

No Escape From My Ruthless Alpha

Chapter 44

Chapter 44: What Do You Want?

Drexel POV

Penelope didn't try to move out of my embrace

It was as if she was loving the feel of my hardness on her. I moved a little to thrust myself in her belly. It was so soft that I clenched my teeth to control myself from spilling seeds on her. I couldn't let her win in this game of hers, which I was beginning to enjoy more I could admit

My gaze raked her breasts and her tits pebbled. I wanted to bite them and suck them so hard that she would cry my name

"So what is the deal, Lippy?" I asked, my gaze fixed at her nipples

"You answer my questions and I will reveal it to

you slowly. Slowly." "Okay," I breathed. "Ask away!" "Where were you all these days?"

"Patrolling the perimeter to kill enemies. And by enemies I mean Alpha Steven." I added his name because I wanted to see her reaction. Her heartbeat increased and I sensed her fear

Jealousy seared my chest

She moved the right side of the bikini top lower

My breath lodged in my throat when I saw her tan line. I wanted to lick all the way out there, trace it with my tongue

"T thought you were the strongest Alpha in North America. Why do you have to patrol your pack?"

Because I wanted to stay away from you. My finger went to a drop of water that trailed from her forehead to her chin. "It is important for the pack." "Lame answer

"Did you have many girlfriends in the past?" She asked, moving it lower

My cock twitched painfully and my balls were aching. Fuck. I need to come hard on her

nipples. "Not many. But I did have a few."

Her eyes became narrow. Was she jealous? Good

"When is Freya coming back?" "Tn two weeks."

Her other side went lower. I hissed in approval, wanting to pierce my fangs in her creamy skin

"When you were away, did you even think of me?" she asked

"I thought of how to use you as a breeder. That's

what Freya wants."

"Bastard!" she growled but tugged her bikini lower. One more question and with her next tug, I would see her rosy nipple. I licked my lips. "This wasn't our agreement earlier. In two weeks, while you marry Freya, I will get my freedom!"

"Don't be ridiculous. You aren't going anywhere. And now that there's no tat left, I would like to see your tit." I left her waist and was about to remove her bikini, when she dipped down in the water and quickly swam away. She reached just a few meters. Angered, I swam after her and caught her. I growled, "You can't escape me, Penelope!"

"I have changed my mind." She pushed me against my chest but I growled. She was panting as she gazed at me, her lips parted. "Let. Me

Go."

"I see that you are becoming brave, little lamb

But you forget. I am the only wolf you should be afraid of!" She had succeeded in provoking me to the level that if I didn't find my release, I would go insane

"Go to your Freya! I so fucking hate you!" she slapped my chest

But I picked her up, hauled her up on my shoulder and walked out of the swimming pool

All of a sudden, the weather became dark with gray clouds hanging low. By the time I walked

out of the pool, a heavy deluge started. As she screamed and hit my back, I took her upstairs to my apartment using the emergency staircase at the back of the packhouse. I slapped her buttocks and she squirmed. The smell of her arousal had hit my nose already. Fuck. My lusty little mate. She would be the bane of my existence if I didn't control my emotions soon

I opened the door of my bedroom and threw her on the bed

"What do you want from me, Drexel?" she asked, scrambling away. The fabric of her thong had slipped to the side, revealing her pink folds

My chest rumbled. I needed to taste her honey

I crawled to her and took my hands behind her

back. I untied her bikini top and yanked it off

Her breasts sprang free, bouncing. Teasing me

"Your tits," I replied and the next instant, I latched on her nipples. I sucked them hard. So hard that she cried. And then she arched her body for me

She grabbed my hair and pulled hard at them. I caught her nipple with my teeth and tugged it as I took my fingers down to her thong. I untied it and yanked it off her. My finger went to her core. I found her clit and started rubbing it, as I grazed her nipple with my fangs. She let out a cry wanting more of it. So I grabbed more of her breast and sucked her with abandon as I kneaded the other one. It was what I had been dreaming of for the past five days. I moved my attention to the other breast and then started sucking it as I rolled and pinched the one I had left. She whimpered. I couldn't help but grin

Against her wet nipple, I rasped, "You love it when I suck you. Would you like to suck my cock?"

I rubbed my length on her wet sex on her. Soon I found her mouth and delved my tongue in it

She sucked me and I tried to free it, enjoying the dance of domination. I pulled back and pushed her to the bed. I straddled her and fistfisted my erection, watching her gaze at it. She gasped at the sight of my length. She licked her lips as if wanting to take it in

I took my shaft to her lips and her tongue came out instantly to lick it. I slapped her cheeks with it and then put it inside her mouth. She sucked the crown of my shaft instinctively and my eyes rolled back in my head. She moaned and licked my slit. My chest vibrated with another rumble

If I didn't withdraw now, my plan would fail

And I wanted to spill my seeds somewhere else

I pinched both her nipples hard and—
