

No Escape From My Ruthless Alpha

Chapter 31

Chapter 31: Satiated

Drexel POV

My mind was in a trance when I went to sit next to her. Penelope looked so alluring in her sleep that my wolf wanted to protect her. I wanted to shove this feeling down, but couldn't

"I'm sorry that you went through so much. But don't make me suffer—"

I jerked back to look at Penelope. Suffer? Went

through so much? What was she talking about?

How did I manage to climb on the bed? My one hand was on her back, stroking her gently while the other one was beneath the t-shirt that she

was wearing. My fingers were going up her thighs. I could feel that silky skin beneath my pads, and my chest vibrated with a rumble

Instantly, I removed myself from her and rolled away but my hand was caught in the t-shirt and it touched her crotch. She wasn't wearing her panties. I gripped her ass tightly as frustration bubbled in me. "What were you saying?" I asked. "You don't know what suffering is!" Was she trying to glean information from me? Why couldn't I remember much of our conversation?

A shudder passed through her body when I grasped her ass. My fingers delved inside the curve of her ass. I wanted to roll away from her, but my mate-attraction was stronger than my willpower. I recalled what Freya said about breeding with her and my lust overpowered me

"Drexel!" She held my wrist and tried to remove me

How dare she deny what is mine! "What do we have here?" I growled. "Why aren't you wearing panties?" She clenched her thighs when I dug my fingers in her flesh. Even she wasn't able to deny the strong mate attraction although she

was a human. She tried to fight me and get off the bed

"Leave me!" she shouted. "I wasn't asking anything. I only wanted to say that you should stop—"

"Shut up!" I growled. I sat up on the bed and pressed myself on her. She sank in the mattress as my thigh wedged between her. I grabbed both

her wrists above her head with one hand while my other hand was already inching up towards her sex. Her t-shirt. No. It was my t-shirt. It pooled over her waist and now I could see her sex. She cried the moment I rubbed my finger over it. Her pink folds were wet like morning dew over rose petals and they were so inviting

I stared at her bud as she squirmed beneath me

Suddenly, I caught the scent of her arousal. My chest vibrated with a growl

"Let me go, you beast!" she pushed against me

But that only brought her sex closer to my chest

"You are mine!" I snarled. "I am going to fuck you, taste you and relish you. I own you!" This was the first time she was without panties in

front of me, against me. Every fucking logic evaporated from my mind

She arched her body in an attempt to move, but her pubic hair that was glistening with her wetness grazed my chest. With a growl I latched on to her nub and she cried, thrusting her hips towards my mouth. I shook her over there with a growl and she... stopped squirming. I licked her nub and sucked it hard. When I looked up at her, she was clearly tense, but there was desire in her eyes

"Open up yourself for me," I commanded. "I am going to be gentle."

With a sharp intake of air, she opened up for me. Lusty little piece. The moment she opened

up, I saw her glistening pink folds. Fuck. She was so mouthwatering. I was going to give her the orgasm of her life with my tongue. And so I delved between her thighs. I left her wrists and latched on to her clit. It was swollen for my attention. I didn't care what I revealed to her in my trance in that moment. All I wanted was her clit in between my lips. I flicked it with my tongue and sucked it. I grazed my teeth over there and she made a delicious sound of moaning my name

I went further down to her core and delved my tongue in it

"Oh God, Drexel, what are you doing?" she asked

I started sucking her juices over there and looked up to see her reaction. She was on her elbows, watching me with her lusty eyes. I loved how she watched me. Our gazes locked and I started to suck her harder over there. I was sure that she had never had this experience and that gave me beastly satisfaction. She was exploring her sexuality with me for the first time. I opened her soft petals and licked her all the way up to her clit. "Do you like it?" I asked

Her breathing was labored. Her hand went to her breast and I loved how she kneaded herself

My lusty, lusty Penelope. I didn't know that she was going to be so interesting. I opened her lips to delve my tongue inside and as soon as I grazed my fangs there, her body shivered. With a loud cry, she tilted her head up and came all over my tongue. I licked her juices as her muscles clenched, giving me more of them. I

licked her dry and then slowly climbed on top of her. "Taste yourself on me, Lippy," I said and crashed my lips on her. I kept my eyes open only to see her flushed face, those orgasm-ridden eyes and that beautiful face

I took her hand and made her clasp my erection

I guided her slowly up and down. Up and down as I kissed and fucked her mouth. It was not long before I found my release. With a roar, I spilled all over her sex and belly, marking her with my seeds. I wiped her with the sheet and slumped over her body, burying my face in her neck, smelling her exquisite smell. Soon, I fell into a deep slumber, satiated
