

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 721 Powerful Curse; Master!

Thunderbolt Sect.

The tall Kadin was lying on his side on a beast leather chair, hugging a beautiful woman and drinking fine wine. He would occasionally let out a carefree laugh.

When Kadin drank another glass of fine wine, his body suddenly suffused with dense black gas.

Kadin's entire body kept twisting, and then he let out a beast-like roar, bursting out with a powerful force.

The beauty beside him burst like a bubble, turning into a bloody mist that filled the sky.

The changes here quickly attracted the attention of the people from the Thunderbolt Sect.

When they saw Kadin's pained expression, they could not help but exclaim in horror, "Sect Master, what's wrong?"

However, Kadin was not in the mood to answer.

His eyes were bloodshot as he kept turning his head.

Then, he kept swinging his fists and palms in all directions.

One after another, the disciples of the Thunderbolt Sect were blasted into nothingness. They were so frightened that they kept running and screaming from time to time.

"Sect Master has gone crazy!"

"The sect master has gone mad!"

"Everyone, be careful!"

Their running and shouting seemed to have aroused Kadin's interest in killing.

Kadin kept swinging his saber, bursting out with a mighty gale. He formed ferocious ravines on the ground.

A moment later, Kadin seemed to have used up all his strength, and his figure suddenly stopped.

Then, like a deflated balloon, he fell straight to the ground and lost all his vitality.

Kadin was dead!

The entire Thunderbolt Sect was completely destroyed.

Qiu Ziqian's and Lin Yulian's crisis was resolved.

...

Earth, Coiling Dragon Villa.

A crisp notification rang out in Lin Fan's mind.

[Ding! Kadin has been cursed by you and has five-star hatred toward you.]

[Ding! Kadin was cursed by you and died because of his inner demons and broken soul.]

[Ding! You got the first kill of a level-five Universe cultivator. You've obtained 5,000,000 experience points.]

When Lin Fan heard that, he was stunned for a moment.

Then, he revealed a smile.

He had only cursed for a day.

He did not expect Kadin to die just like that.

In fact, this was normal.

One had to know...

The current Curse was at the Saint level.

Even Saint Lords could be cursed.

Kadin was only a level-five Universe cultivator, so how could he possibly resist?

From now on, would he curse his enemies every time?

Lin Fan frowned.

After all, Curse could only be used once a day.

The number of his enemies... was unknown.

He slowly raised his head and looked outside the Coiling Dragon Villa.

The Coiling Dragon Villa had displayed miracles several times in a row, and many rumors had already formed on Earth.

It was said that immortals lived in the Coiling Dragon Villa.

It was said that there was a saint in the Coiling Dragon Villa.

There were also people who said that the Coiling Dragon Villa was the residence of the great man, Lin Fan.

...

It was precisely because of these rumors that more and more people came to the Coiling Dragon Villa.

Some of them had encountered difficulties and wanted to ask Lin Fan for help.

Some were curious...

Lin Fan had long since known about this.

However, he never paid any attention to it.

But now, his thoughts had changed.

Perhaps he could recruit some people and form his own force to better protect his family and the earth.

After all these years of research and development, Lin Fan had gained a certain level of understanding of Heavenly Eyes. Now, not only could Heavenly Eyes see the weaknesses of his enemies, but he could also use the safest and fastest way to deal with them.

In addition, he could also see the talent of others in various laws.

Lin Fan swept his gaze over. Not long after, he discovered a man with a soaring sword energy hidden within his body and a man with a raging flame suppressed in his heart.

Both of them were extremely talented in Sword and Fire Laws.

Even Lin Fan's eyes lit up when he caught sight of them.

"How did I fail to discover them in the past... If they're properly nurtured, perhaps they might really have some effect."

At this moment, these two men were just like many people who wanted Lin Fan to show his spirit. They knelt down quietly on the ground.

After kowtowing for a long time, there was no response. Some people gradually became suspicious and discussed from time to time.

"Are there any immortals in this Coiling Dragon Villa?"

"Is it any use for us to kneel down like this?"

"I'll leave after kneeling for another afternoon."

"It's better to rely on ourselves than others. Let's go!"

...

Some people began to have doubts about the Coiling Dragon Villa because of everyone's discussion. They slowly stood up and walked into the distance.

A short and thin man said, "Li Ke, we've been kneeling for more than half a month, but there's no response at all. Let's go back."

Li Ke shook his head and said, "You can go back. I can only obtain a chance at cultivating with him... If he really exists."

The short and thin man looked at Li Ke's serious expression and knew that it was useless to persuade him. He sighed and said, "Alright, then I'll go back first."

...

On the other hand, the medium-sized Qin Menghu heard the discussions of the people around him and had the idea of leaving.

Just as he was hesitating whether to get up...

A dazzling golden light suddenly appeared in the sky.

Dazzling and resplendent, it was like a golden sun that had suddenly appeared in the sky.

It was Lin Fan.

When everyone saw him, the entire scene fell silent.

After a while, the people started kowtowing again.

"Please help me."

"Please accept me as your disciple."

"I beg you..."

Lin Fan looked at Li Ke and Qin Menghu, who were kowtowing like most people, and said, "Come in."

As soon as he finished speaking, he raised his hand and tapped lightly. Li Ke and Qin Menghu flew into the air like balloons and quickly headed toward the Coiling Dragon Villa.

This scene attracted the attention of many people.

The divine being in the Coiling Dragon Villa had appeared!

Suddenly, more and more people from all over the world gathered.

They wanted to use their sincerity to move Lin Fan. They wanted him to help them fulfill their wishes so that they could go to greater heights.

Regarding these...

Lin Fan did not care at all.

After he brought Li Ke and Qin Menghu into the Coiling Dragon Villa, he taught them a few simple cultivation methods. Then, he said to Lil Stone, "When you have time, guide them."

Lil Stone agreed.

After Lin Fan left, Li Ke and Qin Menghu could no longer hide their joy. Their faces were all smiles.

They felt that in the Coiling Dragon Villa, they were constantly getting stronger with every breath they took.

In addition to the cultivation method that Lin Fan had taught them, they were confident that they could reach a height that they could never reach before.

Lil Stone looked at the two happy people and coughed lightly. He said, "You two, come with me."

Chapter 722 Big Brother; Mission Failed!

All along, Little Rock had been treated like a child.

Now that two new people had arrived, he felt like he had become an adult.

Little Rock brought Li Ke and Qin Menghu to the Path-Understanding Tree and sat down.

When they approached the Path-Understanding Tree, their bodies immediately became ethereal and comfortable.

The energy in his body surged like a river and continued to grow.

Their faces were filled with surprise and fanaticism.

Cultivation...

If he cultivated here, he would definitely... He could definitely become unimaginably powerful at an unimaginable speed!

Little Rock saw the changes in their expressions and wanted to laugh in his heart.

Then, he said, "You guys can cultivate here. In the future, if you encounter any problems, just call me Big Brother. Then, ask."

In the past, whenever he wanted to ask Lin Yulian about it, she would ask him to call her big sister.

All along, Little Rock had been looking forward to someone asking him questions so that he could be the big brother.

Now, there was finally hope.

Li Ke and Qin Menghu were still overjoyed by the rapid increase in energy in their bodies and did not notice this detail at all.

"Oh right, how should we eat?" Qin Menghu asked.

Little Rock's face turned stiff.

"Ah... Big...Big brother." Qin Menghu said obediently.

When Little Rock heard this, he immediately smiled and said, "There are many mutated beasts in the Coiling Dragon Villa. There are many spiritual fruits, spiritual trees, spiritual tea, and spiritual rice that can be eaten."

Monsters?

Spiritual fruit?

Spiritual rice?

Qin Menghu and Li Ke were shocked again.

....

Time flew by like water.

On this day, Lin Fan, who was in the midst of his cultivation, suddenly heard a crisp notification in his mind.

[Ding! [You have chosen to give up the mission: Obtained Great Dao Fragment x1, Saint Crystal x1, Transcendence Golden Body x5, Imperial Level Cultivation Technique Upgrade Gem x1.]

When Lin Fan heard this, he broke out into a smile.

"As expected, giving up the mission can also be rewarded. Moreover, the reward is quite good."

Back when the Universe Competition mission appeared, Lin Fan was still a little hesitant.

The main reason was that the mission rewards were too generous.

From the looks of it, giving up wasn't a bad idea.

Lin Fan nodded towards the five Transcendence Golden Bodies.

Then, he moved the Saint Crystals and Great Dao Fragments to the Path-Understanding Tree.

"Boom!"

With a soft sound, the ground shook.

The pure energy surged like a tsunami.

Li Ke and Qin Menghu, who were in a state of cultivation, opened their eyes at the same time. Their faces revealed a touch of surprise.

Because, just now... They had all absorbed incomparably pure and enormous energy, allowing their cultivation to advance in one fell swoop.

"Big brother, what happened?" Qin Menghu and Li Ke said excitedly.

"Look at your good-for-nothings!" Little Rock said. Needless to say, Master had broken through!"

When Li Ke and Qin Menghu heard that, they couldn't help but turn around and look at where Lin Fan was. Their eyes were filled with respect.

....

After Lin Fan woke up from his cultivation state, he did not cultivate again. Instead, he placed his attention outside the Coiling Dragon Villa.

Now, hundreds of thousands of people had gathered around the Coiling Dragon Villa.

Moreover, the crowd continued to increase as time passed.

Ever since Lin Fan appeared and brought Li Ke and Qin Menghu into the Coiling Dragon Villa, this place had become a true holy land.

Regarding this...

Lin Fan was happy to see this happen.

He used his Heavenly Eye to scan the area and soon, his gaze landed on two men and a woman.

They had decent Death, Metal, and Life talents respectively.

With a flash of his body, Lin Fan appeared in the air.

A powerful aura spread in all directions, as if a king had descended.

Everyone present knelt on the ground in excitement.

With a wave of his hand, Lin Fan sent the two men and one woman who were kneeling on the ground with the others into the air.

"Are you willing to follow me?"

"I'm willing!" The three of them spoke in unison, incomparably excited.

The current Earth had long become a world where the strong were respected.

As for Lin Fan...Without a doubt, he was the strongest person on Earth.

Following Lin Fan was something they had always wanted to do.

Now that it could become reality, how could he refuse?

Lin Fan nodded. With a flash, he brought the three of them into the Coiling Dragon Villa.

Only hundreds of thousands of people were left, still kowtowing.

"Little Rock, I'll leave them to you to guide." Lin Fan said.

"Yes, Master!" Little Rock replied happily."

Lin Fan nodded and returned to his room.

The two men and one woman didn't hear Lin Fan and Little Rock's words clearly.

That was because they were all shocked by the dense spiritual energy in the Coiling Dragon Villa.

"What are you three standing there for?" Little Rock raised his head. By the way, what are your names?"

Only then did the three of them react.

"My name is Zheng Cong."

"My name is Song Wenxuan."

"My name is Riemann."

Little Rock nodded. "Alright, I'll remember you. I'll teach you a few simple cultivation methods first. If you don't understand anything, feel free to ask me!" Remember to call me big brother!"

Big brother?

The three of them looked at each other with strange expressions.

However, they still nodded in agreement.

....

After Lin Fan returned to his room, he started to check the character relationships on the system interface.

He wanted to know his family's situation at all times.

Lin Fan's face turned cold.

That was because Qiu Ziqian and Lin Yulian's names were flashing non-stop.

They... He had encountered danger again.

Moreover, it was extremely dangerous!

This time, the flickering lasted for a full week before it slowly calmed down.

Lin Fan stared at their names for a week.

He waited for another two days before using Soul Communication on Qiu Ziqian and Lin Yulian.

"Ziqian, Yulian, how are you guys doing?" Lin Fan asked.

When Qiu Ziqian and Lin Yulian heard Lin Fan's voice, they were extremely excited.

"Lin Fan!"

"Dad!"

All these years, the two of them had been following Lin Yulian's guidance in her dream and had been on their way.

Originally, it was considered smooth.

However, when she arrived at the destination in her dream, Lin Yulian realized that the item was gone.

Therefore, she went to the building to buy information.

Who knew...Not long after she asked, she was chased by many demon beasts.

If not for the Emperor grade equipment that Lin Fan had given them, they would have probably died long ago.

When Lin Fan heard that, he immediately made a judgment.

This was probably done by the enemy of the Immortal Phoenix in Lin Yulian's previous life. After comforting the two for a while, they ended the soul communication.

Then, Lin Fan said, "System, can I curse the person behind Qiu Ziqian and Lin Yulian?"

[Requires 1 million spirit stones. Do you wish to inquire?]

One million spirit stones?

The person behind the scenes was indeed extraordinary.

"Ask!" Lin Fan said.

Richest Man: Getting 7 Billion Red Pockets To Start With #Chapter 723 Growing Black Pot; Increasing Favorability! - Read Richest Man: Getting 7 Billion Red Pockets To Start With Chapter 723 Growing Black Pot; Increasing Favorability! Online - All Page - Novel Bin

Chapter 723 Growing Black Pot; Increasing Favorability!

[Too handsome. Level 5 Martial Monarch Realm cultivator, Myriad Demon Sect Master. Lin Yulian was the enemy of the immortal phoenix in her previous life. She knew that the immortal phoenix had a backup plan, so she

had already planned to wait for the reincarnation of the immortal phoenix to come. Now, she suspected that Lin Yulian was the reincarnation of the immortal phoenix, so she attacked her.]

Emperor level 5!

After Zhu Yan, this was the second Emperor level being who had interacted with Lin Fan.

Ever since Lin Fan became a King level being, he could now check the levels of King and Emperor level beings.

[Do you wish to use one million spirit stones to curse Taijun?]

Lin Fan had already cursed Zhu Yan, who was a monarch level being, to death. Now that he was going to curse another one, he would not feel any burden at all.

"Yes, sir!"

Suddenly, a large number of spirit stones in the inner space shattered and turned into flowing lights that filled the sky and disappeared.

....

At this moment, in the Thearch Palace of the Demon Region.

Tai Jun sat on the bench, quietly listening to his subordinate's report.

At this moment, a wisp of black gas suddenly spread out from Tai Jun's body. He raised his eyebrows and forcefully suppressed the black gas.

Although the time was very short.

However, it also attracted the attention of many people.

"I've been cursed!" Tai Jun's expression was ugly as he said."

As soon as he said this, the entire hall immediately fell silent.

Curse!

This was definitely the most terrifying thing that had happened.

That was because the Fire God Palace's Palace Master, Zhu Yan, had died due to the curse not long ago.

It was also because of the curse that the Fire God Palace had fallen from a top-tier faction to a second-tier faction.

"Right now, attacking the Demon Sect is the top priority!" Tai Jun said in a deep voice.

Clearly, he thought that the person who cursed him was from the demonic sect.

It was no wonder that he would think so.

After all, before Zhu Yan died, he had already announced to the world that the Demon Sect Master had cursed him.

Such a terrifying curse must have come from the same person.

In addition, the Ten Thousand Fey Sect had indeed been killing the fiend sects in the past few years.

The Demon Sect Master had a reason to deal with him.

"Yes!" The members of the Ten Thousand Demon Sect said in unison.

Therefore, the Myriad Demon Sect launched the most intense encirclement and suppression against the demonic sect.

There was no such thing as an impenetrable wall in the world.

The news of Tai Jun being cursed by the Demon Sect Master quickly spread.

After the Water God Palace's Palace Lord and the Lightning Sect's Sect Master learned of this, they also began to increase their attacks on the fiend sects.

That was because unknown and powerful forces were the most terrifying.

They were also worried that they would also be cursed by the Demon Sect Master.

After the Demon Sect received the news, they felt like they were eating coptis root in silence.

No matter how they explained, no one believed them.

The black pot was getting bigger and bigger.

....

Lin Fan didn't care about any of this at all.

He always maintained the rhythm of being too handsome whenever he had free time.

Five years passed in a flash.

"Roar!"

Tai Jun roared at the sky, bursting out with a powerful gale that sent everyone in the palace flying. His entire person became like a demon king, incomparably ferocious.

"Kill, kill, kill!"

"I want to kill everything!"

....

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! [Your enemy is too handsome. Due to your curse, his inner demons have greatly increased.]]

Lin Fan said softly, "Finally, the heart demon has grown?" As a celebration, let's have a curse set meal."

"Whoosh!"

The one million Spiritual Stones in the inner space shattered and turned into a stream of light that disappeared.

Then, Lin Fan used his soul to communicate with Ma Zheng.

After all, Ma Zheng was now his subordinate.

It was not good to not contact each other for too long.

"Ma Zheng."

....

Ma Zheng, who was sitting cross-legged, suddenly opened his eyes.

Even though he didn't see Lin Fan, he still knelt on the ground and said respectfully, "Master!"

Lin Fan said, "How's the situation recently?"

"I've already joined the Raincloud Altar, a subsidiary force of the Water God Palace. Furthermore, I've become a team leader of the Raincloud Altar..." Ma Zheng replied.

It had to be said that Ma Zheng was indeed quite capable.

No matter what, the Raincloud Sanctum was a rather famous faction.

It was not easy to achieve such an achievement in just a few years.

The reason why Ma Zheng was so respectful to Lin Fan was because he had joined the Raincloud Sanctum.

This was because the Raincloud Sanctum had its own intelligence network.

Ma Zheng heard that the Insect Emperor and the King of the Insect Realm had both died from a curse.

In addition, the Fire God Palace Lord and the Myriad Demon Sect's Sect Master were also subjected to a terrifying curse.

Among them, the Fire God Palace Lord was dead, and the Myriad Demon Sect's Sect Master had become a demon.

Now, the various universes were saying that this was all done by the Demon King.

However, Ma Zheng had a feeling that perhaps... This was done by Lin Fan.

If that was the case, how strong would Lin Fan be?

Every time Ma Zheng thought about it, his heart would be filled with endless admiration for Lin Fan.

He understood that he had followed a truly important person!

This was also the reason why Ma Zheng was so respectful to Lin Fan.

Lin Fan was satisfied, "Not bad!" What realm are you at now?"

"Master, I'm currently at the 6th level of the planet realm." Ma Zheng said.

In a few years, his cultivation had increased by one level. The speed was not bad.

Lin Fan muttered, "It's still a little slow. How about this? I'll teach you a breathing technique."

Hence, Lin Fan imparted the Xuanhuang Breathing Technique to him.

After ending the soul communication, Ma Zheng inhaled and exhaled according to the breathing technique.

"Whoosh!"

The spiritual energy in the air surged into his body like a tidal wave.

Ma Zheng suddenly realized that one breath of his was comparable to several days of bitter cultivation!

If this continued, how fast would his cultivation speed be?

This was definitely an amazing breathing technique!

Ma Zheng, who had just stood up, knelt on the ground again and said firmly, "Thank you, Master! Thank you, Master!"

....

[Ding! Ma Zheng's favorability towards you has increased to 8 stars.]

When Lin Fan heard this, his face revealed a look of satisfaction.

He had not taught her the breathing technique in vain.

Then, Lin Fan looked up at Xia Bing, Xia Xue, Hu Tian, and Huang Ling who were cultivating hard. As well as Little Rock, Li Ke, and Qin Menghu.

Their cultivation had all increased greatly, and it was still increasing at every moment.

However, it was still not enough. Moreover, some people seemed to have deviated from the norm.

Hence, Lin Fan took a step forward and appeared before everyone.

When Hu Tian, Xia Xue, Xia Bing, Su Ningjing, and the others saw Lin Fan, their faces immediately bloomed like flowers.

"Lin Fan!" they said happily.

Little Rock, Li Ke, Qin Menghu, Zheng Cong, Song Wenxuan, Riemann, and the others bowed and said in a respectful and excited tone, "Greetings, Master!"

Master?

That's right!

It was Master.

At first, Li Ke, Qin Menghu, Zheng Cong, Song Wenxuan, and Riemann wanted to be Lin Fan's disciples.

But now, they no longer had such thoughts.

Because they felt that they were not worthy.

Didn't they see that their big brother, Little Rock, also called Lin Fan Master?

Lin Fan nodded at everyone and said, "Today, we will solve the problems you have encountered in your cultivation."

P.S. Welcome to my final book, Super Red Envelope Immortals.

Chapter 724 Pursuit Again; Revenge!

When everyone heard this, they all revealed a hint of joy.

Over the years, Hu Tian, Xia Xue, Xia Bing, Su Ningjing, and the others had been cultivating hard.

In the beginning, they felt a little bored.

However, as time passed, they all liked the feeling of cultivation.

Gradually, they began to compete with each other.

Now that Lin Fan was able to help them solve their cultivation problems, wouldn't that allow them to have a faster cultivation speed?

Of course they would be happy.

As for Li Ke, Qin Menghu, Zheng Cong, Song Wenxuan, and Riemann, there was no need to mention them.

The thing that they had been looking forward to was to meet Lin Fan and receive his guidance.

Now, it could finally become reality.

Hu Tian was the first to raise a question, and Lin Xiaoyao followed closely behind.

Then, it was Huang Ling, Su Ningjing, Han Tian...

The lecture lasted for a full month before it came to an end.

Hu Tian, Xia Xue, Xia Bing, Su Ningjing, and everyone else had a look of understanding on their faces.

Some people even directly broke through to a minor realm.

....

Time flew by like water.

In the blink of an eye, a year had passed.

Lin Fan had just woken up from his cultivation and gave Tai Jun a curse as usual.

....

Ten Thousand Demon Sect.

"Roar!"

Tai Jun roared at the sky. The entire palace shook violently as if it would collapse at any moment.

His eyes were scarlet red, and black gas surged like a fountain. His entire body fluctuated between large and small, and he was constantly distorted as if he was about to explode at any moment.

He leaped and arrived before a tall stone statue. He bowed and said, "Ancestor, I'm cursed. Please save me!"

"Roar!"

Tai Jun roared again, causing the stone statue to shake.

In the next moment...

The stone statue suddenly blinked its eyes, and then, it emitted a dazzling golden light.

"Hmm? Curse?"

The surging energy quickly surged into Tai Jun's body.

Not long after, he calmed down.

"This item can help you resist the curse."

Then, a fist-sized pearl landed in front of Tai Jun.

"Thank you, Old Ancestor!" Tai Jun hurriedly said.

"Whoosh!"

The golden light around the stone statue faded, and everything returned to normal.

Tai Jun held the bead with a smile on his face.

....

Three years passed in the blink of an eye.

On this day, Lin Fan first checked his character relationships. He realized that no one's name was flashing or that they were in danger. His heart calmed down a little.

Then, he used soul communication with Qiu Ziqian and Lin Yulian.

"Lin Fan!"

"Daddy!"

They were both very happy.

When Lin Fan heard their voices, he felt a sense of familiarity.

"Dad, I'm already at the Stellar Level 9!" Lin Yulian said excitedly.

He looked like a child who had achieved good results and was waiting for his parents to praise him.

Lin Fan praised, "Really?" Good job!"

"Hehe!" Lin Yulian said.

Lin Fan continued, "You haven't encountered any trouble recently, right?"

"Sigh, don't mention it! I don't know what went wrong with the Ten Thousand Demon Sect in the past two years, but they've been hunting us down again. Mom and I only came to a safe place two days ago..." Lin Yulian sighed.

When Lin Fan heard that, his heart tightened and he asked, "Pursue you again? Are you injured?"

Qiu Ziqian could hear Lin Fan's worry and quickly said, "Don't worry, we're fine..."

The family chatted for a while more before ending their soul communication.

Lin Fan asked the System, "Why are Qiu Ziqian and Lin Yulian being chased by the Ten Thousand Demon Sect again?" Also, I've cursed Taijun for so long. Why hasn't he died yet?"

After all, he had once cursed Zhu Yan, who was also a Martial Monarch Realm expert, to death. It had only been ten years.

However, it had been almost 10 years since the curse had been cast. Other than the system notification a few years ago that Tai Jun's inner demon had increased greatly, there had been no other news.

[Requires 10 million spirit stones. Do you wish to inquire?]

When Lin Fan heard this, he raised his brows.

One question, 10 million spirit stones?

This was definitely the most expensive problem at the moment.

However, he did not hesitate and said, "Inquire!"

[Taijun obtained the help of his ancestor, Holy Master Taixu, and gave him a defensive magic treasure to resist a certain amount of the curse power.]

Lin Fan frowned, "Great Void?" Did it block a certain curse? Then I'd like to see how much it can block!"

Thus, Lin Fan gave Tai Jun a curse set once again.

"Thump! Thump!"

As soon as he finished cursing, there was a knock on the door.

Lin Fan looked up and saw that it was Li Ke. He said, "Come in."

"Creak!"

As soon as he finished speaking, the door opened automatically.

After Li Ke walked in, he knelt on the ground and said, "Greetings, Master."

Lin Fan nodded, "What is it?"

Li Ke hesitated for a moment before saying, "Master, I want to go out for a while. I want revenge for killing my parents!"

When he said this, his face revealed a thick hatred.

In fact, this was also the reason why he had come to the Coiling Dragon Villa back then.

He had to take revenge for his parents!

Lin Fan could feel the hatred as well, "Go ahead."

"Thank you, Master!" Li Ke kowtowed to the ground and slowly retreated.

Then, his figure flashed and appeared directly outside the Coiling Dragon Villa without attracting anyone's attention.

Li Ke looked back at Coiling Dragon Villa, his eyes full of respect.

Then, he turned around and looked towards the north. His eyes were filled with endless anger.

There...It was in the direction of the enemy.

"Whoosh!"

He leaped up like a rocket and soared into the sky.

....

In a slightly old courtyard.

The emaciated little girl was locked in the cage like an animal. She could not help but tremble and sob, "Daddy, where are you? Xiao Qin was so cold and hungry...Wuuu..."

The woman in high heels and black leather shoes grinned and said, "Are you still thinking about that damned father? Let me tell you, he died a long time ago! Otherwise, he would have given her a good name! Li Ke? Haha!

Curse father, curse mother, curse the whole family! Hahaha!"

"Yo yo yo! Hungry? Alright! There are some rotten buns prepared to feed the dogs. Eat them to your heart's content!"

After saying that, she opened the cage and poured a large pile of rotten steamed buns into it.

The pungent smell made one feel nauseous.

"Whoosh!"

Unbeknownst to the woman, a man suddenly descended from the sky and appeared behind her.

He was Li Ke.

This house used to be Li Ke's home.

Before Li Ke took revenge, he came over to take a look, but he heard a little girl being locked in a cage.

It was not difficult to see a pair of big black eyes and a high nose bridge on the little girl's gray face. Updated from novelbIn.(c)om

Li Ke realized that her appearance seemed to be somewhat similar to his.

Just as Li Ke was puzzled, the woman said, "Are you still thinking about that damned father? Let me tell you, he died a long time ago! Or should he say that his name was good, Li Ke? Haha! Curse father, curse mother, curse the whole family!"

Hahaha!"

Li Ke?

This girl was...His own child?

Chapter 725 Threats; Hate!

Her own child was locked in a cage.

Furthermore, he wanted her to eat dog food?!

This evil woman, she... How dare he!

"Boom!"

A thunderclap exploded, as if the sky had been torn into pieces. The dazzling lightning illuminated Li Ke's sword-like eyebrows and starry eyes.

The old woman slowly raised her head to look at the sky.

It was also at this moment that she happened to see Li Ke who suddenly appeared behind her.

"Ah!"

"Who are you? Why are you here?"

The old woman was so frightened that she almost fell to the ground. She stretched out her fat finger and poked at Li Ke's face.

"Humph!"

Li Ke grunted and broke the old woman's fingers.

"Ah!"

Instantly, the entire scene was filled with screams that sounded like pigs being slaughtered.

Bean-sized beads of sweat rolled down the old woman's forehead.

"You're done for! I'm telling you, you're done for!" she shouted ferociously. No matter who you are, how dare you break my fingers? You're finished for life!"

"Really?" Li Ke said coldly. Do you know who I am? My name is Li Ke."

The old woman's bean-sized eyes suddenly shrank as she cried out in fear, "Li Ke? No, no, no. Impossible, didn't you die a long time ago?"

"I'm sorry to disappoint you, but I'm still alive!" Li Ke said indifferently.

At this moment, the little girl in the cage called out softly, "Daddy..."

Then, his body went limp and he fainted.

"Xiao Qin!" Li Ke panicked.

This evil woman!

His heart was filled with endless anger towards the old woman in front of him, and he slapped her hard on the head.

"Bang!"

Instantly, the old woman's head exploded like a watermelon, and blood spurted out.

Then, Li Ke pulled hard with his palm.

The heavy cage was like a bubble, directly deformed and shattered.

Li Ke carefully held Xiao Qin in his arms and continued to transfer life energy.

After a while, Xiao Qin opened her eyes.

She said softly, "Dad..." Father."

"I'm here, I'm here!" Li Ke hurriedly said.

"Xiao Qin, I'm so hungry." the girl said.

"Daddy will take you to eat now." Li Ke said.

He took a step forward and moved forward like a gust of wind.

A moment later, they arrived at a luxurious restaurant.

"Waiter, bring me all the good food and drinks here!" Li Ke said anxiously."

The waiter was stunned for a moment.

However, he soon felt the terrifying aura coming from Li Ke's body.

Hence, he stammered, "Yes, yes..."

Then, he hurriedly asked the chef to prepare the dishes.

The restaurant was very efficient.

In less than ten minutes, delicious dishes were served one after another.

Xiao Qin looked at the food and her small eyes were a little stunned. She could not help but swallow her saliva.

However, she did not dare to pick up her chopsticks.

"Xiao Qin, why aren't you eating?" Li Ke asked."

Xiao Qin said,"But... Can I eat it?"

"Of course. Eat quickly and eat as much as you want."After Li Ke finished speaking, he took the initiative to put the food into Xiao Qin's bowl.

Xiao Qin finally couldn't take it anymore and stuffed the food into her mouth.

"Baji, baji!"

"Gulp, gulp!"

She ate in big mouthfuls, her small mouth bulging.

Li Ke said,"Eat slowly, don't be anxious..." Have some soup first."

Xiao Qin was very satisfied with the meal, and her stomach became round.

Li Ke had been watching Xiao Qin silently from the beginning to the end.

He looked at Xiao Qin's small mouth, her eyebrows, and her chin...

The more Li Ke looked at it, the more he felt that it resembled himself and Hu Yufang.

Hu Yufang was his girlfriend back then.

That's right!

Xiao Qin must be her and Hu Yufang's child!

Where was Hu Yufang?

Why wasn't she with Xiao Qin? New novel chapters are published on

Why didn't you protect Xiao Qin?

"Where's your mother, Qin?" Li Ke asked."

"Mommy..." Xiao Qin suddenly thought of something and said anxiously, "Mommy is in danger. Daddy, go and save Mommy!"

"Do you know where your mother is?" Li Ke's heart tightened."

"I... I don't know..." Xiao Qin said.

Thus, Li Ke carried Xiao Qin and soared into the sky.

Then, with Li Ke as the center, surging Mentality spread out in all directions like a tide.

Soon, his attention was locked onto a private room in a bar.

There...A woman with a voluptuous figure was standing shakily in front of a man.

He found it!

Li Ke turned into a stream of light and moved forward rapidly.

....

In the private room of the bar.

The man in the checkered shirt sized up Hu Yufang in front of him and grinned."You want to save your daughter? Alright! As long as you serve me well today, I can let her go tomorrow."

As soon as he finished speaking, he reached out to touch Hu Yufang's voluptuous figure.

Hu Yufang instinctively dodged to the side.

"Hide?" The man's face darkened. Good!"

"I won't move today! Move yourself! Otherwise, I can guarantee that your daughter will be very miserable!"

Hu Yufang shuddered.

She unbuttoned one of her buttons with trembling hands, revealing her plump figure.

The man's breathing began to become heavy.

"Whoosh!"

At this moment, Li Ke suddenly appeared in the private room with Xiao Qin in his arms.

Hu Yufang looked over and said excitedly, "Xiao Qin!"

Then, he said in surprise, "You are..." Li Ke?"

"Yes, it's me." Li Ke nodded.

"You... Aren't you..." Hu Yufang said in a trembling voice.

"I'm not dead. You've worked hard all these years." Li Ke comforted her. As he spoke, he slowly pulled Hu Yufang into his arms.

"Mommy..." Xiao Qin said.

The family of three hugged each other, feeling extremely warm.

At this moment, a discordant voice sounded in the private room.

"Humph! Isn't it too early for you to be happy?"

Li Ke, Hu Yufang, and Xiao Qin all looked at the man.

Hu Yufang and Xiao Qin's faces were filled with fear.

Li Ke was icy cold.

"Li Ke, I didn't expect you to be alive. That's good!" the man said sternly. Later, watch me exercise with your wife first, and then die again!"

Li Ke's expression was cold as he raised his hand and grabbed the man's neck.

The man wanted to break free, but he seemed to have lost all his strength. His face revealed a hint of fear.

"What kind of special ability is this?"the man said in shock.

Li Ke's face revealed a look of disdain.

Special ability?

He was already a cultivator!

Li Ke did not intend to answer. He turned to Hu Yufang and said, "Lisa, carry Xiao Qin out first. Leave this to me."

He didn't want them to see a bloody scene.

Hu Yufang held Xiao Qin in her arms and hesitated.

"Don't worry, it'll be fine. I promise that no one in this world will ever hurt you again."

Hu Yufang nodded and slowly left.

Chapter 726 Secret Path; Challenge Again!

"Creak!"

The door closed.

Li Ke's eyes were cold and sharp like arrows.

The man couldn't help but shiver.

However, he quickly thought of something and shouted ferociously again, "I'm Qin An! Song Shijie's cousin! Li Ke, if you don't want your wife and daughter to die with you, let me go immediately!"

Song Shijie's cousin?

He would let himself, his wife, and his children die a horrible death!?

One had to know...

Back then, Li Ke's entire family was exterminated by the Song family. Among them, Song Shijie even personally killed Li Ke's father!

Anger burned in an instant.

Unforgivable!

"Whoosh!"

Li Ke grabbed Qin An's left hand and twisted it gently.

"Kacha!"

Qin An's left hand twisted into a strange ball like a fried dough twist.

"Ah!"

Screams like pigs being slaughtered echoed in the private room.

Then, it was his right hand, left leg, and right leg.

Very quickly, Qin An's entire body was crumpled into a meatball, and blood flowed out.

Finally, Li Ke swung his palm down.

"Bang!"

Qin An was like a ripe watermelon, completely exploding.

Flesh and meat flew everywhere, looking extremely miserable.

At this point, Li Ke walked out of the room.

He held Hu Yufang's hand and said, "It's okay.""

"Yes, yes!"

Hu Yufang nodded vigorously, tears flashing in her eyes.

After comforting the mother and daughter for a while, Li Ke took advantage of the darkness and jumped out.

It was night.

The originally bright moon had turned into a scarlet sphere floating in the air, ferocious and terrifying.

A man with sword-like eyebrows and starry eyes suddenly appeared in the luxurious Song family manor.

"Who is it?" Someone shouted.

"Whoosh!"

What responded to him was a sharp sword light.

Blood splattered everywhere as the corpse fell to the ground.

"Enemies!" Someone exclaimed in the distance.

Then, one by one, the Song family members fell to the ground like ears of wheat.

Tonight, Li Ke had covered the entire Song family in scarlet, and corpses were strewn everywhere. It was extremely terrifying!

However, the strange thing was that Li Ke did not see his main enemy, Song Shijie, or the higher-ups of the Song family.

Just as Li Ke was about to leave the Song family with doubts, he accidentally discovered a tunnel under the fake mountain in the Song family's manor.

After a moment of hesitation, he directly entered.

This tunnel was extremely long, as if it was bottomless.

Just as Li Ke was thinking about whether he should return...

"Whoosh!"

A powerful suction force suddenly pulled him in.

The next moment, Li Ke appeared on an altar.

At this moment, he was not the only one on the altar. Song Shijie and the other higher-ups of the Song Clan were also present.

"Li Ke!" Song Shijie shouted.

When enemies met, their eyes turned red.

Li Ke narrowed his eyes and said coldly, "I've finally found you."

As soon as he finished speaking, he used his palm as a sword and kept waving it.

The tyrannical sword energy danced wantonly.

"Puchi!"

The two higher-ups of the Song Family were cut into pieces like paper.

When another sword energy was about to land on the third person, a man in a long robe shouted, "How dare you!"

He leaped up and shattered the sword intent with a palm strike.

He was actually a cultivator!

Then, Li Ke and he attacked each other, sending out strong gusts of wind.

While they were fighting, the altar emitted rays of light.

"It's opened!" Song Shijie said.

"Whoosh!"

In the next moment...

Everyone on the altar turned into lightning and disappeared without a trace.

....

Ten years passed in the blink of an eye.

In the past ten years, Lin Fan had obtained five Transcendence Golden Bodies, four Immortal Crystals, and two King Level skills from the system.

Lin Fan's cultivation state had finally reached King level 2.

"Phew!"

Lin Fan heaved a sigh of relief and muttered, "It's been more than ten years, and I've only broken through one level."

He only broke through one level after more than ten years?

If others heard this, they would definitely be envious.

King level experts, who didn't accumulate for tens of thousands of years before they had the hope of breaking through one level?

Lin Fan said, "Breaking through so slowly. Curse Taijun to vent his anger!"

"Kacha!"

One million Spiritual Stones turned into ashes.

"Whoosh!"

At this moment, a loud voice spread throughout the entire Earth.

"Star Lord Lin Fan, please come out and spar!"

When Lin Fan heard the voice, he raised his head and looked up into the void.

He saw...

The person who spoke was wearing a white robe and holding a golden sword. He had an imposing appearance.

He...? It was Qin Qiuliang who had challenged Lin Fan before.

Lin Fan realized that Qin Qiuliang had already reached Universe Level 3.

The speed of his improvement could not be considered slow.

However, just this... He also came to challenge him?

Looking over with the Heavenly Eye, Qin Qiuliang's entire body was covered in countless weaknesses.

Lin Fan had a weird look on his face as he stepped out and arrived in the void. When Qin Qiuliang saw Lin Fan, he was extremely happy.

"Star Lord Lin, you're here!"

Then, he said, "Star Lord Lin, ever since I was defeated by you, I participated in the universe competition. Through continuous battles and the rewards I obtained from the competition, my cultivation and battle experience have increased greatly!"

"Right now, my cultivation has already reached the third level of the universe."

When he said this, a hint of arrogance appeared on his face.

Of course, this was something he was proud of.

"Don't worry, I'll try my best to hold back when we fight later. I won't hurt you.""

When Lin Fan heard this, the weird look on his face grew even more intense.

Universe level 3, going easy on him?

However, he still nodded and said, "Alright.""

Then, Lin Fan pointed.

"Whoosh!"

A terrifying pillar of light that seemed to be able to penetrate the universe swept through an endless and terrifying aura and shot toward Qin Qiuliang rapidly.

Qin Qiuliang's pupils constricted. He couldn't even muster the strength to move or escape.

Die!

He was going to die!

"No!" he cried out in horror.

"Tsk!"

With a wave of his hand, the pillar of light stopped just a meter away from Qin Qiuliang.

"Drip!"

Qin Qiuliang could feel the destructive aura contained in the golden pillar of light. Beads of sweat fell from his forehead like raindrops.

He swallowed hard and felt that he was still alive.

After a long while, he said with difficulty, "This..." This... It's not suitable for us to compete now..."

"Is that so?" Lin Fan chuckled out.

The golden pillar of light shattered like a bubble and disappeared without a trace.

"Since it's not suitable, I'll leave first."

As the sound of his voice faded, Lin Fan vanished into the void.

"Hu hu hu!"

Qin Qiuliang took a few deep breaths. It was as if he had walked through hell and sat in the void dejectedly.

He looked at the blue planet in front of him, and his gaze gradually became determined.

"Star Lord Lin, I will become stronger and challenge you again!"

After saying that, he leaped and flew toward the endless starry sky.

c 727

Challenge... To Lin Fan, it was just a small matter that happened after a meal.

It would be over with a smile.

After Lin Fan returned to the Coiling Dragon Villa, his consciousness entered the River of Time. He was prepared to test and master the power of laws that he had grasped over the years.

In the white river of time.

Lin Fan took a step forward. Life, death, yin, yang... On the main paths of the various elements, he walked for more than 30,000 meters.

Then, he changed to the paths of metal, wood, water, fire, and earth that symbolized the five elements...

On these roads, he met many people.

However, Lin Fan turned a blind eye to all of them. He kept walking forward, leaving behind a carefree and admiring back view.

However, when he walked onto the fire path, he suddenly stopped in his tracks.

That was because he accidentally saw someone.

A familiar person.

"Li Ke?" Lin Fan said.

At this moment, Li Ke seemed very confused.

When he heard Lin Fan's voice, he turned around and said in surprise, "Master!"

Lin Fan said, "Why are you here?"

He remembered that Li Ke had a very good fire talent, and Qin Menghu had a very good sword talent.

However, they were still very weak.

Therefore, Lin Fan didn't teach them Fire and Sword skills.

It was just to let Little Rock quickly increase their cultivation.

Also, didn't Li Ke go out to avenge his parents a few years ago?

Why was he in the River of Time now?

He could do it with his own ability?

Was his talent that powerful?

"Master, I think..." Li Ke said. "I transmigrated!"

Transmigration?

Lin Fan's face revealed a look of surprise.

Then, Li Ke roughly told him about the revenge ten years ago.

Lin Fan nodded his head and said, "Which universe are you in now?"

"Mero Cosmos, Flame Domain Burning Star," Li Ke said. "This place is under the jurisdiction of the Fire God Palace. However, the Fire God Palace's palace master seemed to have died not too long ago, causing the Fire God Palace to suffer a huge blow.

"In order to recover their vitality, the Fire God Palace has been searching for fire attribute geniuses to nurture over the years. They allowed me to become a substitute for the Fire God Palace's Holy Son and even gave me a lot of resources to nurture. Then, they used a special method to let me enter the River of Time.

"But don't worry, Master. I'm still yours, and that will never change!"

When Lin Fan heard this, his face turned weird.

He killed the palace master of the Fire God Palace.

The Fire God Palace was using huge resources to nurture his disciple?

Lin Fan nodded his head. "Alright. Cultivate well. After that, work hard to get a higher status in Fire God Palace."

"Yes, Master!" Li Ke said.

Then, Lin Fan continued to walk along the Fire Dao.

After Lin Fan's soul returned, he asked quietly, "System, is what Li Ke said true?"

[Requires 100,000 spirit stones. Do you wish to inquire?]

"Inquire!"

[It's true.]

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Li Ke's favorability towards you has increased to 7 stars.]

When Lin Fan heard this, he broke out into a smile.

He turned his eyes slightly and used soul communication with Li Ke.

"Li Ke!"

...

Mero Cosmos, Flame Domain Burning Star.

Li Ke thought back to how Lin Fan was walking in the river of time and couldn't help but praise, ""As expected of Master! He's too powerful!"

Suddenly, he heard Lin Fan's voice and was stunned.

Then, he revealed a respectful expression that was difficult to hide.

"Hello, Master."

Lin Fan said, "I'll teach you a skill now. I hope you cultivate it well. It's called True Flame Skill."

"Yes, sir!" Li Ke said.

When the soul connection ended, a crisp notification rang out in Lin Fan's mind.

[Ding! Li Ke's favorability towards you has increased to 8 stars.]

When Lin Fan heard that, his lips curled up," It wasn't in vain for me to teach you."

....

Four Seasons Universe.

Summer Region, Maple Leaf Planet.

People were singing and dancing, shopping and strolling. Everyone was very relaxed and at ease.

At this moment, a huge starship suddenly appeared in the sky.

Everyone raised their heads in confusion and discussed in low voices.

"What is this?"

"Why did he suddenly appear in the air?"

"Is it some big shot who came to our planet?"

"Should we line up to welcome him?"

....

What responded to them were countless terrifying energy cannons.

"Boom!"

"Boom!"

The earth shook violently, and dust flew everywhere.

"Enemy attack!"

"Run!"

"Star Lord, save me!"

....

Cries and screams resounded throughout the entire planet.

Maple Leaf Star Master heard this and soared into the sky, about to launch an attack on the starship.

However...

"Whoosh!"

A dazzling pillar of light instantly drowned his figure and turned him into ashes.

The Maple Leaf Planet had fallen.

....

In fact, it was not just Maple Leaf Planet.

The Pine Star, Sandalwood Star, Green Star, and other planets of the Summer Territory were all under fierce attack at almost the same time.

The entire Summer Territory was falling at a rate visible to the naked eye.

The ruler of the Summer Territory was furious when he heard the news.

He personally led the army to counterattack.

However, this was clearly a premeditated attack.

How could they let the ruler of the Summer Territory get what he wanted?

As soon as the ruler of the Summer Territory set off, he was attacked fiercely.

"How dare you!" he shouted. "Ocean Universe, how dare you! Do you want to start a universe war?"

The tall man with a shark head grinned and said, "The war has already begun, idiot!"

As soon as he finished speaking, a terrifying energy burst out from his body and vaguely formed a giant white shark that was tens of thousands of square kilometers in the sky.

The white shark opened its ferocious mouth and swept out a tyrannical aura. It tore through space and fiercely bit into the Summer Territory.

The Summer Territory's ruler's expression changed slightly as he hurriedly blocked the attack.

"Boom!"

A terrifying energy wave spread rapidly like a wave.

At this moment, a man with a seal head appeared not far away. He said coldly, "Hasn't it been resolved yet? Too slow."

As soon as he finished speaking, he seemed to have transformed into a golden light and instantly arrived in front of the ruler of the Summer Territory.

"Boom!"

With a wave of his hand, he sent the ruler of the Summer Territory flying and spat out a large mouthful of blood.

The man with the seal head didn't stop and continued flying forward.

The ruler of the Summer Territory knew that he was unable to resist.

Therefore, he quickly activated the talisman hidden in his body.

"Whoosh!"

Space swirled, and the ruler of the Summer Territory instantly disappeared without a trace.

"A teleportation talisman? Forget it, so be it. Our mission was to conquer the Summer Territory anyway, and we've succeeded."

P.S. Welcome to my final book, Super Red Envelope Immortals.

C 728

News of what had happened in the Summer Territory quickly spread throughout the Four Seasons Universe, and discussions surged like a tide.

"Have you heard? The entire Summer Territory has been attacked!"

"I heard that too. It seems to be done by the ocean universe!"

"How dare the ocean universe? Aren't they afraid of our Four Seasons Universe retaliating?"

"Counterattack! We, the Four Seasons Universe Masters, will definitely stop the army from retaliating against them!"

"That's right! Let the ocean universe know how powerful we are!"

"Revenge!"

....

At this moment, many higher-ups of the Four Seasons Universe gathered in the universe palace.

Among them was the lord of the Summer Territory, who looked extremely disheveled.

When the higher-ups saw him, they all asked.

"Master of the Summer Territory, what is the situation now?"

"How strong is the ocean universe?"

....

" This attack was too sudden," sighed the ruler of the Summer Territory." They definitely planned it beforehand. I was caught off guard. Now, the Summer Territory...I'm afraid it's about to completely fall!"

Although everyone had already guessed this outcome.

However, after hearing the words of the ruler of the Summer Territory, he could not help but feel shocked.

" Let's go see the universe master," said Summer Territory Master."

At this time, the universe palace's door slowly opened.

A masked man holding a golden scepter walked out.

When everyone saw him, they all bowed and said,"Greetings, Grand Elder."

" The universe master isn't in the palace," the great elder said."

There was a slight silence.

Everyone had a bad feeling.

The universe master wasn't here.

Then, the Four Seasons Universe was attacked by the Ocean Universe.

This... This was definitely a premeditated war!

Could it be that the universe master had already...

When everyone thought of this, their hearts could not help but accelerate.

Universe masters were the pillars of the universes.

If anything happened to him, the entire universe would be like a lamb waiting to be slaughtered.

" Don't worry," the great elder said." The universe master is still alive. At least, his life tablet is still intact. He's just trapped somewhere.""

Hearing this, everyone heaved a sigh of relief.

This was not bad news.

"Now, let's discuss how to organize an army to resist the ocean universe."

"Yes, sir!"

A grand cosmic war began.

War represented chaos and slaughter.

It was even more so in space wars.

It was bloody and terrifying to the extreme.

Countless planets were reduced to hell, and some even turned into ashes.

Trillions of humans lost their lives.

....

In the blink of an eye, 50 years had passed.

For cultivators, 50 years was just the blink of an eye.

To the Four Seasons Universe, these 50 years felt like an entire era.

The power of the ocean universe had exceeded the Four Seasons Universe's estimation, causing the Four Seasons Universe to retreat.

Finally, the ocean universe stabilized the Summer Region and took the initiative to attack the Spring Region.

Although the Spring Field was also resisting.

However, the effect was like an ant shaking a tree. It was completely useless.

Every day, a large number of planets were occupied by the ocean universe.

....

At this moment, at the edge of the Spring Field, on Earth.

"Phew!"

Lin Fan heaved a sigh of relief.

A cool breeze caressed the entire Earth.

In 50 years, Lin Fan had obtained 35 Transcendence Golden Bodies, 21 Immortal Crystals, 12 King Grade Equipment, 7 cultivation techniques, 6 Emperor Grade Equipment, and 2 Great Dao Fragments from the system.

These treasures allowed Lin Fan's cultivation speed to grow faster and faster, allowing him to reach King level 5!

Lin Fan muttered, "On average, it takes 12 years to break through. That's still a little slow."

He was dissatisfied, so he could not help but curse Taijun.

One million Spiritual Stones instantly turned into ashes.

Cultivating for a long time was sometimes boring.

Stepping out, Lin Fan came before the Path-Understanding Tree.

When everyone saw him, they all shouted happily.

"Lin Fan!"

"Hubby!"

"Brother!"

"Master!"

....

Lin Fan nodded, "Not bad. Your cultivation is increasing very quickly."

Now, Xia Bing and Xia Xue's cultivation had already reached domain lord level 7.

Hu Tian, Su Ningjing, Huang Ling and the rest also broke through to domain lord level.

Qin Menghu, Zheng Cong, Song Wenxuan, and Riemann had all reached the Star-Grade.

Such a breakthrough speed was truly astonishing.

When everyone heard Lin Fan's praise, their faces broke into smiles.

Lin Fan said, "If you have any questions about cultivation, you can ask now."

Everyone scrambled to ask questions.

Over the past 50 years, Lin Fan had helped them solve their cultivation problems.

Each time, their cultivation path became smoother and smoother, allowing them to quickly increase their cultivation.

....

Just as Lin Fan was answering everyone's questions...

A huge starship was approaching from afar.

Inside the starship, the man with the crab head stared at the huge display screen and said, "Oh? They found another planet. It was blue and looked like a gem! It was too beautiful! It should belong to our ocean universe!"

"It belongs to the ocean universe!" Cheers were heard in the starship.

Obviously, they all liked this blue planet very much.

Then, the man with the crab head suddenly pressed the red button in front of him.

"Whoosh!"

Immediately, a dazzling laser beam shot towards the blue planet.

However, before the laser beam could reach the blue planet, it was blocked by an invisible protective shield.

....

"Boom!"

With a loud bang, the earth shook.

Lin Fan, who was still explaining the problems of cultivation to everyone, suddenly stopped.

Then, he slowly raised his head and looked at the endless void.

He easily saw the situation outside.

All these years, Lin Fan had never left Earth.

However, he also knew the situation outside.

This was because he would also interact with Ma Zheng when he was free.

Lin Fan knew that this ship was an invasion ship from the ocean universe.

Now, the invading ships of the ocean universe were as terrifying as demons in the Four Seasons Universe.

Everyone was terrified.

However, Lin Fan's face did not show any fear at all.

In Lin Fan's vision, everyone on the starship was covered in countless weaknesses. He could take them all out with a casual strike.

"You guys sit here for a while. I'll be right back.""

As soon as he finished speaking, Lin Fan's body flashed and he disappeared from where he was.

Hu Tian, Su Ningjing, Huang Ling, and the others did not know what had happened.

However, they were all smart people and quickly guessed that Earth was in trouble again.

Every time there was trouble, Lin Fan would solve it.

They couldn't help but clench their fists, thinking, 'I have to become stronger and help Lin Fan share the burden!'

Chapter 729 solved, ambition

At this moment, in the void.

The man with the crab head was staring at the screen.

"Protective shield? This planet had such a powerful defense system? Interesting."

"However, if I block one attack, then I can block two or three high-energy attacks... Or even 100 hits?"

"Tsk tsk, let me test the quality of your defense!"

The man with the crab brain grinned. He twisted the knob at the side and pressed the red button again.

"Whoosh!"

Another dazzling laser beam shot toward Earth.

However, this time, before the laser beam could reach the protective shield, it was blocked by a tall and handsome man.

It was Lin Fan!

He saw...

Lin Fan raised his finger lightly. It was as if there were stars revolving around it, instantly devouring the laser beam.

The crab man and everyone else on the starship widened their eyes in shock.

Then, they all shouted.

"The S-grade high-energy laser cannon was devoured?"

"How is this possible!"

"What kind of monster is that?"

"Isn't this an ordinary asteroid? Why is there such an existence?"

....

It was no wonder that they were like this.

One had to know...

The S grade high energy laser cannon could already cause damage to universe level warriors.

Generally speaking, even a King class expert would not dare to use his body to take on an S-grade laser cannon.

But what was the situation in front of him?

A young man blocked the S-grade high-energy laser cannon with a single finger.

Who was this young man?

How could an ordinary asteroid have such a powerful existence?

"He must have some special method. There must be a limit to the number of times he can use it!" the crab man said viciously."

In this world, there were many treasures with powerful defense or powerful attack...

However, most of the things that did not belong to one's own ability had a limit.

Once the number of times was used up, it would be like waste paper and lose all its abilities.

The crab man pressed the red button again as if to verify his thoughts.

"Whoosh!"

It was the same as before.

Lin Fan raised his hand and absorbed it again.

The crab man did not give up and pressed the red button continuously.

"Xiu! Whoosh! Whoosh!"

Laser beams shot out continuously.

Without exception, they were all blocked by Lin Fan's finger.

These laser beams couldn't cause any harm to Lin Fan.

However, the constant attacks also made him a little annoyed.

He saw...

Lin Fan waved his hand in the air.

A huge sword energy immediately appeared behind him.

"Whoosh!"

The sword energy tore through the void, bursting forth with an endless and fierce aura as it flew forward rapidly.

In the eyes of the people on the warship, it was as if they saw a huge and terrifying sword shadow that was as big as the sun, arriving in front of them in an instant.

Even if the warship had powerful automatic dodging and automatic defense capabilities.

However, in front of this Sun Sword Shadow, there was no time to react at all.

"No!"

Everyone's pupils constricted as they shouted in unison.

"Boom!"

There was a loud bang.

In the void, it was as if a brilliant firework had bloomed.

After the fireworks dissipated, Lin Fan returned to the Coiling Dragon Villa.

Lin Fan smiled, "Let's continue with the cultivation problem."

His tone was so relaxed and indifferent. I think you should take a look at

Who would have thought that he had just taken care of a powerful ocean starship?

Everyone understood that Lin Fan had solved the problem, so they asked even more questions and cultivated even more.

....

Ocean Universe, Second Brigade.

"C102 reporting, Spring Field, coordinates 1289, 321, 564, planet discovered..."

"C102 reporting, Spring Field, coordinates 1289, 321, 456 planet has been successfully occupied..."

....

"C231 reporting. Spring Field, coordinates 2109, 111, 899. Planet found..."

"C231 reporting, Spring Field, coordinates 2109, 111, 899 planet has been successfully occupied..."

....

One report after another was sent back.

Everyone in the conference room looked satisfied.

They continued to attack with unstoppable momentum!

This was the ocean universe, invincible under the heavens!

As long as he successfully annexed the Four Seasons Universe, the strength of the Ocean Universe would definitely soar.

Everyone seemed to have already seen the invincible power of the ocean universe in the future.

At this moment, another report was sent back.

" C108 reporting, Spring Field, coordinates 5901, 234, 199, planet discovered..."

"Beep! C108 warship signal lost."

"Beep! C108 warship signal lost."

Everyone in the meeting room frowned when they heard that.

The universe was vast, and once they got lost, it was a very terrifying thing.

Therefore, all warships would have advanced signal devices to ensure that they could contact the outside world and determine their location at any time.

"What's with C108?" someone asked. Try to contact him."

"Beep! The C108 warship has failed to contact."

"Calling the C108 commander.""

"Beep! Call failed."

"Calling the deputy commander of the C108 warship."

"Beep! Call failed."

....

Everyone tried for a while and finally confirmed that C108 was completely lost.

" Let's go." The man sitting in the upper seat muttered," Send the three warships X201, X301, and X401 to coordinate 5901, 234, and 199 to investigate the situation and capture the planet.""

When everyone heard this, they all revealed a hint of surprise.

Although the disappearance of the C108 warship was probably due to an enemy.

However, wasn't it a little too much to send three X-series warships to investigate at once?

One had to know...

The 2nd Battalion only had 10 X-series battleships.

Each X grade battleship had the terrifying power to destroy universe level warriors!

"Second Captain," someone couldn't help but ask, "could the C108 warship have encountered an unknown disaster?" Wouldn't it be better to let an X-series warship investigate the situation first?"

The man in the upper position glanced at him and said, "The C108 battleship didn't even send out a distress signal. Is this something an unknown disaster can do?"

The man opened his mouth, but no words came out.

"Also, don't you think that the Spring Region is too easy to capture? He did not encounter any powerful force at all."

"I suspect that the Spring Field has gathered their experts and is ready to launch a surprise attack on our Four Seasons Universe!"

When everyone heard this, their bodies suddenly became solemn and they said in unison, "Second Captain is wise!"

....

Four Seasons Universe, palace.

All the higher-ups gathered.

"The ocean universe's attacks on the Spring Region are getting more and more violent!"

"The Spring Field has already lost one-third of its territory."

"Are we really going to give up on the Spring Field like this?"

Their faces were filled with anger.

The first elder wearing a golden mask said, "Giving up is only temporary. We are only concentrating our strength to carry out a better defense!"

"When the universe master returns, we'll get back everything we've lost!"

"Everyone, you must believe in yourself and believe in our Lord!"

In response, many of the higher-ups let out a long sigh.

C 730

The cultivation lecture at the Coiling Dragon Villa lasted for half a month before it slowly came to an end.

Hu Tian, Su Ningjing, Xia Bing, Xia Xue, Qin Menghu, Zheng Cong, Song Wenxuan, and Riemann all looked enlightened.

The aura around them was obviously stronger than half a month ago.

Lin Fan ate a sumptuous meal with everyone before returning to his room.

He did not immediately enter a state of cultivation. Instead, he used the soul communication technique on Ma Zheng.

"Ma Zheng!"

After a while, Ma Zheng said respectfully, "Greetings, Master."

"How are you now?" Lin Fan asked.

"Master, I recently became an elder of the Raincloud Altar." Ma Zheng said.

The person with the highest status in the Raincloud Sanctum was undoubtedly the Sanctum Leader, followed by the Deputy Sanctum Leader, the First Elder, and the Second Elder. There were also many ordinary elders.

In other words, Ma Zheng was now one of the true upper echelons of the Raincloud Sanctum.

This only took a short hundred years.

It had to be said that this rate of advancement was truly astonishing.

Lin Fan nodded, "Not bad."

When Ma Zheng heard this, a hint of joy appeared on his face.

If his master praised him, that would be the greatest reward for him.

Lin Fan asked, "How's the battle between the Ocean Universe and the Four Seasons Universe?"

"The Ocean Universe has completely occupied the Summer Region," Ma Zheng said. "Now, they are attacking the Spring Region. It is said that a small part of the Spring Region has already been conquered."

"In addition, some people say that Four Seasons Universe wants to give up on Spring Territory and focus more power on defending Autumn Territory and Winter Territory. Then, they'll quietly wait for the return of Four Seasons Universe Master."

"There are also people who say that the Four Seasons Universe is preparing to gather a powerful force somewhere in the Spring Field to launch a surprise attack on the ocean universe."

"But no matter what, the Spring Region is in great danger. Thus, our Raincloud Sanctum withdrew from the Spring Region."

When Ma Zheng said this, his tone could not help but have a deep sigh.

He was a member of the Four Seasons Universe.

All along, he had thought that the Four Seasons Universe was the strongest and most stable, and would never be attacked.

However, the world was unpredictable.

Lin Fan nodded. Then, he guided Ma Zheng on his cultivation. This was one of the reasons why Ma Zheng was able to raise his status in the Raincloud Sanctum so quickly.

This was because this was a world where the strong reigned supreme.

After ending the soul connection, Lin Fan entered his cultivation state.

As for what kind of attack the ocean universe would launch against the Four Seasons Universe, he wasn't too concerned.

After all, he was not from the Four Seasons Universe.

As long as the other party did not provoke him, it would be fine.

However, things always went against his wishes.

Lin Fan had only cultivated for a few days...

"Boom!"

There was a dull sound.

The entire earth shook.

Lin Fan opened his eyes slowly and looked up into the void.

He saw...

Three pitch-black battleships the size of miniature moons appeared in the void.

A scarlet 'X' was drawn on the bottom of the three warships, which looked very hideous and creepy.

This... They were the three X-series battleships of the ocean universe.

Under the observation of the Eyes of Heaven, the X-series warship and everyone in it were full of weaknesses.

When Lin Fan saw this, he took a step forward.

....

At this moment, inside the X201 warship.

The shark-headed man said viciously, "This planet isn't simple. It actually blocked one of my energy cannons!"

The energy cannons on the X-series warships could easily destroy a star.

But now, it did not cause any damage to a planet.

This was definitely abnormal.

Inside the X301 warship.

The man with the octopus head said, "There is no data of an unknown disaster detected around this planet. C108 should have been destroyed by the creatures on the planet. Report the situation back first." "I think you should take a look at

As soon as it finished speaking, its several tentacles quickly jumped on the keyboard.

After a while, a document with pictures and text was sent out.

Inside the X401 warship.

The man with the sea lion head said, "An energy cannon is useless?" "Where are the Storm Energy Bullets?"

He did as he was told.

He pressed many buttons with both hands.

"Xiu! Whoosh! Whoosh!"

In the next moment...

Dense energy bombs bombarded Earth from all directions like a storm.

"Whoosh!"

It was also at this moment that a tall and handsome figure appeared in the void.

It was Lin Fan.

He saw...

Lin Fan raised his palm as starlight surrounded him.

Then, a huge palm that covered the sky appeared in the sky.

" Universe in a Palm!"

In an instant, all the energy cannons sank into the huge palm and seemed to transform into starlight, emitting a dazzling light.

"Impossible!" Everyone in the X201, X301, and X401 warships screamed in horror.

One had to know...

Storm energy bombs, there were a lot of them, each of them could threaten domain lord level warriors.

However, the person in front of him...However, with a flip of his hand, he easily blocked all the energy bombs.

Just how strong was he?

The three men with the heads of a shark, an octopus, and a sea lion said solemnly, "" An unknown expert has been discovered. He might be the one who destroyed starship C108. Be careful!"

" Entering level one combat readiness!"

"Beep!"

The three battleships let out a soft sound.

Clearly, they were all extremely wary of Lin Fan.

When the octopus-headed man gave the order, several claws jumped on the keyboard again.

After giving the order, he sent a document to the captain.

"Prepare the Triple Tsunami Energy Cannon!" the shark-headed man said.

"Agreed!" the man with the octopus head said.

"Agreed!" the sea lion head man said.

The three X-series warships suddenly stacked together, turning into a huge triangular warship.

Then, the three battleships continuously gathered their energy toward the center, forming countless twisting electric snakes.

These electric snakes quickly condensed and turned into an energy ball that was as dazzling as the sun.

"Fire!"

Instantly, the energy ball started to churn. It was like a tsunami of energy that could destroy the world as it headed towards Lin Fan.

The tsunami energy cannon was the most powerful attack of an X-series warship.

An X-series battleship's tsunami energy cannon could kill universe level warriors.

The Triple Tsunami Energy Cannon was an energy cannon fired by three X-series warships. Even a King class expert would be heavily injured if hit head-on.

"Roar!"

The terrifying energy tsunami vaguely emitted the roar of an ancient beast, causing the entire space to tremble violently. It had endless power.

Regarding this...

Lin Fan just waved his palm.

" Universe in a Palm!"

It covered the sky.

No matter how strong and big the ancient beast was, it was still a living being in the universe. It could never destroy the universe or break free from it.

The palm landed and instantly covered the energy tsunami, turning it into wisps of starlight and disappearing in an instant.

"What?" Everyone in the three X-series warships let out a cry of horror again.

And this...It was their last voice.
