

No Escape From My Ruthless Alpha

Chapter 46

Chapter 46: The Threat

Suddenly, her hands came to my back where she dug her fingernails that drew blood making half- moon crescents on my skin. Fuck. It was beyond erotic

“Don't you fucking come right now, Lippy!” I growled as I thrust my shaft in her folds with an increased pace. The lusty piece had just come and she was again chasing her orgasm. Damn it! I wanted to come with her

“Abh!” Her body shuddered beneath me, her red hair streaming wildly against the pillow

I felt her dragging her nails all the way down on

my back, as if she was marking me. I rose and cupping her buttocks, I picked them higher on my thighs. I separated her thighs and pinned them on either side as I rocked my shaft over her sex. And when I did it, I could see her face that donned that orgasm-look, her breasts that were bouncing up and down, and her eyes that her rolled in her head. It was all too much for me to bear. “One day I am going to fuck you so hard, Penelope that you will scream so hard—”

“Yes!” she rolled her hips to match my pace

This was all I could afford to resist

“Open your eyes and watch me coming on you, Penelope!” I ordered. As soon as she opened her eyes and looked at me, I fisted my erection and bellowed, with my back arching. I spilled my seeds over her sec and on her belly. My hot little

piece watched me till I spilled the last of my seed on her creamy skin. When I finished spending, I slumped beside her with a groan, my eyes closing in deep satisfaction

Both of us were too tired and too sticky. We needed a hot shower, but none of us was able to move. I had my reasons. I wanted to spill my semen all over her and was going to take her again. But she was dead tired. She was panting and her body was sweat slicked. I pulled her closer to my chest after wiping her belly with the sheet and tossing it away. My cock twitched on the side of her belly, reminding her that I wasn't over

My wolf was satiated, being next to his mate, he was resting. He wasn't this aggressive now. It was as if he had conquered the world. I hated

her. I wanted her. It was getting way too much for me. I had to leave but I couldn't. I lay there beside her, with her head on my bicep. My one arm was over her breasts and the leg was over her thighs. I pulled her closer to me and her hand came to my chest. Her head lolled on my arm

“Lippy?” I looked down at her. I wanted to go for another round. “Penelope?” I called her, but when I lifted her chin up to see why isn't she responding, I found that she was sleeping. With a smile. I brushed my lips against her cheeks, her nose, her lips and her earlobes, hoping to wake her up, but the little human was fast asleep. My lips curled up even though I wanted to be angry at her. I closed my eyes too and slumbered off

A movement next to me jerked me awake and I tightened my grip around Penelope instinctively

I heard her muffled voice against my chest, “I have to pee!”

I inhaled the scent of her hair. My panic settled and I loosened my grip on her. She dragged herself towards the edge. The room was enveloped into darkness. She switched on the bedside lamp. I looked at the clock. It was 11PM. Goddess, I hadn't slept so long for the last five days. I glanced at her

A delicious blush spread on her face till her neck when she looked at her naked body

Immediately, she pulled a bedsheet around her

Sitting at the edge, she covered her face and then stabbed her fingers in her hair. She was still smelling heavenly, of my seeds. “Come

back after peeing,” I ordered her. Now that she was fully awake, I was going to take her again. I had even dreamt of it. Drinking her honey from her pussy as I lifted her sex like a bowl to my lips

She looked at me over her shoulder and narrowed her eyes. “Is there a place left on me that you haven't spunked?” Her eyes went to my lips and she snapped, “And stop smiling like that. You look silly!”

I growled, baring my fangs just for her to make her afraid. Instead I scented her arousal. My cock tented beneath the sheet and thought I wanted to growl more my lips curled up. “I know you want me. So, stop wasting time and come back fast!”

She got up with a jerk. “Fuck you!” she said, picking up a pillow and throwing it at me

Freya would have never even thought of doing it. She was scared to misbehave in such a manner. But here this little human was. I lunged at her to set her right, but she squealed and ran to the bathroom and locked it from inside

“Open it, Lippy!” I snarled. “Unless you want me to break this door!”

“You break this door and I will move to Kimberley's room!”

“How dare you?” I snarled, my chest heaving up and down at her threat. I waited for her to come out because I was going to punish her so bad for

this statement of hers. When she came out, I grabbed her throat and pinned her to the wall making her face it. “You are not leaving this apartment! Do you get me?” I pressed my body on hers, my chest heaving up and down. “Do you get me?” I asked again

She moaned and nodded. I relaxed my grip on her throat and rested my chin on her head, trying to calm myself. A moment later I heard her stomach growl. Immediately, I opened my mind link with Megan and asked her to bring food for two to my apartment

Next day—
