

THE CEO'S RUN AWAY WIFE

Chapter 14 I have changed my mind

"Yes I am that girl. I am a porn star. I intentionally kept my name Sara, but I did not do this for revenge or anything. I did not even know her. I did it for the money. Alexander and Lucy gave me money. They used to ask me to make a porn video and upload it in the name of Sara. They were the ones who told Olivia to spread the rumors about Sara. I went to give her my porn video and she played it on everyone's computer. And they were the one who asked me to come to the house and live as Sara with you, but you recognized me. Please forgive me and let me go. I am just a poor girl who did everything just for money," the girl confessed, and Daniel's eyes went to Lucy who was crawling back to see the dangerous eyes of Daniel. Bodyguards dragged her back and threw her on Daniel's feet.

"Now if you do not open your eyes in 2 seconds then

your soul will see your dead body," Daniel said in a normal tone, and she started to speak.

"I did everything because I was always jealous of Sara. I never liked her because she was beautiful. When I married her father I saw that she wanted his attention, and I was feeling like she was trying to snatch Victor from me. I was insecure. I tried to kick her out of the house many times but because of her father she never agreed. At the same time, Ryan also used to like her. It was all too much for me.

I decided that I will snatch everything she has. My first goal was to snatch the house from her, and I did. I asked Victor to sign the property papers in my name. He was madly in love with me so he did it. He gave the house to me, which used to belong to Sara. It was her mother's house. It did not affect her that badly. She was still staying in my house. I wanted to kill her because people used to call me her step mother.

At the same time I used to go clubbing to release my stress. I had a bad habit of drinking. One day I met Alexander there. We both become friends, and then we also become bed partners. We used to fuck each other and share our problems. We were only fuck buddies, no more than that. But we were good friends. One day I told him about Sara. I said I want to banish her from my life. He asked me to show him her a photo and I did. But Alexander was shocked to see her. I thought that he also fell for her beauty, but it was not like that. He told me that he knows a girl who is a porn star.

She worked under him, and she looks like Sara. The next day he took me to that girl and I saw her face. I was also shocked. She really looked the same, nothing was different. Alexander and I both decided to take advantage of this. Alexander said that he has a step brother, Daniel, and he wants to banish him from

his life too but before that he wants to take his revenge. He wanted to play with your life, but using Sara, so that I can also take my revenge.

For that wedding Alexander invited my family. I went there with Sara and Victor. After that, you know what happened, but I can tell you that she forgot you because Alexander used hypnosis. He intentionally made her forget everything so that you will go crazy. We both knew what happened between you two. Your possession and craziness for Sarah was dangerous. Alexander used everything and made Sara disappear from your life by snatching her memories," Lucy confesses to Daniel. Everyone present in the room was shocked to hear her words. No one could predict that they both planned it only for revenge and flipped the lives of both Sara and Daniel.

"Give me my gun," Daniel said to his bodyguard. Lucy and that girl started to cry loudly and they were

begging for their life.

"Daniel don't kill them," Jacob and Jackson said to Daniel. But Daniel stared at the bodyguard as he immediately placed the gun in his hand.

"Why should I not kill them? They all played with Sarah and my life. Because of them we both were separated this month. I was dying without her, and I thought that she was pretending to forget me. I hurt her so much. But in reality, they all snatched our memories from her mind. They played with us, and now I will play with them," Daniel said, but did not shoot. He just kept the gun in his pocket and looked at Jackson and Jacob.

"But I have changed my mind. The game has to be fun and death will not lead them anywhere. In this game they will beg for their death," Daniel said, and his bodyguards dragged Lucy and that woman out of

there. No one had any idea what he was going to do with them, but they all knew that it was something big. Now Alexander, Victor, Lucy and that woman's lives were in his hands, and Daniel had decided to play with them.

"Jacob." Daniel looked at him and Jacob walked over.

"I am giving you the responsibility to remove all the videos of that woman, so that in future Sara will not face any problems. Do anything you need to, but I do not want to see any kind of videos of those women since their faces are the same. We can not explain it to everyone and I do not give any shit to anyone's thoughts," Daniel said, and Jacob took the full responsibility of this matter.

"Jackson, you call my father and his slut of a second wife. Tell him that his son is dead now. He should forget that there was any Alexander in his life. I have

already warned him not to let him step out of the country, but they did not listen to me, and he dared to come to this country. Now tell them that they could forget about him forever. They will never be able to see his face again!" Jackson smiled. Alexander crossed all the lines for his revenge.

He not only wanted Daniel's properties, but also Jacob's and Jackson's too. Luckily they both ran away from there, and he could not get their properties. But he could not get anything at all, because he could not get anything from Daniel in the end. At the end, Alexander was the one who lost everything, including his mother and his life. No one knew what Daniel was going to do with him, but they knew that they would never be able to see him again in real life. This time Daniel's father could not protect Alexander, because he already knew that Daniel never forgave his enemies.
