Chapter 117

Chapter 117: Jealousy and Possessiveness

Penelope POV

“Thank you!” He smiled and his face beamed up

He grabbed my hands and held them between us on the pillow

While he closed his eyes, I kept mine open to stare at him. Now I didn't know what to make out of it all. So, I nibbled at my bottom lip and continued looking at the handsome, shirtless man lying beside me. My breath became ragged

After a few minutes, he closed the few inches between us and draped his arm over me, pulling me near his naked chest

I flushed to the root of my hair, feeling embarrassed. Surrounded in his smell, I reveled in his embrace, but I have to tell you—Drexel was one shameless werewolf!

He had tucked my head below his chin and became silent for a long time. but I could feel

how exhausted he was. So, a few minutes later, I slid out of the bed

“Where are you going?” he asked, totally unhappy

I didn't say a word and walked into the bathroom. From there I picked up a lotion and then came back. He watched me as I came back to the bed. “Turn over,” I said in a soft voice. he frowned but then turned over on his belly. I

straddled his thighs and squirted lotion on his back

“What are you doing, Penelope?” he mumbled

“Shh. Go back to sleep, Drexel,” I said. I pressed my thumbs in the middle of his back and slowly massaged them out. I heard his groan into the pillow. I continued to massage his shoulders, his neck and then his lower back. This was the least I could do for a man who had always been on my side. He said he was my lover. My wolf said he was my mate. And me—I don't know why but that basic pull I felt towards him... It was like gravity pulling me towards earth. It was strange..

“Penelope?” he whispered in the pillow. “You

are the best thing that Moon Goddess has gifted me with.”

Those tender words were like a warm blanket that wrapped around me and made me feel cozy

I didn't know what to say but I got up from him and slid back in my blanket. I couldn't help but turn to look at him. Gently he cupped my cheeks as he stared intensely in my eyes and a nest of butterflies fluttered in my stomach. He leaned forward and pressed a kiss to my forehead. His lips grazed my nose and I had to clench my thighs because I could feel that I was going to get into deeper trouble if I reciprocated him

His lips came lower to mine and against my lips he said, “If you don't ask me to stop now, I won't be able to.”

“I—I—” Taking advantage of my open mouth, he slid his tongue inside and licked me

Dear Moon Goddess. Make me stop. Instead I found myself moaning. My lips parted on their own volition and his kiss drew deeper. My hands pushed against his chest and my fingernails practically dug in his flesh as if wanting him to come near me. He growled as his chest vibrated with a delicious rumble

He took his hand lower to my hip and pulled me closer as he deepened his kiss. It was..

intoxicating. His hand squeezed my buttock wrenching another moan from me. He removed his lips from mine, his chest heaving wildly

Grabbing a fistful of my hair, he whispered against my mouth. “I think I have waited so long for you that I would like to very much fuck you

But if I do that now, I am sure I will end up bruising you. My wolf is driving me crazy and I don't want to scare you off.”

My breath was labored as I too bobbed my head

His winter gray eyes looked into mine for a long time as both of us tried to overcome our crazy emotions. Gently, he pulled me towards him, pressed my face against his chest. Tucking my head beneath his chin, he closed his eyes

“Penelope, I love you...”

I closed my eyes too, as my lips curled up

When I woke up in the morning, he wasn't there. Last night's memories still lingered in my

mind. It was so beautiful to be with him, surrounded by his scent. I hated the cold sheets beside me and decided to explore the place

I took a quick bath and after wearing a white tank top paired with blue denim cut-off shorts, I walked out of the apartment. As soon as I came out, everyone, right from the warriors standing outside the apartment to those in the main hall, bowed to me. I felt awkward as I accepted their bows

“Where is the kitchen?” I asked one of the warriors

A male voice startled me from the back

“Penelope!”

I turned my head over my shoulder to find Leo

He was also there at the hospital with Drexel

“Leo ! ”

“Why have you come here?” he asked. “You could have ordered food in the apartment

I rubbed my back

“Never mind,” he replied as he placed his hand on the small of my back

All of a sudden, I heard rushed, heavy footsteps of someone down the stairs. He came like a whirlwind, growling dangerously. Drexel pulled me towards him and placed his hand on the

small of my back

I bit my lip to stop myself from laughing. He was so possessive. I must have blushed because my skin was heated. But I heard Leo chortling from behind

He guided me to the dining hall where he made me sit on the chair next to him. “Sit here, Penelope,” he said. Then he barked orders at his servants to get breakfast

Leo also sat on the other side, grinning at me

“How are you feeling?” he asked

“Better!” I breathed

“Good. I was thinking of taking you on a tour of the Crescent Moon pack,” Leo suggested

“Sy”

“Tf anyone will take her, that would be me!” Drexel growled. He grabbed my hand and pulled me in his lap, showing pure jealousy and possessiveness

“Drexel!” I gasped
