No Escape From My Ruthless Alpha Chapter 124

Drexel POV
"Penelope. Penelope. Penelope." I murmured her name as I buried my face 1n her neck, as I grazed my fangs against her pulse point, dying to sink them inside her and inject my venom, marking her as mine. I don't think I could ever get enough of my mate. She was breathless just like me. I didn't feel like taking out my cock from her and continued to pound inside her languidly
Pressed against the glass wall, I wanted the world to know who she belonged to. I wanted the world to be beneath her feet as I fucked her
When I pulled out, she whimpered and I immediately hated the coolness of the room on my penis. Her sheath was so hot that it was addictive. Slowly, I turned her around me. I gazed at her for a long time. Her skin was so flushed and sweaty and glistening that it was doing things to me. I sank to my knees in front of her as she gazed in my eyes, her face expressing her confusion
"Drexel?" she murmured my name. "What are you doing?"
"Kneeling in front of my queen," I said. I pulled my pants and took out a small blue velvet box
from it, one that I had been carrying for so long
Ever since Penelope had come to my home. Our home. I wanted to pop this question to her, but I wanted to pop it in a way that it coincide with

the full moon. I wanted to marry this girl as soon as I could
This girl, who was my mate, my love, my friend, my lover and my future Luna
I opened the box, revealing a diamond ring inside it. I heard her gasping. When my gaze locked with her moss green one, I said, "Penelope, my world was incomplete without you. Would you do the honor of being my Luna and head my pack as my equal?"
Her hands flew to her mouth as her eyes widened. Gods, I loved her so much. She was so cute. She looked at the ring incredulously. I could see her eyes glistening with tears. She couldn't hold them and they came out. My heart
squeezed. Watching her standing in front of me, naked, with her hair cascading around her shoulders, with her sweaty and glistening skin, I think this was the most beautiful sight of her. I committed it to my memory. I waited for her answer with a bated breath
"Are you sure?" she asked, her lips trembling. "I don't even remember much And it's just been a week of knowing you."
"L have never been so sure in my life," I replied, still not able to pull my eyes away from her
"And this week had been like a lifetime of
knowing you. I can't wait anymore."
"Oh Drexel!" she exclaimed. "I would love to!"
It was then that I released my breath. I didn't wait for a second more. I took out the ring from the box and slipped it on her ring finger. I leaned and kissed her finger and then scooted in front of her and curled my arms around her waist and buried my head in her belly. "I love you," I murmured. "Thank you for accepting me in your life." I was thanking the Moon Goddess and every other God out there for giving me this opportunity. My heart and my mind were a mess when she was looking at the ring and doubting herself. But now I was calm, and I wanted to bury myself in her all over again
She grabbed my hair and tipped my head back
"L love you, Drexel," she said with her pouty lips which met mine the next instant. And I was lost

I picked up her leg and put it on my shoulder as she clasped the glass with her nails. My tongue darted to her clit. I flicked and sucked and bit it lightly. She yelled in pain or pleasure but her hips bucked towards me for more. My lusty little piece. I latched my lips on her clit and sucked it hard, grazing my fangs, making her want me.
