Chapter 761 Change in Situation; Celebration!

The leader of the demon race and the other demons cried like rain.

Part of the reason was due to the influence of heaven and earth.

The most important reason was that he was too domineering...This demon ancestor had died!

The demon race had been a powerful race for countless years.

That was because they had a rich foundation.

This was because they had the Holy Lord Patriarch.

Now, his foundation had been stolen.

The ancestor died.

What should the future of the Monster Race be like?

Countless images flashed in the minds of the demons.

Her tears became even more intense.

The demons felt that the future was bleak.

....

Compared to the demons' frustration.

The Holy Lords were terrified.

That was because, in their impression, the Holy Master was invincible and could never die.

However, this impression had been shattered.

A Sacred Lord was dead!

Furthermore, it was an extremely powerful Fey Sacred Lord!

The Holy Lords could not help but look towards the location of the Buddha Realm.

During this period of time, they also knew that Bodhi Guo had been cursing Tyrant.

Now, he was cursed to death?

Just how strong was the Bodhi Fruit?

If he could curse Tai Ba to death, could he also curse himself to death?

Worry and a ferocious aura spread around the Saint Lords.

Especially the Sacred Lord of the Sea, Bo Han!

All along, he had been suffering from the Bodhi Fruit's curse.

For this reason, they had no choice but to start a war with the Buddha Realm.

Both sides could be said to be fighting to the death.

What should he do now?

Bo Han's expression kept changing, no one knew what he was thinking.

....

Buddha Realm.

The Buddha Realm, which was always filled with Buddhist voices, was now silent.

The Buddhas raised their heads and looked at the Bodhi Fruit with complicated expressions.

Bodhi Guo was the Buddha Realm's Holy Lord, the ancestor of all Buddhas, and an existence revered by all the Great Buddhas.

At this moment, the eyes of the buddhas that were looking at the Bodhi Fruit were filled with fear and terror.

That was because the Bodhi Fruit had actually 'killed' a Sacred Master!

This represented too many things.

What would the other Holy Masters think?

More importantly, did the Sacred Lord Bodhi Fruit really possess such power?

Finally, a buddha could not help but say, "Did you just kill Tai Ba?"

All the Buddhas pricked up their ears.

They were all filled with anticipation and curiosity.

"No." Bodhi Guo shook his head.

He was also very helpless.

Why did everyone think that he was the one who had been cursing or even killing Tai Ba?

How many times had he explained to Tai Ba?

Why didn't he believe it?

He even roared before he died.

This was great. What would the other Holy Masters think of him?

Bodhi Guo put himself in his shoes.

If he had known that there was such a person who could curse and kill him, he would definitely not have let him exist in the world.

Thinking of this, the Bodhi Fruit could not help but feel a chill.

His strength could be ranked at the forefront among the many Sacred Lords.

However, the key was that it was difficult for two fists to fight against four hands.

If they attacked together, how could he resist?

Bodhi Fruit expressed that he was very square.

....

Earth.

Lin Fan took a step out after comprehending his current strength and returned to the Coiling Dragon Villa.

Hu Tian, Qiu Ziqian, Xia Xue, Xia Bing, and the others were shocked by what happened earlier.

Now that they saw Lin Fan, they all ran over.

"Lin Fan!"

"Are you alright?"

Their faces were filled with worry.

Lin Fan said, "Don't worry, I'm fine."

Hearing Lin Fan's relaxed tone, everyone heaved a sigh of relief.

Hu Tian said, "Lin Fan, you seem to be..." You became stronger again?"

"Yes, I made some breakthroughs." Lin Fan said, "Now, we can relax for a long time."

When everyone heard this, the smiles on their faces widened.

On that day, the Coiling Dragon Villa held a very sumptuous bonfire party. There were skewers and fine wine. The fragrance assailed the nostrils and it was very lively.

Everyone ate happily.

The night gradually deepened.

Lin Fan, Xia Bing, Xia Xue, Su Ningjing, Kailin and the rest walked into the room.

....

Time flowed like water.

In the blink of an eye, 100 years had passed.

Just as Lin Fan said, they could relax for a long time.

In the past 100 years, they did not deliberately spend a long time cultivating.

Every day, they lived a life where they only envied mandarin ducks and not immortals.

However, even so, Lin Fan's cultivation state was still increasing by relying on the Ethereal Breathing Technique that had been upgraded to Saint King Grade. In addition, he had also obtained Saint Grade Spirit Stones, Great Dao Fragments, and other treasures from the system over the past hundred years.

In just a hundred years, Lin Fan had already entered the intermediate stage of the Holy Lord Realm.

In fact, he had even walked a long distance to the middle stage of the Sacred Lord Realm.

....

In the outside world, it was completely different from the peaceful time in the Coiling Dragon Villa.

Due to Tai Ba's fall, the demons lost their protective umbrella, and many enemies began to take revenge.

For a moment, the demons became the meat in everyone's eyes.

As for the Buddha Realm, without the attack of the demons, it was relatively peaceful for the first few decades.

However, sometimes, calmness was the sign of a storm.

70 years later, the Ocean World, the Divine World, the Other World, the Demon World, and many other worlds attacked the Buddha World together.

Even the powerful Buddha Realm could not resist such a grand attack. They could only retreat and hide.

Bodhi Fruit had paid a huge price and finally reached an agreement with the many, promising to avoid the battle.

When Bodhi Guo returned to the Buddha Realm, he only felt physically and mentally exhausted.

He had been too tired all these years.

....

It was also today...

Under Lin Fan's hard work, a trace of life force suddenly appeared in Kailin's stomach.

"Heavens! Kathleen, you're pregnant!"

"There really is!"

"That's great. It won't be long before our Coiling Dragon Villa has a new member!"

The Coiling Dragon Villa was filled with jubilation. Everyone was silent in joy.

Among them, Kailin was the most outstanding.

She gently caressed her belly and felt the life force that was emitting from it. Her entire face was like a blooming flower, extremely brilliant.

"Is this the feeling of giving birth to life? Really... This is amazing."

Lin Fan was very happy that he was about to have another child.

If he was happy, he had to celebrate.

He suddenly remembered that he still had an enemy who hadn't died, and that was Bo Han.

Since that was the case, he would curse him and celebrate.

[Do you want to spend 100 million Spiritual Stones to curse Bo Han?]

"Yes, sir!"

[Do you want to spend 100 million Spiritual Stones to curse Bo Han?]

"Yes, sir!"

[Do you want to spend 100 million Spiritual Stones to curse Bo Han?]

"Yes, sir!"

....

Another 10 curses.

Only then did it end.

At this moment, in the Ocean World.

Bo Han sat on the main seat and closed the door.

He muttered in his heart, 'I've finally reached an agreement with the Bodhi Fruit. The power of the curse has been decreasing over the past hundred years. It shouldn't be long before it completely dissipates.'

Then, he sighed again.

When had he, the dignified Holy Lord of the Ocean, ever treated others as if they were snakes?

However, Tai Ba's death had a huge impact on him.

It made him afraid.

This was why when many forces were dealing with the Buddha Realm, they took the initiative to show goodwill to the Bodhi Fruit and urged the final ceasefire.

Otherwise, how could the war in the Buddha Realm end so quickly?

Chapter 762 Holy Master Has Fallen Again; Help!

Bo Han heaved a sigh of relief.

A powerful tsunami-like curse power surged over.

"Puff!"

Bo Han's heart skipped a beat, his face flushed red as he spat out a mouthful of blood.

He was dispirited at first.

Then, he became extremely deranged. His body would occasionally become bigger and smaller, constantly twisting.

Then, he could not help but roar.

"Roar!"

His voice shook the nine heavens, and his might was unparalleled!

Countless living beings turned into a bloody mist under this roar. It was extremely terrifying.

This roar finally allowed Bo Han to regain some of his consciousness.

His eyes were bloodshot and filled with anger.

In the next moment...

Bo Han soared into the sky like a shooting star, sweeping with endless terrifying power. His speed was extremely fast.

Wherever it passed, it attracted the attention of countless people.

If someone was careful, they would be able to discover the location he was heading to... It was the Buddha Realm!

Hurry up!

Hurry up!

Faster!

The extreme speed produced a dazzling light like the sun.

In just a moment, the Buddha Realm appeared in Bo Han's vision.

Seeing this...

Bo Han's speed didn't slow down at all. On the contrary, he sped up!

Before the enemy arrives, the situation will reach the enemy first!

The terrifying aura caused trees to fall to the ground, mountains to collapse, and the ground to crack!

"Pu Guo went back on his word and cursed me to death. I will use my life as the price to curse Pu Guo!" Bo Han shouted madly."

"Boom!"

As soon as he finished speaking, Bo Han crashed into the Buddha Realm like a comet crashing into the earth, shooting out flames that almost covered half of the Buddha Realm.

A small portion of the Buddha Realm turned into nothingness, and nearly a quarter of the Buddha turned into ashes.

The originally magnificent Buddha Realm became a place of misery and charred black.

At this moment, a sorrowful whimper sounded between heaven and earth.

This sorrowful voice made the Buddha Realm, which had suffered a destructive blow, even more sorrowful.

The death of a Saint was a tragedy for the world!

Inside the Golden Thunderclap Monastery, Bodhi Guo looked at the destroyed Buddha Realm and listened to the chilling voice in his ears. He was completely stunned.

There was only one voice in his heart. It was over, it was over, it was completely over!

In fact, it was just as he had expected.

He was indeed finished.

The enemies of the Buddha Realm took advantage of the chaos to attack when they saw the tragic state of the Buddha Realm.

As for the Sacred Lords, they once again launched a war against the Buddha Realm.

Because they were afraid.

Tyrant, who had previously been his enemy, was cursed to death by the Bodhi Fruit.

Later, Bo Han, who was his friend, was cursed to death by the Bodhi Fruit.

They were worried that the next person to be cursed to death would be them.

The Buddha Realm had fallen into an unprecedented crisis.

....

Tao Qian was completely stunned when he learned about this.

"Tai Ba and Bo Han, these two old brats, died just like that?" he muttered. Isn't that a little too fast?"

"Whoosh!"

At this moment, an armored man appeared in the distance.

He swung his saber at Tao Qian.

The saber aura soared into the sky, its might shaking the heavens.

Tao Qian hurriedly dodged to the side and said helplessly, "I say, now that two Saint Lords have fallen, why are you still chasing after me? Hurry up and join in the fun!"

What responded to him was another sharp saber energy.

....

Lin Fan was completely oblivious to all of this.

His days were still very relaxed.

Every day, he would accompany Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others for walks and meals. At night, he would work hard and wait quietly for the life in Kailin's stomach to come.

In the blink of an eye, another 100 years passed.

Even though Lin Fan didn't spend any time to cultivate.

However, his cultivation had increased once again and reached the late-stage Sacred Lord realm.

Even if Lin Fan did not use his Curse Arts, he was invincible in this world.

On this day, Lin Fan felt the life force in Kailin's stomach. With nothing to do, he focused on interpersonal relationships.

Then, he used Soul Communication on Ma Zheng.

After all, he was still his subordinate.

After so many years, he did not care at all. It really did not make sense.

....

Water God Palace.

Ma Zhenggang had just returned to his residence after attending a high-level meeting with the elders.

At this moment, a familiar voice suddenly sounded in his mind.

"Ma Zheng!" Updated from novelbln.(c)om

It was Master!

Ma Zheng's heart raced as he hurriedly knelt on the ground and spoke in an extremely respectful and excited voice.

"Master!"

"Has anything happened recently?" Lin Fan asked.

"The biggest thing recently is the Demon Race's Holy Lord Tai Ba and the Ocean Holy Lord Bo Han. He has suffered a powerful curse and died one after another. He also stated that the person who cursed him was the Buddha World's Holy Lord, Pu Guo..."

When he said this, he became very careful.

According to Ma Zheng's initial guess, Lin Fan had an extremely powerful curse.

He was the mastermind behind all the curses and murders.

However, after Tai Ba and Bo Han were cursed to death, Ma Zheng started to doubt his previous guess.

It was no wonder that he would be like this.

Yes, Lin Fan was indeed very strong.

However, there was a limit, right?

How could he curse and kill two Holy Masters?

Although he had this suspicion.

However, Ma Zheng's respectful attitude towards Lin Fan didn't change.

"Later on, the Divine World, the Demon World, the Other World, and many other major worlds joined forces to attack the Buddha World and completely shattered it. As for the Buddha Lord, Bodhi Fruit, he escaped..."

When Lin Fan heard that, he was stunned.

So, he had a scapegoat for killing the Holy Lord?

No wonder no one had come looking for him.

Lin Fan let out a weird smile.

His tone was calm as he said, "Alright, I understand."

"How's your cultivation?"

"Thanks to master, my current cultivation level has reached domain lord level 9." Ma Zheng hurriedly said.

Lin Fan nodded, "Domain lord level 9, barely not bad. However, it's still a little weak. How about this, I'll help you raise your cultivation."

As soon as he finished speaking, Lin Fan waved his hand.

A spatial rift suddenly appeared above Ma Zheng's head.

Following that, energy as rich as spring water surged into Ma Zheng's body.

Ma Zheng only felt his entire body warm up. He was so comfortable that he wanted to cry out.

"Pow!"

In just a moment, a soft sound came from Ma Zheng's body.

He, had actually broken through to the universe level!

Even so, the energy in the spatial rift did not disappear and continued to flow into Ma Zheng's body.

It was only when his cultivation reached Universe Level 2 that the crack slowly closed.

In such a short period of time, he actually had such a breakthrough!

Ma Zheng directly prostrated on the ground and shouted excitedly, "Thank you, Master! Thank you, Master!"

Lin Fan said, "Continue working hard."

After saying that, he ended the soul communication.

"Yes!" Ma Zheng hurriedly replied.

His attitude towards Lin Fan became even more respectful.

Initially, Ma Zheng was still suspecting if Lin Fan was the mastermind behind the curse.

Now, he believed it again.

And Lin Fan was the mastermind behind the curse. He had cursed Tai Ba and Holy Lord Bo Han to death.

How strong was he?

Thinking of this, Ma Zheng knelt on the ground again and said seriously, "Greetings, Master!"

Chapter 763 Another Holy Lord; Hatred From Mythological Characters!

Following that, Lin Fan communicated with Li Ke's soul and raised his cultivation state to Universe Level 5. He also imparted the Fire Attribute cultivation technique of the Holy Lord level to him.

The rapid growth of his cultivation, coupled with his superb talent, made Li Ke's position in the Fire God Palace even more stable.

Lin Fan had only casually done these things. He didn't take them to heart at all.

He continued his leisurely life.

....

Lin Fan was relaxed, but some people were like stray dogs, extremely pitiful.

In the distant starry sky, the Bodhi Fruit had paid a huge price to travel through space several thousand times in a row to arrive at the unknown territory.

He took a few deep breaths before recovering some strength.

"I finally got rid of him."

"But, what exactly is going on?"

"Tai Ba and Bo Han were both cursed to death! Cursing them involved huge karma. Was he not afraid of karma backlash?"

The Bodhi Fruit was the karma dao.

Just as everyone had expected, he indeed possessed extremely powerful curses.

However, it could only slightly affect a Holy Lord.

In fact, the Bodhi Fruit did not dare to curse casually.

This was because the world was fair.

Once he cursed someone, heaven and earth would double the backlash.

To be able to curse and kill two Holy Lords, and at the same time, be able to withstand the backlash of heaven and earth...

Who was the other party?

Just how strong was he?

Why did he put the blame on her?

Bodhi Guo's expression changed. Then, as if he had thought of something, his pupils constricted slightly.

He suddenly raised his head and looked into the endless sky.

After hesitating for a moment, he gritted his teeth and soared into the sky.

Above the 49th Heaven.

In a snow-white space.

A huge golden Buddha statue that was comparable to heaven and earth stood in the air.

Bodhi Guo knelt down and said respectfully, "Greetings, Sacred Ancestor Bodhi."

"Buzz!"

The huge golden Buddha statue slowly opened its eyes, shooting out endless dazzling golden light.

The originally white space seemed to be dyed with a layer of gold under the golden light.

"What is it?" The golden Buddha statue gently opened its mouth and let out a deafening sound.

Bodhi Guo said in panic, "Divine Ancestor, the Buddha Realm..." It's gone."

"Boom!"

A terrifying pressure of heaven and earth suddenly descended, directly crushing the Bodhi Fruit onto the ground and spitting out a large mouthful of golden blood.

Just his aura alone was enough to injure a Holy Lord expert until he spat out blood. How powerful!

"Bodhi Fruit, back then, you swore that you would spread the Buddha Realm throughout the myriad worlds. That was why I allowed you to become the Lord of the Buddha Realm and allowed you to reach the realm of the Holy Master. Hmm?" The giant golden Buddha said sternly.

An even more terrifying aura whizzed down.

"Puff!"

The Bodhi Fruit spat out another mouthful of golden blood.

"Holy Ancestor, please calm down. Holy Ancestor, please calm down..." he said in fear.

"I was framed..."

"Originally, I managed the Buddha World very well. This is the power of virtue over the years..."

As soon as he finished speaking, a thick golden dragon of virtue soared into the sky, its voice shaking the nine heavens.

When the giant golden Buddha saw this, its aura eased slightly.

Thus, Bodhi Guo seized the opportunity to speak." The Lord of the Monster Race, Tai Ba, and the Lord of the Ocean, Bo Han, were cursed to death one after another. Then, everyone said that it was my doing. Especially Bo Han. Before he was cursed to death, he even launched a self-destruction attack on my Buddha Realm. At the same time, he cursed me at the cost of his life."

"I'm already cursed."

"I suspect that there might be a Saint King behind this. The other party wants to completely destroy our Buddha Realm!"

Upon hearing this, the giant golden Buddha slowly raised its mountain-like fingers and quickly pinched them.

After a while, he put down his finger.

He was actually unable to calculate the culprit of the lower realm.

It must be understood that Subhuti was also a Karmic Dao user.

His divination skills were definitely top-notch among the Saint Kings.

In the end, even he could not figure out the culprit.

This could explain many problems.

Subhuti began to analyze the situation in his heart. Who could possibly have done such a thing?

A few names appeared in his mind.

He was furious.

As far as Subhuti was concerned, this was a provocation, a declaration of war!

Unforgivable!

A moment later, Subhuti finally spoke."

"Take this treasure and you won't be afraid of any Holy Master. After that, you will descend to the lower realm with Pu Xin and rebuild the Buddha Realm!"

As soon as he finished speaking, he casually waved his hand, and a golden pearl appeared in front of the Bodhi Fruit.

The Bodhi Fruit sensed the tyrannical power contained within the golden pearl and said excitedly, "Thank you, Divine Ancestor!"

Then, a short and thin middle-aged man appeared beside him.

His body was suffused with holy light. Updated from novelbIn.(c)om

This was the Pu Xin that Subhuti had spoken of.

Another Sacred Lord!

"Go!" Subhuti said.

"Yes, Divine Ancestor!" Pu Guo and Pu Xin said in unison.

....

Thus, the Bodhi Fruit that had disappeared for a long time reappeared in the 33rd Layer of Heaven.

As soon as he appeared, he immediately attracted the attention of many Holy Lords.

Presently, all the Saint Sovereigns had already regarded Pu Guo as someone they must kill.

Since he had to kill them, he had to kill them as soon as possible.

Otherwise, it would be too late for regrets!

In the past, Bodhi Guo would always try to escape as soon as possible when he was surrounded.

Now, he was calmly waiting at his original spot.

"Boom!"

"Boom!"

The tyrannical attack landed on Bodhi Guo's body, but it did not cause any effect on him.

That was because a golden protective barrier had appeared on the surface of the Bodhi Fruit, blocking all attacks.

Seeing this, the corners of Pu Guo's mouth curled up slightly, revealing a smile.

Then, he put his palms together and said, Amitabha."

"Patrons, I have something to say!"

"卍!"

At the same time, Pu Xin who was beside him also opened her mouth and said,"卍!"

The two golden swastikas were like two suns as they crushed toward the two people at the front.

"What?" The Holy Masters were shocked.

"Another Holy Master!"

They still had a sliver of confidence in killing a Sacred Lord.

However, it was impossible to kill two Sacred Lords.

Moreover, the Bodhi Fruit had displayed an extremely powerful defensive equipment earlier...

Under such circumstances, wanting to surround and kill him was simply a fantasy.

Thus, a Sacred Master said," Daoist Bodhi Fruit, perhaps there's a misunderstanding."

Bodhi Guo responded with a smile.

The crisis was instantly resolved.

....

On the other hand.

Earth, Coiling Dragon Villa.

As usual, Lin Fan accompanied Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others to stroll in the garden after eating their fill. He was extremely relaxed and at ease.

A flock of birds flew over their heads, and everyone smiled when they saw it.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! [Bodhi has generated hatred towards you. Current Hatred Points: 2 stars.]]

When Lin Fan heard this, his brows twitched.

Subhuti?

This was the first name that appeared in his mind.

However, it was a name that resounded in his ears like thunder.

This was because this name often appeared in myths and legends on Earth.

As for him...It actually existed?

Moreover, he even generated Hatred Points towards him?

Chapter 764 Change; Devour!

Lin Fan quickly turned his attention to the system panel.

[Subhuti: Cultivation base unknown. Because you cursed Tai Ba and Bo Han to death, and then shifted the blame to Pu Guo, from then on, hatred was generated towards you. Current Hatred Points: 2 stars.]

Seeing this...

Lin Fan's heart skipped a beat.

Cultivation unknown!

As expected of a character from a fairy tale.

So, the Holy Master wasn't the cultivator with the highest cultivation?

Lin Fan's heart skipped a beat, 'Does Subhuti know that I'm the one who did this?'

[Requires 1 billion spirit stones. Do you want to ask?]

One billion Spiritual Stones!

To many people, this was an astronomical figure.

However, to Lin Fan, it was nothing.

This was because after several hundred years of accumulation, his Spirit Stones, Immortal Crystals, and even Saint Crystals had become extremely abundant.

One billion spirit stones was just a drop in the ocean for Lin Fan.

Therefore, Lin Fan did not hesitate at all and said, ""Inquire!"

[Subhuti only hates everyone behind the scenes. He doesn't know that the host is the mastermind.]

When Lin Fan heard that, he heaved a sigh of relief.

"If I were to fight Subhuti head-on, how long could I last?"

[Requires 1 billion spirit stones. Do you wish to inquire?]

"Yes, sir!" Lin Fan said.

[1 year.]

Lin Fan was even more flustered. Follow current novels on [novelb\(\(in\).\(com\)](http://novelb(in).com)

One year, he could only resist the Bodhi Fruit for one year.

This was simply too terrifying.

Danger!

A huge sense of danger surged up like a tide.

Hu Tian also noticed the change in Lin Fan and couldn't help but ask," Lin Fan, what's wrong?"

Lin Fan said," Next, I might need to go into seclusion for a period of time. You guys can take a look around first."

Time waits for no man.

After saying that, Lin Fan's body flashed and he flew straight into the cultivation room. He quickly entered his cultivation state.

Only Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others were left looking at each other.

Not long after, they also began to cultivate.

Even though Lin Fan didn't say much.

However, they knew that something must have happened.

The only thing they could do was to keep up with Lin Fan.

This way, when something happened, he could lend Lin Fan a helping hand.

At the very least, he couldn't be a burden.

....

Cultivation was timeless.

In the blink of an eye, 50 years had passed.

During these 50 years, the various universes were very peaceful and quiet.

However, those who were observant could vaguely smell something unusual from it.

It was like the calm before the storm.

"Boom!"

"Boom!"

On this day, loud noises suddenly sounded on many planets.

Then, a huge lotus flower appeared in the air.

Then, everyone on the planet sat cross-legged and chanted the name of Buddha.

Not long after, black demonic qi appeared on many planets. All the living beings became extremely crazy and turned into demons.

Some planets were suddenly covered by seawater, and countless creatures grew fish scales and fish tails.

There were also some planets that had flames on the surface, turning into fireballs.

....

The structure of the universe was rapidly changing.

The weak forces' territories were constantly decreasing or even completely disappearing.

The big fish ate the small fish, and the small fish ate the shrimp.

As one of the small fish, the Longhu Sect was in a predicament like many small forces.

"Buddha, demon, fire, sea, and other worlds are all expanding crazily."

"The Buddha Realm has already expressed their interest in us a while ago."

"It's not just the Buddha Realm. The Demon Realm, Fire Realm, and Ocean Realm have long sent people over."

"Sigh..."

Sighs rose and fell in the Longhu Sect.

Qin Qiuliang clenched his fists, his heart filled with anger.

He grew up in the Dragon Gate Sect and wanted to become a powerhouse so that he could lead the Dragon Tiger Sect to greater heights.

In the end, he had not become strong enough.

Now, the Dragon Tiger Sect was threatened by many forces.

Moreover, this was the second time!

The first attack came from the ocean universe.

Now, it was being devoured by many worlds.

These... He actually couldn't stop it.

If only he could be stronger...

If only he could be like Lin Fan...

Then, the Dragon Tiger Sect would definitely not be like this.

As Qin Qiuliang thought of this, the blood in his body began to boil violently.

He did not notice that the jade pendant hanging around his neck had turned red and bright.

Then, a powerful suction force was produced, directly sucking him into an unknown space.

Ten years later, Qin Qiuliang finally appeared in the Longhu Sect.

A dark-skinned middle-aged man appeared beside him.

Their bodies were all filled with incomparably powerful auras.

Qin Qiuliang pulled a man who was walking in a hurry and said, "Hu Tao!"

The man named Hu Tao paused in his steps.

When he saw who it was, he replied, "Qiu Liang? Why are you still here?"

Ten years ago, Qin Qiuliang's sudden disappearance did not attract too much attention.

Because, in the eyes of cultivators, 10 years was just the blink of an eye.

Qin Qiuliang didn't explain anything and said, "How is the sect? Did something happen?"

"Someone from the Ocean World has come. They said that if we don't surrender today, the Dragon Tiger Sect will disappear completely." Hu Tao sighed. "Right now, the sect master and elders are about to hold a disciple meeting."

When Qin Qiuliang heard this, he raised his eyebrows and said in a deep voice, "If you don't surrender, you want the Dragon Tiger Sect to disappear? What an arrogant tone!"

As soon as he finished speaking, he and the dark-skinned man beside him disappeared together.

Hu Tao called out twice, but there was no response.

He could only mutter to himself, "Where has Qiu Liang been during this period of time? There seems to be a strong sense of oppression on his body..."

"Also, who is the person beside him? I don't think I've seen him before."

....

Qin Qiuliang was completely unaware of Hu Tao's doubts.

If he knew, he wouldn't have explained anything.

Of course, he would not tell them that he had entered the Ancient Desolate Space for the past 10 years. One day there was equivalent to 100 years in the outside world.

In other words, he had stayed in the ancient desolate space for 360,000 years!

The ancient desolate space contained extremely pure energy and countless opportunities.

Now, Qin Qiuliang's cultivation had already stepped into the Holy Lord realm. Moreover, he was an expert among the Holy Lords and had become a legendary great existence in this universe.

Not only him, but the dark-skinned man beside him was also a Holy Lord!

Two Sacred Lords could solve many problems.

"Whoosh!"

In the next moment, Qin Qiuliang and the dark-skinned man appeared at the disciples' meeting together.

Their appearance did not attract too much attention.

It was also at this moment that the old sect master, who was sitting at the top, slowly opened his mouth.

"The Longhu Sect has been established for a million years. It has been glorious, depressed, and fallen..."

His pale eyes scanned the scene, and his voice was hoarse and reluctant.

Chapter 765 Changes in the Wind and Cloud; Increase in Strength!

He, Li Tianyao, had sacrificed his entire life for the Dragon Tiger Sect.

In his heart, the Longhu Sect was more important than his own life.

However, perhaps it would not be long before the Longhu Sect ceased to exist.

This was worse than killing him.

However, he had no choice.

That was because he did not want the disciples of the Longhu Sect to suffer more than death.

At this moment, a blue energy flew over from afar and condensed into a large group of men and women with fish heads and human bodies.

They... They were people from the Sea World.

"Sect Master Li, have you finished your instructions?" asked the shark-headed man. "Then, from now on, the Dragon Tiger Sect belongs to my Ocean World!"

Hundreds of years ago, the people of the Sea World had such an experience.

Now that he was doing it, it could be said that he was familiar with it.

Li Tianyao opened his mouth, but it could only turn into a silent sigh.

At this moment, a loud voice rang out among the disciples.

"Belong to the ocean universe? What an arrogant tone!"

"Who is it?" The shark-headed man looked in the direction of the voice and shouted.

"Whoosh!"

An invisible force shot out and instantly sent the shark-headed man flying.

"How dare you!"

"Who is it?"

A series of roars resounded throughout the location of the Ocean Universe World.

What responded to them was a terrifying aura that was as vast as a mountain.

"Boom!"

"Boom!"

"Boom!"

The fish heads fell to the ground like radishes, unable to move their fingers.

This scene shocked everyone from the Dragon Tiger Sect. Their mouths were wide open, and their faces were filled with disbelief.

Then, everyone looked at the person who had spoken earlier.

It was a man wearing a green robe with a long sword hanging from his waist.

"Qiu Liang?" Li Tianyao said in an uncertain tone.

Li Tianyao was Qin Qiuliang's master and knew him very well.

It was precisely because of this that he was even more uncertain.

Because Li Tianyao knew that Qin Qiuliang had good talent. His cultivation had already reached the middle level of the domain lord.

But what was the situation now?

Among the people in the ocean universe, there was no lack of universe level, king level and even emperor level warriors.

They... All of them were suppressed by Qin Qiuliang's words?

This... Am I dreaming?

"Master," said Qin Qiuliang.

Li Tianyao was still a little uncertain. "Your cultivation..."

"Master, I had some fortuitous encounters. In short, from now on, our Dragon Tiger Sect will no longer be afraid of any force!" Qin Qiuliang said.

His tone was extremely serious.

This was the confidence gained from the accumulation of more than 300,000 years in the Ancient Desolate world.

Of course, it was not just confidence.

His strength was indeed enough to protect the Dragon Tiger Sect.

Even though a Sacred Lord had descended to the lower realm of the ocean universe.

....

On the other hand.

Fire God Palace.

A man who was burning like the sun flew above the hall.

Everyone from Fire God Palace knelt on the ground and said, "Greetings, Holy Lord Zhu Sen."

Holy Master!

That's right!

This was a Sacred Lord.

After Zhu Yan's death, the Fire God Palace fell into a period of depression.

However, they did not expect that the Fire God Palace still had a Sacred Master in the higher sky!

This caused the Fire God Palace, which was at its lowest point, to rise up rapidly. Its influence had surpassed Zhu Yan's era in one fell swoop.

Zhu Sen, who was flying in the air, nodded slowly. Then, he said to Li Ke, "Come with me."

Zhu Sen acknowledged Li Ke and gave him a lot of treasures and techniques.

Today, he was even more prepared to head to the mystic realm.

Li Ke learned from Zhu Sen that this secret realm had the opportunity to become a Holy Lord.

He sat in the room and clenched his fists slightly. He felt the rapidly increasing strength in his body and muttered in his heart, "Master, I've become stronger again. Perhaps I can help you in the future."

Even though Li Ke had obtained many benefits from Zhu Sen.

However, his heart was still with Lin Fan.

....

Time flowed like water.

In the blink of an eye, another 50 years passed.

For the past 100 years, Lin Fan had been training hard.

There was a limit to the growth of his cultivation. He had reached a critical point, the peak of Sacred Lord.

However, his strength had increased substantially.

Right now, Lin Fan had four Saint King Grade skills and two Saint King Grade weapons.

In addition, Earth had a defensive formation that could reach the level of a Saint King.

"System, how long can I resist Bodhi?" Lin Fan asked.

[Requires 1 billion spirit stones. Do you wish to inquire?]

Lin Fan said, "Didn't I use it last time?"

However, the system did not respond.

Thus, Lin Fan could only say, "Consume, consume."

[100 years.]

When Lin Fan heard that, he heaved a sigh of relief.

Then, he focused his attention on the system interface.

Lin Fan could no longer improve his skills.

His gaze landed on the Time Law.

Currently, he only had time law at middle-grade. The rest had all reached high-grade.

Some laws were comprehended by oneself.

Some of them relied on magical gems to level up.

However, so far, there were no gems that could upgrade the time law.

It seemed to be a little special.

Lin Fan had a feeling that if he could raise his Time Law to the Advanced Level, he might be able to take a huge step forward.

He thought for a moment and directly entered the river of time.

Lin Fan took a step forward and a thick river appeared in front of him. He walked forward quickly.

In his field of vision, many scenes of the past appeared on both sides. It was like a movie that made people reminisce.

There were scenes of him not being able to afford food when he was young, scenes of him being late for school, scenes of him fighting with others...

Just as Lin Fan was moving forward, the path ahead of him suddenly rippled.

Then, a scholarly man in a long robe appeared.

He looked around and soon, his gaze landed on Lin Fan.

However, the man didn't pay too much attention to it. He walked into the distance.

Chapter 766 Everyone's Harvest; The World Annihilating Golden Lotus!

The man in the long robe didn't care about Lin Fan at all.

After all, although time laws were rare.

However, it wasn't like there weren't any.

However, as he continued to advance, a hint of surprise gradually appeared on the long-robed man's originally calm face.

Because he realized that the young man behind him had been following him all along.

Moreover, his expression was extremely relaxed.

He looked like he was taking a walk in the forest.

One had to know...

Now, they were already 10,000 meters away from the Great Dao of Time!

Such talent was simply...Rare!

The long-robed man was surprised as he continued to move forward.

When he reached 20,000 meters, he found that the young man behind him was still the same.

Finally, he couldn't help but stop and say, "Dao Youhao."

In fact, when the long robed man noticed Lin Fan.

Lin Fan was also paying attention to him.

At this moment, when he heard the other party's greeting, he also said, "Dao Youhao."

"My name is Tao Qian. May I know who you are?" The long-robed man smiled."

Tao Qian!

He was the one who left the door on Earth.

"Lin Fan." Lin Fan said.

Tao Qian said, "It's been a long time since I've met someone who walked so far in the Dao of Time. Lin Fan, shall we go together?" And discuss it?"

"Alright." Lin Fan said.

Thus, the two of them chatted as they walked.

The two of them had a deep understanding of the Great Path of Time and had many common topics.

The two of them talked about their understanding of time, their methods, and their insights.

As they chatted, the two of them made progress in the passage of time.

Before they knew it, they had arrived at the 300,000-meter mark.

At this moment, Lin Fan and Tao Qian both felt the pressure. Their bodies were trembling slightly.

They did not force their way forward. Instead, they looked at each other and smiled.

"Fellow Daoist, see you next time!"

As soon as he finished speaking, the two of them turned into streams of light and disappeared.

Then, a crisp notification rang out in Lin Fan's mind.

[Ding! [Tao Qian has a favorable impression of you. Current favorable impression rating: 4 stars.]]

When Lin Fan heard this, he muttered, "To think that there would be someone who could walk so far on the path of the Time Laws."

Whether it was the mythical stories of his childhood or the fact that the system had yet to produce a gemstone that could allow the temporal law to reach a high level, all of them showed how powerful and special the temporal law was.

And Tao Qian was able to go so far...It was enough to prove that he was extraordinary.

Lin Fan said, "I just met a random person and he could go so far. I have to work harder."

And so, Lin Fan entered a deeper state of cultivation.

....

Deep in the universe.

Tao Qian slowly opened his eyes."

His tone was filled with joy.

It was the feeling of meeting a confidant.

"I've gained a lot this time. I'll digest it first. Next time, I'll discuss it properly."

....

On the other hand, the major factions were devouring the smaller factions, and the speed at which they occupied territory was increasing.

Gradually, friction appeared between the major factions and a battle erupted.

Sea World, Demon World, Fire God Palace...

In just a hundred years, countless planets had turned into dust and countless members of factions had become corpses.

It was unknown when it started, but the major factions started to fight for real.

The King and Emperor levels all entered the battlefield. Later on, the Holy Lord level also entered the battlefield.

Planets exploded, star fields were destroyed, and even a universe was reduced to nothingness.

The people were plunged into misery and misery.

Especially the Buddha Realm.

Yes, it was!

Especially the Buddha Realm.

Even though the Bodhi Fruit possessed a powerful defensive pearl.

Even though the Buddha Realm had two Holy Lords, Pu Guo and Pu Xin.

It was also because of this that they showed the strongest attitude.

Guns always liked to shoot the bird that stuck out.

In addition, some large factions, such as the Fire God Palace, the Ocean World, and the Demon Realm, had enmity with the Buddha Realm.

Therefore, on that day, nearly 10 Holy Lords joined forces and launched a terrifying attack on the Buddha Realm.

Half of the Buddha Realm was destroyed, the Bodhi Heart was dead, and the Bodhi Fruit fled in panic.

The power that the Buddha Realm had just re-established over a hundred years ago was destroyed again.

The other forces seized the time to divide it up.

It was this action that caused Subhuti to fly into a rage from the distant 49th Heavenly Layer.

"If that's the case, there's no need for the world to exist!"

As soon as he finished speaking, Subhuti waved his hand.

A giant golden lotus that blotted out the sky slowly descended.

"Rumble!"

Wherever it passed, space collapsed and planets shattered.

Soon, shocked cries came from the void.

"The World-Destroying Golden Lotus?"

"Subhuti, have you gone mad?"

"Stop!"

Subhuti laughed coldly. No! I'm doing this for the good of this world. The world has completely decayed, and it's time for it to be reborn."

"Subhuti, aren't you afraid that you'll be bound by karma by doing this? That's countless living beings and universes!" A furious roar came from the void.

"As the saying goes, if I don't enter hell, who will? Amitabha."

Then, several tall figures appeared on the 49th Heaven. Just as they were about to approach...

"Buzz!"

An enormous golden barrier spread out with Subhuti at the center, blocking out all of them.

Then, Subhuti pressed his palms together and said, "Amitabha. I'm going to transcend my karma. Please don't disturb me."

Then, mysterious runes spread out around the golden light barrier, making it impossible for the figures to see the situation inside the golden barrier.

The faces of the figures changed. In the end, they let out a muffled groan and scattered in all directions.

....

It was at this moment that Lin Fan, who was in the midst of his cultivation, suddenly heard a crisp notification in his mind.

[Ding! The appearance of the World-Destroying Golden Lotus has been detected. 1. Absorb the World-Destroying Golden Lotus. You will obtain the power of destruction, 10 Saint King Crystals, and 5 Great Dao fragments. 2. If you don't care, you will receive 10 Saint King Crystals and 5 Great Dao Fragments.]

Lin Fan was stunned.

"The World-Destroying Golden Lotus?" What's that?"

[World-Destroying Golden Lotus: A terrifying magic treasure that can destroy all universes and restart them.]

When Lin Fan heard that, his pupils constricted, "Then wouldn't our Earth be destroyed as well?"

[Requires 10 billion spirit stones. Do you want to ask?]

"Inquire!" Lin Fan said hurriedly.

[Other than the Coiling Dragon Villa, Earth will suffer serious damage.]

Serious injury?

What else could he say? He had to stop it!

Lin Fan said, "How should I stop it?"

[You can absorb it when you approach the World-Destroying Golden Lotus.]

That simple? The source of this content nov(ell)bi((n))

Lin Fan was stunned.

"Will my life be in danger?"

[No.]

Since that was the case, was there still a need to consider?

Lin Fan asked, "Where is the World Destroying Golden Lotus?"

[You need to find it yourself.]

When Lin Fan heard that, he pondered for a moment before turning his attention to Ma Zheng.

Then, he used Soul Communication on Ma Zheng.

P.S. Welcome to my final book, Super Red Envelope Immortals.

Chapter 767 The Power of Destruction; Harvest!

Water God Palace.

Ma Zheng sat cross-legged and tried his best to enter a state of cultivation.

However, his expression was extremely flustered and he was unable to meditate.

Too many things had happened during this period of time, filling his heart with fear and unease.

"Ma Zheng!"

At this moment, a deep voice sounded in his mind.

Ma Zheng was stunned.

Then, his face revealed an unconcealable excitement.

He hurriedly knelt on the ground respectfully and said, "Master!"

When people were in danger, they usually liked to look for someone to rely on.

And Lin Fan was undoubtedly Ma Zheng's greatest support.

Lin Fan asked, "Do you know anything about the World-Destroying Golden Lotus?"

When Ma Zheng heard this, his face turned slightly pale.

He had heard of it before!

In fact, it was because he had heard of the World-Destroying Golden Lotus that he had been so flustered recently.

It was a terrifying magical treasure that could destroy the world, destroy all the universes, and make all living beings disappear.

During this period of time, Ma Zheng felt like a prisoner waiting for the death penalty. He was in extreme despair.

"I know about the World-Destroying Golden Lotus. It is currently in the 29th Heaven and is constantly descending. However, I don't know when it will destroy the entire world." Ma Zheng said in a trembling voice.

"Alright, I understand." Lin Fan said.

After saying that, he directly ended the soul communication.

Then, Lin Fan scanned Hu Tian, Qiu Ziqian, Xia Bing, Xia Xue and the rest with his consciousness and took a step forward.

"Whoosh!"

In the next moment, he appeared in the 29th Heaven.

This was a vast starry sky.

There were many people standing in the sky.

Their bodies were filled with a tyrannical aura. They looked up at the starry sky with extremely solemn expressions and occasionally let out a discussion.

"What exactly is that golden lotus?"

"The aura is too terrifying."

"It contains endless energy."

"He's here!"

....

"Whoosh!"

In an instant, the entire world turned golden. Everyone was blinded at this moment.

There was only a golden lotus floating in the air.

This... It was the World-Destroying Golden Lotus.

"Rumble!"

Wherever the golden lotus passed, space shattered and planets exploded. Everything turned into nothingness. It was extremely terrifying.

An extreme fear surged into everyone's hearts like a tidal wave.

At this moment, a tall and handsome figure stepped under the golden lotus.

He... It was Lin Fan.

He saw...

Lin Fan raised his hand slowly.

"Whoosh!"

The golden lotus, which was originally powerful enough to destroy the entire world, suddenly shrank.

In the end, it turned into a golden light and entered Lin Fan's body.

Seeing this...

Lin Fan took another step forward and disappeared from the spot. The source of this content nov(eli)bi((n))

And the crisis of the apocalypse was over.

The world returned to normal.

The people floating in the air gasped for breath.

When they saw the golden lotus disappear, they looked at each other, not knowing what had happened.

....

Above the 49th Heaven.

Subhuti, who had been sitting quietly in the lotus position, suddenly opened his eyes.

His hands kept fiddling with it, and his eyes were wide open as he cried out in horror, "The World-Destroying Golden Lotus actually cut off all contact with me and completely disappeared!"

"How is this possible!"

"Whoosh!"

Subhuti suddenly rose to his feet.

He had not left the 49th Layer of Heaven for tens of thousands of years, but now, it was rare for him to leave.

In just a moment, he had arrived at the 29th Heaven.

Subhuti stared at the void that had been destroyed by the World-Destroying Golden Lotus. The World-Destroying Golden Lotus was nowhere to be seen, and his face was extremely ugly to behold.

....

The news of the disappearance of the World-Destroying Golden Lotus swept across the world like a storm.

Countless people rejoiced, and some even cried tears of joy.

This was normal. After all, he had survived a calamity.

Water God Palace.

When Ma Zheng learned that the World Annihilating Golden Lotus had disappeared, he was stunned.

Happiness, shock, and other emotions instantly filled his entire body.

He was happy because he did not have to die.

Was it because he had told Lin Fan about the Golden Lotus of Annihilation?
Was the crisis of the Golden Lotus of Annihilation resolved?

Could it be...Was this Lin Fan's doing?

The more he thought about it, the more shocked Ma Zheng became.

At the same time, Lin Fan became even more majestic and majestic in his heart.

....

At this moment, Lin Fan had already returned to Earth.

As soon as he sat down, a crisp notification sounded in his mind.

[Ding! Bodhi's hatred towards you has increased to 6 stars.]

Lin Fan raised his brows.

6 stars!

Good heavens, was he going to fight to the death with him?

Although he was a legendary figure, his path had been narrowed!

[Ding! Ma Zheng's favorability towards you has increased to 10 stars.]

10 stars of favorability?

Lin Fan's face revealed a strange look.

Up until now, only his Dao partners and relatives had such a high affinity for him.

Now, Ma Zheng was also 10 stars?

Perhaps he should be rewarded?

At the thought of this, Lin Fan used his soul connection with Ma Zheng once more.

"Master!" When Ma Zheng heard Lin Fan's voice, he quickly crawled on the ground.

Lin Fan said, "You've been cultivating water attribute skills, right?"

"Yes, Master." Ma Zheng said.

In the past, he had a certain talent for the water attribute.

However, it wasn't his main cultivation.

After that, he joined the Raincloud Altar and the Water God Palace.

Gradually, it changed to his main cultivation.

Lin Fan said, "Alright, I'll teach you a skill."

Hence, Lin Fan passed on a Holy Lord level skill that he had obtained from the system to Ma Zheng.

Ma Zheng had spent a long time before he finally grasped a little of it.

However, even so, it still allowed his cultivation to increase by a large margin.

In addition, Ma Zheng had a very real feeling that as long as he continued to cultivate according to the cultivation technique, his future would definitely be limitless!

He had easily given him such a cultivation technique.

The more Ma Zheng thought about it, the more he felt that Lin Fan was the one who had dealt with the World-Destroying Golden Lotus.

Therefore, Ma Zheng kowtowed to the ground again and said excitedly, "Thank you, Master, for your divine technique!"

Lin Fan nodded in satisfaction, "Cultivate well."

After saying that, he ended the soul communication.

Following that, Lin Fan placed his attention on a golden lotus flower floating within his body.

"Tsk!"

At this moment, the golden lotus flower quickly melted and turned into streaks of golden light in his body.

These golden lights quickly gathered and turned into a dazzling golden pearl.

It was at this moment that Lin Fan heard another notification in his mind.

[Ding! You have completed the mission. Absorb the World Destroying Golden Lotus and obtain the power of destruction. You have obtained 10 Saint King Crystals and 5 Great Dao fragments.]

[Power of Destruction: Possesses the special power to destroy the world once.]

When Lin Fan heard this, his heart skipped a beat.

Destroy the world...Such power was simply terrifying.

Then, he looked at the Saint King Crystal that contained endless pure energy and the Great Dao fragment that was filled with a special aura, and a faint smile appeared on his face.

The harvest this time was not bad.

Chapter 768 Orb; Search!

Not bad?

Not bad?

The power of destruction, the Saint King Crystal, the Great Dao fragment...Which item wasn't a supreme treasure?nove(l)bi(n.)com

If it was someone else, they would definitely be overjoyed.

Lin Fan took another look at the golden pearl that had been fused with the World-Destroying Golden Lotus within his body before entering a state of cultivation.

He wanted to make a breakthrough as quickly as possible, so that he could completely escape the danger that Subhuti might face.

However, hard work didn't always lead to results.

Especially when his cultivation reached a certain peak.

This situation was the most obvious.

In the blink of an eye, 50 years had passed.

In these 50 years, Lin Fan's cultivation state had indeed improved.

However, there were no signs of a breakthrough.

Lin Fan could not help but feel a little helpless.

At this moment, a crisp notification rang out in Lin Fan's mind.

[Ding! Congratulations, you have possessed the Advanced System for 500 years. You have obtained the Green Lotus Pearl x1, the Great Dao Fragment x5, the Saint King Spiritual Crystal x10, and the Saint King Cultivation Technique Upgrade Gem x1.]

When Lin Fan heard this, he could not help but feel a little disappointed.

It had been 500 years?

After such a long time, he still hadn't become the strongest. In fact, he hadn't even reached the highest level. What a failure!

The strongest?

The highest level?

Too much of a failure?

If a Holy Lord heard this, who knew what kind of expression he would have.

500 years?

Wasn't that just time for a nap?

Just this...He still wanted to become the strongest?

Right now, Lin Fan could be said to be the number one Holy Master.

In the end, he still failed?

How could the other Holy Masters live?

After a while, Lin Fan finally shifted his attention to the Green Lotus Pearl.

[Green Lotus Pearl: A mysterious pearl that comes from the same vein as the Golden Lotus Pearl that the host has. After gathering seven pearls, you will obtain incomparably powerful and mysterious power, as well as unexpected changes.]

7 orbs?

Why did it look like a dragon pearl?

Now that he had two of them, could he summon a divine dragon with seven of them?

Lin Fan could not help but ponder.

Now that he did not have a good way to increase his cultivation, perhaps he could try to collect it?

Thinking of this, Lin Fan said, "System, can I find out where the remaining 5 orbs are?"

[After spending 100 billion spirit stones, the location of the pearl can be detected within 5,000 kilometers. Do you want to use it?]

100 billion Spiritual Stones?

This was even more than the total amount of Spirit Stones that Lin Fan had used up so far.

However, the more this was the case, the more it showed how extraordinary the orb was.

Hence, Lin Fan hesitated for a moment before replying, "Yes!"

"Whoosh!"

Instantly, the spirit stones hidden in the inner space, which formed countless mountains, turned into streams of light and disappeared without a trace.

At the same time, Lin Fan's mind seemed to have gained some sort of enlightenment.

Among them, there were two spots of light that flickered slightly around his body.

This was obviously the pearl.

As for the other pearls, they were clearly not within the range of ten thousand miles.

Then, Lin Fan turned his attention to Li Ke and used soul communication with him.

....

Fire God Palace.

A golden mark that looked like a volcano appeared on Li Ke's forehead.

His entire body was filled with a tyrannical aura.

"Li Ke!"

Li Ke, who was sitting in the main seat and meditating, suddenly changed his expression.

He hurriedly knelt on the ground and said, "Master!"

Even though Li Ke was already the Fire God Palace's Palace Master and his cultivation had been forcefully raised to the Imperial level.

Even though he had immense power now.

However, he still had the highest respect for Lin Fan.

"I'm looking for these 5 orbs. Keep an eye out." Lin Fan said.

As soon as he finished speaking, he sent over the forms and characteristics of the five pearls.

At the same time, he also taught Li Ke a way to contact Lin Fan.

This was the reverse communication method that Lin Fan had obtained from the system a hundred years ago.

"Yes, sir!" Li Ke said excitedly.

Excited?

That's right!

Excitement!

To Li Ke, it was an honor to be able to work for Lin Fan!

It was a great honor!

Furthermore, Lin Fan had even taught him the way to contact him!

This was too delightful!

Then, Lin Fan communicated with Ma Zheng's soul and repeated the same words.

"Thump! Thump!"

At this moment, there was a dull knock on the door.

Lin Fan looked up. It was Little Rock standing outside the door. His expression was a little nervous.

Lin Fan wasn't too bothered by this.

He waved his hand and the door opened.

"Yes, Master!" Little Rock bent his back and slowly walked in.

"What is it?" Lin Fan asked.

"Master... Master, many of the geniuses on Earth have reached the planetary state and have the ability to cross the void. If they were to stay on Earth, it might be a waste of their talents. "Therefore, I was thinking, why don't we let them go out and make a living? At the same time, we can spread the reputation of our Coiling Dragon Villa?"

When Little Rock said this, he stuttered from time to time.

Obviously, he was really nervous.

When Lin Fan heard that, he hesitated for a moment before saying, "Alright, you can leave."

"Also, ask them to help me find the five Orbs after we get out."

After saying that, Lin Fan sent the characteristics and shapes of the five orbs into Little Rock's mind.

When Little Rock heard this, he was so happy that he almost jumped up.

Agreed, Master agreed!

He took a few deep breaths before recovering.

After leaving the room, Zheng Cong, Song Wenxuan, and Riemann quickly surrounded him.

"Big brother, what did master say?"

"Big brother, did master agree?"

"Big brother..."

Even though Zheng Cong, Song Wenxuan, and Riemann had been calling Little Rock 'big brother'.

However, every time Little Rock heard the word 'big brother', he could not help but smile.

"Don't worry, we'll talk as we walk." Little Rock cleared his throat.

Then, he walked forward, followed by Zheng Cong, Song Wenxuan, and Riemann.

However, after walking for a while, Little Rock still did not speak.

This made the three of them extremely anxious.

"Master has already agreed," Little Rock looked at them and the corners of his mouth curled up again.

Zheng Cong, Song Wenxuan, and Riemann jumped up.

"Really?"

"That's great!"

"Haha!"

"Not only did he agree, Master even gave us a mission to find the Orb!" said Little Rock.

"Can we work for Master now?"

"Good!"

"That's great!"

The three of them were excited again.

They had the same thoughts as Li Ke. To be able to work for Lin Fan was an honor!

Then, the four of them set off together and quickly gathered all the geniuses on Earth.

Then, he flew into the void.

Lin Fan had taken in the conversation between the little rocks and their reactions.

Lin Fan just smiled and didn't care too much about it.

Chapter 769 Fire Spirit Mystic Realm; Heavenly Soul Pearl!

Ten years passed in the blink of an eye.

The current Fire God Palace and Water God Palace could be said to be quite powerful.

They were like two super machines. Once they were activated, even a needle in the ocean could detect the relevant information.

On this day, Lin Fan, who was in the midst of his cultivation, suddenly heard a shout in his mind.

"Master!"

Lin Fan sensed it and knew that it was Li Ke calling him.

Thus, he initiated soul communication with it. The source of this content

"Master, I've found some information about the Orb," said Li Ke respectfully.

"Oh?" Lin Fan's eyes lit up.

"According to a star level kid, he saw a red orb in the Fire Spirit Secret Realm of Fenglai Star in the Clear Spring Region of the Heavenly Wind Universe a hundred years ago," Li Ke said.

Star level?

Little guy?

In the world of cultivators, the strong were respected.

As the Fire God Palace's Palace Master, Li Ke indeed had the right to address him as such.

Lin Fan said, "Not bad!"

Although it was only a short compliment, Li Ke was ecstatic.

Finally, he had done something for his master and received praise!

Lin Fan asked, "Li Ke, what's your cultivation level now?"

"Master, I'm now at Emperor level 5." Li Ke hurriedly said.

Emperor level 5!

In just a few hundred years, he had reached the fifth level of the Imperial level.

This kind of speed could not be said to not be fast!

One of the reasons for this was because Lin Fan had imparted him with a profound cultivation technique.

In addition, Zhu Sen, who was a Sacred Lord, had given him a lot of help. He had been able to stay in a secret realm where time flowed a thousand times faster than the outside world for a hundred years!

Lin Fan nodded, "I will explain the comprehension of the fire attribute skills. Listen carefully."

"Yes, Master!" Li Ke said excitedly.

This lecture lasted for half a month.

Every time Lin Fan explained, Li Ke was enlightened.

This time was no exception.

Not long ago, Li Ke had reached a bottleneck.

Now, it was all clear.

Li Ke had a very real feeling that as long as he absorbed enough energy, perhaps it would not be long before he could break through again!

"Thank you, Master!" Li Ke knelt on the ground and said respectfully.

Lin Fan said, "Continue working hard."

After saying that, he ended the soul communication.

Lin Fan looked at Hu Tian, Su Ningjing, Xia Bing, Xia Xue, and the others who were cultivating quietly in the Coiling Dragon Villa. He didn't disturb them.

Following that, he took a step forward according to the universe map in his memory.

"Whoosh!"

With a single step, it was the Cang Ocean Cang Tian.

In the next moment, Lin Fan appeared in the void that was extremely far away.

"Whoosh!"

Stepping out once more, the surrounding meteorites rushed forward. With a slight thought, the meteorites turned into ashes.

"Whoosh!"

He took another step forward, and above his head was a scorching star that could melt steel in an instant.

....

In the blink of an eye, five days had passed.

Lin Fan finally stopped.

In front of him was a planet with clear water and blue sky. It was a rather poetic planet.

This... It was Fenglai Planet.

The car sped along the road.

In the sky, the flying devices crisscrossed.

Lin Fan guessed that the technology here should be behind Earth.

Lin Fan found a restaurant. As he savored the delicacies, he spread out a huge amount of his mental power.

Instantly, the discussions of countless people and the entire Fenglai Planet appeared in Lin Fan's mind.

"I won 10 million!"

"I've finally broken through!"

"Don't use so much strength. Ah, it hurts. Slow down, slow down..."

....

Countless pieces of information were being filtered through Lin Fan's mind.

After a while, he heard what he wanted.

"Have you heard? There was an earthquake on Fire Spirit Mountain yesterday. Many rocks rolled down and killed many people."

"Another earthquake? That's really not a good place."

"Who says so! It's best not to go there in the future."

....

"According to my speculation, the Fire Spirit Mystic Realm will open soon."

"This time, I must gain something!"

"I heard that someone directly became a star level warrior last time!"

....

When Lin Fan heard this, he gathered his mental power and ate some more food before stepping out.

"Whoosh!"

In the next moment, he appeared in front of a continuous mountain range.

According to the information obtained by his spiritual power, this was the entrance to the Fire Spirit Mystic Realm.

Not too far away, a man dressed in green robes noticed Lin Fan and called out, "Fellow Daoist, do you want to enter the Fire Spirit Secret Realm too?"

Lin Fan nodded, "Not bad."

"Then I'm afraid you're a little early. There was a slight earthquake here yesterday, and the spiritual energy didn't spread too much. According to past

experience, it will take at least half a month to open." the green-robed man said.

Lin Fan did a quick calculation and knew that he was right.

However, Lin Fan didn't want to wait. He smiled, " Sometimes, there are exceptions."

As soon as he finished speaking.

"Rumble!"

The continuous mountain peaks suddenly shook violently.

In the next moment, the mountain peak in the middle cracked open, revealing a dazzling white crack.

Surging spiritual energy rolled out from the crack, forming a powerful spiritual energy tide. It blew against the man's clothes, causing them to rustle. The surrounding trees and flowers kept swaying.

Lin Fan said, " Look, an exception has appeared, right?"

After saying that, he turned into a stream of light and flew straight into the Fire Spirit Mystic Realm.

"Fellow Daoist, wait for me!" The green-robed man was stunned for a moment.

As soon as he finished speaking, he hurriedly followed.

This place...It was a dense forest with vines and venomous snakes.

Lin Fan scanned his surroundings. There was no trace of the pearl within ten thousand miles.

He understood that the pearl should not be in the secret realm.

The green robed man saw that Lin Fan didn't move. He said, " My name is Kaien. May I know who you are?"

"Lin Fan." Lin Fan said.

Kaien said, "Fellow Daoist Lin, I've been to the Fire Spirit Secret Realm twice. I'm quite familiar with this place. Why don't we explore it together?"

"Don't worry, I'm only here to find the Heavenly Soul Fruit. I can give you the rest of the treasures."

Lin Fan could tell that Kaien wasn't lying and was extremely sincere.

Lin Fan thought about how he had spent a few days rushing over.

Now that there was nothing much to do, it was not bad to take a stroll and admire the scenery of the other world.

"Alright," he nodded.

The two of them walked forward. Along the way, all the ferocious beasts they encountered were killed by Kane.

As for the traps that were hidden in the dark, they were all obliterated by Lin Fan.

Therefore, this trip to the Fire Spirit Mystic Realm could be said to be very easy.

And just like what he said, Kaien gave all the treasures to Lin Fan.

As time passed, a look of disappointment gradually appeared on Kane's face.

That was because he had never found the Heavenly Soul Fruit that he needed.

To Lin Fan, these treasures were of no use at all.

However, Lin Fan kept them all. Follow current novels on [novelb\(\(in\).\(com\)](http://novelb(in).com)

At the same time, he had a better impression of Kane.

Lin Fan saw Kaien's anxiety and decided to help him.

Thus, a massive amount of spiritual energy spread out in all directions again.

Not long after, he focused his attention on a purple fruit that was suffused with traces of soul energy.

Under Lin Fan's silent guidance, the two of them soon arrived in front of the fruit.

"Soul Fruit!" Kaien exclaimed in surprise.

He hurried forward and plucked the Soul Fruit.

Then, he said apologetically, "Fellow Daoist Lin, what I need is the Heavenly Soul Fruit. However, this Soul Fruit might be of some use to me. So, can I take it?"

After all, he had initially said that he only wanted the Heavenly Soul Fruit.

Now, he wanted the Soul Fruit, he went back on his word.

This was the fruit that Lin Fan had guided him over. Naturally, he wouldn't care about it. However, he had thought that this was the Heaven Soul Fruit. Who would have thought that it was the Soul Fruit?

"Of course, I've already taken a lot of things."

"Thank you," Kaien said.

The two of them continued to move forward in the mystic realm.

Along the way, they encountered a few ferocious beast attacks and obtained a few treasures.

However, Kaien never found the Heavenly Soul Fruit.

This made Kane's face filled with disappointment.

Until... The mystic realm ended.

Lin Fan asked, "Pardon me for asking. What do you need the Heaven Soul Fruit for?"

Kaien sighed. "My wife's Heavenly Soul is incomplete. She needs the Heavenly Soul Fruit to recover. Otherwise, she might keep fainting."

"But now that I have the Soul Fruit, it might be of some use."

As he said this, his gaze became firm.

She didn't know if he was comforting her or if he was really confident.

Lin Fan asked, "Is the Heaven Soul damaged? I have some experience in the soul. Perhaps I can help you a little."

"Really? That's great!" Kaien said excitedly.

Kane was obviously very concerned about his wife's health.

After coming out of the secret ground, he brought Lin Fan and headed towards Planet Hengtong, which was tens of millions of kilometers away.

His wife was resting there.

When Kaien and Lin Fan arrived at an elegant manor, a large group of men in black who gave off a ferocious aura surrounded the manor.

Seeing this...

"Bastard!" Kaien shouted.

He shot forward like a sharp arrow, killing rows of men in black.

"Didn't you go to the Fire Spirit Mystic Realm?" The black-robed man closest to the door asked in shock. "Why did you come back so quickly?"

Obviously, Kane's whereabouts had long been known.

Under normal circumstances, the Fire Spirit Secret Realm would only open after a month.

In other words, Kane would only be able to return after at least a month.

However, what they had not expected was that Lin Fan had opened the Fire Spirit Secret Realm ahead of time.

"Bang!"

"Bang!"

A dull sound was heard.

All the black-robed men present were beheaded.

Kane seized the time and jumped into the room.

When he saw his wife lying calmly on the bed, he heaved a sigh of relief.

Before Cain left, he set up some protective magic circles around the bed.

In addition, he had rushed back in time.

Therefore, everything was still under control.

"Lina," Kaien said. "I found the Soul Fruit. You'll recover soon."

As he spoke, he turned the Soul Fruit into a ball of purple gas and flew into Lina's mouth.

"Phew!"

"Suck!"

Kaien was extremely nervous, and his breathing became rapid.

He saw...

Lina's eyelids twitched slightly, and she opened her mouth slightly.

He was awake!

Lina woke up!

"It's me, I'm here!" Kane said excitedly. "I'm here!"

Lina opened her mouth but soon fell asleep again.

"Lena! Lena!" Kane shouted anxiously.

However, no matter how he called out, Lina did not respond.

Lin Fan, who was standing behind him, said, " His Heavenly Soul is severely damaged. The Soul Fruit just now only activated a little bit of his Heavenly Soul."

"Fellow Daoist Lin, do you have a way to save Lina?" Kaien asked.

His eyes were filled with anticipation and hope.

Lin Fan said, " There shouldn't be any problems."

In fact, it was not just no problem.

This was a piece of cake for Lin Fan.

"Then I'll have to trouble Fellow Daoist Lin," Kaien said.

Lin Fan nodded.

He raised his hand and pointed at Lina.

A vigorous light of life quickly entered Lina's body like spring water.

Suddenly, golden light surrounded Lina.

After a while, she opened her eyes.

"Kane..."

"It's me, I'm here!" Kaien said.

Lina threw herself into Kane's arms.

"That's great, you're fine!" Kaien said excitedly.

After they separated, Kaien said to Lin Fan, " Fellow Daoist Lin, thank you. Thank you so much!"

Lin Fan waved his hand, " It's nothing. You don't have to be so polite."

"You two have a good reunion. I'm going to do something," she said after a pause.

"Work? On Hengtong Planet?" Kane asked.

"Yes." Lin Fan nodded.

That's right!

It was to do things on Hengtong planet.

That was because when Lin Fan arrived at the Hengtong planet, he suddenly realized that there was actually a pearl on this planet.

Perhaps this was the good karma.

"I'm on Planet Hengtong," Kaien said. "I have some abilities. I'll go with you."

Lin Fan had saved his wife. Kaien was already thinking about how to report this.

Now, perhaps, it was an opportunity.

What kind of cultivation state was Lin Fan at?

Why would he need help when he was working on a planet?

However, he could see Kane's sincerity.

If he refused, Kane would probably be bothered for a long time.

"Okay!" Lin Fan replied.

Kane helped Lina adjust her breathing for a moment to make sure she was fine. Then, he set up a defensive array around the house.

Only then did he head south with Lin Fan.

At first, Kane's expression was very relaxed.

However, as they continued to move forward, Kane's face gradually became serious and nervous.

When he saw Lin Fan preparing to walk towards a tall mountain gate, Kaien couldn't help but ask, "Fellow Daoist Lin, are you going to Sea Sky Pavilion?"

Lin Fan said, "Are you talking about the sect in front?" That should be it."

Kaien hurriedly said, "Fellow Daoist Lin, you might not know this, but the Sea Sky Pavilion looks righteous on the surface, but it's actually extremely sinister. Their pavilion master has a very powerful force in the pavilion. They were the ones who wanted to hurt my wife just now."
