## Chapter 60

Chapter 60: Have You?

Drexel POV

Penelope countered, "When I see you, I only think that I will once be married to someone

who will love me like I am. I will have a dozen kids with him."

"You will not have kids with anyone but me," I said as jealousy stabbed like a thousand sharp shards of ice. "You will never belong to anyone but me," I snarled, my face merely a few inches away from her

Saying that I crushed my lips on hers and sucked her so hard that she whimpered. I

kneaded her breast and flicked her nipple, as I grinded my erection on her belly. And as soon as I did that, her skin grew heated. I felt her thighs clenching beneath my legs. She was so damn seductive. Siren. She was so tense just a while back, but now she was lying beneath me, like a putty. I teased her lips with my fangs

"You like it, do you not?" My gaze went to her pulse point and before she could speak, I was sucking her over there and grazing her skin with my fangs

She gasped

"You like everything I do with your body," I said, rolling her nipple in between my thumb and finger

"No!" she said but her body arched for me

My hands went down further and stroked her clit and her hips bucked into my erection on their own. I chuckled, "See? Your body reacts to me on its own accord. So tell me that you like

"

me

"No, I won't!"

I lowered myself to her breast and licked her nipples. She whimpered under my ministrations and my chest swelled with pride. I had so much power on her. "Your nipples are so beautiful

They pebble just for me." I latched my mouth over them and sucked them hard. "They are begging for my attention." I caught them with my teeth and tugged them while looking at her

face. She let out a carnal whimper as her back arched for me. I couldn't help but grin. And then I closed my mouth around her pebbled nipple. I sucked her hard and glanced at her reaction

She was trying to resist me, but her body gave her away. She arched and panted

Aroused for the entire Moonstone pack, I went to her other breast and started to suck it. My fingers started rubbing her clit while I sucked her. I got up and said, "You like this so much, don't you?"

"I don't!" she cried

I took my fingers down and parted her beautiful folds. "Are you sure?" I asked when I glided my digit inside her. I moved my finger inside her

and my lusty little girl started to ride it greedily

When she didn't reply, I said, "Are you sure you don't want me to continue?" I suckled her breast harder. Gods, Freya never reacted like this

She had closed her eyes, failing to resist, but she pursed her lips tight to not agree to me. I stopped suckling her and stopped the movement of my finger. "You haven't answered my question, Lippy?"

"Drexel, I—" she cried

"You need me, Penelope. Accept it. Accept that I am the only one you desire, Penelope! Beg me to continue."

She trembled beneath me, but she was so

stubborn that she shook her head, her flame red hair streaming and thrashing against the pillow

"You are so stubborn!" I wanted her to beg

"Fuck it!" I rasped. "Even if you don't want to speak of your desire for me, I know your body wants me." I started to move my finger inside of her with vengeance and latched on to her breast like never before. When I pulled out my finger, she gave a reluctant cry. But I went back in with two fingers. Goddess, she was so wet for me. I could hear the flesh slapping. I was without her for five days and I had come and come over her but that wasn't enough

Realization hit me hard. I couldn't stay without this girl and definitely sex was a driving factor

My desire for her was... infinite and unconditional

She threaded her fingers in my hair and tugged them. My erection twitched. I took my finger out and positioned my shaft over her core. I wanted to get inside so badly that I was going mad

"Tell me that I am better than Freya," she cried

I looked up at her face from her wet nipple

"What are you saying?" I growled. "I am working. On your body."

"Say it Drexel!" she insisted. "I know that at the end of this session you will say that I am worthless, so right now I want you to say just the opposite."

"You must be fucking mad!" I growled and started sucking her nipple hard as I pressed my erection harder to her core. Goddess, she was so hot out there. And how could I say it? My emotions were all over the place. When she had said that she wanted to marry someone else, I felt I could rip that "someone else" into a thousand pieces and then bury them twelve feet under the ground. Yes, jealousy seared through me

"You didn't say it," she said and then whimpered when I pounded the entrance of her core once with my shaft. "Drexel, you have come to me even though Freya is right here

Don't you think that she doesn't love you like I do?"

I got irritated. I looked up. I didn't want her to

know that Freya didn't desire me the way she desired me. But then I knew that Penelope wouldn't ask this question if she wasn't already aware. I stopped completely as our gazes locked

She brought her hands to my face and cupped my cheeks. "I want you so much Drexel and I am sure that no other woman would want so much as I do." Her chest went up and down when she added, "No one can need you like I do."

My lips parted. These were the words I had spoken to Freya

"L have been craving for you. Have you been craving for me?"
