

# **My Seven Sisters are all Stunningly Beautiful**

## chapter 9 Strike, follow and follow!

The moment Hailee Ye saw Jacob Liu , he knew the situation was not good, and said coldly: " Jacob Liu, you are no longer an employee of the group, please get out!"

"Ah-ha, President Ye, you are in such a hurry to drive me away, are you afraid that I will expose your nasty things?"

Jacob Liu sneered.

Hailee Ye raised her brows upside down: "I, Hailee Ye, do things openly and aboveboard. I'm not afraid of you splashing dirty water. It's just what you said, which has nothing to do with today's press conference, so please leave!"

"Ha ha, you'll know if it's related after I finish talking."

Jacob Liu continued to sneer.

"Mr. Liu, can you elaborate on what happened?" a reporter asked.

Immediately, all the cameras were focused on Jacob Liu, and no

one paid any attention to Hailee Corp's new products.

"Of course I can. I came here today just to tear off Hailee Ye's hypocritical face, and let you see how ugly her heart really is."

Jacob Liu cleared his throat and continued:

"My name is Jacob Liu. I used to be the Personnel Department manager of Hailee Corp . I have worked hard in the company for more than ten years..."

"It is no exaggeration to say that the Hailee Corp's achievements today are absolutely indispensable to my contribution."

"Now that the company is about to go public, I'm also very happy. I feel that my hard work for so many years has finally paid off, but..."

"But Hailee Ye, a woman who crossed rivers and demolished bridges, actually kicked me, a veteran who has worked so hard, out of the company in order to help her toy boy."

"Do you think this is fair?"

Jacob Liu complained loudly.

The media talked a lot, and the way they looked at Hailee Ye completely changed.

It was true that you know a person's face but not his heart. This woman was so beautiful, but no one didn't expect her to be a

snake.

Such a company still wants to go public? It was almost time to go to the grave!

Hailee Ye face darkened:

"Jacob Liu, you're talking nonsense. It's obvious that you colluded with the Beauty Corp first. It's good that I didn't pursue your criminal responsibility. How dare you beat me back? How shameless you are?"

"I colluded with the Beauty Corp? Hailee Ye, you have to provide evidence for what you say."

"That day in my office, did you admit that you had colluded with the Beauty Corp? Now you actually ask me for evidence?"

"joke!"

Jacob Liu shouted loudly, pointed at the media and said:

"Criticize me, do you believe this statement? Suppose you betrayed the company, would you stand up and admit it yourself? Do you think I'm stupid?"

Everyone shook their heads.

Only a fool will stand up and admit that he has colluded with other companies.

Hailee Ye's statement was too imprecise.

"The most wronged is my brother Harvey."

Jacob Liu pointed to Harvey in the wheelchair again, and said indignantly:

"He was originally Hailee Ye's driver, and he was also the first to find out that Hailee Ye was taking care of the toy boy. In the end, just because of a few words of persuasion, look at how he was beaten up!"

All the cameras moved to Harvey's body in an instant.

Harvey also very cooperatively took out a medical certificate, gritted his teeth and said, "This is the diagnosis given to me by the hospital. The right upper limb has a comminuted fracture of the wrist bone, and both knee joint ligaments are torn."

boom!

It was like a deep water. The bomb exploded suddenly, and the audience boiled.

"It's too much! There is no law!

"Such a vicious woman has the face to stand on the stage and hold a press conference. Get out!"

"Hailee Ye, you must give us an explanation! Mr. Harvey and Mr. Liu must be given justice!"

Public opinion instantly turned to one side, and all media

reporters were filled with righteous indignation.

Hailee Ye face paled slightly, and his voice trembled:

"Jacob Liu, you keep saying that I helped toy boy up, and you keep saying that I sent someone to beat Harvey. Where is the evidence? Please show me the evidence!"

The only thing she can do now is to ask Jacob Liu to produce evidence.

Jacob Liu snorted coldly, but did not respond. At this moment, a middle-aged man sitting in the front row suddenly stood up.

"I have something to say."

His name was Ariel , and he was the current Personnel Department manager of Hailee Corp . When Jacob Liu was in office, he was the deputy.

"I can attest that Jacob Liu is telling the truth."

Just when everyone thought he was going to speak for Hailee Ye, they didn't expect that Ariel would actually be on Jacob Liu side.

There was a sensation in the audience.

Hailee Ye' s delicate body trembled and said, "Ariel, what are you talking about?"

"Will Boss Ye not understand what I said?"

"Everyone in the company knows that you originally wanted to leave the manager position to that toy boy, but you gave it to me because of pressure."

While talking, Ariel took off the work card, and said firmly: "I, Ariel, will not eat this cheap food!"

Boom!

Hailee Ye's body trembled violently, but before she could recover, the door of the conference room was pushed open again.

The ones who came in this time were John Xu, the youngest of the Xu Family, and Garry Wang!

"Mr. Arile said well. A woman like Hailee Ye is not worthy of your service at all. Leave Hailee Corp. I, Xu Family, welcome you to join me at any time."

John Xu's appearance once again pushed the media reporters to a climax.

They all know that Xu Family was the largest distributor of Hailee Corp, and Young Master Xu was Hailee Ye's fanatical suitor. Why was he here?

By the way, it must be Hailee Ye's behavior of raising the toy boy, which angered him.

Sure enough, John Xu took the microphone from a reporter and said, "I declare that from now on, I will cut off all cooperation with Hailee Corp."

Then he looked at Garry Wang again: "Don't you have something to say? You can say it now."

After speaking, he handed the microphone to Garry Wang.

A trace of resentment flashed in Garry Wang eyes, and he secretly said, Hailee Ye, Young Master Xu promised to help me pay off my gambling debts, so don't blame me, it was you who were unkind first.

"My name is Garry Wang. Like Hailee Ye, I grew up in the Sunshine Institute, so I know what she is like. Hailee Ye has liked to bully other children since she was a child, including me."

Garry Wang turned black and white, and pushed all the things he did in the orphanage to Hailee Ye.

"I won't mention anything about my childhood, just say that recently, the old dean was seriously ill and needed a lot of money for medical treatment. I found Hailee Ye countless times and knelt down and begged her to borrow money."

"But Hailee Ye, it's fine if you don't borrow it, but you still call me a scoundrel and tell me to get lost..."

After Garry Wang finished his complaint.

There was a long, long silence.

The entire conference hall was shrouded in a depressive atmosphere. This kind of depression was a sign before the outbreak of anger.

"Hailee Ye, you are a scumbag!"

Finally, after a lengthy and depressing silence, everyone's anger broke out completely.

"Hailee Ye, an ungrateful woman like you doesn't deserve to live, hurry up and die!"

"As a woman, I'm ashamed of you, you shameless bitch!"

"Hailee Ye, I wish you go to hell soon..."

The violent criticism and condemnation made Hailee Ye's body tremble, and tears rolled down her face.

"No, that's not the case. I haven't done what he said..."

Hailee Ye shook her head desperately, tears of grievance wet the front of her clothes, but no one listened to her explanation.

They have decided that Hailee Ye is an ungrateful and shameless femme fatale.

She should be drowned in the spittle of everyone.

"Hailee Ye, you're hiding really deep enough. I, Titan Gu, have

been your sister for so long, yet I haven't seen through your character."

Titan Gu sneered and took off her work badge, and smashed it on the ground: "I feel ashamed to work with someone like you!"  
"Titan, even you..."

No matter how strong Hailee Ye was, she couldn't bear such successive blows, and finally passed out with black eyes.

But just as she was about to fall to the ground, a figure suddenly rushed out from the backstage and caught the frail body.

"Don't even try to escape your responsibility today!!!"
