

THE CEO'S RUN AWAY WIFE

Chapter 11 Did you really say tha

Alexander entered the room with Lucy. Daniel was holding Sara's hand tightly and glared at Alexander, who tried to rape Sara.

"What are you doing here?" Sara was shocked to see Lucy. She very well knew that Daniel had caught her with Victor. She was beaten badly and was under Daniel's men, but someone has freed her from there.

"Thanks to my friend, Alexander, who helped me to free from your husband Sara," Lucy said, looking at Daniel and Sara.

"What do you mean he is your friend? Who is he?" Sara asked.

"He is the one who helped me to destroy your life," Lucy said, and Daniel looked at Sara's face. She

looked like she was going to have a panic attack. This woman was playing with her mind.

"You slut! Shut your fucking mouth right now or I will kill you!" Daniel shouted and Alexander laughed.

"She is replying to your wife, Daniel. She and I have destroyed your life, and Sara's life, as well," Alexander said, sounding proud.

"What do you mean?" Daniel asked. Alexander waved a paper in front of Daniel.

"I will tell you everything, but before that you need to sign these papers," Alexander said. He saw that it was property papers.

"So you want the properties that Grandfather gave me?" Daniel asked. And Sara saw he had come here with all the papers. They were all legal papers.

"I think you are missing something. I kidnapped Jacob and Jackson so that I can make them sign too, but they ran away with their women. If you sign then they will also sign the papers. And not only do I want those properties, rather I want your everything. I want all your properties, businesses, whatever you have. I want to see you as a beggar! If you dare to refuse me then I will kill your beloved wife," Alexander said, and Sara heard everything. She was sitting right next to Daniel.

"No, you can't do this!" Sara shouted. Alexander smiled at her.

"I can and I did. Now it's your choice Daniel. You want your property and money, or do you want Sara? You can leave it all in my hands," Alexander said, placing a pen on the papers. Without wasting any time Daniel immediately picked up the pen to sign them..

"No! Daniel you cannot do this. This is your property, your money. You cannot lose all of this. It is your life," Sara said, stopping him from signing, and Daniel smiled at her.

"My life is you Sara. I will earn everything again, but if I lose you right now then I will lose my everything," Daniel said, and Sara's heart was beating fast from his words. She shook her head.

"Don't do this madness for me," Sara said.

"I have been mad since the day I first saw you at the wedding," Daniel said. Sara was surprised as Daniel mentioned the wedding, and remembered the night 2 months ago when she too went to the wedding. Daniel signed all the papers in a few seconds.

"Well, now I have your everything," Alexander said,

handing the papers to one of his men.

"Now let's get to the point," Alexander says, punching Daniel suddenly. His men tied his hands back. He was attacking his stomach. Sara was crying seeing him in pain.

"Please let him go! He already signed all the papers, now what more do you want?" She shouted at Alexander. He looked at Daniel.

"I am really impressed to see your wife. She did not let me touch her. Can you see this bite mark? She bit my hand and said she only belongs to you," Alexander said to Daniel. Sara held Daniel, crying as she watched him bleed. His head was bleeding, but Daniel smiled at her.

"Did you really say that?" Daniel asked, and despite all of the pain he was smiling because of what Sara

said.

"Yeah, I can see you are crazy for this woman. I never thought that you would find this girl and marry her too," Alexander said, and Lucy came forward and slapped Sara.

"Why are you doing all of this? I know you hate me, you want to hurt me, but please let Daniel go," Sara said to Lucy.

"You bitch; do you even know who this is?" Lucy asked.

"What do you mean?" Sara asked her and looked at Daniel.

"Oh my God, did not he tell you? He is the one who took your virginity that day. He is that stranger," Lucy said, and Sara was shocked. Daniel saw Sara's face.

She was not reacting. She really doesn't know about it.

"She is saying the truth. I am the one Sara. Why do not you remember me?" Daniel said and Sara shook her head. She was still not remembering anything.

"She does not remember anything because of me," Alexander said, and Daniel glared at him angrily.

"What the fuck you did to her?!" Daniel shouted, and suddenly Alexander clutched Sara's face and looked deep into her eyes.

"Now it's time to remember everything Sara." Daniel saw that Alexander was using hypnosis. He was an expert in this.

"How dare you hypnotize her?" Daniel shouted and Alexander punched him again.

"I used it on her two months ago, and now she will remember everything," he said, and now Daniel was on the floor. His mouth was bleeding. They untied his hands and Alexander kicked his stomach again.

"I will not kill you, Daniel, because I will soon see you on the road. Like a beggar," he said as he left. Daniel sat on the floor again and saw Sara was having a panic attack. He understood she was remembering everything, but her mind was not able to handle it.

"Sara, no need to remember. Don't remember that. I am okay if you don't remember. Just look at me. Don't think. Please," Daniel begged and hugged her tightly. He was trying to console her, but Alexander's hypnosis was working.
