

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 741 Breakthrough; Another Enemy!

Chapter 741 Breakthrough; Another Enemy!

Blood splattered everywhere, and his aura dissipated.

Surrender?

Sorry, no need!

Lin Fan understood the logic of letting the tiger return to the mountain.

He didn't want any trouble to follow.

Since they wanted to attack him and the Earth, they had to be careful.

Then, death was the best ending!

At the same time, a crisp notification rang out in Lin Fan's mind.

[Ding! Killed a Level 5 Martial Monarch Realm cultivator. Obtained 50 billion experience points.]

Energy surged into his body.

Following that, Lin Fan raised his head slowly and looked over at the dense and uncountable ocean universe army.

This gaze was like the eyes of the Grim Reaper, cold and awe-inspiring.

The warriors of the ocean universe couldn't help but shiver.

Then, there was a commotion.

" The universe master is dead!"

" Lord universe master!"

"Run!"

"Run!"

Everyone was like a swarm of ants as they turned around and ran into the planet-like spaceship.

However, all of this was just an illusion.

He saw...

Lin Fan raised the True Dragon Sword slowly.

"Ang!"

In the void, a huge golden dragon that broke through the universe suddenly appeared.

The golden dragon roared, and the space shattered.

The sword descended.

"Ang!"

The giant golden dragon bared its fangs and brandished its claws. It swept out an endless and terrifying aura as it roared toward the sea world army and the spaceship.

It was like a giant meat grinder. Anyone who approached an ocean universe would be instantly vaporized.

In the end, the giant dragon head opened its mouth and bit down on the spaceship.

"Boom!"

An earth-shattering explosion shook the entire universe.

A terrifying energy wave spread out like a wave.

The entire void was lit up.

After a long time, the light slowly disappeared.

At this moment, how could there still be an ocean universe army in the void?

What spaceship?

There was only a deathly silent black hole that was tens of thousands of miles wide.

An aura that made one's scalp tingle spread in all directions.

At the same time, a series of notifications rang out in Lin Fan's mind.

[Ding! Killed King Stage Level 1 cultivator. Obtained 1 billion experience points.]

[Ding! Killed King Stage Level 2 cultivator. Obtained 2 billion experience points.]

[Ding! Killed a King Stage Level 3 cultivator. Obtained 3 billion experience points.]

[Ding! Killed a King Stage Level 4 cultivator. Obtained 4 billion experience points.]

....

A tsunami of energy surged into Lin Fan's body.

He felt extremely comfortable, warm, and full of strength.

Not long after, Lin Fan's mind rang out with a notification.

[Ding! [Congratulations, your cultivation has reached King Level 9.]]

With Lin Fan as the center, a vast aura spread out in all directions, forming a strong gale in the void.

Murder... Had he broken through?

This feeling was not bad!

Lin Fan's lips curled up.

He looked around.

This glance was very calm.

However, the powerful beings who had come along with the Grand Elder to help Lin Fan deal with the ocean universe army were all trembling in fear.

The power that Lin Fan had displayed was simply too powerful and terrifying.

When they faced Lin Fan, they felt like ants.

Terrifying!

This was a fear that came from the bottom of his heart.

If Lin Fan wanted to attack them, they wouldn't be able to resist or escape.

However, Lin Fan didn't have such thoughts.

At this moment, a series of notifications kept ringing in his mind.

[Ding! Qin Xian has a favorable impression of you. Favorability is 6 stars.]

[Ding! [You have gained a favorable impression of McKai. Favorability is 5 stars.]]

[Ding! [Liu Zhengdong has a favorable impression of you. Favorability is 5 stars.]]

[Ding! [Mai Wu has developed a favorable impression of you. Favorability is 5 stars.]]

....

Everyone had a good impression of Lin Fan. Furthermore, they were here to help.

Therefore, Lin Fan did not make things difficult for them. Stepping out, he disappeared from where he was.

"Phew!"

Seeing this...

The Four Seasons Universe experts all heaved a long sigh of relief.

At this moment, they realized that their bodies were drenched in sweat.

It was as if he had walked around hell.

They looked at each other and muttered, "We... Survived?"

"Alive."

"This..."

"What exactly..."

Their language became a little lacking. When their gazes fell on the giant black hole in front of them again, their scalps went numb, and they could not help but swallow their saliva.

Then, like a frightened bird, he fled into the distant void.

....

At this moment, Lin Fan had already returned to the Coiling Dragon Villa on Earth.

Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others looked over with concern.

Obviously, they had also felt the attack on Earth.

Lin Fan smiled, "Don't worry, it's fine."

When everyone heard Lin Fan's voice, they heaved a sigh of relief and asked.

"Lin Fan, what happened outside just now?"

Lin Fan said, "It's just some weak people who have designs on Earth. However, I have already taught them a lesson. They won't come again."

Some weak people?

The many marine universe armies, and even the marine universe masters, were considered weak?

As for not coming back?

Of course not.

After all, they had all turned into ashes.

When the girls heard this, they secretly decided that they must cultivate well.

In the future, he would be able to fend off troubles with Lin Fan.

At this moment, Lin Fan's smile suddenly stopped.

That was because another notification sounded in his mind.

[Ding! Bo Han has hatred towards you, Hatred Points: 5 stars.]

5 stars of aggro?

Lin Fan frowned.

[Bo Han: Cultivation unknown. Because you killed the ocean universe master and annihilated the ocean universe army, hatred has been generated against you. Current Hatred Points: 5 stars.]

Lin Fan frowned even harder.

Cultivation unknown?

That was very likely to be a Holy Lord!

This was really hitting the small one, and the old one came?

He still had Sacred Lord Tai Ba to deal with, and now there was another Sacred Lord Bo Han?

After killing so many enemies, Lin Fan's cultivation state had increased by another level. This gave Lin Fan the urge to relax for a while.

At this moment, he directly threw this thought to the back of his mind.

Cultivation!

He had to seize the time to cultivate!

Otherwise, if Tai Ba and Bo Han each called eight or ten Saint Sovereigns over and attacked Earth for a few hundred years, wouldn't he be unable to defend?

Hence, after Lin Fan gave Hu Tian, Xia Bing, Xia Xue and the rest some instructions, he returned to his room and prepared to enter the state of cultivation.

And before he started cultivating, Lin Fan tried to soothe his anxious mood by giving Tai Ba a set of curses.

As for Bo Han, he had to wait.

Otherwise, Lin Fan was worried that the matter of him cursing someone would be known by others.

Chapter 742 15 Years Have Passed; He's at the Overlord Level!

News of what happened at coordinate 5901 quickly spread throughout the universe, and many people started a heated discussion.

" Ocean Universe Master is dead!"

"That's impossible, right? Isn't he an Emperor level expert?"

"Impossible? Let me tell you, not only is the master of the ocean universe dead, but most of the great beings above king level and the main force of the ocean universe have all died!"

"Oh my god!"

"This... Could it be that the Holy Master has made a move?"

"It's the mysterious Master of 5901!"

....

Dragon Tiger Sect.

All the disciples were very busy setting up array formations and refining weapons. They were very focused.

That was because they had learned from the universe news that the Ocean Universe Master had personally led an army to attack the Spring Field.

Although they had already left the Spring Region not long ago and came to the Autumn Region.

However, they felt that the peace in the Autumn Territory was only temporary.

When the ocean universe completely occupied the Spring Region, the Autumn Region might be next.

"Whoosh!"

At this moment, a stream of light flew over from afar.

A skinny man shouted,"" The ocean universe master is dead, and the ocean universe army has been destroyed. Don't worry!"

" The ocean universe master is dead, and the ocean universe army has been destroyed. Don't worry!"

" The ocean universe master is dead, and the ocean universe army has been destroyed. Don't worry!"

He kept shouting, clearly extremely excited.

Hearing this, everyone looked up.

" Eldest Senior Brother?!"

Originally, they thought that someone was shouting for fun.

However, when they saw the skinny man's face, they all cried out in surprise.

One had to know that Eldest Senior Brother had always been a serious person.

Now, he shouted like this...

Could it be...

Thinking of this possibility, many people's hearts began to beat wildly.

At this moment, someone shouted into the communicator, ""Look, look at the universe news!"

" Ocean Universe Master is really dead!"

"It was Star Lord 5901 who killed him!"

"Too strong!"

"That's great."

"Star Lord 5901 is too powerful!"

"He is the guardian of our Four Seasons Universe!"

....

Qin Qiuliang's eyes were fixed on the cosmic news. He said excitedly, ""Star Lord Lin, as expected of you!"

....

At the Watercloud Altar.

Ma Zheng was cultivating hard.

"Whoosh!"

At this moment, a puff of smoke flew in and condensed into a man in black tight-fitting clothes.

He knelt on the ground respectfully and said, "Greetings, Vice Altar Leader!"

"What's the matter?" Ma Zheng asked.

"Important news regarding the ocean universe." the man in the black tights said.

Ma Zheng had already instructed him to report to him as soon as anything related to planet 5901 happened.

That was because he knew that his master, Lin Fan, was the Star Master of 5901!

Ma Zheng's expression changed slightly. He waved his hand and a scroll appeared in his hand.

The man in the black tight-fitting suit turned into smoke and disappeared again.

In the next moment...

Ma Zheng suddenly stood up and knelt on the ground. He said respectfully, "Master is invincible!"

After a long time, he slowly stood up.

Originally, Ma Zheng was still considering staying in the position of Deputy Altar Master for a while, waiting for the time to be ripe before making his next move.

Now, he felt that... Perhaps, he had to take another step forward as soon as possible.

Otherwise, he would be getting further and further away from Lin Fan.

He would be completely useless.

"Ah Da, Ah Er, Ah San!"

"Whoosh!"

Three balls of colorful light appeared below.

....

Fire God Palace.

Li Ke sat in the Sanctum of Sages, staring intently at his communicator.

His eyes flashed with excitement.

"Master is the strongest!"

"I can't embarrass Master!"

Then, he closed his eyes and began to cultivate seriously.

....

Lin Fan had no idea what was happening in the outside world.

In the blink of an eye, 15 years had passed.

On this day...

"Phew!"

A strong gust of wind spread rapidly from the Coiling Dragon Villa in all directions and quickly swept across the entire Earth.

"Whoosh!"

Then, a golden pillar of light shot into the sky, as if it had covered the sky...
Even the entire universe was penetrated in an instant.

The golden pillar of light continued to twist and condense.

Gradually, it turned into a huge golden dragon that bared its fangs and brandished its claws, covering the entire universe.

At this moment, countless living beings in the universe looked up at the golden dragon with great surprise and horror.

"Phew!"

Another strong gust of wind spread rapidly from the Coiling Dragon Villa. This time, it spread to the entire universe.

It was at this moment that Lin Fan, who was in a state of cultivation, heard a crisp notification in his mind.

[Ding! His cultivation level has increased to the Martial Monarch Realm.]

[Ding! [Congratulations, you have completed the hidden mission and your cultivation has broken through to the Martial Monarch Realm.] Obtained Transcendence Golden Body x10, Saint Crystal x5, Great Dao Fragment x2, Saint Weapon Gemstone x2, Saint Skill Gemstone x2.]

He felt the surging energy in his body and listened to the notification sound in his mind. The corners of his mouth curled up slightly.

This was definitely a great harvest!

After a while, he sighed again, "It took 15 years to break through. It's a little too slow."

Too slow?

If other people knew about Lin Fan's words, who knew what kind of expression they would have.

How many people have been unable to break through a level of cultivation for hundreds of thousands of years?

How many people were unable to break through to the monarch level even after they died?

15 years, and you still think it's too slow?

In order to express his dissatisfaction, Lin Fan cursed Bo Han who had 5 stars of hatred towards him.

Then, he used saint-tier gemstones on the True Dragon Sword and the Nine Mystical Robe respectively, allowing his attack and defense to reach a new level.

After that, he used a saint-tier cultivation technique gem on the Universe in the Palm and Sword 81, and his combat strength soared.

After doing this, he took the Great Dao fragments and Saint Crystals and jumped out.

In the blink of an eye, Lin Fan arrived at the bottom of the Path-Understanding Tree.

At this moment, Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others all stopped cultivating and focused their gazes on the villa where Lin Fan was.

Clearly, they were all attracted by the commotion caused by Lin Fan's breakthrough.

"Lin Fan!"

"Hubby!"

Shouts rose and fell.

Lin Fan smiled and said, "I've made a breakthrough in my cultivation."

When the girls heard this, they all smiled.

The person they liked had broken through. They were even happier than them.

After cultivating for 15 years, Lin Fan decided to relax with Hu Tian and the rest.

Hence, he decided to do it.

Today, a grand bonfire party was held in the Coiling Dragon Villa.

Roasted meat, fine wine, fragrant fragrance, and laughter could be heard from time to time.

After the party, Hu Tian, Su Ningjing, Xia Bing, and Xia Xue went to look for Lin Fan.

A month of hard work, a month of happiness.

Lin Fan returned to the villa and prepared to cultivate again.

Chapter 743 Meeting Kathleen Again; Secret Realm!

Before cultivating, Lin Fan did not forget to curse Tai Ba.

After all, after breaking through, he had been cursing Bo Han, but he hadn't cursed him for being too overbearing and not favoring one over the other.

Following that, Lin Fan willed himself into the River of Time.

He was in metal, wood, water, fire, earth... He continued to move forward on the Great Dao of the various elements.

It had to be said that Lin Fan was really strong right now. He was like an illusion on the paths of the various elements, advancing at high speed. He walked for 500,000 meters without feeling too much pressure.

On the main path of life, when Lin Fan reached 80,000 meters, his body suddenly stopped.

Because he saw a beauty with fair skin.

It was Kathleen.

At this moment, Kailin also noticed Lin Fan.

Her beautiful eyes were filled with unconcealable surprise.

"Lin Fan?"

"It's me." Lin Fan smiled.

"This... You actually walked all the way here?" Kathleen was still in disbelief.

The first time he saw Lin Fan was decades ago.

A few decades was just a blink of an eye for a King level expert like Kathleen.

In the blink of an eye, Lin Fan had gone from a thousand meters to 80,000 meters?

This... This was simply like a dream.

"Lin Fan," Kathleen couldn't help but say, "Did you only show off your weak power on purpose?"

It was no wonder that she had such thoughts.

Lin Fan's improvement was simply too fast.

Lin Fan smiled, "You guess?"

"You gave me two opportunities, so I'll return one to you now."

After saying that, he raised his hand and gently pointed at Kathleen's glabella.

"Whoosh!"

A ray of golden light entered Kathleen's body.

Suddenly, an extremely mysterious life cultivation technique surged into Kathleen's mind.

This... This was the Imperial skill that Lin Fan had obtained from the system, Revival.

After an unknown period of time, Kathleen slowly opened her eyes.

However, where was Lin Fan's figure on the Great Dao of Life?

She could only say in her heart, Thank you."

At this moment, Lin Fan had already returned to the Coiling Dragon Villa.

[Ding! [Kathleen's favorability towards you has increased to 8 stars.]]

Seeing this, Lin Fan nodded his head and thought, "Not only was this woman beautiful, but she also knew how to be grateful. Not bad.

Then, he closed his eyes and entered his bitter cultivation.

After advancing to Emperor level, Lin Fan had obtained 2 Great Dao Fragments and 5 Saint Crystals from the system. This had allowed the Spirit Qi on Earth to reach a new peak. At the same time, it had also increased the comprehension of all living beings towards the Great Dao.

This caused Lin Fan's cultivation state to grow even faster.

....

On the other hand.

33 Heavens.

Tai Ba, who was originally sitting cross-legged, suddenly emitted a faint black aura.

"Humph!"

Tai Ba grunted, his expression turning extremely ugly.

"The curse has become stronger!"

"Damn it! Who is the one cursing!"

His pupils moved slightly, and figures appeared in his mind.

Then, his figure flashed and he disappeared from where he was.

....

Time passed in cultivation. In the blink of an eye, 100 years had passed.

In these 100 years, the Four Seasons Cosmos had taken back the Spring Region and Summer Region, and it was developing in a good direction.

As for the once prosperous ocean universe, it became extremely chaotic and was invaded and divided by a large number of people.

In fact, it no longer had the name of the ocean universe.

I have to say, it's fate.

....

At this moment, in front of an ancient stone wall.

A large group of men and women with powerful auras gathered together, but they were wary of each other.

If Lin Fan was here, two of them would definitely kneel down in excitement.

Because they were Ma Zheng and Li Ke. This chapter is updated by

However, the two of them did not know each other, so they did not have the intention to greet each other.

"Whoosh!"

In the next moment, a seven-colored light suddenly appeared on the ancient stone wall.

Everyone's expression turned solemn as they rushed in.

This was the Ancient Mystic Realm! Someone had once become a King or Emperor in a day here. Someone had once obtained a powerful weapon. Someone had once obtained a heaven-defying cultivation technique...

This place...It contained countless monstrous opportunities.

After everyone entered, the ancient stone wall returned to its original appearance.

It was at this moment that Lin Fan, who was in the midst of his cultivation, heard a crisp notification in his mind.

[Ding! Mission failed, entering the Ancient Mystic Realm. Obtained Great Dao Fragment x1, Saint King Level Cultivation Technique Upgrade Gem x1, Transcendence Golden Body x5.]

Lin Fan opened his eyes slowly with a weird look on his face.

Mission?

When did the mission appear?

He didn't seem to know.

The reward after failure seemed pretty good!

He placed his attention on the Saint King Grade Cultivation Method Upgrade Gem.

[Saint King Level Cultivation Technique Upgrade Gem: After use, it can upgrade a Holy Lord Level Cultivation Technique to a Saint King Level Cultivation Technique.]

Seeing this, Lin Fan's eyes lit up.

Saint King Grade cultivation technique!

He didn't have any Saint King Level cultivation techniques.

This was definitely a good treasure!

Above the Saint Lord-level cultivation technique was the Saint King-level cultivation technique.

In other words, Saint Kings were above the Holy Lord Realm?

Lin Fan's face revealed a thoughtful look.

After a while, Lin Fan turned his attention back to the Curse Technique.

In his opinion, curses were the most useful cultivation techniques.

Even if he stayed on Earth, he could still kill his enemies without anyone knowing.

[Do you want to use the Saint King Level Cultivation Technique Upgrade Gem on the Curse Spell?]

"Yes, sir!"

[Ding! Upgrade successful. Current Curse Skill: Saint King Level. The number of curses increased to 10 per day.]

The number of curses had increased!

Finally, it wasn't once a day!

Seeing this...

Lin Fan smiled.

If he was happy, he naturally had to celebrate!

Hence, he decided to do it.

Lin Fan cursed Tai Ba x10.

Then, Lin Fan turned his attention to the system panel.

Level 4 Martial Monarch Realm cultivation!

In a hundred years, he had broken through from the first level of the Imperial level to the fourth level of the Imperial level. This speed of advancement was truly shocking!

However, Lin Fan wasn't too excited about this speed.

He immediately turned his attention to Kathleen.

At this moment, Kathleen's name kept flashing.

This meant that she was in danger!

Chapter 744 Tyrant; Bodhi Fruit!

Lin Fan had a good impression of Kathleen.

She was beautiful and kind-hearted, just like a fairy.

Seeing that she was in danger, Lin Fan's gaze could not help but stop.

In the blink of an eye, two days had passed.

One day ago, Kathleen's name finally stopped flashing.

She had survived the crisis.

However, Lin Fan still had to wait for another day before using his soul to communicate with her.

"Kathleen."

Kathleen was obviously stunned for a moment. After a while, she said, "You are...Lin Fan?"

Lin Fan said, "It's me."

"Is this a voice transmission technique? Are you near my Temple of Life?"
There was an inexplicable fluctuation in Kathleen's tone. It was surprise and joy!

Lin Fan replied, "From a certain perspective, this is indeed a voice transmission technique. However, I'm not near the Temple of Life. I'm in the Four Seasons Universe."

Four Seasons Universe?

Kathleen was shocked.

She naturally knew about the Four Seasons Universe, especially in the past hundred years. There was an endless stream of news about the Four Seasons Universe.

However, wasn't the Four Seasons Universe three universes away from the Temple of Life?

Lin Fan's voice transmission crossed three universes and penetrated through the array formation of the Temple of Life?

This... This...

Then, she thought of Lin Fan's figure that was moving forward in the River of Time. She thought of the powerful skill that Lin Fan had imparted to her, and the voice transmission that she had just received...

Just what realm had Lin Fan's cultivation state reached?

Lin Fan said, "You encountered danger earlier?"

After hearing this, Kathleen finally came back to her senses.

She sighed and said, "Yes, I was injured by another saintess."

It turned out that there were a total of 19 Holy Sons and Saintesses in the Temple of Life.

Most Holy Sons and Saintesses liked to put on a good show and wanted to become the Shrine Master of the Life Shrine.

On the other hand, Kathleen was an ordinary Saintess who didn't have any thoughts about the Temple Master of the Temple of Life.

Because of this, many Holy Sons and Holy Maidens had a good relationship with her.

However, 100 years ago, Lin Fan had taught Kailin Revival, which had allowed her cultivation and life force to soar by leaps and bounds. This had attracted the attention of the Hall Master and many of the Grand Elders.

This change caused the Holy Sons and Holy Maidens who had a good relationship with her to distance themselves from her. They even began to be jealous of her, hate her, and suppress her.

Not long ago, in the secret realm of the Temple of Life, Kathleen was besieged by several Saints and Saintesses, causing her to be seriously injured.

After Lin Fan found out about this, he couldn't help but say, "I didn't expect that teaching you a cultivation technique would actually bring you so much trouble."

"No," Kathleen said, "it's not because of you. I trusted them too much in the past." Even if you don't teach me the cultivation technique, if there's a conflict of interest with them in the future, similar things will happen."

"Moreover, I can't thank you enough for imparting such a powerful cultivation technique to me."

At this point, Kathleen stopped talking.

"Are you the Star Lord of 5901?"

Lin Fan said, "If 5901 is Earth, then it should be me."

Kathleen was just probing.

After all, Lin Fan and Star Lord 5901 were both extremely powerful. Furthermore, they happened to be in the Four Seasons Cosmos.

However, Kathleen didn't expect it to really be him!

Kathleen's heartbeat quickened.

Right now, the person who was the most discussed in the entire universe was undoubtedly Star Lord 5901.

Some people said that he was the strongest expert below the Sacred Master.

There were even people who said that he was the Holy Master.

However, no matter what, his strength was publicly acknowledged.

As for him...He was actually transmitting a message to him?

He had actually guided him in his cultivation in the past?

Thinking of this, Kathleen blushed.

At this moment, Lin Fan said," Human hearts are hard to predict. If he didn't want to stay in the Temple of Life anymore, he could consider coming to Earth."

After saying that, Lin Fan ended the soul communication.

Lin Fan's figure appeared in her mind.

If he couldn't stay any longer, he would go to Earth? To Lin Fan's side?

For some reason, Kathleen's heart beat faster.

....

On the other side, outside the 33 Heavens.

Tai Ba, who was resting with his eyes closed, suddenly emitted a dense curse black gas. His expression suddenly changed, and he relied on his powerful strength to continuously block it.

However, the power of the curse was too strong.

Gradually, Tai Ba's face started to twist.

In the next moment, a trickle of blood seeped out from the corner of his mouth.

"Do you really think that I'm so easy to bully? Bastard!" Tai Ba roared towards the sky, causing the Thirty-Three Levels of Heaven to continuously flip.

Then, Tai Ba leaped up and his figure covered the sky, turning the entire world into darkness.

Before long, Tai Ba appeared in the sky above the Buddha Realm.

He saw...

He waved his hand and released a terrifying seven-colored light.

"Hualala!"

Below him, the densely packed Buddhas instantly vaporized and turned into a wisp of green smoke.

"Enemy attack!"

"Namo Amitabha!"

Shouts rose and fell.

However, this had no effect on Tai Ba. Instead, it made him even crazier.

It released an even more majestic seven-colored flowing light, turning even more Buddhas, mountains, and towers into nothingness.

"Whoosh!"

However, it was also because of this that a giant Buddha as tall as the sky appeared in the air.

His eyes were like the sun as he stared at Tai Ba and said, ""Tai Ba, why did you kill my disciple and destroy my sect?"

"Why?" Tai Ba asked sternly. Bodhi Fruit, you insidious baldy, you know what you've done!"

Clearly, he thought that the Bodhi Fruit was cursing him.

No wonder Tai Ba would think this way.

The Bodhi Fruit was a Karmic Sage.

However, karma and curses went hand in hand.

Among all the Holy Masters, the one with the strongest curse was undoubtedly the Bodhi Fruit.

In addition, Tai Ba clearly remembered that Bodhi Guo had always hated the Monster Race.

Before becoming a Holy Lord, Pu Guo was even known as Demon Subduing Buddha Lord.

Later on, in a mystic realm, Tai Ba had even fought with him.

Even though it had been hundreds of thousands of years.

However, Tai Ba still believed that the curse was caused by the Bodhi Fruit.

As for why there was no curse in the past, it was definitely because the Bodhi Fruit wanted to numb him, or because he had not fully mastered the curse technique.

Bodhi Guo's face sank slightly as he said, "Tyrant, you've gone too far."

A vigorous energy materialized and spread in all directions.

Obviously, he was really angry.

This was normal...

After all, everyone had a temper.

Moreover, Pu Guo was a high and mighty Holy Master.

Many of his disciples had just been killed, his mountain gate had been destroyed, and he himself had been humiliated in public.

How could he not be angry?

Tai Ba was in a state of madness and was not moved at all. New novel chapters are published on

"Too much?" he shouted fiercely. You haven't even experienced what's even worse!"

As soon as he finished speaking, he raised his hand and formed a claw, causing the space within a radius of 10,000 kilometers to instantly shatter like a shadow. The entire world became dense.

Then, he slapped the Bodhi Fruit.

"Boom!"

Chapter 745 Heavenly General; Lil Stone!

On this day...

Outside the 33 heavens, the sky collapsed and the earth cracked. The sun and moon lost their light as if the end of the world had arrived. It was terrifying beyond compare.

Later on, it attracted the attention of many Holy Lords.

Tai Ba and Pu Guo were worried that others would benefit from it, so they were forced to stop fighting.

All that was left was the broken 33 Heavens and the howling of the strong winds.

And this...It was just the beginning.

Following that, a great battle broke out between the Buddha Realm and the Demon Realm. Blood flowed everywhere and it was extremely miserable.

....

Lin Fan had no idea about all of this at the moment.

However, a clear voice sounded in his mind.

[Ding! [Your enemy Tai Ba has been cursed by you and has a heart demon.]]

When Lin Fan heard that, his eyes lit up, "Finally, a heart demon has appeared. Holy Master is truly tenacious."

After saying that, he slowly closed his eyes again.

....

On the other hand, in the dark universe.

After more than a hundred years of cultivation and fighting, Lin Chengzhen and Li Hao had grown extremely tall. Their bodies were covered with crisscrossing scars, making them look ferocious, terrifying, and powerful.

As the two of them walked on the street, greetings kept ringing out around them.

"Hello, General Lin Tian."

"Greetings, Heavenly General Li."

The dark universe was already extremely chaotic. In the recent hundred years, it had been affected by the news of the ocean universe, becoming even more chaotic. Wars broke out almost every day.

Lin Cheng Zhen and Li Hao chose to join a force called Dark Court.

They had fought for the Dark Court and had a great reputation in the Dark Court.

They passed through many streets and returned to their own General Duo Residence.

"Cheng Zhen, how does it feel to be a heavenly general?" Li Hao asked."

"It's alright," Lin Chengzhen said.

"What do you mean by alright? That's great!" Li Hao said excitedly, " Say, if we return to Earth now, do you think we can be compared to those gods and devils in myths and legends?"

He seemed to have already imagined the scene of earthlings prostrating, worshipping, and praising him. His face was filled with anticipation.

"Tell me, how strong is my dad?" Lin Chengzhen asked."

Li Hao's face stiffened when he heard this.

That's right.

How strong?

He did not know either!

Every once in a while, Lin Fan would use his soul to communicate with Lin Cheng Zhen and impart his cultivation techniques to him. This chapter is updated by

This was also the main reason why Lin Cheng Zhen and Li Hao were able to advance their cultivation by leaps and bounds in just a hundred years and establish great achievements in the Dark Court.

There were super strong beings like Lin Fan hiding on Earth. How many more were there?

If he returned to Earth, could he really be compared to the existences in the myths and legends?

"Whoosh!"

At this moment, a black fog appeared below.

Gradually, it condensed into a short figure.

He knelt on one knee and said, "Greetings, Heavenly General Lin and Heavenly General Li. The Sovereign Lord has invited the two of you to the main hall. He has something to discuss."

"Alright, we'll go over now." Lin Chengzhen said.

....

Twenty years passed in a flash.

For the past 20 years, Lin Fan had been in a state of cultivation.

The rewards of cultivating hard were also very good.

His cultivation level had already reached level 5 of the Imperial level. He was not too far away from level 6.

And in these 20 years, Lin Fan had obtained 8 Immortal Crystals, 3 Saint Crystals, 3 Emperor grade equipment and 1 Holy Lord grade treasure, Provincial Grade Gem from the system...

All of this was increasing Lin Fan's strength.

Lin Fan was quite satisfied with this.

If he was satisfied, then he should celebrate.

Hence, Lin Fan chose to curse Bo Han 10 times.

"Dong dong dong!"

At this moment, there was a knock on the door.

Lin Fan raised his head and realized that it was Little Rock.

Lin Fan's feelings for Little Rock were relatively special.

Even though Little Rock wasn't born by himself, he was a life form that was born from the Holy Stone he obtained from the system and he called Lin Fan his master.

However, Lin Fan had never treated him as a servant. He had treated him as his own child.

However, this child seemed to be a little afraid of him and had never taken the initiative to look for him.

Today was a little special.

"Come in," Lin Fan said.

As soon as he finished speaking, the door opened automatically.

Little Rock slowly walked in with a perturbed heart.

"Greetings, Master." Little Rock said nervously.

Lin Fan nodded, "What is it?"

"Ever since master used his great power to change the spiritual energy on earth, there have been more and more cultivators on earth. Gradually, some talented ones have appeared. After learning of their master's fame, these people gathered outside the Coiling Dragon Villa. It would be a waste to just let them wait. He wondered if his master had any thoughts of taking them in and teaching them." Little Rock said carefully.

Lin Fan looked at him as he tried his best to act like he was knowledgeable and polite. He couldn't help but want to laugh.

However, in order to maintain the image of the master, he held it back.

"Yes!"

"From today onwards, you can freely enter and leave the Coiling Dragon Villa. You can choose those you think are talented to train, and you can bring no more than 20 of them to the Coiling Dragon Villa."

"Thank you, Master!" Little Rock said excitedly.

"There are so many talented people around the mansion. I don't think I can handle them alone. Can I bring Zheng Cong, Song Wenxuan, and Riemann?"

He became even more cautious.

Clearly, he was worried that Lin Fan would reject him or even scold him.

"Sure," Lin Fan said.

"Thank you, Master. Master has been invincible in the world for thousands of years!" Little Rock said excitedly.

When Lin Fan heard this, his lips twitched.

Little Rock slowly retreated.

As soon as he left, he immediately straightened his back.

Zheng Cong, Song Wenxuan, and Riemann rushed over.

"Big brother, what did master say?"

"Did Master agree?"

"Big brother..."

Little Rock felt very comfortable calling him big brother.

He raised his head and said, "What do you think?"

The three of them opened their mouths, their eyes filled with anticipation.

"Master has already agreed. We can go out and teach some talented people."

"Really?"

"That's great!"

"Haha!"

The three of them shouted happily.

All these years, they had been cultivating hard, and their cultivation had improved greatly. Now, they were all star level warriors.

They enjoyed the feeling of constantly increasing their strength.

However, after a hundred years of bitter cultivation, they also felt a sense of dullness.

They hoped to go out for a walk, but they never dared to ask.

Now that he finally had this opportunity, how could he not be happy?

"Of course!" Little Rock said proudly.

Then, he took the lead and walked out.

Zheng Cong, Song Wenxuan, and Riemann followed behind him.

....

When Lin Fan saw this scene, he couldn't help but laugh out loud.

"I didn't realize that Little Rock had such a funny side."

"Wouldn't it be fun if the array formation around the Coiling Dragon Villa is tightly sealed later?"

Little Rock, Zheng Cong, Song Wenxuan, and Riemann walked out of the Coiling Dragon Villa happily.

When they saw the lively scene outside, their eyes lit up.

They looked here and touched there. Their faces were full of curiosity, as if they were Granny Liu entering the Grand View Garden.

This was normal. Zheng Cong, Song Wenxuan, and Riemann hadn't left the Coiling Dragon Villa for hundreds of years.

Little Rock had never left the house ever since he was born.

They first spent a year on Earth.

Then, they began to select geniuses and prepare to nurture them.

Initially, no one paid attention to the four of them.

However, when they displayed their powerful strength, it immediately caused a sensation around the world. Many people regarded them as immortals and worshipped them. The name of the Coiling Dragon Villa once again resounded throughout the world.

....

On the other hand.

After Tai Ba and Pu Guo fought, the Buddha Realm and the Demon Realm were completely severed. The flames of war quickly swept through dozens of universes.

In just a few years, countless planets had turned into ashes. It was extremely terrifying.

In the distant starry sky.

The white-robed Tao Qian kept fiddling with his fingers as he muttered, "Where did Earth go? I can't calculate it at all. Strange."

"A good seedling who has mastered the power of time. This is definitely a rare good disciple."

Tao Qian was extremely annoyed.

"Ang!"

At this moment, a gust of demonic wind and a mysterious Buddhist voice suddenly rose in the sky.

It turned out to be a battle between a great Buddha and a great demon.

The sun and moon lost their color, and the space shattered. It was extremely terrifying.

"Boom!"

A beam of energy shot out, instantly blasting a planet not far away into pieces. It was like fireworks blooming, incomparably gorgeous.

Seeing this...

Tao Qian's pupils contracted slightly.

He seemed to have thought of something and shouted angrily, "Buddha Realm, Demon Realm, you must have destroyed Earth and killed my good disciple. You deserve to die!"

As soon as he finished speaking, Tao Qian raised his hand and a long sword appeared in the air. He suddenly swung it.

"Puchi!"

Sword energy whistled.

The buddha and the great demon were neatly split in the middle.

In the end, it was blown away by the wind like a bubble.

Even so, Tao Qian still couldn't vent his anger. He said angrily, "They killed my good disciple. I can't let this go!"

"Don't they want to fight? Alright, then let them fight to their heart's content!"

In the next moment...

With Tao Qian as the center, countless people of different heights, sizes, and appearances suddenly appeared.

They leaped in all directions, turning into phantoms and disappearing without a trace.

Not long after...

Many rumors began to spread in the cosmos.

First, the Heart of the Saint Monster King had appeared in the Demon Realm. After using it, one could become a Saint King in one fell swoop. Some people had even described the origin, appearance, and aura of the Heart of a Saint King to perfection.

Second, the Saint Buddha King's sarira had appeared in the Buddha Realm. It could possess all of the Saint Buddha King's Dharmic powers as well as an all-round defense. Once it recognized a master, the Holy Master would not be able to harm it at all.

3. After devouring demons, one's cultivation can increase by a large amount. Their bones and skin can be used to make weapons.

Fourth, refining the Buddha could prevent Qi deviation, increase one's cultivation, increase one's lifespan, and speed up one's breakthrough...

....

Countless rumors swept through the universe like a storm.

There were many different kinds of rumors.

The same thing was that they all pointed to the demons and the Buddha.

In the beginning, no one believed these rumors.

After all, there were too many rumors.

However, he didn't believe it the first time, the second time, the third time...

When this rumor appeared in their ears countless times, many people began to waver.

In addition, the Demon Realm and the Buddha Realm had been fighting non-stop recently. There were often heavily injured Buddhas and demons appearing in front of them.

Some people started to think.

When they found out that some of the rumors were true through experiments, they immediately became interested in the Buddha and the demons.

Gradually, they started to secretly hunt the weaker demons and Buddhas instead of the injured ones.

In the end, many black markets even had missions to hunt demons and Buddhas.

For a moment...

The Buddha and the demons became the targets of everyone's hunt.

From star traveller level to star level, domain lord level, universe level, king level, emperor level... After that, several Sacred Lords joined the battle.

An unprecedented chaos unfolded.

....

The Temple of Life, which had always maintained a neutral stance, didn't stay out of this.

On one hand, it was because the battle between the great demon and the great Buddha had affected the Temple of Life.

On the other hand, the Temple Master of the Temple of Life and even the Sacred Lord of Life were interested in the treasures of the Buddha Realm and the Demon Realm.

Thus, the Temple of Life had the Holy Sons and Holy Maidens enter secret realms and planets to secretly rob and kill the Buddhas and demons.

On this day, Kathleen, Lisa, Els, Mike, the two Holy Maidens, and the two Holy Sons each brought 1000 disciples of the Temple of Life to a planet called Red Medicine.

Walking on the soft ground, Kathleen couldn't help but glance at the slender figure in the east.

It was Lisa.

She and Kathleen used to be best sisters.

They ate together, showered together, played together...They knew each other better than he did.

However, everything changed after she received the powerful skill from Lin Fan.

This was because Lisa was naturally talented.

Her wish was to become the next Temple Master of the Temple of Life, and she had been working hard for it.

However, on that day, after Kathleen used the Life Combat Technique, she became the brightest star of the Temple of Life, surpassing all the Saints and Saintesses.

Although Kathleen had explained that this powerful cultivation technique was taught to her by an expert in the River of Time, she was still able to use it.

But Lisa didn't believe it.

She felt that Kathleen had been hiding her true self so that she would let her guard down and step on her.

What cultivation technique taught by an expert in the River of Time?

Simply ridiculous!

Cultivation techniques were the most important thing for everyone.

How could he give it to others so easily?

Moreover, it was such a powerful life cultivation technique.

In this world, other than the Temple of Life, there was no other place.

Kathleen must have obtained a cultivation technique from a secret realm in the Temple of Life and secretly cultivated it for countless years.

It was laughable that she still treated her as her best sister.

The more Lisa thought about it, the more she hated Kathleen.

The two of them gradually became strangers, and even their eyes were red with envy.

Kathleen looked at Lisa's cold back and recalled many things about the two of them.

In the end, it turned into a long sigh.

"Rumble!"

At this moment, the entire ground shook violently like an earthquake.

Everyone became alert.

Chapter 747 Heartbroken Kathleen; Chance!

In the next moment, countless demons appeared in a radius of hundreds of miles.

They bared their fangs and brandished their claws, and their murderous aura surged into the sky, causing people's hearts to tremble.

The Saint and Saintess of the Temple of Life shouted, ""Not good, there's an ambush!"

Ambush!

When the Temple of Life and the various factions hunted the demons and buddhas, the demons and buddhas wouldn't sit still and wait for death. They would launch a series of counterattacks.

This time was an example.

The demons bared their fangs and brandished their claws. They roared nonstop and tore at the disciples of the Temple of Life.

The Saint and Saintess hurriedly led their disciples to resist.

The people from the Temple of Life were powerful, but there were too many demons and they were extremely ferocious.

Gradually, the members of the Temple of Life began to show signs of decline. Disciples were killed one after another.

The light of life around Kailin was like spring water that surged continuously. While killing the demons, she was also healing the disciples.

All the disciples felt her power and gathered towards her one after another, showing signs of respecting her.

When Lisa, Els, and Mike saw this, their gazes became extremely cold.

The three of them looked at each other as if they had made a decision. Then, they quietly approached Kathleen.

In the next moment...

The three of them suddenly attacked together and slapped Kathleen's body.

"Boom!"

"Boom!"

"Boom!"

After three strikes, Kathleen felt as if her entire body was about to explode, and she spat out a large mouthful of blood.

She looked dispirited and looked at Lisa, Els, and Mike in disbelief.

These three people were once her good friends.

Although their relationship had indeed changed drastically in recent years.

However, Kathleen never thought that the other party would attack her.

Moreover, he was so decisive and ruthless!

His body and mind shattered!

Lisa, Els, and Mike did not think too much about it.

They attacked again, ready to give Kathleen a fatal blow.

"Tsk!"

At this moment, Kathleen's body suddenly melted and disappeared in an instant, causing the three of them to hit nothing.

The three of them said in horror, "Shifting talisman!"

"Why does she have this?"

"Damn it!"

It was definitely a serious crime to injure a fellow disciple.

If word got out, the three of them would be severely punished.

Lisa, Els, and Mike did not immediately chase after him. Instead, they coldly swept their eyes across the scene.

"Kill them!"

The three of them quickly attacked and killed everyone on the scene with lightning speed.

The entire planet was dyed red.

It was ferocious and terrifying.

Then, the three of them quickly spread the news that Kathleen had betrayed the Temple of Life.

He even took out a variety of 'evidence.'

Obviously, they had already made ample preparations.

This sneak attack was premeditated!

Originally, Kathleen wanted to return to the Temple of Life to recuperate.

However, before he could enter the Temple of Life, he was surrounded.

She had no choice but to run away in a sorry state.

Kathleen dragged her tired body and walked aimlessly in the vast universe alone. A sense of loneliness and helplessness surged into her heart like a tide.

Betrayed by a good friend, hunted down by the sect.

The entire world turned dark.

Just as Kathleen was in despair, a ray of light suddenly appeared in her world.

The light gradually turned into a tall and handsome figure.

It was Lin Fan. New novel chapters are published on

Kailin could not help but think back to what Lin Fan had said about him in the Four Seasons Universe. After a moment of hesitation, she left.

....

On the other hand.

33 Heavens.

Bo Han's face twisted as black smoke surrounded him.

"Roar!"

He faced the sky and roared, erupting with monstrous hostility. The entire world shook violently.

In the recent years, the curse that Bo Han had suffered was getting stronger and stronger.

Helpless, he could only put down everything and resist with all his might.

He could still hold on for a short period of time, but after a long time, he finally exploded.

His entire person was extremely deranged as he shouted sternly, "Bodhi Fruit, you're really going too far!"

As soon as he finished speaking, he jumped up and flew into the endless sky.

Clearly, Han Bo had placed the curse on the Bodhi Fruit.

This was something that couldn't be helped. Everyone knew that the Bodhi Fruit was a karma sainthood!

And the only one who could curse a Sacred Master was a Sacred Master!

Therefore, the Demon Realm and the Sea Realm formed an alliance and began to fight against the Buddha Realm together.

An even greater chaos spread out rapidly.

....

On the other hand, in the Ancient Mystic Realm.

"Ta Ta!"

Li Ke walked forward carefully, one step at a time.

These years of exploration made him understand that there were many opportunities and dangers in the Ancient Mystic Realm. He had to be careful.

A moment later, Li Ke's attention was drawn to a wide, charred cave not far away.

He could not help but think to himself, "What a dense fire attribute power... Could there be a fire-type treasure inside?"

After hesitating for a moment, Li Ke decided to go in and take a look.

Perhaps there would be danger.

However, there might also be powerful opportunities.

The moment he stepped into the secret realm, Li Ke's blood boiled and his heart pounded.

It had such an effect just outside!

There was definitely an extraordinary opportunity inside!

Li Ke couldn't help but quicken his pace.

"Roar!"

In the next moment, a Fire Qilin that was dozens of meters tall suddenly rushed toward Li Ke with a hot airwave. It opened its bloody mouth and bit at Li Ke.

Li Ke's expression changed slightly. The flames around his body surged and instantly turned into a fire dragon. He entangled with the Fire Qilin. Explosions kept coming, and the cave shook as if it would collapse at any time.

"Puff!"

After fighting for a long time, Li Ke finally killed the Fire Qilin at the cost of serious injuries.

Li Ke hugged the Fire Qilin's neck and continued to absorb its golden blood.

"Phew!"

"Suck!"

The pure fire-attribute energy surged through Li Ke's body like a tsunami, causing mysterious golden flame runes to appear on his body.

This might be the opportunity in the cave!

When Li Ke was about to leave, he suddenly found a fiery red bead in the depths of the cave.

As long as he got close, the fire attribute energy would increase by a bit.

Treasure, this was definitely a rare treasure!

This was probably the reason why the Fire Qilin was so powerful!

Li Ke reached out and took the bead in his hand.

"Boom!"

Suddenly, a monstrous flame soared into the sky with Li Ke as the center and condensed into a huge fire dragon.

The entire sky was burned red by the fire dragon, as if doomsday had arrived. It was extremely terrifying.

Everyone in the Ancient Mystic Realm raised their heads and looked in the direction of the fire dragon. Shock was written on their faces as they discussed.

"What's that?"

"What a terrifying aura!"

"The great opportunity of the Ancient Mystic Realm has been discovered!"

"Although it is of the fire attribute, it is still worth a look!"

....

Countless people gathered in the direction of the fire dragon, wanting to fight for the opportunity for the last time.

However, their actions were clearly just false.

Because everything was already done.

Chapter 748 Higher-ups; Harmony!

After obtaining the orb, Li Ke's strength had reached a peak. No one could resist him at all.

After killing several people in a row, it produced an incomparably powerful deterrence, scaring everyone into retreating.

In the next few years, Li Ke quietly absorbed the Kylin's blood and studied the pearl. No one dared to disturb him.

"Whoosh!"

On this day, a huge door appeared in the sky of the Ancient Mystic Realm.

This... It was the exit of the mystic realm.

The trip to the Ancient Mystic Realm ended here.

Li Ke didn't hesitate and flew into the door.

When the people of Fire God Palace found out that Li Ke had obtained it in the Ancient Mystic Realm, they were all ecstatic.

Originally, Li Ke could only be considered average among the Holy Sons.

Now, he had directly become the number one Holy Son. He was even appointed as the Acting Palace Master by many Grand Elders and Elders. Furthermore, he was unanimously recognized as the person with the greatest hope of restoring the glory of the Fire God Palace.

The entire Fire God Palace was filled with joy.

However, if they knew that their Palace Master was cursed to death by Li Ke's master, who knew what their expressions would be.

....

On the other hand.

Ma Zheng also walked out of the Ancient Mystic Realm.

Even though he did not receive a huge opportunity like Li Ke.

However, his gains were not bad either.

After returning to the Raincloud Altar, he went into seclusion to consolidate his strength.

Not long after, Ma Zheng was specially recruited into the Water God Palace and became an elder of the Water God Palace.

At this point...

Out of Lin Fan's two servants, one of them had become the Fire God Palace's Acting Palace Master while the other had become an elder of the Water God Palace. Both of them were in the upper echelons!

....

Lin Fan was completely oblivious to all of this.

Time flew by. Read latest chapters at [nov\(e\)lbin.com](http://nov(e)lbin.com) Only

In the blink of an eye, 20 years had passed.

"Phew!"

"Suck!"

Lin Fan used his breathing technique to absorb large amounts of pure Spirit Qi into his body and condense them.

Almost every minute and every second, his aura was growing, and his strength was constantly increasing.

That was why Lin Fan's cultivation state had increased by another level in the past 20 years. He was now at Emperor level 6 and was only one step away from Emperor level 7.

At this moment, a clear and ethereal voice echoed throughout the entire Earth.

"Dao Friend Lin Fan, can I come out and meet you?"

Every few hundred years, a name called Lin Fan would appear on Earth.

In the beginning, the people on Earth were puzzled and puzzled.

Who was Lin Fan and where did the voice come from?

Now, when the people on Earth heard this, their bodies became solemn, and their faces were filled with piety and respect.

After 20 years of development, Little Rock, Zheng Cong, Song Wenxuan, and Riemann had spread the name of Coiling Dragon Villa and Lin Fan across the entire world.

Right now, almost everyone on Earth treated the Coiling Dragon Villa as a holy land, and Lin Fan as the master of the world.

How could they not be pious when they suddenly heard someone calling the name of the master of the world? Disrespectful?

....

Coiling Dragon Villa.

Lin Fan opened his eyes slowly and looked up into the void.

Soon, a fair-skinned woman with a graceful figure appeared in his field of vision.

She...It was Kathleen.

When Lin Fan saw her, his black eyes sparkled.

Then, he took a step forward and disappeared from the spot.

Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others, who were also in the Coiling Dragon Villa, stopped cultivating and started discussing.

"Don't you guys think that this time, they don't seem to be enemies?" Su Ning said quietly.

"She has a nice voice, and she must be pretty too," Huang Ling said."

"Maybe we'll have another sister soon." Hu Tian said with a smile.

"That's great." Su Ning said quietly.

Xia Bing and Xia Xue nodded.

....

At this moment, in the void.

Kailin was like a fairy from a fairy tale. Her body was filled with multicolored light, and she was extremely holy.

Her beautiful eyes seemed to be surrounded by stars as she looked at the huge black hole behind her.

Then, he looked at the sapphire-like planet in front of him-Earth.

"It's so beautiful!" he praised sincerely.

"Whoosh!"

The next moment, the void rippled slightly.

A tall and handsome figure appeared in front of them. It was Lin Fan.

Strictly speaking, this was the first time Lin Fan and Kailin had met.

When Kailin's gaze landed on Lin Fan, her heart beat faster.

An inexplicable emotion rose in his heart.

She didn't know if it was because she was excited to see a strong person or for some other reason.

Lin Fan smiled and said, "Welcome, Kailin!"

Hearing this, Kailin's jade-like face blushed. She said softly, "Thank you."

"Is this blue planet the legendary 5901?" Kathleen asked.

"According to what the outside world says, that's true. However, I prefer to call it Earth, the land of land." Lin Fan said.

"Earth? What a beautiful name." Kathleen said.

"I can guarantee that the scenery inside is even more beautiful than the name! Do you want to go in and take a look?" Lin Fan said.

"That's great." Kathleen said with a smile.

Then, Lin Fan and Kathleen turned into a stream of light and flew towards Earth.

If it were anyone else, they would have been blocked by dozens of invisible energy cloaks before reaching Earth.

However, when Lin Fan and Kailin entered, these energy barriers melted like water ripples, allowing them to pass through.

Not long after, the blue sea, the dense forest, and the gorgeous flowers...They appeared in their sights one after another.

Kathleen couldn't help but take a deep breath, feeling refreshed.

Originally, she felt extremely heartbroken because of Lisa, Els, and Mike's ruthlessness.

Now, he felt like he was suddenly enlightened and very relaxed.

Lin Fan brought Kailin to play on Earth for a month. Their relationship grew rapidly and they started to interact at a negative distance.

At the same time, Kathleen fell in love with Earth even more.

On this day, Kathleen carefully tidied up her clothes and makeup.

Because Lin Fan said that he would bring her to see his wife later.

She knew what this meant.

Lin Fan smiled, " Don't worry, they are all good people.""

"Yes, yes." Kathleen nodded vigorously."

Then, the two of them streaked across the sky like meteors and arrived at the Coiling Dragon Villa in the blink of an eye.

Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others quickly gathered.

"You must be Kathleen? It's so beautiful!" Hu Tian said.

"Lin Fan only said that you're pretty. In my opinion, you're not pretty at all. You're practically a fairy!"Huang Ling said.

"He's too immortal!" Su Ningjing added," Seeing Kailin reminds me of the Seven Fairies from Earth's myths!"

"Kathleen, if anyone bullies you in the future, tell us. We'll definitely help you vent your anger!"

....

The girls surrounded Kathleen and praised her. Their faces were full of smiles, and the atmosphere was extremely harmonious.

Chapter 749 The Aura of Life; Self-Defeating

Originally, Kailin was worried about meeting Hu Tian, Huang Ling, Xia Bing, and Xia Xue.

At this moment, his heart was completely at ease.

Relaxed and happy.

This was even more heartwarming than his life in the Temple of Life.

In the following time, Lin Fan, Kailin, Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others all lived together. The air seemed to be filled with happiness.

In the blink of an eye, five years had passed.

On this day, Huang Ling's stomach, which had not moved for a long time, suddenly bulged slightly.

This change immediately attracted everyone's attention.

Especially Kathleen, who was the most curious.

Her gorgeous eyes flickered with a faint light as she muttered, "Is this life? How strange."

In order to experience this strange feeling, she came to Lin Fan's room every day for the next month.

Tirelessly.

He worked very hard.

However, sometimes hard work didn't mean results.

No life appeared in her stomach.

....

On the other hand, the battle between the Sea Realm, the Demon Realm, and the Buddha Realm was getting more and more intense.

Planets were destroyed almost every day.

The Buddha Realm was vast and powerful.

However, the prolonged war with the Sea Realm and the Demon Realm was also unbearable for them.

On this day, the Buddha Realm was finally forced to hold a top-level meeting to discuss countermeasures.

Buddhas with golden light all over their bodies gathered together and let out a buzzing sound like a mosquito.

"The Sea Realm and the Demon Realm are vile to our Buddha Realm. What should we do?"

"Evil does not suppress good, it should be suppressed."

"The Sea Realm and the Demon Realm are too powerful."

"Now, the operation of my Buddha Realm has already been greatly affected. We have to think of a way."

"Humph! They were just a bunch of evil demons, what was there to be afraid of?"

At this moment, a Buddha that was 10,000 feet tall said, "Buddha, may I ask if there is a way to suppress Sea Saint and Demon Saint?"

As soon as he said that, the entire scene immediately fell silent.

This Buddha was Pu Guo's senior brother and had an extremely high status in the Buddha Realm. Only he could ask such a question.

Apparently, the news of Bo Han and Tyrant being cursed by the Bodhi Fruit had already spread.

The Buddhas also agreed with this.

After all, only Sacred Lords could curse Sacred Lords.

The Bodhi Fruit was a karmic saint and possessed the strongest curse power in the world.

If it wasn't him, who else could it be?

Bodhi Guo understood what the Buddhas were thinking. He sighed inwardly and said, "I never cursed Tai Ba and Bo Han."

There was a moment of silence.

The Bodhi Fruit also sank into deep thought.

If he wasn't the one who became a saint through karma, he would have doubted himself.

But if it wasn't him, then who was it?

The Bodhi Fruit inexplicably felt as if there was an invisible hand that enveloped him within. It was incomparably terrifying.

At the thought of this, a layer of cold sweat broke out on his forehead.

After a while, Bodhi Guo said, "Now, let's first discuss how to deal with the Sea Realm and the Demon Realm, as well as how the outside world knows about the Holy Buddha King's sarira."

As soon as he finished speaking, he used a pair of eyes that were as dazzling as the sun to scan the scene.

The Holy Buddha King's Relic was a secret of the Buddha Realm. Only a few higher-ups knew the inside story.

Now, it was spreading like wildfire. Pu Guo obviously suspected that there was a mole in the Buddha Realm.

If there really was a mole, it was definitely someone present.

Unfortunately, the Bodhi Fruit looked at it for a long time and could not see any clues.

"The Holy Buddha King's sarira is a secret of the Buddha Realm. It indeed needs to be investigated thoroughly. "In addition, as far as I know, because of

the relic, there are already several Holy Lords who have designs on our Buddha Realm. We have to be wary."

As soon as he said this, the atmosphere at the scene became somewhat solemn. This chapter is updated by

Several Saint Sovereigns. This was definitely a terrifying matter.

"I'm already aware of this matter." However, they only had this idea because the Holy Buddha King's Relic possessed all the magic power and powerful defense he had before."

"If they knew that the Holy Buddha King sarira no longer has any energy or defense, there wouldn't be any problems."

Two days later, the true effect of the Holy Buddha King's Relic was announced.

According to Pu Guo, as long as the Holy Master knew about it, there would be no problem.

However, Pu Guo did not know that this had caused some of the Holy Masters who did not believe that the Buddha Realm had the Buddha Saint King's sarira to pay even more attention to the Buddha Realm.

The Demon Realm also had the same concern as the Buddha Realm.

Since the Buddha Realm really had the mysterious Buddha Saint King's Sarira, did the Demon Realm really have the Heart of the Saint Demon King?

After consuming the Heart of the Demon Saint King, one could become a Saint King in one fell swoop.

This was obviously more tempting.

Because of the matter regarding the Heart of the Demon Sage King, the Demon Realm had no choice but to hold a high-level meeting.

Although Tai Ba was cursed, he could only forcefully suppress himself and come to the scene.

At this moment, the entire venue was clamoring.

"The Buddha Realm is too arrogant!"

"Hmph, a bunch of bald donkeys. All of you bit your heads to pieces!"

"That's right!"

....

Tai Ba was already a little crazy and frustrated because of the curse. At this moment, hearing such a commotion, he could not help but shout, "I didn't call you here to make a scene!"

"Buzz!"

A terrifying aura pressed down like a mountain. All the demons found it difficult to breathe.

The entire scene stopped abruptly.

"I'm here to ask who leaked the news of the Demon Saint King's heart!"

As soon as he finished speaking, he glanced around coldly.

Tai Ba's aura was already extremely terrifying. Coupled with this blade-like gaze, finally...A slightly weaker demon fell to the ground.

However, this made Tai Ba, who was in a state of madness, feel that the other party was guilty.

He directly stretched out his hand into a claw and tore the demon into pieces. Blood mist filled the air.

When the demons saw this, they were as silent as cicadas in winter.

"Da da!"

Tyrant's sharp claws kept jumping on the chair, making a dull sound.

After a moment, Tai Ba said, "Announce that the Demon Saint King's Heart has no energy, and it's impossible for it to have the effect of breaking through to the Saint King Realm!"

His voice reverberated throughout the entire venue.

The words about Tai Ba quickly spread throughout countless universes.

Tai Ba originally wanted everyone to give up on their pursuit of the Demon Sage King's Heart.

However, he didn't expect that this would arouse the desire of all living beings.

That was because everyone only heard one sentence. The demons really had the heart of the Demon Sage King!

Perhaps, after eating it, he could become an invincible Saint King!

Even if he couldn't become a Saint King, becoming a Saint Lord wouldn't be a problem.

....

Therefore, after the Buddhist Realm and the Demon Realm announced their plans, more and more living beings joined the battle. Even some Sacred Lords who were originally ignorant of the world began to take action.

Countless undercurrents surged in the universe. Gradually, the entire world seemed to fall into unprecedented chaos.

Slaughter and bloodshed erupted.

Chapter 750 Coincidence; Becoming a Father Again!

On an ordinary planet. New novel chapters are published on

Tao Qian, who was wearing a long robe, was drinking fine wine and humming a tune. He was extremely relaxed.

At this moment, a stream of light entered his body.

In the next moment...

He was stunned.

This was because this stream of light was the information gathered by his many clones.

From the information, he learned about the battle situation in the Buddha Realm and the Demon Realm, as well as the announcement of the Buddha Saint King's sarira and the Demon Saint King's heart.

One had to know that the Buddha Saint King's relic and the Demon Saint King's heart were just information that Tao Qian had randomly fabricated.

In the end, it was actually true?

Could it be that the relic and the Heart of the Demon Saint King really had such miraculous effects?

Tao Qian rubbed his chin.

Then, he shook his head repeatedly.

What was he thinking? This was just something he made up.

In this world, how could there be any equipment that could withstand all defenses? How could there be anything that could make a person become a Saint King in one step?

Then, Tao Qian silently drank the fine wine with an intoxicated expression.

Even Tao Qian, the initiator of this, was almost interested in the Buddha Saint King's relic and the Demon Saint King's heart.

There was no need to talk about those Holy Masters who were kept in the dark.

Almost all the Sacred Lords placed their attention on the Buddha Realm and the Demon Realm.

It was no wonder that this was the case. The temptation of these two things was too great.

....

On the other hand.

Fire God Palace.

All the members were gathered here. Their expressions were solemn and excited.

Because today, they officially had a new Palace Master, Li Ke!

Even though Li Ke did not have extremely powerful strength.

However, his talent, his progress, and his ability were obvious to everyone.

Everyone believed that Li Ke could lead the Fire God Palace to become one of the most powerful forces in the world!

"Whoosh!"

At this moment, a fiery red light flashed past the hall and landed steadily on the main seat at the top. It gradually condensed into a robust figure.

He was Li Ke!

Everyone from the Fire God Palace knelt on the ground and called out respectfully, "Greetings, Palace Master!"

Li Ke looked around and felt that there were all black heads. He said, "Stand up!"

"Thank you, Palace Master!" All the disciples said in unison.

An old man with slightly white hair took a step forward and said, "Palace Master, now that the Buddha Realm, the Demon Realm, the Ocean Realm, and other great worlds are fighting, in addition to the legends of the Buddha Saint King's sarira and the Demon Saint King's heart, how should our Fire God Palace deal with them?"

Li Ke naturally knew about these things.

He wasn't too interested in war.

However, the Buddha Saint King's Relic and the Demon Saint King's Heart made him think of something.

However, he didn't want to get them himself. He wanted to give them to Lin Fan.

That was because in Li Ke's heart, Lin Fan had the highest status. His cultivation was unfathomable and at the same time, he had given him a new lease of life.

Although Li Ke now had considerable power and strength.

But in his eyes, he was still far from Lin Fan.

All these years, Li Ke had always wanted to repay Lin Fan.

Unfortunately, there was nothing suitable.

The Buddha Saint King's Relic and the Demon Saint King's Heart were not bad.

Therefore, Li Ke said, "The battle between the Demon Realm, the Ocean Realm, and the Buddha Realm is extremely dangerous, but sometimes, danger is also an opportunity! Once we seize this opportunity, it's not impossible for our Fire God Palace to regain its glory and even surpass the past!"

His voice was loud and infectious, causing everyone's emotions to surge.

It was as if he could already see the scene of the Fire God Palace obtaining a great opportunity and standing at the top of the world.

....

Water God Palace.

Many of the elders who were originally leisurely received the Palace Master's mission to lead a team out to pay attention to the movements of the Demon Realm and the Buddha Realm.

A round-faced elder named Rika sighed. "I don't know when it will end."

During this period of time, he had been running around every day.

Not only that, but he also frequently encountered attacks from the demons and the Great Buddha. He was almost injured several times.

He didn't like this kind of life where he was on tenterhooks.

"There will be a day when it ends," Ma Zheng said with a smile."

"There will always be, but I don't know if I can see it," Lika said helplessly."

After a pause, he continued," Others would rather not lead the team. Elder Ma, you're a newly promoted elder. You can reject it. Why are you here?"

Ma Zheng smiled." Because I don't think this is a bad thing. In times of peace, we might not be able to contribute much even after thousands of years. Now, we're gaining something almost every day."

These words could barely be considered Ma Zheng's sincere words.

This was because he had joined Raincloud Sanctum in the beginning, then became an Altar Master, and now he was an elder. He had gained his position step by step through battles.

However, there was one thing that Ma Zheng did not mention. The reason why he wanted to join in and pay attention to the movements of the Demon Realm and the Buddha Realm was because he wanted to know the location of the Buddha Saint King's Sarira and the Heart of the Demon Saint King. The best way was to obtain them and hand them over to his master, Lin Fan!

Ma Zheng and Li Ke's thoughts actually coincided.

"Elder Ma, you're the one who's open-minded."Lika shook his head.

....

Lin Fan had no idea what was happening in the outside world.

At this moment, he was cultivating in seclusion in the Coiling Dragon Villa.

"Phew!"

"Suck!"

He quickly circulated the Ethereal Breathing Technique and continuously increased his cultivation.

50 years passed in a flash.

In these 50 years, Lin Fan had obtained 35 Transcendence Golden Bodies, 10 Imperial Weapons, 20 King Weapons, 5 Saint Weapon Upgrade Gems, and 5 Saint Skill Upgrade Gems from the system.

His strength had increased in all aspects.

For the past 50 years, Lin Fan had spent most of his time cultivating. He was extremely hardworking.

His strength had also increased greatly because of this hard work, reaching the eighth level of the Imperial level.

Lin Fan's initial plan was to enter the Holy Lord state within a thousand years.

Now, in less than 200 years, he had already reached level eight of the Imperial level. This speed was really shocking, even exceeding his expectations.

This made Lin Fan even more confident in protecting Earth and his family.

"Dong dong dong!"

On this day, there was a sudden knock on the door of the Coiling Dragon Villa.

Lin Fan slowly opened his eyes. A dazzling golden light flashed like the sun.

He saw...

Outside the door, Hu Tian, Su Ningjing, Xia Bing, Xia Xue, Kailin, and the others were all extremely anxious.

Thus, he took a step forward and appeared in front of them.

Without waiting for Lin Fan to speak, Kailin said, "The yellow spirit is about to give birth."

Kathleen had always been curious and envious about having children.

Now that someone was finally going to give birth, she was more excited than anyone else.

When Lin Fan heard that, his spirit spread out quickly and locked onto Huang Ling who was in a villa not far away.

As expected, her stomach turned into a ball, and a life form full of vitality was about to appear.

He... He was going to be a father again!
