

## THE CEO'S RUN AWAY WIFE

### Chapter 19 Don't forget me again...

"I was responsible for bringing the rings for my friend's wedding, but it seems it was not meant for him, but my engagement," Daniel said. Sara could not believe in her eyes.

"We can get engaged now, and marry when we leave the room." Daniel asked for her hand, but Sara could not answer. He only met her a few hours ago and already asked her for marriage.

"It's too sudden," Sara said nervously.

"Do you like someone else? Daniel said, sounding angry.

"No, I don't," Sara replied, and he looked happy again.

“Then no problem,” Daniel said and took Sara’s hand to put the ring on. She was shocked at how fast he did it.

“Now it’s your turn,” Daniel said, giving her his hand. Sara took the ring and looked at Daniel’s eyes.

“Can I trust you? You will not cheat on me, right?” Sara asked.

“Cheat? After this you will never be able to run away from me. This is not a joke for me. From now on you are the only woman in my life. As we leave the room you will see your wedding gown, and then our wedding bed,” Daniel said, making Sara blush. He was talking about their wedding bed. She knew she was stupid for trusting a stranger, but for the first time in her life she saw love in someone’s eyes for her. She also felt the same for him. She wanted to trust him. She placed the ring on his finger.

“Now I can not wait!” Daniel said and Sara was pulled in for a kiss.

He kissed her as if he was hungry for it. She was pushed down on the bed and Daniel’s hand was inside her dress. He grabbed her boobs and she moaned in pleasure. She saw him undressing. As his naked body came before her eyes she got scared. He was so big.

“Don’t be scared. Just hand yourself to me and forget yourself in this pleasure,” Daniel said while stripping Sara. He was between her legs now.

“From now on I am yours and you are mine, only mine,” Daniel said. and Sara moaned in pain as he entered her.

Daniel was going slowly on her at the beginning. He

was wiping her tears and told her to bear it for some time. After sometime when she could handle his length he started to move fast. Sara was moaning like crazy. Her moans filled in the whole room and it was encouraging Daniel to fuck her more. Sara felt blood flowing from her vagina. She looked at Daniel, who was also aware of it.

“Don’t worry,” he kissed her and pushed harder inside her. He fucked her deep and fast.

“Today you will understand how good sex is.” He flipped her on the bed and fucked her from behind. He totally made her crazy.

“Thanks for saving yourself for me,” Daniel whispered, and Sara smiled. She turned and kissed him. Daniel flipped her again to do her from the front. He wanted to see her face.

“Sara... What you want? Boy or girl?” Daniel asked, confusing Sara..

“Why do you want to know?” she asked and Daniel gave her a hard thrust.

“Because I want to cum inside you. I want to make you pregnant with my baby,” he said, and Sara was scared to hear about a baby. He was about to cum.

“Tell me,” Daniel asked and Sara closed her eyes while moaning.

“I do not know. I am scared!” she shouted as she came. Daniel pulled his dick out and Sara saw he did not cum inside her.

“I will cum next time, when you decide and are not scared,” Daniel said and Sara smiled. Daniel lay beside her and wiped her sweat.

“But next time I want an answer,” Daniel said. Sara buried her face on his chest in embarrassment.

Present:

“I want a daughter,” Sara said, and Daniel had a big smile on his face. He hugged her.

"Sara! Do you remember me?! Do you remember when we met?" Daniel asked, giving her a tight hug. Sara hugged him back.

“Thanks for fulfilling my wish of getting married. You

completed your promise,” Sara said, and Daniel hugged her tighter. He understood she remembered everything.

“Thank you for not forgetting me, Sara,” Daniel said.

“Daniel, give me a baby,” Sara whispered, and Daniel moved away from her.

“Are you sure?” he asked.

She nodded her head. Getting close to her, his lips touched hers. Sara kissed him back and his hand went to her clothes. He pulled her dress off and kissed her breast. He lay her on the bed and undressed too. He parted her legs and entered his finger inside her. Sara moaned, and Daniel was dying to hear her moan more. He kissed her whole body while fingering her. When she was wet enough Daniel entered her.

Sara's breathing was unstable as she took him inside herself, after two months of noting having it, but he was making her crazy like before. Sara opened her eyes and saw Daniel was still looking at her. He did not want to break eye contact with her. He pulled her up and made her sit on his lap.

"Let's take a shower," Daniel said, and took her in the bathroom. He put her in the bathtub and parted her legs again.

"Let my dick take care of your pussy," Daniel said and Sara felt embarrassment.

He was talking dirty. He entered inside her again. He fucked her inside the bathtub, and then under the shower. He took her inside the room, and pushing her on the bed gently, he fucked her even longer. He made her cum so many times but he still did not cum

yet.

“Sara... I love you,” Daniel said, giving her his seed. He came a lot inside her, and lay on top of her. Sara was too tired. She touched his face and kissed him.

“I love you too... Daniel,” she said, and tears came out of his eyes. He wanted to hear these three words from her.

“Don't forget me again...”
