

THE CEO'S RUN AWAY WIFE

Chapter 20 why don't you tell us about your night with Sara!

Daniel was sitting in his office room, and Jackson and Jacob were sitting in front of him with their coffee in hand.

"I have explained the whole thing to your father. I came to know that on hearing this news, Alexander's mother created a big scene. She was constantly requesting your father to save Alexander, but this time she could not succeed in her trick. Your father said that he would not favor him in this matter. I think your father's spies have conveyed all these things to him, because he also knows what Alexander did to you. He and your mother are aware of all the signatures, property and kidnapping; I did not even have to tell them. Knowing all this, your father immediately gave Alexander's mother a Divorce," Jackson told Daniel and, hearing the word divorce, Daniel looks at Jackson. For so long, he was looking at his file only

because he did not want to hear even a word about his father.

"What? I can't believe that Uncle Robert divorced Alexander's mother!" Jacob was shocked because he knew the tricks of Alexander's mother.

She always used to manipulate him and win against everything, especially to Nora, Daniel's mother. She snatched everything from Daniel's mother. She was his second wife, but always used to play as if she was the first wife of Daniel's father. For the world she was the only wife of Robert, but she was still his second wife. It all happened because of Daniel's grandfather, who never liked Daniel's mother. He asked his son to hide his marriage to Daniel's mom and forced him to marry Alexander's mother. But this time everything changed.

"Don't fall for this divorce thing. I don't believe that

man! I will believe him when he brings things like before. Give my mother the respect and place that she deserves. Only divorcing that bitch is not going to make everything right," Daniel interrupted Jacob and Jackson. His anger and hate was clearly visible in his tone.

"Ok, whatever it is, but I think they also know about your marriage with Sara," Jackson said, but Daniel did not give a fuck.

"So what? You were thinking that I was going to ask for his permission?" Daniel replied.

"Please calm down buddy. I can understand your anger, but did you forget that your mother is worried for you? I am talking about her. Maybe she has come to know about Sara and your marriage. She indirectly told me that she would come to meet Sara and you," Jackson said. As Daniel heard about his mother he

went silent.

"I will handle Mom," he replied, and went back to his work.

"Well, why don't you tell us about your night with Sara!" Jackson asked, and Jacob was also interested in this topic.

"Why do you want to know?" Daniel used his most rude voice to make them shut their mouth.

"Well, we were just curious," Jacob said while looking away from the possessive stare.

"Why don't you tell me what is going on in your love life? I can see you both are driving those two girls like a driver. I never thought you both will change your business suddenly," Daniel asked them with a smirk.

"What girl? I don't know?" Jackson asked. Daniel smirked to see how they were both acting.

"Are you really trying to fucking act in front of me? I am talking about Lisa and Mia, whom you both drove here and who are both with my wife right now. I am talking about those girls!" Daniel reminded them, and they both gave him a bright smile.

"There is nothing going on. I am just helping her get here. I am just worried because she is short tempered," Jacob told them.

"Can you please stop lying? You know you cannot lie. I can clearly see what your feelings are for her," Jackson said to Jacob with a poking look.

"Why are you poking him? You are also in the same boat. Do you think I don't know what you did to protect Mia? It was not only protection. I can feel jealousy

there," Daniel said to Jackson, and he tried his best to show that there is nothing going on between Mia and him.

"Ok ok now it's time for both of you to accept that you like those girls. Do you think that you can hide this from me?" Daniel asked, rolling his eyes. They all argued for a few minutes.

"But those three girls are above for half an hour. Nobody came out of the room. Let's see."
