

THE CEO'S RUN AWAY WIFE

Chapter 21 The End

"Sara, happy to see you back. Do you know we have been searching for you for 3 days? Thank God that you came back safe," Mia said to Sara. Mia and Lisa both give her a tight hug.

"I am sorry that I made you so worried about me. And thanks for searching for me. I am glad I have both of you," Sara replied, and all the girls sat on the bed.

"Jacob told me that you have remembered Daniel. He told me that you both met in a marriage and then you suddenly forgot him. I also remember that the day you came back from the marriage you never told us about Daniel. You never even mentioned any man in front of us. What exactly happened?" Lisa asked Sara.

"I was locked with Daniel the whole night in that room. But at night I heard the door. When I went to the

door I found it opened. I looked back at Daniel and I was about to tell him that we can leave this room but before that a hand pulled me out of the room, and she was none other than Lucy. She told me that she was searching for me for a long time. I knew it was a pure lie. She never cared about me.

I told her that I needed to go back to the room but suddenly she started dragging me away from there. I could not understand anything but I tried my best to free myself from her hold and I did. I decided that day that now I will not listen to her and Dad because I had Daniel. We were going to get married the next day. As I was running back to that room suddenly a man came in front of me, and he was Alexander. He smiled at me and pulled me in a dark room. Lucy was also there. I was shouting at her to let me go but suddenly Alexander used his hypnosis on me, and after that I do not remember anything. Maybe after that I lost all the memory of Daniel." Sara told them

everything that she remembered.

"It's ok Sara. Try to forget everything. Everything is alright. You have your love in your life, who cares for you. And I have seen that he is crazy in love with you," Mia said.

"I know, but I have given him too much pain. I was the one who forgot him, but he completed his promise. He found me and married me too. He did not deserve the way I treated him. From now on I will not hurt him, ever," Sara said, and incidentally all the men were standing in front of the door. They heard everything Sara said.

"Did you hear how much my Sara loves me?" Daniel had a smile on his face, showing off to Jackson and Jacob.

"Yeah... yeah... when I will propose to Mia then I will

show you," Jackson said and Jacob laughed at both of him.

"Can you two please stop fighting like kids? Because I already proposed to Lisa last night and do you know what? She accepted it too!" Daniel and Jackson were shocked.

"You fucker! All the time you were roaming around me like a good boy and you already proposed to her?! How dare you hide it from me? I have not even spoken a word to Mia because I am afraid that she would reject me." Jackson was angry, and they all were arguing with each other when suddenly Sara's door opened and all the three girls were standing right there. Jackson immediately shut his mouth because Mia heard everything.

"So you like me?" She raised her brows at Jackson and he gave her a nervous smile.

"I am going," Mia said to Sara and totally ignored Jackson. She wanted to hear yes but he got nervous.

"Oh my God! I think she heard me. I need to follow her. Ok, bye!" Jackson ran away to follow Mia. Jacob laughed and Lisa gave him a stare.

"Why were you showing off? It was only a proposal, I can still reject you!" Saying this, Lisa walked away and Jacob panicked.

"No... Lisa... wait. You are thinking wrong. I was not showing off..." Saying this he followed Lisa, and now only Daniel and Sara were there. Sara was laughing at all of them.

"They all are perfect for each other. I am happy that Lisa and Mia found their perfect one. I am happy," Sara said smiling, but realized that her husband was

not standing next to her. As she turned back her eyes met with the hungry beast who had already thrown his shirt on the floor, ready to devour her.

“You are happy, but I want to make you moan...”

Daniel said, pushing her on the bed and climbing on top of her. She giggled as his hand slipped inside her bra.

“You need to go to the office,” Sara said moaning.

“No.... I will not go anywhere today. Let me fuck you all day. Fuck me Sara...” Daniel said, pushing his dick in her hard and fast.

She was already wet for him. He entered inside her in one go and made her crazy. He took the baby idea very seriously. He told her soon he would give her a baby. He flipped her on the bed, like their first night together. Suddenly Daniel saw the ring on Sara's

finger, the ring the gave her on the day of their engagement, in the locked room.

"Sara... do you still have that ring?" Daniel asked and Sara nodded her head.

"Yes, I always kept it near me, but I hid it because it always reminded me of that stranger who took my virginity. I didn't remember your face, but I did not want to forget you. I knew something was missing from my life but I didn't know what exactly that was. Everyday I used to try to remember you by this ring," Sara replied and Daniel kissed her hand. He also never took his ring off, and hoped that one day Sara would notice it. But he did not know that she had already noticed it before, and suspected that he was that stranger, but she was not sure.

"Daniel, why did you accept me knowing everything about me? I know you know what happened to me.

What all the men did with me in the bathroom. They even say I have AIDS. Don't you fear the rumours are true? How can you trust me blindly?" Sara asked and Daniel stopped moving. She was remembering everything again and now there were tears in her eyes.

"I am really sorry I was not with you when you needed me, but I promise that I will make new memories with you and make you forget everything. And the things about rumours, I only trust you. It would be a shame if I did not believe my own wife. My trust for you will always be blind," Daniel said, wiping her tears. Sara smiled and kissed his cheek.

"I love you," Sara said and Daniel smiled. He lay on her and closed his eyes.

"Mr. CEO, the door is still open. Shouldn't you close it? What if I ran away again?" Sara asked, and Daniel

smirked at her while pulling her in for a kiss.

“Don’t worry... Now you will never be able to run away from me again. Because this CEO has caged his runaway wife.”
