

No Escape From My Ruthless Alpha

Chapter 62

Chapter 62: Mindless. Senseless

Penelope was sin personified. She made me crave her and I realized that I had come to love the hurt

“Come for me, Lippy,” I ordered her. The sight of her in naked glory was dulling my senses. It always did. I wanted her to come for me so that I could cum inside her. My gaze was on her pulse point. My fangs elongated because I wanted to pierce them through her flesh and mark her as mine, but she wasn’t ready for that. If I pierced my fangs, I was scared that she might get bruised or her body won’t be able to take my venom. I watched her lusty eyes as she chased her orgasm

Her body shuddered and as if on my command, she screamed my name and came all around my cock. Fuck, this girl was everything in my dreams. The muscles of her core clenched around my cock and the next moment, my body arched and I bellowed her name to the ceiling as I shot my release inside her. Arc upon hot arc. I spilled all my seeds inside her and then some more as my cock twitched

Sweat covered my body as I still pounded inside her. It wasn’t enough. I wanted more of her. So much that I wanted to get lost in her. I rested my forehead on hers and waited for us to calm down. Waited for my fangs to retract. There was no way I was going to take my cock out of her pussy right now

I was sure that she would flinch seeing my

fangs, but she stared at them through her lust- soaked eyes and she licked her lips. She darted her tongue to lick my fangs and a shudder passed through me. Sex with her was surreal

“I want more of you,” I growled. I got up and flipped her on her belly. My semen flower out of her thighs, marking her just the way I wanted. I pulled her buttocks up in the air and thrust my shaft inside her all over again. I think I couldn’t stop now. Even if there was an apocalypse happening outside, I couldn’t. I slapped her ass

It hardened me when her butt cheek became pink. I took my hand in the front and picked her swollen nub. She screamed my name but my lusty little siren became wetter

I started pounding inside her. My penis swelled inside her to the extent that it hurt. My balls

squeezed tight, loaded with my pent-up emotions, loaded with my seeds. She turned her head to look at me and I slapped her butt again

“Abhhb!” she screamed with pleasure

I loved to see my fingers imprinted on her. I don’t know what monster was she bringing up inside

me, but I wondered what it would be to bound her, blindfold her and then take her

I took my hand in front of her boobs and pinched her nipples as I pounded inside her. I was going mindless as I fucked her. It had been so many years of pent-up emotions that I needed to unload all of them. When I pinched her nipples, she let out a cry. I brought my fingers to her pussy and coated her ass with her juices

“See how you are wet for me, Lippy. You cannot be this wet for anyone. You are mine! All of

you. Is. Mine.” I parted her ass with my hands and pounded inside her like a piston. Mindless

Senseless

My balls slapped against the curve of her pussy and the sound filled the room. It was so erotic that I couldn’t last more. With yet another roar that rumbled out of my chest, I came inside her

“Penelopeeee!!” Her name was on my lips as I loaded her with my semen. On and on it continued, as my hips bucked inside her core, helplessly

And Penelope— her body shuddered and her muscles clenched around my cock, trying to milk out every last seed in it. Fuck. This girl was surely a siren

I slumped on the mattress beside her and pulled her closer to my chest, still thrusting languidly inside her. We were both covered in sweat. We were both panting. “Yes, Penelope!” This was all so exciting, so primal. The pleasure was unforgettable. I knew that I was ruined for life

She had branded me with her innocence and unending love

I needed to do one very important thing next. I kissed her shoulder and said, “Come to my apartment with me.”

She didn’t reply, still panting from her pleasure

“If you won’t come, I will carry you there, nude.”

She chuckled. “What if others see us?”

“Who cares?” I growled. Reluctantly I withdrew my shaft from her

“I will be back in some time,” she said with hesitation in her voice

Maybe, I misinterpreted it

I got up and kissed her forehead. Her body was flushed and she smelled of me. Perfect. My wolf was cartwheeling inside after having sex with his mate

“Where are you going?” she asked

I didn’t want to leave her at all, but this was

important. “To meet Freya.”

She became deathly quiet as she watched me get up and wear my jeans and shirt

“Come with me to the apartment,” I insisted

“Why is Freya here?” she asked me, avoiding my question. But the next second she corrected herself. “I am sorry. You don’t have to answer that question. This pack is her home.” Her lips quivered. She got up and tied her red hair in a messy bun

I chuckled. “Get ready. We are going back to my apartment.”

She looked at me and gave a tiny smile. “I will

come in some time. You carry on.”

I looked outside the window and it was so dark

I didn’t want to leave her alone. “If I don’t see you there in ten minutes, I am going to lift you and carry you there.”

She lowered her head and shook it. I closed the gap between us and kissed the crown of her head and then I opened the door and after one more glance at my mate, I left
