

No Escape From My Ruthless Alpha

Chapter 45

Chapter 45: Wasn't Done With Her

Drexel POV

Penelope was sucking the crown of my cock so hard and the sight of her pretty, pouty, plump lips wrapped around it was more than enough to make me go crazy. I watched her for a few seconds, but I knew I would shoot my release inside her in a few measured sucks. And I had other plans. I took my thumb to her mouth and forced her to part her lips to withdraw my penis

She let out a reluctant whimper

I took my shaft to her breasts. Her nipples were puckered up. I rubbed my shaft on them, making her moan. Yes, feel it, pet. I placed it in the middle of her breasts. She swallowed audibly,

gazing at my shaft

Grabbing the two breasts hard, I squeezed my cock in between them and started to thrust it hard. As I thrust it, I hit her neck. Her body arched for more and her head rolled back, giving me access to her neck. Fuck. My fangs began to elongate seeing her pulse point. I groaned as my head fell back, my arm muscles bulging and my chest vibrating with a rumble

My gaze drifted to her tits and the next I knew was that I was pinching them. She let out a cry as I held them and thrust my length in between them aggressively. She was closing her eyes

“Watch me, Lippy,” I growled. She half-opened her beautiful eyes and all the desire in them for me was overwhelming. My cock pulsed hard

Sensations overloaded I just couldn't stop myself. With a ferocious snarl, I shot my release with a roar all over her neck. I think I came for all the world. Some of it went to her mouth and

she licked it

I was sweating by now. Beads of sweat trickled down my chest, but I wasn't over. Five days' worth... But I wasn't done with her. I wanted to see her marked by me on every inch of her skin

I lifted myself a little and flipped her on her belly. I dragged myself lower to her buttocks. I picked her up so that her buttocks were up in the air. With one hand I pushed her back down

Her supple ass was so ready for me. I took my finger in between her ass and found that she was so fucking wet. For me. I growled my approval. My cock became hard all over again

This time I put it in between her butt-cheeks. I pressed my shaft in between them and started to thrust it in between them. She had placed her hands against the headboard to stop herself because my thrusts were too strong. I was sure that she would protest, but I think she was starved of me. But not more than I was starved of her. I needed her. My wolf needed her

It wasn't long that I found my release and spilled

my seeds all over her back. Arc upon hot arc

She whimpered and moaned my name. But I wasn't done with her. I wanted to take her as many times as I could. So I flipped her on her back and dragged my shaft to her wet core. “Do you want to feel my cock against your lips here?” I hissed

“Y—yes,” she breathed. “I want to.” Saying that

she flicked her tits for me

“Then rise up and kiss me.”

She defied my order. Instead, she stretched her arms above her head and crossed them, puckering up her breasts a little more. She was going to make me crazy. I needed to kiss her

Madly. I growled but as I placed my shaft on her pink wet folds, I lowered myself to her lips and kissed her like if I wouldn't I might die. But I stopped a few inches above her lips. I grabbed her hair and tanked them back. “Kiss me, Penelope. Do it!”

With a moan, she leaned towards me and crashed her lips on mine. I forced my tongue inside her and my eyes rolled back in my head

She tasted like me. Not able to resist myself, I traced my fingers down her belly to her clit. Her nub was swollen and needed my attention. I started flicking it, pressing it, rubbing it furiously as I fucked her mouth with my tongue

The little siren licked my fangs as if loving them. So much pleasure bolted throughout my body that my cock pulsed and grew painfully hard all over again. I groaned and in between the kiss, I said, “Come for me, Lippy.” I wanted her to come for me, because I wanted to come on her, mark her everywhere with my seeds. She arched her body into mine and I saw how beautifully we fitted. Every curve of hers was tailor-made for my body. We were like two pieces of puzzles that snapped in together because the Moon Goddess wanted us

The thought sent shivers down my body and I ended up pinching her swollen clit

“Ahbhbh!” she writhed beneath me as she shuddered. And then... she came. This was too intense for me

I broke away my kiss from her. Furious

Exhilarated. Seeing her coming would make my cock explode. But I controlled and lowered my cock to her wetness. I wanted to take her virginity, but I wasn't sure if she would be able to handle my size. She was a little human and I was an Alpha wolf. That was our major difference

As soon as my cock was on her wetness, the little vixen wrapped her legs around my waist,

impelling me. My little mate was hot. Her body trembled when my cock was on her wetness. I opened her pink folds with my fingers and set my shaft in between them. And then I began rocking her. I took my fingers to her folds and pinched on one side. She cried, grasping my waist tighter with her legs

Suddenly—
