## Chapter 771 The Pearl; Its Location!

### Chapter 771 The Pearl; Its Location!

When Kaien said this, his eyes were fixed on Lin Fan. There was a hint of worry and anxiety in his tone.

That was because he didn't know what kind of relationship Lin Fan had with the Sea Sky Pavilion.

He wondered why Lin Fan had come to the Sea Sky Pavilion.

Lin Fan knew what Kaien was thinking with a single glance.

"Don't worry. I have nothing to do with the Sea Sky Pavilion. It's just that there's something I want inside."

"As for their pavilion master, there's no need to worry. He relied on the formation of the Sea Sky Pavilion to obtain some power that doesn't belong to him."

As he spoke, Lin Fan had already arrived in front of the doors of the Sea Sky Pavilion.

"Who's there?!" The two disciples at the door shouted.

Lin Fan's reply was to casually point.

"Plop!"

"Plop!"

The two disciples fell to the ground, unable to get up.

The commotion here quickly attracted the attention of the others in the Sea Sky Pavilion.

A powerful aura gushed out from within.

A large group of people shot out like sharp arrows.

"Kane!"

"It's Kane!"

"Kill them!"

" You actually dare to come to my Sea Sky Pavilion? How audacious!"

"Kill him!"

Shouts of battle rose and fell.

Initially, Lin Fan only wanted to take the pearl and didn't want to kill anyone.

However, at this moment, facing the shouts of others, he could no longer hold back.

Even though the other party's main target was not him.

"Whoosh!"

He saw...

Lin Fan waved his hand casually, and the shouts and shouts stopped abruptly.

They fell to the ground like big radishes. There was no vitality left!

At this moment, a loud voice came from the Sea Sky Pavilion.

"Bastard!"

Then, the huge Sea Sky Pavilion seemed to have transformed into a primordial beast, baring its fangs and brandishing its claws.

Then, he charged towards Lin Fan.

In response, Lin Fan pointed out casually.

A terrifying energy pillar poured down.

"Whoosh!"

Instantly, the entire world turned white.

Everyone lost their sight.

After an unknown period of time, the world returned to normal.

The next moment, Kaien, who was standing beside Lin Fan, opened his mouth wide.

He was completely stunned.

Because the huge Sea Sky Pavilion had already disappeared.

If not for the fact that the surrounding mountains were still there.

Kaien almost thought that he was no longer in the Sea Sky Pavilion.

So, Lin Fan had destroyed the Sea Sky Pavilion with just a wave of his hand?

In fact, it was just as Kane had expected.

Because Lin Fan didn't like trouble.

Now that he had become enemies with the Sea Sky Pavilion, he might as well settle it once and for all.

He didn't like the endless drama of beating up the younger one and bringing up the older one.

Lin Fan grabbed at the air and a fiery red pearl appeared in his hand.

He had obtained another one!

"I've got what I wanted, so I'll be leaving first," he said to Kane.

As soon as he finished speaking, Lin Fan took a step forward and disappeared without a trace.

Kane was left in a daze.

There was only one thought in his mind. Who exactly was Lin Fan? What realm had his cultivation reached?

....

Lin Fan had done this casually. He didn't care about how Kaien would react after that.

He took a step forward and crossed space. A few days later, he returned to Earth.

Then, he entered a state of cultivation.

Lin Fan willed it and came to the River of Time.

He took a step forward and directly arrived on the Time Great Dao.

Walking on the path of time, he was surrounded by memories of the past that were like movies.

"Whoosh!"

At this moment, light swirled not far away and gradually condensed into a human figure.

The figure turned his body and looked over. Soon, he revealed a smile.

"Fellow Daoist Lin!"

This person was Tao Qian, whom he had met not long ago.

"Fellow Daoist Tao." Lin Fan replied.

Lin Fan had a pretty good impression of this Dao Friend Tao.

Last time, the other party had exchanged time comprehension with him without holding back, allowing him to have a certain improvement in the Great Dao of Time.

"Fellow Daoist Lin, I have some new insights this time..." Tao Qian said.

Lin Fan smiled, "I have an idea too."

The two of them looked at each other and smiled. As they walked, they exchanged their understanding of time.

Unknowingly, the two of them walked further and further on the path of time, and their gains became richer and richer.

They only stopped when they reached 350,000 meters.

"See you next time, Fellow Daoist Lin," Tao Qian said with a smile.

"See you next time." Lin Fan said.

When Lin Fan retracted his consciousness, a crisp notification rang out in his mind.

[Ding! [Tao Qian's favorability towards you has increased to 6 stars.]

When Lin Fan heard that, he rubbed his chin.

Tao Qian was willing to give him a favorable impression of 6 stars.

....

In the blink of an eye, 50 years had passed.

With each passing day, Lin Fan's aura grew stronger.

However, he did not show any signs of breaking through.

On this day, a voice rang out in Lin Fan's mind.

"Master."

Lin Fan's mind moved slightly and he knew that this voice came from Ma Zheng.

Thus, he used soul communication with Ma Zheng.

"Greetings, Master!" Ma Zheng said respectfully.

"What's the matter?" Lin Fan asked.

"Master asked me to find the orb. I got some information." Ma Zheng said.

"Oh?" Lin Fan's expression changed slightly.

"About 300 years ago, someone from the Ocean Forest Star in the Western Region of the Divine Astral Universe saw the orb," Ma Zheng said hurriedly. "But, not long ago, I went to the Ocean Hidden Star and didn't find the orb..."

"I'm sorry, Master." He knelt on the ground again. "I didn't do my job well. Please punish me, Master."

Lin Fan smiled, "You've already done well. Why should I punish you?" Not bad! You can continue to pay attention to the other orbs."

Master, you're already saying that you're not bad!

"Yes, Master!" Ma Zheng said excitedly.

After ending the soul connection, Lin Fan leaped out.

His target was the Divine Astral Universe.

A few days later, a green planet appeared in the sky.

This was the Ocean Forest Planet.

The size of this planet was about 10 times that of Earth. It was very huge.

Lin Fan couldn't help but think that if Earth was so big, there probably wouldn't be so many people traveling around the world in the past, right?

He shook his head slightly and threw this thought aside.

Then, it flashed across the entire Ocean Forest Planet.

After a while, Lin Fan stopped in his tracks.

That was because he had already explored the entire Ocean Forest Planet, but he did not find any traces of the orb.

However, this was also within his expectations.

Therefore, he did not show any displeasure.

After all, 300 years had passed since the news of the orb.

Since the Orb had not been discovered on Planet Hailin, there was no need to stay any longer.

Lin Fan took a step forward and flew towards a nearby planet.

Perhaps the orb was on a nearby planet?

In a short 10 days, Lin Fan had scouted the surrounding 100 planets, but he still found nothing.

Just as Lin Fan was about to give up, his expression changed slightly.

That was because he had suddenly discovered traces of the orb!

Chapter 772 Thank You For Helping!

On a mountain road.

The group of people fled in panic, their faces filled with panic.

"Run!"

"Hurry up!"

The woman with a better figure kept panting, "I..." I can't take it anymore. You guys run first."

"What nonsense are you talking about? Hurry up and run!"

"Let me help you!"

"I'll help too!"

As the few people beside him spoke, they picked up the woman and continued running forward.

However, just as they were talking, a group of men in black had already caught up to them.

"Die!" they said viciously.

As soon as he finished speaking, long sabers swept through sharp astral winds and slashed at the few of them.

Even though the saber had not yet landed, the few of them could already feel a bone-piercing chill that made them feel despair.

The few of them had no doubt...

In the next moment, he would be cut in half and his head would be separated from his body.

The few of them could not help but close their eyes.

However, they did not feel any pain for a long time. They could not help but slowly open their eyes.

Only then did he realize that the group of men in black had all fallen to the ground at some point in time. It was unknown if they were dead or alive.

However, there was a tall and handsome man in front of them.

He... It was Lin Fan.

"It's fine now." Lin Fan said.

" Thank you, Young Master." The few of them came back to their senses and bowed respectfully." Thank you for saving me."

Lin Fan said," No need to thank me. I didn't save you for nothing. I need a pearl from you."

He spoke very directly without beating around the bush.

Otherwise, even if he saw someone being chased, he wouldn't have casually attacked.

After all, there were too many grudges in this world.

If he were to take care of everything, wouldn't he die of exhaustion?

The few of them were stunned.

"Young hero, do you want this bead?" The woman with the better figure asked.

As she spoke, she took out a gray bead.

Lin Fan nodded," That's right, that's it."

The woman handed it over without hesitation.

Even though this pearl was very important to her.

Lin Fan willed the pearl into his body.

Thus, he had gathered four orbs.

The woman hesitated for a moment and said,"This..." Young hero, can you take us back to the capital? At that time, I will send you a generous reward."

Rich reward?

Even if he were to give this planet to Lin Fan, he wouldn't mind at all.

However, the other party had just given him a pearl, so it was fine to help him.

"Sure," Lin Fan said.

"Thank you, young hero!" The woman said happily.

Along the way, she had suffered too many snipers and dangers.

She had already experienced the moment when she was almost killed by the men in black several times.

Every time, they used their lives to fill the gap.

As a result, they were originally a team of 100 people.

Now, there were only a few of them left.

Originally, she had already given up on the idea of returning to the capital alive.

However, Lin Fan's appearance gave her hope again.

Now that he had obtained the pearl, Lin Fan was not in a hurry. He strolled along with the others and could be considered to be admiring the scenery of the other world.

After a long conversation, Lin Fan found out that the woman with a good figure was called Jiang Xiaoyue. She was the daughter of the boss of Hao Lai on Aierxing.

Good Again was the largest trading company on Planet Hailin. It was no joke that its wealth could rival that of a country.

There was a tradition in Hao Lai, which was to let their children, who were 16 years old, take a certain amount of start-up funds to go out and make a living.

With three years as a cycle, they would be evaluated and ranked based on the wealth they earned.

Those with a higher ranking would receive preferential resources from Hao Zai Lai, and the most outstanding ones would have the chance to inherit Hao Zai Lai.

This was a method of cultivating Gu. At the same time, it was also the reason why Hao Zai Lai continued to develop and grow.

Not long after, it was the time for a cycle of assessment.

Jiang Xiaoyue's performance in the past three years was extremely outstanding, which made her other brothers and sisters jealous.

Of course, if it was just these brothers and sisters, it would not be too dangerous.

This was because Haozai forbade anyone from hurting each other.

Once they were found out, they would be severely punished.

The important thing was that the boss of Hao Zai had died of a serious illness not long ago.

Some of the enemies of Good Again took the opportunity to make trouble, which led to the crisis.

Lin Fan had read about such grudges in novels before, so he wasn't too surprised.

He only chatted with Jiang Xiaoyue casually, his eyes constantly moving on the scenery of the other world.

What kind of eyesight did Jiang Xiaoyue have?

She could easily tell that Lin Fan's thoughts weren't on her but she wasn't angry.

On the contrary, he would prepare drinking water for Lin Fan and roast meat for him. He was like a servant.

Half a month later, the Imperial Capital appeared before everyone.

Jiang Xiaoyue and the others all smiled.

" Young hero Lin, please come back and take a rest. I will thank you later."

Lin Fan said," It's fine if you want to thank me. I'll help you again."

Help?

Jiang Xiaoyue and the others looked puzzled.

They had already arrived at the capital, so they could come back to the base camp.

Why would he need help?

"Ta!"

As if in response to Lin Fan, a large group of men with sharp blades rushed out and surrounded everyone, including Lin Fan.

"Second Miss Jiang, long time no see." The leader, a man in a green robe, laughed sinisterly.

When Jiang Xiaoyue saw him and the two men beside him, her pupils constricted slightly.

" Green-faced King, Deadly Twin Beasts!"

There was a Heaven List on El Planet, which recorded the top 100 experts.

Every expert here possessed incomparably terrifying strength.

The Green-faced King and the Deadly Twin Beasts were the powerhouses on the Heaven Roll!

Especially the Green-faced King, who was ranked top 20 on the Heaven List!

Any one of these three people could make people afraid, but now, a total of three had appeared!

It was simply despair!

A person's name, a tree's shadow.

When the three people's names were mentioned, the people around Jiang Xiaoyue could not help but take a few steps back.

Jiang Xiaoyue said to Lin Fan, " Young hero Lin, you have nothing to do with us. Let's go."

It had to be said that this Jiang Xiaoyue still had some loyalty.

At this moment, the first person he thought of was Lin Fan.

Lin Fan shook his head, " You haven't thanked me. I can't leave yet."

Jiang Xiaoyue was stunned for a moment and was about to speak again.

" Alright," the Green-faced King said from a distance." There's no need to say anymore. None of you will be leaving today."

"Kill them!"

" Die!" he shouted, emitting an extremely ferocious aura.

The men in black behind him raised their blades and slashed at Jiang Xiaoyue, Lin Fan, and the others.

Regarding this...

Lin Fan only let out a light snort.

"Humph!"

A powerful sound wave spread out with Lin Fan as the center.

"Puff!"

"Puff!"

Instantly, the men in black who were rushing over were sent flying as if they had been hit by a speeding car. They spat out a large mouthful of blood in the air and fell to the ground, completely unable to move.

Chapter 773 System; Powerful!

The Green-faced King and the Deadly Twin Beasts raised their eyebrows and quickly pulled out their weapons, ready to attack at any time.

"Bang!"

"Bang!"

However, before they could make their next move, the three of them were sent flying like the men in black earlier. They spat out a large mouthful of blood and were completely silent.

Silence.

The entire place fell silent.

Jiang Xiaoyue and the others opened their mouths wide, looking a little stunned.

Those were the Green-faced King and the Deadly Twin Beasts on the Heaven Rankings!

In the blink of an eye, he was defeated?

Who was this young hero Lin?

How high was his cultivation?

Lin Fan didn't care about the shocked people and said, "Let's go."

When Jiang Xiaoyue heard this, she came back to her senses and stammered, "Ah..." Ah... Alright."

The group continued to move forward.

When they arrived at the entrance of the Hao Zai Trading Company, another group of men in black rushed out.

"Hualala!"

However, before these men in black could do anything, some of them even couldn't run out completely before they all vomited blood and fell to the ground dispiritedly.

This scene shocked Jiang Xiaoyue and the others.

Lin Fan said, "I've sent you all here safely. How are you going to thank me?"

Originally, Jiang Xiaoyue was prepared to give him a very profound cultivation technique.

But now that he saw how powerful Lin Fan was, he felt that the skill might not be of much use to him.

She opened her mouth but couldn't say anything.

Lin Fan smiled, "What? You don't want to thank me?"

"Thank you, thank you. Young hero Jiang, please wait for me for a moment." Jiang Xiaoyue hurriedly said.

After saying that, she rushed into the Hao Zai Lai Trading Company.

After a while, she took out a sword with a cold light and an ancient book.

Lin Fan took it and said, "You gave me two gifts. I'll return one to you."

As soon as he finished speaking, he casually waved his hand, and a golden stream of light directly entered Jiang Xiaoyue's body.

Suddenly, a clear notification sounded in Jiang Xiaoyue's mind.

[Ding! [The paywall system has been successfully bound.]

Jiang Xiaoyue was stunned.

A paywall system?

[The paywall system. A system that can become stronger after spending money.]

You can become stronger just by spending money?

There was such a thing in the world?

When Jiang Xiaoyue raised her head and wanted to ask Lin Fan, he had already disappeared.

Then, Jiang Xiaoyue bought some things with the intention of giving it a try.

The next moment, her eyes widened.

That was because her strength had indeed increased!

The system was actually real!

....

Of course it was true.

All these years, Lin Fan had created quite a few systems out of boredom.

This spending money to become stronger system was just one of them.

Furthermore, it could only be considered a very ordinary one, the upper limit could only reach the universe level.

At this moment, Lin Fan's body flashed and he appeared on a planet billions of kilometers away.

The environment of this planet was similar to that of Earth, and it had a lot of water resources.

Lin Fan couldn't help but be curious as he used his spirit to scan the area.

Sweeping around, Lin Fan found a familiar face.

It was Little Rock.

At this moment, there was a delicate and pretty girl beside Little Rock. They looked at each other with shy expressions.

This was... The stone bloomed?

Lin Fan's face revealed a strange look.

He leaped and flew toward Little Rock.

....

Little Rock and the girl came to a jewelry shop and prepared to go in and take a look.

At this moment, a tall middle-aged man happened to walk over.

"Xiao Qin!" the middle-aged man said in a deep voice.

"Father," the girl said nervously.

"Why are you still with him?!" The middle-aged man asked sternly. Follow current novels on [novelb\(\(in\).\(com\)](http://novelb(in).com)

"Father, he treats me very well..." Xiao Qin said.

"Good? What's the use? He's not worthy of you at all!" the middle-aged man said.

" He's very talented," Xiao Qin said." He'll definitely become a strong person in the future."

The middle-aged man sneered." There are many talented people in this world. He's nothing. Don't be fooled by him. Come here quickly!"

As he spoke, he reached out to pull Xiao Qin over.

Little Rock quickly took a step forward and vaguely protected Little Qin behind him.

" What?" The middle-aged man's face turned stiff." You want to have a fight with me?"

Xiao Qin tugged at Little Rock's clothes and shook her head slightly.

Obviously, she didn't want Little Rock and his father to be unhappy.

"Whoosh!"

At this moment, a tall and handsome figure suddenly appeared beside him.

"Greetings, Master." Little Rock bowed respectfully when he saw him.

The middle-aged man's face turned even uglier when he heard that." Did you see that, Xiao Qin?" he asked in a deep voice. He was just a servant! Hurry up and come over!"

He looked as if he would lose face if Little Rock and Little Qin stayed any longer.

"Rumble!"

At this moment, a huge spaceship that covered the sky suddenly appeared in the sky.

Below the spaceship was a terrifying blood-red skull.

A terrifying aura surged down like a tsunami.

" Bloody Skeleton Pirate!" the middle-aged man exclaimed in shock.

" Xiao Qin, hurry up and leave. The blood skeletons have universe levels, and even king level warriors!"

Universe level, king level!

This was definitely a disaster that could not be resisted by ordinary planets.

"It's space pirates! Also, they are Blood Skeleton space pirates!"

"Heavens!"

"Help!"

"Run!"

"Hurry up and ask for help!"

The entire planet was filled with screams.

It was obvious that the Blood Skeleton Pirate was very famous. Many people had heard of his terror.

The entire planet fell into chaos.

At this moment, a deep voice sounded from the spaceship.

"Now, I want you to gather 100 billion crystals in one day! For every 100 million crystals that we lose, I, the Blood Skeleton, will kill 1% of the creatures!"

100 billion crystals!

It had to be said that this was definitely an exorbitant demand.

It would take at least 100,000 years to accumulate 100 billion crystals for a planet.

This was only a possibility.

If there were any more losses, they might not be able to gather them even if they sold the entire planet.

And Bamboo Star was obviously a planet that had been damaged.

Massacre was inevitable!

The entire planet wailed again.

Everyone was panicking to the extreme.

Lin Fan frowned, " So noisy!"

As soon as he finished speaking, he raised his finger and pointed at the air.

"Whoosh!"

A dazzling energy beam shot into the sky.

In an instant, the massive Blood Skeleton Ship shattered like a bubble. A wave of energy spread out in all directions, causing a violent wind to blow across the entire Bamboo Planet.

His clothes and the trees shook and rustled.

Everyone's mouth was wide open, and their expressions were stunned.

Among them, the middle-aged man and Xiao Qin, who were standing beside Lin Fan, had the worst expressions.

Destroy the spaceship with a single finger!

He... Who was it?

P.S. Welcome to my complete book," Red Envelope Chat Group."

Chapter 774 Shock; Support!

One had to know...

The blood skeleton's universe ships were all S grade! Even if a king level, no, even a monarch level expert wanted to destroy it, it would take some effort.

In the end, it was a finger!

Lin Fan just pointed casually!

The entire spaceship and everyone in it turned into nothingness.

This was simply unimaginable!

"Phew!"

A breeze blew past.

Lin Fan's expression was still calm.

This was normal...

After all, with Lin Fan's current strength, not to mention a flying ship.

Even if it was a star area, if one wanted to destroy it, it would only take a moment.

Lin Fan turned his body slightly and said to the middle-aged man, "You said that Little Stone isn't worthy of marrying your daughter?"

The middle-aged man felt his throat go dry. This..."

He stuttered for a long time but could not say a word.

The strength that Lin Fan had displayed was simply too terrifying.

Little Rock was Lin Fan's man.

Even if he was just a servant, he was definitely not someone she could provoke.

Lin Fan frowned.

Seeing this...

"Yes, yes!" The middle-aged man hurriedly said. My daughter is climbing up the social ladder! My daughter has climbed up the social ladder!"  
Follow current novels on [novelb\(in\).com](http://novelb(in).com)

Even though he was afraid.

But at the same time, it was also his sincere words.

This was because this was a world where the strong reigned supreme.

Since Little Rock had Lin Fan as his master, it could be said that Little Rock had an unimaginable backer.

" Little Stone, you didn't tell them your real age, right?" Lin Fan asked.

"I told them I'm 50,000 years old," Little Rock shook his head.

"Aren't you 50,000 years old?" Xiao Qin asked.

" I've told you before," Little Rock said." I'm a creature born from a rock. However, it's only been 500 years since I came out of the rock."

500 years!

Xiao Qin and the middle-aged man beside her widened their eyes in disbelief.

That was because they all knew that Little Rock's current strength was at the Star Advanced Level.

A 50,000-year-old star advanced level could indeed be considered quite talented.

However, a 500-year-old Advanced Stellar-level was not just talented. He was simply a monster, a monster that he had never heard of before!

After a pause, Little Rock continued," Little Qin, I'm sorry. I didn't mean to hide it from you. I've been hiding my age all these years in the outside world."

" After that, you said you didn't like a relationship between a brother and a sister. That's why I said 50,000 years ago."

"I understand," Xiao Qin said.

Understand?

Yes, she understood too well.

A 500-year-old star level, if this news were to spread, it would definitely shock the entire planet.

The middle-aged man beside him also had a helpless expression on his face.

If he had known that Little Rock was only 500 years old, why would he stop his daughter from being with him?

He couldn't be happier.

The middle-aged man couldn't help but look at Lin Fan. He opened his mouth but didn't dare to say anything.

Little Stone seemed to know what the middle-aged man wanted to say. He snorted and said, "The reason why I have the strength I have today is all because of Master!" In addition, Master also has tens of thousands of servants who far surpass my talent!"

Little Rock was obviously referring to those talented people on Earth.

Of course, his words were a little exaggerated.

That was because Little Rock was the leader and the strongest among all the people who had come from Earth. He was also born from the Holy Stone, so his talent was naturally outstanding.

At first, the middle-aged man felt that he was overestimating Lin Fan's identity.

However, after hearing Little Rock's words, the middle-aged man felt that he had still underestimated him.

Tens of thousands of geniuses who far surpassed Little Rock...

What kind of talent and power did Lin Fan have?

Thinking of this, the middle-aged man's throat could not help but feel a little dry.

Lin Fan knew that Little Rock was trying to improve himself, but he didn't care too much.

"Little Rock, didn't you bring them out back then? Why are you alone now?" Lin Fan asked.

"Not long after we came out, we saw a huge black hole. We couldn't help but stop curiously for a while. In the end, the black hole suddenly appeared with a powerful suction force and directly sucked us in..." Little Rock sighed.

"I don't know why I ended up here."

Lin Fan thought for a moment and knew where the black hole that Little Rock was talking about was.

That was probably caused by his battle.

He just didn't expect it to produce a suction force.

Lin Fan nodded, "I'm going to the black hole to look. Are you going to stay here or come with me?" Don't be in a hurry to answer. You should discuss it with your little girlfriend first."

Little Rock turned around and said, "Little Qin, you..."

"I'll be with you!" Xiao Qin said without hesitation.

As she spoke, she held Little Rock's hand tightly.

"Master, I'll go with you to the black hole to find them," said Little Rock.

Lin Fan looked at the middle-aged man.

"You can go wherever you want," the middle-aged man said. "I'll support you!"

Now that he knew about Little Rock's talent, he couldn't wait for his daughter to marry Little Rock immediately. Why would he object?

Lin Fan nodded, "Since that's the case, let's go."

As soon as he finished speaking.

Lin Fan, Little Rock, and Little Qin turned into light spots and disappeared.

Only the middle-aged man was left standing on the spot, exclaiming in amazement, "So fast!"

....

Lin Fan brought along Little Rock and Little Qin as they jumped around in the void.

Five days later, a blue planet appeared in their field of vision.

This... It was Earth.

Little Rock, who had been away from home for decades, had a faint glint in his eyes when he saw Earth.

Xiao Qin, who was beside him, was also attracted by the appearance of Earth. She couldn't help but exclaim, "It's so beautiful!"

"This is Earth," Little Rock said. "It's my and Master's hometown."

"Little Stone, your hometown is awesome!" Xiao Qin praised again.

"Phew!"

At this moment, a powerful suction force suddenly appeared from the black hole not far away.

If one's cultivation was slightly weaker, they would be directly sucked into the black hole if they were not careful.

Of course, this suction force was nothing to Lin Fan.

He saw...

Lin Fan's eyes shone with a golden light. However, he was unable to see through this black hole completely.

This piqued Lin Fan's interest.

However, he did not enter immediately.

Instead, he asked the System in his heart, Will it be dangerous for me to enter the black hole?

Even though there were very few things in this world that could threaten Lin Fan anymore.

However, it was never wrong to be a little careful.

[Requires 1 billion spirit stones. Do you wish to inquire?]

Based on Lin Fan's many years of experience, the more spirit stones he consumed, the greater the danger and experts involved.

One billion, obviously wouldn't involve too strong an existence.

Under normal circumstances, there wouldn't be any danger.

However, Lin Fan still chose to ask.

[There won't be any danger.]

Lin Fan heard that and said, "Little Rock, Little Qin, let's go in and take a look."

"Alright," said Little Rock.

He had always been very concerned about those people back then. Now that he had the opportunity to find them, he naturally would not miss it.
