ranking of the three schools will be announced!"

As soon as he said this, the students began to discuss.

"Overall ranking? Is it going to be announced directly?"

"But our Group 7 didn't compete with the other groups?"

"The joint examination of the three schools is about to end?"

...

The entire scene became a little chaotic.

It was no wonder it was like this.

After all, the joint examination of the three schools was an extremely grand event.

It attracted the attention of almost everyone in the world.

Was it going to end in just one day?

This was indeed unexpected.

However, Li Ke did not pay attention to everyone's discussion.

He casually waved his hand...

Instantly, a new 3D projection appeared in the air.

[Lin Fan: 57]

[Xia Xue: 51]

[Song Bin: 49]

[Sun Daqiang: 40]

[Li Dongqiang: 39]

...

Even in the overall ranking, Lin Fan was still ranked first.

When the people in Group 7 saw his ranking, they were not too surprised.

However, the students from the other groups started discussing again.

"First place, Lin Fan?"

"This... Could it be the hero from a thousand years ago, Professor Lin?"

"Professor Lin is also participating in the joint examination of the three schools?"

"Heavens! This is unbelievable!"

...

In fact, it was not just the students who were surprised.

The examiners were also stunned.

Some of the people who were familiar with Li Ke even sent a message asking about it.

...I think you should take a look at

At this moment, a loud voice suddenly rang out in the huge Jiangbei University.

"Hello everyone, I'm Hu Yixiao!"

The entire Jiangbei University fell silent.

Everyone's hearts began to beat faster.

Hu Yixiao!

The current chief!

He was a super expert ranked sixth on the Strength Rankings!

He was an existence that countless people worshipped!

Now, he actually wanted to talk to them!

Hu Yixiao said, "I've already watched everyone's mecha battle and group arena. To be honest, I'm very disappointed!

"You lot are immature and full of flaws!

"The current world has given you the best environment and the best resources, yet this is all you can do?

"I'm very disappointed!"

Everyone's ears buzzed, and endless guilt rose in their hearts.

Hu Yixiao said after a while, "You don't know this, but many people are unable to step out of the forbidden area for the rest of their lives in order to stop the forbidden area from expanding!

"You don't know that countless people die in the mouths of mutated beasts every year!

"Perhaps we've been protecting you too well."

Hu Yixiao let out a long sigh.

"But it's not too late yet! *NovelNext.com*

"Now, we have a chance! A chance to grow quickly and protect others!

"There's a mutated beast riot in Forbidden Area No. 2. I'll lead the way to provide support. Do you dare to go with me?!"

Jiangbei University immediately gave a loud and clear response.

"We'll go!"

"You'll have to face the terrifying beasts alone there," Hu Yixiao said again.

"Are you afraid?"

"We're not afraid!"

"Good!" Hu Yixiao shouted loudly, "The top 500 students will gather at the school gate. The rest of you disperse because you don't have the qualifications to participate!"

Hu Yixiao's voice stopped abruptly.

The examiners quickly organized the top 500 students and headed for the school gate.

The students who were ranked below 500 lowered their heads, feeling helpless, bitter, and depressed.

"It's great that we can go to Forbidden Area No. 2!" Li Dongqiang said excitedly. "It's said that this is the forbidden area that the heroes had experienced a thousand years ago!"

Lin Fan's face flashed with a strange expression. However, he did not say anything.

Li Dongqiang patted Tian Zhiwu, who looked a little dejected. He said, "Don't look so bitter! Although you can't go, I'll help you kill a few more exotic beasts. It'll be considered as you going!"

Tian Zhiwu said, "Okay...?"

Li Dongqiang said, "Look, I'm already helping you. Aren't you going to thank me?"

The corner of Tian Zhiwu's mouth twitched slightly, but he said, "Alright, thank you."

"You're not sincere at all," Li Dongqiang said.

Lin Fan could not help but laugh and shake his head when he heard the two of them arguing.

He turned to Xia Xue and said, "Don't worry. There'll be no danger."

Xia Xue, who was still worried, heard this sentence, and the worry in her heart was instantly swept away.

"Yes, yes!" She nodded vigorously.

Everyone talked as they walked. After a while, they arrived at the school gate.

At this moment, a large luxury spacecraft had already stopped in front of them.

When the students saw this, they all exclaimed in admiration.

"It's the M5 spacecraft!"

"Heavens, this is the first time I've seen the real thing!"

"So cool!"

...

When the top 500 students of the three schools were sitting in the M5 aircraft, the Xia Alliance's headquarters called for an emergency meeting.

"How's the situation in Forbidden Area No. 2?"

"The energy fluctuations in the core area are getting stronger and stronger. All the exotic beasts are going berserk. Among them, more than a hundred SSS-class exotic beasts appeared!"

As soon as he said that, the atmosphere in the entire meeting room became extremely gloomy.

A million exotic beasts, a hundred SSS-class exotic beasts!

It was very terrifying.

The beasts were all gathered together.

Just thinking about it made one feel despair.
