Chapter 681 Chasing; Spatial Turbulence!

Chapter 681 Chasing; Spatial Turbulence!

In the endless primordial chaos, two streaks of light, one white and one gold, pierced through the void and flew forward.

Meteorites, planets, buildings... Nothing could stop them.

At this moment, the golden stream of light suddenly accelerated and stopped in front of the white stream of light. It gradually condensed into a muscular middle-aged man holding a large saber.

"Tao Qian, you can't escape!"

Upon hearing this, the white stream of light stopped and slowly condensed into a white-haired old man.

"Hey, didn't I just take a few billion crystals from you and kill two of your guardians and two of your sons? Is there a need to chase after me like this?"

Spirit crystals were extremely pure energy crystals in the Chaosverse.

Generally speaking, a world could only produce one crystal in a year.

However, Tao Qian had taken billions of spirit crystals!

The middle-aged man had a total of six guardians and five sons.

Tao Qian had killed two guardians and two sons, so he had killed almost half of them!

In the end, Tao Qian said it so casually and indifferently.

The middle-aged man clenched the hilt of his saber tightly. The anger in his heart erupted like a volcano.

"Die!"

He drew his saber and swung it, shooting out boundless saber light.

Tao Qian's figure flashed and easily moved to the side.

Not far away, an orange planet suffered an unexpected disaster and exploded like fireworks.

"Hey, you're quite cool!" Tao Qian said. *noVELnExt.com*

A single slash had shattered a planet!

His strength...?was so tyrannical!

Some of the people hidden in the primal chaos knew that they could not provoke the other party at all, so they quickly retreated like birds frightened by the twang of a bow.

...

After an unknown amount of time, Tao Qian, with a head full of flowery hair, appeared in the void.

"I finally got rid of him.

"Now, it's time to see that little fellow who has mastered the power of time."

Tao Qian muttered to himself as he closed his eyes to search for the location of Earth.

After a while, he frowned. "The space is in chaos? What's going on?"

...

On the other hand, Lin Fan had already returned to Earth.

Even though Lin Fan had used the power of time to repair the door...

Earth was still attacked by some chaotic squalls. Earthquakes, tsunamis, volcanoes... A series of disasters caused many roads and houses to collapse and crack to varying degrees.

When Lin Fan returned to the Coiling Dragon Villa, Xia Xue, Xia Bing, Hu Tian, Huang Ling, Qiu Ziqian, and the others quickly surrounded him.

"Lin Fan, are you alright?" they asked worriedly.

Lin Fan smiled. "Don't worry, I'm fine."

Hearing Lin Fan's relaxed tone, everyone heaved a sigh of relief.

Then, Lin Fan explained the general situation.

When they heard about the monster, everyone's hearts jumped to their throats.

When they heard that Lin Fan had killed the huge monster, their faces were filled with smiles and pride.

This was Lin Fan, their lover!

He could even kill terrifying monsters!

After that, the few of them ate and chatted together, laughing and laughing from time to time. They were very relaxed and happy.

However, this life did not last long before the entire world suddenly shook violently again.

The ground cracked and the rocks collapsed... It was extremely terrifying.

Lin Fan raised his brows. "I'll go take a look."

As soon as he finished speaking, he disappeared from where he was.

In the next moment, he appeared in front of the ancient door.

Lin Fan's eyes were like lightning as he stared at the door.

Instantly, the thick door turned transparent in his eyes.

The scene outside the door fell into his eyes.

At this moment, two huge monsters had appeared outside the door.

Their eyes were like the sun as they stared at the door. Their eyes were filled with greed.

"What dense life force!"

"This is definitely a world with countless lives. Keke, my luck is not bad!"

"It must taste wonderful!"

...

As the two monsters spoke, they could not help but swallow their saliva.

While they were talking, another monster flew over.

"What a wonderful smell!"

"However, it seems to have an extraordinary defensive power. Let's attack together and then devour it in pieces. What do you think?"

The other two monsters had already felt the powerful defense of the door.

They understood that it would be very difficult for them to break the door by themselves.

"Alright!"

"Agreed!"

Then, the three monsters either shot out energy beams, waved their claws, or rammed into the door.

Immediately, the entire earth shook violently again.

...

When Lin Fan saw this, his face turned serious.

That was because he could vaguely see other monsters rushing over from the depths of the endless chaos.

If this continued...

Even this ancient door would find it difficult to resist.

Just as Lin Fan was thinking of a plan, another three monsters arrived at the door.

At this moment, a hearty voice sounded in the endless void.

"Hahaha! So many Chaos Beasts!"

A sharp arrow shot out, sweeping up a terrifying spatial storm. It crushed all the monsters into pieces, leaving only a few light beads shining in the chaos.

At the same time, a huge spatial turbulence formed in the void, instantly engulfing the gateway and the entire Earth.

A moment later, a tall man wearing golden armor and holding a bow appeared.

With a wave of his hand, all the light beads in the air entered his hand.

"My luck is pretty good. I killed so many Chaos Beasts at once!"

"There's a good chance of winning this time!"

He sniffed and said, "There seemed to be a very pure life force here just now. Is it a world? Forget it, it's useless. The competition is more important!"

As soon as he finished speaking, he took a step forward and flew forward.

...

On the other hand, the door in the chaotic space was constantly being attacked.

Gradually, cracks appeared on the surface of the door.

The spatial turbulence was truly too terrifying.

At the same time, the entire earth shook continuously.

Mountains collapsed, the ground caved in, tsunamis came flooding...

Countless disasters followed.

Screams and wails could be heard without end.

...

Lin Fan looked at the door. The cracks on it were getting denser and denser, as though the door was about to shatter at any moment. His face turned solemn.

Not long ago, Lin Fan had used the power of time once.

He had yet to fully recover.

He no longer had enough power to reverse time.

However, he still used everything he had to mobilize his strength.

He was prepared to forcefully reverse time again.

At this moment, a huge crack suddenly appeared in the chaotic space.

The ancient door and the entire Earth flew out through the crack.

At this point...

The spatial turbulence finally disappeared, and Earth finally regained its peace.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

At the same time, the cracks on the surface of the ancient door that had been washed by the spatial turbulence continued to spread.

In the end, the door turned into countless fragments and scattered casually.

After the door shattered previously, endless chaotic winds flowed through the shattered area and poured into Earth, wantonly destroying it.

But now, it was very peaceful.

Lin Fan walked out of the broken area and sensed the calm outside world. He muttered in his heart, 'There seems to be no primal chaos astral winds here.'

He looked around carefully before returning to Earth.

At this moment, the tall buildings and the winding viaduct that were originally visible... disappeared.

What replaced it were dense rocks and endless ruins.

Wails, sighs, cries... They were endless.

Seeing this...

Lin Fan's expression turned solemn.

Soon, he returned to the Coiling Dragon Villa in Jiangbei.

"Lin Fan!" Hu Tian, Xia Xue, Xia Bing, Huang Ling, and the others shouted happily when they saw that he was fine.

Lin Fan said, "I'm fine."

As soon as he finished speaking, he could not help but frown slightly.

This time, he was fine.

What about the next time?

After experiencing everything that had happened in this period of time, Lin Fan realized that the dangers of this world were much greater than he had imagined.

He could deal with a monster.

But what about three of them? Or Six?

What if he met the archer?

Although he did not want to admit it, Lin Fan had to acknowledge that with his current strength, it would be difficult for him to deal with the dangers that might appear in the future.

At that time, how would he protect his family and loved ones?

How could this rare happiness continue to exist?

In his previous life, Lin Fan was a Chaos Dragon God. He ate, drank, and slept every day.

He had never thought of increasing his strength.

In this life, Lin Fan was a student and a professor. Every day, he would receive red packets, and his life was very comfortable.

At this moment, an urgent thought of improving his strength surged into his mind like a tide.

For the next few days, Lin Fan spent all his time with his lovers and family.

Coiling Dragon Villa was filled with happiness.

One day, after breakfast, Lin Fan said, "I'm preparing to go out and take a look."

Silence!

The entire Coiling Dragon Villa immediately fell silent.

Even though Lin Fan did not say where he was going, everyone seemed to have guessed the place.

Outside Earth, in the chaos!

"When are you planning to go out?" Hu Tian asked after a while.

Lin Fan said, "Later."

He knew that the longer it dragged on, the harder it would be for him to leave.

In addition, he did not know... when Earth would face another crisis.

The earlier he went out, the earlier he could obtain more power and better protect Earth.

The women opened their mouths as if they wanted to say something, but no words came out.

Hu Tian pursed her red lips and said, "Then be careful."

Lin Fan nodded. "I will be careful."

Then, he looked at everyone and said, "Everyone...Goodbye." *Novelnext.cOm*

As soon as he finished speaking, he took a step forward and instantly disappeared from where he was.

Seeing this...

The women could not hold it in any longer and shouted.

"Lin Fan, you must be careful!"

"Lin Fan, come back early!" I think you should take a look at

"We'll wait for you at home!"

...

At this moment, Lin Fan followed the broken door and arrived in the void outside of Earth.

After creating a series of camouflage spells at the broken spot, he found a direction and kept moving forward through space jumps.

With each leap, Lin Fan could travel tens of thousands of kilometers.

After a thousand jumps, the void in the distance suddenly fluctuated.

Then, a two-meter-tall man gradually appeared.

The man's aura was very unstable. When he saw Lin Fan, he was very alert.

When Lin Fan caught sight of him, his eyes lit up, and he charged toward him.

The man's heart tightened. He wanted to dodge, but his body found it difficult to support himself.

"What business do you have?" he asked from afar.

When Lin Fan heard that, his eyes lit up.

That was because the other party was speaking Hua language!

Thus, Lin Fan said, "You seem to be injured. I happen to know some healing methods."

As soon as he finished speaking, he did not wait for the other party to reply and directly shot out a ray of light of life.

The middle-aged man's aura quickly stabilized.

At the same time, his expression softened.

The middle-aged man cupped his fists and said, "Thank you for your help. I am Tian Yang. May I know who you are?"

"I am Lin Fan," Lin Fan said.

"So, your name is Lin Fan..." Tian Yang nodded.

His tone was calm.

However, there was still a hint of vigilance on his face.

Lin Fan was not too bothered by this.

It was not easy for him to encounter a human, so he had to seize the opportunity to ask.

Lin Fan said, "Tian Yang, may I know which region this is?"

"Lin Fan, have you never been here before?" Tian Yang asked. "This is the Spring Domain of the Four Seasons Cosmos.

"To be honest, my planet is completely sealed off. This is the first time I've come out of a planet," Lin Fan said.

"So that's how it is!" Tian Yang said in realization.

"Then, Lin Fan, you must take a good look around the Four Seasons Cosmos. This place is much bigger and livelier than a planet!"

Lin Fan nodded. "I think so too."

Tian Yang looked at Lin Fan and said, "I think that you're still very young. Have you considered going to the Heavenly Wind World?"

"Heavenly Wind World?" Lin Fan asked curiously.

Tian Yang saw that he was not pretending at all.

Thus, he continued, "The Heavenly Wind World is a very strange place. It opens once every 10,000 years. There are many opportunities inside. Only people below 10,000 years old can enter. Of course, it's also very dangerous."

Lin Fan said, "Thank you for your guidance, Tian Yang."

The two of them chatted for a while more, then Tian Yang said that he had something to do and had to leave.

Lin Fan did not force him to stay. After all, they did not have much of a relationship. Staying would only make him more wary.

As for Lin Fan, he followed the direction pointed out by Tian Yang and continued forward.

After Lin Fan jumped through space a few hundred times, a faint green planet appeared not too far away.

Lin Fan leaped up and flew over.

This was a planet densely covered with green plants. High-rise buildings, bent roads, and aircraft could be seen everywhere.

Obviously, this was a planet with a high level of civilization.

Lin Fan had just appeared when a man in black flew to the side.

He bowed and respectfully said, "Greetings, Your Excellency."

"Oh?" Lin Fan asked curiously. "You knew I was here?"

"We have a Heavenly Protection System on our planet," the man said. "It can detect experts who have entered the planet..."

"After the Star Lord knew that you were here, he first asked me to receive you. Then, he asked me to ask if we should arrange a grand welcoming ceremony?"

After he finished speaking, he lowered his head even more. He was very cautious and careful.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 683 Introduction; Banquet!

Chapter 683 Introduction; Banquet!

The man was very clear about the rules of the world.

The strong were respected!

According to the Heavenly Protection System, Lin Fan was a supreme expert who could cross the Chaosverse.

He had to treat him respectfully.

Otherwise, if he made the other party unhappy, Lin Fan could just casually blow on him and he would probably turn into ashes.

He would even punish his relatives and friends to appease the other party's anger.

Lin Fan nodded. "What's your name?"

"Jack," the man said respectfully.

"Jack, why don't you introduce your Star Lord to me?" Lin Fan asked.

"Yes," Jack replied.

It turned out that the Star Lord of this planet was called Qing Song, a Star Traveller level warrior. He was also the only Star Traveller level warrior on the planet.

Being able to walk through the Chaosverse with a physical body was one of the signs of a Star Traveller.

Lin Fan was at least at this level.

Planet Qing was located in the eastern part of the Spring Region. It was a planet that focused on technology.

Then, Jack drove the flying vehicle and brought Lin Fan around.

The architectural style of Planet Qing was similar to that of Earth.

Lin Fan did not have any thoughts of admiring it.

Not far away, a dozen flying vehicles stopped in front of a towering building like birds.

At this moment, a silver-white aircraft arrived in front of Jack.

Then, a woman in a white dress walked down and said with a smile, "Uncle Jack, I didn't expect you to come over to celebrate my birthday."

Jack looked at Lin Fan carefully and said, "Sir, this is my niece. She doesn't know that I'm receiving you. I'll let her leave now."

Lin Fan waved his hand. "No worries. There aren't many birthdays in life. It's better not to miss them. Let's go and take a look together."

"Ah... This..." Jack was stunned.

He wanted to refuse.

However, he was worried that rejecting him would make Lin Fan unhappy.

Therefore, he could only bite the bullet and say, "Yes."

Then, he slowly opened the door of the aircraft and said, "Today is your birthday. Of course, I have to come."

"Uncle is the best!" the woman said happily.

At this moment, she noticed Lin Fan in the flying vehicle and could not help but size him up curiously.

"Uncle, is this young man your subordinate?"

As soon as he said this, a thin layer of sweat immediately appeared on Jack's forehead, and his legs were trembling.

Subordinate?

This was simply disrespectful!

This would probably make the lord angry.

It was over!

Jack was about to scold the woman.

Lin Fan said, "I'm Jack's friend."

As soon as he finished speaking, he cast a reassuring look at Jack.

When Jack saw this, he heaved a sigh of relief.

At the same time, he knew that he could not expose Lin Fan's identity.

The woman sized Lin Fan up and said, "Friends? But he's so young."

Then, she smiled and said, "Hello, my name is Jerry."

"Lin Fan," Lin Fan said.

The three of them talked as they walked toward the tall building.

Of course, it was mainly Jerry who spoke.

Jack looked very uncomfortable.

As for Lin Fan, he was not familiar with this place and just listened quietly.

After a while, the three of them arrived at the tall building.

This was a place similar to a hotel on Earth.

It was towering and majestic.

The banquet hall on the third floor was filled with many beautiful flowers.

Many guests were chatting, drinking, and eating inside.

When they saw Jerry, they all greeted her.

"Isn't this our birthday girl today?"

"Jerry, you're so beautiful today!"

"She's like a princess!"

...

Hearing everyone's praise, Jerry was also very happy. Her pretty face was like a flower, extremely radiant.

"Thank you, everyone! Thank you for coming to my birthday party."

At this moment, a tall woman walked over and said, "Jerry, happy birthday."

As soon as she finished speaking, she handed over the beautifully wrapped gift box in her hand.

"Thank you, Minmin!" Jerry said. *novelnext.com*

Then, she opened the gift box.

Inside was a soft dress.

"Wow!" Jerry said. "What a beautiful dress. Minmin, thank you!"

The others also handed out their gifts.

"Happy birthday, Jerry."

"Happy birthday."

There were communicators, game consoles, toys...

The smile on Jerry's pretty face grew wider.

At this moment, a middle-sized young man walked over and said seriously, "Jerry, happy birthday."

As soon as he finished speaking, he handed over a very luxurious gift box.

Jerry hesitated for a moment but still accepted the gift and opened it.

Suddenly, a dazzling gem appeared in front of her.

The crowd immediately burst into gasps of praise.

"What a beautiful gem!"

"Bora Star Stone! What a huge Bora Star Stone!"

"This is at least a million universe dollars!"

...

Jerry's eyes were lit up by the gemstone.

However, she quickly handed the gem over and said, "This... This is too expensive. I can't take it."

"There's no such thing as an expensive birthday present," the young man said. "The important thing is that you like it."

Jerry turned around hesitantly and looked at Jack.

After all, Jack was her elder and had a lot of knowledge.

His opinion was very important.

However, in the eyes of the young man, it was a completely different situation.

He liked Jerry.

He had been observing Jerry from afar and realized that she had walked in with Lin Fan.

Moreover, they were talking and laughing.

The young man had seen all of Jerry's relatives, and he was sure that Lin Fan was not one of them.

Thus, from the start, he was filled with hostility toward Lin Fan.

Before Jerry accepted his gift, she even had to ask Lin Fan for his opinion.

This made the young man even more hostile.

He took a deep breath and said, "My name is Kevin. Hey, you over there... You look a little unfamiliar."

Lin Fan could feel the hostility from the other party.

However, he did not pay too much attention to it and said, "I'm Lin Fan."

Kevin nodded. "Today is Jerry's birthday. I wonder what present you've prepared for her?"

He firmly believed that his gift was definitely the most expensive present.

He wanted to make Lin Fan understand just how big the gap between them was. He wanted to make Lin Fan retreat!

How could Jack not understand Kevin's thoughts?

His heart trembled.

One had to know that Lin Fan was at least on the same level as the Star Lord!

This kind of expert had always been temperamental.

If he was displeased, it would definitely be a huge disaster!

At that time, not only Kevin, but himself and even everyone present would suffer an incomparably terrifying disaster!

Jack opened his mouth, wanting to stop him.

However, he did not dare to speak carelessly.

Lin Fan willed it and took out a crystal clear spirit stone from his internal space.

This was the product of the spirit stone mine after the forbidden land merged with Earth a thousand years ago.

It was considered a rare treasure for ordinary people.

"Jerry, happy birthday."

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 684 The Arrival Of The Star Lord!

The spirit stone was crystal clear and emitted pure energy.

Instantly, the entire hall seemed to be filled with warmth.

Seeing this...

Everyone present turned their gazes over in unison, and a hint of horror appeared on their faces.

After a while, someone exclaimed, "A spirit stone!"

"Moreover, it's at least a medium-grade spirit stone!"

"Heavens! Such pure energy."

"My blood is boiling."

...

"This... It's too expensive. I can't take it."

It was so precious!

It was extremely valuable.

That was because one elementary-grade spirit stone was worth one million universe dollars.

The value of a medium-grade spirit stone was ten million universe dollars.

As for high-grade spirit stones, they were worth as much as 100 million universe dollars!

Moreover, all the spirit stones were priceless!

This was because no one would sell spirit stones for money.

After all...

Spirit stones were mysterious treasures that could change one's body.

Lin Fan could tell from everyone's expressions that spirit stones were much more valuable than he had imagined in this world.

However, he did not care too much about it and said, "It's just a spirit stone. It's nothing."

"This..."

Jerry really wanted it.

However, she was a little hesitant.

Jerry slowly looked at Jack beside her.

Jack also came back to his senses and said, "Jerry, since Mr. Lin... is giving it as a gift for you, just accept it."

When Jerry heard this, she said, "Okay... Alright..."

She took the spirit stone and felt the pure energy that pervaded it. She could not help but gently stroke it with her hand, her entire beautiful face filled with excitement.

When Kevin saw this, his animosity toward Lin Fan intensified.

Kevin thought that Lin Fan had specially prepared an expensive gift to deepen Jerry's impression of him.

Kevin rolled his eyes and said, "Lin Fan, your spirit stone doesn't seem to have a serial number. Where did you get it?"

As soon as he said that, the scene fell silent.

In the Qing Planet, Spring Region, and even the entire Four Seasons Universe, spirit stones were strictly controlled and had specific numbers.

Kevin was obviously saying that Lin Fan's spirit stone came from a shady source. *Novelnext.com*

If this was investigated, it would definitely be very troublesome.

How could Jack not understand what Kevin meant? He was so angry that he trembled.

Doubting Lin Fan's spirit stone?

Spirit stones were strictly controlled, but only for ordinary people.

Lin Fan was obviously not ordinary!

He was at least a super expert on the same level as the Star Lord.

Kevin was actually questioning Lin Fan and making things difficult for him!

He simply did not know what death was!

"Shut your mouth, Kevin!" Jack shouted sternly.

Then, he felt that his voice was too loud. He might have offended Lin Fan.

A thin layer of sweat appeared on his forehead. He said in fear, "Mr. Lin, I'm sorry..."

Lin Fan waved his hand. "No worries."

At this moment, cheerful music sounded in the hall.

Then, a huge cake was slowly pushed in.

Jerry's beautiful eyes lit up.

It was unknown if it was because Lin Fan had given her a spirit stone, or because Lin Fan was Jack's friend, or because Lin Fan was too tall and handsome.

"Mr. Lin, can you cut the cake for me?" Jerry asked softly. "There should be more than 80 guests here. It's best if everyone can get a share."

Lin Fan glanced at the crowd and easily knew the exact number of people. There were 85 people.

"Sure." He nodded. I think you should take a look at

Lin Fan waved his hand casually.

The huge cake was instantly divided into 85 portions.

Then, all the cakes suddenly appeared in everyone's hands.

This scene left everyone dumbstruck.

A cultivator!

Moreover, he was definitely a cultivator with decent strength!

No wonder he had spirit stones!

Many people started to guess Lin Fan's identity.

At this moment, a hearty voice sounded in the hall.

"Your control over space is truly admirable!"

Then, a two-meter-tall middle-aged man with a full beard appeared in the middle of the hall.

At the same time, the aura of a superior spread out.

When everyone saw him, their pupils constricted and their hearts beat wildly.

"Greetings, Star Lord!"

He was Star Lord Qing Song.

At this moment, only Lin Fan and Qing Song were standing in the hall.

They looked at each other, very relaxed and indifferent.

Lin Fan said, "It's just a little trick."

Qing Song sighed. "Space and time are the most mysterious things. Few people can control them so precisely. If this can only be considered a small trick, then what is called a great ability? You're really too humble."

Lin Fan did not bother to explain further.

"Are you interested in coming to my place?" Qing Song asked.

Lin Fan nodded. "Sure."

Then, the two of them turned into streams of light and flew away.

After they left, the atmosphere at the scene relaxed slightly.

Everyone heaved a sigh of relief.

One had to know...

That was the Star Lord, the noblest and most powerful existence on the entire Qing Planet.

They had only seen him in videos and photos.

They never thought that they would have the chance to meet him in person one day.

Everyone's faces were filled with excitement and pride, except Kevin.

That was because the Star Lord addressed Lin Fan so respectfully.

If that was the case, Lin Fan's status and strength would probably be on par with the Star Lord.

Yet, Kevin had actually despised and made things difficult for the other party time and again.

If the other party pursued this matter, what should he do?

Kevin's forehead was covered in sweat when he thought of this, and his entire face turned pale.

"Uncle, who's Mr. Lin?" Jerry asked excitedly.

Everyone present pricked up their ears.

Obviously, they were also very concerned about this.

"He's a super expert who crossed the Chaosverse."

After all, the Star Lord had already arrived.

There was no need to keep Lin Fan's identity a secret anymore.

As soon as he said this, the scene was in a commotion.

He had crossed the Chaosverse!

Everyone knew very well what this meant.

He was definitely an existence on the same level as the Star Lord.

No wonder the Star Lord addressed him in that manner.

"Oh my god!" Jerry said excitedly. "He's such a powerful man, but he's actually celebrating my birthday with me! I'm so happy!"

As she spoke, she hugged the spirit stone tightly in her arms as if it was her most precious treasure.

Beside, Kevin's legs went weak as he fell to the ground.

He was thinking, 'I'm done for, I'm done for!'

....

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 685 Abyss; Bug Queen!

The Qing Hall occupied an extremely wide area.

There were mountains, rivers, green trees, flowers... The scenery was beautiful and charming.

At this moment, Lin Fan and Qing Song had arrived at the grand hall. They were drinking Spirit Tea and chatting non-stop.

From the casual chat, Lin Fan gained a deeper understanding of the Four Seasons Universe and the levels of cultivators.

The cultivation levels were—Kill Ten, Annihilate 100, Enemy 1,000, Transcendent, Soul Formation, and above that was the Planet level.

The Planet level could be further divided into nine levels.

At this moment, Qing Song said, "Although it's a little presumptuous, I wonder if you can help me?"

"Oh?" Lin Fan was puzzled.

Qing Song said, "A Mystic Abyss Realm has appeared on our Qing Planet. Every once in a while, a group of mutated beasts at the levels of Kill Ten, Annihilate 100, and even Enemy 1,000 will come out. Although they're weak, they're also very troublesome.

"Therefore, I want to enter the Mystic Abyss Realm and solve this hidden danger in one fell swoop.

"However, I don't know what's there in the realm. There might be some treasures and some dangers. Therefore, I've also invited Star Lord Feng Yue of the Spirit Planet and Star Lord Ma Zheng of the Hong Planet to go together.

"If there are any treasures, we'll distribute them according to contribution. In addition, I'll give you another ten spirit crystals as a reward.

"I wonder if you're interested?"

Lin Fan's expression changed slightly.

This was definitely an opportunity for him to gain a deeper understanding of the Chaosverse.

"Sure." He nodded.

Perhaps there was some danger in the secret realm.

However, danger was sometimes an opportunity.

This was something he had to face on the road to becoming stronger.

"That's great!" Qing Song said happily. "With you joining us, we'll have a greater chance of resolving the crisis in the Mystic Abyss Realm."

At this moment, two streaks of light shot over from afar.

Then, an oval-faced woman in a purple muslin dress and a man with a long sword hanging from his waist appeared in the hall.

"Feng Yue, Ma Zheng, you're here!" Qing Song laughed heartily.

Then, he introduced, "This is Lin Fan."

Feng Yue and Ma Zheng could not help but size Lin Fan up curiously.

"Should we rest for a while or go straight to the Mystic Abyss Realm?" Qing Song asked.

"Let's go over directly," Ma Zheng said.

Feng Yue nodded.

Lin Fan said, "I've already rested."

"Alright! Then let's go over," Qing Song said.

As soon as he finished speaking, he leaped and flew out.

Lin Fan, Feng Yue, and Ma Zheng followed closely behind.

In the beginning, Feng Yue and Ma Zheng underestimated Lin Fan.

However, looking at how relaxed Lin Fan was as he flew, they quickly threw this thought to the back of their minds.

A moment later, they stopped.

In front of them was a huge crack that looked like a black hole. It was extremely terrifying.

Two soldiers ran over and said respectfully, "Greetings, Star Lord!"

"When did the mutated beasts last come out?" Qing Song asked.

"Three days ago," the soldier said.

"I understand," Qing Song said.

"Do you guys see anything?" he asked.*noveLnExt.cOm*

Feng Yue shook her head. "We can't see anything from the outside. We have to go in."

"Let's go in," Ma Zheng said.

Lin Fan nodded as well.

"Alright," Qing Song said.

The four of them took a step forward and flew into the abyss.

After entering the abyss, a cold aura assaulted their faces.

At this moment, a huge bird that was dozens of meters long stretched out its sharp claws and whistled toward them, as if it wanted to tear them into pieces. I think you should take a look at

Qing Song raised his hand and waved, shooting out a sharp gust of wind that instantly cut it in half.

Following the death of the giant bird, more exotic beasts appeared one after another.

However, without any surprises, they were all easily dealt with by Qing Song. The four of them together were unstoppable.

A few hours later, Lin Fan, Qing Song, Feng Yue and Ma Zheng finally landed at the bottom of the abyss.

It was dark here. The ground was very rugged, and there were holes everywhere.

Lin Fan looked around curiously.

It was his first time entering the abyss.

The ground not far away suddenly shook.

In the next moment, a large group of exotic beasts quickly rushed over.

The four of them attacked together and dealt with all the mutated beasts easily.

The rugged ground was immediately dyed red.

The four of them moved forward.

Along the way, they encountered a few more groups of exotic beasts.

"Why do these mutated beasts feel a little strange?" Ma Zheng frowned.

Feng Yue said, "It is a little strange. It's like they're running away. Is there something in front?"

Qing Song said, "I have a bad feeling. There might be some danger ahead. You guys have to be careful."

The few of them nodded and became even more careful.

At this moment, a vast and mysterious energy surged over from afar.

The four of them looked up, and their pupils constricted slightly.

Dense golden bugs were moving in unison, surrounding the ancient altar and making rustling sounds.

"Chaos Locusts!"

"Why are there Chaos Locusts here?"

"There are spirit crystals around the altar! This is bad! It's the altar of the Bug Queen!"

"We must not let the Bug Queen be teleported out. Otherwise, Qing Planet and even the surrounding planets will all become nourishment for the Bug Queen!"

"Hurry!"

At this moment, they finally understood why the exotic beast had run out of the abyss.

That was because the mutated beasts were also afraid of the Chaos Locusts, and they were even more afraid of the Bug Queen!

The four of them dashed forward, trying to destroy the altar as fast as they could.

Their movements quickly attracted the attention of the Chaos Locusts.

Four Chaos Locusts that were dozens of meters tall and covered in golden armor blocked their path.

"They're Chaos Locust Generals!" Ma Zheng said solemnly. "Star Traveller, everyone, be careful!"

The four Chaos Locust Generals waved their claws and slashed at Lin Fan and the rest.

They were swift and tyrannical!

Lin Fan and the others took out their weapons to block, creating a series of rapid collisions.

Then, a few balls of light flashed in the air. Energy surged, and a series of loud sounds continuously sounded.

These four Chaos Locusts were all at the Star Traveller level. They could not be dealt with in a short period of time.

The only thing that Lin Fan could do was to use the mysterious space technique to leave some wounds on the Chaos Locusts.

At this moment, the spirit crystals around the ancient altar suddenly emitted a dazzling light.

Circles of mysterious formation talismans rippled in all directions.

Then, a huge door appeared above the altar.

Seeing this...

The Chaos Locusts around the altar moved up and down as if they were kowtowing.

The rustling sounds from their mouths became louder and louder.

In the next moment, a crack appeared on the door, and there were faint signs of it opening.

Qing Song cried out in shock, "Lin Fan, you have a spatial technique, so you're the fastest. Quickly stop the Bug Queen from descending. I'll help you with the Chaos Locust Generals!"

Lin Fan did not argue and said directly, "Alright!"

Chapter 686 System Upgrade; Congratulations

Lin Fan could sense a palpitating aura from the ancient altar.

He knew that if he did not stop it, he might be in danger.

Stepping out, Lin Fan vanished from where he stood.

The bug general in front of him wanted to attack but was stopped by Qing Song.

At this moment, Lin Fan had already arrived in front of the altar. Just as he was about to attack the altar, two more bug generals appeared in front of him.

The two generals waved their claws and shot out strong gales toward Lin Fan.

Lin Fan had no choice but to dodge.

The two generals did not give up and continued to chase. They kept colliding in the air, forming light shadows.

At this moment, the spirit crystals around the altar shone brighter and brighter, and the circles of spell formations became more complicated and mysterious.

The door finally opened a small crack.*noveLnExt.cOm*

In an instant, an inky aura rushed out from the gap of the door. The violent wind blew everyone's clothes.

A shadow of a pitch-black claw slowly appeared on the altar.

The terrifying baleful aura was like thunder, jumping around the claw phantom.

After a while, another shadow of a claw floated above the altar.

Then, two legs, a body, and a head appeared...

Finally, a pitch-black hundred-meter-tall giant bug with strange patterns all over its body appeared.

The Bug Queen had descended!

The dense baleful aura was so strong that even breathing in it would cause one to feel a stinging pain.

A loud cry shook the entire abyss.

All Chaos Locusts, even the generals who were still fighting Qing Song and the others, prostrated on the ground to express their respect for the Bug Queen.

Qing Song, Ma Zheng, and Feng Yue turned pale.

"We're done for!"

"The Bug Queen has descended!"

"What should we do now?"

...

At this moment, the hundred-meter-tall Bug Queen opened her scarlet eyes that were like the cold moon.

The entire abyss instantly turned into a blood-red color, making one's hair stand on end.

The space was frozen, making it impossible to even move one's eyelids.

Looking at those eyes, Lin Fan's heart tightened.

Unrivaled!

Lin Fan had a very clear feeling in his heart. If the other party made a move, he would instantly turn into dust.

He could not let her make the first move!

Lin Fan circulated the power of time with all his might and surrounded the Bug Queen with it.

Instantly, the Bug Queen's tall body that had just condensed began to become illusory.

She could not help but look at Lin Fan with a pair of cold eyes.

"How dare you?!"

Her voice was like thunder, causing people's heads to buzz.

A vast aura turned into thousands of sharp blades that shot toward Lin Fan.

Another wave of time power appeared, and the sharp blade that was rushing over disappeared like dust.

Following that, Lin Fan increased the power of time once more.

The Bug Queen's claws disappeared, and so did her limbs and torso...

Gradually, the huge body disappeared without a trace.

Only a cold voice was left, echoing in the abyss.

"Human, I will remember you!"

Finally, the door closed and the talisman disappeared.

Peace returned.

The Chaos Locusts were all confused.

Why had their queen disappeared?

As for Lin Fan, he did not give them any chance to react.

He needed to take advantage of this situation to save his life!

Lin Fan brandished the Star Meteorite Sword with all his might. Sword energy surged out like a cold wind.

The three-headed bug general and the endless Chaos Locusts were all sliced into pieces.

Feng Yue, Ma Zheng, and Qing Song also reacted quickly and attacked the generals together.

Blood flowed, energy surged, and strong winds howled.

A moment later, all the Chaos Locusts were killed.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! System upgrade successful!]

System upgrade? I think you should take a look at

Lin Fan was stunned.

Before he could come back to his senses, a crisp notification sounded in his mind again.

[Ding! Congratulations, you've completed the hidden mission to disrupt the arrival of the Bug Queen. Reward: 100,000 experience points.]

[Ding! Congratulations, you've reached Star Traveller Level 2.]

[Ding! Congratulations, you've reached Star Traveller Level 3.]

Instantly, Lin Fan's body felt warm.

A majestic energy rippled in his limbs and bones.

It really was the system!

Then, Lin Fan willed it, and a clear interface appeared in his mind.

[Host: Lin Fan]

[Cultivation: Star Traveller Level 3 (10,000/100,000)]

[Skill: Sword 81]

[Equipment: Star Meteorite Sword]

[Laws: Time (elementary), Space (elementary), Metal (elementary), Wood (elementary), Water (elementary), Fire (elementary), Earth (elementary)]

[Character Relationship:

[Lin Tao: Father. Favorability: Ten stars]

[Dai Weixue: Mom. favorability: Ten stars.]

Lin Xiaoyao: Sister. Favorability: Ten stars;

Xia Xue: Dao companion. Favorability: Ten stars]

[Xia Bing: Dao companion. Favorability: Ten stars...]

He had really leveled up!

It was a completely different panel.

Back then, when Lin Fan was still a Chaos Dragon God, he had come across a gemstone by chance. He had discovered that there was an extremely peculiar structure within it.

After some simple refinement, he created the red packet and the check-in system.

How did it level up now?

Furthermore, he saw that the time, space, and five-element laws he had mastered were all at the elementary level?

The system's grade had increased!

At this moment, Ma Zheng, Feng Yue, and Qing Song walked over.

"S-Senior Lin."

"Thank you, Senior Lin."

"Thank you, Senior Lin."

The three of them subconsciously addressed Lin Fan as senior.

This was normal.

The strength that Lin Fan had displayed earlier was simply too mystical.

He drove away the descending insect emperor and instantly killed thousands of Chaos locusts.

"No need to be so polite," Lin Fan said.

Then, he looked at the spirit crystals around the altar and said, "Let's split these things."

Ma Zheng hurriedly said, "These Chaos Locusts were killed by you, and the Bug Queen was also driven away by you... Everything should belong to you."

"That's right," Feng Yue added.

"Yes, yes!" Qing Song said.

In their hearts, they thought that an expert like Lin Fan probably would not be interested in such things.

However, they did not dare to take the things that belonged to Lin Fan.

Lin Fan replied, "Alright."

With a wave of his hand, all the spirit crystals disappeared into the internal space.

"Let's go out," Lin Fan said.

"Yes, sir!" Qing Song, Ma Zheng, and Feng Yue said in unison.

...

Just as they were walking out of the abyss, or rather, just as Lin Fan's system had successfully leveled up...

Outside Qing Planet, the wind and clouds surged, and multicolored light shone brightly.

These rays of light continuously gathered and twisted. In the end, they actually formed four words that were as bright as the sun—'Congratulations!'

This change immediately attracted everyone's attention and discussion.

"What is this?"

"Is it the latest high-tech?"

"But it doesn't seem like it."

"There seems to be a very strong energy fluctuation."

...

Chapter 687 Congratulations; Top-Notch Spatial Law Talent

Compared to when he entered the secret realm, Lin Fan's strength and speed had both increased tremendously.

However, he did not shake off Qing Song, Ma Zheng, Feng Yue, and the others because of this. Instead, he maintained the same pace as them.

A few hours later, the four of them finally returned to the surface.

Soon, they also noticed the gorgeous words floating in the air—'Congratulations!'

Just as Lin Fan raised his head, an explosive sound suddenly rang out in the sky. The entire sky shook violently.

Then, large fireworks appeared around the gorgeous words. They were like fireworks that shook the sky and covered the sun. They were extremely brilliant.

Many people from Qing Planet exclaimed in admiration.

"What big fireworks!"

"So beautiful!"

"Where did these fireworks come from?"

...

Even Star Lord Feng Yue, who was standing beside him, had a glint in her eyes. She could not help but say, "So beautiful!"

A gust of wind blew, and the word 'Congratulations' and the fireworks disappeared into thin air.

Seeing this...

Lin Fan was entranced. He had a strange feeling that all of this was prepared for him.

Could it be the system?

If that was the case, then who was the system's leveler?

After a while, Lin Fan suppressed the thought in his heart.

Qing Song said, "Senior, there are still a few other friends. Let's go to the Qing Hall to rest."

"Alright." Lin Fan nodded.

Feng Yue and Ma Zheng had no objections.

After a while, they returned to the palace.

Qing Song took out a treasure chest filled with spirit crystals that contained pure energy and said respectfully, "Senior Lin, here are 100 spirit crystals. Please accept them."

Originally, he had promised Lin Fan ten spirit crystals.

However, the strength that Lin Fan had displayed made Qing Song feel that ten spirit crystals were not enough to pay him.

Even 100 spirit crystals was too little in Qing Song's opinion.

However, this was what he had accumulated over the years.

Lin Fan did not stand on ceremony either. Waving his hand, he placed the spirit crystals into his internal space.

At this moment, a clear notification sounded in his mind.

[Ding! You've completed the hidden mission. Congratulations, you've obtained Flame Armor and Top-Notch Spatial Law Talent.]

[Flame Armor: Emperor-grade armor with powerful defense and rebound attack power.]

[Top-Notch Spatial Law Talent: A powerful talent that can quickly comprehend spatial law.]

Looking at the fiery red armor in his mind, Lin Fan's eyes lit up.

With this armor, safety in this vast universe should be guaranteed.

After that, he placed his attention on Top-Notch Spatial Law Talent.

Lin Fan felt the space around him and wanted to jump into it. It was really amazing.

He understood that it would be very easy to cultivate spatial power in the future.

When Qing Song saw that Lin Fan had accepted the spirit crystals, he heaved out a sigh of relief.

Then, he turned to Feng Yue and Ma Zheng and said, "This is your reward, friends."

After saying that, he took out a total of 20 spirit crystals.

Then, the few of them started chatting in the hall.

They first lamented about the Abyss Mystic Realm and the Bug Queen. Then, they talked about some of the things that happened in the Spring Region.

As they spoke, they were paying attention to Lin Fan's changes.

When they saw that Lin Fan's expression did not change at all, they finally calmed down.

Lin Fan's face was calm, but he was actually listening intently to the conversation between the three of them.

From the conversation between the three of them, he learned more about the universe.

It turned out that above the Star Traveller level was the Planet level, and above that was the Domain Lord level and Universe level.

Lin Fan could not help but think of his Flame Armor. It was of the emperor level. What level was the equipment? I think you should take a look at

"The Heavenly Wind World will open in a while," Ma Zheng said. "Friends, do you have any thoughts of entering it?"

As he said this, his eyes were fixed on Lin Fan.

This was because the Heavenly Wind World was only limited to people below 10,000 years old.

Qing Song was already more than 30,000 years old. Feng Yue was slightly younger, but she was also more than 10,000 years old. [novelNext.cOm](http://novelnext.com)

Obviously, none of them could enter.

Only Ma Zheng, who was 9,200 years old, was qualified. He was also considered a genius.

He wanted to enter the Heavenly Wind World to roam around.

[Ding! Mission: Enter the Heavenly Wind World. Rewards: One Emperor-grade equipment, one Emperor-grade cultivation technique, one epiphany of heaven and earth.]

Lin Fan said, "I'll go with you to the Heavenly Wind World."

"It's great to be able to go with Senior!" Ma Zheng said in surprise and joy.

The reason why he suddenly mentioned the Heavenly Wind World was because he had thought that Lin Fan might not have lived for so long.

That was because Lin Fan looked way too young.

However, after hearing his words, it was inevitable that they would be shocked.

He possessed such unimaginable power and was so young.

Genius! He was definitely a rare genius!

When Qing Song and Feng Yue heard this, they were also shocked.

They did not look down on Lin Fan just because he was young.

On the contrary, they looked at Lin Fan with even more respect.

That was because the younger he was, the more terrifying his future would be. In fact, he might even have an extraordinary background.

At this moment, a few crisp notifications rang out in Lin Fan's mind.

[Ding! Qing Song's favorability toward you has increased to two stars.]

[Ding! Feng Yue's favorability toward you has increased to two stars.]

[Ding! Ma Zheng's favorability toward you has increased to three stars.]

Lin Fan and Ma Zheng stayed on Qing Planet for a few more days before boarding the interstellar ship and heading toward the direction of the Heavenly Wind World.

They could indeed fly through the primordial chaos.

However, since he could lie down and rest, why would he waste his energy?

The interior of the star-class spaceship was extremely spacious.

Lin Fan stood in front of the gigantic protective shield and looked at the chaotic universe. The space around him was constantly distorting as he was entranced.

Slowly, the space around Lin Fan started to twist and turn like a liquid.

A mysterious and majestic aura appeared on the interstellar spaceship. It even rippled outside the interstellar spaceship.

In the next moment...

The speed of the interstellar spaceship suddenly soared.

After the spaceship pilot noticed the change, he said in panic, "This is bad. A terrifying unknown power has appeared in the spaceship! Everyone, be careful!"

"Our speed has increased by more than ten times! Moreover, it's still increasing!"

"What exactly happened?"

"We're done for!"

...

The entire spaceship was in a mess.

Ma Zheng, who was also in the interstellar spaceship, hurried over to Lin Fan's side.

When he sensed the thick space energy around Lin Fan, his face was filled with shock.

As expected of Senior Lin!

His usage of spatial power had actually reached such a level!

Moreover, the spatial power was still increasing!

There was also the aura that pervaded Senior Lin's body...

Was Senior Lin cultivating?

At the thought of this, Ma Zheng hurriedly turned around and told everyone in the spaceship not to panic. They were not allowed to make any noise or do anything to disturb Lin Fan.

Chapter 688 Space Level Upgrade; Curse Spell!

Cultivation was timeless.

By the time Lin Fan opened his eyes, the ship had already stopped on Revelation Planet.

It was a planet that could enter the Heavenly Wind World.

Lin Fan retracted his aura, and the space power dissipated.

Then, he turned his attention to the system.

[Host: Lin Fan]

[Cultivation: Star Traveller Level 3 (20,000/100,000)]

[Xia Xue: Dao Companion: Favorability Ten stars]

[Xia Bing: Dao Companion: Favorability: Ten stars...]

His spatial laws had reached the intermediate level!

Seeing this...

Lin Fan's lips curled up. Indeed, after obtaining Top-Notch Spatial Law Talent, his comprehension ability had increased by quite a bit.

At this moment, a commotion suddenly came from outside.

"Ma Zheng, this is a public parking space. Isn't it a little presumptuous of you to occupy it?" a middle-aged man with a mustache shouted.

His voice attracted the attention of many people.

"Occupy?" Ma Zheng's face darkened. "I pay the parking fee on time every day, so how am I occupying it?"

The middle-aged man with a mustache was called Qin Dachuan, and he was also a member of Hong Planet.

He had once fought with Ma Zheng for the position of Star Lord of Hong Planet, but unfortunately, he lost.

Later on, he drifted around the universe.

Now, he had become a manager in Revelation Planet.

In fact, Ma Zheng also wanted to leave the public parking space as soon as possible.

However, the moment the ship arrived at the port, it was restricted by the space energy that Lin Fan was cultivating, making it difficult to move forward.

Ma Zheng was worried that forcefully activating it would disturb Lin Fan, who was cultivating.

Therefore, he decided to stop here and guard the side at all times.

"So what if you pay the parking fee? The public parking lot is only a temporary parking spot. What, do you still think this is Hong Planet? You still think of yourself as the lord of the planet?" Qin Dachuan shouted, "Now, maneuver the spaceship away immediately!"

As soon as he finished speaking, the group of warriors behind him emitted a dense aura.

The surrounding people all looked at him with expressions of anticipation.

Ma Zheng's expression turned even uglier.

At this moment, a figure landed beside Ma Zheng.

When Ma Zheng saw him, he hurriedly said respectfully, "Senior Lin."

Lin Fan nodded. "What happened here?"

Thus, Ma Zheng explained the general situation.

Lin Fan said, "It's been hard on you."

Qin Dachuan had been carefully sizing Lin Fan up.

At this moment, he also spoke up. "Senior, it's not that I'm making things difficult for him. It's just that there are too many flying ships coming and going from Revolution Planet. Especially since the Heavenly Wind World is about to open, the number of flying ships has increased exponentially.

"Therefore, all the public berths are only for temporary parking, but Ma Zheng has been parked here for more than ten days."

Qin Dachuan's and Ma Zheng's cultivation levels were similar.

Ma Zheng was so respectful to Lin Fan that he had to be careful.

That was because Qin Dachuan deeply understood that the strong were respected in this world.

If Lin Fan was really strong, then he would be in danger.

Lin Fan said calmly, "Since that's the case, let's leave." "I think you should take a look at

He did not want to make a big fuss over a small matter.

"Yes, Senior," Ma Zheng replied respectfully.

With a loud rumble, the interstellar spaceship arrived at the parking bay of Xiuli Hotel.*novel*Ext.c*Om*

Lin Fan stood in front of the tall floor-to-ceiling window and looked at the scenery outside. He felt very peaceful.

In the blink of an eye, two days had passed.

...

In a spacious villa.

Qin Dachuan said to the communicator in front of him, "Have you found anything?"

"That person's name is Lin Fan. Not long ago, he dealt with the Abyss Mystic Realm on the Qing Planet with the Star Lord of the Qing Planet, Qing Song, the Star Lord of the Spirit Planet, Feng Yue, and the Star Lord of the Hong Planet, Qin Dachuan..."

After Qin Dachuan turned off the communicator, a look of disdain appeared on his face.

"Hmph! I was almost scared by him. So, he's only at the Planet level. No wonder he left after saying a few words!

"Since they came to Revelation Star, they should be entering the Heavenly Wind World. Hmph! They'd better not let me run into them again."

...

At this moment, Lin Fan, who was resting in Xiuli Hotel, suddenly heard a clear notification in his mind.

[Ding! Qin Dachuan's hatred toward you has reached two stars.]

When Lin Fan heard this, he could not help but frown.

Why did this guy suddenly hate him?

Hence, he placed his attention on Qin Dachuan's name.

[Qin Dachuan: Star Traveller Level 2. Because you and Ma Zheng passed by and he misunderstood you as a mighty figure, he felt humiliated and hates you now.]

Did he treat him as an enemy just like that?

Lin Fan took it to heart.

Since they were enemies, he had to be vigilant at all times.

Otherwise, that man might suddenly give him a fatal blow one day.

At this moment, the doorbell rang.

Lin Fan saw that it was Ma Zheng through the video phone. He waved his hand, and the door opened automatically.

"Senior Lin, there's a trading convention on Daluo Street today. Do you want to go and take a look?" Ma Zheng asked.

"Trading convention?" Lin Fan was puzzled.

"Yes. Everyone knows that there are great opportunities and great dangers in the Heavenly Wind World. Therefore, they'd hold a trading convention before the opening of the Heavenly Wind World. There'll be medicinal pills, weapons, and others. This way, it'll be safer in the Heavenly Wind World," Ma Zheng said.

When Lin Fan heard that, his interest was piqued.

This was definitely a way to gain a deeper understanding of this universe.

"Alright, let's go and take a look," Lin Fan said.

Revelation Planet forbade flying.

Lin Fan and Ma Zheng took a luxurious mechanical car to Daluo Street.

It was called a street, but in fact, it was a city. It was very spacious and lively. When Lin Fan stepped into Daluo Street, a crisp notification sounded in his mind.

[Ding! You've completed a hidden quest: Entry into the trading convention. Congratulations, you've received 100,000 experience and Curse.]

[Ding! Congratulations, you've reached Star Traveller Level 4 (20,000/200,000).]

Instantly, a powerful aura spread out from Lin Fan, causing Lin Fan and Ma Zheng's clothes to rustle.

Ma Zheng's heart skipped a beat, and he could not help but look at Lin Fan.

He thought to himself, 'Did Senior Lin become stronger again? He can become stronger even by walking?'

Ma Zheng was even more respectful toward Lin Fan.

Lin Fan did not care about Ma Zheng's change at all.

He immediately focused his attention on Curse.

[Curse: An Emperor-level skill that possesses powerful curse power. It can cause the cursed person to be plagued by bad luck. It's extremely evil.]

Seeing this, Lin Fan's eyes lit up.

Emperor-level skill!

Moreover, this ability seemed to be quite good.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 689 Buy; Curse!

Lin Fan and Ma Zheng walked on Daluo Street.

There were many stalls and shops here.

There were all kinds of weapons, armors, high-tech weapons that had the advantage in battles, and pills that emitted a strange fragrance... There were even powerful cultivator slaves and graceful women for sale.

It could be said that Daluo Street had everything that anyone needed.

At this moment, Ma Zheng suddenly stopped in his tracks. His gaze fell on a slightly old spear in a stall not far away.

The short and thin old man sitting in front of the stall also noticed this. He glanced at Ma Zheng from the corner of his eye and said leisurely, "This gun was once the weapon of a Planet level warrior. Although it has suffered some wear and tear, it's still very sharp and tough. It only costs 30 stones."

"Can I take a look?" Ma Zheng asked after pondering for a moment.

"Sure," the short and skinny old man said.

Lin Fan looked at the spear and then looked around curiously.

At this moment, a crisp notification suddenly sounded in his mind.

[Ding! Heavenly Soul Pearl detected.]

[Heavenly Soul Pearl: An Emperor-level treasure. It has the special power to continuously nurture and protect the soul.]

Then, Lin Fan's gaze landed on a broken stone in the stall.

However, he quickly looked at the other items.

He understood that the more he expressed his desire to buy, the higher the price would be.

Therefore, he casually asked about the price of a few items.

Finally, he casually asked the Heavenly Soul Pearl on the ground.

"A stone found underground, one spirit crystal," the short and thin old man said casually.

Lin Fan nodded. "Alright, I'll buy it."

The short and thin old man was a little bewildered.

Could it be that this stone was a treasure?

Did he underbid?

The short and thin elder sized up the Heavenly Soul Pearl carefully, but he did not discover anything unusual at all.

Thus, he could only nod.

"Wait!"

Not far away, an ear-piercing sound suddenly sounded.

Then, Qin Dachuan, who had a mustache, walked over.

"I'm willing to pay five spirit crystals for this stone!"

Then, he grinned and said, "Friend, I'm sorry, but I also think this stone is quite good!"

"This spear is not bad as well. I'm willing to pay 35 stones."

Then, he said to the short and thin old man, "You haven't made a deal yet, right? There shouldn't be a problem with my bid, right?"

How could the short and thin old man not understand that Qin Dachuan might have a grudge against the two people in front of him and was deliberately here to bicker?

However, what did that have to do with him?

As long as he could sell the items for a better price.

He could not be happier!

"Of course not!" The short and thin old man immediately smiled.

Ma Zheng's expression turned extremely ugly.

He liked this weapon very much. If he wanted to buy it now, he would probably have to pay more.

Lin Fan frowned and said, "Six spirit crystals."

"Eight spirit crystals," Qin Dachuan said with a smile. "I'm sorry. I really like this stone."

"Ten stones," Lin Fan said.

"Twelve stones," Qin Dachuan said.

"Fifteen stones," Lin Fan said.

"Since you like it so much, then I won't snatch it away from you." Qin Dachuan sneered.

Then, he said to Ma Zheng, "Thirty-five spirit crystals. If you don't offer a higher price, I'll take this weapon!"

"Forty spirit crystals!" Ma Zheng said in a deep voice.

Qin Dachuan laughed and said, "I'll let you have it!" I think you should take a look at

Then, he walked into the distance in a carefree manner.

Lin Fan looked at Qin Dachuan's back and narrowed his eyes.

"Senior Lin, fighting is forbidden on Daluo Street," Ma Zheng hurriedly said.

"I understand." Lin Fan nodded.

After Lin Fan paid the 15 spirit crystals, a crisp notification sounded out in his mind.

[Ding! You've spent more than ten spirit crystals. Congratulations, you've obtained Emperor-level Sword Nurturing Technique.]

[Emperor-level Sword Nurturing Technique: An emperor-level skill. Continue to infuse power into the sword to nourish it. When it kills the enemy, it'll instantly release power, producing endless terrifying power.]

Seeing this...

Lin Fan's expression changed slightly.

The accumulated power exploded instantly!

This was definitely a good skill to catch the enemy off guard and kill them.

Then, the two of them continued to stroll around.

In the meantime, Lin Fan found an Emperor-level broken sword, a Flame Crystal, and a Life Cleansing Bottle, which cost him a total of 60 spirit crystals.

At the same time, he gained a better understanding of the universe.

After Lin Fan returned to the hotel suite, he first picked up the rusty broken sword and unsealed it according to the system's instructions. Then, he gently touched the stone table in front of him.

The stone table broke into two like tofu.

Seeing this...

Lin Fan could not help but exclaim, "This is an Emperor-level weapon? Amazing!"

Then, he looked at the Life Cleansing Bottle and released the restriction according to the system notification. He saw a pool of white liquid with extremely strong life force inside.

Lin Fan took in a deep breath, and his entire body felt extremely relaxed. All the pores on his body opened up.

"As long as I'm still alive, I'll probably be able to recover to my peak state immediately after drinking a drop!" Lin Fan praised. [novelNext.com](http://novelnext.com)

Lin Fan then took out the Flame Crystal.

It was a dark red stone.

Lin Fan followed the system notification's instructions and slowly unsealed it.

He had only undid it a little when the temperature of the entire suite shot up. The air suddenly distorted and smoke gradually rose.

Seeing this...

Lin Fan hurriedly sealed it once more.

"What a terrifying temperature!" he exclaimed in shock. "What pure flame energy! When I find a new place to unseal it tomorrow, it'll definitely be able to greatly increase the power of fire in my five elements!"

As Lin Fan said this, he became extremely excited.

Now, he had some understanding of the spirit crystals and treasures in the universe.

Regardless of whether it was the Life Cleansing Bottle, the broken Emperor-level sword, or the Flame Crystal, any of them could be sold for tens of thousands or even hundreds of thousands of spirit crystals.

He only spent 50 stones!

The system was truly amazing!

Finally, Lin Fan took out the Heavenly Soul Pearl. After unsealing it, he immediately let it recognize him as its master.

Instantly, Lin Fan's soul had an additional sturdy protective shield.

At the same time, his soul was also nourished by a mysterious force. It was constantly condensing and becoming stronger. It was very comfortable.

After doing all of this, Qin Dachuan's figure appeared in Lin Fan's mind.

The Heavenly Soul Pearl was definitely a very good treasure.

Originally, the Heavenly Soul Pearl only cost one spirit crystal.

In the end, Qin Dachuan had to spend 15 spirit crystals.

More importantly, if Qin Dachuan had caused trouble and attracted the attention of others, such a wondrous Heavenly Soul Pearl might not have even reached his hands.

At the thought of this, Lin Fan's face turned cold as he focused his attention on Curse.

[Do you want to use spirit crystals to curse Qin Dachuan?]

"Yes!"

In the next moment, a spirit crystal in Lin Fan's hand shattered into dust and disappeared.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 690 Heavenly Wind World; Opening!

Today, Qin Dachuan drank in the restaurant until late at night before he staggered back home.

When he was in Hong Planet, Qin Dachuan had always been suppressed by Ma Zheng.

He had never felt so carefree as now.

Whenever Qin Dachuan recalled Ma Zheng's aggrieved look, he could not help but want to laugh out loud.

He lay on the bed and fell into a deep sleep.

He started dreaming.

Qin Dachuan was walking in a gloomy forest.

In the next moment, a malevolent hand bone suddenly drilled out of the ground and grabbed Qin Dachuan's calf, scaring Qin Dachuan into retreating.

Soon after, the entire ground was densely packed with countless hand bones.

It was a terrifying sea of bones!

Qin Dachuan kept struggling in the sea of bones, but he was unable to break free.

Gradually, his entire body was devoured by the sea of bones, and he suffered terrible pain.

Qin Dachuan suddenly woke up from his dream. His entire body was covered in sweat as he panted heavily.

"So it was a dream..."

After drinking a whole bottle of water, he lay on the bed and fell asleep again.

This time, he did not dream of skeletons, but he dreamed of being tied up and eaten alive by savages.

Qin Dachuan woke up from his dream again.

"It's so scary!

"Why do I keep having nightmares?!"

This situation lasted for several days.

Qin Dachuan became extremely dispirited, and his eyes were bloodshot.

Now, he did not dare to sleep anymore.

Once he fell asleep, he would enter a nightmare.

Even taking medicine was useless.

Fortunately, Qin Dachuan was a powerful cultivator.

Otherwise, he would probably have a mental breakdown long ago.

...

[Ding! Your enemy, Qin Dachuan, is mentally deranged because of your curse.]

Lin Fan smiled.

Curse was a pretty good skill.

Lin Fan found Ma Zheng and said, "Do you know where I can cultivate?"

Ma Zheng thought for a moment and said, "There's a cultivation room in the Hundred Feet Building. It has dense spiritual energy inside.

"In addition, the materials of each cultivation room are very special. They have extremely strong defensive and soundproof effects. They can ensure safety and avoid disturbances as much as possible."

Lin Fan nodded. "Alright."

Not long after, Lin Fan arrived at the Hundred Feet Building. After paying ten spirit crystals, he went straight into a cultivation room that was about 100 square meters.

The layout of the cultivation room was very simple.

There was a cushion and a clear spring.

Lin Fan sat down cross-legged and unsealed the Flame Crystal according to the method taught by the system.

The temperature soared!

The entire cultivation room instantly turned fiery red.

Lin Fan felt around and realized that there were no signs of fire or damage.

He could not help but nod his head and say, "As expected of a cultivation ground. The materials in this space are indeed special."

Then, he closed his eyes and silently absorbed the power of fire on the Flame Crystal.

Pure fire element... At first, it was like stars that flew into Lin Fan's body.

Then, they turned into a tornado that entered Lin Fan's body.

As more and more fire elements were absorbed by Lin Fan, his skin started to turn fiery red as well. He was like a Fire God that had descended into the world!

After an unknown period of time...

The energy was exhausted and shattered.

The size of the Flame Crystal kept decreasing. I think you should take a look at

In the end, it completely disappeared.

Lin Fan's skin and the temperature of the cultivation room also gradually returned to normal.

Finally, Lin Fan opened his eyes.

At the same time, a clear notification sounded in his mind.

[Ding! Fire Element Law upgraded to intermediate.]

Lin Fan could feel the fire power surging within his body, and a satisfied look appeared on his face.

Then, he slowly took a step forward and walked out.

Lin Fan had just arrived outside when he saw Ma Zheng waiting anxiously at the door.

When Ma Zheng saw Lin Fan, he hurriedly walked over and said excitedly, "Senior Lin, you're out."

Lin Fan nodded. "What's the matter?"

"The Heavenly Wind World is about to open," Ma Zheng said.

When Lin Fan heard this, he could not help but reveal an awkward look.

After all, Ma Zheng was very concerned about this trip to the Heavenly Wind World.

If he missed the time to enter because of him, he would really feel bad.

"Let's go," Lin Fan said.

"Alright, Senior Lin," Ma Zheng said.

...

At this moment, a large square was filled with flying devices.

Groups of men and women with powerful auras were chatting in low voices with serious expressions. Some were filled with anticipation... All of them looked at a towering stone wall in the east.

That was because that was one of the places in the Heavenly Wind World.

An aircraft landed in a hurry. *novelNext.com*

Lin Fan and Ma Zheng walked down.

"Thank goodness we made it," Ma Zheng Zhang said with a sigh of relief.

Lin Fan glanced around and said, "There are so many people here."

"That's right," Ma Zheng said. "After all, the Heavenly Wind World only opens once every 10,000 years. Moreover, there are too many opportunities inside. No one wants to miss this chance.

"I heard that someone ate a fruit inside and became a Star Lord!

"Someone picked up an invincible technique, and in a short few thousand years, he became a Universe-level overlord!

"Someone else obtained an incomparably terrifying weapon!

"One person even picked up a storage ring. There was actually a Star Lord expert living inside!"

...

The more Ma Zheng spoke, the more excited he became. It was as if he would also obtain these treasures if he entered the Heavenly Wind World.

When Lin Fan heard that, a weird look appeared on his face.

An old man lived in the ring?

At this moment, an ear-piercing sound came from behind.

"Are you two going in too?" Qin Dachuan said.

"It's none of your business whether we go in or not." Ma Zheng frowned.

Qin Dachuan grinned and said, "Yes, it's unrelated now, but that might not be the case once we enter! Fighting and killing are not prohibited inside!"

His threat was obvious!

After saying that, he walked into the distance arrogantly and bowed to a man in a black robe. "Greetings, Senior Liu."

When Ma Zheng saw this, his expression immediately turned ugly.

"Senior Lin, I'm afraid we're in trouble this time," he said in a low voice. "It seems that Qin Dachuan will be entering the Heavenly Wind World with a high-level Planet martial artist."

Lin Fan nodded his head noncommittally. However, his mind was focused on the system.

[Qin Dachuan. Hatred points: Two stars. Your curse caused him mental disorder, but he was later cured by a strong person.]

Lin Fan thought, 'No wonder he doesn't seem to be affected.'

At this moment, a vast aura rippled over.

Then, the ordinary-looking stone wall in the east emitted a dazzling light, like a scorching sun that had fallen on the ground. It illuminated the entire world.

The Heavenly Wind World was opened!
