

No Escape From My Ruthless Alpha

Chapter 47

Chapter 47: Testing My Research

Penelope POV

I was all the more furious. He was so strong that it was impossible to budge from my position. He had pinned me against the wall and threatened me to not leave the apartment. I had only played a joke on him and he took it so seriously? The wolf was clearly having issues. When he left me, I walked to the bedroom and changed into a polo (his polo) which swallowed me. I really needed money to buy pajamas for myself

He followed me but went to lie on the bed still naked. He crossed his arms beneath his head and closed his eyes

"I am going downstairs," I said. "I am hungry."

"The food is coming here," he replied nonchalantly

The soft knock on the main door left me startled. So fast? I went to the foyer to the main door and opened it to find Megan standing there. The moment our gazes locked, she let out a growl. I swallowed thickly backed, fear exploding in my chest. This woman gave me ominous vibes

"You are still here?" she said in a low voice

"Leave, bitch. Else, wait what I do to you."

Goosebumps prickled on my skin. I froze to my spot as my gaze fixed on her face. She closed

the gap between us, one step at a time, her claws elongating

A low growl from behind me stopped her and she lowered her head in submission. Drexel came to stand right behind me

"Do we have a problem, Megan?" he asked, narrowing his eyes

"N—no, Alpha," she stuttered. Hurriedly, she kept the food tray on the corner table and left

When Megan left, I sucked in a sharp breath of air. That woman choked my space

After eating, I tried to sleep, but Drexel had

more plans. The man was simply insatiable. I slept by 4AM, too tired. And I stirred a little when I felt him pulling me towards him. I was placed on a very muscular chest as he curled his arms around me. Later I curled over him because when I tried to go back to my place, he didn't allow me

I woke up very late and still found myself over his chest. I hadn't slept like a log in a long while. I rubbed my eyes and pushed myself against his chest. My gaze drifted to his beautiful face. His hair was all tousled, some falling on his forehead. With my fingers, I lightly removed them from his forehead and traced the bridge of his nose, his lips and his square chin. While sleeping he looked like an angel. He was so beautiful that I forgot to breathe. I bent down and placed a chaste kiss on his lips

After taking a good bath, I came back to change and found him still sleeping, this time on his belly. His ass was in complete display and I couldn't help but admire how his V-shaped back flared into such a perfect ass that molded into strong and long thighs. I sighed. He was the perfect specimen God had ever created

I dragged myself to Leo's office wearing jeans and white cut-off blouse. Borrowed ones

"But you aren't supposed to work this week," he said, looking at me

"need to distract myself," I said. Everything happened so quickly yesterday that I wanted to give myself time to think about it. Breeder, my foot!

Leo chuckled as he shook his head. He pointed to my table and said, "In that case, I have already set up tasks for you."
