

THE CEO'S RUN AWAY WIFE

Chapter 15 I want a daughter

It had been 2 hours since everyone sat down in the hall. Both Mia and Lisa were inside for almost half an hour with Sara. Both of them were waiting for her to wake up, but she did not open her eyes even once. It was very late at night, and after waiting for a long time, both of them came out of the room. Jackson and Jacob gestured to both of them about Sara's condition, but they said nothing. They understood that she had not opened her eyes yet. They were all looking towards Daniel, who did not speak a word even once for the last 2 hours. He was constantly looking towards that room only. He intentionally did not go in, or he was going to lose his control.

"Mia and I should leave. We hope she will open her eyes soon. We will come back tomorrow to meet her," Lisa said to Daniel, as they both remember that he is the CEO of the company where they both work. They

should hold their tongues and way of talking in front of him. Daniel did not reply, just nodded his head.

"Wait, I will give you girls a lift," Jacob said to Lisa and Mia.

"Thank you for offering, but my house is in another direction, so you just give her lift," Mia said, and after giving a hug to Lisa she started to walk away.

"I will give you a lift. It's quite late," Jackson said and got up from his seat. Jackson and Jacob both looked at Daniel.

"Don't worry about me. Just go. I have Sara. I am not alone," Daniel said and they nodded their heads. Daniel already knew that they both did not want to leave him, but they also needed rest. Because of Alexander everyone's day was fucked up.

Daniel got up from his seat and walked inside his room. He saw Sara sleeping on the bed. He went to the wardrobe and pulled out a loose dress for her. He sat on the bed beside her and caressed her cheeks. Now she was not panicking. She was sleeping peacefully. Daniel's hand went to her clothes and he undressed her. Her cloth was dirty, and Daniel was dressing her in a clean and loose cloth. He took off her bra and did not put her in a new bra. He just dressed her lightly. Slowly lifting her body, he tried to dress her and was buttoning her up when suddenly he saw that Sara had slowly opened her eyes. Daniel's hands stopped at the button as soon as he saw Sara's open eye.

"Sara... How are you feeling now? I am sorry. Did I wake you up?" Daniel said softly while touching her hair gently. She did not say anything. Daniel kissed her forehead and smiled.

"It's good you are waking up now. Are you hungry? I know you are hungry. I will order delicious food for you right now. The two of us will eat together... "

Continually talking to Sara, he buttoned her clothes. Then Sara placed her hand on top of his and prevented him from buttoning it. Daniel looked at Sara.

"If you must be thinking I took advantage of you when you were sleeping, you are wrong. Yes, I want to fuck you, but when you will feel good. I do not want a sick wife," Daniel said, removing her hand and continued.

"So, for me, you have to eat as much as you can and become healthy. We still had not held a reception for our marriage. And the most important thing, no one knows about our marriage. Soon I will..." Daniel was saying but he was cut off by Sara.

"I want a daughter," Sara said, and Daniel was

shocked to hear that.

"What? What did you say?" Daniel asked and Sara sat up on the bed.

"The day of our first night when you took my virginity you asked me this question. I am giving you a reply. I want a daughter," Sara said.

2 months ago.

"Was it necessary for me to come to the wedding? It is far away from the city and I had to take a break from my office," Sara said to Victor and Lucy as they got out of the car. They were standing in front of a big hotel.

"Yes, it was necessary to come to this wedding. This is my close friend's daughter's wedding. And I did not bring you here to have fun. You have to act like

servants here because I have promised my friend. So whatever gift it is, it has to be picked up and kept in the room inside,” Lucy said as she walked away, and Victor followed her like a dog.

“Dad, my work is also important. Lucy is not ready to understand but you should. The Office is not a playground. I need to work for money,” Sara said and Victor took a deep breath.

“Why can you not obey Lucy for once? You always deny her. Now I do not want any argument here. It is just a marriage. Do what she is asking and just enjoy. I do not care if you come in and attend the marriage or not. Just be here in the hotel and come back in the morning,” Victor said and left.

"Oh God, how will I take all this stuff? Send an angel to help me,” Sara muttered, removing all the gifts from the car, but they were all very heavy. A gift was about

to fall from her hand when someone came and grabbed it.

"Do you need help?" A handsome tall man came in front of Sara. She was stunned by his handsomeness. She could not help but look at him up and down with disbelief. She never saw this type of handsomeness in any other men before.
