

# No Escape From My Ruthless Alpha

## Chapter 138

Chapter 138: Collar

Drexel POV

Our marriage was in less than a week. So many preparations were going on. My pack members were so excited that they were going overboard

Every tree, every bush and every house were decorated with lights and flowers and colorful ribbons

“It’s not that your Alpha gets married every year!” Leo grunted when I asked him to stop people from decorating so much

The packhouse was... stary. Long rows of lights hung from top to bottom on the walls

Some people had gone to the extent of lighting

firecrackers over the lake every night. Eric and Leo were having fun during that time as their house would be flooded with the guests

Invitations were sent to all the Alphas who were under my command. And to my allies as well

Since all of them were coming to my pack, I had asked Steven to get married in my pack, but the werewolf was adamant

IT couldn’t blame him. Kimberley was pregnant with his pups and he was super protective about it. “I don’t want her to get jerks on the roads!” he said

“IT can send my helicopter to pick you up!” I suggested

“No, the air pressure is not good for pregnancy;” he growled. Those words put me in a dilemma

Helicopter travel was out for Penelope if she became pregnant

“We will be having a quiet wedding in my pack, Drexel,” Steven informed. “Don’t worry. Once you and Penelope are together, come over to spend your time with us.”

“Uhhh...” I couldn’t. I was planning on taking her for a honeymoon to Hawaii. “I will get her a week or ten days later.”

Steven was quiet for a long time and then he said, “Okay!” I could imagine him flushing on the other side. “Say my hello to Penelope!”

“T will.” And we disconnected the call

It had been two days of her heats and Penelope’s mood was... unpredictable. She would get so angry and irrational and then suddenly she would purr like a cat

In the evening of the second day I returned

home after checking on some details. I took a bath, wore pajamas and found Penelope sitting on the rug in our living room and eating chips as she watched a movie. I kissed the crown of her head and went to sit on the sofa behind her

Minutes later, Penelope turned towards me and crawled towards me looking sexy as hell

Stunned as to what she was doing, I stared at her, frozen in my spot so that I wouldn’t spoil her mood

She licked her lips and said, “Would you like to see how my lips look around that cock of yours?”

What. The. Fuck

My eyes grew wide with surprise. This behavior was so unlike... Penelope. She opened my zipper and my little brother sprang free, hard and wanton. I forgot to breathe. “Penelope?” My

voice broke on her name

She placed her palms on my thighs and spread them apart. She crawled closer and then leaned in. She gazed up at me and fluttered her eyes

“Drexel, do you want to—”

“T want to!”

She started with licking my chest, her tongue circling my nipples and then flicking them

When she reached my navel, my hands flew to her hair, cupping the back of her head. She darted her moist tongue and my chest vibrated with a ferocious snarl. “You— ah!” I stared, dumbstruck at her, my fingers threaded in her red hair, as she lovingly licked the crown of my penis

I groaned and opened my knees wider. My hands shook uncontrollably when she sucked

me deeper. Goddess, her mouth was so hot that my shaft throbbled and I couldn’t stop thrusting myself from thrusting it in and out of her mouth

Her one hand went to her breast and the other started to squeeze his balls lightly. I could have never imagined this sight of my Penelope. She was becoming... lustier

Suddenly I remembered, this was the sign of her heats, of her ovulation and her instinct to reproduce. Yes, I had done my research on she-wolves. Yes, baby girl. I will impregnate you

When she began to squeeze my balls lightly, the pressure to come intensified to the level that it pained. And then she moaned around my cock

It was over for me. I was about to spill my seeds in her mouth. My thighs shuddered as a current passed through my spine. I threw my head back and bellowed as I rocked my hips up and

released into her mouth. I came and came until my jaw slackened

Afterward, I lifted her and clutched her against my chest. As I held Penelope against me, I staggered with pleasure

She buried her face in the crook of my neck and said, “Your collar is here.”

I jerked my head back. “What?” I was surprised

How did she buy it? She wasn’t going anywhere. I mean I would know if she went out of this packhouse

She giggled at me. As if understanding my question, she said, “Don’t look so surprised, Drexel. But I won’t tell you how I acquired it.” She got out of my lap and walked out of the living room, leaving me... astounded. What was happening?

She returned with a black box wrapped with black satin ribbon. She untied the ribbon and opened the box. In it sat a black leather collar, buckled. And on it was written “Belongs to P”

As I watched her, stunned, she took the collar out and strapped it across my neck, buckling it tight

She placed a kiss on my mouth after looking at me. “You look so sexy in it, Drexel,” she said

Then she walked out of the room and brought a few more boxes. “These contain rods and more straps. To bound you. My gifts for you.”

Fuck. My cock hardened immediately. What was my mate turning into? And what was she turning me into? If this was how the beginning was, I didn’t want to imagine the end

Her gaze dropped to my swollen cock
