### Chapter 691 Entering; Spiritual Pearl!

Everyone in the square was enveloped in light.

Then, they rushed toward the light screen.

The moment they entered the light screen, everyone disappeared like water drops into the sea. It was very mysterious.

"Senior Lin, let's go in too," Ma Zheng hurriedly said.

"Alright." Lin Fan nodded.

The two of them took a step forward and walked straight into the light screen.

Lin Fan felt the space around him twist and distort, creating a strong suction force that pulled him and everyone else into different directions.

Lin Fan circulated his space power to keep Ma Zheng close to him.

After an unknown amount of time, Lin Fan and Ma Zheng finally landed on the ground.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Mission Completed: Enter the Heavenly Wind World. Reward: True Dragon Sword x1, Cosmos Sword Technique x1, Heaven and Earth Enlightenment x1.]

Instantly, an extremely profound and powerful sword technique appeared in Lin Fan's mind, as well as a golden longsword that looked like a coiling dragon.

He had a feeling that as long as he used this sword, coupled with the Cosmos Sword Technique, it would be nothing difficult for him to destroy the world. It was extremely powerful.

After a while, Lin Fan finally suppressed the joy in his heart.

He looked into the distance.

In front of him was a dark forest with jagged rocks. The area was surrounded by a thin layer of mist.

"Senior Lin, I can only see the environment within 300 meters," Ma Zheng said in shock.

One had to know...

Ma Zheng was a Star Traveller-level warrior. It was nothing for him to see everything at a glance.

However, the layer of white mist was like a thick wall, completely blocking his line of sight.

Lin Fan looked into the distance. His vision was also blocked by the white mist.

However, he had the Eyes of True Sight, so the obstruction was obviously reduced by a lot.

He could see everything within ten kilometers.

Lin Fan said, "My vision is also obstructed."

He did not say how far he could see.

After all, the two of them had not reached the point of being honest about anything.

Lin Fan asked, "What should we do now? Turn around?"

Even though he had been at Revelation Planet for a period of time, because he was busy absorbing the Flame Crystal, he did not have the time to search for information about the Heavenly Wind World.

This was also one of the reasons why he let Ma Zheng follow by his side.

Ma Zheng thought for a moment and said, "We should be at the outer area of the Heavenly Wind World. We only need to search for ten spiritual pearls in ten years to enter the core area from the east. It's said that there are many opportunities in the core area."

At this point, Ma Zheng's tone became heated.

"Of course, there are many unimaginable treasures even in the periphery."

Lin Fan nodded.

Ma Zheng seemed to have thought of something and said, "I wonder where Qin Dachuan is. I hope I don't run into him."

As he spoke, he could not help but look around as if he was worried that Qin Dachuan would suddenly appear and attack him.

When Lin Fan heard Qin Dachuan's name, a hint of displeasure surfaced in his heart.

He clearly remembered that Qin Dachuan had two stars of Hatred Points toward him.

In addition, before entering the Heavenly Wind World, the other party had threatened him.

Lin Fan understood that if he met Qin Dachuan in the Heavenly Wind World, he would definitely be at a disadvantage.

Since that was the case, he would strike first.

Hence, Lin Fan took out two spirit crystals and focused his attention on Curse.

[Do you wish to curse Qin Dachuan?]

"Yes!"

The two spirit stones instantly shattered and turned into powder.

At this moment, a sound came from the forest not far away.

Then, a giant spider suddenly jumped out.

It waved its steel-like claws, and the trees beside it were broken like grass.

A powerful aura swept over with a strong wind, causing Lin Fan's and Ma Zheng's clothes to flutter. I think you should take a look at

Ma Zheng said in a panic, "It's a Planet-level beast! Moreover, it's very likely to be equivalent to a mid-level Planet warrior!"

The Star Traveller-level was divided into nine levels.

The first, second, and third levels were the primary levels.

The fourth, fifth, and sixth levels were the intermediate levels.

The seventh, eighth, and ninth levels reached the high-level Planet realm.

Ma Zheng was only at the second level. He was no match for the giant spider.

Lin Fan looked at the giant spider and raised his hand. The shining True Dragon Sword appeared in his hand, and a dragon roar sounded out.

Lin Fan pulled out the True Dragon Sword and swung it at the giant spider.

"Sword of Heaven and Earth!"

The mighty sword energy was like a swift and violent thunder as it rushed out and pierced through the giant spider's body, forming a long gully on the ground.

The giant spider broke into two halves and fell to the ground, losing all its vitality.

Blood splattered everywhere.

The air was filled with the thick smell of blood.

Ma Zheng stuttered, "S-Senior Lin, you're so powerful!"

Back in the mystic realm, Ma Zheng already knew that Lin Fan was extremely strong.

However, he did not expect that Lin Fan could kill a mid-level Planet beast as easily as cutting tofu.

It was unimaginable.

Lin Fan did not care about Ma Zheng's words.

He had placed his attention on the system.

[Ding! You've killed a level-four Planet exotic beast. You've obtained 40,000 experience points.]

Energy surged in his body.

His strength increased!

[Cultivation: Star Traveller Level 4 (60,000/200,000)]

Killing the exotic beasts here could actually increase his experience and cultivation!

This was simply like fighting monsters to level up!

This was the best way to improve!

Lin Fan was extremely happy.

After a while, he suppressed the joy in his heart.

When he looked down at the spider on the ground, he saw a silver-white pearl the size of a fist on the spider's abdomen.

Lin Fan raised his hand, and the pearl flew in front of him.

"What is this?"

He felt a very strange energy from the bead.

"Spiritual pearl!" Ma Zheng said excitedly. *NovelNext.com*

"Oh? This is a spiritual pearl? It's in the body of a mutated beast?" Lin Fan was surprised.

"Spiritual pearls are scattered all over the periphery," Ma Zheng said. "Some would be accidentally swallowed by mutated beasts."

Lin Fan nodded. "Since that's the case, let's continue killing beasts."

After all, killing exotic beasts could not only gain experience points, but they also had a chance of obtaining spiritual pearls. Why not?

He did as he said.

Lin Fan walked forward quickly.

After a while, he saw another exotic beast.

It was a python that was coiled around a thick tree trunk, almost blending into the tree.

As long as anyone passed by, it would suddenly swoop down and swallow that figure into its stomach.

Lin Fan swung his sword from afar. Without waiting for the python to react, he cut it and the tree into two.

A rumbling sound rang out.

[Ding! You've killed a level-four Planet exotic beast. You've obtained 40,000 experience.]

Unfortunately, there were no Spiritual Pearls in the body of this mutated beast. However, it was not bad to gain experience.

### Chapter 692 The Five Masters of Gray Planet; A Threat

### *Chapter 692 The Five Masters of Gray Planet; A Threat*

The Heavenly Wind World also had day and night.

In the blink of an eye, two months had passed.

In the past two months, Lin Fan had brought Ma Zheng through the forest, killing beasts one after another.

At this moment, Lin Fan had already obtained 35 Spiritual Pearls!

He directly gave Ma Zheng ten Spiritual Pearls.

After all, from a certain perspective, Ma Zheng had given Lin Fan some help.

Furthermore, it was useless for Lin Fan to ask for too many Spiritual Pearls.

But for Ma Zheng, it was completely different.

He had entered the Heavenly Wind World only to look for opportunities in the outer regions. He had never dreamed of entering the core region.

In the end, in just half a month, he had the qualifications to enter the core area!

To Ma Zheng, this was simply like a dream.

At the same time, he had a deeper understanding of Lin Fan's strength.

No matter if it was a low-level, mid-level, or even high-level Star Traveller beast, Lin Fan killed them all with a single slash. There were no exceptions.

Gradually, Ma Zheng had a guess in his heart...

Perhaps, Lin Fan's cultivation state had already reached the Planet level!

A Planet level genius below 10,000 years old!

Unimaginable!

....

Lin Fan did not care about what Ma Zheng was thinking.

He focused his attention on the system.

[Host: Lin Fan]

[Cultivation: Star Traveller Level 7 (900,000/2,000,000)]

[Xia Xue: Dao companion; Favorability: Ten stars]

[Xia Bing, Dao companion; Favorability: Ten stars]

[Qin Dachuan: Enemy; Hatred Points: 3 stars.]

Lin Fan felt the energy surging in his body and was extremely happy.

At this moment, a loud noise came from afar.

Tens of kilometers away, Qin Dachuan, the black-robed man, and several men in armor were being chased by dozens of powerful exotic beasts.

They were in a sorry state, and their faces were filled with panic and fatigue.

"Damn it! Why did another mutated beast appear?"

"Why is the Heavenly Wind World so dangerous?"

Dangerous?

That was right!

It was dangerous!

Ever since they entered the Heavenly Wind World, they had encountered an endless stream of strange beasts.

At first, they did not think much of it.

They were even a little happy.

That was because after killing a mutated beast, they actually found a Spiritual Pearl inside.

If they could obtain a Spiritual Pearl for every exotic beast killed, would they not be able to enter the core area very quickly.

But gradually, they did not think so.

That was because the number of exotic beasts attacking them was increasing, making it impossible for them to resist at all. They could only run.

In fact, as time passed, it became very difficult to escape.

As early as ten days ago, there were already casualties.

However, the number of mutated beasts was still increasing.

It was as if they would not stop until they devoured them completely.

"The previous Heavenly Wind World definitely wasn't this dangerous!"

"Why does it feel like a curse?"

"Damn it!"

They did not take it to heart, though.

They did not know that this was the truth.

A man in armor was accidentally torn into pieces by a giant mantis, and blood splattered everywhere.

"This is bad, they're surrounding us!"

"No!"

Soon, Qin Dachuan and his group were completely engulfed by the monsters. They screamed incessantly.

"I'll fight it out with you!"

The black-robed man took out an energy crystal the size of a basketball.

In an instant, a terrifying energy suddenly erupted. The surrounding trees and stones instantly turned into nothingness.

Peace returned.

It was also at this moment...

A crisp notification rang out in Lin Fan's mind.

[Ding! Your enemy, Qin Dachuan, died due to the explosion of the energy crystal.]

A moment later, Lin Fan and Ma Zheng arrived at the scene of the explosion.

A huge pit appeared on the ground.

Some exotic beasts with broken limbs were still struggling to crawl in the holes.

Lin Fan picked up the True Dragon Sword and waved it around.

[Ding! You've killed a level-three Planet level exotic beast. You've obtained 30,000 experience points.]

[Ding! You've killed a level-five Planet level exotic beast. You've obtained 50,000 experience points.]

[Ding! You've killed a level-four Planet level exotic beast. You've obtained 40,000 experience points.] *nOvelNExt.COM*

...

Lin Fan had killed 15 beasts easily, earning a total of 600,000 experience points.

The surging energy kept rippling in his body.

Then, with a casual wave of his hand, the 11 Spiritual Pearls hidden in the bodies of the mutated beasts appeared in his hand.

Lin Fan could feel the increase in energy within his body. He then looked at the Spiritual Pearls in his hand and had a strange look on his face.

His enemy helped him earn 600,000 experience points and 11 Spiritual Pearls?

That was actually reasonable.

After all, if Lin Fan were to find and kill these beasts by himself, he would definitely have to spend a certain amount of time.

"Tsk tsk, kid, hand over all the Spiritual Pearls! I can spare your life!"

Not far away, an ear-piercing sound came.

Lin Fan and Ma Zheng looked over.

Five white-robed men emerged from the darkness.

They were staring at Lin Fan and Ma Zheng with their cold eyes.

They looked like hungry wolves staring at two fat sheep. They were extremely unscrupulous.

When Ma Zheng saw the clothes of the five people, especially the moon symbol on their arms, his pupils constricted slightly. He said in shock, "The Five Masters of Gray Planet!"

"You know them?" Lin Fan asked.

"The Five Masters of Gray Planet are all disciples of Star Lord Cang," Ma Zheng said in a low voice. "They're all mid-level Planet geniuses younger than 10,000 years old! Their strength is extremely terrifying, and their attacks are also extremely decisive!"

The man standing in the middle grinned and said, "So, you know us. That's good! I hope we don't waste our time, because time... is life!"

When he said the word 'life', his body emitted a killing intent that was almost tangible.

The threat was obvious.

Ma Zheng was only an initial-stage Planet cultivator, so how could he withstand such an aura? He could not help but shiver.

A threat?

Regardless of whether it was when Lin Fan was a Chaos Dragon God or when he was living on Earth, the thing he hated the most was threats.

Lin Fan looked at the five of them coldly as if he was looking at five cold corpses.

"Is that so? I don't like wasting time either, so you can all go to hell."

As soon as he finished speaking, Lin Fan pulled out the True Dragon Sword.

A deafening dragon roar resounded in all directions.

A sharp sword light turned into a galloping dragon and passed through the white-robed man standing in the middle.

### Chapter 693 Benefits; Greatest Benefactor!

### *Chapter 693 Benefits; Greatest Benefactor!*

The sudden change was completely unexpected for the Five Masters of the Gray Planet.

"Li Kai!" they cried out in shock.

However, Li Kai, who had been cut in half, was clearly unable to respond.

Lin Fan's movements did not stop at all.

He swung his sword again.

Another sword light shot out, instantly cutting the man on the left into two.

"Lin En!"

The remaining three were all terrified and furious.

"Brat, how dare you?!"

"Bastard!"

"Let's join forces to kill him!"

"I must kill him!"

The three of them took out their weapons and gathered their energy before flying toward Lin Fan.

It was as though he wanted to turn Lin Fan into ashes on the spot.

However, sometimes, even if one was prepared, even if one was angry, even if one used all their strength... It was completely useless.

Lin Fan waved the True Dragon Sword twice in a row. Two dazzling sword lights were like heavenly punishment as they swallowed the two men completely.

When the last man saw this, he was scared out of his wits and no longer had any thoughts of revenge or resistance.

When he looked at Lin Fan, it was like he was looking at the most terrifying demon in the world. He was terrified.

He hurriedly turned around and transformed into a stream of light as he fled into the unknown forest.

However, in front of absolute strength, escaping was just an extravagant hope.

Lin Fan slashed out once more.

A huge head rolled to the ground like a football.

Blood splattered!

Silence!

The entire scene was silent!

Even though they had said so much, it had only been a few seconds since Lin Fan pulled out his sword.

In a few seconds, five Star Traveller fighters were dead!

The famous Five Masters of the Gray Planet lost their lives just like that!

Ma Zheng could not help but swallow his saliva. His entire heart was shocked to the extreme.

When Lin Fan faced Star Traveller beasts, he killed them all easily.

Against Star Travellers, it was the same!

Earlier, Ma Zheng had already guessed that Lin Fan's cultivation state had reached the Planet level. *NOVELnext.coM*

Now, this conjecture was confirmed.

At this moment, Lin Fan's heart was not calm either.

A series of notifications had sounded in his mind.

[Ding! You've killed a level-six Planet cultivator. You've obtained 60,000 experience points.]

[Ding! You've killed a level-four Planet cultivator. You've obtained 40,000 experience points.]

[Ding! You've killed a level-five Planet cultivator. You've obtained 50,000 experience points.]

[Ding! You've killed a level-five Planet cultivator. You've obtained 50,000 experience points.]

[Ding! You've killed a level-five Planet cultivator. You've obtained 50,000 experience points.]

Killing cultivators was the same as killing beasts, and he could also gain experience points!

Energy surged into his heart.

However, Lin Fan's emotions were getting a little complicated.

After all, cultivators were humans.

However, killing humans could increase one's cultivation. This could easily lead one to become bewitched and go astray.

However, Lin Fan's gaze turned resolute once more.

If people did not provoke him, he would not provoke them.

If someone tried to threaten him, he would just kill them?

Killing enemies and increasing cultivation, why not?

Then, Lin Fan waved his hand, and a bronze ring flew out from the finger of the first dead man.

[Spatial Ring: Do you want to spend 100 high-grade spirit stones to open it?]

In fact...

This was also the reason why Lin Fan had killed this man first.

Lin Fan did not know if there were any terrifying things within the Space Ring.

"Activate!"

The 100 spirit stones that were stored in Lin Fan's internal space shattered instantly, turning into a stream of light and disappearing.

The interspatial ring in front of him let out a soft sound.

With a thought, Lin Fan took out all the items he had stored in his storage ring.

Swords, spears, spears, shields, and other weapons, as well as mountains of top-grade spirit stones and spirit crystals, various pills, and 11 Spiritual Pearls, all appeared on the ground.

These things all contained extraordinary auras and could be called treasures.

However, Lin Fan only glanced at them casually and did not take them to heart.

That was because Lin Fan had already obtained even more precious treasures from the system. Looking at these things, they naturally seemed very ordinary.

He raised his hand, and the golden spear flew into his hand.

"This is for you."

Then, the spear flew in front of Ma Zheng.

Ma Zheng was slightly stunned. Then, he said excitedly, "Thank you, Senior Lin."

When he touched the spear and felt the powerful aura emitted from it, he became even more excited.

"This... This is too valuable!"

Ma Zheng was an expert in using spears. He knew very well how precious this spear was.

Lin Fan said, "It's just a small item. Take it."

Lin Fan was definitely not spouting nonsense.

That was because this spear was indeed a small toy compared to the True Dragon Sword and other emperor-level weapons.

Ma Zheng did not dare to reject Lin Fan anymore.

Then, the two of them set foot on the road again.

...

Two days passed in the blink of an eye.

When Lin Fan and Ma Zheng arrived at a green forest, a strong fragrance filled the air.

"It smells so good," Ma Zheng could not help but say.

After a while, his gaze fell on a golden tree not far away.

The tree was covered with fruits that looked like dragons.

"Dragon Development Fruit!"

A large lion with a pair of vertical pupils and a height of more than ten meters walked out with its teeth bared.

It took a step forward with its thick claws, and the entire space seemed to collapse.

A terrifying aura pressed down like a huge mountain.

Ma Zheng was so scared that his face turned pale. He could not help but take two steps back. His body trembled as he stuttered, "This... This aura... It's a high-level Planet beast..."

As the sound of his voice faded, Lin Fan slashed out with his sword.

A hideous wound immediately appeared on the neck of the huge lion. Hot blood surged out like spring water.

The giant lion had no strength to resist at all. Its body fell to the ground like a mountain, losing all signs of life.

'As expected of Senior Lin.' Ma Zheng praised in his heart.

[Ding! You've killed a level-nine Planet exotic beast. You've obtained 90,000 experience points.]

In the next moment, the Dragon Development Fruit hanging on the tree and the Spiritual Pearl within the lion's body all flew up in front of Lin Fan.

Lin Fan passed one of the Dragon Development Fruits over to Ma Zheng. As for the rest, he placed them into his internal space.

"Senior Lin, thank you!" Ma Zheng said excitedly.

After entering the Heavenly Wind World, not only did he obtain ten Spiritual Pearls and the opportunity to enter the core region, but he also obtained a high-grade spear and a Dragon Development Fruit.

It was definitely a great harvest!

Ma Zheng understood that all of this was because of Lin Fan.

In his heart, he had already treated Lin Fan as his benefactor—the greatest benefactor in his life!

Chapter 694 Breakthrough; Planet Level!

694 Breakthrough; Planet Level!

For the rest of the time, Lin Fan and Ma Zhong did not bring the Spiritual Pearls toward the east where they could enter the core region of the Heavenly Wind World. *NOVELnext.coM*

Instead, they continued to kill exotic beasts in the outer area.

...

Time flowed like water. In the blink of an eye, Lin Fan had been in the Heavenly Wind World for almost a year.

A dazzling sword light swept across the sky and instantly cut a cheetah that was more than ten meters tall in the distance into two halves.

Then, a tall and handsome figure slowly walked out.

It was Lin Fan.

[Ding! You've killed a level-four Planet beast. You've obtained 40,000 experience points.]

Then, he turned his attention to the system.

[Host: Lin Fan]

[Cultivation: Star Traveller Level 9 (8.96 million/10 million)]

[Skills: Sword 81 (Mortal), Curse (Emperor), Sword Nurturing Technique (Emperor), Cosmos Sword Technique (Emperor)]

[Equipment: Star Meteorite Sword (Ordinary Rank), Flame Armor (Emperor Rank), Heavenly Soul Pearl (Emperor Rank), True Dragon Sword (Emperor Rank)]

[Laws: Time (elementary), Space (intermediate), Metal (elementary), Wood (elementary), Water (elementary), Fire (intermediate), Earth (elementary)]

[Character Relationship:

[Lin Tao: Daddy; Favorability: Ten stars] [Dai Weixue: Mom; Favorability: Ten stars]

[Lin Xiaoyao: Sister; Favorability: Ten stars]

[Xia Xue: Dao companion; Favorability: Ten stars]

[Xia Bing, Dao companion; Favorability: Ten stars] Seeing this...

Lin Fan muttered in his heart, 'I haven't broken through to the Planet level yet. This is slower than I thought!

Slow?

If others knew about Lin Fan's situation, they would definitely be shocked.

One had to know...

Every time a Star Traveller broke through a small realm, it would take at least a few hundred years.

Lin Fan's speed was simply unbelievable!

At this moment, Lin Fan heard another notification in his mind.

[Ding! You've obtained the advanced system for one year. Reward: 1,000,000 experience points, Thunder Battle Axe (Emperor) x1, 18 Thunder Axe (Emperor) x1, Beginner Rule Upgrade Gem x1.] Seeing this...

Lin Fan's expression changed slightly.

Advanced system?

Could it be the upgraded system?

He had possessed it for a year and received a reward. Would he receive a reward every year in the future?

At the thought of this, Lin Fan's eyes burned with passion.

Whether it was experience points, weapons, cultivation techniques, or leveling gems, they were all very good things.

If he could obtain these treasures every year, why would he have to worry about not being able to protect Earth and his family?

Not far away, a beast's roar sounded.

Lin Fan did not even look and just waved his sword.

A ferocious wolf fell to the ground.

[Ding! You've killed a level-five Star Traveller mutated beast. You've obtained 50,000 experience points.]

[Ding! Your cultivation level has increased to the first level of the Planet Realm (1/5000).]

[Ding! You've completed the hidden mission. Your cultivation has increased to the Planet level. You've obtained Beginner Rule Upgrade Gem x1, Defense Array (Emperor), Flame Spear Art (Emperor), and Soul Communication (Emperor).]

A surge of energy spread out from Lin Fan's body, forming a strong hurricane around him. The trees rustled, and the leaves flew everywhere.

At the same time, a complicated formation, a powerful spear technique, and a mysterious soul technique rippled in his mind.

Ma Zheng, who was at the side, could feel Lin Fan's powerful aura and could not help but gulp.

He was secretly shocked. Just how strong was Senior Lin?

[Ding! Ma Zheng's favorability toward you has increased to six stars.]

In this one year, Ma Zheng had been admiring Lin Fan, and his impression of him kept increasing.

Lin Fan casually glanced at Ma Zheng and said, "Let's go to the front and rest for a while."

"Alright... Alright," Ma Zheng hurriedly said.

Lin Fan sat down under the tree and closed his eyes to rest. His attention was focused on the two Beginner Rule Upgrade Gem. He wanted to choose the time and metal laws.

However, the time law was still in a gray state, and the metal law was flickering.

[Hint: The time law is a special law. It can only be upgraded after more than ten laws have been upgraded to intermediate or above.]

[Do you want to use the Beginner Rule Upgrade Gems for the gold and wood laws?]

"Yes!"

The two streams of light revolved around Lin Fan and entered his body.

Lin Fan immediately felt that he had a deep understanding and closeness towards the metal and wood elements.

Creating metal and trees out of thin air was a piece of cake.

Following that, Lin Fan focused his attention on Soul Communication.

[Soul Communication: A magical power that allows you to easily communicate with people you've seen or come into contact with across distance and space.]

Seeing this...

Lin Fan's eyes lit up immediately.

This was simply an interstellar phone!

He hurriedly established a Soul Communication with Lin Tao.

Soon, Lin Tao's consciousness appeared in a dark space.

"What is this place?" he asked, somewhat confused.

"Could it be a dream?"

Then, Lin Fan appeared.

"Dad!"

"Could it be that I haven't seen Lil Fan for too long?" Lin Tao muttered.

Lin Fan smiled. "Dad, you're not dreaming. This is an ability I just learned. I can ignore space and talk to you directly."

"Really?" Lin Tao said in surprise.

"Yes." Lin Fan nodded. "How are you guys doing on Earth?"

"Good, good! We're all fine!" Lin Tao said excitedly.

Clearly, he believed Lin Fan's words.

Then, Lin Fan told Lin Tao about the recent events.

Then, he communicated with Dai Weixue, Lin Xiaoyao, Xia Xue, Xia Bing, Hu Tian, Han Tian, Su Ningjing, and all his loved ones.

Although they could not meet each other, everyone felt much more relaxed after chatting.

After communicating, Lin Fan's desire to increase his cultivation grew even more fervent.

Only with enough strength could he better protect his beautiful life.

Hence, Lin Fan brought Ma Zheng along and started hunting beasts. In the blink of an eye, five years had passed.

In the past five years, Lin Fan had received a reward from the system every year. He had received 37 million experience points, as well as Heaven Flipping Palm (Emperor), Heaven Stabbing Finger (Emperor), Black Jade Whip (Emperor), Heaven Breaking Whip (Emperor), Heaven Climbing Pine (Emperor), and many other treasures.

In the past five years, Lin Fan had lost count of how many strange beasts he had killed. He had also killed some foes. Finally, his cultivation state had reached level-three Planet.

On this day, Lin Fan stood at the peak of the mountain and looked down at the layers of trees below. "There are still four years left. It's about time to go to the core area to take a look."

Then, he said to Ma Zheng, "Let's go to the east."

"You mean..." Ma Zheng's heart moved slightly.

"We're going to the core area," Lin Fan said.

"Yes, sir!" Ma Zheng said excitedly.

All these years, Ma Zheng had relied on Lin Fan and obtained many benefits.

At the same time, he had a deep understanding of how invincible Lin Fan was.

Ma Zheng believed that as long as they entered the core region, Lin Fan would definitely be able to obtain more opportunities.

He would also benefit from it.

**RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH**

## Chapter 695 Core Area; Enlightenment Tablet!

In the dense forest of the Heavenly Wind World, a few figures discussed in low voices.

"Didn't the elders say that there are many strange beasts in the Heavenly Wind World that have Spiritual Pearls? Why haven't we killed any of them?"

"The thing is that there are too few mutated beasts here. I haven't seen one in months."

"There are many opportunities in the core area. I have to think of a way to enter."

"The strong prey on the weak. We should use some special methods! Go to the east and lay in ambush!"

"Alright!"

...

Similar discussions rose and fell in the outer region of the Heavenly Wind World.

Therefore, more and more people headed east even though they had not gathered ten Spiritual Pearls.

...

As a result, Lin Fan and Ma Zheng encountered a few waves of robbers on their way to the core region.

They were all easily taken care of by Lin Fan. In fact, Lin Fan had even taken all of their belongings.

When Lin Fan found out the reason for the robbery, his expression turned weird.

Of course, these things were just a small interlude to him.

A month later, Lin Fan and Ma Zheng arrived in front of a huge door.

It was heavy and dignified.

Lin Fan and Ma Zheng each held ten Spiritual Pearls in their hands and came to the door.

The ten Spiritual Pearls turned into streams of light that revolved around the two of them.

Then, the two of them directly passed through the door.

In the next moment, they arrived at a stone forest.

Not far away, loud bangs rang out.

"Put down the Planet-level sword and I can spare your life!" the short man said.

"Not dead? Hahaha! What a joke. You?" the tall man with a full beard said.

"The treasured sword is mine!" someone else shouted.

"Those who are not afraid of death, come!" the bearded man said.

The Heavenly Wind World only allowed cultivators who were younger than 10,000 years old to enter. Planet-level treasures were attractive to them.*NOVELnext.coM*

Several figures either chased or attacked each other... The wind howled, and rocks flew everywhere.

After a while, the bearded man rushed toward Lin Fan.

"Get lost!" he yelled.

As soon as he finished speaking, he suddenly swung his saber.

A sharp and swift blade light shot toward Lin Fan.

Ma Zheng's entire body went numb, and the aura of death surged into his heart.

Unblockable!

Lin Fan's expression remained calm as he lifted his eyelids slightly.

Then, he pulled out the True Dragon Sword.

He swung his sword, and a dragon's roar sounded.

The saber in the bearded man's hand broke.

"How is that possible?" he asked in shock.

Then, his entire body was cut in half. He fell to the ground stiffly and lost all his vitality.

[Ding! You've killed a level-six Planet cultivator. You've gained 60,000 experience.]

When the people chasing after the bearded man saw this, their bodies all froze, and their faces were filled with horror.

"Another Planet-level weapon? No! Perhaps it's a legendary Emperor-level weapon!"

"What a powerful force!"

Lin Fan raised his eyelids slightly.

It turned out that an Emperor-level weapon was one level higher than a Planet-level weapon.

He did not stay where he was for long and strode forward.

The few people in the distance quickly retreated to the side.

Ma Zheng followed behind Lin Fan the entire time. His admiration for Lin Fan only grew stronger. I think you should take a look at

...

In the blink of an eye, a year had passed.

There were indeed more opportunities in the core region than in the outer region.

Lin Fan obtained three Domain Lord-level weapons and one Planet-level weapon. He also obtained a few special fruits.

This was definitely a great harvest for ordinary people.

However, Lin Fan's interest was lacking.

This was because these treasures were nothing compared to the things he had obtained from the system.

In fact, Lin Fan was starting to miss the outer region.

At the very least, there were more exotic beasts in the outer region. After killing them, he could obtain experience points.

Lin Fan did not search around the core region. Instead, he continued to move forward, heading toward the depths.

Not long after, a hundred-meter-tall stone tablet appeared in his vision.

Many people were sitting cross-legged around the stone tablet.

Energy circulated around their bodies, and a very special aura pervaded the air.

"It's the Enlightenment Tablet!" Ma Zheng said excitedly.

"Oh?" Lin Fan was puzzled.

"This is a stone tablet left behind by a super expert. It contains his comprehension of cultivation and the power of many laws. As long as you cultivate around this stone tablet, you can enter a deep state of cultivation. You even have the chance to enter a state of enlightenment and continuously break through!"

At this point, Ma Zheng became extremely excited.

It was as if he could see himself breaking through to the realm he had always dreamed of.

"Also, there's an unwritten rule in the Enlightenment Tablet that forbids fighting. Violators will be attacked."

He could not be blamed for reminding Lin Fan.

This was what Lin Fan had been doing all these years.

If there was a disagreement, he would directly kill the enemy.

He was cold-blooded and powerful!

However, there were so many cultivators here.

Ma Zheng was worried that even Lin Fan would be in danger.

Lin Fan nodded. "Alright, let's find a place to cultivate."

"Alright," Ma Zheng said.

There were indeed many people around the stone tablet, but fortunately, the stone tablet was big enough, and there were still many empty seats.

Lin Fan and Ma Zheng sat cross-legged in the upper left corner. Their beings soon became very ethereal.

When they circulated their cultivation techniques or the power of laws, it was as if a guiding force had appeared in the unseen world. It allowed them to cultivate far more efficiently than before.

Ma Zheng was pleasantly surprised.

He felt that as long as he cultivated here for a few years, it was possible for him to break through one or even two minor realms.

As expected of the Enlightenment Tablet!

Lin Fan frowned.

Although it was somewhat helpful for cultivation, the help was too limited.

Enlightenment?

Lin Fan quickly thought of the enlightenment he had obtained after entering the Heavenly Wind World and completing the system mission.

It was cultivation anyway, so he might as well use it now.

If he wanted to do it, he would do it.

'Use Heaven and Earth Enlightenment!' Lin Fan thought to himself.

Instantly, Lin Fan's surroundings were filled with an extremely mysterious aura.

Then, wisps of white energy visible to the naked eye appeared in the air.

The white energy seemed to be attracted by Lin Fan as it revolved around him, wrapping him up like a huge cocoon.

A gust of wind blew across the entire Enlightenment Tablet area, making everyone feel relaxed and happy.

At the same time, many people stopped cultivating and looked around carefully and curiously.

When they saw Lin Fan, who was surrounded by the white energy, everyone's eyes widened as they cried out in shock.

"Someone actually had an epiphany?!"

### *Chapter 696 Return; Missing!*

?

An epiphany!

This was a word that only existed in legends.

More and more people cast curious gazes over.

Some people's eyes flickered as if they were thinking about something. However, after seeing the people around the Enlightenment Tablet, they gradually calmed down.

Some people were envious, while others wanted to befriend Lin Fan...

However, no one spent too much time on Lin Fan.

This was because this was the only chance in their life to reach the Enlightenment Tablet. They could not miss it.

Time flew by like water.

Four years passed in a flash.

Lin Fan had finally escaped from the state of Heaven and Earth Enlightenment.

The white energy around him slowly dissipated.

At the same time, Lin Fan's body emitted a vast aura. It was as if he was looking down as the only ruler of the world, making people feel like worshipping him.

At this moment, a series of notifications rang out in Lin Fan's mind.

[Ding! It's been seven years since you've obtained the advanced system.  
Reward: 100,000,000 experience points, Epiphany of Heaven and Earth x1, Elementary Rule Upgrade Gem x1.]

[Ding! It's been eight years since you've obtained the advanced system.  
Reward: 200,000,000 experience points, Path-Understanding Tree x1.]

[Ding! It's been nine years since you've obtained the advanced system.  
Reward: 300 million experience points, Immortal Rice Seeds x10.]

[Ding! It's been ten years since you've obtained the advanced system.  
Reward: 400 million experience points, Movie Viewing Skill.]

The advanced system was obviously very intelligent.

It knew that Lin Fan was in a state of enlightenment and could not be disturbed. Therefore, it did not give out any rewards.

Then, a series of notifications rang out in his mind.

[Ding! Your cultivation level increased to level-four Planet (980 million/100 million)]

[Ding! Your cultivation level increased to level-five Planet (880 million/200 million)]

[Ding! Your cultivation level increased to level-six Planet (680 million/500 million)]

[Ding! Your cultivation level increased to level-seven Planet (180 million/1 billion)]

Instantly, Lin Fan's entire body seemed to have turned into a sun that hung high up in the sky, emitting an endless amount of dazzling light. It was majestic and vast!

The violent storm spread out with Lin Fan at the center, causing the clothes of everyone around the Enlightenment Tablet to rustle. In fact, they could not help but take a few steps back.

Lin Fan let out a breath of air and retracted his aura. Only then did the scene return to normal.

However, everyone still looked at Lin Fan in fear, unable to speak for a long time.

At this moment, a stream of light appeared around everyone.

The stream of light revolved around them continuously. The space flowed at a high speed and produced a powerful suction force, pulling everyone in.

With Lin Fan's current control over space, he could completely break free from the pull of space.

However, he did not do so.

That was because he had sensed it and knew that the other side of this spatial passageway was Revelation Planet.

Lin Fan understood that it was time for the Heavenly Wind World to close.

In the next moment...

Lin Fan, Ma Zheng, and everyone else who had entered the Heavenly Wind World returned to the square where they had entered.

After returning to the square, everyone could not help but look around. They quietly pulled away from the people around them.

This was because they had more or less obtained some opportunities in the Heavenly Wind World.

Wealth moved people's hearts, no matter where it was. *nOVelNext.com*

"Master!"

"Master!"

"Ancestor!"

Some people quickly noticed the people in the distance who were emitting powerful auras and shouted excitedly.

Then, they rushed over.

Among them, an old man with a youthful face and white hair used his sharp eyes to scan the crowd.

"None of the five of them are here? How is this possible?"

This old man was called Chu Xiong, the famous Star Lord of Gray Planet.

Soon, his eyes locked onto Ma Zheng.

Strictly speaking, it was locked onto the spear in Ma Zheng's hand.

Chu Xiong took a step forward and shot toward Ma Zheng like a sharp arrow.

He stretched out his hand and formed a claw, sweeping with a tyrannical force as he slapped at Ma Zheng.

The space shattered and the wind howled.

This claw was enough to tear Ma Zheng into pieces.

At this moment, Lin Fan raised his hand and pointed out. A sharp finger sword shot out, piercing through Chu Xiong's claws and his entire body, crushing him into nothingness.

Silence!

The entire scene was deathly silent!

Lin Fan had attacked without holding back.

That was because he noticed that Chu Xiong had attacked in anger after seeing Ma Zheng's spear.

The spear came from the hands of the Five Masters of the Gray Planet.

Lin Fan knew who this person was with just a thought. He must be the Star Lord of Gray Planet.

He had killed five of his disciples, so he would not rest until one of them died.

Since that was the case, the right choice was to strike first.

Very quickly, the people present verified Lin Fan's guess.

"That was... the Star Lord of Gray Planet, Chu Xiong?"

"Why did he suddenly disappear?"

"What exactly happened?"

...

Ma Zheng, who was standing beside Lin Fan, could not help but swallow his saliva.

Others were far away and might not have been able to see clearly.

However, Ma Zheng, who was right in front, saw everything very clearly.

One finger!

Lin Fan had killed Chu Xiong with a single finger!

That was Chu Xiong!

Ten thousand years ago, he was already a Planet level super warrior!

In the end, he was killed by Lin Fan with a single finger!

Just how strong was Lin Fan?

Ma Zheng looked at Lin Fan with respect.

"T-Thank you, Senior Lin."

[Ding! Ma Zheng's favorability toward you has increased to seven stars.]

"It's just a small matter," Lin Fan said.

He looked around and said, "Let's go."

"Yes," Ma Zheng said respectfully.

Lin Fan did not stay on Revelation Planet for too long. He took an interstellar flying device and went around the many planets in the Spring Region before jumping into the universe and teleporting away.

Compared to when he first came out from Earth, the speed and distance of Lin Fan's teleportation was clearly much faster.

Half a month later, a blue planet appeared in his vision. It was Earth.

Lin Fan's figure flashed and he arrived at the Coiling Dragon Villa.

"Lil Fan!"

"Brother!"

"Lin Fan!"

"Honey!"

In the Coiling Dragon Villa, shouts immediately rang out one after another.

Then, Xia Xue, Xia Bing, Hu Tian, Qiu Ziqian, Su Ningjing, and a large group of people ran out quickly.

Even though it had been ten years since Lin Fan left Earth, none of their faces had changed.

On the contrary, their skin became fairer, and their faces became smoother and more beautiful.

This was because the Earth now had a huge amount of spiritual energy. Their lifespan and health had all been greatly improved.

Other than that, Lin Fan had also left behind a large amount of beauty potions, spirit stones, and spirit fruits... Forget about a mere ten years, even if it was tens or hundreds of years, Hu Tian, Qiu Ziqian, Su Ningjing, and the others would definitely not age.

"I missed you so much." Qiu Ziqian, Su Ningjing, Xia Xue, Xia Bing, and the others all spoke at once.

Their voices were filled with tenderness.

Lin Fan's heart melted instantly. "I missed you guys too."

Chapter 697 Ten Months Pregnancy; River Of Time

Everyone hugged each other.

After a long time, they slowly separated.

Lin Fan said, "If nothing special happens, I won't leave."

This was the decision he had made before he returned.

Lin Fan had left Earth previously because he wanted to obtain more power to protect Earth.

Now, although he was not the strongest, he was still very strong.

He also possessed the ability to continuously become stronger even on Earth... That was the advanced system!

Other than that, Lin Fan also had a formation that could protect Earth from being harmed.

Now, he was confident that he could protect Earth and his family!

*...NOVELnext.coM*

When everyone heard this, their beautiful eyes lit up.

Ten years had long made them suffer from lovesickness.

Now, there was finally no need for that.

Lin Fan ate a sumptuous meal with them. It was warm and cozy.

Then, Lin Fan took out many spirit crystals and arranged them in a special way.

Then, he used a special method to write countless mysterious runes in the spirit crystals and the void.

These talismans spread and rippled in circles.

Gradually, they enveloped the entire Earth.

The entire Earth turned dark.

After a while, it returned to normal.

At the same time, a sense of security and heaviness that they had never felt before rose in the hearts of everyone on Earth.

"The protective array formation has been successfully set up!"

Lin Fan heaved a sigh of relief.

This defensive array was an Emperor-grade defensive array obtained from the advanced system. It had the powerful function of concealing aura, reducing size, and even blocking the attacks of Emperor-grade experts.

In the universe, the Earth had already become the size of a rock. People who traveled across the universe could not discover it at all.

Right now, Lin Fan knew that the emperor level was a level higher than the Planet level.

With this formation, at least for a short period of time, the safety of Earth was guaranteed.

This was also the main reason why Lin Fan returned to Earth.

Then, Lin Fan set up a small defensive formation around the Coiling Dragon Villa. He planted the Path-Understanding Tree, Immortal Rice Seeds, Heaven Climbing Pine, and other plants in the villa.

In an instant, the entire villa was filled with a sea of spiritual energy. With a breath, he felt as if he had become a few years younger. He felt comfortable and relaxed to the extreme.

Following that, Lin Fan called Lin Tao, Lin Xiaoyao, Xia Xue, Xia Bing, Qiu Ziqian and the rest to the Path-Understanding Tree. He brought them to comprehend the five elements, space, time and other laws. He also taught them various cultivation techniques.

Although Earth... especially the Coiling Dragon Villa, had enough spiritual energy to prolong one's life...

The lifespan of humans was still very limited.

Cultivation, on the other hand, could continuously increase one's lifespan.

Everyone understood this principle, so they cultivated very seriously.

...I think you should take a look at

Time flowed like water. In the blink of an eye, another ten years had passed.

In the past ten years, Lin Fan had been receiving rewards from the system every year.

All kinds of rewards, coupled with his continuous cultivation, allowed his cultivation to increase greatly in the past ten years.

[Host: Lin Fan]

[Cultivation: Level-Nine Planet (3.5 billion/10 billion)]

[Skills: Sword 81 (Ordinary), Curse Spell (Emperor), Sword Nurturing Technique (Emperor), Cosmos Sword Technique (Emperor)...]

[Equipment: Star Meteorite Sword (Ordinary), Flame Armor (Emperor), Heavenly Soul Pearl (Emperor), True Dragon Sword (Emperor)...]

[Character Relationship:]

[Dai Weixue: Mom; Favorability: Ten stars]

[Lin Xiaoyao: Sister; Favorability: Ten stars]

[Xia Xue: Dao companion; Favorability: Ten stars]

[Xia Bing, Dao companion; Favorability: Ten stars]

Seeing this, Lin Fan muttered, "In these ten years, I will grasp the laws of life and death. Then, I will grasp two more laws and raise them to the intermediate level. After that, I'll be able to raise the time law."

Time was the most important thing in the world, and Lin Fan had an inexplicable obsession with it.

"Next, what laws should I comprehend?"

The sky that was originally filled with the scorching sun suddenly darkened.

A gust of cold wind whistled from afar.

Lin Tao walked out and said, "It was still sunny just now, but now it's overcast... It's going to rain."

Lin Fan's eyes twitched as he muttered, "Yin? Yang?"

But soon, he frowned again.

Yin and yang were undoubtedly two extremely powerful laws.

However, how should he cultivate them?

For a moment, he was a little confused.

A thunderclap sounded. The lightning bolt twisted crazily, as if it had torn countless cracks in the sky.

Heavy rain fell.

With Lin Fan's abilities and skills in formations, he could totally block the rain and the wind from the Coiling Dragon Villa.

However, he did not do that.

Sometimes, experiencing the changes of the four seasons and nature was also beneficial.

Lin Fan returned to his room and was still thinking about the yin and yang laws.

At this moment, the door was slowly pushed open.

Hu Tian walked in.

At this moment, Hu Tian was wearing a red cheongsam.

Time had not left a single mark on Hu Tian's fair and beautiful face. She had a curvaceous figure and a slender, smooth waist without an inch of fat. Under her perky buttocks was a pair of long, beautiful legs.

?

She looked like a piece of art, so beautiful that people could not take their eyes off her.

When Hu Tian's beautiful eyes met Lin Fan's, her pretty face flushed red.

Then, she slowly opened her cherry-like mouth and exhaled a mouthful of sweet hot air. "Lin Fan, let's have a child."

Lin Fan was stunned.

In his mind, the image of a baby being born, growing up, and calling him father suddenly appeared.

For a moment, he felt an inexplicable sense of anticipation.

Thus, he nodded lightly and said, "Alright."

When Hu Tian heard this, her pretty face turned even redder.

She leaned toward Lin Fan.

A bolt of lightning streaked across the sky, illuminating the two of them.

...

After an unknown period of time, Hu Tian slowly walked out.

A moment later, Han Tian walked in.

She whispered, "I... I also want a child."

...

Such days lasted for a year.

On this day, Lin Fan suddenly felt life fluctuations in Hu Tian's and Chu Yunyue's stomachs.

His heart raced.

At the same time, he suddenly had some enlightenment.

The combination of yin and yang, the creation of life and death!

Instantly, a black energy and a white energy emanated from Lin Fan's body.

With Lin Fan as the center, these two energies revolved around him like two small fish swimming around. Gradually, they formed an Eight Trigrams Formation.

The Eight Trigrams Formation continued to expand. After a while, the entire sky turned black and white.

It was extremely strange!

Everyone looked up, took out their phones to take photos, or discussed.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, you've comprehended Yin Laws (Elementary).]

[Ding! Congratulations, you've comprehended Yang Laws (Elementary).]

[Ding! Congratulations. You've obtained ten types of nomological Great Dao, 1,000,000,000 EXP, Basic Nomological Upgrade Gem x1, Heaven and Earth Enlightenment x1, River of Time Entrance x1.]

Lin Fan could feel the two mysterious powers within his body, as well as the energy that was constantly increasing. A faint smile appeared on his face.

He restrained his aura, and the black and white colors on his body and the black screen disappeared without a trace.

Everything returned to normal.

At this moment, Hu Tian and Qiu Ziqian jogged over.

They said excitedly, "Lin Fan, we seem to have conceived!"

It was difficult for ordinary people to notice even if they were pregnant.

However, after more than ten years of cultivation, the two women were no longer ordinary people. They could easily feel the changes in their bodies.

"Yes, we're going to be parents soon!" Lin Fan said.

At this point, a smile appeared on his face.

Han Tian, Su Ningjing, Huang Ling, Xia Xue, Xia Bing, and the others followed. They were happy about this, but at the same time, they were a little disappointed.

Why had they not conceived?

On this day, the entire Coiling Dragon Villa was filled with laughter.

In the following period of time, Lin Fan was just like many other fathers who were about to become fathers. He took care of Hu Tian and Qiu Ziqian very carefully.

In the blink of an eye, nine months had passed.

As the old saying went, pregnancy took ten months.

However, this was not a complete sentence.

To put it simply, a woman would be pregnant for at most ten months.

This was because most people would give birth after nine months of pregnancy. At most, they would give birth after ten months of pregnancy.

However, nine months had passed, and Hu Tian's and Qiu Ziqian's stomachs did not show any signs of getting bigger, let alone giving birth.

This made everyone feel very surprised.

If it were not for the fact that there were still two lives beating in their stomachs, everyone would probably think that they were not pregnant at all.

"Good things take time!" Dai Weixue comforted. "Perhaps the children want to stay with their mothers' wombs for a while longer, so they're not in a hurry."

Everyone could only nod in agreement.

Gradually, 24 months passed.

Hu Tian's and Qiu Ziqian's stomachs did not change much.

At first, Hu Tian and Qiu Ziqian were not in a hurry. They only focused on their pregnancy.

However, as time passed, they became a little anxious.

They began to eat spiritual fruits and cultivate diligently.

This was because they were worried that the children in their stomachs might not have enough nutrition.

Perhaps that was why they could not grow up.

Or perhaps their children was like what was described in those novels. They had inherited the powerful bloodline of their parents and needed to grow in their mothers' stomachs for thousands of years before they could be born.

If it was the second case, they would at least be able to live for a few more thousand years, right?

Otherwise, they would die of old age before the children were born. What should they do then?

Originally, Han Tian, Su Ningjing, Huang Ling, Song Jiaxin, and the others also wanted to work harder and get pregnant as soon as possible.

However, with Hu Tian and Qiu Ziqian as examples, they began to take a break and cultivate even harder.

Only with a higher cultivation and a longer lifespan could they successfully give birth to children. *NOVELnext.coM*

All of a sudden, the entire cultivation atmosphere in the Coiling Dragon Villa was unprecedentedly intense.

Lin Fan looked at the group of people who were training hard and had a weird look on his face.

Then, he slowly focused his attention on the Beginner Rule Upgrade Gem and the Life Law (Elementary).

[Do you want to use the Beginner Rule Upgrade Gem on the Life Law (Elementary)?]

"Yes!"

Instantly, Lin Fan's entire body was filled with a life force that was as vigorous as the ocean.

Even though the courtyard he was in was filled with stone slabs, in the blink of an eye, an emerald green plant grew on the rock at a speed visible to the naked eye. A gorgeous flower bloomed.

The fragrance was overflowing, and it was beautiful!

This scene quickly attracted the attention of everyone who was cultivating hard.

"It smells so good!" they exclaimed.

"So beautiful!"

"It's so beautiful!"

...

"Lin Fan, did you break through again?" Hu Tian asked.

Lin Fan said, "There's a breakthrough in the power of laws."

When everyone heard that, they were even happier. Their eyes that were looking at Lin Fan became even more heated.

This was the man they liked!

It was nighttime, and the wind howled again. Rain fell on the window, making a sound.

In the blink of an eye, a month had passed.

On this day, Lin Fan sat alone in his bedroom and placed his attention on the River of Time.

[Ding! Enter the River of Time?]

A white hole appeared in Lin Fan's mind.

He had a very feeling that as long as he willed it, he could reach the unknown world.

Lin Fan muttered, "What's the River of Time?"

[The River of Time is an extremely mysterious river. Walking in it can increase one's comprehension of various laws, cultivation techniques, array formations, and speed up cultivation.]

Lin Fan was stunned.

The system... actually knew how to answer questions?

"Is it dangerous to enter the River of Time?" Lin Fan asked hurriedly.

[There's a certain degree of danger.]

"Will I die?"

[No.]

"Then what kind of danger will I face?"

[You need to spend 100 spirit stones for the answer.]

Lin Fan did not even think. "I want the answer!"

Now, he was on Earth.

Spirit crystals might be very difficult to obtain.

However, it was not difficult to obtain spirit stones...

This was because there were many spirit stone mines on Earth.

Instantly, the 100 spirit stones in Lin Fan's internal space turned into a beam of light and disappeared.

[If you encounter an expert who's also walking in the River of Time, there's a possibility of being attacked. The River of Time allows one's soul to enter it. Normally, one's soul will be damaged if one is defeated. However, after entering the River of Time, the system has a special power to protect the host's soul. Therefore, the soul will not be affected.]

When Lin Fan heard this, he finally calmed down.

Then, his gaze landed on the entrance of the River of Time again.

With a slight thought...

In the next moment, he felt as if his entire body was being pulled in by a powerful suction force.

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 699 Ant; Born!

*Chapter 699 Ant; Born!*

The world spun.

The next moment, Lin Fan appeared in a vast expanse of white space.

Wisps of mysterious energy revolved around him.

Lin Fan looked around curiously.

Then, he took a step forward.

Instantly, the ground beneath his feet began to move up and down violently, and a green path that was several meters wide appeared. It extended into the endless distance.

Lin Fan's Wood Laws surged up quickly and were extremely active.

The moment Lin Fan took another step forward, the Wood Laws became even more active.

As he continued to move forward along the green path, Lin Fan had a feeling that with every step he took, his control over the Wood Laws would increase by a little.

Correspondingly, Lin Fan's footsteps became heavier and heavier.

After walking for 100 meters, he could no longer move forward.

However, even so, Lin Fan's Wood Laws had received a significant boost.

Helpless, Lin Fan could only take a step to the side and walk out of the green path.

Instantly, a transparent path that extended into the distance appeared before Lin Fan.

In an instant, his Water Laws began to become active.

Just like before, Lin Fan walked along the transparent path.

When he reached the point where he could no longer move forward, he changed to another path. There were the sword path, the earth path, the metal path, the spear path, the life path, the death path, the ying path, and the yang path.

When he arrived on the path of the fire element, Lin Fan did not go far.

A loud voice sounded from behind.

"You have an ant-like cultivation base, yet you still want to waste time cultivating many laws and cultivation techniques. Hmph!"

A muffled groan rang out like a thunderclap. Lin Fan could only see a man in fiery red armor flashing past from afar.

Then, Lin Fan's entire body fell out of the river of time.

Lin Fan could not help but heave a sigh of relief.

"Who is it?"

[Zhu Yan. Cultivation: Unknown. The lord of the Fire God Palace. Because your cultivation is low but you're cultivating many laws and cultivation techniques, he thinks you're greedy. He has a bad impression of you. Current Hatred Points: One star.]

Seeing this...

Lin Fan was shocked at first. His cultivation level was unknown.

Obviously, this man was very powerful.

Looking at how the other party thought that he was too greedy and hated him, Lin Fan's lips twitched.

He could cultivate as many laws and cultivation techniques as he wanted. What did it have to do with him?

Was he a police officer here?

After a while, Lin Fan finally put this matter aside.

He silently felt the vigorous power of laws in his body, as well as the surging energy. A smile that could not be hidden appeared on his face.

*NOVELnext.coM*

[Host: Lin Fan]

[Cultivation: Level-Nine Planet (6.5 billion/10 billion)]

His experience points had increased by billions. The River of Time was indeed impressive!

Lin Fan slowly pushed open the door. Han Tian, Xia Xue, Xia Bing, Su Ningjing, and the others were all waiting at the door.

When they saw Lin Fan, they said happily, "Lin Fan, you're out of seclusion?!"  
Seclusion?

Lin Fan was stunned.

He seemed to have only walked a few steps in the River of Time. It did not take long, right?

How did it become seclusion?

Wait, the River of Time?

Lin Fan could not help but ask, "How long has it been?"

"It's been half a year," Han Tian said.

Lin Fan was shocked. As expected of something related to time. He could not feel the flow of time at all.

At this moment, Chu Yunyue walked over and said, "Lin Fan, you're out? Hurry, Hu Tian is about to give birth!"

"Really?" Lin Fan said excitedly.

Then, his spiritual power instantly covered the entire Coiling Dragon Villa.

Soon, he saw Hu Tian lying on the bed with a big belly and her face covered in sweat.

The life force in Hu Tian's stomach was very strong. Lin Fan could even see the baby's small hands and calves through his mental power. The child was really about to be born!

Lin Fan did not think too much about why Hu Tian's stomach had not changed at all in the past few years.

Now, after a few months, her belly suddenly grew so big!

His figure flashed and arrived beside Hu Tian.

Dai Weixue was shocked. "Lin Fan, why did you come in?" Get out, get out!"

Lin Fan held Hu Tian's hand and said, "Don't worry. I'm always here."

After many years of cultivation, Hu Tian's body was no longer ordinary. Giving birth was not difficult for her.

At this moment, when she saw Lin Fan's arrival, Hu Tian's pretty face became even more relaxed.

"Alright!" she said with a smile.

At this moment, Hu Tian's stomach shook.

Lin Fan knew that the child was about to be born.

"I'll wait for you outside.""

"Alright." Hu Tian maintained her smile.

As expected, Lin Fan had only left the room for a short while when the sound of a baby crying came from inside.

"Wahhh!"

The voice was crisp and powerful.

The door opened, and Dai Weixue walked out with a baby in her arms. She said with a smile, "It's a boy! A very beautiful boy! I've never seen such a beautiful boy!"

Beautiful?

That was right!

The child was beautiful!

Dai Weixue was not exaggerating.

This was because this baby was as sparkling as jade. He had big, black, and beautiful eyes, fair skin, and exquisite lips... Every part of his body seemed to have been carefully carved by the heavens.

Dai Weixue continued, "Furthermore, he started crying the moment he was born. Listen, his voice is so loud!"

"Let me carry him, Mom," Lin Xiaoyao said excitedly.

"Why would it be you?" Dai Weixue said. "Let Lin Fan carry him first."

As soon as she finished speaking, she slowly handed the baby in front of Lin Fan.

Lin Fan carried the baby in his arms. Looking at his delicate figure, his face was full of smiles.

'I have a son!

'I've become a father!'

It was a very strange feeling.

"Call me Daddy," Lin Fan said.

"D-Daddy." The baby made a very clear sound.

"Oh my god!" Dai Weixue exclaimed in surprise. 'He actually knows how to call you 'Daddy'! This is so amazing! He's just born and he's already saying 'Daddy'!"

"Prodigy! This is definitely a child prodigy!"

"Hehehe!" The baby seemed to know that Dai Weixue was complimenting him, and his entire face broke into a smile.

Lin Xiaoyao said, "Brother, you've been carrying him for a while. Now it's my turn. Come on, let me carry him."

"Alright," said Lin Fan.

"Be careful, don't drop the child!" Dai Weixue said seriously.

Lin Xiaoyao was already a cultivator.

Her control of strength and reaction speed far surpassed that of ordinary people.

How could she hurt the child?

Dai Weixue's concern made her confused.

Lin Xiaoyao looked at the adorable baby and said, "Call me 'Aunt'. Be good and call me 'Aunt'.

"Don't tell me you don't recognize me?

"Come, learn from me. Say 'Aunt'...

"Aunt..."

However, no matter how Lin Xiaoyao taught him, the baby only looked at her with a pair of big black eyes and did not say anything.

## Chapter 700 Advancement; Domain Lord!

### *Chapter 700 Advancement; Domain Lord!*

Time flowed like water, and in the blink of an eye, a year had passed.

A delicate and cute little boy was staggering on the ground.

He was Lin Fan's son, Lin Chengzhen.

His name meant that as long as it was his dream, it could come true.

This name undoubtedly showed how much Lin Fan, Hu Tian, and the others loved him.

Lin Xiaoyao bent down and picked Lin Chengzhen up. "Chengzhen, be good and call me 'Aunt!'"

However, Lin Chengzhen only looked at Lin Xiaoyao quietly with his big black eyes, still not speaking.

"Aunt!" Lin Xiaoyao said tirelessly.

"Aunt..."

No matter how Lin Xiaoyao taught him, Lin Chengzhen never spoke.

"What's going on?" Lin Xiaoyao murmured. "He can greet all the others but why can't he call me 'Aunt'?"

...

In the blink of an eye, another two years passed.

On this day, Lin Fan's will flickered as he entered the River of Time once more. *n0VεlN ext.c0m*

After several years of research, he already knew how to find the laws and cultivation techniques of the River of Time.

Lin Fan walked on the death path for another 130 meters before he felt as though there was a huge mountain on his body. He could no longer move forward.

"Let me try the life path again!"

As soon as he finished speaking, he took a step to the side and quickly moved forward on the main road of the life system.

When he walked 112 meters, his footsteps began to slow down.

At this moment, a crisp and pleasant voice came from behind.

"Huh? A Planet-level cultivator actually came to the River of Time and grasped the laws of life!"

When Lin Fan heard that, he turned around.

He saw a woman whose face was covered in light behind him.

Even so, just based on her perfect figure and outstanding temperament, it was enough to judge that she was definitely a beauty. She was a super beauty!

"You don't seem to have lived long!" the woman said. "To be exact, you should be younger than 5,000 years old. Not bad!"

After she finished speaking, she continued walking forward.

[Ding! Kathleen has a favorable impression of you. Favorability: One star.]

[Kathleen: Goddess of the Temple of Life. Cultivation: Unknown. Due to your innate talent in the Life Laws, she have a favorable impression of you. Current favorability is one star.]

Lin Fan muttered in his heart, 'Another unknown cultivation state.'

He raised his head and looked ahead, only to find that Kathleen had already disappeared.

Lin Fan did not take it to heart as he continued walking forward along the life path.

When he reached 132 meters, Lin Fan felt like he could not take another step. Hence, he switched to the fire-type path.

At this moment, another set of footsteps sounded behind him.

"It's you again, you little fellow who's too ambitious. Hmph!"

The man in red armor grunted and released a sea of fire that engulfed Lin Fan.

Lin Fan, who was lying on the bed in the Coiling Dragon Villa, opened his eyes suddenly.

"It's the lord of the Fire God Palace again," he said angrily.

After a while, Lin Fan finally calmed down.

He opened the attribute panel.

[Host: Lin Fan]

[Cultivation: Level-Nine Planet (9.9 billion/10 billion)]

"Domain lord level, today!"

Lin Fan took out a few spirit crystals and placed them in specific positions around his body.

At the same time, Lin Fan continued to draw talismans in the void, giving off an extremely mysterious aura.

On the other hand, the spirit crystals emitted dense spiritual energy. Soon, the entire room was covered in a dense fog of spiritual energy.

The Spirit Gathering Formation was complete!

Over the past few years, Lin Fan had obtained the outline of formations from the system. Coupled with his long period of comprehension, he had already possessed an extraordinary ability to create formations.

"Suck!"

Lin Fan took in a deep breath. The surging spiritual energy surged into his body like a tidal wave.

Two days later, a vast and boundless aura spread out from Lin Fan. The terrifying pressure was like a tall mountain that floated up into the hearts of all the living beings on Earth.

Then, a golden light shot into the sky, forming a huge cloud tornado in the sky.

[Ding! Congratulations on reaching the Domain Lord level. You've obtained: Transcendence Golden Body, Saint Stone x1, Nine Heavens Black Robe x1.]

[Transcendence Golden Body: Possesses the same power as the main body. It can fuse with the main body and suddenly gain double the power. After the Transcendence Golden Body dissipates, it will take a day to reform.]

Merging into the main body and obtaining double the strength?

This was definitely a super cultivation technique that could help disguise himself as someone weaker to take down someone strong.

[Saint Stone: A mysterious stone that has the special power to change fate and give birth to powerful creatures.]

Change fate? It could make him lucky?

Nurturing creatures? Would something jump out of the stone?

[Nine Heavens Black Robe: An Emperor-grade robe. It has a defense that Emperor-grade experts cannot break through.]

Above the Universe level was the Emperor level!

Since even a King-level expert could not break through it, Lin Fan immediately felt a sense of security.

With a thought, a white stone, a long robe with a dragon emblem, and a man who looked exactly like Lin Fan appeared in front of him.

Lin Fan put on the Nine Heavens Black Robe and touched it gently.

Although it had a strong defense, it was still very soft and comfortable to the touch.

Lin Fan and the Transcendence Golden Body nodded at each other before Lin Fan walked out.

Xia Bing, Xia Xue, Hu Tian, Su Ningjing, Huang Ling, and the others were all standing at the door.

Lin Fan said, "Don't worry. I just broke through."

Hearing this, everyone heaved a sigh of relief and was filled with joy.

At this moment, Lin Fan felt something tugging at his pants.

He lowered his head and saw that it was his son, Lin Chengzhen.

"Daddy... Hug..."

Lin Fan bent down and hugged Lin Chengzhen in his arms. He smiled and said, "Let me see how heavy you've gotten now."

"Ah, you're very heavy!"

"But it's not enough. You have to eat more."

"Alright," Lin Chengzhen said.

"Have you been obedient recently?" Lin Fan asked.

"Very obedient," Lin Chengzhen said.

Not far away, a different voice sounded.

"Obedient? How is he obedient? He's so rude. He doesn't even call me 'Aunt'!" Lin Xiaoyao said angrily.

Lin Chengzhen said timidly, "A-Aunt."

When Lin Xiaoyao heard this, her face immediately bloomed like a flower.

"That's a good boy!" she said happily.

"Wait for me. I'll prepare something delicious and fun for you later!"

Lin Fan smiled. "Hurry up and thank Aunt."

"Thank you, Aunt," Lin Chengzhen said.

With the addition of a child, the atmosphere in the Coiling Dragon Villa became even more relaxed and blissful.

Qiu Ziqian could not help but touch her flat stomach that still carried a life inside.

"Ziqian, don't worry," Huang Ling comforted her. "You'll definitely be like Hu Tian in the future. Your belly will get bigger soon, and you'll give birth to a healthy and cute child."

Qiu Ziqian nodded vigorously.
