Chapter 731 It Works; Conspiracy!

The palm that blotted out the sky instantly wrapped around the three warships.

"Whoosh!"

Instantly, the three battleships emitted strands of starlight.

In the end, it dissipated into nothingness.

At this point, the void returned to peace.

Lin Fan turned around and returned to the Coiling Dragon Villa.

....

The Second Brigade.

" C2018 reporting, Spring Field, coordinates 7981, 135, 189, planet discovered..."

" C2018 reporting, Spring Field, coordinates 7981, 135, 189 planet has been successfully occupied..."

....

One report after another was sent in and tabulated.

At this moment, an urgent report was sent back.

"Beep! The X201, X301, and X401 battleships had successfully arrived at coordinates 5901, 234, and 199."

After the notification sounded, everyone in the Second Brigade focused their attention.

Because not long ago, a warship had been destroyed in this position.

Now, three X-series warships were dispatched to deal with the situation.

They were all looking forward to the next change.

"Beep! The captain of the X301 warship sent back a document and found a suspected target."

"Beep! The X301 warship's captain sent back a document. The target was extremely dangerous."

In the next moment...

"Beep! The signals of the X201, X301, and X401 warships were lost."

"Beep! The signals of the X201, X301, and X401 warships were lost."

One voice after another echoed in the stadium.

Soon, a clamor broke out at the scene.

"What is it? Three X-series warships lost their signals? This is impossible!"

"Those are three X-series warships. How can they all lose their signals?"

"Hurry up and call!"

"There must be a problem!"

....

Hence, the Second Brigade took the initiative to search and call out.

However, there was no reaction at all.

After a long time, everyone finally admitted that the X201, X301, and X401 battleships had all been destroyed!

Everyone's faces were filled with disbelief.

At this moment, the captain sitting in the upper seat said, "Before attacking the Spring Region, our Ocean Universe had already made a prediction. The

Four Seasons Universe might withdraw from the Spring Region and guard against the Autumn Region and the Winter Region."

"Or perhaps, we can gather a powerful force somewhere in the Spring Domain to counterattack."

"From the looks of it, coordinates 5901, 234, 199 are very likely to be one of the counterattacks of the Spring Territory."

" This is not something that the Second Team can solve. Report it to the Ocean Universe Center!"

....

In fact, during the attack, the ocean universe also encountered other counterattacks.

They would all be dealt with by the great beings sent by the center of the ocean universe, and it would take a certain amount of time.

This meant that Earth would not be disturbed for a short period of time.

Time flew by like water.

In the blink of an eye, five years had passed.

In the past five years, Lin Fan had obtained three Transcendence Golden Bodies, two Immortal Crystals, one King grade equipment, and one Heaven and Earth Enlightenment from the system.

Under the effects of the massive amount of pure Spirit Qi, coupled with the aid of the Heaven and Earth Enlightenment, Lin Fan's cultivation state had reached King level 6. He was extremely powerful.

However, he was still dissatisfied.

He had to vent his dissatisfaction.

And so, Lin Fan cursed Tai Jun once more.

As soon as he finished cursing, a crisp notification sounded in his mind.

[Ding! Your enemy, Tai Jun, has been greatly affected by your curse. He is seriously injured and is in danger.]

When Lin Fan heard this, he broke out into a smile.

"Is the curse finally working? My persistence every day was not in vain."

....

In the distant starry sky, in the Myriad Demon Sect.

Tai Jun had never left the palace all these years.

He said to the outside world that he was in seclusion to comprehend the cultivation technique.

In reality, he had been resisting the power of the curse.

Even though the Sage had given him a magic treasure.

However, as time passed.

Tai Jun realized that the power of the curse was getting stronger and stronger, and in contrast, the effect of the magic treasure was getting smaller and smaller.

He was fighting against the curse every day. If he relaxed a little, he would fall into eternal damnation.

Tai Jun blamed all of this on the demonic sect.

Therefore, over the years, he had been constantly increasing his encirclement and suppression of the demonic sects.

He wanted to force the Demon Sect Master out and kill him.

Only by solving the problem from the source could he be free.

However, the Demon Sect Master was like a coward and did not show his face.

This made Tai Jun extremely helpless.

And today...

"Kacha!"

Cracks suddenly appeared on the magic treasure he was using to resist the curse.

In the end, it shattered like a bubble.

"Whoosh!"

The pitch-black power of the curse instantly covered Tai Jun's entire body like a tidal wave.

"Puff!"

Then, Tai Jun's mouth, nose, eyes, ears... Blood spurted out like a pillar, and they became extremely ferocious and terrifying.

"Roar!"

Tai Jun roared into the sky, his voice shaking thousands of miles, scaring countless living beings into trembling and spitting out a large mouthful of blood.

Instantly, his entire body deflated like a balloon, becoming extremely dispirited.

His bloody face was filled with madness and ruthlessness.

"From now on, my Ten Thousand Demon Sect and the Demon Sect will not rest until one of us dies!"

As soon as he finished speaking, Tai Jun suddenly soared into the sky. His entire person was like a balloon in the sky that suddenly exploded.

In an instant, the area within a million kilometers was dyed red.

It was extremely terrifying.

Tai Jun, die!

The disciples of the Thousand Demons Sect were stunned.

Then, they all knelt on the ground.

"Greetings, Sect Master!"

"I'm irreconcilable with the Demon Sect!"

"Demon Slayer Sect, Demon Slayer Master!"

"Kill the Demon Sect!"

....

Shouts of battle resounded throughout the world.

All the Myriad Demon Sect disciples' eyes turned red. As long as the Demon Sect appeared, they would immediately kill them.

In fact, it wasn't just the Ten Thousand Demons Sect.

The Water God Palace, Lightning Sect, and other large factions also increased their attacks on the demonic sects.

This was because in such a short period of time, the Fire God Palace Lord and the Myriad Demon Sect's Sect Master had both died, making them feel fear.

This power was too terrifying.

Especially... This kind of power was still in the hands of the enemy.

All of a sudden, the days of the fiend sects became more and more difficult.

....

The demonic sect hidden in the darkness.

All the higher-ups gathered together, and the atmosphere was a little gloomy.

"In the past few days, nearly a quarter of the hidden forces of our Demon Sect have been uprooted. "Now, all the factions that have a trace of ties with the Demon Sect have taken the initiative to stand up and draw a clear line with us."

As soon as he said this, the atmosphere became even more depressing.

"Demon Sect, do you really not know how to curse?"

Everyone's gazes focused on the Demon Sect Master.

The Fire God Palace Lord and the Myriad Demon Sect's Sect Master both insisted that the Demon Sect Master had cursed them to death.

How could this not be suspicious?

"I really don't know how to curse. At the very least, there was absolutely no curse that could kill an Emperor-level powerhouse."

He also wanted to possess such power.

If there was, why would the Demon Sect be afraid of enemies?

Those who did not submit to him would all be cursed to death!

Who exactly was it? Why did they pin this matter on him?

The Demon Sect Master vaguely felt that a huge conspiracy was slowly unfolding towards him.

The more the Demon Sect Master thought about it, the more flustered he became. It was as if a huge palm was floating above his head and would fall at any moment to crush him into pieces.

No, he had to think of a way to save himself.

"I have something to do and need to leave." The Demon Sect Master said anxiously.

As soon as he finished speaking, his figure flashed and he directly disappeared.

Only the higher-ups of the demonic sect were left looking at each other.

....

Outside the Thirty-Three Levels of Heaven.

A man who was surrounded by brilliant light suddenly opened his eyes.

The sun and moon moved in his eyes, and his face could not be seen.

"Taijun is dead? How dare you!"

With a light shout, the surrounding space rippled like water. It was extremely shocking.

His hands kept moving as if he was calculating something.

However, all he got was nothingness.

The man had no choice but to put down his hands and let out a muffled groan.

....

Earth, Coiling Dragon Villa.

Not long after Lin Fan finished cursing, a series of notifications rang out in his mind.

[Ding! Your enemy Taijun's soul was destroyed by your curse and his body died.]

[Ding! [Congratulations, you have killed a Level 5 Martial Monarch Realm cultivator. You have received 50 billion experience points.]]

A surge of pure energy flowed into Lin Fan's body.

He only felt his body warm up and extremely comfortable. This chapter is updated by

"I thought we would have to wait a few more days. I didn't expect him to die just like that." Lin Fan smiled.

Just as Lin Fan revealed a smile, another notification rang out in his mind.

[Ding! [Tyranny has generated hatred towards you. Current Hatred Level: 5 stars.]]

Tyrannical?

Who was this?

[Tai Ba: Tai Jun's ancestor, cultivation unknown. Because you cursed his junior, Tai Jun, to death, he developed hatred for you.]

Lin Fan's face was filled with helplessness.

It was really like beating up the little one, and now the old one came.

This was truly endless.

Cultivation unknown?

Now, he could check the cultivation level of an Emperor level expert.

Unknown?

That was above the monarch level, the legendary Holy Master?

This was probably the person who gave Taijun the magic treasure.

However, too overbearing? This name was really simple and crude.

Lin Fan thought about it and said, "System, does Tai Ba know that I cursed Tai Jun to death?"

[Requires 10 million spirit stones. Do you wish to inquire?]

"Yes, sir!"

[Tyrannical doesn't know.]

Even though Lin Fan had already expected this outcome.

However, after obtaining this result, he felt slightly relieved.

"Thump! Thump!"

At this moment, there was a knock on the door.

Lin Fan looked up. It was Han Tian.

"Come in," he said.

When Han Ting heard this, she pushed the door open and walked in.

"Han Tian, what's the matter?" Lin Fan asked."

"I want a child." As Han Tian spoke, she threw herself into Lin Fan's embrace.

A sweet fragrance entered Lin Fan's mouth.

A month later, Lin Fan's door slowly opened.

Han Tian walked out with a flushed face.

Half a year later, Su Ningjing walked in.

....

They had never wanted children all these years.

To a large extent, he was worried that he would not have enough lifespan to give birth to a child.

However, now that they had all reached the domain lord level, they had millions of years of lifespan. They didn't have to worry about lifespan at all.

This gave them the idea of having children.

However, sometimes, having a child was not something that could be done immediately.

Especially now that Lin Fan had become a king level expert, their cultivation had also reached domain lord level. That was even more troublesome. I think you should take a look at

This was because when one's cultivation reached a certain level, one's life level would also increase.

The higher the level of life, the harder it was for them to produce offspring.

Under such circumstances, he could only trouble Lin Fan.

Day and night, without rest.

The sun shines on the incense burner and produces purple smoke. From a distance, I can see the waterfall hanging in front of the river.

The stream flowed down three thousand feet, and it was suspected that the Milky Way fell from the nine heavens.

....

In the blink of an eye, another ten years passed.

Lin Fan didn't cultivate. Instead, he was working hard.

However, the strange thing was that his cultivation speed did not decrease.

On the contrary, it became even faster.

Right now, Lin Fan had already entered King level 7.

At the same time, his constant toil finally had an effect.

There were signs of life in Huang Ling's stomach.

As a result, the entire Coiling Dragon Villa was filled with a special atmosphere of joy besides the cultivation craze.

If he was happy, then he should celebrate.

Hence, Lin Fan turned his attention to the Curse Technique and Tyrant.

[Do you want to spend 10 million spirit stones to curse Tai Ba?]

"Yes, sir!" Lin Fan said.

Instantly, the 10 million spirit stones in the inner space shattered and turned into nothingness.

....

33 Heavens.

Tai Ba felt something and suddenly opened his eyes.

"Curse power! How dare you!"

With a slight thought, he instantly dispelled all the curses.

Then, his hands moved quickly to find the source.

After a while, he slowly stopped.

"Saint-level curse technique! No wonder he could curse Tai Jun to death. It turned out that a Holy Lord level expert had made a move."

"But who is it?"

First kill Tai Jun, then curse himself.

Was this a warning, or...Declaring war?

One figure after another appeared in Tai Ba's mind. His expression changed as he thought of something.

....

On the other hand, in the dark universe.

Killing and bloodshed were synonymous with this place.

The air was filled with a nauseating smell.

Lin Cheng Zhen and Li Hao killed the enemies in front of them one after another. They were decisive and merciless.

Their bodies were covered in scarlet blood, some from their own blood, and some from their enemies. They were like demons from hell, ferocious and terrifying.

Now, judging from the aura emitted from their bodies.

Lin Cheng Zhen and Li Hao had both reached domain lord level.

He had reached such a realm in such a short period of time just by cultivating on his own.

This kind of advancement speed was truly astonishing.

"Whoosh!"

At this moment, countless monsters suddenly appeared from all directions.

The leader had three heads and was about ten meters tall. He said sternly, "Where are you running to?!"

"Break their heads!"

"Dig out their eyes!"

"I want to eat their hearts and livers!"

....

Roars sounded from the surroundings.

"Cheng Zhen, we seem to be surrounded. The game is about to end." Li Hao smiled bitterly."

"I'm sorry, we were supposed to hunt for treasures together and increase our cultivation."

"It's still too early to talk about this!" Lin Chengzhen said."

As soon as he finished speaking, he took out a pitch-black talisman. He gritted his teeth and shouted, "Activate!"

"Whoosh!"

A black hole suddenly appeared in front of him, sucking him and Li Hao in and disappearing in an instant.

The three-headed monster in the distance said sternly, "What?"

Then, he rushed over.

However, Lin Chengzhen and Li Hao were nowhere to be seen.

Chapter 733 Annihilation in One Move; Anger!

Ten years passed in the blink of an eye.

Lin Chengzhen and Li Hao returned to the dark universe continent that was filled with a stench.

Compared to ten years ago, their appearances now had a few more hints of evilness.

They had a few obviously strange talismans on their bodies, a scarlet vertical pupil between their eyebrows, and a string of small skull-like pendants hanging around their necks.

They charged forward and easily tore the monsters not far away into pieces.

From the aura they gave off, they were actually domain lord level 9!

In fact, he was only a step away from breaking through to the universe level!

Such a breakthrough speed was simply shocking.

"Cheng Zhen, how is it?" Li Hao asked excitedly. Didn't I say that you can quickly become stronger after entering the mystic realm?"

Lin Chengzhen smiled and shook his head.

He still vaguely remembered Li Hao apologizing to him ten years ago.

However, just as Li Hao said, he had become stronger!

He had become very strong!

"Let's go and take revenge!" Li Hao said."

"Good!" Lin Chengzhen said.

Before long, they encountered three monsters.

Ten years ago, Lin Chengzhen and Li Hao could only run away when they met him.

But now, he was beaten until he kept coughing up blood.

"How did you suddenly become so powerful?" the three-headed monster asked in shock."

What responded to him was Li Hao's saber that was dozens of meters long.

Blood splattered everywhere.

....

On the other hand, Earth.

In these 10 years, Lin Fan was the same as the past few years. Whenever he was free, he would work hard.

He worked very hard.

Unfortunately, the result was not satisfactory.

Other than Huang Ling, there were still no signs of life in the stomachs of the others.

After 10 years of careful recuperation.

Other than obvious signs of life, Huang Ling's stomach did not bulge at all.

Huang Ling was already mentally prepared for this, so she wasn't too worried.

In the past ten years, Lin Fan had obtained five Transcendence Golden Bodies, four Immortal Crystals, two Emperor Grade equipment, and some treasures to cultivate the power of laws from the system.

Lin Fan's cultivation state had risen once again, reaching King level 8.

....

On this day, Lin Fan had just finished working hard.

He suddenly raised his eyebrows.

That was because a crisp notification sounded out in Lin Fan's mind.

[Ding! Level 1 King Stage cultivator detected.]

[Ding! Level 2 King Stage cultivator detected.]

[Ding! Level 3 King Stage cultivator detected.]

....

Lin Fan raised his head slowly and looked out into the endless void.

A huge golden battleship appeared in the sky above Earth.

There was a huge Z at the bottom of the warship.

Inside the battleship, there were a man with a seal head, a man with a whale head, a man with a sea snake head, and a powerful aura around him.

They were a group of experts sent by the center of the ocean universe to deal with the hidden enemies of the Four Seasons Universe.

If an ordinary person saw them, they would definitely be scared out of their wits.

However, Lin Fan's face remained calm.

That was because, under the observation of the Heavenly Eye, all the people on the warship were covered in weaknesses, and they could be destroyed with a flip of their hands. This chapter is updated by

He took a step forward and disappeared from the Coiling Dragon Villa.

....

At this moment, in the golden warship.

Men with powerful auras stared at the blue planet in front of them with sharp eyes.

"5901, 234, 199, this is it."

"Isn't it just an ordinary planet?"

"Hmm? Something didn't seem right. Why did this planet have such dense spiritual energy?"

"What astonishing spiritual energy!"

"Not only spiritual energy, but many spiritual dragons have also appeared!"

"There is definitely a big secret on this planet!"

As they spoke, their gazes towards Earth gradually became incomparably greedy.

"Break the protective shield first!"

A thick energy ray that was like a pillar that reached the sky poured down.

"Whoosh!"

Almost at the same time as the energy beam fell, a light sword ten times the size of the energy beam came straight at him.

The entire universe was covered in white light.

In the golden battleship, the eyes of the man with the seal head, the man with the whale head, the man with the sea snake head, and everyone else narrowed as they shouted in fear, ""Not good!"

Their hair instantly stood on end. They wanted to dodge, but it was already too late.

"Boom!"

An earth-shattering explosion sounded.

The golden battleship exploded in an instant. It was dazzling and resplendent.

Annihilate the enemy in one move!

Lin Fan used his golden eyes to scan for two seconds. After confirming that he had killed all the enemies, he turned around and returned to Earth.

Lin Fan would never show any mercy to those who wanted to harm Earth.

....

At the center of the ocean universe.

One after another, mail after mail came from all the universes.

Countless murlocs quickly gathered and analyzed the information and issued orders.

Everything was handled in an orderly manner.

"Beep beep beep!"

At this moment, an urgent alarm suddenly sounded at the scene.

All the mermen looked over.

The next moment, all the mermen widened their eyes in unison.

"We lost contact with the Z010 gold warship?!"

"Quickly try calling!"

....

"Beep toot!"

However, no matter how much they called, all they got was a busy tone.

"What is the mission of the Z010 gold warship?"

"Dealing with the powerful enemies in the Four Seasons Universe's Spring Region, coordinates 6521, 111, 134; 2131,322,141.. 5901,234,199. Not long ago, the Z010 golden warship sent back news that it had successfully solved the problem of coordinates 5210, 132, 099. The location where the Z010 golden warship lost its signal was 5901, 234, 199!"

"Quick, report the situation!"

"Yes, sir!"

This news kept being uploaded.

Before long, it appeared in the hands of Ocean Universe Master.

Ocean Universe Master was a nine-headed flood dragon, and his body was filled with endless terrifying power. With just a glance, he could tear any living being into pieces.

"The destruction of the Z010 gold warship is a provocation to the ocean universe!"

His voice was like thunder, causing the entire palace to tremble.

It had to be said that this nine-headed flood dragon was truly domineering.

He let people invade other people's territory.

When others resisted, he said that they were provoking him.

After a while, the nine-headed flood dragon spoke again, "Zach, I appoint you as the commander-in-chief of the crusade. You will lead the Z001, Z002, Z003, Z004, Z005, Z006, Z007, Z008, and Z009 battleships to completely destroy the Spring Field coordinates 5901, 234, and 199 planets."

"I want you to make a name for yourself in the ocean universe!"

When everyone in the hall heard this, they could not help but be shocked.

One had to know that Zach had already reached the ninth layer of the king level hundreds of thousands of years ago.

Some people said that he had already broken through to the Imperial level.

Some even said that he had already defeated an Emperor-ranked powerhouse!

However, no matter what, his strength was publicly acknowledged.

With him as the commander, he would lead nine Gold Z-series warships.

This was enough to show how much importance and rage Ocean Universe Master placed on coordinates 5901, 234, 199!

Below, a man with a flood dragon head said respectfully, "Yes, sir!"

With a flash, he disappeared from the hall.

The entire palace regained its peace.

Chapter 734 Arrival; Annihilation! (2)

The nine Z-series golden warships were like nine suns that were advancing rapidly in the void. They were incomparably dazzling and eye-catching.

The baleful aura was oppressive, and wherever it passed, all living beings retreated.

At the center of the battleship Z001.

Zach crossed his arms and stared at the endless void with his sharp eyes.

At this moment, a message popped up from the Z001 system.

[Hint: A planet has appeared in the predetermined orbit. It is expected to collide with it in 30 minutes. Do you want to enter the alternative orbit?]

"No!" Zach said lightly.

As soon as he finished speaking, he raised his finger slightly.

"Whoosh!"

In an instant, a dazzling energy pillar shot out.

"Boom!"

A moment later, a planet in the distance exploded, turning into fireworks that filled the sky.

Dazzling and resplendent.

....

In the blink of an eye, half a year had passed.

For the past half a year, other than cultivating, Lin Fan had been working hard.

His strength had been steadily improving.

On this day, Lin Fan had just finished cultivating.

A series of clear notifications suddenly sounded in his mind.

[Ding! Level 1 King Stage cultivator detected.]

[Ding! Level 2 King Stage cultivator detected.]

[Ding! Level 3 King Stage cultivator detected.]

[Ding! Level 4 King Stage cultivator detected.]

When Lin Fan heard this, his brows twitched.

Emperor level expert!

Even though Lin Fan had already killed two Emperor level beings.

However, they were all curses.

Lin Fan had never even met them before.

Therefore...

Strictly speaking, this was the first time he was so close to a monarch.

Emperor level!

Lin Fan's heart raced.

He slowly raised his head and looked into the void with his pair of Heavenly Eyes.

But soon, Lin Fan's face turned weird.

Because, in his vision, everyone was filled with countless weaknesses, including the strongest among them.

Emperor-ranked?

Just this?

Lin Fan shook his head slightly. Stepping out, he disappeared from where he was.

....

At this moment, nine golden warships were floating in the air in a fan-shaped formation.

In the Z001 golden warship.

Zach's sharp eyes swept over the Earth in front of him.

Invisible, it formed a gust of wind in the void that was like a calm lake, quickly rippling in all directions.

"Buzz!"

Before the strong wind reached Earth, it was completely blocked by a transparent energy barrier and did not affect Earth at all.

Zach raised his eyebrows."

His eyes shone with golden light, as if there was a giant dragon circling around him, staring at the earth.

"A small planet actually has such dense spiritual energy! There were some secrets. Perhaps, he should go in and investigate."

As soon as he finished speaking, he raised his hand and condensed an energy light spot.

The light spot quickly grew larger, and in an instant, it became the size of a football, the size of a pot lid...In the end, it became the size of a football field.

"Whoosh!"

Then, the energy ball the size of a football field flew toward Earth at high speed.

In Zach's eyes, the protective shield on the surface of the earth would shatter like a bubble in the next moment.

Perhaps, more than half of the entire Earth would be destroyed, or even completely destroyed.

Zach didn't care about this at all.

However, the next moment, Zach's eyes narrowed slightly.

That was because, just as the energy ball was about to reach Earth, a figure suddenly appeared in front of it.

It was Lin Fan!

He saw...Lin Fan raised his hand slowly.

" Universe in a Palm!"

A huge palm phantom appeared in the air, surrounded by starlight, dazzling and eye-catching.

When the energy ball came into contact with his palm, it was like a drop of water merging into the sea. It did not set off any waves and disappeared in an instant.

"Hmm?"

In the Z001 golden warship, Zach raised his eyebrows and a touch of surprise appeared on his face.

With a flash, he appeared in the void.

Zach stared at Lin Fan with his sharp eyes and said,""You're the one who destroyed the Z010 warship, right? I don't think I have any information on you. Who are you? What is your position in the Four Seasons Universe?"

He stood with his hands behind his back and looked down at Lin Fan.

It exuded the contempt of an expert.

Lin Fan said," Who are you?"

Lin Fan could already tell from the Eye of Heaven that Zach and the rest could be killed with a flip of his hand.

Therefore, he was not in a hurry.

Using this opportunity to ask about the situation in the ocean universe was also a good thing.

After all, after killing them, the ocean universe might send even stronger people.

Only by knowing yourself and your enemy can you win every battle.

"I'm Heavenly King Zach of the ocean universe," Zach said proudly. "I'm the special marshal of the ocean universe master!"

Lin Fan nodded his head, "Can your strength in the ocean universe be ranked in the top 10?"

"Are you trying to find out about the strength of my ocean universe? How ridiculous! You'd better be a muddle-headed ghost!" Zach shouted.

As soon as he finished speaking, he suddenly swung his saber.

The mighty saber energy seemed to have split the entire universe.

The reason why Zach was chatting with Lin Fan was to prepare this killer move.

He wanted to destroy Lin Fan and Earth.

The strength that Lin Fan had displayed earlier was simply too shocking and terrifying.

Even Zach felt that it would be a tough battle.

There was even a possibility of capsizing.

Zach, on the other hand, liked to kill all possibilities in the cradle.

The mighty blade energy shone brightly on Lin Fan's face.

However, Lin Fan's expression did not change at all.

He shook his head slightly and said, "Why are you in such a hurry to attack?"

As soon as he finished speaking, a majestic Transcendence Golden Body suddenly appeared behind Lin Fan.

The Transcendence Golden Body instantly merged into his body.

"Whoosh!"

Instantly, Lin Fan's entire body shone with a dazzling golden light.

The golden light gathered crazily towards his fist, forming a huge golden fist shadow in the air.

He threw a punch.

A terrifying power surged out like a tsunami.

"Boom!"

The mighty saber energy shattered like a bubble.

Zach's pupils constricted, and his entire face turned pale. He cried out in horror, "Impossible!"

This was his last voice.

As for Z001, Z002, Z003...The people in the battleship did not even make a sound. They only made a stunned expression.

"Boom!"

Fist shadows covered the area.

Zach, Z001, Z002, Z003, and the rest of the battleships, as well as everyone on the battleships, all turned into nothingness, completely disappearing from this world.

After a long time, the fist shadow slowly disappeared. What replaced it was a huge black hole in the void.

At this moment, a series of notifications rang out in Lin Fan's mind.

[Ding! Killed King Stage Level 1 cultivator. Obtained 1 billion experience points.]

[Ding! Killed King Stage Level 2 cultivator. Obtained 2 billion experience points.]

[Ding! Killed a King Stage Level 3 cultivator. Obtained 3 billion experience points.]

....

[Ding! Killed a Level 1 Martial Monarch Realm cultivator. Obtained 10 billion experience points.]

The energy surged into Lin Fan's body.

Lin Fan felt his body warm up. He took a step forward and disappeared.

....

At the center of the ocean universe.

Countless pieces of information flowed like water as they gathered.

The mermen gathered and analyzed in an orderly manner.

"Beep! Heavenly King Zach led his army to coordinates 5901, 234, 199."

After this email appeared, the Fishmen's figures could not help but pause slightly and look in the direction of the email.

"Keep an eye on Heavenly King Zach's news," said the merman in the upper position."

"Yes, sir!"

As soon as he finished speaking, an urgent alarm suddenly sounded at the scene.

"Beep beep beep!"

"Z001,Z002,Z003.. Z009 signal lost."

"Thump! Thump!"

The hearts of all the murlocs present suddenly beat faster.

All nine golden warships had lost their signals?

How was this possible?

The merman in the upper position suddenly stood up and said,"There must be an unknown magnetic field nearby. Now, call for King Zach at all frequencies."

After all, there were nine golden warships!

There was even Heavenly King Zach.

If something happened to all of them, it would definitely be a huge earthquake in the universe! Tsunami!

"Yes, sir!" All the mermen responded in unison, and then quickly called Zach.

"Heavenly King Zach, please reply."

"This is the center of the ocean universe, calling Heavenly King Zach."

"Heavenly King Zach..."

The only response they got was a busy tone.

A moment later, the superior murloc fell back into his seat with a dejected expression.

He was terrified of the future of himself and the entire ocean universe.

After a while, he picked up the communicator and reported the specific situation.

....

Ocean universe palace.

"What?!" The nine-headed flood dragon looked at the report in front of it and shouted sternly.

"Boom!"

In the clear sky, thunder suddenly exploded. Countless lightning snakes instantly tore the sky apart.

"Spring Field 5901, 234, 199!" The nine-headed flood dragon shouted, "5901 killed my Heavenly King Zach and annihilated my elites! He is the greatest enemy of our ocean universe! A year later, I will personally lead the army to destroy them and take revenge for Zach and the marine universe warriors! Raise the prestige of our ocean universe!"

"As ordered!"

Below, everyone kowtowed in unison, and their faces were still filled with horror.

Zach was dead, nine golden warships were destroyed, and the ocean universe master was fighting personally!

Every piece of news was shocking.

Now, they were all gathered together!

Something big... Rise!

....

As soon as the denunciation was issued, countless worlds began to discuss.

"Kill Zach and destroy nine golden warships! Oh my god, 5901, what is this place?"

"Zach, that's a monarch level expert!"

"That must be where the Four Seasons Universe's experts gather!"

"I told you, our Four Seasons Universe will definitely fight back!" Visit [no\(v\)eLb\(i\)n.com](http://no(v)eLb(i)n.com) for the best novel reading experience

"That's great!"

....

Four Seasons Universe Center, palace.

All the higher-ups gathered. I think you should take a look at

They had also heard the news about 5901 and were shocked.

"Isn't our plan to temporarily give up on the Spring and Summer Regions and focus our forces on protecting the Autumn and Winter Regions? Who was the power of 5901?"

"This power was actually able to kill Zach and destroy 10 golden warships. It's terrifyingly powerful!"

"Is this the hidden power of our Four Seasons Universe?"

"Maybe it's a backup plan for us universe masters?"

Everyone spoke one after another, causing the originally dull palace to gradually become lively.

Everyone's faces were filled with anticipation.

His expectations for the future.

"Ta Ta!"

At this moment, the First Elder slowly walked over.

Everyone suddenly stopped talking and looked at the First Elder with questioning eyes.

"I know what you're thinking," the great elder sighed. "Unfortunately, 5901 isn't a backup plan for universe masters. Our policy has always been to temporarily retreat to the Autumn and Winter regions. We didn't hide this power..."

"I don't even know what this power is!"

"This is an unfamiliar and powerful faction. The only thing worth rejoicing about is that it seems to be helping our Four Seasons Universe."

When everyone heard this, they all revealed a bitter expression.

The Great Elder turned to look at the Spring Territory Master and said, "Do you know 5901?"

"I don't know." The Lord of Spring shook his head.

At this moment, Mu Jun Qin Xian opened his mouth, wanting to say something, but no words came out.

The Lord of Spring noticed this and asked, "Mu Jun, what's the matter?"

Mu Jun was one of his most trusted subordinates.

Many things in the Spring Field were handled by him, and he could be considered the chief butler of the Spring Field.

"Zone Leader, do you still remember the time when you asked me to recruit talents from all over the world to participate in the cosmic contest?"

The Lord of Spring could not help but frown.

In the past, the struggle for hegemony in the universe was indeed a very important matter.

However, couldn't he tell what was going on?

The Spring Field was about to be completely conquered, and the entire Four Seasons Universe might be completely destroyed!

Qin Xian also saw the change in the Lord of Spring's expression. He could not help but complain in his heart.

However, if he didn't finish his sentence halfway, it would be even worse.

Therefore, Qin Xian could only brace himself and continue, "Before the universe contest, I went to 5901."

"Buzz!"

Instantly, everyone in the palace gathered their gazes.

Although Qin Xian and the Lord of Spring were chatting softly.

However, how profound were the cultivation levels of the people present?

He easily heard their conversation.

Qin Xian felt as if he was being crushed by a huge mountain under everyone's gaze. He felt extremely heavy, and sweat rolled down his forehead.

"You're the Wood Lord of the Spring Field, right?"

"You just said that you went to 5901?"

Seeing that Qin Xian was still in a daze, the Spring Territory Master couldn't help but shout in a low voice, "Mu Jun, why aren't you answering the Great Elder's question?"

Only then did Qin Xian react and hurriedly said, "First Elder, I did go to 5901, probably a few decades ago."

When the Great Elder heard this, a golden light flashed in his eyes that were hidden behind the mask. He said, "Oh? What kind of planet was 5901?"

"I didn't enter the planet..." Qin Xian said.

Everyone frowned when they heard that.

"I only came to the outside of planet 5901 because there was a powerful array on the surface of the planet that blocked me. However, just from the outside, I saw countless spirit dragons on this planet!" Qin Xian said hurriedly.

Everyone's expression changed slightly.

Spirit Dragon!

This was a special image that would only be produced when the spiritual energy was extremely dense.

Planet 5901 was indeed extraordinary!

"Also, I met the leader of planet 5901."

"Buzz!"

When everyone heard this, they all used even more focused gazes to gather on Qin Xian.

Chapter 736 Decided; As Worthy of You!

According to everyone's speculation, Star Lord 5901 was very likely to be closely related to the person who killed Zach and destroyed the 10 golden warships.

In fact, it might even be him!

It was no wonder that everyone was so concerned about it.

Qin Xian's back felt a little heavy after being stared at by so many important figures.

After a while, he said with much difficulty, "That planet is called Earth, and its owner is called Lin Fan."

Earth?

Lin Fan?

Everyone silently memorized these two names in their hearts.

Qin Xian continued, "Lin Fan is extremely handsome. According to the core disciples of Dragon Tiger Sect, Fenghua Sect, True Martial Sect, and the others, Lin Fan is extremely strong and bottomless! Defeating these core disciples was just a single move."

"Thus, I went to invite him to participate in the universe contest and explained the benefits."

"But Lin Fan didn't seem to mind at all and rejected him directly."

Hearing this, everyone began to analyze quickly in their hearts.

The Longhu Sect, Fenghua Sect, and True Martial Sect were all sects that were slightly famous. Lin Fan's strength was not simple to defeat these core disciples in one move.

And the universe competition was a grand event that happened once every million years.

Especially this time, with the attention of the Sacred Lord, it was even more important.

In the end, the other party rejected him without hesitation?

This explained many things.

Perhaps the other party had many opportunities and didn't care about the rewards of the universe competition.

In fact, there was already a Sacred Lord behind him!

When everyone thought of this, their impression of Earth and Lin Fan's rankings deepened and became even more serious.

At this moment, the Great Elder said, "No matter what, Lin Fan is helping us to defend against the Ocean Universe. The stronger he is, the greater our chances."

After pausing for a moment, he continued, "One year from now, the Ocean Universe Master will come to 5901 personally. I plan to lead the army to help Lin Fan. Is anyone willing to go with me?" Visit [no\(v\)eLb\(i\)n.com](http://no(v)eLb(i)n.com) for the best novel reading experience

When everyone heard this, they were all stunned.

However, they soon revealed a look of realization.

But now, Lin Fan was so domineering.

It was very likely that there was a Sacred Lord standing behind him.

If he were to form a relationship with Lin Fan and the Sacred Master behind him because of this...

Then, the crisis of the Four Seasons Universe would be resolved.

Taking a step back, even if Lin Fan didn't have a Sacred Master behind him...

However, Lin Fan had the power to kill Zach and destroy 10 golden battleships. He was worth recruiting.

In fact, if Lin Fan could hold off the Ocean Universe Master, the Four Seasons Universe could even use this chance to crush the Ocean Universe's attack in one fell swoop.

In a sense, this was definitely an opportunity.

Thinking of this, the Lord of Spring was the first to say, "I'm the master of the Spring Region. It's my duty to protect the Spring Region!"

Then, everyone chimed in.

"I'm willing to go with you!"

"Me too!"

"I'll go too!"

"I'm willing to go!"

....

Many voices echoed in the palace.

It looked like it was going to have a life and death battle with the ocean universe.

....

Dragon Tiger Sect.

Ever since the Spring Field was attacked by the ocean universe, the once powerful Dragon Tiger Sect had become very miserable.

"Where is the ocean universe army?"

"It stopped! The ocean universe army stopped advancing!"

"Really?"

"That's great!"

The heated discussions rose and fell.

Many people went to check on the situation.

When they received confirmation, everyone was delighted.

"What is going on?"

"Yeah, why did the ocean universe stop?"

" Quickly look at the cosmic news!"

" Something big has happened in the universe news!"

Everyone took out their communicators.

"The ocean universe issued a declaration against 5901?"

"5901 killed Zach? Destroyed 10 golden warships?"

"This is definitely the counterattack of our Four Seasons Universe!"

"That's great!"

....

Qin Qiuliang, who was in the crowd, picked up his communicator.

In the next moment, his pupils constricted.

Because he saw planet 5901 on the news. It was Earth.

In that case, the person who killed Zach and destroyed the Golden Battleship could very well be Lin Fan!

Qin Qiuliang praised, "As expected of you!"

....

Earth.

Lin Fan was completely oblivious to all of this.

After merging and linking up his cultivation techniques, he cursed Sacred Lord Tyrannical out of boredom.

Then, he looked at his character relationships and found that all the familiar people were in their normal states. He felt a little relieved.

Then, Lin Fan placed his attention on Ma Zheng and used his soul to communicate with him.

"Ma Zheng!"

....

In a spacious meeting hall.

Originally, Ma Zheng was discussing something with a group of people.

When he heard this voice, his expression suddenly turned solemn.

Then, he said to everyone, "You guys can leave first."

Everyone was slightly stunned.

Didn't he want to make a decision as soon as possible?

Why was he asking him to retreat now?

Ma Zheng saw that everyone was still in a daze and could not help but shout, "Hurry up and retreat!"

"Yes, sir!" The crowd no longer dared to hesitate and left.

After the door closed, Ma Zheng hurriedly knelt on the ground and said respectfully, "Greetings, Master!"

Even though Lin Fan wasn't there.

However, Ma Zheng did not dare to neglect his etiquette.

"Master, I'm sorry to have kept you waiting. I was in the middle of a meeting with the upper echelons of the Raincloud Sanctum." Ma Zheng said.

Lin Fan said, "It's fine. What's your status in the Raincloud Sanctum now?"

"I'm now the vice altar master of Raincloud Sanctum." Ma Zheng said.

"That's right!" Lin Fan said.

These words could be said to be Lin Fan's heartfelt words.

One had to know...

Not long ago, Ma Zheng was just an ordinary elder.

In fact, he had only joined the Raincloud Altar for less than a hundred years.

This speed of advancement was truly astonishing.

"All of this is thanks to Master's nurturing!" Ma Zheng said respectfully."

These words were also Ma Zheng's heartfelt words.

He believed that he was capable.

However, in this world, the strong were always respected.

Without enough power, no matter how strong one's ability was, it would be useless.

And Lin Fan had given him such power.

" Master," Ma Zheng said," I heard that the Master of the Ocean Universe has issued a declaration of war against Earth. He's preparing to personally lead his army to launch an attack in a year's time. Is there anything I can help you with?"

Lin Fan raised his brows. The Ocean Master was personally leading the army?

This formation was definitely not small.

However, Lin Fan's tone was still very calm as he said,""You don't have to worry about this matter. "The only thing you have to do now is to continue to become stronger and obtain greater power."

Through this matter, Lin Fan felt that having power was an extremely important thing.

If he had a powerful enough force, the Ocean Lord would have turned into ashes without him knowing as soon as he issued such a declaration.

"I'll teach you a cultivation technique now. Cultivate well."Lin Fan said.

"Thank you, Master." Ma Zheng said excitedly.

Chapter 737 Defense; Expedition!

Lin Fan spent three days to teach Ma Zhong a King level skill.

Only then did the soul communication end.

Then, he turned his attention to the system.

"System, can Earth's defensive array block the ocean universe?"

[Requires 1 million spirit stones. Do you wish to inquire?]

"Yes." Lin Fan said without hesitation.

[Sure.]

When Lin Fan heard that, he heaved a sigh of relief.

Then, he asked, "What kind of power can Earth's current defensive array withstand?"

[Requires 10 million spirit stones. Do you wish to inquire?]

"Yes." Lin Fan said.

[Able to resist 10 Holy Lords, all of them attacking with their full strength for 100 years.]

Lin Fan's heart tightened.

It could only withstand 10 Sacred Lords 'full-power attacks for 100 years.

What if 20 of them came?

What if they attacked 1000 years?

There was still danger!

It had to be reinforced!

And so, Lin Fan placed a lot of Spirit Stones and Immortal Crystals around the world in a specific way.

Then, he quickly drew a talisman.

In the following period of time, a very strange scene appeared on the entire Earth.

Rings of strange talismans spread out in all directions. When they covered the entire sky, they seemed to melt and disappear in an instant.

At first, many people were surprised.

Some people took photos as mementos, some posted on their Moments, and Weibo was the top trending topic for a long time.

However, as time passed, everyone became accustomed to it.

In the blink of an eye, half a year had passed.

Lin Fan finally stopped.

He looked at the 15 overlapping protective barriers on the surface and revealed a satisfied expression.

"15 defensive arrays. Even if 10 Sacred Lords come, it will take 1500 years to break through. After 1500 years, I should be at the Sacred Lord realm. At that time, killing a few Sacred Lords won't be difficult."

Lin Fan's words were so casual.

If 10 Sacred Lords really came, who would continue attacking after their attacks were ineffective?

Furthermore, it was 1500 years ago!

Even if the other party really had such perseverance, it was impossible for him to have the ability to continue erupting.

To reach the Holy Lord state in 1500 years, Lin Fan was probably the only one who would dare to say such a thing.

One had to know...

Lin Fan was only a King level 8 cultivator.

If he wanted to become a Holy Lord, there was still a small realm of the King realm and a whole realm of the Emperor realm.

Not to mention the huge gap between the King level and the Emperor level, countless people could not cross it in their lifetime.

Just talking about it, if an Emperor level expert wanted to break through a minor realm, it would take tens of millions of years.

As for breaking through to the Saint Lord realm, that was not something Nian Yue could calculate.

However, Lin Fan wanted to use 1500 years to reach the Holy Lord state.

If others knew about this, they would definitely say that Lin Fan was bragging.

Sometimes, the truth would shut everyone's mouth.

....

On this day.

A star-like, sci-fi looking spaceship appeared in the center of the ocean universe.

A large group of uniformed soldiers stood neatly in front of the spaceship. From afar, they looked like dense ants.

At this moment, a dazzling golden light landed in the sky.

In the golden light, a nine-headed flood dragon wearing a royal robe slowly appeared.

All the warriors knelt down and said loudly, "Greetings, universe master!"

The nine-headed flood dragon's sharp eyes swept across the warriors and said, "The ocean universe is vast and boundless, invincible!"

"Of course, there are people who killed my Heavenly King and destroyed my elites. What do you think we should do?"

"Kill!" the soldiers shouted in unison.

The momentum was vast and shook the heavens and the earth.

The nine-headed flood dragon nodded in satisfaction and said, "That's right, kill!" We will flatten 5901 and conquer the Spring Field, spreading the name of our Ocean Universe!"

"We will flatten 5901, conquer the Spring Field, and spread the name of our Ocean Universe!" All the warriors said in unison.

"Let's go!" the nine-headed flood dragon said.

"Ta Ta Ta!"

The soldiers walked towards the spaceship in unison.

The spaceship started, and golden light shone brightly. It was like a star that streaked across the sky, attracting the attention of countless people.

The ocean universe master's personal expedition had officially begun!

....

Now, Lin Fan had prepared everything that he needed to.

He seemed very calm. Visit [no\(v\)eLb\(i\)n.com](http://no(v)eLb(i)n.com) for the best novel reading experience

Today, he had gathered with everyone in the Coiling Dragon Villa. They were having a barbecue and chatting at the same time. It was extremely comfortable.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Level 1 King Realm cultivator detected.]

[Ding! Level two King Stage cultivator detected.]

[Ding! Level 3 King Stage cultivator detected.]

....

[Ding! Level 9 King Realm cultivator detected.]

[Ding! Level 4 Martial Monarch Realm cultivator detected.]

When Lin Fan heard this, his brows twitched as he stood up abruptly.

Could it be that the marine universe army had arrived?

He quickly raised his head and looked up into the sky with his Heavenly Eye.

Lin Fan had come into contact with the Ocean Universe twice before and knew that they were all fish heads and human bodies.

But now, why was the person in the sky with a human head and a human body?

Lin Fan frowned.

The only fortunate thing was that under the observation of the Heaven's Eye, other than the cultivators at the fourth level of the Imperial level who only had a dozen fatal weaknesses, the rest of the people were covered in countless weaknesses that he could easily resolve.

Hu Tian, Su Ningjing, and the others also sensed Lin Fan's abnormality. They asked, "Lin Fan, what's wrong?"

Lin Fan smiled and said, "It's nothing. We just had some guests."

At this moment, a loud and clear voice reverberated throughout the entire Earth.

"Star Master Lin Fan, I'm the Four Seasons Universe's Great Elder. I have something to discuss with you. Can I have a chat with you?"

Lin Fan heard that and smiled, "Look, there are guests, right?" "I'll go over and have a chat first."

As he spoke, he cast a reassuring look at everyone.

Then, he took a step forward and instantly disappeared.

....

In the void.

Dozens of battleships gathered together.

A large group of men and women with powerful auras stood in the air, looking at the earth from afar, and occasionally let out a burst of discussion.

"Is this 5901? As expected, it contained a large amount of spiritual energy!"

"I've never seen so many spirit dragons in my life!"

"I really don't know what the situation on this planet is like."

"Unbelievable!"

....

In fact, not only were the experts who had come to Earth for the first time astonished, the Wood Lord Qin Xian was also astonished.

This was because the Earth today had undergone a huge change compared to a few decades ago. The spiritual energy was even denser.

Generally speaking, the spiritual energy on a planet was fixed, and the number of cultivators was constantly increasing.

This caused the spiritual energy on the planet to decrease over time.

However, the number of planets was increasing in violation of the law?

What was going on?

The First Elder, who had been silently observing Earth, said, "Someone is coming."

As soon as he finished speaking, ripples suddenly appeared in the distant space like water.

Then, a tall and handsome figure slowly appeared.

It was... Lin Fan!

Chapter 738 Help; Arrival!

Lin Fan's gaze swept across everyone.

Finally, it fell on Qin Xian.

"Mu Jun, may I know why you came here this time?"

Originally, Qin Xian only wanted to be invisible.

Who would have thought that Lin Fan would ask him?

He saw many big shots looking at him.

Hence, he could only bite the bullet and say, "Star Master Lin, this is the Great Elder of the Four Seasons Universe. This is the Master of the Spring Territory. These are the higher-ups and experts of the Four Seasons Universe. We came here to help you."

"Oh? Help me?"

When Lin Fan heard that, he couldn't help but take a look at the masked man.

Lin Fan had some understanding of the positions in the Four Seasons Universe.

The Great Elder was an existence whose status was only lower than that of the Four Seasons Universe Master.

No wonder his cultivation had reached Emperor level 4.

"Star Master Lin, thank you for continuously defeating the marine universe army and protecting the Spring Zone."

Lin Fan said, "I'm sorry, I don't have any plans to protect the Spring Field. It's just that someone attacked Earth and I was just defending."

The Great Elder had obviously expected this answer.

Therefore, he was not too surprised.

He continued, "No matter what, the invasion of the ocean universe is because Star Lord Lin has already encountered a huge obstacle. He has even come to a standstill."

"Maybe Star Master Lin doesn't know," he said after a pause. "It's precisely because of this obstruction that Ocean Universe Master is completely enraged."

"According to the news from Four Seasons Universe, Ocean Universe Master is leading an army and preparing to launch a terrifying attack on the Spring Zone, especially Earth!"

As he said this, his tone became heavy.

"After we received the news, we immediately rushed over so that we could work together with Star Lord Lin to resist the ocean universe."

Lin Fan nodded and didn't say anything else.

The Great Elder continued, "I have a battle plan here. I wonder what Star Lord Lin thinks."

"We came here secretly this time, so the marine universe masters probably didn't get the news. If we hide on Earth and suddenly attack the marine universe army at the critical moment, we're very confident that we can catch them off guard and even defeat them in one fell swoop!"

When he said this, his tone became extremely high-pitched.

It was as if they had already seen the grand scene of defeating the ocean universe.

Lin Fan glanced at the Great Elder and said, "Thank you so much for coming to help. However, it's fine if you enter Earth. We don't like outsiders."

Even though Lin Fan could easily take care of everyone here.

However, if they were allowed to enter Earth and destroy it, it would be extremely troublesome. Updated from novelbIn.(c)om

Lin Fan didn't want that to happen.

As for the threat of the ocean universe, Lin Fan was not afraid at all.

After all, he had already gotten the answer from the system. The ocean universe was unable to break through Earth's first layer of defense array.

Now, Earth had 15 layers of protective arrays!

"As for the battle plan, I don't think there's a need to make it. When you want to help, just help."

As the sound of his voice faded, a series of notifications rang out in Lin Fan's mind.

[Ding! Ricka has aggro towards you, 3 stars.]

[Ding! Hong Kai has hatred towards you, Hatred Points: 1 star.]

[Ding! Li Jianhu has hatred towards you, Hatred Points: 1 star.]

[Ding! Kai Zhen has hatred towards you, Hatred Points: 1 star.]

....

When Lin Fan heard this, his brows twitched.

Good heavens, these people's hearts were really smaller than a needle's eye.

One sentence and they all hated him?

Fortunately, they were not allowed to enter Earth.

Then, Lin Fan placed his attention on Rika, who had 3 stars of Hatred Points.

[Rika: Level 4 Overlord. The Great Elder of the Four Seasons Universe hates you because you refused to let him enter Earth.]

Refusing to enter Earth would result in 3 stars of hatred?

First Elder, the road is too narrow!

Lin Fan took a deep look at the Grand Elder before disappearing into the void like a phantom.

Everyone looked at each other.

Then, there was a burst of discussion.

"Isn't this Lin Fan a little too condescending?"

"We came over to help out of goodwill, but he actually said that!"

"I'm so angry!"

"Is killing Zach so great? He didn't know if he killed them alone or if many people killed them together!"

"Let him fend for himself!"

....

The First Elder frowned.

He stared at the earth and the countless roaring spirit dragons.

After a while, his brows relaxed and he said with a smile, "It's normal for experts to have some pride."

"We only have one goal, and that is to protect the Four Seasons Universe!"

"Since we can't enter Earth, we'll hide further away. At the critical moment, we can still catch them off guard!"

Hearing this, everyone could only nod in agreement.

....

Coiling Dragon Villa.

Lin Fan continued to eat barbecued meat with Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others. He was very relaxed and at ease.

After eating his fill, Lin Fan returned to his bedroom and started cultivating.

The reason why his cultivation had improved so quickly was partly because of the system and the dense spiritual energy.

On the other hand, it was because he had worked hard enough.

Time flowed like water in cultivation.

"Phew!"

"Suck!"

Lin Fan continued to use the Ethereal Breathing Technique to gather a large amount of Spirit Qi.

Soon, his entire body was enveloped by spiritual energy.

Sword shadows gradually appeared in the spiritual energy. Fist energy condensed, and metal, wood, water, fire, and earth floated in the air...It was extremely mystical.

Lin Fan's cultivation state was increasing at a rapid rate.

At the same time, he enjoyed it.

"Phew!"

Lin Fan circulated all of the skills once before letting out a long breath.

A cool breeze immediately swept across the entire Earth.

The trees swayed and the clothes rustled.

"Boom!"

At this moment, a dull sound suddenly appeared on Earth, and it began to shake slightly.

At the same time, a series of notifications rang out in Lin Fan's mind.

[Ding! Level 1 King Stage cultivator detected.]

[Ding! Level 2 King Stage cultivator detected.]

[Ding! Level 3 King Stage cultivator detected.]

....

[Ding! Level 2 Martial Monarch Realm cultivator detected.]

[Ding! Level 3 Martial Monarch Realm cultivator detected.]

[Ding! Level 4 Martial Monarch Realm cultivator detected.]

[Ding! Level 5 Martial Monarch Realm cultivator detected.]

When Lin Fan heard this, he opened his eyes wide, shooting out a dazzling light that was like the sun.

Then, he slowly raised his head and looked up into the sky with his pair of Heavenly Eyes.

Suddenly, a sci-fi spaceship that was comparable to a moving planet appeared in the void.

The ocean universe army had arrived!

Chapter 739 Nine-Headed Flood Dragon; Attack!

In reality, Lin Fan wasn't the only one who noticed this sci-fi looking spaceship.

The Four Seasons Universe First Elder and the others who were hiding in the void were also observing the flying ship and discussing it from time to time.

"He's here!"

"What a terrifying aura. Is the ocean universe master inside too?"

"I wonder which experts they brought over."

"Is there still that Star Lord Lin on Earth who can withstand it?"

"When do we make our move?"

....

From their conversation, it was not difficult to see their fear of the ocean universe.

This was normal...

After all, the ocean universe was an extremely famous and powerful universe.

In addition, over the years, the ocean universe had continuously eroded the Four Seasons Universe, making them feel invincible and unstoppable.

"Everyone, don't worry. We're a special force! Only when the ocean universe and earth are evenly matched can we launch a surprise attack and defeat the ocean universe in one fell swoop."

"If we can't do it, then we have to make other plans. After all, we are concerned with the entire Four Seasons Universe!"

"Now, let's just wait quietly."

Hearing this, everyone nodded in agreement, and their hearts calmed down a little.

....

At this moment, in the universe ship.

The nine-headed flood dragon's nine pairs of eyes were staring intently at Earth.

In his field of vision, he only felt that the surface of the earth was covered by a thick spiritual energy that was as thick as a wall, and it condensed into countless roaring spiritual dragons.

"A small planet actually has such spiritual energy," the nine-headed flood dragon said. Was there a protective array on the surface? Then destroy it first!"

His eyes swept to the side and said, "Fire the M1+ energy cannon."

"Yes!" The murloc not far away said respectfully."

Immediately, a thick cannon barrel slowly appeared from below the spaceship.

The muzzle of the cannon continued to gather energy, and then a dazzling energy wave flew out.

"Boom!"

The M1+ energy cannon that had always been successful bombarded the protective magic circle, but it did not cause a single ripple. It disappeared without a trace in an instant.

"Oh?" The nine-headed flood dragon said in surprise, "This defensive array...Interesting."

" Use the S1+ energy cannon."

"Yes, sir!" The murloc said respectfully again.

"Tsk!"

Another thick cannon appeared.

This time, it condensed into a ball of purple energy wave.

This energy wave was like the light of hell as it poured down.

"Boom!"

However, the energy shield on Earth's surface still showed no signs of being damaged.

"Hmm?" The nine-headed flood dragon raised its eyebrows.

All the high-ranking officers in the spaceship were shocked.

One had to know that the S1+ energy cannon was a powerful weapon that could break through the defense of an Overlord-tier powerhouse.

With a single blast, even an Emperor would have to retreat.

But now, he could not break the protective array of a planet.

"Continue!" the nine-headed flood dragon said in a deep voice."

"Boom!"

Another purple energy cannon shot out.

"Continuous attacks! Break it open!"

"Yes, sir!"

When he condensed the S1+ energy cannon again, a tall and handsome figure suddenly appeared in the void.

He was Lin Fan.

He saw...

Lin Fan raised his hand and pointed. A sharp sword energy shot out and instantly slashed at the S1 cannon.

Even if the S1+ energy cannon continued to attack for 100 years, it would definitely not be able to break through the Earth's protective array.

However, there would be noise on Earth from time to time if they were attacked like this.

Lin Fan hated noise.

Therefore, he stepped forward.

"Little thief, how dare you destroy my turret! Universe master! I'm willing to go and behead him!" A man with a shark head said.

"Correct!" The nine-headed flood dragon said.

"Yes, sir!" The shark-headed man leaped out.

In the next moment, he appeared in the void a few thousand meters away from Lin Fan.

A scarlet energy spread rapidly from the shark-headed man's body, quickly dyeing the entire void blood red.

The blood-red energy quickly gathered and vaguely formed countless ferocious blood sharks.

These blood sharks roared in unison, causing the void to tremble. Their might was tyrannical.

Then, like a sky full of sharp blood shark arrows, they shot towards Lin Fan with a powerful aura.

It was as though he wanted to tear Lin Fan and the Earth behind him into pieces.

Regarding this...

Lin Fan raised his hand and formed an energy sword.

He suddenly swung his sword.

"Whoosh!"

Instantly, tens of thousands of miles of space was covered by dense energy swords, and they all flew towards the blood sharks that filled the sky.

"Tsk!"

The long sword was successful in every way. It pierced through the blood sharks that filled the sky and instantly turned them into nothingness.

Then, like a torrential rain, they all smashed towards the shark-headed man.

"Puchi!"

The blood bloomed and dissipated in an instant, leaving no trace behind!

The shark-headed man was dead!

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Killed a King Stage Level 8 cultivator. Obtained 8 billion experience points.]

Even though he said so much, in the eyes of everyone in the universe ship, it was just a blink of an eye.

In the blink of an eye, an expert at the eighth level of the king level had fallen!

"What?!"

Many people cried out in horror.

They looked at Lin Fan cautiously.

The strength that Lin Fan had displayed was simply too shocking.

They had a guess in their hearts. Perhaps, Lin Fan was the one who killed Zach and the 10 golden battleships.

If that was the case, then he had to be even more careful.

The nine-headed flood dragon stared at Lin Fan and said, "Follow me to flatten 5901!"

The nine-headed flood dragon could sense how powerful Lin Fan was.

He understood that he had to do it personally.

Moreover, he had to end the battle quickly. Otherwise, it was very likely to bring unnecessary losses to the ocean universe.

"Yes!" Everyone shouted in unison."

In the next moment, the nine-headed flood dragon and countless murlocs appeared in the void.

The nine-headed flood dragon stared at Lin Fan coldly and said,""You were the one who killed my Heavenly King Zach? Do you still have 10 gold warships?"

Lin Fan knew that the nine-headed flood dragon before him was the Ocean Universe Master.

However, he was not afraid.

That was because, when he had used the Eyes of Heaven, Lin Fan had already found out a few of the Nine Headed Flood Dragon's weaknesses.

Although he couldn't kill them instantly like he did with the others.

However, it would only take a little time.

"Not bad." Lin Fan said calmly.

At this moment, after hearing Lin Fan admit it, everyone couldn't help but be shocked.

"Good, very good!" The nine heads of the flood dragon did not expect Lin Fan to agree to it.

The surrounding void continued to crack and collapse.

When the emperor was angry, the world would collapse.

The entire void and the entire universe seemed to be enveloped by nine huge flood dragon heads in an instant.

It was ferocious and terrifying to the extreme.

The army behind the nine-headed flood dragon also emitted a stern aura.

The terrifying aura continued to gather and rushed towards Lin Fan.

"Hualala!"

Lin Fan's clothes and hair were blown left and right.

His expression remained unchanged.

"Roar!"

In the next moment...

In the void, a flood dragon head was like the sun, shining with a blinding light as it charged towards Lin Fan.

Wherever it passed, the void was like a broken shadow, shattering.

It was tyrannical and terrifying to the extreme.

Lin Fan willed it and a red tassel spear appeared in his hand.nove(l)bi(n.)com

This... It was the Supreme Spear that he had obtained from the system, an Overlord-tier weapon.

He saw...

Lin Fan poked at the head of the flood dragon.

"God Slayer!"

In the void, a fiery red energy storm that spanned millions of miles immediately covered the sun-shaped flood dragon head, twisting and tearing it apart!

"Boom!"

A flood dragon's head cracked.

"Humph!"

Nine-headed flood dragon, no!

At this moment, the eight-headed flood dragon let out a muffled groan, and all of its faces were filled with ruthlessness.

In the first exchange, he was actually at a disadvantage.

Moreover, he had suffered quite a bit.

He was furious!

"Roar!"

In the air, the remaining eight giant flood dragon heads roared at the same time. They released different colors, such as gold, green, white, gray, and purple. They shot out different energies, such as gold, wood, water, ice, earth, and lightning.

The energy continued to explode and expand, turning the entire void colorful.

In the next moment, the eight Flood Dragon heads flew towards Lin Fan from all directions.

At this moment, Lin Fan felt as though he was in a patch of darkness, alone and weak.

However, there was no fear on his face. In fact, he was still very calm.

He saw...

Lin Fan stretched out his right hand.

" Universe in a Palm!"

Starlight flashed, and the darkness instantly dissipated, revealing eight ferocious flood dragon heads flying toward him.

Suddenly, 30 Transcendence Golden Bodies appeared behind Lin Fan.

These Transcendence Golden Bodies were like a small stream that flowed into the sea, entering Lin Fan's body.

"Buzz!"

Instantly, Lin Fan's entire body expanded by tens of times and emitted a dazzling golden light.

Lin Fan clenched his right hand and the True Dragon Sword appeared.

"Sword Nurturing Technique!"

"Four Nine Swords!"

"Whoosh!"

The mighty sword qi rushed 90,000 miles and instantly cut off the head of the flood dragon at the front.

"Fifty Swords!"

Another sword Qi shot out and chopped off the flood dragon's head on the left.

"Five Swords!"

"Sword 52!"

One sword was stronger than the other, chopping the flood dragon's head like cutting vegetables!

In fact, this was normal.

Every Transcendence Golden Body contained the same energy as Lin Fan.

Thirty Transcendence Golden Bodies merged into one.

Its power was unimaginable!

The True Dragon Sword had long since become a treasured sword of the Imperial level.

Sword 81 was a powerful monarch level cultivation technique.

In addition, there was also the Emperor-grade Sword Nurturing Technique!

After a few layers, it could be said to be infinitely powerful.

....

In the distant void.

The First Elder and the other members of the Four Seasons Universe had been paying attention to the battle.

When they saw that Lin Fan had killed a King level 8 expert, they all exclaimed in shock.

"Just how strong is this Lin Fan?"

"That's an expert at level 8 of the king class!"

"Could it be that he has already reached the Emperor level?"

....

When Lin Fan chopped off one of the heads of the Nine Headed Flood Dragon, cheers erupted out.

"Heavens! Ocean Universe Master had been beheaded!"

"That's great. Perhaps we really have a chance to defeat the ocean universe!"

"Too strong!"

....

In contrast to the cheers of the crowd, the First Elder only watched silently with an extremely cold gaze.

When Lin Fan chopped off the heads of the nine flood dragons one after another, the First Elder finally opened his mouth and said, "Now! Let's attack together and defeat the ocean universe army!"

"Yes, sir!" Everyone shouted in unison.

Their voices were filled with excitement!

Because they saw hope.

Everyone leaped out like meteors streaking across the sky and arrived at the battlefield in an instant.

At this moment, only two heads were left of the nine-headed flood dragon. It became even more ferocious and terrifying.

The Great Elder said to Lin Fan, "Star Lord Lin, we're here to help you!"

Lin Fan just glanced at him and didn't say anything.

He raised the True Dragon Sword again and slashed at the head of the nine-headed flood dragon.

At this moment, the First Elder behind Lin Fan suddenly took out a long blade and slashed at Lin Fan's back.

"Boom!"

However, an invisible barrier suddenly appeared around Lin Fan and blocked it easily.

Lin Fan was completely oblivious to this. He continued to swing his sword and chopped off another head of the nine-headed flood dragon.

"You finally made your move?"

"You knew I was going to deal with you?" The long-faced man said with an ugly expression.

Lin Fan smiled but didn't say anything.

How could he not know?

When he rejected the Great Elder from entering Earth, he already had 3 stars of hatred towards Lin Fan.

After Lin Fan had chopped off a few heads, the First Elder's hatred towards Lin Fan had reached 6 stars.

The upper echelons of the Four Seasons Universe looked at the Great Elder in confusion.

"First Elder, you are..."

"What happened?"

"Great Elder, why is this?"

....

The First Elder's expression changed, but he did not answer.

Lin Fan smiled, "You guys can't tell?" Your great elder is in cahoots with the ocean universe!"

He saw...

Lin Fan's eyes shone with a golden light. Another 20 Transcendence Golden Bodies appeared beside him and quickly fused into Lin Fan's body.

"Sword Five Five!"

With a swing of his sword, the sword qi that filled the sky surged down like a tsunami.

The First Elder's pupils constricted as he hurriedly dodged.

However, this sword Qi seemed to be endless. He could not dodge it even if he wanted to.

The First Elder was extremely shocked. He quickly formed a seal and formed a thick golden energy barrier in front of him.

However, the golden energy cloak was like paper, unable to block the mighty sword qi at all.

"Tsk!"

The golden energy shield and the First Elder cracked and shattered.

The Great Elder was dead!

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Killed a Level 4 Martial Monarch Realm cultivator. Obtained 40 billion experience points.]

The surging energy kept surging.

However, Lin Fan did not have any intentions of comprehending it. He turned around and looked at the nine-headed Flood Dragon with a pair of cold eyes.

Having eight heads chopped off consecutively, the nine flood dragons were already terrified of Lin Fan.

Now, seeing him kill the fourth level Martial Monarch Realm First Elder with one move, he was even more frightened.

"Yes... I'm sorry, I surrender. I'm willing to serve you as my master... Please don't kill me..."

What responded to him was only a sharp sword qi.

"Tsk!"
