Chapter 711 Opportunity; Crisis?

The surging energy continued to surge toward his limbs.

Then, Lin Fan used Ethereal Breathing Technique that had just appeared in his mind and took a deep breath.

Boundless spiritual energy gushed into Lin Fan's body like a huge river.

His cultivation increased rapidly!

Golden light shone from the Dark Yellow Protection Pearl around his body. It was as warm and safe as the sun.

At the same time, Lin Fan had gained many new insights and ways to use Time Laws.

...

Meanwhile, in Jiangbei City.

"Chengzhen, I discovered a very mysterious forbidden area!" Li Hao said. "I have a feeling that there's a great opportunity inside!"

"You said something similar before, but what happened in the end?" Lin Chengzhen pursed his lips.

He still could not forget the scene of being chased by thousands of mutated beasts after entering the mystic realm.

Sometimes, he would even be woken up by a fright.

It was simply a nightmare.

Li Hao was a little embarrassed to be exposed. "That was an accident... Besides, nothing happened to us in the forbidden area. Moreover, he grew quite a bit in the forbidden area."

Lin Chengzhen did not refute his words.

Although it was a little embarrassing that time, at least he had gained a lot of combat experience and wilderness survival skills.

Li Hao seemed to have noticed that Lin Chengzhen was tempted.

"Chengzhen, don't you want to obtain a great opportunity and become stronger so that you can better protect your sister and family in the future?"

Younger sister?

Family?

At the mention of them, Lin Chengzhen's originally calm heart immediately rippled as if a huge stone had been thrown into it.

When his sister, Lin Yulian, was born, Lin Chengzhen's only thought was to teach her well, take care of her, and protect her.

The result?

In the end, when Lin Yulian was five years old, her cultivation had completely surpassed his.

Now, it had reached a height that he could not compare to.

That was fine.

Later, a boy jumped out of the Holy Spirit Stone, Lil Stone.

Even though Lin Chengzhen was not related to him by blood, he still treated him like his younger brother.

If he could not take care of his sister, he could at least take care of his brother, right?

The result?

Lil Stone's cultivation increased rapidly every day. Not long after, he also surpassed him.

His younger brother and sister would become dragons and phoenixes. They would not be bullied by anyone.

This was a very happy thing.

However, Lin Chengzhen felt helpless.

There was no sense of accomplishment from being an older brother.

Perhaps he could really become stronger quickly by going to the forbidden area?

Then, he could experience what it felt like to be an older brother.

Thinking of this, Lin Chengzhen replied, "Alright."

"You agree?" Li Hao said happily.

"Yes." Lin Chengzhen nodded.

"That's great! We'll set off now!" Li Hao did not say anything else. He grabbed Lin Chengzhen's arm and rushed into the distance.

It was obvious that he was worried that Lin Chengzhen would suddenly go back on his word.

...

In the blink of an eye, three months had passed.

Li Hao and Lin Chengzhen kept moving forward in the dark and rugged forbidden area.

The dark and damp smell was nauseating.

"Li Hao, is this the mystic realm you mentioned that has great opportunities?" Lin Chengzhen frowned.

Last time, he could at least encounter a large group of exotic beasts.

It could also be considered to increase his combat experience.

However, what about this mystic realm?

There were no spiritual fruits or strange beasts, only a rugged road with no clear edge.

Li Hao laughed dryly and said, "Uhh... The better the opportunity, the more time needed to find it."

"But we've been searching for three months," Lin Chengzhen said.

Li Hao said, "Good things take time... If we persevere, we will definitely reap great rewards."

Thus, the two of them once again set foot on the road ahead.

...

In the blink of an eye, another three months had passed.

"I'll walk for another three days. If I don't find anything, I'll be going back."

"...Alright then." Li Hao also had the intention of retreating. After walking for half a year, he also suspected that there might really be no treasures in this mystic realm.

"Huh, what's that?" Lin Chengzhen was puzzled.

Li Hao looked in that direction.

In the next moment...

His eyes lit up.

It was a wide square.

There were nine incomparably thick stone pillars erected around the square. Every stone pillar was engraved with extremely complicated and mysterious talismans, and they were suffused with an extremely mysterious aura.

Li Hao quickened his pace and ran over. He said excitedly, "Chengzhen, what did I say? What did I say? There must be an opportunity in this mystic realm! A great opportunity!"

Lin Chengzhen also carefully observed the stone pillar and asked, "What kind of opportunity is this stone pillar?"

"It might be a weapon!" Li Hao stroked it gently. "A very powerful weapon! Just like Sun Wukong's golden cudgel!"

"Sun Wukong's golden cudgel?" Lin Chengzhen said.

"It's just an analogy!" Li Hao said.

Then, he began to observe the stone pillar even more attentively.

About an hour later, Lin Chengzhen spoke again, "This seems to be an ordinary stone pillar with a special talisman engraved on it."

"How is that possible? Perhaps we have to pull it out!" Li Hao said.

He did as he said. He hugged the stone pillar with both hands, injected energy, and exerted force.

However, the stone pillar in front of him seemed to be rooted into the ground and could not move at all.

"Chengzhen, come and help me."

The two of them exerted their strength together, but the stone pillar still did not move.

Thus, they went to hug the other stone pillars.

After hugging the eighth pillar, Lin Chengzhen said, "I think this might be some kind of special formation that we can't move at all." Visit [no\(v\)eLb\(i\)n.com](http://no(v)eLb(i)n.com) for the best novel reading experience

"This is the last one. How do we know if we don't try?" Li Hao said. "Come, quick!"

Lin Chengzhen nodded and hugged the last stone pillar.

They had just exerted their strength when...

Instantly, the stone pillars burst forth with a terrifying energy.

The energy continued to condense, turning the area where the nine stone pillars were located into a huge black energy box.

In the black energy box, lightning bolts were jumping around, looking fierce and terrifying.

"What's this?" Lin Chengzhen asked.

Li Hao said. "Could it be an opportunity?"

At this moment, a pair of scarlet and cold eyes appeared above the black energy box. It was as if they wanted to devour all living beings in the world.

A sense of danger rose from the depths of Lin Chengzhen's soul.

"This is bad!" he shouted.

He pulled Li Hao and was about to rush out.

However...

At the bottom of the black energy box, a powerful suction force suddenly appeared. It was like a black hole that could not be resisted at all.

Lin Chengzhen and Li Hao instantly fell into it and disappeared as if they were swallowed.

The black energy box continued to throb and emit a soft sound of electricity.

After a long time, the black energy slowly dissipated.

Strangely, the nine thick stone pillars also disappeared without a trace.

Chapter 712 Killing Bosses?

In the blink of an eye, another half a year passed.

Lin Fan's entire body was glowing with a bright light, giving off a holy and vast aura. He was like a god in the heavens, causing people to feel a sense of respect and worship.

Lin Fan took in a deep breath. The surrounding spiritual energy surged into his body in a visible whirlpool.

Then, he turned his attention to the system.

[Xia Bing, Dao companion; Favorability: Ten stars]

Even though Lin Fan had been cursing others all these years, he had not neglected his cultivation.

In fact, he had been working even harder.

Coupled with the ever-increasing amount of Immortal Crystals and his top-notch cultivation talent, his cultivation level had reached the fifth level of Universe!

At this moment, a loud sound rang out between heaven and earth.

"Fenghua Sect's Liu Sanpao is here to challenge the master of Earth, Lin Fan!"

"True Martial Sect's Hu Yuanyang is here to challenge the master of Earth, Lin Fan!"

"Occult Sect's Song Hao is here to challenge the master of Earth, Lin Fan!"

...

These voices reverberated throughout the entire Earth and immediately caused many people to discuss.

"Why are there so many people challenging this time?"

"I don't think I've heard of these sects before. How did they spread their names so far?"

"The master of Earth? Lin Fan? Does our Earth really have a master?"

"Lin Fan? It seems to be a name from the Xia Alliance."

"I think I've heard of the name Lin Fan."

...

When Lin Fan heard that, he frowned and looked up into the sky.

In the air, there were dozens of men and women.

Their auras surged, and their gazes were sharp.

All of them possessed extraordinary strength.

Challenge? Another challenge!

Damn, did they think he was a boss?

Lin Fan's eyes gleamed as he used his Heavenly Eye to scan over.

Very soon, Lin Fan started shaking his head.

That was because, under the observation of his Heavenly Eye, their bodies were filled with weaknesses. He could easily defeat them.

Even if he was a boss, these people challenging him should have some strength, no?

He would end this farce as soon as possible.

Lin Fan stretched out his index finger.

"Whoosh!"

Immediately, his index finger shot out an endless golden light.

The golden light quickly gathered and condensed into dozens of golden swords. They swept out with a majestic aura.

In the blink of an eye, he arrived in the void.

The target... the dozens of men and women in the air.

Their pupils constricted slightly. Some of them did not even have time to react before they were directly sent flying tens of thousands of miles by the golden swords.

Someone reacted quickly and dodged to the side.

However, the golden swords seemed to have a life of their own. They suddenly changed their direction and struck them again.

Just like that...

These dozens of people came and left in a hurry.

In the blink of an eye, they all disappeared without a trace.

Only dozens of sword marks were left in the air, which seemed to prove that they had been here before.

Lin Fan treated this matter as a small matter and did not take it to heart at all.

However, he still said to his family in the Coiling Dragon Villa, "It's fine now."

Hearing this, everyone heaved a sigh of relief.

Hu Tian, who was sitting under the Path-Understanding Tree, hesitated for a moment before slowly walking over.

"Teacher Tiantian, what's the matter?" asked Lin Fan.

Even now, Lin Fan still addressed Hu Tian as Teacher Tiantian.

It was nostalgic and also a kind of fun.

Hu Tian said, "Lin Fan, Chengzhen seems to have disappeared again."

"How long has it been?" Lin Fan asked.

"More than a year," Hu Tian said worriedly.

Lin Fan comforted her, "He has a King-level protection treasure. As long as he's on Earth, he won't be in danger. I will see where he is first."

As soon as he finished speaking, a tidal wave of spiritual energy instantly covered the entire earth.

"Huh?"

Lin Fan frowned.

"What's wrong?" Hu Tian said nervously.

"I don't think I saw Chengzhen. That's strange," Lin Fan said.

"You didn't see him?" Hu Tian became even more nervous.

Lin Fan thought about it and said, "Maybe I didn't see it too clearly. I'll check it out."

Following that, his spiritual energy became even more vigorous as he searched the earth inch by inch.

Unfortunately, there was still no trace of Lin Chengzhen.

Hence, Lin Fan used the power of time to search for him.

Finally, one year and three months ago, he found Lin Chengzhen.

He learned that Lin Chengzhen and Li Hao had entered the mystic realm and encountered the mysterious stone pillars.

A moment later, Lin Fan retracted his spiritual energy.

Then, he used the power of soul communication.

Lin Fan called out a few times before Lin Chengzhen finally responded.

"Daddy?"

"It's me. Where are you and Li Hao now?"

"We don't know where we are either, but Dad, you and Mom don't have to worry about me. I'm very safe now. That lord only asked us to cultivate, and I've already broken through to the Planet level!"

When Lin Chengzhen said this, there was unconcealable excitement in his tone.

Ever since his younger sister and brother were born, he had always wanted to become stronger.

Unfortunately, becoming stronger was not something he could do just because he wanted to.

Now, his goal was finally realized. Updated from novelb1n.(c)om

When Lin Fan heard this, he was shocked as well.

He clearly remembered that Lin Chengzhen was only in the Transcendent Realm not long ago, and there was still a long way to go before he broke through to the Star Traveller Realm.

In just a year, he had become a Star Traveller?

Lin Fan asked, "How are you cultivating?"

"The spiritual energy here is very dense. In addition, magical spiritual fruits and spiritual liquids are sent over every week. Oh right, that lord also taught us a powerful cultivation technique. Dad, let me tell you about this cultivation technique," Lin Chengzhen said.

Lin Fan thought for a moment and said, "Alright."

Thus, Lin Chengzhen told him everything about the cultivation technique.

The cultivation technique was very complicated. It was only said once, and ordinary people would not be able to remember it.

However, Lin Fan was not an ordinary person.

Lin Fan said, "Cheng Zhen, do you know the name of the lord you're talking about?"

"I heard someone call him Moses," Lin Chengzhen said.

Chapter 713 Dark Universe; Kneel Down!

In the Dark Universe, the wind howled and black water filled the air.

The air was filled with the pungent smell of blood, and from time to time, terrifying screams could be heard.

The entire world was like hell, incomparably terrifying.

Lin Chengzhen and Li Hao were here!

However, they were completely different from a year ago.

Their bodies were in tatters, and there were several hideous wounds on their bodies that were so deep that their bones could be seen.

There was a long golden rope around their waists that kept twisting like a dragon's tendon.

Their bodies emitted a terrifying baleful aura.

"What the hell is this place?" Li Hao muttered.

"My dad just contacted me," Lin Chengzhen said.

"Your dad?" Li Hao was surprised. "He's here too?"

As he spoke, he kept looking around, but he did not find anything.

"It's my father's special ability. He can ignore space and distance and communicate with anyone." Lin Chengzhen shook his head.

"F*ck! Is your father that powerful?" Li Hao shouted.

"My father is indeed very powerful," Lin Chengzhen said. "I heard that he once went to the universe beyond Earth. My mother said that my father is the strongest person."

Li Haoyan's eyes widened in disbelief.

"He's been to the universe! F*ck! Is your father a god? The Jade Emperor?"

Many characters from myths and legends immediately appeared in his mind.

"By the way, did your father give you that pearl?" Li Hao said.

"My father gave me the pearl, but he's not the Jade Emperor," Lin Chengzhen said.

"Then did you tell your father about our situation?" Li Hao asked. "Will we be saved soon?"

Before entering the mystic realm, he had always wanted to become stronger.

For this, no matter how great the price, no matter how hard it was, he would not hesitate.

However, in the past half a year, he had become a little afraid.

This place was simply too dangerous and terrifying.

Despair...

"I didn't tell my dad." Lin Chengzhen shook his head. "Although he is very powerful, you also know the situation in this world. There's also that terrifying Moses... I don't want Dad to take the risk."

"Also, don't you think this place is really suitable for cultivation?" Lin Chengzhen asked after a pause. "In such a short period of time, our cultivation has increased so much. If we continue, we will definitely become stronger!"

Li Hao's gaze also became firm as he said, "Then let's continue adventuring!"

At this moment, countless ripples suddenly appeared in the endless black water, and a pungent smell pervaded the air. One by one, spiders with human faces bared their fangs and brandished their claws as they popped their heads out.

"More monsters are coming out!" Li Hao shouted. "Be careful!"

...

Earth, Coiling Dragon Villa.

"Have you found Cheng Zhen?" Hu Tian asked anxiously.

Lin Fan nodded his head. "Found him. He entered a very mysterious secret realm and is currently in seclusion. We don't have to worry."

When Hu Tian heard this, she heaved a sigh of relief and said, "I see."

She hugged Lin Fan gently. After a moment of warmth, she slowly left.

Meanwhile, Lin Fan focused his attention on the system.

"May I know where Lin Chengzhen is?"

[This requires 100,000 spirit stones. Do you wish to inquire?]

"Yes!"

[Dark Universe. A universe that's hidden in the endless darkness.]

"Can I enter the Dark Universe?"

[Yes, with the host's current strength, it will take 10,000 years.]

Lin Fan frowned.

10,000 years...

One had to know that even if one counted the thousand years of slumber, Lin Fan had only lived for a little over 1,000 years.

10,000 years was indeed a long time.

If he rushed over and then rushed back, what would happen to Earth and his family?

Furthermore, Lin Fan did not know if he could find Lin Chengzhen and bring him back.

Lin Fan sighed and said, "I have to be stronger."

At this moment, a clear notification sounded in his mind.

[Ding! It's been 60 years since you've obtained the advanced system. You're rewarded with True Flame Stone, Immortal Crystal x1, Transcendence Golden Body x1.]

[True Flame Stone: A stone with rich fire energy. After absorbing it, you can quickly increase your fire energy.]

Lin Fan set up a formation around the area and started to absorb the True Flame Stone.

After a while, the entire space was completely enveloped by the scorching flames.

As for Lin Fan himself, he seemed to have transformed into a gigantic fire dragon as he roared out maniacally with an aura that shook the heavens.

If not for the protection of the array formation, the surrounding tens of thousands of kilometers... In fact, the entire Earth might have turned into a fireball in an instant.

After a long while, Lin Fan heaved a sigh of relief.

The surrounding flames suddenly stopped.

At the same time, a clear notification sounded in his mind.

[Ding! Congratulations, your Fire Laws has advanced to Advanced.]

Advanced!

This was the first advanced law that Lin Fan had grasped.

He slowly raised his hand, and his entire arm and even his entire body turned into a ball of flames. He possessed a tyrannical power that could melt and devour everything.

Lin Fan said, "This feeling is really amazing. I wonder how far I can walk on the fire path in the River of Time."

He left just like that.

Lin Fan willed it and entered the River of Time.

He took a step forward and walked on the fire path, continuing to move forward.

100 meters.

200 meters.

500 meters.

1,000 meters.

2,000 meters.

5,000 meters!

Lin Fan finally felt a little strained.

However, he continued to move forward.

At this moment, a strange voice suddenly sounded behind him.

"Hmm?" Follow current novels on [novelb\(\(in\).com\)](http://novelb(in).com)

Then, a man in fiery red armor appeared beside him.

It was Zhu Yan.

"It's you, little fellow," Zhu Yan said in surprise.

The first time Zhu Yan met Lin Fan, he realized that he was cultivating many laws at the same time and had a bad impression of him. He felt that Lin Fan was too greedy and would never achieve anything.

Now that he saw Lin Fan walking so far down the path of fire, it was inevitable that he would be shocked.

One had to know...

It had only been a few decades since the first time he had met Lin Fan.

In just a few decades, he had made such great progress!

Monster!

[Ding! Zhu Yan has developed hatred toward you due to your extraordinary talent in Fire Laws. His hatred has increased to three stars.]

When Lin Fan heard this, he frowned.

"Little fellow, you're not bad. Kneel down and be my disciple."

He raised his head and maintained a superior attitude.

It was as if letting Lin Fan become his disciple was a great blessing.

Regarding this...

Lin Fan said calmly, "I never said I wanted to be your disciple."

Chapter 714 Obtaining Another Great Dao Fragment; Mu Jun!

Zhu Yan had not expected that Lin Fan would reject him. His face turned cold.

"Little guy, do you know who I am?" he asked in a deep voice. "I'm the palace master of Fire God Palace!"

Lin Fan said, "What does this have to do with me?"

The scorching heat wave turned into a huge mountain of flames that came crashing down on Lin Fan.

"Little brat, what did you say?" Zhu Yan said sternly.

[Ding! Zhu Yan's hatred toward you has increased to four stars.]

Since the other party constantly hated him, he was his enemy.

Did he have to talk nicely to his enemy?

Lin Fan said, "Your mother!"

"Bastard!" Zhu Yan shouted.

The terrifying aura was like a cannonball that sent Lin Fan flying.

In the next moment...

Lin Fan, who was in the Coiling Dragon Villa, opened his eyes.

His face was filled with hatred.

Then, he looked at the system again.

[Zhu Yan. Cultivation: Unknown. The palace master of the Fire God Palace. He hates you because you have monstrous cultivation talent, rejected his wish to take you in as a disciple, and insulted him. Current hatred points: 5 stars.]

Five stars!

Good fellow!

Kill!

Lin Fan thought of Curse.

However, he did not use it immediately.

It was because if he cursed him now, Zhu Yan would easily guess that he was the one who did it.

Although Zhu Yan did not know where he was at the moment, what if he found out?

After all, he was the palace master of Fire God Palace, a powerful existence whose cultivation base was unknown.

Lin Fan would wait a few years.

...

Time flew by like water.

These few years, Lin Fan had been cultivating silently.

As Earth's concealment array failed, more and more people in the universe came to challenge Lin Fan. Lin Chengzhen entered the Dark Universe, and Lin Fan's enemy, Zhu Yan, appeared...

This made Lin Fan even more eager to raise his cultivation state.

On this day, Lin Fan suddenly realized that there were many cars and many people around the Coiling Dragon Villa.

He could not help but use his spiritual power to cover the area, wanting to know the reason. Visit [no\(v\)eLb\(i\)n.com](http://no(v)eLb(i)n.com) for the best novel reading experience

Soon, everyone's conversation fell into their ears.

"Did the golden light really appear here last time?"

"The satellite had already taken photos. How can it be fake? Besides, don't you feel that this place is very special?"

"I heard that the great man from a thousand years ago, Lin Fan, also lives here... Do you think he's the master of Earth?"

"Does that great man really exist?"

"It's really hard to say."

...

When Lin Fan heard this, he had a look of understanding on his face.

It seemed like... when he defeated those challengers a few years ago, some people noticed the abnormality.

Lin Fan did not take this to heart. Instead, he turned his attention to Curse.

He muttered in his heart, 'A few years have already passed.'

[Ding! Do you wish to use 100,000 spirit stones to curse Zhu Yan?]

"Yes!"

...

On a distant planet.

In the extremely imposing Fire God Palace.

Zhu Yan, who was a thousand feet tall, frowned slightly and said, "Someone cursed me? You overestimate yourself!"

With a slight thought, the curse instantly dissipated.

...

Ten years passed in the blink of an eye.

In the past ten years, Lin Fan had obtained six Immortal Crystals, five Transcendence Golden Bodies, and two pieces of Emperor-level equipment from the system.

His cultivation had reached level-six Universe.

On this day, a crisp notification sounded in his mind again.

[Ding! Congratulations, it's been 70 years since you've received the advanced system. Reward: Great Dao fragment x1, Transcendence Golden Body x1, Immortal Crystal x1.]

Seeing this...

Lin Fan's eyes lit up. "Finally, another Great Dao fragment."

He still remembered clearly that the Great Dao fragment had the magical effect of increasing the aptitude of living beings.

With a thought, he placed the mountain-like Great Dao fragment beside the Path-Understanding Tree.

Instantly, everyone in the world—especially those in the Coiling Dragon Villa—felt extremely relaxed. They felt like fish in water in regards to their cultivation, which was increasing rapidly.

Lin Fan circulated his Ethereal Breathing Technique and took a deep breath. His cultivation speed had increased by at least three times!

Lin Fan praised, "Indeed, the Great Dao fragment is extraordinary."

...

On the other hand.

On Earth, some people who were moving bricks at the construction site suddenly became as light as swallows. It was as if they had endless strength as they moved bricks one after another into the distance.

Some people who were fighting in the arena suddenly broke through and possessed tyrannical strength, making the battle even more exciting.

...

In the blink of an eye, five years had passed.

Lin Fan's cultivation state had broken through once again, reaching level-seven Universe.

Hu Tian, Su Ningjing, Huang Ling, and the others had entered the Planet Realm. They were not far from breaking through to the Star Traveller state.

Among them, Xia Bing and Xia Xue had reached level-eight Star Traveller.

On this day, everyone was cultivating hard as usual.

A spaceship flew over and stopped tens of thousands of miles away from Earth.

Then, a man in a white robe appeared in front of the spaceship. He used his eyes that were filled with golden light to scan Earth.

In his field of vision, Earth was wrapped in dense spiritual fog, and there was even countless roaring spiritual dragons.

The white-robed man was surprised. "Unbelievable."

"No wonder this planet called Earth would have a Star Lord like Lin Fan."

"There's such a scenery outside the planet, so what's the interior like?"

At this point, his figure flashed, and he was ready to enter Earth.

However, he was soon blocked by an invisible wall.

It was indestructible.

The white-robed man was surprised again. A protective array? A large-scale protective magic circle that protected the entire planet? Could it be that it was also from Star Lord Lin Fan?

"Not only does he have extraordinary strength, but he also has a powerful array formation? Unbelievable!"

After a long while, he opened his mouth and said, "Lin Fan, master of Earth, I'm Mujun Qinxian, a subordinate of the master of the Spring Region. May I meet you?"

...

In truth, Lin Fan had already known about the white-robed man's arrival the moment he arrived outside of Earth.

That was because a clear notification sounded in his mind.

[Ding! Level-nine Universecultivator, Qin Xian, detected.]

[Qin Xian: Level-nine Universe cultivator. A Wood Lord under the master of the Spring Region. He's trusted by the master of the Spring Region and has good abilities.]

Level-nine Universe!

This was definitely a powerhouse.

Lin Fan immediately used his Heavenly Eye to observe him. He found more than ten weaknesses. He had six to seven ways to instantly kill him.

Thus, he felt at ease.

He was just observing Qin Xian silently on Earth, wanting to see what he was up to.

At this moment, when Lin Fan heard Qin Xian's voice, he did not hesitate too much. Stepping out, the surrounding space rippled like a curtain of water.

In the next moment, Lin Fan's figure appeared in the void.

"Hello, Star Lord Lin."

Chapter 715 Upgrade Curse; Strengthening!

As the saying went, one should not hit a smiling face.

Even in the universe, this saying was still useful.

"Greetings, Mujun," Lin Fan said.

"I wonder why you've come to my place?"

"Lin Fan, you should know about the universe competition in 40 years, right?"

Lin Fan was puzzled. "Universe competition?"

"You don't know?" Qinxian Mujun asked curiously.

After all, this was a very grand competition.

Generally speaking, as long as one had a slight understanding of the universe, one should have heard of the universe competition.

Lin Fan shook his head.

"Then I'll explain it briefly. The universe competition is a grand competition that's held once every million years. The contestants are all geniuses from different universes.

"Those who can achieve outstanding results in the competition will receive the attention of various large factions. Their names will spread throughout countless universes, and they'll obtain great opportunities!

"In particular, this time's universe competition has attracted the attention of all the Saint Lords!"

When he mentioned the Saint Lords, Qinxian Mujun's expression clearly became respectful and excited.

When Lin Fan heard this, he had a thoughtful look on his face.

Could this be the reason why those sects kept challenging him?

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Mission—Take part in the universe competition.] Reward: Great Dao fragment, Immortal Crystals x5, Advanced Rule Upgrade Gem x1.]

When Lin Fan heard this, his heart skipped a beat.

Great Dao fragment, five Immortal Crystals, and an Advanced Rule Upgrade Gem!

The rewards for this mission were quite generous.

Lin Fan wanted to agree immediately.

Qinxian Mujun continued, "For the sake of this universe competition, the master of the Spring Region is preparing to select some strong people and nurture them in advance. I wonder if you're interested?"

Concentrate on training?

Was this not the same as being recruited into the national team and being forced to train?

This was definitely a very good thing for ordinary people.

This was because this was equivalent to performing in front of the master of the Spring Region before participating in the competition and obtaining a large amount of resources.

Once they obtained good results in the competition because of these resources, they would be able to obtain the favor of the Saint Lords.

It was definitely something that would make them soar into the sky in one go.

There were generous rewards from missions, and then there was the favor of the master of the Spring Region and even the Saint Lords.

If it was someone else, they would not hesitate at all and immediately agree.

However, Lin Fan shook his head lightly. "I'm sorry, I don't have any intention of participating in the universe competition."

He had the experience of entering a mystic realm before and had even stayed there for a full ten years.

As for the universe competition, which was a large-scale competition that happened once every million years, just by listening to it, he could tell that it would definitely take a long time.

In addition, following the master of the Spring Region would require 40 years of forced training.

In total, it would take an unknown amount of time.

If he had the time, he would rather stay on Earth to cultivate, accompany his family, and protect the planet.

Moreover, the universe's hegemony involved huge benefits.

The greater the benefits, the fiercer the battle.

Even though Lin Fan was confident that he had decent strength now, if an accident happened during the battle, or if he was plotted against by some experts, then there would always be an accident.

Since that was the case, he might as well stay on Earth.

...

When Qinxian Mujun heard that, he could not help being stunned for a moment.

He did not expect Lin Fan to reject him.

He stammered, "Lin Fan, the universe competition is very rare. You... Won't you consider it?"

"No thanks," Lin Fan said decisively.

Qinxian Mujun was stunned. "Alright then."

The two of them continued to chat for a while before Qinxian Mujun boarded the flying ship and flew away.

After all, he could not force it.

Meanwhile, Lin Fan returned to Earth and started cultivating again.

Time flowed like water.

Ten years passed in the blink of an eye.

Lin Fan's cultivation state had broken through to level-eight Universe.

On this day, just like in previous years, a clear notification sounded in his mind.

[Ding! It's been 80 years since you've obtained the advanced system. You're rewarded with Emperor-Level Cultivation Technique Upgrade Gem x1, Immortal Crystal x1, and Intermediate Rule Upgrade Gem x1.]

[Emperor-Level Cultivation Technique Upgrade Gem: A mysterious gem that can upgrade an Emperor-level cultivation technique to a Saint-level cultivation technique.]

[Intermediate Rule Upgrade Gem: A mysterious gem that can upgrade an intermediate law to an advanced law.]

Seeing this, Lin Fan's eyes lit up.

These were good treasures!

Lin Fan muttered to himself for a moment before turning his gaze onto Curse.

Curse was a good way to kill people without them noticing.

However, the efficiency was too low.

For the past ten years, Lin Fan had been cursing Zhu Yan every single day. However, he had never received any notification that Zhu Yan was affected.

It was necessary to upgrade it.

[Ding! Do you wish to use the Emperor-Level Cultivation Technique Upgrade Gem on Curse (Emperor)?]

"Yes!"

[Ding! Curse has leveled up successfully. Curse has leveled up to Saint Realm.]

[Do you wish to spend one million spirit stones to curse Zhu Yan?]

If it was in the past, it would be very difficult to take out even one million spirit stones.

But now, many forbidden lands had descended on Earth, bringing along many spirit veins.

On top of that, Lin Fan had brought over some spirit crystals from the universe. There were also the Immortal Crystals that he had obtained from the system. The dense spiritual energy that was emitted from them had caused countless new spirit veins to appear on Earth.

Spirit stones... Naturally, there was no lack of it.

Lin Fan said without hesitation, "Yes!"

In the inner space, a large number of spirit stones shattered and turned into streaks of light, disappearing without a trace.

...

On a planet far away.

Fire God Palace.

Zhu Yan was sitting cross-legged in a purple flame, silently absorbing and refining the fire attribute energy.

In the next moment, Zhu Yan's body was suffused with wisps of black gas. The purple flames that were originally calm as water kept rolling.

Zhu Yan's face turned pale. "Curse! Curse again!" Moreover, the power of the curse has actually increased by so much. Updated from novelb1n.(c)om

"Who is it? Who is cursing me?"

Many people with extraordinary strength and status who had grudges or conflicting interests with him appeared in Zhu Yan's mind.

"The palace lord of Water God Palace?"

"The sect master of the 10,000 Demons Sect?"

"The sect master of the Lightning Sect?"

...

"He kept cursing me more than ten years ago. Why did he increase the power of the curse now? He seems to be in a hurry..."

"The universe competition?"

As Zhu Yan said this, a look of realization appeared on his face.

"So, you want to mess up my plans for the universe!"

"Since you want chaos, then let this world be completely chaotic!"

Zhu Yan's face was filled with a ferocious aura.

His appearance... It was as if he had instantly transformed into a ferocious and hungry wolf, wanting to tear everything into pieces.

Chapter 716 Alliance; Chaos!

Zhu Yan's curse today was only the beginning.

After that, he suffered a stronger curse every day.

Five years later, Zhu Yan became extremely crazy and violent. He had the urge to destroy everything.

Not long after, the Fire God Palace and the Demon Sect joined forces and launched a fierce attack on the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect. The scope of the battle affected several universes.

Chaos and blood continued to spread.

...

Lin Fan was completely oblivious to all of this.

However, a clear notification sounded in his mind.

[Ding! Your enemy's demonic will has exploded because of your curse, and his temperament has changed drastically.]

When Lin Fan heard this, his eyes lit up.

"After spending so many spirit stones, there's finally some effect."

So many spirit stones?

If Lin Fan's words were heard by others, who knew what kind of expression they would have.

One had to know...

In the universe, spirit stones were the lowest and most common cultivation items.

Generally speaking, one spirit crystal could be exchanged for 100 million spirit stones.

This was only the public exchange price.

In fact, very few people would exchange for it like this.

This was because the pure energy contained in spirit crystals was far beyond that of spirit stones.

Generally speaking, only 150 million spirit stones or even 200 million spirit stones for one spirit crystal would be considered.

Ever since he started cursing Zhu Yan, Lin Fan had not spent a total of 100 million spirit crystals.

As for Zhu Yan, he was the palace master of the Fire God Palace. His cultivation base had reached at least the Emperor level!

Such a small price had caused a powerhouse at least at the Emperor level to develop a demonic nature.

It had to be said that the power of the Saint-level Curse was truly shocking.

Lin Fan was still complaining?

In order to appease the dissatisfaction in his heart, Lin Fan cursed Zhu Yan.

...

On the other hand, in the distant starry sky.

The higher-ups of the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect gathered together.

"120 planets of our 10,000 Demons Sect have already been attacked."

"48 planets of our Thunder Sect has been destroyed."

"Forget about the Demon Sect, have all the people from the Fire God Palace gone crazy?"

"Do they really think they can take down all three of us? Who gave them the confidence?"

"I propose to form an alliance of the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect to fight against the Fire God Palace and the Demon Sect."

"Agreed!"

"Agreed!"

... Updated from [novelbln.\(c\)om](http://novelbln.(c)om)

An even more intense chaos continued to spread.

...

Ten years passed in a flash.

In the past ten years, Lin Fan had obtained five Immortal Crystals, four Transcendence Golden Bodies, three King-level equipment, and two Emperor-level equipment from the system.

Lin Fan frowned. "It's been so long. I'm still so close to breaking through to level-nine Universe. That's too slow."

Too slow?

If others heard this, who knew what kind of expression they would have?

One had to know...

A few decades ago, Lin Fan was just an ordinary Star Traveller-level cultivator.

Such a cultivation speed was simply faster than sitting on a rocket.

At this moment, a clear notification sounded in his mind.

[Ding! It's been 95 years since you've obtained the advanced system.
Rewards: Intermediate Rule Upgrade Gem x 1, Immortal Crystal x 1,
Transcendence Golden Body x 1.]

When Lin Fan saw the Intermediate Rule Upgrade Gem, his heart skipped a beat.

He suddenly remembered that he had also obtained one more than ten years ago.

However, he had always forgotten to use it.

Now, they could be used together.

He slowly focused his attention on Life Laws and Death Laws.

[Ding, upgrade successful!]

Instantly, Lin Fan had a deeper understanding of life and death.

With a wave of his hand, a white energy filled with vitality and a black energy filled with death appeared in front of him.

The white energy kept condensing and transforming. Small, nimble people appeared.

The black energy kept twisting, turning into a hideous demon.

It was very strange.

"Whoosh!"

Lin Fan waved his hand once more, and the white energy and black energy dissipated.

Then, with a slight thought, he directly entered the River of Time.

He took a step forward and walked on the path of death.

100 meters.

500 meters.

100 meters.

3,000 meters.

5,000 meters.

...

As he walked farther away, the pressure on Lin Fan's body started to increase.

At 7,200 meters, he finally stopped.

Then, he took a step to the left and walked on the life path.

100 meters.

500 meters.

1,000 meters.

3,000 meters.

5,000 meters.

6,000 meters.

Just as Lin Fan was starting to feel a little tired, a crisp voice suddenly sounded behind him.

"Huh? Your comprehension of Life Laws has actually reached such a level?"

When Lin Fan heard the voice, he turned around slowly.

He saw a woman with a graceful figure, snow-white skin, and exquisite facial features beside him.

It was Kathleen from the Temple of Life.

"A super genius who's less than 2,000 years old..."

Kathleen used her beautiful eyes to size up Lin Fan.

After a while, she said, "Lin Fan, are you willing to join the Temple of Life? With your talent, you can definitely become the disciple of the temple master."

Lin Fan shook his head. "I'm sorry, I don't have any plans to take anyone as my master."

Many people wanted to take a master because they wanted to obtain cultivation techniques, legacies, resources, and so on.

However, Lin Fan did not lack these.

On the contrary, becoming a disciple would also cause him to lose his freedom.

Since that was the case, Lin Fan naturally would not choose to take a master.

"Lin Fan, don't be so quick to reject me. You might not know much about the Temple of Life. The temple master is an Emperor-level powerhouse!

"Now, the Fire God Palace and the Demon Sect have joined forces to attack the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect. This

has caused many universes to fall into chaos, but the Temple of Life has not been affected at all.

"Because the founder of the Temple of Life is a high and mighty Saint Lord!

"If you join the Temple of Life, it'll be easier for you to attract the attention of the Saint Lords."

Obviously, Kathleen thought highly of Lin Fan.

Otherwise, she would not have explained so much.

Lin Fan could feel Kathleen's anticipation.

However, he still shook his head and said, "Sorry, I prefer to be free."

Saint Lord... It was undoubtedly an extremely powerful existence.

The stronger they were, the more they would restrict others.

Furthermore, Lin Fan was confident that he could reach the level of a Saint Lord as well.

Why should he be restricted by others?

Kathleen seemed to have noticed Lin Fan's confidence and could not help but take another look at him.

After a moment, she said, "Since that's the case, I'll teach you some comprehension and cultivation techniques of Life Laws. I hope you can walk farther and farther on the path of life."

After saying that, she stretched out her slender finger and tapped Lin Fan's forehead lightly.

Instantly, Lin Fan's mind was filled with many complicated and profound life attribute insights.

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Kathleen's favorability toward you has increased to five stars.]

When Lin Fan heard the voice, he came back to his senses.

"See you next time," Kathleen said with a smile.

As soon as she finished speaking, she quickly walked away along the life path.

Richest Man: Getting 7 Billion Red Pockets To Start With #Chapter 717 Zhu Yan's Death; Curse! - Read Richest Man: Getting 7 Billion Red Pockets To Start With Chapter 717 Zhu Yan's Death; Curse!

Lin Fan looked at Kathleen's back as she left, and a strange look appeared on his face.

Back then, when he rejected Zhu Yan, the other party directly generated five stars of hatred toward him.

Now, he had also rejected Kathleen, but she had developed a five-star favorability of him?

Lin Fan touched his nose and thought, "Indeed, handsome men are more popular with women."

Then, he walked forward as well.

After getting Kathleen's help, Lin Fan's journey on the life path was much easier.

When he reached 8,100 meters, he had no choice but to stop because of the pressure.

Following that, he walked on the paths of metal, wood, water, fire, earth, yin, yang, and so on. He had a deeper understanding of all the laws.

"Phew!"

After Lin Fan left the River of Time, he let out a breath of air, causing the entire Earth to be filled with a refreshing breeze. It was extremely comfortable.

His cultivation had increased greatly again.

Then, he turned his attention back to Curse and Zhu Yan.

[Do you want to spend one million spirit stones to curse Zhu Yan?]

"Yes!"

In the inner space, one million spirit stones were directly turned into ashes.

...

On the other hand...

In the endless starry sky.

Zhu Yan, the Demon Sect's sect master, the Water God Palace's palace master, the 10,000 Demon Sect's sect master, and the Thunder Sect's sect master were fighting fiercely together.

The space shattered, and the wind howled.

The terrifying aftershock of the battle turned the area within hundreds of thousands of miles into nothingness.

It had to be said that Zhu Yan and the Demon Sect's master's strength was indeed extraordinary.

It was two against three, but they were not at a disadvantage.

In fact, they even suppressed the other party.

Just as Zhu Yan was about to use his ultimate move to heavily injure the palace master of Water God Palace...

At this moment, Zhu Yan's body suddenly emitted a terrifying black aura.

This black gas was like a devil that tightly wrapped around him, causing his face to turn black and white.

He could not help but let out a painful howl.

In a battle between experts, even the slightest mistake could lead to great danger.

The palace master of Water God Palace naturally would not miss this opportunity.

He mobilized his energy and shot out several water columns that were tens of thousands of meters thick from the dimensional space. Like laser beams, they bombarded Zhu Yan from all directions.

Zhu Yan spat out a mouthful of blood. The armor on his body cracked and shattered. He was like a deflated ball, completely dispirited.

When the Demon Sect's sect master saw this, his body froze slightly.

The sect masters of 10,000 Demons Sect and the Thunder Sect seized the opportunity and attacked him together.

The sect master of the Demon Sect had no choice but to dodge in a panic. His figure flashed as he directly arrived beside Zhu Yan. He shouted in a low voice, "Let's go!"

The two of them leaped up and disappeared into the endless void.

Although they had won, the palace master of Water God Palace and the sect masters of the 10,000 Demons Sect and the Thunder Sect did not look too happy.

The three of them looked at each other and started discussing.

"Did you see that just now?"

"Zhu Yan seems to have been cursed."

"Possessing the power to curse Zhu Yan... Who exactly is it?"

The three of them fell into a short silence.

Although they did not want to admit it, Zhu Yan was indeed stronger than them.

If that person could curse Zhu Yan, then they could also curse them.

An existence that hid in the dark and possessed powerful curse power was very terrifying.

...

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Your enemy, Zhu Yan, was greatly affected by your curse and was attacked by an expert. He's seriously injured.]

When Lin Fan heard that, his lips curled up. "He's finally seriously injured. I have to continue working hard!"

The next day, he cursed Zhu Yan as scheduled.

On the third day, he continued to curse him.

...

In the blink of an eye, a year had passed.

In the endless starry sky, in Fire God Palace.

Zhu Yan's body was suddenly filled with endless black gas, and his entire body kept twisting.

He was like a ferocious beast, roaring crazily.

"Ah!

"Who is it? Who's the one cursing?!

"Sect master of the Demon Sect!"

Zhu Yan seemed to have figured everything out.

That was right!

It must be him!

He cursed him, forcing him to form an alliance with him and attack the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect.

No wonder the sect master of the Demon Sect agreed to his request so easily!

Zhu Yan shouted crazily, "He cursed me, causing me to have demonic thoughts in my heart and my soul to shatter! I'll use all my life and energy as the price to curse the master of the Demon Sect!"

His voice spread wildly, rippling through the entire universe, attracting the attention of countless people.

Then, Zhu Yan turned into a huge fireball and rushed up. In the end, he exploded in the air like a huge firework.

Dazzling, resplendent, and flowing lights shot in all directions.

Countless planets shook crazily.

Seeing this...

All the Fire God Palace disciples knelt on the ground dejectedly.

Then, someone shouted loudly.

"I'm irreconcilable with the Demon Sect!"

"We must kill the members of the Demon Sect!"

"Kill the Demon Sect!"

...

In fact, Zhu Yan's voice not only aroused the hatred of the Fire God Palace disciples.

It had also caused the Water God Palace, the 10,000 Demons Sect, the Thunder Sect, and many other large factions to target the Demon Sect.

Firstly, the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect had a grudge against the Demon Sect.

Secondly, since the Demon Sect could curse Zhu Yan to death, they could definitely curse them to death too.

This unknown and terrifying power must be killed!

Hence, the Demon Sect, which was already ostracized by many factions, directly became the target of everyone.

Branches were destroyed one after another, and planets would be occupied one by one...

For a moment, the Demon Sect seemed to have become a rat crossing the street, hated by everyone. New novel chapters are published on

This change caught the Demon Sect off guard.

Many higher-ups were forced to hold an emergency meeting.

"Nearly a third of our Demon Sect's base has been destroyed. We've suffered heavy losses!"

"Right now, it's very difficult for our Demon Sect to recruit new disciples."

"Recruit new disciples? Recently, a large number of old disciples are about to leave the sect."

...

When the people from the Demon Sect said this, they all frowned.

This was definitely the greatest crisis the Demon Sect had faced in countless years.

"Sect Master, have you really mastered the powerful Curse?" someone suddenly asked.

When everyone heard this, they all looked at the tall sect master, whose facial features were hidden in the black fog.

"No." The sect master sighed.

He was also very helpless.

Back then, it was Zhu Yan who had taken the initiative to look for him. He wanted to join forces with him to deal with the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect.

The Demon Sect had a great hatred for these sects to begin with.

Therefore, he did not hesitate at all and agreed immediately.

In the beginning, the master of the Demon Sect was also on guard.

He was worried that Zhu Yan was pretending to cooperate.

However, as time passed, he realized that Zhu Yan really wanted to deal with the Water God Palace, the 10,000 Demons Sect, and the Thunder Sect.

In fact, his actions were quite similar to the Demon Sect.

Hence, the master of the Demon Sect gradually relaxed.

Who would have thought that Zhu Yan would actually do such a thing before he died?

The master of the Demon Sect felt that he had been tricked miserably. It felt as if he had gotten the hot potato.

When the people from the Demon Sect heard this, they sighed.

If their sect master really had such a powerful curse technique, they would not think much of it even if the Demon Sect was in such a great crisis.

This was because his power would be enough to eliminate all dangers.

...

Earth, Coiling Dragon Villa.

Lin Fan, who was in the middle of his cultivation, suddenly heard a crisp notification in his mind.

[Ding! Your enemy, Zhu Yan, died because of your curse.]

[Ding! Congratulations on being the first to kill an Emperor-level expert. You've received the Rainbow Immortal Robe x1, Transcendence Golden Body x1, and Immortal Crystal x1.]

[Rainbow Immortal Robe: Emperor-level equipment. It has a powerful defense that can withstand attacks below the Emperor-level.]

Seeing this...

Lin Fan's eyes lit up. It was another Emperor-level equipment.

At this moment, there was a knock on the door.

Lin Fan sensed it and knew that it was his daughter, Lin Yulian.

Therefore, he opened his mouth and said, "Come in."

Lin Yulian walked in.

Lin Yulian had become a graceful beauty.

She had a slender and tall figure and a ruddy face that was somewhat similar to Hu Tian's. She was very beautiful and cute.

"Yulian, why are you here?" Lin Fan asked dotingly.

"I haven't seen you in a long time. I miss you." Lin Yulian giggled.

After saying that, she wrapped her arms around Lin Fan's neck.

The father-daughter pair chatted for a while, and the atmosphere was very relaxed.

"Dad, I've been having a dream recently," Lin Yulian said.

Lin Fan's heart skipped a beat, but his expression did not change. He asked, "Oh? What kind of dream?"

"In the dream, it seems like I'm supposed to find something. It seems to be quite important," Lin Yulian said. "I searched for a long time, but I couldn't find it."

At this point, Lin Yulian could not help but frown slightly, as if she was still troubled because she had not found it.

Lin Fan said, "It's just a dream. Don't take it to heart."

"Yes, yes." Lin Yulian nodded.

After Lin Yulian left, Lin Fan whispered, "System, what's wrong with Yulian?"

[The answer requires one million spirit stones. Do you wish to inquire?]

"Yes!"

[The trump card left behind by the Immortal Phoenix before it reincarnated can allow it to possess strength that surpasses its previous life and its enemies.]

"What's the trump card?"

[Unknown.]

Lin Fan could not help but frown. He could only put this matter aside for now.

In the blink of an eye, a year had passed.

On this day, Lin Yulian knocked on Lin Fan's door once again.

Lin Yulian's originally rosy face was now slightly pale, and her mental state was extremely poor.

Lin Fan walked in front of Lin Yulian and asked, "Yulian, what's wrong?"

"Dad, I keep having the same dream about looking for something again. Moreover, I often have difficulty breathing, and my energy is chaotic because I can't find it..." Lin Yulian said weakly.

As she spoke, her body went limp, and she fell to the ground.

Lin Fan hurriedly stretched out his hand and transferred a large amount of life force.

After a while, Lin Yulian slowly opened her eyes.

"Yulian, are you alright?" Lin Fan asked with concern.

Lin Yulian shook her head.

Then, she looked up at the blue sky and said, "Dad, I think I can feel where the thing I'm looking for is."

She quietly looked up at the sky, her beautiful eyes filled with yearning.

Lin Fan did not say anything immediately. Instead, he asked the system in his heart.

'If Yulian doesn't go and find that thing, will it affect her?'

[The answer requires one million spirit stones. Do you wish to inquire?]

"Yes!"

[If her energy becomes more chaotic, she'll eventually die! The treasure left behind by the Immortal Phoenix contains a wisp of her true yang soul. If she doesn't fuse with it, she'll die without her true yang.]

When Lin Fan heard this, his face sank.

"Dad, can I go look for that thing?" Lin Yulian asked.

Lin Fan was silent.

Qiu Ziqian walked over from afar.

Looking at Lin Fan's silent expression, she understood immediately.

She said, "Lin Fan, it's not convenient for you to leave Earth. Let Yulian and I go search for it."

For the past year, Qiu Ziqian had seen her daughter suffering from nightmares every day. She was anxious.

Lin Fan thought for a moment and said, "You guys should take ownership of these things and use your souls to contact me."

He really could not leave Earth.

This was because Earth was like a huge treasure trove.

Once he left, it would be extremely dangerous if a powerful enemy attacked.

After saying that, Lin Fan handed over the Rainbow Immortal Robe, True Qilin Armor, and Myriad Dawn Boots.

The Rainbow Immortal Robe and the True Qilin Armor could both block attacks below the Emperor level.

As for the Myriad Dawn Boots, they could allow the wearer's speed to reach the Emperor level.

With these three treasures, they should be enough to ensure their safety.

Qiu Ziqian and Lin Yulian sensed the mysterious aura from the three treasures and knew that they were extraordinary treasures.

They did not decline.

This was because they knew that they might encounter some danger this time.

If something happened to them, Lin Fan would be very sad.

The next day, after everyone in the Coiling Dragon Villa gathered for a sumptuous lunch, Qiu Ziqian and Lin Yulian soared into the sky and instantly turned into light spots, flying straight into the vast universe.

Right now, Qiu Ziqian and Lin Yulian had already reached the Star Traveller level. Traveling in space was not a difficult thing for them.

Xia Bing, Xia Xue, Su Ningjing, Lin Xiaoyao, and the others originally wanted to go with Qiu Ziqian and Lin Yulian.

However, Qiu Ziqian and Lin Yulian politely rejected him.

This was because they did not know how long they would be gone for. In addition, they did not want to bring more people into danger.

Therefore, at this moment, Xia Bing, Xia Xue, Su Ningjing, Lin Xiaoyao, and the others could only quietly watch Qiu Ziqian's and Lin Yulian's departing figures from the Coiling Dragon Villa. At the same time, they silently prayed for them in their hearts.

Five years passed in a flash.

In the past five years, Lin Fan had focused even more on cultivation.

He wanted to have stronger power as soon as possible so that he could better protect his family and the earth. Updated from novelb(i)n.c(o)m

Just like five years ago...

In Lin Fan's opinion, if he had enough strength, he could teleport to where the Immortal Phoenix was hiding. Why would he need Qiu Ziqian and Lin Yulian to risk their lives in the universe?

Just like decades ago...

If Lin Fan had enough power, he could easily bring Lin Chengzhen back.

On this day...

A gust of wind suddenly appeared on the originally peaceful Earth, causing all the trees to sway left and right. The clothes of countless people rustled.

In the next moment...

In the east, a golden light that was like the sun continued to rise and spread, enveloping the entire sky and the entire world in golden light.

In the next moment, a boundless aura that made people want to kneel and worship spread across the entire Earth.

Lin Fan, who was at the center of the golden light, let out a muffled groan.

"Breakthrough!"

The golden light that filled the sky kept twisting and gathering.

Gradually, it turned into the shadow of Lin Fan, who was over 10,000 feet tall and high up in the sky.

A powerful aura like that of a god, an immortal, and a king rolled down.

All of the living beings could not help but kneel down on the ground as a sense of respect toward Lin Fan welled up in their hearts.

Lin Fan had broken through to the King level!

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations on breaking through to the King level. You've obtained Nine Revolutions Defense Array, Transcendence Golden Body x 5, Saint Crystal x 1.]

Lin Fan looked at the five Transcendence Golden Bodies in front of him and nodded.

Then, his gaze fell on the Saint Crystal.

[Saint Crystal: A mysterious crystal that contains surging pure energy. After absorbing it, it can increase the cultivation aptitude of living beings and quickly increase their cultivation.]

All Lin Fan could see were countless gigantic white Spirit Dragons that were soaring high up in the air. They were swimming and circling around the Saint Crystal, giving off an endless amount of energy.

Lin Fan could sense that the energy contained within this Saint Crystal was over 10,000 times that of an Immortal Crystal. The purity of the energy was even higher than that of an Immortal Crystal!

With this Saint Crystal, Lin Fan believed that he would be able to cultivate even faster.

Then, he placed his attention on the Nine Revolutions Defense Array.

[Nine Revolutions Defense Array: A Saint-level array. It has a defensive array that can defend against the attacks of a Saint Lord.]

Seeing this...

Lin Fan's eyes lit up.

Soon, the universe competition would officially begin.

This was a large-scale competition that had attracted the attention of the Saint Lords.

There was no doubt that the formation would be extremely terrifying.

It might even trigger a battle between the Saint Lords.

A while ago, Lin Fan was really worried about this.

Now, he could finally relax a little.

Following that, Lin Fan took out a few million spirit stones, a few thousand spirit crystals, ten Immortal Crystals, and the only Saint Crystal according to the Nine Revolutions Defense Formation in his mind. He placed them in every corner of the Earth in a specific location and method.

Then, he quickly drew out extremely complicated talismans.

In the blink of an eye, a month had passed.

On this day, circles of mysterious talismans rippled and spread across the entire Earth, causing countless people to exclaim and take pictures.

In the end, the talismans all disappeared.

At the same time, all the living beings felt an unprecedented sense of security.

Nine Revolutions Defense Array, complete!

Lin Fan slowly opened the door, and a refreshing breeze blew out.

Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others walked over.

"Lin Fan, you've broken through?"

Lin Fan smiled and nodded. "That's right. I've broken through a realm."

When everyone heard this, they all revealed looks of joy.

The person they liked was getting stronger and stronger.

Then, everyone had a sumptuous lunch and a happy and relaxed night.

The next day, Lin Fan returned to his room and sat down cross-legged.

However, he did not immediately enter the state of cultivation.

Instead, he opened the system interface.

[Xia Bing: Dao companion; Favorability: Ten stars]

When Lin Fan's gaze landed on his relationship, he suddenly realized that Lin Chengzhen's name was faintly discernible.

Seeing this...

Lin Fan's heart tightened.

Based on his past experience, Lin Fan knew that Lin Chengzhen was in danger.

However, Lin Fan did not use his soul to communicate with Lin Chengzhen immediately.

He just looked at his name silently.

That was because Lin Fan did not know if he would affect Lin Chengzhen if he used his soul to communicate with him now, putting him in an even more dangerous situation.

A day later, Lin Chengzhen's name finally stabilized.

Another day passed, and Lin Chengzhen's name did not change.

Hence, Lin Fan used his soul connection.

"Chengzhen," Lin Fan called out softly.

After a while, Lin Chengzhen began to respond.

"Dad!" His voice was very loud.

Lin Fan asked, "Chengzhen, how have you been in the Dark Universe recently?"

"It's pretty good!" Lin Chengzhen said.

Then, he said happily, "Dad, do you know? I'm already at the fifth level of the Star Traveller Realm! Moreover, it won't be long before I can break through to the sixth level!"

One had to know...

Before Lin Chengzhen left Earth, he had not reached the Star Traveller level.

Right now, he was already at the fifth level.

It had to be said that his improvement was truly astonishing.

"Not bad," Lin Fan said.

"If there's anything, feel free to tell me."

"Okay, Dad," Lin Chengzhen said.

"I'll teach you some cultivation techniques now," Lin Fan said.

Hence, Lin Fan passed on the two King-level techniques he had obtained from the system a while ago, the Primordial Fist and the God Slaying Spear, to Lin Chengchen.

Lin Fan said, "Do you remember it?"

"I do!" Lin Chengzhen said happily.

"Alright, train well in the Dark Universe and be careful," Lin Fan said.

"Okay, Dad," Lin Chengzhen said.

The soul communication ended here.

...

In the Dark Universe.

On a jagged cliff.

"Chengzhen, you're finally awake. What happened to you just now?" Li Hao asked.

"My dad was just communicating with me," Lin Chengzhen said.

The two of them were now more than twice as tall as they were on Earth. Their bodies were full of muscles that were like iron lumps.

Lin Chengzhen's originally black hair had turned scarlet, and coupled with the ferocious knife marks, he looked a little terrifying.

"My dad taught me two very powerful cultivation techniques. I think they're at least at the Universe level!"

"Universe-level cultivation techniques?" Li Hao was shocked. "F*ck! Cheng Zhen, where did your dad get such powerful cultivation techniques?"

"Could it be that he's already a Universe-level warrior?"

At this point, Li Hao's tone became even more excited.

They had been living in the Dark Universe for decades, so they were very clear what the Universe level represented.

"I don't know." Lin Chengzhen shook his head.

"Did your dad say when he'll come and save us?" Li Hao asked.

"I didn't tell Dad about our current situation," Lin Chengzhen said.

Pausing, he continued, "Even if my dad is really a Universe-level warrior, this is the Dark Universe... You know as well that we used a one-time one-way teleportation array at that time. If Dad wants to come from Earth, I'm afraid it'll take at least 10,000 years."

"Also, even if dad really comes over, that Moses is a level-nine Universe master. Besides, Moses has a King-level giant behind him."

Level-nine Universe, King-level giant!

These existences were like mountains pressing down on them, making them unable to breathe.

Hearing this, Li Hao sighed slightly and said, "That's true."

"Chengzhen, you were right not to tell your dad."

"Let's practice the cultivation method that my dad taught first." Lin Chengzhen nodded. "Even though the Dark Universe is dangerous, the spiritual energy is extremely pure and abundant. With these techniques, we might be able to break through to the Domain Lord level very quickly!"

"Alright!" Li Hao said.

Speaking of the Domain Lord level, Li Hao's entire body became excited and filled with anticipation.

...

Earth, Coiling Dragon Villa.

After hearing Lin Chengzhen's words, Lin Fan did not feel at ease.

On the contrary, the worry on his face became even more intense.

This was because his son was only reporting the good news and not the bad news. He was probably afraid that he would worry.

The more it was like this, the worse the situation was.

He had to think of a way to help his son.

Lin Fan shifted his eyes.

After a while, he turned his attention to Ma Zheng.

Ma Zheng was the Star Lord of Hong Planet.

Back then, under the invitation of Star Lord Qing Song, Ma Zheng and Lin Fan entered the secret realm together to resolve the Bug Queen crisis.

Later on, the two of them entered the Heavenly Wind World together and obtained great benefits.

After that, Ma Zheng was attacked by the Bug Queen and saved by Lin Fan. From that, he had a good impression of Lin Fan.

After that, Lin Fan never contacted Ma Zheng again.

Now, perhaps he could try a few times and make some arrangements.

Hence, Lin Fan used his soul to communicate with Ma Zheng.

"Ma Zheng."

...

In a spacious cultivation room, Ma Zheng suddenly opened his eyes.

His face was filled with excitement as he called out, "Senior Lin?"

"It's me. How's your cultivation recently?" Lin Fan asked.

"Thanks to your help, I've already reached the fifth level of the Planet Realm!" Ma Zheng said excitedly.

One had to know...

When he first entered the Heavenly Wind World, Ma Zheng was only at the first level of the Planet Realm.

In just a few decades, he had already reached the fifth level of the Planet Realm!

The speed of his breakthrough could not be considered slow.

No wonder he was so excited.

Lin Fan said, "Level-five Planet? You're too weak. I'll teach you a King-level cultivation technique now. Hopefully, that'll speed up your breakthrough."

King-level cultivation technique?

Even though Lin Fan was not in front of him.

However, Ma Zheng still knelt on the ground and said in an extremely serious tone, "Senior Lin, from today onward, you're my master. I'm willing to serve you with no regrets even if I die!"

Ma Zheng was a very smart person.

No merit, no reward.

As for a legendary thing like a King-level cultivation technique, he was simply unable to take out something that matched it.

He could only sacrifice himself!

"Alright!" Lin Fan said.

"I'll give you a mission now. Join a large faction and continuously obtain greater power!"

"Yes, sir!" Ma Zheng said respectfully.

"Yes, the cultivation technique I'm teaching you is called the Primordial Fist," Lin Fan said.

After a series of explanation and teaching, Ma Zheng finally remembered the Primordial Fist in his heart.

The soul communication ended here.

Ma Zheng, who was sitting in the cultivation room, slowly opened his eyes. His face revealed unconcealable joy.

It was not just because he had obtained a King-level skill, but it was also because he had become Lin Fan's man.

Back then, when Ma Zheng and Lin Fan entered the Heavenly Wind World together, he already knew that Lin Fan was extremely powerful.

Later on, Ma Zheng was chased by the Bug Queen.

However, she died not long after.

Later on, the father of the Bug Queen, the king of the Bug Realm, also died suddenly.

Although Ma Zheng did not know how the Bug Queen and her father died, he had a feeling that these two things were related to Lin Fan.

To be able to kill two super powerful beings across space, just how strong was Lin Fan?

In Ma Zheng's heart, Lin Fan was already a supreme existence that had transcended the world.

It was his destiny to work for such an existence.

That was right!

It was an opportunity!

...

After Lin Fan ended his conversation with Ma Zheng, he entered his cultivation state once again.

Three years passed in a flash.

In the past three years, Lin Fan had obtained three Immortal Crystals, two Transcendence Golden Bodies, and one Emperor-level skill from the system.

At the same time, his cultivation had also increased to a certain extent.

On this day, Lin Fan heaved a sigh of relief.

Then, he glanced at the system's interpersonal relationships.

This was something that Lin Fan had been doing for the past few years.

He wanted to know the situation of his family.

Everything was normal.

Just as Lin Fan was about to retract his gaze, he suddenly saw Qiu Ziqian's and Lin Yulian's names flashing.

They had encountered danger!

Lin Fan's face turned cold as he stared at their names.

Fortunately... their names only flashed for a few minutes before returning to normal.

However, Lin Fan still had to wait for an entire day before he could communicate with them.

"Ziqian, Yulian, what happened yesterday?" Lin Fan asked.

"A few days ago, we were accidentally seen by someone," Qiu Ziqian said. "Then, we were intercepted. Fortunately, we managed to get rid of them for the time being."

Lin Fan said, "Do you know who intercepted you?"

"I heard them say that their master seems to be called Lord Kadin," Qiu Ziqian said.

Lin Fan nodded his head and said, "How is Yulian's health now?"

"Dad, I only have that dream occasionally now. My body is much better than before. In addition, my cultivation has also started to increase!" Lin Yulian said happily.

Lin Fan said, "That's good..."

The family of three chatted for a while more before ending their soul communication.

Lin Fan turned to the system and said, "Can I curse Kadin, who intercepted Qiu Ziqian and Lin Yulian?"

[The answer requires 10,000 spirit stones. Do you wish to inquire?]

"Yes!"

[You can curse him.]

[Kadin: Level-five Universe cultivator. He's the sect master of the Thunderbolt Sect. Because his subordinate discovered that Qiu Ziqian and Lin Yulian had treasures, he has the intention of snatching them and killing them.]

Snatching treasures?

Killing them?

Seeing this...

Lin Fan's face turned cold.

[Do you wish to use 1,000,000 spirit stones to curse Kadin?]

"Yes!" Lin Fan said without hesitation.

Instantly, a large number of spirit stones stored in the inner space shattered and turned into streams of light that disappeared.

Chapter 718 First To Kill An Emperor-Level Expert; Lin Yulian's Dream

The master of the Demon Sect felt that he had been tricked miserably. It felt as if he had gotten the hot potato.

When the people from the Demon Sect heard this, they sighed.

If their sect master really had such a powerful curse technique, they would not think much of it even if the Demon Sect was in such a great crisis.

This was because his power would be enough to eliminate all dangers.

...

Earth, Coiling Dragon Villa.

Lin Fan, who was in the middle of his cultivation, suddenly heard a crisp notification in his mind.

[Ding! Your enemy, Zhu Yan, died because of your curse.]

[Ding! Congratulations on being the first to kill an Emperor-level expert. You've received the Rainbow Immortal Robe x1, Transcendence Golden Body x1, and Immortal Crystal x1.]

[Rainbow Immortal Robe: Emperor-level equipment. It has a powerful defense that can withstand attacks below the Emperor-level.]

Seeing this...

Lin Fan's eyes lit up. It was another Emperor-level equipment.

At this moment, there was a knock on the door.

Lin Fan sensed it and knew that it was his daughter, Lin Yulian.

Therefore, he opened his mouth and said, "Come in."

Lin Yulian walked in.

Lin Yulian had become a graceful beauty.

She had a slender and tall figure and a ruddy face that was somewhat similar to Hu Tian's. She was very beautiful and cute.

"Yulian, why are you here?" Lin Fan asked dotingly.

"I haven't seen you in a long time. I miss you." Lin Yulian giggled.

After saying that, she wrapped her arms around Lin Fan's neck.

The father-daughter pair chatted for a while, and the atmosphere was very relaxed.

"Dad, I've been having a dream recently," Lin Yulian said.

Lin Fan's heart skipped a beat, but his expression did not change. He asked, "Oh? What kind of dream?"

"In the dream, it seems like I'm supposed to find something. It seems to be quite important," Lin Yulian said. "I searched for a long time, but I couldn't find it."

At this point, Lin Yulian could not help but frown slightly, as if she was still troubled because she had not found it.

Lin Fan said, "It's just a dream. Don't take it to heart."

"Yes, yes." Lin Yulian nodded.

After Lin Yulian left, Lin Fan whispered, "System, what's wrong with Yulian?"

[The answer requires one million spirit stones. Do you wish to inquire?]

"Yes!"

[The trump card left behind by the Immortal Phoenix before it reincarnated can allow it to possess strength that surpasses its previous life and its enemies.]

"What's the trump card?"

[Unknown.]

Lin Fan could not help but frown. He could only put this matter aside for now.

In the blink of an eye, a year had passed.

On this day, Lin Yulian knocked on Lin Fan's door once again.

Lin Yulian's originally rosy face was now slightly pale, and her mental state was extremely poor.

Lin Fan walked in front of Lin Yulian and asked, "Yulian, what's wrong?"

"Dad, I keep having the same dream about looking for something again. Moreover, I often have difficulty breathing, and my energy is chaotic because I can't find it..." Lin Yulian said weakly.

As she spoke, her body went limp, and she fell to the ground.

Lin Fan hurriedly stretched out his hand and transferred a large amount of life force.

After a while, Lin Yulian slowly opened her eyes.

"Yulian, are you alright?" Lin Fan asked with concern.

Lin Yulian shook her head.

Then, she looked up at the blue sky and said, "Dad, I think I can feel where the thing I'm looking for is."

She quietly looked up at the sky, her beautiful eyes filled with yearning.

Lin Fan did not say anything immediately. Instead, he asked the system in his heart.

'If Yulian doesn't go and find that thing, will it affect her?'

[The answer requires one million spirit stones. Do you wish to inquire?]

"Yes!"

[If her energy becomes more chaotic, she'll eventually die! The treasure left behind by the Immortal Phoenix contains a wisp of her true yang soul. If she doesn't fuse with it, she'll die without her true yang.]

When Lin Fan heard this, his face sank.

"Dad, can I go look for that thing?" Lin Yulian asked.

Lin Fan was silent.

Qiu Ziqian walked over from afar.

Looking at Lin Fan's silent expression, she understood immediately.

She said, "Lin Fan, it's not convenient for you to leave Earth. Let Yulian and I go search for it."

For the past year, Qiu Ziqian had seen her daughter suffering from nightmares every day. She was anxious.

Lin Fan thought for a moment and said, "You guys should take ownership of these things and use your souls to contact me."

He really could not leave Earth.

This was because Earth was like a huge treasure trove.

Once he left, it would be extremely dangerous if a powerful enemy attacked.

After saying that, Lin Fan handed over the Rainbow Immortal Robe, True Qilin Armor, and Myriad Dawn Boots.

The Rainbow Immortal Robe and the True Qilin Armor could both block attacks below the Emperor level.

As for the Myriad Dawn Boots, they could allow the wearer's speed to reach the Emperor level.

With these three treasures, they should be enough to ensure their safety.

Qiu Ziqian and Lin Yulian sensed the mysterious aura from the three treasures and knew that they were extraordinary treasures.

They did not decline.

This was because they knew that they might encounter some danger this time.

If something happened to them, Lin Fan would be very sad.

The next day, after everyone in the Coiling Dragon Villa gathered for a sumptuous lunch, Qiu Ziqian and Lin Yulian soared into the sky and instantly turned into light spots, flying straight into the vast universe.

Right now, Qiu Ziqian and Lin Yulian had already reached the Star Traveller level. Traveling in space was not a difficult thing for them.

Xia Bing, Xia Xue, Su Ningjing, Lin Xiaoyao, and the others originally wanted to go with Qiu Ziqian and Lin Yulian.

However, Qiu Ziqian and Lin Yulian politely rejected him.

This was because they did not know how long they would be gone for. In addition, they did not want to bring more people into danger.

Therefore, at this moment, Xia Bing, Xia Xue, Su Ningjing, Lin Xiaoyao, and the others could only quietly watch Qiu Ziqian's and Lin Yulian's departing figures from the Coiling Dragon Villa. At the same time, they silently prayed for them in their hearts.

Five years passed in a flash.

In the past five years, Lin Fan had focused even more on cultivation.

He wanted to have stronger power as soon as possible so that he could better protect his family and the earth.

Just like five years ago...

In Lin Fan's opinion, if he had enough strength, he could teleport to where the Immortal Phoenix was hiding. Why would he need Qiu Ziqian and Lin Yulian to risk their lives in the universe?

Just like decades ago...

If Lin Fan had enough power, he could easily bring Lin Chengzhen back.

On this day...

A gust of wind suddenly appeared on the originally peaceful Earth, causing all the trees to sway left and right. The clothes of countless people rustled.

In the next moment...

In the east, a golden light that was like the sun continued to rise and spread, enveloping the entire sky and the entire world in golden light.

In the next moment, a boundless aura that made people want to kneel and worship spread across the entire Earth.

Lin Fan, who was at the center of the golden light, let out a muffled groan.

"Breakthrough!"

Chapter 719 Advancement; Saint-Level Defense Array!

The golden light that filled the sky kept twisting and gathering.

Gradually, it turned into the shadow of Lin Fan, who was over 10,000 feet tall and high up in the sky.

A powerful aura like that of a god, an immortal, and a king rolled down.

All of the living beings could not help but kneel down on the ground as a sense of respect toward Lin Fan welled up in their hearts.

Lin Fan had broken through to the King level!

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations on breaking through to the King level. You've obtained Nine Revolutions Defense Array, Transcendence Golden Body x 5, Saint Crystal x 1.]

Lin Fan looked at the five Transcendence Golden Bodies in front of him and nodded.

Then, his gaze fell on the Saint Crystal.

[Saint Crystal: A mysterious crystal that contains surging pure energy. After absorbing it, it can increase the cultivation aptitude of living beings and quickly increase their cultivation.]

All Lin Fan could see were countless gigantic white Spirit Dragons that were soaring high up in the air. They were swimming and circling around the Saint Crystal, giving off an endless amount of energy.

Lin Fan could sense that the energy contained within this Saint Crystal was over 10,000 times that of an Immortal Crystal. The purity of the energy was even higher than that of an Immortal Crystal!

With this Saint Crystal, Lin Fan believed that he would be able to cultivate even faster.

Then, he placed his attention on the Nine Revolutions Defense Array.

[Nine Revolutions Defense Array: A Saint-level array. It has a defensive array that can defend against the attacks of a Saint Lord.]

Seeing this...

Lin Fan's eyes lit up.

Soon, the universe competition would officially begin.

This was a large-scale competition that had attracted the attention of the Saint Lords.

There was no doubt that the formation would be extremely terrifying.

It might even trigger a battle between the Saint Lords.

A while ago, Lin Fan was really worried about this.

Now, he could finally relax a little.

Following that, Lin Fan took out a few million spirit stones, a few thousand spirit crystals, ten Immortal Crystals, and the only Saint Crystal according to the Nine Revolutions Defense Formation in his mind. He placed them in every corner of the Earth in a specific location and method.

Then, he quickly drew out extremely complicated talismans.

In the blink of an eye, a month had passed.

On this day, circles of mysterious talismans rippled and spread across the entire Earth, causing countless people to exclaim and take pictures.

In the end, the talismans all disappeared.

At the same time, all the living beings felt an unprecedented sense of security.

Nine Revolutions Defense Array, complete!

Lin Fan slowly opened the door, and a refreshing breeze blew out.

Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others walked over.

"Lin Fan, you've broken through?"

Lin Fan smiled and nodded. "That's right. I've broken through a realm."

When everyone heard this, they all revealed looks of joy.

The person they liked was getting stronger and stronger.

Then, everyone had a sumptuous lunch and a happy and relaxed night.

The next day, Lin Fan returned to his room and sat down cross-legged.

However, he did not immediately enter the state of cultivation.

Instead, he opened the system interface.

[Host: Lin Fan]

[Lin Xiaoyao: Sister; Favorability: Ten stars]

[Xia Xue: Dao companion; Favorability: Ten stars]

[Xia Bing: Dao companion; Favorability: Ten stars]

When Lin Fan's gaze landed on his relationship, he suddenly realized that Lin Chengzhen's name was faintly discernible.

Seeing this...

Lin Fan's heart tightened.

Based on his past experience, Lin Fan knew that Lin Chengzhen was in danger.

However, Lin Fan did not use his soul to communicate with Lin Chengzhen immediately.

He just looked at his name silently.

That was because Lin Fan did not know if he would affect Lin Chengzhen if he used his soul to communicate with him now, putting him in an even more dangerous situation.

A day later, Lin Chengzhen's name finally stabilized.

Another day passed, and Lin Chengzhen's name did not change.

Hence, Lin Fan used his soul connection.

"Chengzhen," Lin Fan called out softly.

After a while, Lin Chengzhen began to respond.

"Dad!" His voice was very loud.

Lin Fan asked, "Chengzhen, how have you been in the Dark Universe recently?"

"It's pretty good!" Lin Chengzhen said.

Then, he said happily, "Dad, do you know? I'm already at the fifth level of the Star Traveller Realm! Moreover, it won't be long before I can break through to the sixth level!"

One had to know...

Before Lin Chengzhen left Earth, he had not reached the Star Traveller level.

Right now, he was already at the fifth level.

It had to be said that his improvement was truly astonishing.

"Not bad," Lin Fan said.

"If there's anything, feel free to tell me."

"Okay, Dad," Lin Chengzhen said.
