Chapter 701 Lin Chengzhen Goes to School; Heavenly Eye!

After a few days of happiness, the family came to the Path-Understanding Tree.

Under Lin Fan's explanation of the laws, skills, and cultivation methods, Lin Xiaoyao, Xia Xue, Xia Bing, Hu Tian, and the others' cultivation levels were all rising rapidly.

Xia Bing and Xia Xue had already entered the Incarnation Realm and had at least tens of thousands of years of lifespan.

Lin Xiaoyao, Hu Tian, Qiu Ziqian, Huang Ling, and the others had all entered the Transcendent Realm and could live for at least several thousand years.

Moreover, their cultivation was still steadily increasing.

In the short term, they did not have to worry about their lifespan.

However, they did not slack off in their cultivation because of this.

They understood that only by working hard could they keep up with Lin Fan's footsteps.

...

In the blink of an eye, another three years had passed.

Lin Fan relied on his continuous cultivation and comprehension to obtain a large amount of experience points.

Even though he had yet to break through to level-two of the Domain Lord, he had also taken a big step forward.

In these three years, the system had rewarded Lin Fan with the Protection Pearl (Emperor), Heaven and Earth Enlightenment x2, Shifting Shadow Saint Technique (Emperor Grade), Xuanhuang Breathing Technique...

Today, Lin Fan, Xia Xue, Xia Bing, Qiu Ziqian, and everyone else stopped cultivating and ate a sumptuous family banquet.

Today was the day Lin Chengzhen officially went to school.

With Lin Fan's current strength and influence, he could easily invite the best teachers in the world.

However, he still decided to let Lin Chengzhen go to school and make friends like a normal child.

Lin Fan felt that this was something that children had to experience.

Otherwise, there would be regrets in life.

"Chengzhen, don't be afraid in school," Lin Xiaoyao said. "If anyone bullies you, tell me! I'll definitely teach them a lesson!"

"It's a little difficult for others to bully Chengzhen," said Chu Yunyue with a smile.

Chu Yunyue was absolutely not spouting nonsense. [nove\(l\)bi\(n\).com](http://nove(l)bi(n).com)

One had to know...

Lin Chengzhen had lived in the Coiling Dragon Villa, which was filled with spiritual energy, since he was young.

Moreover, he was often personally guided by Lin Fan.

Now, his cultivation had reached the Hundred Destruction Realm.

On Earth, there were very few people who were his match.

Furthermore, Lin Fan had also given the Protection Pearl to Lin Chengzhen.

It was no exaggeration to say that even if the earth shattered, Lin Chengzhen would not be hurt at all.

Under such circumstances, how could anyone bully Lin Chengzhen?

Furthermore, Lin Fan's spiritual power could easily cover the entire Earth. That was why Lin Chengzhen would not get bullied.

Chu Yunyue bent over and smiled. "Lil Chengzhen, don't bully others. Of course, if someone provokes you, don't hold back."

"Lil Chengzhen, be careful."

Xia Xue said, "Lil Chengzhen, good luck!"

"Lil Chengzhen, you can do it!" Xia Bing said.

...

Lin Chengzhen's bright black eyes stared at Lin Fan, Hu Tian, Chu Yunyue, Lin Xiaoyao, and everyone else for two seconds before he said in a strong and serious tone, "Daddy, Mommy, Second Mother, Third Mother, Fourth Mother... Aunt, don't worry, I'll be careful!"

Then, he turned around and boarded the aircraft, heading straight for the school dozens of kilometers away.

Although everyone knew that Lin Chengzhen would definitely not be in danger, they still could not help but look at the flying device's shadow as it left.

It was Lin Fan who said, "Don't worry, I'll take care of him."

When everyone heard this, they retracted their gazes.

...

Jiangbei First Primary School.

When the children arrived at the classroom, they chattered non-stop like sparrows, looking very excited.

Lin Chengzhen was silent.

He quietly took out a pen and paper and prepared for class.

At this moment, a little boy with a buzz cut walked in from outside and jumped onto the podium, stirring up a strong wind.

This action shocked all the students in the classroom.

The little boy did not care at all. He put his hands in his pockets, glanced at the students, and said coolly, "My name is Li Hao. From today onward, I'm your boss!"

The students blinked, still at a loss.

Li Hao said again, "In the future... If anyone is in trouble, you can look for me!"

Then, he jumped off the podium, not caring whether the students understood him or not.

However, Li Hao soon faced his nightmare.

"Boss, I didn't bring toilet paper!"

"Boss, I don't know how to do my homework."

"Boss, help me with my homework."

"Boss, my dad hit me!"

...

"From today onward, I'm not the boss anymore. Don't look for me in the future!"

...

In the blink of an eye, several years passed.

On this day, a powerful aura burst forth from Lin Fan's body.

He let out a long sigh. "Finally, I've reached level-three Domain Lord."

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, it's been 30 years since you've obtained the advanced system. You're rewarded with the Eye of Heaven, Transcendence Golden Body x1, Immortal Crystal x1.]

[Eye of Heaven: Able to see other people's attacks and weaknesses in advance. It's a very magical skill.]

Seeing this...

Lin Fan's eyes lit up as he praised sincerely, "As expected of the Eye of Heaven. It's simply a cheat! But I like it."

His eyes flickered with a faint golden light, as if he had the power to see through everything.

Then, a Transcendence Golden Body that looked exactly like him appeared in front of Lin Fan.

The two of them nodded at each other.

Finally, Lin Fan willed it out, and a white Immortal Crystal appeared before him.

An extremely dense and pure energy that he had never experienced before instantly swept through the entire room.

Lin Fan used the Xuanhuang Breathing Technique to take in a deep breath. Instantly, a large amount of energy surged within his body.

This breath actually exceeded the energy he had gained from circulating the breathing technique a dozen times before!

Lin Fan could not help but praise, "There's such pure spiritual energy in the Immortal Crystal!"

He was more confident in protecting his family and living a long and happy life with them in the future.

However, before Lin Fan could celebrate for too long, the Earth, which had been peaceful for a long time, suddenly let out a huge sound.

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Domain Lord level detected.]

[Xing Yu: Level-Two Domain Lord. A core disciple of the Sky Thunder Sect. He accidentally discovered the stone sized Earth and thought it was a rare treasure, hence his greed.]

Lin Fan raised his head slowly and saw a two-meter-tall man wielding a huge blade. He was looking at Earth greedily.

Then, he raised his saber again and slashed at the earth.

There was another loud noise.

Xia Bing, Xia Xue, Hu Tian, Su Ningjing, and the others, who were cultivating peacefully, stopped and looked around with worried eyes.

Lin Fan said, "Don't worry, it'll return to normal soon."

After saying that, he leaped and turned into a stream of light, instantly breaking through the clouds.

Chapter 702 Killing the Enemy With a Single Finger; Curse

Xing Yu's body froze as he looked at Lin Fan warily.

After all, Lin Fan had suddenly appeared in the Chaosverse.

This meant that he was at least in the Planet level.

This needed to be handled carefully.

Otherwise, it would be very easy to fail miserably.

"I'm Xing Yu, a disciple of the Sky Thunder Sect. How should I address you?" Xing Yu asked.

"Lin Fan," Lin Fan said.

Xing Yu frowned.

Lin Fan's self-introduction was too short.

It was a little disrespectful.

[Ding! Xing Yu's hatred toward you is one star.]

Lin Fan raised his brows and looked at Xing Yu with an even more hostile gaze.

Attacking Earth and even generating hatred points toward him...

This guy was walking on a narrow path.

Xing Yu said, "I wonder why you're here, Lin Fan?"

Lin Fan said, "Xing Yu, let's not beat about the bush. The rock you just attacked was the planet I was on.

"It's just that I used a special technique to shrink and defend it. Don't attack anymore, or you'll be an enemy of my planet."

Xing Yu said in a doubtful tone, "Is that a planet?"

He had never seen or heard of a planet that could shrink and possess such powerful defense.

Lin Fan nodded. "That's right."

Xing Yu's eyes darted around. "So, it's your planet. I didn't know about it before, so I was rude."

After a pause, he said in a very friendly tone, "Lin Fan, I wonder if I can visit your planet?"

He did not believe that this rock with a strong defense was a planet.

In his opinion, this was very likely a mysterious forbidden land or a magic treasure with spatial power.

Of course, even if it was really a planet, it would definitely have a huge secret and a huge opportunity!

Xing Yu's idea was simple. As long as he entered, he would be able to take it for himself.

Lin Fan shook his head. "Our planet is weak. That's why we've always been in a sealed state. We don't allow outsiders to enter."

Xing Yu frowned and said, "Lin Fan, are you looking down on me?"

At the same time, he was more and more certain that there was a big secret in this stone.

The greed in his eyes when he looked at Earth grew even more intense. The way he looked at Lin Fan became even more unfriendly.

Xing Yu thought to himself, "If this rock is really Lin Fan's planet, then if I kill him or capture him, will I be able to enter it?"

Once this thought appeared, it was like burning gasoline. It burned more and more vigorously.

From the moment he saw Lin Fan, he had been sizing up Lin Fan's cultivation.

By now, Xing Yu was certain that Lin Fan's cultivation state was about the same as his.

He had many tricks up his sleeves and was confident that he could defeat or even kill Lin Fan.

[Ding! Xing Yu's hatred toward you has increased to five stars.]

Lin Fan raised his brows and did not say anything else. He stared at Xing Yu with his Eye of Heaven.

In an instant...

All of Xing Yu's attacks, weaknesses, defense, treasures, and even his life-saving techniques appeared in Lin Fan's mind.

Lin Fan raised his hand and pointed.

Golden light burst forth from his finger, and thousands of terrifying energy forces burst forth like a tidal wave, drowning Xing Yu in an instant.

In the blink of an eye, Xing Yu and everything within a radius of tens of thousands of kilometers were reduced to nothingness.

"Heaven Piercing Finger!"

[Ding! Your enemy, Xing Yu, is dead.]

With one finger, he instantly killed a Domain Lord!

This was the Lin Fan of today. This was how strong he was!

[Ding! You've killed a level-one Domain Lord cultivator. You've gained ten million experience.]

[Ding! Congratulations, you're the first to kill a Domain Lord cultivator. You've received a Transcendence Golden Body x1 and Top Grade Fire Cultivation Talent.]

Lin Fan could feel a pure energy surging into his limbs.

Following that, his affinity with the Fire Laws became even greater.

Lin Fan and the Transcendence Golden Body that had just formed looked at each other and smiled.

In other words, while Earth was in trouble, he had gained a lot of benefits.

Lin Fan was in a good mood as he leaped up and returned to Earth.

He said to Hu Tian, Xia Bing, Xia Xue, Su Ningjing, Han Tian, and the others who were standing in the Coiling Dragon Villa, "It's fine now."

Hearing this, everyone heaved a sigh of relief.

Then, they began to cultivate even more attentively.

They believed that Lin Fan was strong enough, and they admired and liked him.

However, they did not want Lin Fan to be the one to solve every problem.

They wanted to help Lin Fan.

...

On a distant planet.

In a towering building filled with spiritual energy, a man with sword-like eyebrows suddenly opened his eyes. His entire face was filled with endless anger.

"What? Xing Yu is dead?"

"Who? Who killed him?!"

This man was Xing Baokun, the peak master of Sky Thunder Sect's Flying Peak and Xing Yu's father.

Xing Baokun had doted on Xing Yu since he was young.

When he discovered Xing Yu's talent in cultivation, he spent a great deal of effort on him.

But now... Xing Yu was dead!

How could this not anger Xing Baokun?

"Investigate! Investigate Xing Yu's whereabouts and the people who have a grudge against him! I want to know who killed him!"

His voice reverberated around the mountain, causing the entire mountain to shake.

At the same time, all the disciples of the sect were shocked.

All the disciples knew how much Xing Baokun loved Xing Yu.

The sky had collapsed!

...

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Xing Baokun's hatred toward you is seven stars.]

When Lin Fan heard this, his brows twitched.

Seven-star hatred, this was definitely a huge enemy.

[Xing Baokun: Level-Two Universe cultivator. The peak master of Sky Thunder Sect's Flying Peak. Because you killed his son and disciple Xing Yu, he has developed a great hatred for you.]

So it was Xing Yu's father. No wonder.

Level-Two Universe cultivator!

Even though Lin Fan had the Eye of Heaven and many other powerful skills, he still felt that he was no match for him.

The difference in cultivation between the two was simply too great.

He had to think of a way to save himself.

Lin Fan quickly turned his attention back to Curse.

[Do you want to use 10,000 spirit stones to curse Xing Baokun?]

"Yes!"

However, there was no notification of Xing Baokun being cursed in Lin Fan's mind.

Perhaps the other party was too powerful.

Hence, Lin Fan was prepared to curse Xing Baokun even harder.

However, at this moment, a notification sounded in his mind.

[Curse can only be used once a day.]

Seeing this...

Lin Fan could only give up for now. From now on, he was prepared to curse Xing Baokun every day until he died.

Death was the best ending for the enemy.

Chapter 703 Constantly Cursing; Demonic Sense

Time flowed like water. In the blink of an eye, a year had passed.

Lin Fan had just spent 10,000 spirit stones to curse Xing Baokun for the day.

At this moment, a crisp notification suddenly sounded in his mind.

[Ding! Your enemy, Xing Baokun, has demonic thoughts because of your curse.]

When Lin Fan heard that, he smiled and said, "It's finally working. I didn't curse him for an entire year in vain. However, he only has demonic thoughts. I still have to work harder!"

...

On a distant planet, on the Flying Peak of the Sky Thunder Sect...

Xing Baokun, who had been in a state of cultivation, suddenly burst out with a cold and fierce force. Like a ferocious beast, he directly tore the servant beside him into pieces.

Bright red blood splattered everywhere.

Xing Baokun opened his eyes, and they were bloodshot.

After taking a few deep breaths, he calmed down and said, "What exactly happened? Why did I suddenly become so irritable?"

"Is there a problem with the cultivation technique?"

He thought for a moment and began to change his cultivation technique.

However, not long after, a sharp force burst out of his body and pierced a huge hole in the roof.

The commotion here attracted the attention of many people on the Flying Peak.

They hurried in.

"Master, what happened?"

"Master, what's wrong?"

...

Everyone asked.

Xing Baokun completely ignored the crowd as he leaped out of the hole and directly arrived in front of the Sky Thunder Sect's master, Lu Qinghong.

He told him about his situation.

When Lu Qinghong heard this, he stretched out his hand to sense Xing Baokun's physical condition.

Soon, he frowned.

"Your aura is so restless..."

He thought for a moment and said, "Let's go and consult the Grand Elder."

Thus, the two of them turned into streams of light and arrived at a tall tower.

"Greetings, Grand Elder."

The white-haired Grand Elder, who had been resting with his eyes closed, did not even lift his eyelids. He said, "What is it?"

Xing Baokun explained his situation again.

When the Grand Elder heard this, he first sensed it.

Then, his hands continued to pinch.

"Have you made any enemies with anyone recently?"

Xing Baokun thought for a moment and said, "Not in a hundred years."

He had killed many servants and ordinary people in the past hundred years.

However, in Xing Baokun's opinion, this was not a grudge.

This was because servants and ordinary people were not considered humans at all.

The Grand Elder said, "You've been cursed. Moreover, it's a relatively powerful curse. If you want to solve it, you have to find the person who cursed you. Before that, you have to use your own energy to resist the curse."

After Xing Baokun returned to the Flying Peak, he sorted out all his enemies in his mind.

He realized that his enemies were either dead or did not know how to curse.

Who was cursing him?

Strange!

Xing Baokun was confused.

...

In the blink of an eye, three years had passed.

"Master, the last time Senior Brother Xing Yu was seen was at 14567-23412, southeast of the Spring Region. Also, according to our intelligence, someone saw a terrifying battle nearby."

A loud voice sounded outside the mountain.

Xing Baokun's eyes shot out a scarlet light, and he let out a deep, beast-like voice.

"Xing Yu! It must be the person who killed Xing Yu! He's the one cursing me!"

Xing Baokun had already entered a state of madness.

Anyone who had a grudge against him, he felt that the other party was cursing him.

Because of this, he had caused millions of killings in the past three years.

This time, he did not know that he had accidentally guessed it right and found the root of the problem.

...

On the other hand, on Earth.

[Host: Lin Fan]

[Cultivation: Level-Six Domain Lord (8.9 billion/1 trillion)]

[Xia Xue: Dao companion; Favorability: Ten stars]

[Xia Bing, Dao companion; Favorability: Ten stars]

Lin Fan looked at his status panel and sighed. "In three years, my cultivation has only increased by three small realms. It's too slow."

Slow?

If others knew about this, who knew what kind of expression they would have.

One had to know...

Lin Fan's increase of three small realms was not the small realm of Kill Hundred or Fight 1,000.

It was the Domain Lord level!

Which Domain Lord-level warrior would not need thousands of years to break through a small realm?

Lin Fan had only used three years and he thought that it was too slow?

[Ding! Congratulations, it's been 34 years since you've owned the advanced system. You've received one Immortal Crystal, one Basic Rule Upgrade Gem, and one Transcendence Golden Body.]

Lin Fan looked at the Immortal Crystal that was filled with dense Spirit energy and the Transcendence Golden Body that looked just like him. The corners of his mouth curled up as he said, "With another Immortal Crystal, my cultivation speed should be able to increase a little more."

In the past three years, Lin Fan had already obtained two Immortal Crystals, causing the spiritual energy in the Coiling Dragon Villa to reach an unimaginable level.

This was also one of the reasons why he had successfully broken through three minor realms in a short three years.

Then, Lin Fan placed his attention on the Beginner Rule Upgrade Gem.

[Do you want to use the Beginner Rule Upgrade Gem on Death Laws?]

"Yes!"

Instantly, Lin Fan's body was surrounded by a black aura.

After a while, the black gas dissipated.

Lin Fan had a deeper understanding of Death Laws now.

He walked out of the room in a good mood.

"Lin Fan, the spiritual energy seems to have increased again?"

"Yes," Lin Fan said.

When the women heard this, they became even happier.

With the increase in spiritual energy, their cultivation speed would also increase.

Now, Xia Bing's and Xia Xue's cultivation had already reached the first level of the Planet realm.

The rest of them had all reached the Incarnation Realm!

Their strength could already compete with many planets directly. They could be said to be powerful.

Lin Fan said, "Today, I'll talk about Death Laws."

Death was extremely cold and terrifying.

At the same time, it was also a very powerful power of laws.

Lin Fan explained from the beginning to the end. The women listened very seriously.

A week later, all the women had their own understanding of Death Laws.

Just as Lin Fan was about to go deeper, a crisp notification sounded out in his mind.

[Ding! Level-Two Universe cultivator detected.]

Chapter 704 Annihilation; Mythical Defense Array

Lin Fan's lecture on the Death Laws suddenly stopped.

As his cultivation state increased, Lin Fan gained a deeper understanding of higher states.

The second-level Universe Realm was an extremely terrifying realm.

[Xing Baokun: Universe Level 2 cultivator, Sky Thunder Sect's Flying Peak Master. Because you killed his son and disciple Xing Yu, he has a huge hatred towards you. Current Hatred Points: 8 stars.]

Seeing this...

Lin Fan's heart skipped a beat, "So it's him."

All these years, Lin Fan had been cursing him almost every single day. Not only had he given birth to a demonic thought, but he had also caused his soul to be on the verge of collapse.

Lin Fan raised his head slowly and used his Heaven's Eye to look at the thick clouds.

At this moment, a group of cultivators was flying not far from Earth.

The person in the lead had slightly messy hair and emitted an evil aura.

He... It was Xing Baokun!

Under the observation of the Eyes of Heaven, Xing Baokun's attacks, weaknesses, and other data all appeared in Lin Fan's mind.

Very quickly, Lin Fan retracted his gaze, revealing a strange look on his face.

Because, according to the observation of the Eye of Heaven.

One move!

Right now, he only needed one move to kill Xing Baokun. It was as easy as slaughtering a chicken.

....

Xing Baokun, who was standing in the air, said sternly, "Yu 'er went missing around here?"

"Sir, I did see Xing Yu around here. Later, a terrifying battle broke out here, and I was almost caught up in it." A short and thin man said in panic.

Xing Baokun looked around, but he did not find anything. He was furious.

He waved his palms wildly in all directions.

It covered the sky and covered the sun, and the world was in turmoil.

The few planets in the distance exploded like fireworks after being hit.

Hundreds of thousands of kilometers in radius turned into nothingness in an instant.

Except...A stone.

"Phew!"

"Damn it!" Xing Yu shouted after waving his palm."

Then, he turned to leave.

In the next moment, he suddenly noticed that there was still a stone left in the void after being attacked by him. He frowned slightly and said,"What is this?"

One had to know...

Xing Baokun was a Universe Level 2 super warrior.

How vast was his attack?

With his full strength, he could easily turn hundreds of thousands of miles into nothingness.

However, the stone in front of him was still intact.

Something was strange!

Xing Baokun used his spiritual power to wrap around the rock, but it was blocked by a layer of strong membrane on the surface.

This attracted Xing Baokun's attention once again.

With a slight thought, he took out a large golden blade and slashed at the stone.

The mighty saber aura was like a world-destroying storm that smashed the stone...As well as tens of thousands of kilometers around the stone, it was completely submerged.

A moment later, the blade energy dissipated, but the stone was still intact.

....

"Rumble!"

After the Earth suffered two attacks, there was a loud noise and many places had slight earthquakes.

Lin Fan knew that he couldn't wait any longer.

"I'll go settle it."

After saying that, he disappeared from the Coiling Dragon Villa.

In the next moment, he appeared in front of Xing Baokun.

Without waiting for Xing Baokun to speak, Lin Fan pointed out with his finger.

A golden finger that looked like the sun appeared in the air.

The five elements of metal, wood, water, fire, and earth, as well as the intense power of death, were mixed and burned in the golden finger, and they crushed toward Xing Baokun.

Xing Baokun and everyone around him were crushed into nothingness like ants.

It was as if they had never been here before.

It was a killing move!

That was because Lin Fan knew very well that there was no possibility of reconciliation between him and Xing Baokun.

Since that was the case, why waste so much effort?

As for the others... Since he had chosen to be with Xing Baokun, he had to bear the consequences of his choice.

Lin Fan was not in the mood to choose whether they would help Xing Baokun or whether they would leak information about him and Earth.

Dead people were the safest.

[Ding! Killed Universe Level 2 cultivator, obtained 200 million experience points.]

[Ding! Killed a Planet realm sixth layer cultivator. Obtained 60,000 experience points.]

[Ding! Killed Stellar Level 5 cultivator. Obtained 500,000 experience points.]

....

[Ding! Congratulations, you have killed the first Universe-level cultivator. You have received a top-notch metal-type talent, mystic spirit protection array (Emperor level), Transcendence Golden Body x1.]

The surging energy kept surging.

Lin Fan's entire being had a deeper affinity with the Laws of Metal.

At the same time, an extremely wondrous defensive array technique appeared in his mind.

Seeing this...

Lin Fan's lips curled up, "It can raise the Earth's defense again. Not bad!"

His figure flashed and he returned to the Coiling Dragon Villa.

First, he said to Han Tian, Su Ningjing, and the others, "It's fine now."

Then, he took out Spiritual Crystals, Spiritual Stones, and many other treasures. He arranged them in a specific way and kept writing and carving in the void.

After a full five days, the Mythical Defense Array was successfully set up!

"Buzz!" This chapter is updated by

At this moment, all the living beings on Earth felt a sense of security.

....

Jiangbei City.

"Lin Cheng Zhen, do you know about the forbidden area?" Li Hao asked."

"I know." Lin Chengzhen nodded."

"I found a very special forbidden area. How about we go in and explore it together?" Li Hao said.

"Not interested," Lin Chengzhen replied.

His words were very decisive.

That was because he did know about the forbidden area. There was sufficient spiritual energy inside, as well as some spiritual stones, spiritual fruits, and mutated beasts.

This was very attractive to ordinary people.

However, to Lin Chengzhen, it was like a billionaire knowing that there might be a few cents in the garbage dump. He was not interested at all.

That's right!

That was it!

That was because Lin Chengzhen's home was in the Coiling Dragon Villa.

The spiritual energy there was countless times more than in the forbidden area.

As for spirit stones and spirit fruits, they were piled up like mountains in the Coiling Dragon Villa.

As for the mutated beasts...In the Coiling Dragon Villa, there was the most powerful exotic beast...Heavenly Hound!

Li Hao didn't expect Lin Cheng to reject him so quickly. He was slightly stunned.

"Don't!"

"Lin Chengzhen, do you want to live like this for the rest of your life?"

"Don't you want to be everyone's hero?"

"Don't you want to hug your beautiful sister to sleep when you grow up?"

"Don't you want Dad and Mom to be proud of us?"

Although Li Hao was only a ten-year-old child.

However, it had to be said that his ability to draw a pie was really good.

However, what about becoming a hero and hugging a beautiful sister to sleep...Lin Chengzhen was not interested at all.

Lin Chengzhen's heart skipped a beat when he heard that his parents were proud of him.

All these years, wasn't what he wanted to see the most the approval of his parents?

P.S. Welcome to my final book, Super Red Envelope Immortals.

Chapter 705 Life Path; Second Baby!

Lin Chengzhen pondered for a moment.

"Is that forbidden area really special?"

Li Hao knew that Lin Chengzhen was interested and immediately said, "I can guarantee it! It's definitely special!"

After saying that, he put his hand on Lin Chengzhen's shoulder and strode away.

...

In the blink of an eye, half a month had passed.

In the Coiling Dragon Villa.

Suddenly, someone knocked on the door.

When Lin Fan heard that, he opened his eyes and saw Hu Tian outside.

He could not help but feel puzzled. 'They wouldn't disturb me when I'm cultivating.

'Did something happen?'

Lin Fan's figure flashed and appeared in front of Hu Tian. He asked, "Did something happen?"

"Chengzhen is gone," Hu Tian said.

Her voice was filled with worry.

Hu Tian did not want to disturb Lin Fan's cultivation.

However, Lin Chengzhen had not gone to school or come home for half a month.

He was not answering his calls, and they could not locate it.

It was as if he had disappeared.

How could Hu Tian not be anxious?

When Lin Fan heard this, his mind power that was like a tidal wave immediately covered the entire Earth.

Soon, he saw two teenagers being chased by thousands of strange beasts in a cave.

One of the youths was Lin Chengzhen!

"Is this the special secret realm you mentioned?" Lin Chengzhen asked.

Li Hao stammered, "This... There are so many exotic beasts. Isn't this special? See if you can find another place with so many exotic beasts to train at?"

When he relaxed, a wolf-like exotic beast almost grabbed his back. He was so scared that he sped up again.

"Run!"

...

Seeing this, Lin Fan retracted his spirit energy slowly.

"Don't worry, Chengzhen is fine. He'll be back in a few days."

With Lin Fan's current strength, all he needed to do was to blow out a single breath and he would be able to turn those thousands of beasts into ashes.

However, he did not do that.

That was because Lin Chengzhen had the Heavenly Protection Pearl on him.

On the entire Earth, other than Lin Fan, no one else could hurt Lin Chengzhen.

Not to mention thousands of exotic beasts.

He could use these thousands of exotic beasts to train Lin Chengzhen a little.

When Hu Tian heard Lin Fan's answer, she immediately felt at ease.

As long as Lin Fan said it, Lin Chengzhen would definitely be fine.

...

Summer Region, Sky Thunder Star's Life Tablet Hall.

Many important disciples, elders, and others used special methods to refine memorial tablets here.

Once a memorial tablet broke, it meant that the other party was dead.

A crisp sound rang out in the originally calm Life Tablet Hall.

A disciple hurried over. When he saw that the broken memorial tablet contained Xing Baokun's name, his pupils constricted as he quickly ran out.

This matter very quickly alarmed the entire Sky Thunder Sect.

The Sky Thunder Sect was without a doubt the most powerful faction on the Sky Thunder Planet. In fact, it was also a famous major faction in the entire Summer Region.

The Universe level was extremely precious to the sect.

A few years ago, when Xing Baokun was cursed, Sect Master Lu Qinghong had predicted this outcome.

Now that his memorial tablet was broken, it was within expectations.

Lu Qinghong held a grand funeral for Xing Baokun. At the same time, he publicly announced that he would investigate Xing Baokun's death at all costs and avenge him.

However, there was not a single mission to investigate Xing Baokun's death in the Mission Hall of the Sky Thunder Sect.

All of a sudden, the discussion regarding Xing Baokun's death was in full swing in the Sky Thunder Sect.

There were very few people who actually investigated.

This was also the result that Lu Qinghong wanted to see.

That was because he did not know how powerful the person who killed and cursed Xing Baokun was, nor did he know how powerful the force behind that person was.

After all, that was a curse that even the Grand Elder was helpless against.

...

Time flowed like water. In the blink of an eye, ten years had passed.

In the past ten years, Lin Fan had obtained a total of six Immortal Crystals from the system. He also received Top-Notch Water Law Talent, two Beginner Rule Upgrade Gems, two Transcendence Golden Bodies, and three Emperor-grade equipment.

With these treasures and his hard work, his cultivation level had reached level-nine Domain Lord, just a step away from the Universe level.

At the same time, his Yin Laws and Yang Laws had both reached the intermediate level.

Lin Fan willed himself and entered the River of Time once more.

He walked on the yin path, yang path, space path, and other paths, comprehending them for a while.

Then, he switched to the life path.

Right now, Lin Fan's speed on the path of the life element was clearly much easier.

When he reached 200 meters, Lin Fan was already struggling.

"Huh? You can walk that far?" A crisp voice rang out behind him.

When Lin Fan heard that, he turned around.

It was Kathleen, whom he had met on the life path previously.

Lin Fan did not know if it was because of the increase in his cultivation state or because he had obtained Heavenly Eye, but he could now see Kathleen's face clearly.

It was an exquisite and flawless face.

With just a glance, he was unable to extricate himself.

"You have a pretty good innate talent in the life element. What's your name?" Kathleen asked.

"Lin Fan."

Lin Fan did not hide his name.

There was no need.

"Lin Fan?" Kathleen repeated. "I have some ways to use the laws of life here. You can practice them."

She pointed at Lin Fan.

Lin Fan wanted to dodge, but it was too late.

In an instant, all sorts of cultivation techniques related to the Life Laws appeared in Lin Fan's mind. It was extremely mystical.

Lin Fan said, "Thank you."

"It's just a casual act," Kathleen said. "I look forward to your achievements in the Life Laws."

After saying that, she continued walking forward.

After Lin Fan had comprehended the Life Attribute Skill, the pressure around him had decreased by quite a bit.

Thus, he continued to walk forward for another ten meters and retreated from the River of Time.

Lin Fan heaved out a sigh of relief. The energy in his body had increased again.

At this moment, hurried footsteps sounded outside the door.

Huang Ling, Su Ningjing, and the others ran over anxiously.

Lin Fan's face was filled with doubt. With a flash, he appeared right in front of them and asked, "What happened?"

As he spoke, he raised his head... He used Heavenly Eye to look up into the sky, but he did not find anything unusual. Updated from novelbln.(c)om

"Ziqian is going to give birth!" Huang Ling said.

She was going to give birth!

Hu Tian took three years to give birth to Lin Chengzhen.

Although Qiu Ziqian was pregnant, her stomach had not grown.

In the past ten years, everyone had often comforted her.

Now, she was finally going to give birth.

Lin Fan's mind power surged out like a tide.

Soon, he locked onto a bedroom in a villa at the back.

At this moment, Qiu Ziqian was lying on the bed with a round belly.

She was really going to give birth!

Lin Fan's body flashed and he appeared beside Qiu Ziqian.

When Qiu Ziqian saw him, a blissful smile appeared on her face. She said softly, "Lin Fan, our baby is about to be born."

Lin Fan said, "It's been hard on you."

Chapter 706 Reincarnation of the Immortal Phoenix; Abandon Mission!

"Lin Fan, when did you come in?" Dai Weixue scolded. "Get out, get out!"

As she spoke, she kept pushing Lin Fan out.

Lin Fan bent down and kissed Qiu Ziqian's forehead. "I'll wait for you outside."

"Alright," Qiu Ziqian replied.

Not long after Lin Fan arrived outside...

Thick clouds suddenly gathered from afar.

They covered the sky.

The entire world instantly darkened.

It was like nighttime.

In the next moment...

A huge hole appeared in the clouds, as if the sky had broken.

Dazzling golden light shot down from the hole, illuminating the entire villa in a golden and bright color. It emitted a holy and auspicious aura.

A melodious phoenix cry could be heard from the golden light.

[Ding! Immortal Phoenix Reincarnation detected.]

[Immortal Phoenix. Cultivation: Unknown. Because they were attacked by an enemy, they had no choice but to choose a wisp of their soul to escape. They have chosen to reincarnate.]

When Lin Fan heard that, he raised his brows and said hurriedly, "Can I stop him from reincarnating?"

[It costs 10,000 spirit stones. Do you wish to proceed?]

"Can I ask a question?"

[Yes!]

"Will the child be affected after we stop it?"

[The child will die.]

Lin Fan could not help but hesitate.

For more than ten years, Qiu Ziqian had been looking forward to the birth of her child.

If she gave birth to a dead baby, how sad would she be?

Lin Fan continued, "After the child is born, will he have the memories of the Immortal Phoenix? Or will the child be influenced by the Immortal Phoenix?"

[The answer costs 10,000 spirit stones. Do you wish to proceed?]

"Yes!"

[Before the child's cultivation reaches the Emperor level, they will not have the memories of the Immortal Phoenix, nor will they be affected.]

Only when the child reached the Emperor level would their past memories awaken!

As expected, the Immortal Phoenix was very strong.

When Lin Fan heard that, he heaved a sigh of relief.

For the time being, the child would be fine.

At this moment, a loud baby's cry came from the villa, echoing in the entire villa.

Then, Dai Weixue carried a cute and nimble little girl who was as clear as jade and walked out quickly.

The rhythm of her breathing was very strange. The surrounding spiritual energy formed a spiral and quickly surged into her body.

This was a mysterious breathing technique.

Then, the little girl grew rapidly at a speed visible to the naked eye.

The little girl only stopped growing when she was close to a meter tall.

This change surprised everyone around.

Dai Weixue stuttered a little and said, "This... This..."

Lin Fan smiled and said, "Seems like we don't have to worry much in the future."

Dai Weixue saw Lin Fan's relaxed tone and felt relieved.

"Yulian, call me 'Grandma'," she said kindly.

"G-Grandma..." Lin Yulian blinked her big eyes and then let out a crisp and pleasant voice.

When Dai Weixue heard this, she immediately broke into a smile. "Hehehe, our Yulian is so obedient!"

She only asked tentatively, but she did not expect Lin Yulian to really call her that.

"Yulian, call me 'Aunt!'" Lin Xiaoyao hurriedly said.

"Aunt!" Lin Yulian's voice was even louder and clearer.

"Good child!" Lin Xiaoyao said happily. "Yulian is so obedient! You're much better than your brother! If you want something fun or delicious, just say it! I'll buy it all for you."

"Call me 'Daddy'," Lin Fan said.

"Daddy!" Lin Yulian said.

"Good girl." Lin Fan smiled and patted her head.

Then, Hu Tian, Xia Xue, Xia Bing, Su Ningjing... also asked Lin Yulian to call out to them.

Lin Yulian kept shouting, making everyone extremely happy. The entire Coiling Dragon Villa was enveloped in joy.

...

In the blink of an eye, three years had passed.

"Yulian, it's time to eat!"

"Coming!"

A little girl about 1.4 meters tall jogged over.

It was Lin Yulian.

At the age of three, she was already 1.4 meters tall. She already had a slim and elegant appearance.

Lin Fan, Hu Tian, Xia Bing, Xia Xue, Su Ningjing, and the rest of the family were all gathered together. It was extremely warm.

After she ate her fill, a little bird flew over the treetops, attracting Lin Yulian's attention.

"Yulian, do you want to fly like a bird?" Lin Chengzhen asked.

Lin Yulian's big eyes immediately shone like gems.

"Yes!" she said excitedly.

Lin Chengzhen finally found his purpose as her brother and said happily, "Alright, I'll teach you.

"Let me teach you a flying technique first..."

"According to the Qi Method, inject energy into your legs. After which, slowly rise..."

As he spoke, he circulated his energy, and his entire body soared.

"Yulian, you see..."

However, before Lin Chengzhen could finish, his eyes widened.

Lin Yulian was already flying in the air. She was moving up, down, left, and right in the air. She was light and agile.

Then, she sped up and shot into the distance, raising a gust of wind that made Lin Chengzhen's clothes and hair rustle.

"Like this, Brother?" Lin Yulian asked happily. "It's so fun! I'm flying so fast!"

A layer of cold sweat appeared on Lin Chengzhen's forehead as he stuttered, "Yes... Just like that..."

Although he had been practicing flying movement techniques for some time, he was still unable to do it as easily and freely as Lin Yulian.

In other words, his sister had surpassed him as soon as she started cultivating.

As an elder brother, he really could not bear to face the others.

Not far away, Lin Fan, Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others looked at Lin Yulian's happy appearance and Lin Chengzhen's embarrassed appearance. They laughed out loud.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Mission: Enter the Bloodbath World. Reward: Transcendence Golden Body x1, God-Slaying Sword (Emperor), Immortal Crystal x1, ten billion experience points.]

Lin Fan chose to ignore it. This chapter is updated by

He had entered secret realms before, such as the Heavenly Wind World.

Lin Fan had obtained some Spiritual Fruits and equipment in the Heavenly Wind World.

To an ordinary person, this was considered a bountiful harvest.

To Lin Fan, however, it was nothing.

Furthermore, Lin Fan had never heard of the Bloodbath World before. If he entered it, he might have to spend quite some time inside.

With this time, Lin Fan might as well stay at home and cultivate.

...

Time passed like water, and two years passed in a flash.

On this day, Lin Fan heard another crisp notification in his mind.

[Ding! You've chosen to abandon the mission—enter the Bloodbath World. You've obtained Transcendence Golden Body x1, Immortal Crystal x1, Fire Spirit Crystal x1, ten billion experience points.]

The energy surged into Lin Fan's body.

Lin Fan looked at the Transcendence Golden Body in front of him, the Immortal Crystals that were filled with pure energy, and the Fire Spirit Crystal that was emitting a scorching heat. His face revealed a strange look.

In other words... Even if he did not complete the mission, he could still receive rewards?

Moreover, the rewards were no worse than the rewards for completing the mission!

Chapter 707 Great Dao Fragments; Stone Spirit Transformation

Lin Fan had never thought that he could get rewards if he gave up a mission.

These gains were simply free.

It was the happiest thing to pick up something for free.

Lin Fan smiled faintly.

Then, he turned his attention to the Fire Spirit Crystal.

[Fire Spirit Crystal: A crystal that contains a huge amount of fire attribute energy.]

Lin Fan took out his spirit stones and spirit crystals. Then, he carved out a formation around him and started to absorb the energy within the Fire Spirit Crystal.

Suddenly, his entire body seemed to be burning with raging flames. His body continued to grow and emitted an incomparably powerful aura. It was as if he had become a vast and sacred Fire God King, making people feel like prostrating themselves in worship.

In the blink of an eye, a month had passed.

The Fire Spirit Crystal let out a soft sound, and its surface exploded.

Then, like a bubble, it turned into nothingness.

At the same time, a terrifying aura that was like a tsunami spread out from Lin Fan's body.

Every corner of the earth was stirred up by the storm.

Day turned into night, and the stars shone brightly.

Night turned into day, and the sun and moon were in the sky.

They kept rotating, and it was extremely magical.

This scene immediately caused many people to discuss.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, your cultivation has reached level-one Universe.]

[Ding! Congratulations on breaking through to the Universe level. You've obtained Golden Dragon Body Protection Armor (Emeperor), Emperor-Level Equipment Upgrade Gem x1, Universe in the Palm (Emperor), Great Dao fragment.]

[Golden Dragon Body Protection Armor: Emperor-tier equipment. It has powerful defense and can block all attacks below the Emperor-tier.]

Lin Fan picked up the armor with the golden dragon and slowly put it on.

Immediately, his body emitted an incomparably dazzling golden light.

The golden light continued to gather, turning into a giant golden dragon that roared into the sky.

[King-Level Equipment Upgrade Gem: A magical gem that can upgrade King-level equipment to Emperor-level.]

Lin Fan thought for a moment before taking out the True Dragon Sword.

[Ding! True Dragon Sword upgraded successfully!]

A loud dragon roar came from the True Dragon Sword.

A vast aura surged in all directions.

[Universe in the Palm: Emperor-level cultivation technique. A powerful and mysterious cultivation technique. The palm is like the universe, possessing the power to trap and crush everything.]

Lin Fan raised his right hand slowly.

The sky, which had just regained its brightness, turned dark again.

Starlight flowed, incomparably resplendent.

Lin Fan had a very strong feeling that if he wanted to, he could just move his finger.

Earth, and even the planets around Earth, would be crushed into pieces.

[Great Dao fragment: A fragment of the Great Dao. It's mysterious and unfathomable. It has a special treasure that can increase the aptitude of a world's living beings.]

Seeing this...

Lin Fan's eyes flickered.

Increase the aptitude of a world's living beings?

Global cultivation?

Everyone would be able to cultivate?

This was definitely a very good treasure.

Although it was called a fragment, it was actually as tall as a small mountain.

Lin Fan raised his hand and placed it beside the Path-Understanding Tree.

In an instant, everyone in the world, including the small fish in the water and the animals in the forest... They all had a very strange feeling. They were ethereal and relaxed.

Their eyes became bright, their strength began to increase, and their reaction became more sensitive...

Hu Tian felt the energy circulating smoothly in her body and could not help but ask, "Lin Fan, you broke through again?"

Lin Fan smiled and nodded. "Yes."

When everyone heard that, their gazes toward Lin Fan became brighter and brighter.

...

It was also at this moment...

In a temple filled with incense.

An old couple with white hair supported each other as they slowly walked forward.

At this moment, the old man suddenly clutched his chest and fell to the ground with cold sweat on his head.

The old woman next to him said in panic, "My husband, my husband!"

However, no matter how she shouted, the old man could not respond.

The old woman panicked and quickly noticed the statue in front of her.

Therefore, she hurriedly knelt on the ground, her forehead touching the ground as she continuously wailed.

"Please, please save my husband!"

Her head hit the ground with a loud thud. It was very miserable and sorrowful.

It was as if her actions had aroused the pity of the statue.

The old man's body suddenly emitted wisps of light, which were very mysterious.

The next moment, he stood up with a flushed face.

This change immediately attracted the attention of many people around him, and they all let out gasps of praise.

"The god has appeared!"

"Greetings!"

"Greetings!"

Everyone at the scene kowtowed and shouted.

Soon, this temple became famous, and the smell of incense became even stronger.

Similar things happened. Some people could suddenly fly, some could control the weather, and some could turn into water...

Few people knew that the Great Dao fragment had increased their talent.

...

Time flowed like water. In the blink of an eye, five years had passed.

Under Lin Fan's relentless cultivation, his cultivation state had finally reached level-two Universe.

On this day, the saint stone placed next to the Great Dao fragment suddenly emitted a brilliant light like the sun.

Then, like an egg, cracks appeared on its surface.

In the end, it shattered.

When the light slowly disappeared, a one-meter-tall boy appeared.

[Ding! Innate Saint Stone Spirit detected.]

[Innate Saint Stone Spirit: A living being nurtured by a saint stone and favored by heaven and earth.]

When everyone saw him, they all revealed puzzled and curious expressions.

At this moment, Lin Fan's body flashed and appeared before the Innate Saint Stone Spirit.

The Innate Saint Stone Spirit bowed slightly.

Even though he had always been in stone form, he also had his own consciousness.

Lin Fan nodded. "Do you have a name?"

"No, I don't," the Innate Saint Stone Spirit said.

"Then you shall be called Lil Stone," Lin Fan said.

"Yes, Master," Lil Stone said.

Then, Lin Fan briefly explained the origins of Lil Stone. This chapter is updated by

When everyone heard this, they all revealed surprised expressions.

A stone could turn into a human?

Could the legend of Sun Wukong in Journey to the West be true?

Everyone surrounded Lil Stone and asked questions.

Thus, the huge Coiling Dragon Villa was filled with laughter and joy as another child had appeared.

...

The central region of the Four Seasons Universe, Heaven Palace.

Many men and women who were emitting powerful auras gathered together. They either greeted each other or discussed in low voices.

At this moment, a 30,000-meter-tall figure shrouded in golden light appeared at the top.

When he appeared, the entire hall immediately fell silent.

The atmosphere became extremely solemn.

Then, everyone present bowed in unison and said respectfully, "Greetings, Celestial Thearch!"

The figure shrouded in golden light nodded slightly and said, "Everyone, please rise."

His voice was extremely loud, majestic, and vast, making people feel even more respectful.

Chapter 708 Universe Competition; Sparring!

The man known as the Heavenly Emperor swept his gaze across the crowd with a pair of eyes that were as bright as the sun.

Everyone he saw felt their hearts beating faster.

After a while, the Celestial Thearch continued, "The universe competition will begin in a hundred years. This time, the universe competition will receive the attention of all the Saint Lords. Let the geniuses of the various worlds prepare and perform well."

"Yes, sir!" Everyone said in unison.

Then, countless pieces of news quickly arrived in many worlds like meteors.

All the worlds were in an uproar.

The cultivation craze continued to surge.

That was because they knew very well... what it meant for the Saint Lords to pay attention?

If they were lucky enough to be chosen by the Saint Lords, it would definitely be a matter of reaching the heavens in a single step.

...

In the blink of an eye, several years passed.

[Ding! Congratulations, it's been 42 years since you've received the advanced system. Reward: Beginner Rule Upgrade Gem, 100 million EXP, Immortal Crystal x1.]

After another Immortal Crystal appeared, the spiritual energy in the Coiling Dragon Villa became even denser.

"Finally, I got another Beginner Rule Upgrade Gem." Lin Fan sighed.

Then, he focused his attention on the Time Laws.

A long time ago, Lin Fan had wanted to level up his Time Laws.

Unfortunately, the condition to upgrade the Time Laws was to have ten laws reach the intermediate level.

Now, his space, metal, wood, water, fire, earth, life, death, yin, and yang had all reached the intermediate level. He finally had the chance to upgrade his Time Laws.

[Do you want to use the Beginner Rule Upgrade Gem on the Time Laws?]

"Yes!"

[Ding! Congratulations, you've successfully leveled up.]

Instantly, a mysterious and unfathomable feeling surged into Lin Fan's mind.

He slowly raised his hand, and the solid wood table in front of him became full of vitality in the blink of an eye, turning into a towering tree.

He touched the thick skin of the tree and the fresh leaves, finding it very strange.

Then, with a wave of his hand, the towering tree turned into a solid wood table again.

This was not an illusion, nor was it the power of the wood element. It was the true power of time.

Time reversed, time accelerated... It could be done casually!

At this moment, a loud voice sounded throughout the entire Earth.

[Planet Lord, I'm Qin Qiuliang of the Dragon Tiger Sect. I have no ill intentions. I'm looking for an invincible path to spar!]

...

Immediately, everyone on Earth started discussing and looking around.

"What was that sound just now?"

"What's a Planet Lord?"

"Dragon Tiger Sect? Is there such a sect?"

"Where is he talking from?"

...

Lin Fan frowned and looked up into the sky.

He saw...

A white-robed man with a golden longsword in his hand stood in the air, looking down at Earth.

At the same time, a crisp notification rang out in Lin Fan's mind.

[Qin Qiuliang: Level-nine Domain Lord. A core disciple of the Dragon Tiger Sect. In order to find the path of invincibility, he challenges one powerhouse after another. He has an invincible heart.]

Lin Fan could not help but ask, "Isn't the formation hiding Earth? Why can he see Earth?"

[Do you want to spend 10,000 spirit stones to inquire?]

"Yes!"

Instantly, the 10,000 spirit stones in Lin Fan's internal space shattered like bubbles.

[Due to the Great Dao fragment, a special aura permeated the earth, causing the array formation to lose its concealment effect.]

Lin Fan could not help but look at the small mountain that was the Great Dao fragment in the distance and frown.

At this moment, Qin Qiuliang spoke again, "Are you looking down on me, Qin Qiuliang?"

His voice was like thunder, forming a rumbling sound.

The entire Earth was also stirred up.

He seemed to be a little angry.

It was as if a divine king was enraged.

Lin Fan still did not move. He used his Heavenly Eye to look at Qin Qiuliang again.

Even though his cultivation was only level-nine Domain Lord, what if it was extremely powerful?

After all, in some novels, most of the people who walked the path of invincibility had the ability to kill people of a higher level. The source of this content

However, Lin Fan's expression turned weird very quickly.

That was because, under the observation of the Heavenly Eye, Qin Qiuliang's entire body was filled with weaknesses.

He could easily defeat him with a casual attack.

This was a genius?

Just this?

...

Qin Qiuliang was completely furious when no one responded.

"You've gone too far!"

As soon as he finished speaking, the aura around his body continued to rise, as if he had transformed into a giant that was even taller than the sky. He would strike a terrifying blow at any time. It would be a divine punishment that would completely destroy the earth.

It was also at this moment that Lin Fan appeared out of nowhere in the void.

Qin Qiuliang retracted his aura slightly and said, "Are you the master of this planet?"

Lin Fan said, "Maybe."

He had lived in the universe for a period of time and knew the rules of this world.

The strong were respected!

Generally speaking, the strongest person on a planet was the master of the planet.

Lin Fan was without a doubt the strongest person on Earth.

"I think you heard what I said just now, right?" Qin Qiuliang said. "Don't worry, we're just sparring. It won't hurt our lives, and there won't be any grudges.

"Make your move!"

As soon as he finished speaking, he stood with his hands behind his back, extremely arrogant.

The weird look on Lin Fan's face grew even more intense.

"You really want me to make the first move?"

"Yeah," Qin Qiuliang said.

Lin Fan nodded and waved his hand at Qin Qiuliang.

Terrifying gales surged out like a storm that could obliterate everything.

A thin layer of sweat immediately appeared on Qin Qiuliang's forehead. He wanted to dodge, but he realized that the surrounding space was like a swamp. The more he struggled, the more he could not move.

In the next moment...

Qin Qiuliang was blown away like dust.

Seeing this, Lin Fan stepped out and returned to the Coiling Dragon Villa.

He looked at the mountain-like Great Dao fragment not far away.

For a moment, he hesitated.

The fragment of the Great Dao made it impossible for Earth to hide.

Should he abandon them?

When Lin Fan saw Hu Tian, Qiu Ziqian, Su Ningjing, Xia Bing, Xia Xue, and the others whose cultivation levels were increasing, he put this thought aside.

He could not lose them!

In fact, Hu Tian and the others were not the only ones who were affected by the Great Dao fragment and seeing rapid increase in their cultivation.

The reason why Lin Fan was able to reach level-two Universe in such a short period of time was because of the fragment as well.

He was not far from breaking through to level-three Universe, and it was also due to the Great Dao fragment.

The best defense was to become stronger in the shortest time possible.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Qin Qiuliang has a favorable impression of you. Current favorability is three stars.]

Lin Fan blinked his eyes.

What was going on?

Did he not just send the guy flying?

Not only did he not hate him, but he even had a good impression of him?

Did he like to be abused?

Chapter 709 Another Challenge; Revenge!

Time flowed like water. In the blink of an eye, seven years had passed.

In the past seven years, the system had rewarded Lin Fan with a total of five Immortal Crystals, two pieces of Emperor-level equipment, three Transcendence Golden Bodies, Top-Notch Wood Law Talent, and King-Level Skill Upgrade Gems.

On top of that, Lin Fan was cultivating even harder than before, causing his cultivation state to break through to level-three Universe. He was heading toward level-four Universe.

That was because Lin Fan knew that Earth had been exposed to the universe. There could be danger at any time.

Since that was the case, he had to first make himself stronger.

Only in this way could he better protect his family and the earth.

At this moment, a loud voice sounded in every corner of the earth.

"Planet Lord, I'm Tang Zeyuan of the Dragon Tiger Sect. I am here to spar with you!"

...

This voice immediately caused many people on Earth to start discussing.

"A few years ago, someone seemed to have shouted for the Planet Master."

"That's right! It was also someone from the Dragon Tiger Sect, but he seemed to be called Qin something."

"Who's the Planet Lord?"

"Does our Earth really have a lord? Is it the Jade Emperor?"

"It must be Buddha. A few years ago, Guanyin appeared."

"Did they spar last time? Who won?"

...

When Lin Fan heard the voice, he looked up into the sky.

[Tang Zeyuan: Level-one Universe cultivator. He's a core disciple of the Dragon Tiger Sect and a genius. Because Qin Qiuliang was boasting about your strength, he developed an interest in you. He specially came to challenge you. Current favorability: Two stars.]

Lin Fan's lips twitched. "That fellow..."

Then, he used the Heavenly Eye to observe carefully.

Very soon, Lin Fan shook his head.

Was this also a genius?

Why was his entire body filled with weaknesses?

Geniuses in novels were not like this.

Lin Fan first said to Hu Tian and the others, "I'll be back soon."

Then, he took a step forward and instantly appeared in the void.

When Tang Zeyuan saw Lin Fan, his eyes that seemed to be filled with stars lit up. He said, "Are you the lord of this planet? May I ask what this planet is called?"

"Earth," Lin Fan said.

After all, Tang Zeyuan had a good impression of him.

In addition, there was no problem with just saying his name.

"Earth?" Tang Zeyuan asked. "How domineering!"

Then, he cupped his fists and said seriously, "I'm Tang Zeyuan of the Dragon Tiger Sect."

"I'm Lin Fan from Earth."

As soon as he finished speaking, a gust of wind suddenly whistled between the two of them, blowing their clothes and hair gently.

In the next moment...

Tang Zeyuan took a step forward and charged toward Lin Fan.

Lin Fan casually slapped out.

The overwhelming energy instantly turned into billions of sword energies.

All the sword energy quickly gathered and turned into a huge sword that was comparable to the sun.

The long sword flew out, sweeping with endless terrifying pressure. It suddenly crushed toward Tang Zeyuan.

"What?"

Tang Zeyuan's pupils constricted, and a sense of despair that he had never felt before appeared in his heart.

"I'm finished!"

Just as Tang Zeyuan thought he was about to die, the energy sword suddenly stopped a few centimeters away from him.

Even so, the terrifying wind still blew his clothes and hair straight.

Tang Zeyuan panted heavily, as if his strength had been instantly sucked dry. His entire body went limp.

With a wave of his hand, the energy sword dissipated instantly.

"Let's end the spar here."

After saying that, Lin Fan took a step out and disappeared into the void.

"I'll become stronger and challenge you again!" Tang Zeyuan gritted his teeth and said.

His voice was like a great flood, rippling across the earth.

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Tang Zeyuan's favorability toward you has increased to four stars.]

When Lin Fan heard this, a strange look appeared on his face.

Could it be that all so-called geniuses liked to be abused?

Lin Fan shook his head and tossed this matter to the back of his mind.

Then, he turned his attention to the system interface.

[Host: Lin Fan]

[Cultivation: Level-three Universe]

[Skills: Sword 81 (Emeperor), Curse (Emperor), Sword Nurturing Technique (Emperor), Cosmos Sword Technique (Emperor)...]

[Equipment: Star Meteorite Sword (Emperor), Flame Armor (Emperor), Heavenly Soul Pearl (Emperor), True Dragon Sword (Emperor)...]

[Laws: Time (intermediate), Space (intermediate), Metal (intermediate), Wood (intermediate), Water (intermediate), Fire (intermediate), Earth (intermediate), Life (intermediate), Death (intermediate), Yin (intermediate), Yang (intermediate), Wind (intermediate)]

[Character Relationship:]

[Lin Tao: Dad; Favorability: Ten stars]

[Dai Weixue: Mom; Favorability: Ten stars]

[Lin Xiaoyao: Sister; Favorability: Ten stars]

[Xia Xue: Dao companion; Favorability: Ten stars]

[Xia Bing, Dao companion; Favorability: Ten stars]

When he looked at the character relationships, Lin Fan suddenly realized that the favorability of Star Lord Qing Song and Star Lord Feng Yue had dimmed down.

As for Ma Zheng, who had a strong impression of him, his profile picture was flickering.

Lin Fan could not help but feel puzzled.

Lin Fan had a pretty good impression of these three.

After pondering for a moment, he chose to communicate with Ma Zheng.

...

Ma Zheng was fleeing in all directions, his face filled with panic.

A loud voice suddenly sounded in his mind.

"Ma Zheng, what happened to you?"

Ma Zheng was stunned at first, then he hurriedly asked, "Senior Lin?"

"It's me," Lin Fan said.

Ma Zheng looked around, but he did not see Lin Fan.

Lin Fan seemed to have thought of this as well and explained, "I'm not near you. I'm just using a special method to communicate with you."

Ma Zheng revealed a look of realization.

Then, he briefly explained what had happened recently.

It turned out that the universe competition was about to begin, and all living beings in the universe began to crazily increase their strength in order to obtain outstanding performance in the competition.

The Bug Queen, who had once spent a lot of effort to station itself on Qing Planet, could have used this opportunity to greatly increase her cultivation, but she was destroyed.

The Bug Queen felt that she had missed the opportunity of the universe competition.

Hence, the Bug Queen came to the Spring Region in anger and killed Star Lord Qing Song and Star Lord Feng Yue.

If Ma Zheng had not coincidentally gone to visit a friend, he would have also been killed.

Even so, Ma Zheng still suffered a terrifying attack.

"Senior Lin, you have to be careful," Ma Zheng said. "This Bug Queen has an extraordinary background. She's the daughter of an ancient mighty figure. Even the Spring Region's Protectorate Lord doesn't dare to offend her too much."

Chapter 710 After Beating Up the Younger One, the Older One Appears!

Lin Fan chatted with Ma Zheng for a while before ending the soul communication.

Then, he opened the system again and focused on the relationship between the characters.

[Liero: Bug Queen. Level-five Universe. Because you destroyed her plan on Qing Planet, she became angry out of embarrassment and developed hatred toward you. Current hatred points: Five stars.]

Seeing this...

Lin Fan frowned.

Liero was obviously the Bug Queen.

In the past, Lin Fan did not pay too much attention to his relationships with people. As a result, he did not know that he had a five-star enemy.

Now, even though Liero had yet to find trouble with him, that was only because he did not know where Lin Fan was.

Lin Fan knew that one day, he would find him.

Since that was the case, why not make the first move?

Lin Fan's gaze turned cold.

Then, his gaze fell on Curse and the King-Level Technique Upgrade Gem.

[Do you want to upgrade Curse?]

"Yes!"

[Ding! Upgrade successful. Curse is now at the King-level.]

[Do you wish to spend 100,000 spirit stones to curse Liero?]

"Yes!"

Instantly, the 100,000 spirit stones that had been stored in the inner space shattered into pieces and disappeared into a stream of light.

...

On the other hand...

A giant monster swept out with a terrifying aura as it charged forward wantonly, emitting a series of rumbling sounds.

"Ma Zheng, there's no need to hide. You can't escape!"

That pair of scarlet eyes were like the cold moon as they swayed in the void.

A terrifying energy continuously surged in all directions.

In the next moment, the monster suddenly caught sight of a figure moving on a meteorite in the distance.

Hence, it grinned and said, "I found you."

The terrifying aura formed a huge scarlet energy pillar and shot out, directly blasting the meteorite into pieces.

An extremely disheveled figure appeared from the fragment.

It was Ma Zheng.

"I told you, you can't escape."

A terrifying pressure pressed down, causing Ma Zheng's entire body to tremble. He could not think of escaping at all.

It was over.

Beads of sweat kept rolling down.

There was only one thought in Ma Zheng's mind. He was dead!

At this moment...

A black aura suddenly spread out from Liero's body.

Her huge body began to twist.

"What's going on?"

She quickly scanned her surroundings but found nothing.

The next moment, she spat out a mouthful of blood, and her entire face turned pale.

Then, as if she had been frightened, she did not have the mood to pay attention to Ma Zheng at all. She broke through the space and fled rapidly into an unknown distance.

This scene stunned Ma Zheng.

He slowed down for a while before finding a direction and running away again.

...

In the blink of an eye, a month had passed.

For the past month, Lin Fan would curse Liero every day before he started cultivating.

It was the same today.

The 100,000 spirit stones in Lin Fan's internal space were instantly turned into bubbles.

A crisp voice sounded in his mind.

[Ding! Because of your curse, Liero's inner demons have greatly increased, her cultivation has greatly decreased, and she's heavily injured.]

Seeing this...

Lin Fan did not pay any more attention to it and started another day of cultivation.

For the next ten days, he kept cursing.

On this day...

[Ding! Because of your curse, Liero has completely perished.]

[Ding! You've killed a level-five Universe beast. You've obtained 500 million experience points.]

Lin Fan could not help but heave a sigh of relief.

However, at this moment, a clear notification sounded in his mind.

[Ding! You've incurred hatred from Liege. Current hatred points: Five stars.]

[Liege: Level-three King expert. Lord of the Bug Realm. Because you have killed his daughter, he has developed hatred toward you. Current hatred points: Five stars.]

Lin Fan frowned.

Was this the legendary saying of beating up the young and then the old?

If this continued, when could he kill them all?

Level-three King!

This was the first time that Lin Fan had met someone with a known cultivation state that was at the King level.

Moreover, he had five stars of hatred toward him.

It was truly troublesome.

Lin Fan said in a low voice, "Liege already knows that I killed his daughter?"

[Do you want to spend 10,000 spirit stones to inquire?]

"Yes!"

[I don't know.]

Lin Fan continued, "Does he have a way to find out the source of the curse?"

[The curse is protected by the system. No living being can know the source unless the host is exposed.]

When Lin Fan heard that, he heaved a sigh of relief.

After that, he began his cultivation for the day.

The next day, he started cursing again.

Today, the target of his curse had become Liege.

...

Bug Realm.

Liege, who was like a mountain range, suddenly opened his eyes. A terrifying green murderous aura spread out, causing all the plants within a hundred miles to wither and wither.

"Curse?" he said in a rumbling voice. "Humph!"

With a muffled groan, the black gas that had just spread out was directly dispersed.

After that, silence returned.

However, he did not know that this was only the beginning.

Ten days.

One month.

Half a year.

One year!

Two years!

Every day, Liege would be cursed.

He could easily resist the curse once, but after so many days of continuous cursing, it was finally difficult for him to resist.

"Humph!"

With a muffled groan, two streams of blood flowed out of Liege's black nostrils like spring water.

"Curse! Another curse! Who is it?"

"Flame King?"

"Wind King?"

"Pine Tree King?"

"Damn it!"

The powerful red wind churned wildly, turning everything within a radius of hundreds of kilometers into nothingness.

...

[Ding! Your enemy, Lige, has been cursed by you. His mind has been damaged, and his heart is in turmoil.]

...

Four years later, the curse remained.

Black blood flowed out of Liege's nose, eyes, mouth, and ears. His huge body seemed to have gone crazy, and his aura became weak.

...

[Ding! Your enemy, Liege, has been cursed by you. He's heavily injured, and his cultivation has decreased.]

...

Ten years later, the curse continued.

"With my soul, I curse my enemies."

Liege shouted crazily, his voice reverberating in the universe.

In the next moment...

Liege's entire body exploded like a balloon, illuminating the entire universe. Terrifying energy waves spread wildly, instantly turning several planets nearby into nothingness.

At this moment, people from countless planets looked at Liege with curiosity, doubt, and horror.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! You've killed a level-three King cultivator. You've obtained three billion experience points.]

[Ding! Congratulations, you've killed a King cultivator for the first time. You've obtained Ethereal Breathing Technique (Emperor), Top-Notch Time Laws Talent, and Dark Yellow Protection Pearl (Emperor).]
