Chapter 671 Entering The Forbidden Area; Confidence!

The higher-ups of the Xia Alliance could already see the scene of the mutated beasts rampaging and causing a terrifying disaster.

The entire conference room was silent.

"Aren't we being a bit too hasty in letting the top 500 students from Jiangbei, Xia, and West universities into Forbidden Area No. 2?"

"After all, they're the future of Earth. If they all die there, it'll be a huge loss for Earth."

Some people nodded in agreement.

Xue Zhan, who was sitting at the top, said, "How can you grow without going through the wind and rain? This is training for them.

"In addition, Hu Yixiao, Liu Qi, and my master, Yu Feng, have all gone to Forbidden Area No. 2. They will try their best to protect the students."

Everyone nodded when they heard this.

Hu Yixiao, Liu Qi, and Yu Feng... The first two were the chiefs of the Xia Alliance, while the last one was the master of the three chiefs—a legendary figure!

The three of them were ranked sixth, fourth, and second respectively on the Strength Rankings.

Since they were protecting the students, the danger level would naturally be much lower.

However, Xue Zhan's expression did not relax at all.

He was an expert ranked third on the Strength Rankings. He knew very well how terrifying Forbidden Area No. 2 was.

He silently prayed in his heart that everyone would be able to get through this crisis.

• • •

The M5 aircraft drew a beautiful arc in the air.

About half an hour later, it slowly descended.

The students got off the flying vehicle and saw a red forest in the distance.

It was scarlet and strange!

It made people flinch.

Some students even had the intention to retreat.

At this moment, a tall and imposing figure suddenly appeared in front of the students with a strong gust of wind.

It was Hu Yixiao, one of the chiefs of the Xia Alliance.

When the students saw him, their hearts could not help but race.

Then, they bowed in unison and said, "Greetings, Chief!"

Hu Yixiao ignored the students.

He stared at the red forest with his sharp eyes.

After a while, he said, "Qin Feiyu, Wang Qiang, Liu Baohua... Follow me into Forbidden Area No. 2. The rest of you will lead the students and follow behind."

"Yes, Sir!" everyone said in unison.

Then, Hu Yixiao took the lead and entered Forbidden Area No. 2.

Li Ke and the rest of the invigilators said loudly, "Everyone, keep up. Don't run around, don't fall behind, and don't touch anything in the forbidden area—including trees!"

"Yes, Sir!" the students said.

The students were curious and nervous.

Finally, everyone slowly walked into Forbidden Area No. 2.

Outside, everyone could not sense anything unusual about the forbidden area at all.

However, the moment they stepped into the forbidden area, they wre greeted by a wave of heat.

As they breathed in, their blood began to boil.

"My strength seems to be increasing."

"My special ability seems to be about to break through."

"It's so hot, ah!"

"My strength is constantly increasing!"

•••

Everyone discussed and praised in low voices as they slowly moved forward.

At this moment, a tree branch kept swaying above the head of a student in a black T-shirt, making him a little annoyed. He raised his hand and tried to break it.

Suddenly, the tree seemed to come alive as its branches grew.

In the blink of an eye, the student in the black T-shirt was wrapped up like a dumpling.

He kept struggling in the tree branch, but it was useless. He could only shout, "Help! Teacher, help!"

An examiner with a buzz cut jumped up, drew the flexible sword at his waist, and swung it several times.

After a while, the student in the black T-shirt emerged safely from the branch.I think you should take a look at

However, this action seemed to have completely infuriated the red trees.

The surrounding red trees shook violently, and branches grew crazily, as if they wanted to surround and kill everyone here.

Another examiner quickly played the music.

It was gentle and ethereal.

Soon, the red trees stopped shaking and slowly regained their calm.

Seeing this...

Everyone heaved a sigh of relief.

"Didn't I tell you not to touch anything in the forbidden area?!" the chief examiner shouted.

The student in the black T-shirt lowered his head and did not dare to speak.

"Alright, since no one is injured, let's continue," an examiner said.

The group continued to move forward.

On the way, the students learned their lesson and did not dare to touch anything.

However, there were many holes on the ground and the corpses of mutated beasts. It was extremely bloody.

Clearly, a battle had occurred here not long ago.

Many centipedes with scarlet eyes suddenly emerged from the ground.

They were ferocious and terrifying!

"All students, prepare for battle. Kill the Armored Centipedes!" the examiner standing at the front said.

As soon as he finished speaking, he took the lead and swung his saber.

One of the Armored Centipedes broke into two.

Even so, it was still twisting its body with all its might.

When the students heard this, they also began to attack the centipedes.

These Armored Centipedes were clearly not very powerful.

In the beginning, some students were almost injured.

However, after a while, they found the rhythm of the battle. Under the joint efforts of the few of them, they quickly killed one Armored Centipede after another.

At this moment, a ten-meter-long giant centipede suddenly emerged from the ground.

Its legs were as sharp as steel blades.

When it saw the students, it was as if it had seen the enemy who had killed its own descendants or as if it had seen a group of fat sheep. It opened its ferocious mouth and shot at the students.

The three examiners standing at the front reacted extremely quickly.

One of them turned his arm into a huge rock and punched out.

One of them spat out scorching flames.

One of them raised his saber and slashed down.

In the blink of an eye, the giant centipede was broken into several pieces and fell to the ground, emitting black smoke. $no \mathcal{V}el\mathcal{N}ext.c\mathcal{O}m$ 

The students were both scared and excited at the same time.

This was the strength of the examiners!

When could they become so powerful?

Lin Fan asked Xia Xue, "Are you okay?"

"I'm fine," Xia Xue said.

"The examiners are awesome!" Li Dongqiang said. "Lin Fan, Xia Xue, when do you think we can become like them?"

Lin Fan said, "Become like them? I don't think it's possible."

Lin Fan was not lying.

That was because his current strength had long surpassed theirs.

How could he become like them?

Li Dongqiang thought that Lin Fan was not confident. He put his hand on his shoulder and said, "Don't be discouraged. As long as we work hard, there will definitely be no problem!"

At this moment, a loud sound suddenly erupted from the depths of the mangroves.

The mangroves jumped up and down.

A gust of wind blew across, and everyone's clothes and hair rustled.

Li Ke and the other examiners turned around and looked into the depths of the mangrove forest. Their faces were filled with solemnity and horror.

#### Chapter 672 Who Is He?

In front of him, a two-headed snake that was more than ten meters thick stood upright like a pillar that supported the sky.

A golden-haired gorilla nearly a hundred meters tall pounded its chest and roared.

A huge black eagle that covered the sky was circling around.

A giant golden scorpion waved its steel pincers.

•••

"So many SSS-class exotic beasts!" one of the examiners said in a hoarse voice.

He was the squadron leader of a special ability squadron and had seen quite a few big scenes. However, at this moment, he could not help but be stunned.

As soon as he said this, the students began to discuss.

"SSS-class exotic beast? All of them?"

"There are so many SSS-class monsters. What should we do now?"

"We're finished. We're all finished."

••••

The students' voices were filled with fear and even despair.

Lin Fan said to Xia Xue, whose face was a little pale, "Don't worry, I'll be by your side to protect you."

His identity, at least in Xia Xue's eyes right now, was very ordinary and plain.

However, his words made Xia Xue feel at ease immediately.

She nodded vigorously and said, "Yes!"

•••

At this moment, three figures that were not particularly tall suddenly appeared in front of the SSS-class exotic beasts.

They were Hu Yixiao, Liu Qi, and Yu Feng.

The three of them swung their fists, kicked, and drew their sabers.

The strong wind whistled, and the aura was terrifying.

Following that, one huge exotic beast after another was sent flying, beheaded, or exploded like a balloon...

This scene stunned everyone, and they kept gasping in admiration.

"That's Chief Hu and Chief Liu. Who's the other person?"

"This is too amazing!"

"One move, one kill! Those are SSS-class exotic beasts!"

"The last one is Elder Yu!"

"As expected of the First Chief. He's too strong!"

"Idol, they're all my idols!"

•••

As SSS-class exotic beasts were dealt with one after another, the students' initial worry and fear turned into excitement.

They were excited, but Hu Yixiao, Liu Qi, and Yu Feng, who were standing at the front, had ugly expressions on their faces.

Although they had dealt with SSS-class exotic beasts with one move and it seemed very simple, they were using their full strength for each move.

Even they would not be able to take it anymore if they were to continuously use their full strength to attack.

At this moment, in their field of vision, countless exotic beasts appeared in the distance.

Among them were hundreds of SSS-class exotic beasts.

Hu Yixiao panted heavily. "What's going on in Forbidden Area No. 2? Why are all the mutated beasts going berserk?"

"If you want to know the reason, I'm afraid you'll have to go to the depths of the forbidden area," said Liu Qi.

Hu Yixiao shrugged. "Based on the performance of these exotic beasts, wouldn't they tear me apart?"

"Master, what should we do now? The exotic beasts seem to be about to charge out again."

Yu Feng stared into the distance and said, "Replenish your strength and hold on!"

After saying that, he took out a nutrient pack and poured it into his mouth.

This was a special nutrient serum.

One was enough to make an ordinary person not eat for a day.

However, Yu Feng, who was ranked second on the Strength Rankings, had only recovered a little bit of his strength.

Of course, it was better than nothing.

Hu Yixiao and Liu Qi also drank a few nutrient serum packs.

At this moment, a large group of exotic beasts suddenly rushed over from afar, and the entire ground trembled again.

"Again!" Hu Yixiao sighed.

As soon as he finished speaking, he suddenly threw a punch.

A large number of low-level exotic beasts were directly turned into meat pies.

Liu Qi and Yu Feng also attacked.

Low-level exotic beasts could not pose any threat to them at all, so it was easy to deal with them.

However, at this moment, more than ten enormous SSS-class exotic beasts rushed out from underground and in the distance.

This caught them off guard.

"F\*ck!"

Hu Yixiao shouted and punched with all his might.

Two SSS-class exotic beasts were killed on the spot.

When he threw out his third punch, his strength was a little difficult to sustain. It was actually blocked by the giant lizard.

The giant lizard seized the opportunity and opened its bloody mouth to bite Hu Yixiao.

At this moment, Yu Feng suddenly turned around and cut off the lizard's head with his saber. Blood splattered everywhere.

"Pay attention to controlling your strength!"

"Yes, Sir!" Hu Yixiao heaved a sigh of relief at first, but then he spoke nervously like a new student.

Hu Yixiao, Liu Qi, and Yu Feng attacked the exotic beasts again.

After eliminating this wave of exotic beasts, they were even more tired.

However, they had no intention of backing down.

This was because this place was close to the exit of the forbidden area.

If they backed down and allowed the exotic beasts to charge out of the forbidden area, it would definitely bring an incomparably terrifying disaster.

They had barely taken a few breaths of rest when the entire forbidden area suddenly shook again.

Moreover, the magnitude of the tremors this time was far greater than before.

Cracks appeared on the ground, and the red trees also tilted and fell.

In the next moment...

Countless exotic beasts rushed over like a flood.

Hu Yixiao, Liu Qi... Even Yu Feng's expression changed drastically.

"Hurry!" Yu Feng shouted.

The three of them hurriedly attacked.

However, the three of them were already exhausted. How could they deal with so many exotic beasts?

Especially since there were dozens of SSS-class exotic beasts!

The three of them used all their strength, but it was still difficult for them to resist.

The students in the distance seemed to have noticed something unusual.

They felt the terrifying pressure emitted by the mutated beast, and their bodies trembled.

"S-So terrifying..."

"Can the First Chief and the others defeat them?"

"Yes... It should be possible..."

•••

Lin Fan just stood beside Xia Xue and looked ahead silently.

He suddenly frowned and said softly, "Xia Xue, wait for me here for a while."

As soon as he finished speaking, his figure disappeared.

Hu Yixiao had just used all his strength to send a giant golden python flying. Before he could catch his breath, he suddenly felt a chill behind him.

A fiery-red scorpion was flying toward his head with its sharp stinger.

Hu Yixiao wanted to dodge, but it was too late.

Meanwhile, Yu Feng and Liu Qi were dealing with the other SSS-class exotic beasts.

Hu Yixiao felt despair in his heart. "It's over!"

At this moment, a tall and handsome figure suddenly appeared in front of him.

It was Lin Fan!

Lin Fan pointed at the scorpion that was flying over.

Its sharp and sturdy stinger shattered like a bubble!  $no \mathcal{V}el\mathcal{N}ext.c\mathcal{O}m$ 

No!

It was not just the stinger that shattered.

The huge fiery red scorpion turned into nothingness like a bubble.

This scene stunned Hu Yixiao.

At this moment, Hu Yixiao only had one thought in his mind, 'Who was he?'

Chapter 673 Annihilation; Finally Meeting!

Chapter 673 Annihilation; Finally Meeting!

Lin Fan ignored Hu Yixiao completely as he pointed at the mutated beast in front of him.

Another exotic beast turned into a bubble and disappeared.

Following that, Lin Fan pointed at a few more mutated beasts.

With each point, a strange beast disappeared completely.

Mysterious and tyrannical!

Hu Yixiao's jaw dropped in shock.

When could SSS-class exotic beasts be dealt with so easily?

However, Lin Fan was frowning.

He still felt that it was too slow.

Lin Fan suddenly stretched out his hands.

In an instant, the exotic beasts that were roaring crazily and waving their claws ferociously all stopped moving as if they had been immobilized.

Then, Lin Fan spat out a single word, "Destroy!"

After a soft sound, all the exotic beasts, including dozens of SSS-class exotic beasts, all shattered like bubbles and disappeared without a trace.

The entire world fell silent!

Everyone's mouth was wide open as they stared at Lin Fan in shock.

Hu Yixiao stammered, "You... You are..."

"Lin Fan." After Lin Fan spat out these two words, he took a step forward and instantly came to Xia Xue's side.

Xia Xue could not help but ask, "Are you Professor Lin from a thousand years ago?"

Everyone around pricked up their ears.

Obviously, they were also very curious about this.

Lin Fan nodded. "Yes."

He did not want to tell any lies to Xia Xue.

Furthermore, this matter was nothing to Lin Fan.

Although everyone had already expected this, they were still shocked after hearing Lin Fan admit it.

Professor Lin!

That great man!

He had lived for more than 1,000 years!

In Xia Xue's mind, she could not help but think of the scene of her meeting with Lin Fan.

No wonder the Imperial Hotel treated Lin Fan so politely.

No wonder Lin Fan had such a weird expression when she was introducing Jiangbei University to him, especially when she was introducing Lin Fan's achievements.

No wonder he could solve the math problem so easily.

••••

No wonder she felt so at ease when she was by his side.

Thinking of this, Xia Xue's pretty face could not help but blush.

She stole a glance at Lin Fan and realized that he was also looking at her.

Xia Xue was even more shy, and she wanted to bury her head somewhere.

"Boom!"

At this moment, an unprecedented loud noise appeared in the depths of the forbidden land.

The powerful energy storm raised a cloud of dust.

Cracks appeared on the ground.

Moreover, the cracks were growing and expanding.

Following that, countless exotic beasts fled from the depths of the forbidden land.

This time, whether it was the number of exotic beasts, the aura they emitted, or the degree of violence, they all surpassed the previous few tides.

This feeling was as if there was something extremely terrifying behind them.

The students were so scared that their faces turned slightly pale.

Then, they all looked at Lin Fan.

Lin Fan frowned. "The depths of the forbidden area, this aura... They all seem familiar. What is it?"

As he spoke, he waved his hand.

The beasts that were running away disappeared.

It felt as if the previous beast tide was just an illusion.

An earth-shattering sound rang out in the depths of the forbidden area.

The vigorous energy surged like a tide.

Lin Fan's eyes moved as he said in shock, "This feeling is... It's them!"

Then, he was about to step out.

But soon, he thought of Xia Xue next to him.

So, he said, "Xia Xue, let's go inside the forbidden area together."

Inside the forbidden area?

That place was absolutely terrifying and dangerous.

Xia Xue did not hesitate at all and nodded directly. "Alright."

As long as she was with Lin Fan, she would feel at ease.

Instantly, the two of them disappeared from where they were.  $no \mathcal{V} e l \mathcal{N} ext. cOm$ 

The next moment, Lin Fan and Xia Xue appeared in the depths of the forbidden land.

This place was filled with dense white fog, making it impossible for people to see the scenery in front of them.

Of course, this was only a problem ordinary people faced.

Lin Fan was not an ordinary person!

He stared straight ahead, his body trembling slightly.

He was excited!

That was because there was a huge pit under the white fog.

Inside the hole was an energy barrier.

There were many people lying inside the light barrier.

These people were all Lin Fan's family and loved ones from a thousand years ago!

His grandpa, Lin Liqiang, his grandma, Zhang Guidan, his dad, Lin Tao, his mom, Dai Weixue, his sister, Lin Xiaoyao... His lovers, Xia Bing, Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling, Chen Xin, Xu Jingrou... All of them were here!

Lin Fan had missed them dearly during this period.

Now, they had finally appeared in front of him.

Moreover, looking at their condition, their bodies were still full of vitality.

All of them were still alive!

How could Lin Fan not be excited?

At this moment, the energy barrier in the hole suddenly shattered.

Lin Fan was worried that something unexpected might happen. Hence, he hurriedly poured vigorous life force into everyone's bodies.

After a while, Lin Tao, Dai Weixue, Lin Xiaoyao, Han Tian, Hu Tian, and the others opened their eyes.

At first, they were still at a loss.

But soon, their gazes landed on Lin Fan.

"Lin Fan!"

"Lin Fan, is that really you?"

"This is great!"

Everyone shouted happily.

Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, and the rest rushed toward Lin Fan.

Then, they either held his hands tightly or hugged him...

They had not seen each other for many years, and their feelings for each other were deep.

Lin Fan said softly, "It's been hard on you all these years."

"We didn't suffer at all. We were just sleeping. When we woke up, we saw you," Song Jiaxin said.

"Yes." The women nodded.

Lin Fan said, "Right, why were you guys lying here?"

"It was Xia Xue and Xia Bing who helped us. That day, they said that you didn't die. If we slept together, maybe we could see you again," Song Jiaxin said happily.

Lin Fan nodded his head in realization.

From the super smart watch, he already knew that Xia Xue and Xia Bing had absorbed a lot of energy and thus had powerful strength.

Therefore, it was a reasonable explanation.

At this moment, he seemed to have thought of something and was about to turn around to ask. Xia Bing, who was the only one lying on the ground, suddenly opened her eyes.

At the same time, the rolling white fog penetrated Xia Xue's body.

It howled wildly, sending sand and stones flying everywhere.

The blue sky suddenly burst into a dazzling golden light.

The golden light continued to spread out and gradually formed a huge golden door with four golden words—'Congratulations on becoming an immortal!'

# RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 674 Wedding; Blessing!

Everyone, including the people in Forbidden Area No. 2, the people in the Xia Alliance, and even the people from all over the world... All of them looked up at the sky and started discussing.

"What's that?"

"Is this a 3D projection?"

"Congratulations on becoming an immortal! Someone is about to become an immortal? Are there really immortals in this world?"

"A thousand years ago, this scene also appeared!"

"Heavens!"

At this time, the white fog of Forbidden Area No. 2 had completely disappeared into Xia Xue's body.

Suddenly, Xia Xue looked at Lin Fan with a completely different expression.

Gentle as water, hot as fire!

She could not help but walk forward and say in a coquettish voice, "Lin Fan!"

Almost at the same time, Xia Bing also walked over and said, "Lin Fan!"

When Lin Fan heard these two voices, he knew that Xia Xue had recovered her memories from a thousand years ago.

However, he still could not help but ask, "Xia Xue, how did you lose your memory before?"

Xia Xue whispered, "A thousand years ago, after obtaining the power, we had a special ability to calculate. We knew that you would come back in almost 1,000 years, so we decided to seal everyone here.

"But I was worried that you wouldn't see us and would go somewhere else in search of us.

"Therefore, after nearly a thousand years, I forcefully woke up from the seal. I was afraid that it would affect the seal, so I used a special ability to ensure that the seal would operate normally at the cost of my memories and power."

Lin Fan said, "Thank you."

"It's nothing." Xia Xue and Xia Bing shook their heads gently, their faces full of happy smiles.

At this time, two pillars of light suddenly appeared from the golden door in the air and fell on Xia Xue and Xia Bing. A strong suction force appeared, as if it wanted to pull them in.

Lin Fan's eyes shone with a golden light as he looked at the golden door and said, "We still have things to do. Let's go in next time. Break!"

The pillar of light, the golden door, and the golden words... shattered and disappeared.

It was as if these things were just mirages.

Then, Lin Fan said, "Let's go home."

Instantly, Lin Fan, Lin Liqiang, Zhang Guidan, Lin Tao, Dai Weixue, Lin Xiaoyao, Xia Bing, Xia Xue, Hu Tian, Han Tian, Song Jiaxin... all disappeared on the spot.

In the next moment, they appeared in the Coiling Dragon Villa.

That was right!

This was the Coiling Dragon Villa from a thousand years ago.

However, the location was the same, but the buildings and area were completely different.

The Coiling Dragon Villa had expanded by more than ten times. It even included the entire lake.

On top of the artistic foundation of the villas' architecture, new technology was added.

The trees were lush, and the flowers were blooming.  $nOvE\ell next.com$ 

This place... was simply a paradise.

After everyone came here, they all liked this place.

A month passed in the blink of an eye.

On this day, the entire Coiling Dragon Villa was surrounded by countless red roses. Bright red lanterns and banners could be seen everywhere. It was extremely festive.

Today, Lin Fan was going to marry his lovers forever.

Lin Xiaoyao looked at the tall man in a suit in front of her and praised, "Brother, you're so handsome!"

Lin Fan smiled. "Of course!"

At this moment, a large group of women in white wedding dresses slowly walked over from afar.

They were Xia Xue, Xia Bing, Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling, Chen Xin, and Xu Jingrou... Everyone had a sweet smile on their faces.

No guests were invited to this wedding. It was carried out quietly under the witness of his parents.

Even so, everyone still felt happy.

A year passed in the blink of an eye.

Lin Fan reclaimed a piece of land in the Coiling Dragon Villa.

At this moment, he was planting soybeans with Hu Tian, Song Jiaxin, Su Ningjing, and the others. They were also watering carrots. They were extremely satisfied and relaxed.

"Jiaxin, your face is a little dirty," Lin Fan said.

Hence, he reached out to wipe the dirt off Song Jiaxin's face.

However, he had been planting vegetables all this time, and there was more soil on his hands than on Song Jiaxin's face.

This wipe made Song Jiaxin's face even dirtier.

"Jiaxin, your face looks very unique now," Hu Tian chuckled.

Song Jiaxin quickly realized something and rebuked, "Ah! Lin Fan, you have to help me clean it up."

"Alright, alright, alright," Lin Fan said.

Hence, he wiped Song Jiaxin's face with his hands.

With this wipe, Song Jiaxin's face completely turned black.

Immediately, laughter rang out in the fields.

As the sun gradually set, everyone sat around to eat, relaxed and satisfied.

After dinner, they gathered to watch a movie.

A day passed in the blink of an eye.

The next day, Lin Fan woke up and stood in the courtyard to take a breath of fresh air.

At this moment, he suddenly raised his head and looked at the blue sky.

In the clear sky, a dazzling golden light appeared again.

The golden light continued to gather, gradually forming a huge golden door in the air.

Xia Xue and Xia Bing instantly appeared beside Lin Fan.

Lin Liqiang, Zhang Guidan, Lin Tao, Dai Weixue, Lin Xiaoyao, Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling, and the others seemed to have sensed something different. They walked out and looked into the sky.

In fact, they were not the only ones who noticed this change.

Everyone in the world also noticed it and started discussing again.

"This golden door again."

"What is it?"

"Can someone explain?"

••••

Lin Fan smiled. "Grandpa, Grandma, Dad, Mom, Lil Yao, and everyone, don't worry. I'll go up and take a look. I should be back soon."

"Don't worry about us, Lil Fan," Lin Tao said. "Just do what you should do."

"Lil Fan, you must be careful!" Dai Weixue said.

"Alright," said Lin Fan.

Then, Lin Fan spent a few moments with Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling, Chen Xin, and Xu Jingrou...

Then, he looked at Xia Xue and Xia Bing.

The three of them nodded.

In the next moment, Lin Fan, Xia Xue, and Xia Bing turned into three streaks of light, gold, blue, and red. They shot into the sky and entered the golden door.

After the three of them entered, the golden door gradually closed and disappeared.

Meanwhile, Lin Tao, Dai Weixue, Lin Xiaoyao, Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling, and the others were still staring at the blue sky. They did not speak for a long time.

Their hearts were filled with prayers.

'Lin Fan, you have to come back safely.'

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 675 Success; No Trust!

Inside the door was a boundless void passage.

Lin Fan, Xia Xue, and Xia Bing were like three colorful lights that flew forward.

At this moment, a ferocious golden dragon claw suddenly appeared in the void and shot toward the three of them.

Lin Fan raised his brows and hurriedly brought Xia Xue and Xia Bing to jump through space to dodge.

Space was unpredictable and had the magical power to isolate everything.

However, even though Lin Fan had entered the space, the golden dragon claw was still following closely behind him.

No!

Not only did it follow behind, but its speed also increased and entered Lin Fan's body.

Xia Xue and Xia Bing panicked. "Lin Fan, are you okay?"

Lin Fan felt the changes in his body and said, "I'm fine."

He clenched his fists and said, "It's strange. I seem to have gained a lot of strength."

"Are you really alright?" Xia Xue and Xia Bing were still a little worried.

The power and might that the golden dragon claw emitted earlier was too powerful and terrifying.

When they saw it suddenly fly into Lin Fan's body, how could they not be worried?

Lin Fan shook his head. "Don't worry, I'm fine. Moreover, this golden dragon claw gives me a particularly familiar feeling."

"Familiar?" Xia Xue and Xia Bing were puzzled.

"Yes, this feeling... It's as if this dragon claw has always belonged to me," Lin Fan said.

At this moment, another golden dragon claw flew over.

Although the dragon claw did give him a familiar feeling,?Lin Fan did not dare to let it fly into his body.

After all, he did not know if it would bring about some unknown changes.

The power of space could not stop the dragon claw.

He would use the power of time, then!

Lin Fan used all of his time power to stop the golden dragon claw.

Generally speaking, under the effect of such a powerful time force, it was impossible for anything to survive.

Everything in the surroundings would be fixed and unable to move.

However...

The golden dragon claw was not affected at all.

No, that was not accurate.

Its speed had suddenly increased.

It felt like the golden dragon claw had absorbed the power of time.

Lin Fan's heart skipped a beat.

#### "What?"

The golden dragon claw sank into Lin Fan's body once more.

"Lin Fan..." Xia Xue and Xia Bing said anxiously.

Lin Fan did not reply. Instead, he muttered to himself, "So that's how it is..."

At this moment, another golden dragon claw flew over.

This time, Lin Fan did not choose to dodge or resist.

Instead, he allowed it to enter his body.

Instantly, Lin Fan's arm shone with a dazzling golden light.

Upon closer inspection, he discovered that they were actually golden scales.

Lin Fan said, "As expected, the fourth claw!"

As soon as he finished speaking, another dragon claw flew over.

"The fifth claw!"

After the fifth dragon claw entered Lin Fan's body, golden scales started to appear on his limbs.

"Torso!

"Head!"

The body and the head of a dragon flew over together and quickly entered Lin Fan's body.

In an instant, an extremely powerful aura erupted, forming a violent hurricane in the spatial passageway.

At the same time, Lin Fan's body was covered in golden scales that were emitting an incomparably dazzling golden radiance.

From afar, he looked like a golden sun.

He was so dazzling.

A dragon's roar suddenly sounded in the void. The space shook violently and shook continuously.

Xia Xue and Xia Bing looked up. Their beautiful eyes were full of surprise and worry.

"Lin Fan..."

At this moment, a loud and clear voice suddenly sounded in the endless sky.

"Chaos Dragon God, I didn't expect you to succeed."

Then, a huge red shadow whose face could not be seen clearly appeared in the distance.

"A short thousand years. Unbelievable."

Another loud burst of time rippled back and forth.

A huge green shadow slowly appeared.

"I've thought of many possibilities, but I never thought that the Chaos Dragon God would succeed," a huge blue shadow said.

"This is too surprising," the enormous gray shadow said.

"It's so unexpected that I don't know what to say."The huge purple figure whose face could not be seen said.

Instantly, the entire space was filled with red, green, blue, gray, purple, and gold. It was a colorful sight that contained a unique beauty.

At this moment, Lin Fan's figure slowly emerged from the boundless golden light.

At this moment, his entire body was covered in golden scales, as if he was wearing a set of golden armor. It was very strange. Lin Fan first gave Xia Xue and Xia Bing a reassuring look and said, "Don't worry, I'm fine."

After Xia Xue and Xia Bing heard Lin Fan's voice, they both heaved a sigh of relief.

Then, Lin Fan raised his head and looked at the red, green, blue, gray, and purple figures in front of him. "But I succeeded."

"Yeah, it worked! This meant that there might still be hope for this world." The huge red figure said, "In that case, let's do as we said back then and give him our power."

"Black, you come out too."

As soon as he finished speaking, an extremely cold aura spread over.

This feeling... It was as if it wanted to completely freeze a person's flesh and blood, even their soul.

"Give it to him? Why?!"

An earth-shattering sound reverberated through the heavens and earth.

"The Chaos Dragon God is just a sleepyhead. He's greedy for money and playful... He's just a guy who only knows how to enjoy himself!

"The reason why he was able to succeed this time was entirely due to luck!

"He was lucky this time. Next time, will he be able to help our world survive the crisis?

"Why should I give him my power?

"I don't believe in him!"

His voice was like a thunderbolt that caused everyone's ears to buzz. The space was like glass that had been hit hard, and cracks appeared.  $nOvE\ell next.com$  Lin Fan was not affected at all. He raised his head slowly and looked straight into the dark void.

"You don't believe me? Then I'll make you believe me!"

"Is that so? Keke!" A cold laugh came from the darkness.

A giant pitch-black shadow slowly walked out.

Every step he took was like the beating of a drum. Loud sounds rang out continuously, and they burst out with incomparably strong power, causing the space to collapse crazily.

In the next moment, the endless darkness was like a long spear as it shot toward Lin Fan.

It was sharp and terrifying!

However, Lin Fan did not seem to notice it at all. He just stood there without moving.

When the black spear was only a centimeter away from Lin Fan, it was blocked by the golden light around Lin Fan's body. A loud sound of metal colliding could be heard.

A tyrannical energy storm shot out, blowing Xia Xue and Xia Bing's hair and clothes.

They could not help but use their hands to block it.

One had to know...

Xia Xue and Xia Bing now had extraordinary power.

However, just the aftermath of the battle was difficult for the two of them to resist.

The strength of Lin Fan and Black was evident.

The red, green, blue, gray, and purple shadows in the air only watched from afar. They did not speak or interfere.

Clearly, they wanted to see how strong Lin Fan was right now and if he was worthy of them giving him their power.

The first attack had failed.

In the darkness, countless black spears shot out once again. Like a rain of arrows, they shot toward Lin Fan.

The spears collided with the golden light on Lin Fan's body. The loud sound continued, but it did not cause any damage to Lin Fan at all.

Seeing this...

The huge black shadow formed a huge claw and slapped at Lin Fan.

At this moment, the golden glow on Lin Fan's body also formed a huge claw.

One black and one gold, the two claws collided in the air. They erupted with terrifying power. The wind whistled, and the space cracked and collapsed. It was extremely terrifying.

Both sides were equally strong.

At this moment, the golden glow around Lin Fan's body suddenly condensed into a golden claw.

The golden claw swung fiercely, tearing the black claw in front of it into pieces.

Then, Lin Fan said casually, "My turn."

In an instant...

The golden arrow rain that filled the sky shot out crazily.

All of them disappeared into the endless darkness.

The giant shadow in the darkness seemed to have the power to devour everything.

It was deep and vast.

But soon, a dash of gold appeared on the surface of the giant shadow in the darkness.

"What?"

In the darkness, a shocked voice came.

The golden arrow rain did not stop.

On the contrary, it became even more violent.

In the next moment...

Lin Fan raised his hand.

Boundless golden light suddenly condensed and turned into a huge golden sword that soared into the sky.

"Slash!"

The golden longsword swept with the power to destroy the world as it descended.

There was no sound.

The entire world seemed to have been muted.

At this moment...

Space and time completely stopped.

Only a golden longsword slowly descended.

The giant black shadow split into two, and a dazzling golden light spread out from the two halves.

Following that, extremely violent astral winds surged wantonly.

They almost sent Xia Xue and Xia Bing flying.

After a long time, the strong winds gradually stopped.

"What do you think?" Lin Fan said calmly.

The giant black shadow that had been split into two slightly wiggled its huge body.

"You won," he said sadly.

The giant red shadow in the air said to itself, "Looking back on those days, Black liked to attack, Green liked to defend, Gray liked to destroy, Purple liked to charm, and I liked to create. Chaos Dragon God, you like treasures and sleep. It's not bad for us to do what we like to do.

"Who knew that cracks would appear in the world and it could shatter at any time?

"Therefore, all of us tried to repair the world. However, after tens of thousands of years, we couldn't do anything.

"Later on, we accidentally discovered the World-Core. We even discovered that our powers all came from the World-Core. As long as all the energies were combined, we could repair the world.

"Unfortunately, no matter what, we couldn't get close to it, let alone devour it.

"After that, Green and I speculated that only by reincarnating as a new human would it be possible to devour it.

"Because humanity can be said to be completely nurtured by the World-Core. Humans are its children.

"The few of us hesitated and didn't dare to take the risk.

"However, you, Chaos Dragon God, found it too boring and wanted to experience the life of a human being. Therefore, you chose to descend into the world.

"At first, we didn't pay much attention to this matter because you, Chaos Dragon God, like to indulge yourself.

"You even created a system so that you'd have endless wealth as a new human..."

The giant red figure's voice paused for a moment, as if it had fallen into some kind of memory.

After a while, he continued, "But who would have thought that you would come into contact with the World-Core in just 20 years?

"Then, in a mere thousand years, you completely fused with it.

"Chaos God Dragon..."

At this moment, Lin Fan, who had been silent all this while, suddenly interrupted, "My name is Lin Fan now."

The giant red shadow was stunned for a moment before saying, "Alright. Lin Fan... Are you ready to repair the world?"

The moment he said that, Lin Fan recalled his father, mother, sister, Hu Tian, Han Tian, Qiu Ziqian, Huang Ling, and his other family members and lovers.

Then, he said seriously, "I'm ready."

"Then receive the power!" the giant red shadow said.

A red pillar of light that was filled with pure energy flew into Lin Fan's body.

"And mine!"

"Mine too!"

"Lin Fan, you have to repair this world!"

"I'll leave the world to you!"

The huge shadows shouted out one after another and shot out pure energy. It all flew toward Lin Fan.

The giant black shadow that had been split into two did not speak.

However, he did not hesitate and shot out black energy.

Instantly, Lin Fan's entire body was enveloped by all sorts of energy. The sight was multi-colored and gorgeous. It made one look up to Lin Fan.

Lin Fan's figure grew taller and taller.

In contrast, the red, green, blue, gray, purple, and black shadows kept shrinking.

At this moment, a loud dragon's roar sounded in the void, shaking the surroundings.

Then, a five-colored dragon soared into the sky, emitting an endless and terrifying pressure.

The red shadow was a little tired.?"Lin Fan, why didn't you take all the energy?"

The five-colored dragon slowly condensed into the figure of Lin Fan, who was emitting a golden light. He said, "If I take any more, you won't be able to live. My current energy is enough to repair the world."

"But..."

The red shadow seemed to want to say something else.

"Don't worry," said Lin Fan.

Then, he said to Xia Xue and Xia Bing, "Do you want to go to the horizon with me?"

Xia Xue and Xia Bing nodded in unison.

In their hearts, as long as they were with Lin Fan, it was enough.

Instantly, the three of them disappeared from where they were.

In the next moment, they appeared at the edge of the Wall of the World.

The Wall of the World was the protective layer of the world and the basic condition for the formation of the world.

At this moment, countless cracks had appeared on the surface of the Wall of the World, as if it would shatter at any moment.

Once it shattered, the entire world would be instantly attacked by the chaotic astral winds. It would turn into dust.

It was a world crisis.

## Chapter 677 Repairing the Door!

Lin Fan did not attack right away. Instead, he started to observe them carefully, as though he was trying to find some sort of pattern from these cracks.

Xia Xue could not help but ask, "Lin Fan, how did these cracks come about? Are they easy to repair?"

Lin Fan said, "The first possibility is that the world might have been attacked. If that's the case, it'll be easier to fix the cracks.

"The second possibility is that the world's lifespan is coming to an end. If that's the case, it'll be more troublesome."

"Then how should we repair it?" Xia Bing asked.

"The world is weaved by the net of laws, and so is the Wall of the World. As long as you find the thread of the net, then inject the power of laws along the thread, you can continue weaving and repairing it," Lin Fan said.

As he spoke, his eyes flashed with golden light. He quickly locked onto the crack on the left.

Then, he waved his hand.

"Whoosh!"

A long line of Rule Force wriggled out. Lin Fan seized the time to pour in the power of Rule Force and weaved it continuously.

One, two, three... Many of the cracks were being stitched up and repaired.

The entire Wall of the World was gradually developing in a rounded direction.

Lin Fan's forehead was covered in a thin layer of sweat.

Obviously, repairing the cracks was also quite difficult for him.

After an unknown period of time, the last crack was finally repaired.

Seeing this...

Lin Fan heaved a sigh of relief.

However, before he could rejoice, another crack spread out.

Lin Fan's brows raised. "What?"

Even if the world was old, it was impossible for cracks to appear immediately after it was repaired.

Lin Fan's eyes were like two suns, dazzling and eye-catching as he stared at the crack.

There seemed to be a deep passage in the crack.

At the end of the passage was an ancient door covered in cracks. On the door was a traditional Hua character that said 'Qian'.

Lin Fan was shocked. "What is this?"

He released a wisp of spiritual power and came to the front of the ancient door. He felt the heavy pressure spreading from it and did not dare to touch it for a moment.

Lin Fan pondered for a moment before bringing Xia Xue and Xia Bing back into the void.

At this moment, the red, green, blue, gray, purple, and black shadows had already recovered some of their strength.

When they saw Lin Fan, they quickly asked.

"How is it? Did you successfully repair the cracks in the Wall of the World?" "How's the situation?"

They had been working hard for the rift for tens of thousands of years, and now, they had lost most of their power. They were extremely looking forward to the result of success.

Lin Fan said, "The cracks have been repaired."

As soon as he said this, all the shadows let out a hearty laugh.

"Good!"

"That's great!"

"Finally, we succeeded!"

This had been their wish for many years, and it had finally been fulfilled.

Their efforts and sacrifices were not in vain!

At this moment, Lin Fan said, "Don't be happy too early."

"I just finished repairing the cracks, but another crack immediately appeared. In addition, I saw an ancient door that was about to shatter in the crack."

The shadows immediately started discussing.

"How did this happen?"

"Why did the crack suddenly appear again after the repairs?"

"Lin Fan, did you not repair the cracks properly?"

...

The joy from before immediately turned into endless sadness.

This was simply throwing them from the sky to the ground. It was no wonder that they would be like this.

At this moment, the red shadow hurriedly asked, "Is there a word on the door? Does it say 'Qian'?"

This time, it was Lin Fan's turn to be shocked.

"How did you know?"

"It's true," muttered the red shadow. "The legend is true."

"What legend?" Lin Fan asked.

The other shadows also cast questioning looks at him.

"Red, what do you know?"

"Hurry up and tell us."

"Why is there a door in the crack?"

...

"Bring me to the door first," said the red shadow."

Lin Fan nodded his head.

The next moment, Lin Fan, Xia Xue, Xia Bing, Red, Green, Blue, Gray, Purple, and Black appeared in front of the door.

"This... What a powerful pressure."

"When did this door appear in the crack?"

"What is it that left so many cracks on this door?"

•••

As everyone discussed, their gazes fell on the red shadow.

The red shadow did not speak. He just stared at the door.

After a while, he said, "As expected, the legend is true.

"It's rumored that there's a World Lord in our world. He's called Qian Sheng, and he has endless power.

"When Qian Sheng came to this world, it was still barren. Therefore, he used his supreme power to create mountains, rivers, animals, and plants... After countless years of reproduction, this world came to be what it's like now.

"Later on, the world was destroyed by an unknown force, and a huge hole appeared.

"In order to prevent the world from shattering, he refined the Qian door to repair it, allowing the world to regain its peace.

"In the past, I thought that this was just a legend...

"If he's so powerful, why are there so many cracks on the door now?" the blue shadow asked. "Also, where did he go?"

"I don't know either." The red shadow shook its head.

At this moment, the entire door suddenly emitted a loud sound. The door that was already covered in cracks immediately showed more cracks. It was one step closer to being completely shattered.

"What?"

Everyone exclaimed in unison.

"Something is hitting the door!"

"What should we do now?"

"I'm afraid the door won't be able to hold on for long."

Their tone was extremely solemn.

They all knew that once the door was broken, a huge hole would appear in the Wall of the World in a short period of time.

Moreover, the existence that was crashing into the door was probably extremely powerful.

It was very likely that they were enemies and not friends!

Without a doubt, this was a huge crisis.

Lin Fan said, "Let's go back and think of a way."

Everyone looked deeply at the door and said, "Alright."

Lin Fan, Xia Xue, and Xia Bing returned to the Coiling Dragon Villa in Jiangbei.

When Lin Tao, Dai Weixue, Lin Xiaoyao, Hu Tian, Song Jiaxin, and the others saw them, they were all overjoyed.

"Lin Fan, you guys are back!"

"Are you hungry? Do you want to eat something?"

"Are you thirsty?"

Everyone spoke up one after another, asking about their well-being. It was very warm.

Ten days passed in a flash.

These few days, Lin Fan had been spending time with his family.

He looked at his family's happy faces and felt happy but also a little heavy.

That was because he thought of the door and the crack...

Once the door was broken and the enemy appeared, this happiness might turn into nothingness. no*Velne*xt.com

He did not want that to happen.

Lin Fan started to think about how to stop this from happening.

The only way was to become stronger.

Only when one was strong enough could one not fear the enemy. He could be like the legendary Qian Sheng who could stop the Wall of the World from breaking.

Lin Fan sat in the courtyard and started to think about how he should improve.no*Velne*xt.com

The five elements of metal, wood, water, fire, and earth had all reached the perfect level.

The five elements alone already possessed extraordinary power.

If the five elements combined, how strong would that be?

Thinking up to this point, Lin Fan secretly circulated the power of the five elements.

The five elements were five completely different forces. They complemented and countered each other, repelling each other.

How difficult would it be to merge them into one?

When the five types of energy combined, they suddenly twisted and expanded violently.

A terrifying explosion instantly occurred.

The entire ground shook.

Xia Xue, Xia Bing, Hu Tian, Song Jiaxin, and the others hurriedly ran over, their faces full of worry.

Lin Fan said, "I'm researching something. Don't worry, it's fine."

Hearing this, everyone heaved a sigh of relief.

And so, Lin Fan started his research again.

After that, similar explosions occurred frequently.

At first, everyone was very worried.

However, seeing that Lin Fan was safe and sound, they slowly relaxed.

...

A month passed in the blink of an eye.

Metal, wood, water, fire, and earth still showed no signs of fusing.

Lin Fan suddenly had a thought. Maybe he had not injected enough energy.

Hence, Lin Fan increased the amount of five-element power he poured in, forming a huge five-colored energy ball in the air.

This five-colored energy ball kept twisting and shaking.

Just as Lin Fan thought that there was a chance of fusing...

It suddenly exploded!

This explosion caused the earth to tremble and the mountains to shake. A strong wind howled and dust filled the air.

If not for Lin Fan's timely release of the spatial seal, the area within a few dozen miles might have been razed to the ground.

He had failed again!

However, Lin Fan was not depressed.

That was because, at the moment of the explosion, he vaguely felt the opportunity to merge the five elements into one.

Hence, Lin Fan hurriedly gathered the power of the five elements and fused them together.

Soon, another five-colored energy ball appeared in the sky.

The next moment, the five-colored energy ball suddenly exploded, bursting out an even more terrifying storm.

Lin Fan had been staring at the five-colored energy ball the entire time.

The moment the explosion appeared, the five types of energy finally fused together. It was a perfect fusion!

Lin Fan's eyes lit up and he said excitedly, "I see!"

Then, he shot out the five-element energy again and instantly completed the compression and fusion!

Lin Fan looked at the energy ball in his hand and said happily, "It's a success!"

Then, he mobilized all the five elements in his body and quickly fused them together.

His strength increased greatly!

At this moment, Lin Fan had a very real feeling that his current strength was more than twice as strong as before the five elements fused into one!

He took a step forward.

In the next moment, Lin Fan appeared in front of the door.

At this moment, there were more cracks on the door than when he first saw it. There were even faint signs of chaotic squalls about to shoot in through the cracks.

Lin Fan could feel the pressure coming from the door. Then, he used his hand to caress the door gently.

At this moment, another loud sound came from the door, and more cracks appeared.

Lin Fan judged in his heart. The current him... was probably still inferior to the experts behind the door. I think you should take a look at

In addition, even if he could really defeat the experts behind the door, how could he resist the chaotic astral winds invading the world when the door shattered?

Frowning slightly, he turned around and returned to Jiangbei.

•••

Just as Lin Fan was leaving, a gigantic monster that was the size of the moon was floating in the primordial chaos outside the door.

"What good luck!" It grinned. "I actually found a perfect world!

"Soon! As long as I work harder, I'll be able to break this seal. At that time, this world will be mine!

"It must taste good! My strength will increase greatly very soon!

"Maybe I can enter the second rank!"

After a burst of maniacal laughter, it gathered its strength and once again slammed its steel-like head against the door.

A loud sound rippled, and energy scattered.

Even though Lin Fan knew that the entire world was in an extremely dangerous state, he still chose to live, eat, and relax with his family.

This was because cultivation was not something that could be accomplished overnight.

Not to mention, Lin Fan did not have any better methods to raise his strength right now, nor did he have any way to resolve the cracks in the Wall of the World and the door.

Today, Lin Xiaoyao, Hu Tian, Song Jiaxin, Huang Ling, and Lin Fan's family and loved ones had set up a grill on the wide lawn.

A cloud of smoke rose, and in a short while, fragrant skewers were out of the grill.

"Yes! They smell so good!"

"As expected, kebabs are still the best!"

"Add more chillies. Hehe, it's delicious!"

```
"Ah, it's burnt."
```

• • •

Even though there were many delicacies in the world today, they still couldn't forget about kebabs.

Everyone ate the kebabs and chatted casually. They were very satisfied and happy.

In the blink of an eye, two weeks had passed.

On this day, the wind howled and dark clouds covered the sky.

Huang Ling, Qiu Ziqian, Su Ningjing, and the others hurriedly ran into the villa.

At this moment, a rock flew over and smashed into the glass.

A hole immediately appeared in the glass, and the surrounding area cracked continuously.

"Damn, the glass is broken!" Hu Tian said. "It's going to rain soon. There's no time to change the glass now. We have to quickly block it with something and get someone to change the glass tomorrow."

"Alright!" Lin Xiaoyao replied.

Then, the two of them quickly got busy.

Lin Fan, who was sitting in the living room, did not move.

Hu Tian's words kept echoing in his mind.

There was no time left. They had to change the glass...

The next moment, Lin Fan stood up abruptly and hugged Hu Tian. He gave her a big kiss and said excitedly, "Hu Tian, you're amazing!"

Lin Xiaoyao blushed and said, "Brother, I'm still beside you!"

Lin Fan acted as if he did not hear her and laughed heartily. "Hahaha! I know what to do now!"

Yes!

He knew how to stop the destruction of the world!

Since the destruction of the door would destroy the world, it would be fine as long as the door remained intact or returned to its original state!

Time!

As long as the door was still intact, the world would not be affected at all!

Right now, his Time Control Technique was only at the beginner level, and he could stop time.

According to Lin Fan's guess, as long as he reached the advanced level, he would be able to turn back time!

At that time, all the dangers would be resolved!

Chapter 679 The Door; Broken!

Even though Lin Fan already knew how to stop the destruction of the world, he could not think of a way to improve his Time Control Technique.

After all, time was very mysterious and complicated.

In his previous life, when Lin Fan was still a Chaos Dragon God, he had only managed to comprehend a tiny bit of the Time Control Technique.

However, after so many years, there was no improvement.

To improve quickly was easier said than done.

• • •

In the blink of an eye, two months had passed.

Sometimes, the more urgent the matter, the more difficult it was to handle.

It was like that for Lin Fan.

In these two months, Lin Fan had practically spent all of his time in seclusion. However, there was not much of an effect. On this day...

When Lin Xiaoyao walked over, Lin Fan opened his eyes.

"Brother, do you want to have dinner together today?" Lin Xiaoyao asked.

Lin Fan nodded. "Alright."

In the past two months, he rarely had time to accompany his family.

Since he was unable to grasp a deeper level of time control, it was good to spend more time with his family.

"Really?" Lin Xiaoyao said happily. "I'll tell my sisters-in-law now!"

Hence, the entire Coiling Dragon Villa quickly became lively.

Smoke rose, and the fragrance filled the air.

Not long after, the table was filled with all kinds of dishes. They looked, smelled, and tasted delicious. One could not help but swallow when one smelled the food.

"Lin Fan, come, have some beef."

"This is the pork ribs I cooked!"

"I steamed the fish."

"This is the lobster I prepared."

• • •

Lin Fan's plate was soon filled with all sorts of dishes.

He could not help but laugh. "If you guys give me more food, my plate won't be able to hold it all."

When everyone heard this, they stopped.

At this moment, Lin Xiaoyao suddenly shouted excitedly, "Wow! It's snowing!"

Everyone looked out of the tall French windows.

Snowflakes that looked like goose feathers slowly drifted down from the sky.

"So beautiful!" Hu Tian praised.

"It's been a long time since I've seen such heavy snow," Han Tian said.

It was very heartwarming to watch the snow while eating.

Lin Fan was also looking at the snow.

He looked at the snow quietly and seemed to have caught something.

However, there seemed to be something missing. He could not figure it out at the moment.

It was New Year's Eve.

Lin Fan's family maintained the customs from a thousand years ago. They had New Year's Eve dinner, set off firecrackers, and fireworks...

It was noisy, gorgeous, and filled with laughter.

"So beautiful!" Su Ning said quietly.

"As expected, we still have to set off fireworks during the new year!" Song Jiaxin said.

"This is good, this is good!" Huang Ling said.

"Light up the sky lanterns!" Lin Xiaoyao said.

As she spoke, she lit up a lantern.

Then, the lantern began to rise.

"It's flying!" Lin Xiaoyao shouted excitedly. "It flew! I have to make a wish."

As she spoke, she put her palms together and silently said something.

With Lin Fan's strength, not to mention letting a small lantern fly up into the sky, even a castle would not be a problem.

However, at this moment, he also raised his head and looked at the lantern silently. He was very focused and curious.n $oveLn\varepsilon xt.cOm$ 

A cold wind blew.

Then, a large amount of snowflakes fell.

"It's snowing!" Lin Xiaoyao shouted excitedly. "It's snowing again!"

As she spoke, she spun around in circles. She was very happy.

Lin Fan's eyes lit up.I think you should take a look at

In the next moment, all the snow in the sky seemed to be attracted by something as they flew toward Lin Fan and revolved around him. It was extremely mysterious.

Seeing this...

Lin Xiaoyao, Xia Xue, Xia Bing, Hu Tian, Han Tian, and the others did not disturb them.

That was because they knew that Lin Fan had been cultivating hard recently.

Now, perhaps he had discovered something.

They consciously retreated to a very far position and looked at the huge snowball that was hundreds of thousands of meters tall from afar.

The sun rose, and the moon set.

This huge snowball had been standing in the Coiling Dragon Villa all this time. It did not change at all with the change of the weather.

In the blink of an eye, it was the 15th day of the first lunar month.

Lin Xiaoyao, who was wearing a down jacket, said worriedly, "Is my brother alright?"

Xia Xue and Xia Bing said in unison, "He's fine."

Hu Tian, Song Jiaxin, Huang Ling, Qiu Ziqian, and the others did not speak.

However, from the determination in their beautiful eyes, they clearly agreed with Xia Xue and Xia Bing.

At this moment, the huge snowball suddenly shrunk.

Meanwhile, snowflakes suddenly fell from the sky.

Furthermore, the snowflakes were becoming larger and larger as the snowball got smaller.

When the snowball grew bigger again, the snowflakes in the sky suddenly disappeared.

This magical scene shocked everyone present with their mouths wide open.

The huge snowball disappeared completely, and the snowflakes in the sky suddenly became denser.

In the next moment, a tall and handsome figure appeared in front of everyone.

It was Lin Fan.

"Brother!" Lin Xiaoyao shouted.

Xia Xue and Xia Bing said in unison, "Lin Fan!"

"Lin Fan, are you alright?"

"Lin Fan, how are you?"

•••

Everyone started asking him questions, their faces full of worry.

Lin Fan smiled. "Don't worry, I'm fine."

At this moment, a loud sound came from the void, and the entire world began to tremble violently.

The sea churned, the ground shook violently, and the rocks collapsed!

It was like the end of the world.

Then, cracks appeared in the sky, as if the sky was about to shatter. It was extremely terrifying.

Many people raised their heads, their eyes filled with fear as they discussed.

"What's going on in the sky?"

"It can't be that it's about to break, right?"

"This is too scary!"

•••

Lin Fan, who had always been calm, raised his brows.

"You guys rest at home. I'll be right back!"

As soon as he finished speaking, he took a step forward and disappeared from where he was.

Hearing this, everyone began to pray silently.

They knew that Lin Fan was going to do something big,. It was something that could save the world!

•••

Red, green, blue, gray, purple, and black shadows all stood in front of the ancient door.

At this moment, the cracks on the door had already become as dense as a spider web.

They could even see the outside world through these cracks with their naked eye.

When Lin Fan arrived, the gray shadow said, "The door is about to break! Do you have a solution?"

Lin Fan did not reply immediately. Instead, he stared at the door with a burning gaze.

The first time he saw the door, Lin Fan could feel the pressure from it. He felt like an ant.

The second time he saw the door, Lin Fan finally had the ability to look straight at it.

Now, this was the third time Lin Fan was seeing the door. He felt that there was still a gap between him and the creator of the door. However, the gap was small!

"It's broken!" Lin Fan said.

As if to verify Lin Fan's words, the ancient door shattered.

The terrifying shards turned into a rain of arrows that filled the sky and flew wildly. It was extremely terrifying.

Chapter 680 Repair; Crisis Eliminated!

At the same time, the fierce chaotic winds whistled continuously like a blade.

The door fragments and chaotic winds shot out at the same time. They were swift and awe-inspiring, making people feel despair.

At this moment, Lin Fan's entire body burst out with a dazzling golden light, forming a golden wall that blocked everything outside.

The sound waves rippled, and energy surged. The momentum was incomparably terrifying.

"It's finally broken!"

An earth-shaking voice swept over with terrifying sound waves.

Then, a huge monster that ordinary people could not see clearly appeared in front of them.

Its head was like a tiger, its body was like a cheetah, and its two forked tails were like two twisting pythons.

"Keke, life! So much life force! I'm really lucky this time!

"Huh, how many humans are here? Is this an original planet life form? Then I'll take you guys as an appetizer!"

As soon as it finished speaking, it opened its mouth and produced a powerful suction force. It was as if it wanted to swallow Lin Fan, as well as the red, green, blue, gray, purple, and black shadows, into its stomach.

The red, green, blue, gray, purple, and black shadows had lost most of their power and were unable to resist the suction force.

Naturally, Lin Fan was not afraid.

He snorted lightly, and the red, green, blue, gray, purple, and black shadows immediately stabilized their bodies.

Lin Fan said indifferently, "Appetizers? I'm afraid that I'll burst your stomach!"

He raised his hand, and the Star Meteorite Sword appeared.

"Sword One, draw the sword and slash the sky!"

Pulling out his sword, a sharp sword light shot out. It was swift and fierce!

The sword ray collided with the monster, producing a terrifying explosion.

Sword energy flew everywhere, and it was chaos.

When the sword light dissipated, a finger-sized wound appeared on the monster's stomach.

One sword attack had injured the monster!

The monster seemed to have been insulted and shouted crazily.

"Damn it, damn it, damn it!

"A mere primitive resident actually dares to injure me!"

As soon as the words were uttered, the surroundings seemed to have lost all life force. There was no color, and everything turned gray.

Lin Fan's expression did not change at all. He quickly shook his wrist.

"Ten Swords!"

"Twenty Swords!"

"Thirty Swords!"

One after another, sharp sword lights attacked the monster like lightning.

Loud booms continued, and the world shook.

Gradually, countless sword marks appeared on the monster's body.

To the naked eye, it looked extremely miserable, as if it had been tortured.

The monster roared at the sky, and the sound waves surged.

He was actually injured by a small native.

This was a great humiliation!

"Destroy! Destroy them all!" the monster shouted.

As soon as he finished speaking, the monster's mouth suddenly grew bigger and bigger. It shook the sky and covered the sun. It was pitch-black like a huge black hole that wanted to swallow Lin Fan and the Earth into its mouth.

A powerful suction force came rushing over.

Lin Fan's brows twitched as the power of the five elements revolved within his body, causing his entire body to turn five-colored and extremely dazzling.

At the same time, the pause button seemed to have been pressed as the entire world completely stopped moving.

Only Lin Fan slowly raised his sword and said, "Sixty-six swords!"

As the sword fell, a five-colored pillar of light that seemed to split the sky and earth shot out. It completely illuminated the entire world. Then, it suddenly slashed down from the monster's head. I think you should take a look at

The huge monster and the entire chaotic space were split into two, like a piece of paper that had been torn in the middle.

In the next moment, a strong gust of wind blew toward Lin Fan's face, causing his clothes and the tall red, green, blue, gray, purple, and black shadows to sway.

The monster that was cut in half instantly lost its vitality.

Then, the monster's corpse turned into two towering mountains and fell straight into the tunnel.

It died just like that!

The red, green, blue, gray, purple, and black shadows could not help but stare blankly at this scene.

Such a powerful existence had died so easily?

They still could not accept it.

However, the mountain-like halves of the corpse, as well as the surging energy that was constantly being absorbed by the Earth, seemed to be telling them that this was the truth.

At this moment, a powerful wind whistled over and directly cut off some of the red shadow's body.

It could not help but say anxiously, "Lin Fan, the door is broken now. The chaotic winds are coming straight at us. I'm afraid that Earth won't be able to hold on for much longer. What should we do now?"

Lin Fan did not reply immediately. Instead, he stared at the broken door with his sharp eyes.

After a while, he said, "Then let the door recover!"

Lin Fan raised his hand and gave off an extremely mysterious aura.

It was the power of time!

Then, a very magical scene appeared.

The door that had shattered into pieces flew back.

In the end, it turned into an intact door without a single crack.

The red, green, blue, gray, purple, and black shadows were stunned by this scene.

Their mouths were wide open, and their faces were filled with disbelief.

The red shadow stammered, "This... This... Is the door fixed?"

Lin Fan nodded. "The crisis is over!"

Then, he looked at the huge monster on the ground and said, "After Earth absorbs the energy of the monster, it should enter a higher level. You guys can also recover faster."

As soon as he finished speaking, he took a step forward and disappeared.

Only the red, green, blue, gray, purple, and black shadows were left. They looked at each other in awe.

On the other hand, in the endless starry sky.

An old man with flowery hair suddenly opened his eyes, shooting out dazzling rays of light like two rotating suns.

"Let me see who broke the door I left behind," the old man said in a low voice.

As soon as he finished speaking, he slowly turned around and looked into the endless void.

It was deep and bright.

Even though he was far away from the starry sky, it could not block his vision at all.

"A low-level Chaos Beast?

"Huh?"

Soon, the old man let out a surprised voice.

"The door has been restored?

"Using the power of time?

"Interesting," the old man said with a smile. "I didn't expect that there would be someone who could control the power of time on that small planet. That person should be trained."

As soon as he finished speaking, he prepared to take a step forward.

At this moment, a loud noise suddenly sounded in the distance.

"Tao Qian, so you're here. Let's see where you can run to this time!"

A sharp saber light shot over.

The old man raised his eyebrows and quickly disappeared.
