Chapter 48

Chapter 48: Leo's Offer

Penelope POV

I gasped. I wanted to slap him. He was such an arrogant dick!

On the back, Leo coughed excessively, hearing the word breeder. And my cheeks heated up till my ears. It was a secret between Drexel, me and Freya and now even Leo knew about it. I was so embarrassed that I hoped that the earth cracked and I disappeared into it

But suddenly, I realized that Drexel was using the word 'breeder' to irk me. On second thought, instead of reacting to it, I calmed myself. Then I

pulled my hair up and tied them in a messy bun, exposing both sides of my neck. He was testing my limits, but I said to myself, 'The game is on you bastard! Let's see if you pass this test.'

I wasn't going to give it up. "Well," I rubbed my neck and tilted it the other way and let my top fall off my shoulder. "You love to take my clothes off. And I like to give you a good chase

A hunt is not a good hunt without a chase." I turned to gaze into his eyes to see his reaction and was satisfied when I found him... turned on

He spread his legs to show his erection to me which was now tenting his pajamas. Yes, Drexel was only wearing his pajamas without a shirt. His neck muscles were strained as he narrowed his eyes at me

"I think I will leave," said Leo, feeling extremely awkward

"No!" Drexel stopped him. "Give her the money

Let's see what my breeder buys. How about buying some fertility pills?"

Gods above! How dare he say that to me when we hadn't had penetrative sex? This wolf surely knew how to get on my nerves. But I wasn't going to back down. "How about having proper sex first?" Drexel lunged at my neck and wrapped his long fingers around it with a loud growl

We glared at each other so hard that the world around us faded. I heard a rustle of paper, the sound of someone saying 'dick', and then a door

closing

"You've become braver, pet;" he said, rubbing his thumb on my pulse-point. "No one dares to talk to me like that."

I grabbed his wrist and snapped, "I am not your pet. Leave me."

He grabbed my wrists and yanked me to his lap making sure that his erection was against my belly. He wrapped one arm on my back and the other on my neck and brought me closer. He leaned his face to my neck and inhaled deeply

"The game you are playing—" he grazed his fangs on my neck. I cried in anticipation, in pleasure. "—You will lose. We are creatures who have perfected this game thousands of

years ago and have enticed humans all the time." He grazed my skin deeper and then licked me out there. His breath became ragged. He took my hand and placed it on his erection. "Now take care of it and maybe I will let you go to the market."

We were in an office in which anyone could come at any time, but Drexel wasn't bothered. I let out a rough exhale when he moved his head to the other side of my neck and sucked my skin there. I whimpered, closing my eyes. He guided my hand up and down his shaft. I went a step further. I pushed him back in the chair, got out of his lap and sat in between his legs. I delved my hands inside pajamas and took his raging erection out. It was... beautiful

When I wrapped my lips around it, he hissed

and grasped my hair. I took his entire length in my mouth until I hit the back of my throat. He groaned as he thrust his hips towards me. I licked him all the way up to his crown and sucked him hard over there and then went back to swallowing him up. I set a rhythm and he guided me up and down. Up and down. My hands went to his balls. He gasped. His muscles bulged. I continued to take him. His cock swelled more in my mouth and soon he shot his release at the back of my throat with a bellow

I licked him and rested my head on his thigh. He was panting, his hand still in my hair

Why was it that I was so entranced by him when his interest in me was purely sexual. Did I lose the first round of the seduction game? With a ragged breath, I got up

I picked up a folder from my table and shoved it at him. "Read it." I started to leave

"Where are you going?" he growled

"To hell!" I snapped and stomped out of the office, banging the door closed. I went straight

to Kimberley's room. On my way I met Beta Leo and blushed heavily

He took an envelope out and said kindly, "Those are your wages for the week. And don't worry about him. His emotions are all over the place

Why don't you come and stay at my place for a few days? You will feel better. If you like, you can bring Kimberley."

"Really?" I asked. I needed a break. Break from Drexel

Leo smiled benevolently. "Of course. My house is on the lakeside. You will like it!"

Excited, I asked "Can I come tomorrow?" He laughed. "Yes, sure. See you!"

Kimberley squealed when she saw me. She threw herself on me and asked, "Girl, where the hell were you? I missed you so much!"

After a long hug, I flashed my envelope and said excitedly, "I got my pay, K. Will you come to the market with me?"

"Yes!" she squeaked. I could clearly see that she also needed a break. Her eyes were red from crying. Poor one. How was she managing?

The market was a short ride on her motorcycle

We walked hand in hand to the nearest clothing store where I bought four cheap outfits for myself and saved some money for shoes while Kimberley helped me. "Won't you buy

anything?" I asked

She giggled. "No, I want to know what Steven likes. That would influence my next purchase."

I laughed at the love-sick girl when—
