Olive didn't stop, but she turned her head to look at Jean and smiled, and said: "Master Paulo, don't worry. Just sit down for a while, and I'll invite more people to entertain you later. If no one teaches you, I will teach you a lesson on behalf of your grandpa."

Jean looked up at Olive.

But her beautiful figure disappeared from view.

Today, Marvin and Charlotte get married. The wedding was held at the mansion. All the upper-class nobles in the Imperial were present, and everyone was smiling and chatting happily.

The bride-to-be Charlotte wore a custom-made white wedding dress, light makeup, and a tiara on her head. She seems to be the happiest person today, next to her is Lily, the mother-in-law.

Charlotte knew that Lily didn't like her before, so after a few days of arranging the wedding, she became more polite to Lily, and changed her calling soon, "Mom, I'm getting married to Marvin today. Don't worry. I love Marvin so much. I will definitely treat him well after the marriage. We will be a family in the future, and I will respect you with all my heart."

Charlotte's mouth was still very sweet, and she had given gifts to Lily all these years, and these days she gave gifts more often. In fact, Lily had no shortage of those gifts, but this showed Charlotte's infatuation and affection for Marvin.

At first, Lily wanted her son to marry Joyce Brown's daughter, but then she discovered that Olive was Joyce Brown's daughter, which she could bear even if she didn't like it.

Who knew Olive would later cause such a series of scandals? She even cuckolded her son. Her son is the arrogant son of the heavens, and even more fascinated by Olive, the mother daughter relationship is even broken. Lily was very sad. She feared that Olive would really ruin her son. When Alpha

agreed to the marriage, she reluctantly accepted Charlotte.

Lily looked at Charlotte with the attitude of a mother-in-law, "Charlotte, after marrying Marvin, are no longer the daughter of the Paulo family, but Marvin's wife. Do you want to put Marvin first?"

Charlotte nodded quickly, bowed her head, and said, "Yes, I understand, Mom."

you

Only then did Lily nod in satisfaction.

Nora and Crystal also come, Crystal asked: "Mom, where's Dad?"

Crystal swept away the haze, in a very good mood. First, the wound on her wrist was healed. Second, her father Damien was back!

Damien is the richest man in the world. He had just returned, the famous ladies were all eager to surround her and flatter her. Crystal knows her father is her greatest support and honor.

She is Damien's daughter, who is she afraid of?

Nora glared, asking: "Crystal, where's your dad?"

Crystal seemed pleased, now that Damien and Alpha were standing talking in a dimly lit place, surrounded by the most powerful bosses in Imperial, and those bosses surrounded Damien and Alpha in the center. These two Imperial sons were like revered emperors.

Crystal quickly lifted her red lips. Her greatest pride in this life was her father, Damien. She held Nora's hand and said, "Let's go to Daddy's place."

Nora was also well dressed tonight, whispering to Crystal, "Crystal, your dad is getting a divorce. from me. You have to convince your dad, let him dispel this thought, and makeup with me again, you know?"

Crystal nodded vigorously, and confidently said: "Mom, let's see me."

Chapter 401 Put on the clothes!

But when the girl's soft red lips pressed against him, he felt the taste... not bad.

Coincidentally, the girl on him thought the same. She said, "So this is the kiss of legend, not bad. Let's kiss again."

She kissed again.

Damien fought intensely. He never thought he would make love with a strange woman. He didn't like a one-night stand, but now the heat wave in his body was getting higher and higher, almost burning him.

Damien closed his eyes, hugged her and turned over, pushed her down, harshly ordered: "Open your mouth!"

"What... um!"

Everything that happened next made sense, he was inexperienced, she shouted,

"Hey, hey, calm down. Don't tear my clothes, I'll have to put them back on later."

"You... Do you know?"

He buried his hot handsome face into her long hair, scolding in a deep voice: "Shut up! Stop shouting!"

His soul was called out by her!

After a night of passion, when he fell, he stretched out his strong arm and held her in his arms. The two were drenched in sweat. He asked her, "What's your name?"

The girl in his chest very dishonestly replied, "Didn't you say I'm a witch?"

He was a bit unhappy then.

The girl sensitively sensed, asking, "What's wrong with you? You don't understand the one-night stand rule? You can't ask for my name. I won't tell you either. Don't look for me later. We're just friends with benefits at best."

What?

One night stand... Friends with benefits?

Damien had never heard these words before, but it was not fun. He withdrew his strong arm and said, "Then don't come to me in the future!"

"Don't worry,

I won't find you!" The girl said surely, get out of bed, get dressed to go.

She just walked away, very elegantly, without looking back.

Damien was angry. Because he spent all his energy because of her, he just closed his eyes and slept. When he woke up it was dawn the next day, he moved a little and saw a girl lying in his lap. That girl was back.

At that moment, he admitted, there was a flash of joy in his heart. When he looked at the girl's face, he immediately saw Nora.

Released from distant memories, Damien looked at Nora in front of him. That night, he was indeed moved with compassion, but from the first time he saw her, that kind of sad feeling suddenly

800.0%

disappeared. He has no interest in Nora.

Seeing Damien silent for so long. Nora knew that he was remembering what happened that night, and she was jealous.

Nora suddenly ran over, and hugged Damien tightly, saying, "Damien, I know you can't forget that night, that means you have feelings for me, so why don't you want me now? You never touched me after that."

"Damien, let's try again! Let's relive the old dream, maybe I can give you a son!" Nora said, tiptoeing closer to Damien's handsome face.

Damien immediately smelled an artificial perfume, which was completely unlike the soft and fragrant scent of the girl that night.

Damien immediately reached out and pushed Nora away.

Nora looked at him confused, "Damien, what's wrong with you?"

The number of times Damien and Nora were together after marriage could be counted on fingers. Because he has no feelings for her, he doesn't contact her. Now that he smelled perfume on Nora, he raised his eyebrows and said.

“Nora, you need to be a little smarter. I have to go to the hospital to visit my mom later, but you are here to disturb me about giving birth to a son. Don't you find that troublesome?”

Nora froze, suddenly remembering the old lady still in the hospital, and she didn't choose the right time but was too hasty.

Damien wasn't in the country all year round, and now that he's finally back, she really can't wait.

Now that it was over, Nora didn't want to give up halfway, she had to try harder. She immediately reached out and brushed off the thin straps on her shoulders, the red two-piece dress had slipped down. Her body is very well maintained, and the curves protrude. She confidently looked at Damien, “Damien, I'll go to the hospital with you later. We haven't been together for a long time, I miss you so much.”

Damien looked at the woman writhing in front of him, his eyes didn't waver in the slightest. He was so calm, and he didn't even look at Nora. He pursed his lips and said, “Everyone come here.”

The bedroom door was immediately pushed open, and several maids entered. Nora is still naked now, with no clothes on her body. She didn't expect that Damien would suddenly call someone in, the cold wind outside touched her skin, Nora immediately reached out to hug her and shouted “Ah”.

She is Mrs. Robert, and for years she has pretended to be strong and cheerful, which is very important to save face. Now that the maid came in and saw her body, she immediately felt like she had been slapped hard, extremely humiliated, and embarrassed!

Nora shouted: “Get out! Get out!”

The maids didn't go out because the owner of the Robert family was Damien. Damien said nothing, and neither of them would come out.

Damien gave Nora a cold, distant glance and ordered: “Help the lady get dressed, lest she catch a cold.”

After saying that, Damien left.

The maids came forward, picked up the dress from the carpet, brought her coat, and surrounded her in unison: “Madam, please dress up.”

Nora's face was as pale as paper, She had taken off her dress, and now Damien asked someone to

help her put it back on.

Nora's eyes were red, tears rolled down, she clenched her teeth, biting out a

mouthful of blood.

Crystal was still in the hospital, in the blink of an eye four days have passed. These four days were peaceful, Olive also had no news. She seemed to have evaporated from the Imperial

The Paulo family was preparing for the wedding and had no time to take care of Crystal. Of course, she was very relieved, because in the past four days, her scar had disappeared, and her skin was as smooth as ever.

Crystal looked at X happily and said: "Professor X. your medical skills are amazing. Thank you.

X shook his head, "It's okay, today is the last day of applying the medicine. Miss Robert, goodbye."

X said "goodbye" and left with his pill box.

Walking down the corridors of the hospital, Olive raised her eyes, and she quickly saw a handsome and pale figure in front of her, it was Jean!

Chapter 403 The wedding

Jean looked at Olive. She was waiting for him at the underground scientific research base!

Oh!

This is luring the tiger away from the mountain!

Today is Marvin and Charlotte's wedding day, she intentionally leaked the news about the black nanny car to him, deliberately luring him in!

Jean turned to leave.

But at this moment, with a "boom", sound, the underground scientific research base's big door directly closed, trapping everyone inside..

"Master Paulo, what's going on? Why do I feel that Olive is catching us?" His subordinates looked at Jean anxiously.

Jean pursed his thin lips, and Olive's clear voice came from behind him,

"Jean, where are you going? I finally invited you here. How can I easily let you go?"

Jean turned around, and those blue scorpion like eyes fell on Olive's face.

"Did you intentionally appear in front of me at the hospital?"

Olive wore a black coat, the zipper stretched to the bottom, making her white skin translucent. Her lips were red and her teeth were white, she nodded:

"Yes."

Having said that, Olive brought with him a piece of information, which was Jean's complete adult profile, "A few days ago, I formed an emergency research group to study your extreme personality. You have the talent for

poison from an early age. So your grandfather put all his heart and energy into you. While the other children were happily playing, you locked yourself in the laboratory and started doing different experiments. You are very indifferent to human emotions and tend to be autistic. Your personality is extremely dark, pathological”

Olive closed the file, looked at Jean with her clear eyes, and smiled, “People like you are the hardest to accept when provoked by others. I have disappeared without a trace in front of you. You have looked for me for a few days. If I intentionally show up at the hospital, you will definitely follow the clues frantically. I will reveal the information about the black nanny car to you at the appropriate time, and I will conveniently invite you to come here.”

Jean’s expression changed, and he looked at Olive darkly, “You did everything smoothly, but behind. you, there must be solid support, many people must cooperate with you. Olive, who are you?”

Olive’s eyes slowly flashed a sharp glint, enticing, “Who am I? You will soon know.”

“Olive, what other plans do you have?”

“Can’t you guess? The big wedding of the two Augustine and Paulo families must be very exciting today. I won’t chat with you anymore, I’ll go to the wedding first.”

Jean watched Olive’s departing figure. He guessed right. Olive’s goal was the wedding of the Augustine and Paulo families. She already knew that Marvin was poisoned, she wanted to save him!

Now outside public opinion is like a hammer. As long as she shows up, it will kill her. How dare she go to the wedding alone?

That would be fun!

Jean was very calm. He didn’t intend to leave but sat down on a chair, and softly said; “Olive, it will be useless. You can’t save Marvin.”

11:52

Chapter 404 Elvis is here!

Crystal was very confident. This time when her father finally returned, she would definitely help her parents reconcile!

Alpha was standing with Damien. Seeing Nora and Crystal come over, he nudged Damien by his

side, saying, “Your wife brought her daughter here.”

Damien glanced at Alpha, and Alpha looked optimistic.

Damien asked, "Are you getting old and starting to enjoy gossip?"

Alpha raised his eyebrows and said in a deep voice: "I'm curious. You didn't get the wrong person, did you? Is Nora really the woman who slept with you that night?"

These two have been friends for many years, but Damien was still very clear about Alpha's personality. Alpha never talks nonsense. Once he says something, there must be deep meaning. Damien looked at Alpha, asking. "What do you mean?"

"I mean, the woman who was with you that night talked to you. Take what you said that night and ask Nora, and exchange it with her like code."

Damien's eyes darkened. How does she answer the code? That night she talked to him, but all she said was that she wanted to give him a child!

Or is he now talking about her asking him if he likes boys or girls?

Or about her wrapping her arms around his neck and saying how nice it was to kiss him?

Damien's Adam's apple rolled up and down. Then he checked the meaning of the word friend with benefits on the Internet, at which point he was very angry. She also described him as disposable.

But that night, the two of them actually slept together. Together they rolled from the head of the bed. to the end of the bed...

At this time, Alpha pushed him again. "Okay, don't worry, I know you only did it once. I can. understand your feelings. I sympathize with you."

Damien glanced sideways at Alpha. At this point Crystal and Nora came over, Crystal affectionately taking Damien's strong arm, and calling subtly, "Daddy-" When Nora and Crystal arrived, the bosses' eyes fell on mother and daughter, and naturally, they praised,

"Mrs. Robert is so beautiful today, like a rose that is nurtured, it seems that this is all thanks to Mr. Robert."

"Mrs. Robert, I really want to ask about your husband's treatment technique. You and Mr. Robert are apart all year round, but there are no women around him. Your skills are really amazing."

"I think your relationship is really good. Miss Crystal is also beautiful. Look at the three of you together, oh my g od, I'm so envious!"

Nora puffed out her chest, revealing her most perfect demeanor. Standing next to Damien, enjoying the fleeting glory of the moment, she is the highly-anticipated Mrs. Robert!

Even if she was not favored, those women outside didn't even have the opportunity to get close to Damien. They were still jealous of her, that was enough!

Crystal clung to Damien's side, She deliberately looked at the bride today as Charlotte. Today Charlotte is the main character, but when her father

returned, all the high-ranking officials in the Imperial citadel were still around her.

Crystal feels that she has robbed Charlotte of today's temperament, and she is happy.

At this time, with a "Boom" sound, the door was pushed open, and cold air rushed in from the outside, accompanied by a tall and handsome figure.

It's Elvis!

Elvis is here!

Elvis wore a black coat. When he entered the door, he took off his jacket and handed it to his secretary behind. Now he's wearing a suit hand sewn black dress, handsome and expensive. He entered with resounding footsteps. Suddenly, everyone's eyes were on him.

Elvis attended the wedding, too.

When Crystal saw Elvis, her heart pounded like it was on a racetrack. In the place of great bosses, Elvis, as a new generation of business aristocrats in Imperial, was like a new star, a radiant beauty. He was like a magnet, definitely attracting everyone's attention.

The crowd automatically gave way, Elvis narrowed his eyes like a cold abyss, hesitated for a moment, then came here.

The bosses around Crystal nodded and sighed: "Every time we look at Young Master Augustine, we all feel that we are old. The future of the business will depend on Young Master Augustine."

Damien had been abroad these years, his gaze also fell on Elvis, then he looked at Alpha, "Your son is most like you."

Alpha looked at Elvis, this son was like his mother, too.

As soon as Elvis stepped onto the stage, he was always the center of attention, even in front of Damien and Alpha, two sons of Imperial. So this is why Crystal is so obsessed with Elvis. Everyone knew that Elvis would be the head of business and the future king.

Crystal has a father like Damien, if she can have a husband like Elvis and a father-in-law like Alpha, her life will be like heaven.

She has been working towards this goal.

At this time Elvis came over, narrow eyes falling from Alpha on Damien's face, "Mr. Robert, long time no see."

Damien reached out and patted Elvis on the shoulder, "Elvis, you've grown up."

Crystal's bewitching gaze fell on Elvis's handsome, flawless face, "Elvis, are you here too?"

Everyone present was smart, and everyone quickly said,

“Young Master Augustine and Miss Robert are truly made for each other. Mr. Robert has no son, so his son-in-law is his son. From now on, Young Master Augustine will be Mr. Robert’s son.”

Crystal immediately looked at Elvis expectantly.

There was no expression on Elvis’ handsome face. He glanced at the bosses nonchalantly, then back at Damien, “Mr. Robert, your daughter Crystal and I have broken off our engagement, I just wanted to take this opportunity to tell you directly.”

The atmosphere at the scene quickly froze.

The smile on the corner of Crystal’s mouth was frozen before it could bloom. Damien’s mood wasn’t disturbed. He curled his lips and said: “Love cannot be forced. You young people don’t need to tell me what you have decided.”

FOG.7%

“But,” Damien looked at Alpha, “we Robert family and Augustine family are friends, and your father and I have been friends for many years. If there’s something about your father that makes me jealous, it’s that he could raise a son like you.”

Inside, Damien highly valued Elvis. He doesn’t overestimate anyone. Later Elvis can become a giant in the business world.

If he could entrust Crystal’s daughter’s happiness to his hands, then he would rest assured.

At this moment, Alpha coughed. He was as quiet as an old fox, “Elvis, who can predict what will happen in the future? Don’t offend Mr. Robert, lest you want to marry his daughter, you must pass the father-in-law’s test.”

Chapter 405 The eyes are as clear as the autumn water in his dream  
Elvis glanced at Alpha, disapproving.

Alpha looked at his son and sighed inwardly. He’s still so young!

At this time, Mr. Paulo came over and said, “President Augustine, everyone’s here. Let’s start the wedding.”

Alpha looked down at his watch.

At this point, Elvis raised his head and looked around the audience, saying, “Wait a minute, someone hasn’t arrived yet.”

Damien calmly looked at the father and son beside him. Who were they all

waiting for?

“Who is young Augustine waiting for? I think everyone is here.” A h oss said confused.

Elvis looked toward the door, magnetically calling out a name. “Olive Hart.” Olive hasn’t arrived yet!

Whispers sounded.

Everyone who heard this name gasped, no wonder Olive’s name has become so famous recently. Now someone who doesn’t know Olive is simply from an alien planet.

Someone lost his voice: “Augustine, you mean... Olive will come to this wedding?”

“How is that possible? Olive’s been gone for five days. I think she’s hiding. How dare she show Augustine and Paulo’s wedding? How dare she?”

Elvis pursed his lips in a thin arc, “She will definitely come!”

His tone was so steady. He knew Olive was coming.

She disappeared for too long. He couldn’t take it anymore, couldn’t help pulling her out.

Five days is the freedom he gave her. He also wanted to see what she wanted to do.

up at

At this moment, with a “Boom” sound, the door suddenly opened and someone walked in! “Whoosh”, everyone’s eyes were focused on it, then their pupils contracted and enlarged, That’s... her,... Olive’s here!

She is so brave!

Olive didn’t come alone. There was another person, Mrs. Robert!

Mrs. Robert was sitting in a wheelchair, her feet wrapped in blankets, her face rosy, looking healthy and happy. Olive pushed the wheelchair behind and went in with Mrs. Robert.

“Look, Olive’s here! She’s brought Mrs. Robert!”

Nora and Crystal both saw them, their expressions changed drastically, and they quickly gasped, in disbelief at the sight.

Wasn’t the old lady... lying on the hospital bed still not awake? So who was this rosy-faced, healthy-spirited old lady?

And Olive, five days later, finally appeared!

She didn’t appear secretly, but she did appear at the wedding of Augustine and Paulo in such a solemn way!

Olive was still dressed in black, with jet-black hair tied in a low ponytail. She looked the same as

usual, but everything felt different,

Olive pushed Mrs. Robert passed and went on. She didn’t look sideways, her temperament was calm. Everyone had an inexplicable hallucination as if the

queen had come in person, leaving everyone. limp, unable to help but want to worship.

Olive pushed Mrs. Robert past, and Mrs. Robert looked into the gloomy face of Mr. Paulo, then smiled, "Mr. Paulo, your granddaughter is getting married. I came here uninvited. Hope it won't bother you."

Seeing Olive's appearance, Mr. Paulo had a very bad premonition, but because of Mrs. Robert, he could only curl his lips. "Welcome the old lady."

At this time, Damien took a step forward and said in a deep voice: "Mom, when did you wake Why didn't the nanny notify me?"

Mrs. Robert didn't reply to this thread. She took Olive's slender little hand and smiled lovingly. "Damien, let me introduce to you officially. This is Olive." up?

Damien lifted his head, and his gaze fell on Olive's beautiful little hand-sized face and shining eyes. Damien's heart was violently shaken, and his eyes suddenly shrunk. He had seen eyes as clear as autumn water before!

That night, the daring girl sitting on his waist had exactly the same clear eyes. It's just when he opened his eyes, he saw Nora. Nora doesn't have these beautiful eyes. Once or twice he stood in front of the French window and stared at Nora, momentarily suspicious of those autumn water-clear eyes. He thought that night was just his hallucination. Anyway, he drank a lot of alcohol and the night was too dark.

However, now he saw a pair of eyes as clear as autumn water, just like in the dream he had! Olive's clear eyes looked at Damien's handsome face, she curled her red lips and said in a clear voice, "Mr. Robert, I've admired you for a long time. Hello."

Damien quickly withdrew his thoughts, nodded, and said, "Miss Hart, hello."

Mr. Paulo and Nora looked at Damien and Olive. How could they expect that at this wedding, father and daughter would actually meet so unexpectedly?

This kills them without preparation.

Especially, Nora was so nervous, her face pale. No, Olive's story couldn't be revealed to the public. Once Mrs. Robert and Damien learn that Crystal isn't from the Robert family, then it will all be over. The bonuses they received from the Roberts during these years would be taken out with interest. At this time, Mrs. Robert looked at Nora's face, revealing a sharp part in her eyes, "Damien, have you and Nora done with the divorce proceedings?"

Such a frank sentence from Mrs. Robert stunned everyone.

Especially the bosses who had just praised Nora's husband's control skills, now all their surprised eyes were on Nora's face.

Nora became the center of attention as she wished, but this wasn't what she wanted, and she felt that she had been severely slapped.

Mrs. Robert actually went public that they were going to divorce.

At this time, Mr. Paulo hastily said: “Ma’am, are Damien and Nora going to get a divorce? Why are they getting a divorce?”

Mrs. Robert snorted, “Mr. Paulo, you should ask your daughter about the reason. Your daughter knows better than anyone.”

11:52

Nora froze on the spot, her face pale, she clenched her fist: “Mom, I won’t divorce!”

Mr. Paulo immediately said: “Good time has come. Today is Marvin and Charlotte’s wedding day. Old lady, let’s talk about these things after the wedding.”

At this point, the other side is quite buzzing, because tonight’s main characters, Marvin and Charlotte, have appeared on the red carpet.

Olive raised her eyes and looked at Marvin. He was still handsome and cool, but he lost his charm and charisma and was manipulative.

Olive raised an eyebrow.

Elvis was still staring at Olive. Ever since she stepped out, his eyes hadn’t left hers. Seeing her frown at Marvin, he immediately pursed his thin lips in displeasure.

O(12)

Chapter 406 This is your end!

At this moment, Elvis averted his eyes to the side and suddenly saw Damien.

Damien’s gaze was on Olive, staring at her like something was wrong.

Damien actually stared at Olive, and Elvis quickly narrowed his deep eyes, revealing a hint of displeasure.

Everyone at the scene has their own ghost.

Marvin and Charlotte appeared, the host smiled with a microphone and said:

“Today, Augustine and Paulo are having a wedding, everyone is welcome.

Before the wedding begins, let’s take a look at the sweet wedding photos of the bride and groom.”

Charlotte wore a beautiful and holy wedding dress, standing on the red carpet holding Marvin’s strong arm. She looked up at the big screen in front of her, too. She and Marvin took a wedding photo, she thought it was beautiful. She couldn’t wait to invite people to appreciate and envy her. Everyone’s eyes turned to the big screen. The big screen lit up, and a picture quickly appeared. However, it wasn’t a wedding photo but a surveillance video.

That surveillance video was filmed in the home office of Robert. Mrs. Robert and Nora were filmed at the same time as if they had just argued.

At this time, the door of the office rang, and a maid brought a bowl of bird's nest to come, Nora received the bird's nest, then the surveillance video suddenly zoomed in close, focusing on the wedding ring that Nora was wearing.

Nora gently twisted the wedding ring, then the drug spilled out of the wedding ring, directly into the bird's nest bowl.

The drug was colorless, odorless, and dissolved immediately into the bird's nest.

Then Nora gave the nest to Mrs. Robert, Mrs. Robert ate all the bowl of the bird's nest soaked in medicine.

Nora pretended to leave and just reached the door when Mrs. Robert in the back clutched her heart in pain and fell to the ground unconscious.

Nora turned and looked at Mrs. Robert lying on the ground with a sinister smile on the corner of her mouth.

The surveillance video was frozen this way, on Nora's creepy smile.

Nora watched this surveillance video, her body stiffening. She felt a large hand emerge from the darkness, and forcefully push her, and she fell directly into the cold abyss.

Her pupils kept widening, she revealed an unbelievable expression. Where did this surveillance video come from? Why did it appear on the big screen of this wedding?

"Don't play it!" Nora, realizing it shouted, rushed forward, flailing her arms frantically, "Turn off the screen! Turn it off quickly!"

But, it was too late. Everyone saw it.

The audience erupted in excitement,

"Go d... Oh my G od, what did I see? Did Nora really... poison the old lady?"

"This is a total crime. You will go to jail!"

"Looking at Nora's smile, I get goosebumps all over."

11:52

"No, didn't Nora say that the old lady passed out from hearing that Crystal committed suicide by cutting her wrists?"

Nora listened to the discussions around her, and now everyone was pointing at her, poking her spine, talking about her, and berating her.

No!

Nora's whole body trembled, she clenched her fists, involuntarily shouting:

"No. It's not the truth! It's not the truth!"

She is Mrs. Robert. The cold Mrs. Robert. These people should envy and praise her, what right do they have to disparage her?

At this time, Mrs. Robert snorted coldly, "Nora, I gave you a chance just now.

If you get a divorce, then I won't reveal your crime in this marriage but will deal with it privately. But you're being haunted, and there is no salvation." Nora blushed and looked at Mrs. Robert. Why didn't she die? Why didn't she die?

Nora pointed to Olive, "Olive, it's all your fault right? It's all your fault!"

The slender and graceful Olive stood there, her bright eyes glittering as she looked at the mad Nora, "What are you talking about? That's right, I gave the old lady a heart-protecting pill first to make your plan a failure. Nora, on the old lady's 80th birthday, you sent a maid to drown me in the water. I almost drowned in Robert's swimming pool. Then you tried to kill the old lady, you're so cruel! From now on, you will spend your whole life in prison and slowly repent."

Prison?

At this moment, the gate was opened, and a group of uniformed policemen rushed in. They drove a "special vehicle" to pick up Nora.

Olive looked at Nora, "Nora, I've reported your crimes, there's solid evidence, and you're punished. for both. This is your end."

Olive declared, "This is your end."

These words were the sentence for Nora's life. It was over.

Everyone looked at Olive's beautiful little face, and now her figure was cold, like a drawn sword, she really... killed Nora like that.

Nora kicked her out of the radio station, and within a few days, she put Nora in jail herself.

But for a 20-year-old girl whose tricks were so strong and fierce, and didn't hesitate at all. She is truly admirable.

Everyone sighed, but they still couldn't accept that Nora had become a killer! Nora became a killer, and Crystal was the first to run out. She ran to Nora's side and accused Olive, "Olive, why are you so cruel? My mom won't go to jail. Haven't you cut my wrist to kill me enough? Now you want to destroy my family?"

Crystal also trembled. She never thought that her mother would be exposed. Her mother couldn't go to jail. She also didn't want her mother to be a murderer!

At this moment, everyone's eyes were on Olive and Crystal. Between these two, everyone was still on Crystal's side, especially when it came to the topic of Crystal committing suicide by cutting her wrist.

One said, "Even though Nora deserves it, Crystal is innocent. This can't vindicate Olive, it was she who caused Crystal to commit suicide. There's no need to explain this!"

Olive's clear eyes stopped on Crystal's eye-catching beautiful face, then she

slowly lifted her red lips

and asked in return: "Crystal, you still say I made you cut your wrists to suicide. What about your wrist? Let's take a look at the wounds on your body."

Crystal was so angry that she glanced at her. Who was afraid of whom? She immediately lifted up her sleeve and raised her right wrist for everyone to see, "Olive, here's my wound. Do you think you can still deny it? Everyone, let's come and see Olive's evil heart!"

Everyone looked at Crystal's right wrist, their eyes quickly turning strange. Crystal suddenly remembered something, and she froze.

Crystal suddenly remembered that the scar on her wrist was healed by XI Olive pursed her lips and asked, "Crystal, what do you want us to see? Just look at the expensive diamond bracelet on your wrist?"

To attend the wedding, Crystal chose the most expensive diamond bracelet to wear. The sparkling diamond ring accentuated her smooth white skin, extremely beautiful.

But this beauty became the most ironic thing.

Everyone sniffed, expressed doubts,

"Didn't Crystal cut her wrist to commit suicide? It's only been a few days since the scar has disappeared?"

"She's not... acting, is she?"

"I heard that the wound on her wrist was treated by the Paulo family and they never went to the hospital."

Crystal couldn't explain. Because she was afraid of pain, couldn't do it herself, so the wound on her wrist was very shallow. All the media reporters came that night. In order to create a tragic illusion, she bandaged it. Because of this, her wound was never touched by a doctor, lest it be exposed.

Now all these details are brought out and magnified endlessly under the microscope. Crystal felt so wrong, she apparently cut her wrist to commit suicide, but the scar was gone. Everyone assumed she was acting.

Mr. Paulo's facial expression has changed dramatically. Alpha agreed to the wedding, so he has been busy preparing for the wedding for several days, ignoring Nora and Crystal.

Olive disappeared. He originally thought that Nora and Crystal would be in the hospital resting. How did he know they had caused him such a big mess? If Nora told him the truth about her poisoning Mrs. Robert, he wouldn't agree. He would warn Nora to live a peaceful life in Robert's house.

As for Crystal, Mr. Paulo wondered why he had such a stupid granddaughter. Olive hasn't appeared yet, has the scar on her wrist healed?

Mr. Paulo stepped forward, and angrily asked Crystal, "Crystal, what's going on?"

Crystal twisted her face in pain and said, "I killed myself by cutting my wrist, but...but the wound on my wrist has healed."

Nora was aware that something wasn't right, and quickly said: "Yes, Dad, I can testify."

At this time, Olive raised her delicate willow eyebrows, smiled, and said: "In just five days, the scar on your wrist has completely healed, and there is nothing left. Crystal, have you met the god of medicine?"

Crystal wanted to open her mouth to say, "I..."

But Olive didn't give her a chance to speak, so she abruptly changed the subject, "Or, it's fake that you cut your wrist to commit suicide, and someone behind your back is inciting you to use this trick. to harm me?"

Olive just finished speaking, Mrs. Robert then patted the handle of the wheelchair heavily, then looked at Mr. Paulo, "Mr. Paulo, Crystal is my granddaughter. She likes Elvis, and even the Imperial knows that Elvis loves Olive. Crystal can't help but be a little disappointed, and this is the best time

for those of you, who have such a cruel heart, dares to use her?"

Mr. Paulo quickly understood Mrs. Robert. Crystal is the granddaughter of the Robert family, and Mrs. Robert still loves her very much. She will protect Crystal, but this has to be taken care of. He has to get rid of one!

Mr. Paulo pondered inside, determined to make a quick decision. The story that Crystal cut her wrist and committed suicide must absolutely not touch the Paulo family, otherwise, it won't be clean in the future.

The cloudy eyes of Mr. Paulo immediately fell on Nora, then he stepped forward, raised his hand, and slapped her hard.

With a bang, Nora was unable to prepare and was directly knocked to the ground. Mr. Paulo used so much force that half of her face was red and swollen.

Nora covered her face in surprise and looked at Mr. Paulo. She didn't understand why her father didn't protect her now, and why he beat her for no reason.

Nora was really stunned, exclaiming. "Dad, why did you hit me?" Mr. Paulo, filled with legitimate indignation, pointed at Nora and cursed, "Unfilial daughter! You must have forced Crystal to cut her wrists to commit suicide! Crystal is a good child, but you instigated and abandoned her!" After Nora felt a slap in the face, Mr. Paulo gave her another blow to the head. She didn't understand what her father was saying. Why would she want Crystal to cut her wrists to commit suicide? This idea is from Jean. "Dad..."

"Enough. Stop calling me Dad. I don't have a daughter like you. Now you're crazy. You're a murderer. I don't know you anymore!" Mr. Paulo coldly rolled up his sleeve and spoke as if he were reciting. He turned away, not wanting to see Nora again.

Nora understood. Now she understood that she was abandoned. She was abandoned by her father!

Now all the responsibility is placed on her shoulders. To protect the purity of the Crystal, she was sacrificed.

Nora looked up at Crystal, "Crystal..."

No matter how stupid Crystal was, she understood what Mr. Paulo said. At this point, Nora was embarrassed to sit on the ground, her eyes red as she looked at her. Crystal instinctively took a step back and didn't dare to go any further. She looked at Nora from afar.

Seeing her biological daughter treat her like this, Nora's heart sank. She really didn't expect that it was her daughter, who was ten months pregnant and devoted all her love, to abandoning her.

She was abandoned by the whole world.

After years of life and years of hard work, everything is just an illusion. She has nothing.

Nora was in shame. She knew this was her fate. She fell from the high clouds.

She was no longer Mrs. Robert, and no longer the great lady of the Paulo family. She would be in prison for the rest of her life.

Although Crystal abandoned her, she couldn't bring this daughter down, she had to confess all the guilt.

Nora looked at Olive with eyes of hatred, "Olive, I did it all. I convinced Crystal to kill herself by cutting her wrists to harm you. I was the one who poisoned the old woman. Now are you satisfied?" Olive looked at Nora on the ground.

She took two steps forward and approached Nora, saying,

AIZT

"Nora, you certainly never thought that I would be the closest to you when you were in danger, have you? Your ingrained enemy can calmly stand by your side, but your father, your daughter, and your niece hid from you. Don't you think life is very ironic?"

Mr. Paulo, Crystal, and Charlotte were stunned.

“Nora, you shouldn’t provoke me. I was never a good person. You almost drowned me. I will take revenge. However, I sympathize with you, because you are the only one in the house that has love in the heart. A mother’s love is your last conscience.”

Chapter 408 Why isn’t Olive the Robert family’s granddaughter?

Only then did Nora realize how terrifying Olive was. Olive knows better than anyone what she loves **and** fears most. Vanity cost her everything.

Now Olive stuck to her every word. That’s right. **Everything** she cared about was gone, her loved ones stayed away from her like snakes and scorpions. Olive let her see the irony of her life.

Nora’s eyes became hot, and large tears fell. She cried bitterly out of shame.

At this point, the police stepped forward and took Nora **away**.

Nora was taken **away**, the most embarrassing person at the scene **was** the Paulo family. Originally Mr. Paulo stood out to kill his loved ones with a terrifying cause, which may attract a wave of fans, but Olive’s words directly reversed public opinion. Crystal and **Charlotte** were also pointed out by the crowd at the scene,

“It is said that a poor person must have something to hate. Nora tried to kill someone and should be arrested, but seeing her go away **was** so heartbroken. I sympathize with her.”

“Didn’t you see just now when Mrs. Robert **was** about to find out who was behind inciting Crystal to cut her wrists to commit suicide when Mr. Paulo jumped out and slapped Nora in the face? To block the muzzle of the gun, Mr. Paulo can’t **wait** to clean the Paulo house, but I feel that it won’t be clean.”

“As for Crystal, she watched her mum being abandoned and taken away without saying a word. Nora is her mom **no** matter what, but she’s just too realistic.”

“And today’s bride, Charlotte. Nora is her aunt, but she didn’t say a word about the whole thing, and just watched.”

“The Paulo family is really cold blooded, without any humanity.”

“The thing is, can’t you see the clue? Nora has wanted to kill Olive for a long time. I fear Olive has become a thorn in the eyes of **the** Paulo family. I guess the recent blood storm was caused by the Paulo family, who pushed Olive to the forefront, wanting her to be killed by the ax of public opinion.” “I was so angry. At first, I sided with the Paulo family and really hated Olive. I was taken advantage **of** by the Paulo family!”

Mr. Paulo’s face darkened. He suddenly understood. These past few days Olive deliberately used the marriage of the Augustine and Paulo families to restrain him, letting her open a loophole from Nora. Once Nora’s hole is opened, the whole thing will be exposed. Olive’s tricks are really powerful.

Even just now when Nora **was** lying on the ground, Olive deliberately stepped forward and said **those words**, that the Paulo family **wasn’t** clean.

Mr. Paulo looked at Olive. It was he who underestimated her. She really deserves to be Joyce Brown’s daughter. She is smart and determined, brave and aggressive. The more she faces adversity, the more she can turn around like a shining jewel, shining brightly.

At this time, the presenter hurriedly grabbed the microphone and said: “Dear guests, there has been an incident just now. We once **again** focus on today’s bride and groom. I declare the wedding will be starting now. The bride and groom, please walk on the red carpet.”

Charlotte’s expression was unsightly. Today was the wedding day she had long awaited, and she never **thought** Olive would make such a fuss at her wedding.

Now, with melodious wedding music playing at the scene, Charlotte straightened her back, tried her best to put on a princess pose, and stepped onto the red carpet, hugging Marvin's arm.

But the people below still whisper,

**me koben amby's gram**

"Oh my god, Nora just got caught by the police and turned into a murderer, and the Paulo family is still in the mood for a wedding?"

"Does the Paulo family have any **plans**? Aren't they looking for a lawyer for Nora?"

"I think Charlotte can't wait to marry Marvin. Charlotte **has** loved Marvin for **so** many years, and Marvin finally agrees to marry her. Even if the sky falls today, **she** will marry him."

Hearing these discussions, Charlotte's smile froze again. She really hates Olive. Olive put her and Paulo's family in such an awkward situation.

Now, if they continue the wedding, they will be cursed, but if they stop the wedding, they will still be

cursed.

Charlotte gritted her teeth in anger. Before she got married, all outside reviews assumed that she was Marvin's true destiny. She saved Marvin. She's okay now, all the reviews have gone bad. She's scared that she won't be able to marry Marvin today!

Damn it!

Charlotte **was** so angry that she curled her nose. Crystal wasn't much better, **giving** Olive a hard look. At this time, Mrs. Robert looked at Crystal sternly and reprimanded in a low voice: "Crystal, come here!"

Crystal quickly walked behind Mrs. Robert, like a child did something **wrong**.

Mrs. Robert glanced at Crystal, saying. "Crystal, **this** time Grandma chose to protect you. I hope you can take care of yourself in the future!"

The words of Mrs. Robert were very serious, **with** a serious look in her eyes, which were filled with pain. Just now Crystal abandoned her mother for her sake. The old lady saw all this, and didn't understand how the Robert family could give birth to such a daughter!

Crystal's shoulders trembled, she dared not look at Mrs. Robert's eyes. **She** dodged apologetically.

Mrs. Robert sighed, then looked lovingly at Olive beside her, "Olive, this time as agreed, you let go of Crystal. Thank you."

Olive's shining eyes fell on Mrs. Robert, and she smiled. This time she cooperated with Mrs. Robert, Mrs. Robert only made one request, which was to protect Crystal. Olive knew this. Crystal is **the** blood of the Robert family after all. No **matter** what Crystal does, the Robert family will protect her.

"Old lady, don't need to thank me, but I have to remind you, your granddaughter has to be more disciplined in the future, or else someone else will punish her in the future instead of me."

Mrs. Robert nodded, "I will teach her well."

Mrs. Robert was very regretful because. After this, the distance between her and Olive widened. Olive **is** a girl with a fragile heart. Being with Crystal for a day, she wouldn't step foot into the Robert family. Whatever it was, she would absolutely not agree to be her granddaughter.

**Of** course, Mrs. Robert felt that she had **no** face left to mention it.

Mrs. Robert looked at Olive, suddenly thinking, "Why isn't Olive the granddaughter of the Robert family?"

At this moment, Elvis stepped forward on his long strong legs. **He** looked down at Olive's pretty little face and asked, "You've already made a mess, can we go?"

Elvis wanted to take Olive away.

The gazes of Damien, **Alpha**, and Mr. Paulo all fell on Olive. Olive **looked** at the couple on the red **carpet**, suddenly licking her red lips, asking, “**Go?** It was just an appetizer, and now the real **show** begins!”

Chapter 409 No, he doesn't.

Olive said that the fun had only just begun!

As she said this, her clear eyes turned dark, and the corner of her lips remained a bright smile. The sparkle and elegance in her gaze can capture one's soul with just a glance.

Elvis knew what she wanted to do. He frowned in annoyance, “Do you still want to ruin Marvin's wedding? Does Marvin marrying someone else make you feel so uncomfortable?”

Olive looked at Elvis and said softly, “Marvin is my friend, I can't leave him.”

Elvis frowned tightly.

By this time, Marvin and Charlotte had already walked across the red carpet and walked up pastor, who read the oath, then asked, “Bride Charlotte, do you agree to marry Marvin?” Charlotte had a sweet smile on her face. She shyly looked at the man beside her, “Yes. I do.” The pastor looked at Marvin, then asked the groom, Marvin, “Do you want to marry Charlotte?” Marvin pursed his thin lips, wanting to speak.

But at this moment, a beautiful clear voice reached their ears: “No, he doesn't.”

With a 'swoop', all eyes were on Olive again, because she was the one who just said he doesn't. Everyone's heart was boiling. Here it is! Is the drama about the husband of two women about to begin?

Mr. Paulo has always kept an eye on Olive's developments here. Now the reputation is very unfavorable to the Paulo family, so at this time he doesn't dare to act rashly, can only wait for the wedding to end successfully, and then he will find a way to deal with Olive.

Initially, Olive controlled all the people attending this wedding by surprise, Mr. Paulo was a bit passive, and he was heartbroken after sacrificing Nora. Now he must let Charlotte marry Marvin smoothly so that the Paulo family can strengthen their position.

But Mr. Paulo also vaguely sensed Olive's intentions, she was determined to come for Marvin. Now, as soon as hearing Olive's voice, Mr. Paulo immediately stood up and accused her, “Olive, I respect you as a guest, so I

can stand the noise you made at my granddaughter's wedding, but I don't know what you mean. We have to continue the wedding, so I can only order to kick you out!"

Charlotte on the other side immediately wrapped Marvin's arm tightly, and she stared at Olive with hostility and wariness, "Olive, don't overdo it! You have Elvis, but now you want Marvin? What do you want to do with the two brothers?"

Now that Olive is standing up to take on Marvin, no one will approve of it. Anyway, the fact that she bought birth control pills at the drugstore has just been exposed, and Elvis put his arm around her shoulder and scolded the reporter. The Internet has memories, and the people who look forward to this story are not easily fooled.

One said, "Although I have always considered Charlotte unworthy of our Academic Augustine. But when compared to Olive, I am on Charlotte's side." Another exclaimed, "Yes, Olive just got out of his brother's bed and came here to mess with his wedding. Even a temptress wouldn't be so arrogant."

—

Lily had just watched the entire performance, and she had seen Olive's tricks early on, so she didn't feel strange that Olive had just torn Nora apart. But now that Olive wants to interfere in her son's marriage, Lily can't stand it right away.

Lily stood

up and denounced Olive to Mr. Paulo and Charlotte, "Olive, stop thinking about my son! Today is my son's wedding to Charlotte, you should leave quickly!"

Everyone stood on the opposite side of Olive.

Olive's eyes first fell on Lily's face, "Mrs. Augustine, do you only think about this wedding? Don't you even care about your son's health?"

Lily froze, asking. "What do you mean? What happened to my son?"

The heart of Mr. Paulo and Charlotte missed a beat. Did Olive notice something?

No, this poison was created by Jean himself, normal people would never find out.

Mr. Paulo looked around for a moment, still not seeing Jean's figure. He knows that Jean went to look for Olive, and now Olive is standing at the wedding, but Jean hasn't returned for a long time. Mr. Paulo had a bad premonition inside. He felt that something had happened.

Charlotte quickly suppressed the turmoil inside, and glared at Olive who pretended to be calm, "Olive, don't mess around here! Marvin is fine, and we love each other so much!"

Olive lifted her red lips and sneered. She didn't look at Charlotte but at Lily. To

her son, every mother is a Sherlock Holmes, and she will solve the case on her own.

“Mrs. Augustine, is it possible? Haven’t you discovered your son’s unusual behavior these days? Don’t you feel his jet black pupils lose focus? Don’t you feel his temper change? Don’t you think he’s very obedient to Charlotte?”

/ “Well...”

Lily shrunk her pupils. She didn’t think about it, but she vaguely felt that Marvin had been... strange lately, and she couldn’t say why. Now that Olive said that, she took a breath, calming herself. That’s right, that’s it!

Looking into Lily’s terrified eyes, Olive said: “Marvin has been hypnotized by someone. He has been manipulated. The person who poisoned him is Jean Paulo, and the direct beneficiary is of course your future daughter-in-law, Charlotte!”

Her voice rang out, and the audience was shocked.

Olive’s clear eyes looked at Mr. Paulo and Charlotte, there was a cold glint in her eyes, “The Paulo family is a medical family, and the descendants of the Paulo family have prepared a poison. You can poison whoever you want, even if people don’t admire you.”

Lily immediately rushed to the stage and pushed Charlotte away, “You poisoned my son. Get out of here!”

Charlotte was dragging her wedding dress on the floor, some people had to fix the hem of her wedding dress, now Lily rudely pushed it like that, accompanied by a scream, Charlotte directly fell to the ground.

With a loud bang, her wedding dress was also slashed with a large hole, revealing her snow-white thighs.

Everyone immediately pointed at her.

Charlotte screamed again with an “Ah”. She quickly covered her thighs to keep her from being seen, but today she lost her face.

Charlotte immediately looked at Marvin, calling, “Marvin, save me.”

Marvin reached out and pushed Lily away, coldly saying: “Get out!”

Lily was taken aback. She stared blankly at her son. Not only did he push her, but he als

told her.

to... get out?

Lily stomped her foot in despair, pointed at Charlotte, and cursed with trembling: “You manipulated my son like that? Not only making him push me but also scolding me. Wait, I won’t let you go. I won’t leave your Paulo family alone!”

#### Chapter 410 Olive shone brightly

Olive stood on the sidelines watching the show. She has to open a breakthrough in everything, to regain the initiative.

So in the Paulo family, she chose Nora. As for Marvin, maybe she was kicked out before doing anything, so she chose Lily, who always wanted to protect her son.

With Lily helping her take the lead, the next thing would be a lot easier.

Now Lily, seeing her son who had worked so hard to raise was fascinated by Charlotte, pushed her away and yelled at her to get out. Today Lily and Charlotte had a feud. With Lily's temperament, she wouldn't let Charlotte live peacefully in the future without bloodshed.

Olive suddenly felt that as long as Lily did a good job, it would be easy.

At this point, Marvin stepped forward. He bent down to help Charlotte up, and held her in his arms, "Charlotte, are you alright? Never mind that mad woman."

At this point, Lily was so mad that her teeth were starting to tremble. She looked at Olive, shouting, "Olive, what are you doing? Save my son!"

Only then did Olive lift her legs, step by step onto the stage, to Marvin's side, "Marvin, come with me, I will save you."

Marvin looked at Olive with disgust and coldly threw Olive a sentence, "Get out!"

Lily at the side suddenly felt much more comfortable,

Olive looked regretfully at Marvin, "Marvin, I didn't mean to be... violent with you, but... were very disobedient."

you

After-saying that, Olive quickly raised her hand, and when Marvin reacted, a silver needle in Olive's hand was dug deep into Marvin's acupuncture point.

Marvin closed his eyes and passed out.

"Marvin! Marvin!" Lily worriedly stood beside Marvin, she raised her head to look at Olive, "Olive, Marvin was killed by you. If you don't do this much, the Paulo Family won't have a chance to sneak in and harm him. You must save him. This is what you owe Marvin!"

Olive nodded. She doesn't deny that if Marvin hadn't been hurt by her, Jean would never have succeeded with his talent.

Olive looked at Lily, and said, "Mrs. Augustine, I'll save him."

At this moment, the door was pushed open, and a group of medical staff dressed in white coats ran in and carried Marvin on a stretcher.

Seeing the changes in the facial expressions of these medical staff, Mr. Paulo immediately narrowed his cloudy eyes, asking her, "Olive, who are you?"

Olive curled her red lips into a shallow curve, "Who am I? Paulo will know after watching."

"Where are you going?"

"Underground Scientific Research Facility." Olive slowly spat out a few words.

Mr. Paulo was shocked. In fact, he saw that these medical staff weren't ordinary doctors at all, they were all like frontline scientific research workers.

Furthermore, he had just seen Olive act. This is the first time he's seen Olive use acupuncture needles, and Olive's acupuncture skills are amazing.

Chapter 416 Olive shone brightly

She stayed in Imperial for so long and didn't reveal her medical skills. Until now Mr. Paulo knows she has amazing medical skills!

Olive looked into the unpredictable eyes of Mr. Paulo and smiled, "Mr. Paulo, you must come because your grandson, Jean, is drinking tea there."

After saying that, Olive and her men left.

As soon as Olive left, the audience exploded with questions,

“God, who is Olive? She can use a needle.”

“Her aura was so strong, the medical staff seemed to listen to her.”

“Let’s all go and see. Let’s go to the scientific research facility!”

All the wedding guests left one by one, and everyone went there to join the fun.

The heart of Mr. Paulo has sunk to the bottom. Olive not only had medical skills but also invited his grandson Jean to come.

Jean went to get Olive, and now Mr. Paulo could easily infer that Jean was trapped and captured by Olive.

It looks like this big show would be performed in the underground scientific research facility.

Alpha looked at Damien beside him, saying, “Come on, let’s join the fun!”

Damien pushed Mrs. Robert’s wheelchair, replying. “Okay.”

Alpha curved his thin lips. The person who just teased him about gossiping is unlike before. Olive successfully caught Damien’s attention.

The parking lots outside the underground scientific research facility were full as people rushed in.

Mrs. Robert was in the wheelchair, and Damien was pushing. Alpha and Lily were standing together, Mr. Paulo and Charlotte were here, and of course, Elvis was here too.

Elvis knows that Olive will definitely save Marvin. If he doesn’t come and watch, he will always be worried.

Everyone waited for a while and didn’t see any sign of Olive, Lily impatiently asked: “Where is Olive? Why hasn’t she come yet? Won’t she play tricks on us?”

Then people started whispering,

“Olive won’t lie, will she?”

“Let’s wait and see what Olive is up to.”

At this moment, the underground door of the scientific research base suddenly opened. A group of scientists dressed in white came out, respectfully standing on either side as if waiting for someone important

At this moment, a black nanny car galloped forward, then stopped. The back door opened, and Olive’s beautiful slender figure came into view.

Olive is here!

Olive walked forward without looking back, and Elle quickly walked in front of her, saying reverently, “Professor Hart, you’re back. We’re waiting for you.”

Olive nodded, then stretched out her slender white hand to zip the zipper around her neck to the end, taking off her black coat and handing it to Elle, revealing a clean white coat underneath

Chapter 410 Olive shone brightly

Everyone watched Olive approach. How to describe this scene?

This is the first time Olive has appeared in front of everyone wearing a white coat. Underneath her white coat was her slim and delicate figure, with jet-black hair tied back into a low ponytail. She joined the group of scientific researchers walking in front, holding a medical information leaflet in her hand, whispering something to Elle. At this time, bright sunlight poured in from the floor-to-ceiling windows, covering her with a layer of magnificence.

T

She walked forward step by step, her white dress swept up in the air by the wind, drawing a beautiful and graceful arc. At this moment, her aura was completely open, like a jade in the dust, revealing an amazing light.
