## Chapter 451

Chapter 451 Elvis said, "Olive, I love you."

Her little wolf is really smart.

Olive wrapped her arms around his neck and kissed his handsome face as a reward.

At this moment, Elvis reached out and took something out, and put it around Olive's neck.

Olive looked down and saw that it was the One Love diamond necklace he had given her while she was in Los Angeles earlier, and the One Love ring he had given her was still hanging from the necklace.

That day, she erased all his memories, took off the necklace, and returned it to him. Unexpectedly, after going around, these things came back to her. After putting the necklace on her, Elvis' thin flexible lips fell on her beautiful forehead, giving her an intimate kiss. He said, "Olive, these are what my mom left me. In the future, no matter what happens, I won't let you take them down."

Olive's heart softened. She knew Elvis loved his mother so much, and only in front of her could he strip off all his armor and reveal a man's weakest point. This necklace and ring is the most precious and beautiful gift she has ever received.

"Okay, I promise you. No matter what happens in the future, I will wear them."

Elvis kissed her clear eyes, then pulled out a piece of paper and a pen, asking, "Olive, what decor and style do you like?"

The two of them lay on the big soft bed, Olive underneath, half of Elvis' handsome body on top of hers, holding her in his arms. He drew with a pen, saying, "This is our bedroom. Beside your closet, there's a small office for you, okay?"

Olive asked suspiciously. "Mr. Augustine, won't we live here in the future?"

"Yeah, Grandma and Betty are a bit inconvenient here. We'll move out and visit Grandma often. I'll take a villa, design and decorate it to build our love nest."

Olive's heart was covered with a layer of sweetness, sweeter than eating honey. Although she thinks it would be great to live with Grandma and Betty, this is her and Mr. Augustine's home. It belongs to their world, no one can invade and disturb it.

"Then why is my little study in the room? Yours is next door." Olive pursed her red lips and asked.

Elvis stroked her little head and replied, "Because I want to see you when I

want to go home. I hope that you will be there everywhere I look.”

Olive hastily laughed. Her little wolf was pretty clingy. She said, “Well then...okay.”

“Should the baby’s room be placed in our bedroom or next to the bedroom? I think they should be placed next to each other, so as not to affect married life.”

The baby room?

He thought too far.

Olive lowered her slender eyelashes, saying, “Mr. Augustine, with my current body, it’s impossible to conceive.”

Elvis knows her physical condition. She really can’t get pregnant right now, which is very dangerous for her. Even if she wanted to get pregnant, he wouldn’t allow it.

“I mean, when you recover later, we’ll have a baby,” Elvis said and kissed her small snow-white ear.

Chapter 451 Elvis said, “Olive, I love you.

Olive doesn’t know if she has a future, but she loves children, and having two children for Mr. Augustine has been her lifelong plan.

She picked up a pen and paper, and began to draw a small room for babies:

“No, the children’s room will be in our bedroom. In the children’s room, there will be a small cradle, on which hangs a small bell...”

Olive began building children’s rooms in earnest.

Now in the dimly lit room, the woman he loved the most was in his arms talking about their future. Elvis suddenly felt satisfied, wished time was going slower and slower, and tomorrow wouldn’t come.

At this point, he didn’t know that this was the last warm moment between him and Olive.

Elvis looked into her serious eyes. She had just finished her bath, her delicate skin was reddened by an impact, and the fluff on it became crystal clear.

How can he let her age?

Elvis’s kiss rested on her pink neck, his large hand reaching inside her shirt.

While drawing, Olive realized something was wrong. She stopped writing and looked down. The wrist of his precious steel watch was exposed, and his hand was already inside her shirt...

“Mr. Augustine, what are you doing?” Olive immediately wanted to push his big hand away.

Elvis took her soft little hand and placed it on the belt around his waist, hoarsely saying, “Olive, help me open up.”

“No... You haven’t showered yet...”

"I took a shower at work."

"...That... It can't be. Go buy that. Buy a condom." Olive rested her small hands on his chest, resolutely refusing.

Elvis looked over at her, his dark eyes heavy, like there was hot lava inside that could melt her. He said, "Put your hand in my pocket."

What?

Olive obediently put her little hand in, and just then she touched something, which was a condom.

No, there seems to be more than one. There are two, three... seven, eight...

Olive took them all from his pocket and spread them on the bed. How many did he buy?

How can he not be ashamed to wear an elegant suit to attend the business elite occasions, but his pants pocket is used to hold... condoms?

Olive's pretty little face was red like a boiled shrimp. She clenched her fist and hit him twice hard. Elvis didn't dodge, letting her hit. She was so weak that she could only tickle him anyway. He bent his head to kiss her red lips.

"Olive, did I tell you?" asked Elvis.

"What?"

"I love you."

Chapter 451 Elvis said, "Olive, I love you"

In the middle of the night, Olive buried herself in the warm silk blanket and fell asleep, her eyes dark with fatigue. The last two nights he had vehemently done it to her.

Elvis covered her with a blanket and then got up to take a shower, and soon he came out in black silk pajamas and stood on the balcony.

The cold wind outside made his pajamas puff up, and his handsome eyebrows were a bit cold.

Quickly, he took out his cell phone and dialed Crystal's number.

Two beeps sounded, and the other end was connected, Crystal's voice came:

"Hi, Elvis."

"Crystal, I'll marry you. Let's get married."

After saying that, without waiting for Crystal to cheer, Elvis directly hung up the phone.

At this time, there was a knock on the door. "Clack", the door was pushed open, Mrs. Samantha put on her coat and walked in: "Elvis, have you made up your mind?"

Elvis nodded, "Yes."

Mrs. Samantha sighed, then looked at Olive already fast asleep on the bed, her voice filled with pain and affection. She said, "Elvis, Olive's personality is so pure and strong. There's no room for sand in her eyes. No matter what you do, she won't accept your betrayal. You can just keep it a secret from Olive. Once she learns that you're married to Crystal, she will definitely find a way to escape from you. Until then, you and her will come to an end."

After Mrs. Samantha was gone, Elvis went up to sit on the edge of the bed, looked at the sleeping girl, bent his head, and kissed her forehead.

In fact, he was very insecure inside. Everyone knew she couldn't stand the sand in her eyes. Just now, she wrapped her arms around his neck, saying that once she found out he was with another woman, she would say goodbye to him.

Elvis kissed her forehead, whispering, "Olive, don't leave me. I won't let you leave me."

The next morning.

When Olive Woke up, Elvis was gone. She went to the bathroom to shower, but her hair still fell out. Actually, she really wanted to cut her long hair short. But she hesitated, Mr. Augustine loves her long hair the most.

At this moment, Olive felt a slight pain in her cheeks, and the cup in her hand fell on the washstand. She looked up at herself in the mirror, her face was pale at this time, and a layer of cold sweat appeared on her forehead. She looked like she'd been scratched countless times, about to crack.

It's hurt.

She raised her small hand to stroke her face, but her pupils suddenly constricted, because there were countless wrinkles at the corners of her eyes. She was only 20 years old, the age when her skin couldn't have wrinkles. She knew The Old Lady was already in her blood.

The next time a knife-like wound hits, her face will probably be full of wrinkles. Olive quickly calmed down. She was so tired of hanging around with Mr. Augustine these days, it was time for her to go out. She has to find a way to heal herself.

Olive used a comb to spread her long hair on the sides to hide the wrinkles around her eyes, then she went downstairs to go outside. As soon as she reached the living room, the old lady quickly walked over, "Olive, where are you going?"

Olive paused, answering, "Grandma, I want to go out."

“Olive, you can’t go out for the time being.”

“Why not?”

Olive is shocked. Why can’t she go out?

!!

“Oh, so it is, Olive, you still don’t know. Crystal is not Damien’s daughter at all. She is the daughter of Logan Theodore, the king of Greenland, and she also became the eldest princess of Greenland. Now Logan Theodore has come to the Imperial. This man is quite dangerous and evil. He has definitely come for you. For your safety, you must stay at home for the time being and not run out.”

Olive’s slender eyelashes trembled. Crystal isn’t the daughter of the Robert family, but the eldest princess of Greenland?

12:09

Chapter 452 This and Crystal’s Big Wedding

She didn’t expect Crystal to have a different background.

Greenland?

Logan Theodore?

Olive’s transparent eyes gave off a cold light. She felt that she had stayed at The Red Villa during this time and that the outside world had undergone dramatic changes.

She had a hunch that another storm was coming.

Furthermore, the whirlwind of this storm was coming upon her.

She seems to be missing something.

Olive smiled, “Grandma, it’s okay. I’ll be out for a while. I’ll be careful. If Logan Theodore comes to avenge his daughter, I’ll only see him for a while.”

Having said that, Olive walked away.

“Olive!” The old lady quickly stood in front of Olive.

The old woman’s sudden action made Olive hesitate. She quickly raised her eyes, peering out through the bright French window, and she saw many bodyguards dressed in black outside.

Bodyguards dressed in black were protecting the entire Red Villa.

The bell in Olive’s heart immediately rang. Were these black bodyguards protecting her, or not letting her out?

Something was wrong.

Everything seemed unusual today. Something must have happened that she didn’t know about. Olive was already in turmoil inside, but she was still calm on the outside, looking at the old lady, pretending not to know, and asking:

“Grandma, what’s wrong?”

The old lady looked at the girl’s eyes that were as clear as autumn water, looking forward, and at this time smiled at her. Those eyes were so clear that

they seemed to be able to see through people's hearts.

The old lady knew that the girl in front of her eyes wasn't a mortal. She was bright, intelligent, and these things couldn't be kept hidden for long from her. However, today she had to hide it.

The old lady hastily put her hand on her heart, "Oh, Olive, my heart hurts, hurry and help me go back to my room to rest."

Olive helped the old woman into the room. She said nothing and did nothing, her face was calm.

In the evening, Olive slowly returned to her room. She opened her notepad to see the latest news, but she discovered that all network signals were blocked. Her current state is equivalent to cutting off the connection to the outside world.

Olive took out her cell phone and dialed North's number.

But the melodious cell phone rang again and again but no one answered.

Olive frowned slowly, the bad feeling in her heart growing stronger.

Like... Elvis was hiding something from her.

Just then, her cell phone rang, an incoming call, from Elvis.

Olive pressed the phone connection button, "Hello, Mr. Augustine."

"Olive, what are you doing?" Elvis's warm, seductive voice came.

"Grandma isn't feeling good today. I've been staying with Grandma for a while and just got back to my room. That's right, Mr. Augustine, why is there no network signal here?"

"There's something wrong with the network signal, and it's being fixed. Olive, Grandma told you. about Logan Theodore, didn't she? Don't go out for the time being.

Olive lowered her eyes, "Okay, I'll listen to you, Mr. Augustine. When are you coming back?"

"I've been busy for the past few days. I won't come back at night, you should sleep well.

Olive didn't reveal anything. She said "Okay" and hung up 1 phone.

It's been three days, and Olive has been here the whole time, spending time comfortably with Grandma.

Her silence caught everyone off guard.

By the fourth day, Grandma and Betty were fast asleep. Olive retrieved the silver needle, then used the landline in the living room to call North.

Soon, the other end was connected, and North's soft voice came: "Hello, who is it?"

“North, it’s me.”

“Oh my g od, Olive!” North quickly exploded, “What are you doing, why are you missing? I can’t contact you. Elvis and Crystal will be getting married tonight!”

Chapter 453 Olive attends the wedding

Olive was startled.

Actually, she had thought of countless possibilities, but she had never thought of this. Tonight Elvis and Crystal are getting married.

“Olive, the internet is now flooded with news of the wealthy marriage of the Augustine and Robert families. The grand evening wedding brought together all the high-ranking nobles and shocked the entire Imperial. Elvis’s father, Alpha, and Crystal’s father, Damien, were the two great giants who appeared at the wedding scene at the same time. It can be said that the big shots gathered.”

“Hey, Olive, are you listening? What happened between you and Mr. Augustine? Why is he suddenly marrying Crystal? Hey, Olive, hey...”

Olive hung up the phone.

Olive sat on the sofa, her eyes blank for a moment, and now she was a little dull and dazed.

After a few minutes she gets up, Grandma and Betty are sleeping peacefully upstairs, and they will sleep for a while because she gave them a sleeping needle.

Olive wore Betty’s clothes, then disguised herself to look like Betty when she went out. The guards outside saw that Betty came out and let her go without asking any questions.

Olive got on the bus, and as she left The Red Villa, her cell phone had a signal.

Her guess was right, The Red Villa’s signal was completely blocked, and her cell phone was blocked, she couldn’t reach North’s number, and North couldn’t contact her.

Now that Olive has opened the browser. Today’s headline is the big wedding of the Augustine and Robert families, which shocked the whole city.

Olive stretched her finger to click. This is a title that dominates the two main categories of finance and entertainment at the same time, with a live video broadcast. The presenter said in an excited.

voice,

“It has been reported that Elvis Augustine, the number one businessman in Imperial, will hold a grand wedding ceremony with the daughter of the Robert family, Crystal, at Serenity Villa this evening. This luxurious wedding reception will once again focus on the marriage of two wealthy families, Augustine and Robert. The youngest, most handsome, and richest business magnate in the city has captured the hearts of many wealthy young women. Crystal, the future Mrs. Augustine, has been the envy of all women for  
The camera just started rolling, Elvis in a hand-sewn black suit walked up to the polished white porcelain floor, his suit was ironed flat without a single wrinkle, and his short, neat hair was combed high, revealing a full forehead. With a handsome face, his whole body exuded a noble elegance and was unstained by the dusty world.

Behind him was a group of sceptors, and he was worshiped in the foreground like an emperor. The beautiful sunlight from the floor-to-ceiling windows shone on him, giving him a golden rim.

Reporters flocked in, scrambling to get the microphones over,

“Mr. Augustine, can you reveal more details about the marriage of the Augustine and Robert families?”

“After you get married, will you and Crystal go on a honeymoon?”

“M, Augustine, Is it in your plans to have children after marriage? Your firstborn is the eldest son—

and grandson of the Augustine family, right?”

The guards in black blocked all the reporters from the fence. After Andrew delivered a speechless message, Elvis stepped into the luxury sedan with a blank expression on his face.

He didn't look at the camera the whole time.

Olive's hand-sized face was pale, as white as paper, without any blood, and her beautiful clear eyes became empty. Only then did a voice ring in her car, telling her that Elvis and Crystal were going to get married.

At first, one voice spoke to her, then thousands of voices told her that the whole world knew about this marriage between the Augustine and Robert families, but she didn't.

She was the last to know.

Only now will Olive be sure that Elvis will really marry Crystal!

But...

But, they shouldn't be.

Olive reached out and touched the One Love necklace and ring around her

neck. It was a gift he gave her. Just a few days ago, he kept talking about remarriage, calling her Mrs. Augustine...

"Haha."

Olive let out a low self-deprecating laugh, her beautiful eyes quickly turning red, and they were covered with a layer of crystal mist.

She picked up the phone again and dialed the familiar number with trembling fingers.

The melodious bell rang for a while, then the phone was picked up.

"Hello."

Elvis's unique magnetic voice rang out.

Olive was sitting on the bus now, she turned her head to watch the scenery pass by the window, then slowly raised her red lips, "Mr. Augustine, where are you now?"

Elvis's deep, soothing voice softened a bit, "I have some work to do today. Eat and sleep well,

"Oh, so are you coming back tonight?"

"What, you miss me?"

Olive nodded, "Well, I miss you, Mr. Augustine. Can you come back now? I haven't seen you for three nights."

Elvis on the other end was silent for two seconds, then replied, "I have to work overtime tonight, I'll be back later to make up for you."

Olive's slender and long eyelashes trembled. She couldn't hold back the large tears that flowed, drop by drop.

She looked at herself in the bus window, tears streaming down her face, white teeth biting her red lips, so as not to let out a choked sound. Raising her small hand to wipe her face, she stubbornly said: "No, Mr. Augustine, you should go home now. I want to see you now. I miss you so much."

"Be good, Olive. I'm in a meeting right now. I can't go. I'll be back tonight."

Elvis coaxed her in a deep voice.

Olive's little hand was still clutching the One Love ring around her neck. At this moment, she suddenly let go of her hand, and the corner of her lips curled,

"Okay, do your job. I'm tired. I'll go to bed first."

After saying that, she hung up the phone.

Olive sat alone. She knew that from this moment on, she had lost Mr. Augustine.

Just now was the only chance she gave him. As long as he came back now,

she would pretend like nothing happened.

However, he didn't.

Olive raised her small hand and buried her small face in her 'palm. Very quickly, her shiny shoulders began to shake, and a small cry of patience and despair resounded in the bus.

It was unknown how long it took Olive to stop crying, she didn't want to cry anymore.

At this time, the man driving the car in front asked: "Girl, where are you going?"

Olive raised her head and replied. "To Serenity Villa."

Elvis and Crystal's prosperous wedding tonight will be held at Serenity Villa, and she wants to see for herself!

Serenity Villa.

Today's large wedding banquet was the gathering of high-ranking nobles, both Damien and Alpha were present.

The bride, Crystal, wore a white silk V-neck dress, designed by a famous French stylist, decorated with sparkling diamonds, making her incredibly beautiful.

#### Chapter 454 The One Love Ring

Crystal elegantly and generously chatted with high-ranking aristocrats and rich wives, earning the audience's envy and blessings.

At this time, a great lady said: "Miss Crystal, you and Young Master Augustine will get married tonight, why don't you wear the One Love ring on your hand?"

The One Love Ring?

Crystal was stunned.

"Right, Miss Crystal, hurry up and show us the One Love ring. That year, Mrs. Augustine created Fly Jewelry and designed a lot of vintage jewelry, but we didn't know why Mrs. Augustine never designed a diamond ring. The only diamond ring she designed is the One Love ring, the only ring given to only one person in a lifetime. It will be given to the love of this lifetime. It is unique in the

whole world!"

"Miss Crystal, Young master Augustine is definitely giving you this one-of-a-kind ring!" The other rich ladies exclaim excitedly.

At the time, Elvis' mother, Anabelle, created Fly Jewelry, the brand that quickly became a craze in the entire jewelry industry. Each season new

products were hunted by these rich ladies. It could be said that they were empty handed because they wanted limited-edition products to show off at year-end parties.

So, Anabelle's ring has always been a legend and people really wanted to open their eyes at this wedding.

Crystal's expression stiffened more and more because her fingers were empty. Elvis didn't give her a diamond ring at all.

But right after that, she lifted her red lips and generously said: "Of course, Elvis gave me the One Love ring, but I think it's too expensive to wear. I'll let you guys see carefully when I wear it."

Crystal has a little calculation inside. She will ask Elvis for the One Love ring. Anyway, Olive's life is in her hands, and Elvis will definitely give her the One Love ring. At that time, she will appear in front of these people.

These words were so effective in appeasing these wealthy wives. Anyways, Crystal eventually won the battle for the title of "Mrs. Augustine".

Initially, Professor Olive Hart's identity was revealed, and Elvis and Olive expressed their feelings. For each other at an academic forum, it was also agreed that Olive would take the position of Mrs. Augustine.

But who would have thought that three days ago they had received a wedding invitation letter from the family of Augustine and Robert, and the bride on it was Crystal?

Now Crystal has become Mrs. Augustine, of course, everyone flattered her. Anyway, the marriage of the two great families, Augustine and Robert is enough to shock the whole business world.

Everyone immediately burst into laughter.

"Miss Crystal, you and Mr. Augustine are really sweet. Oh no, I'll hit myself. I should change my words, now I can't call you Miss Crystal but Mrs. Augustinel"

"Mr. Augustine and Mrs. Augustine are destined. The women out there are just like the past, the final winner is Mrs. Augustine."

"Mrs. Augustine, you should take care of us more in the future."

12:09

The Substitute Bride: Dated by My Billionaire Husband

Crystal was called Mrs. Augustine smiled like a flower. She surreptitiously raised her eyes to the front, where Elvis' tall and handsome body was standing.

Elvis wore a handmade black suit and stood under a bright crystal chandelier, one hand in his pocket, the other holding a glass of red wine, classy and indifferent. Wherever he is, he's the center of attention.

Although tonight is his and her wedding party, many rich girls still have their

eyes on him, their eyes full of admiration, their faces blushing and their hearts racing.

Crystal's lips curled up in satisfaction. She admired this man for many years. Over the years, she has always tried to make herself excellent to catch up with him. Tonight, she finally got him.

She was successful.

These people are right, she is the winner in the end, and Olive is just a cloud of the past.

Smug. Crystal looked around again but didn't see her father, Logan Theodore. Her father said that he would attend the wedding party, but he hadn't shown up yet.

Logan Theodore as the king of Greenland, this time arrived discreetly and mysteriously, neither revealing nor revealing she was his daughter.

There was no movement from Logan, and no move from Damien either, because Damien didn't reveal the fact that she wasn't his daughter.

Both sides were silent. What Crystal wants to do most now is to marry Elvis and become his woman. After all, she is the eldest princess of Greenland, she isn't afraid of anything.

Crystal's mood is really good.

Damien and Alpha had both arrived, and they were standing in a dimly lit place. Alpha said, "Logan Theodore has arrived. He pushed Crystal over his head and hid in the back to watch the show. He was waiting for someone, it was... Olive."

Damien gracefully shook the glass of red wine in his hand, then glanced at Alpha, asking, "Alpha, who are you waiting for?"

Alpha took a sip of red wine and said, "The Seventh Young Master. He is Joyce's direct disciple. Whenever Olive is in a desperate situation, he will appear. These years, he's the key to Olive's growth. He's been hiding for so long. I want to find him."

Damien raised an eyebrow, saying, "Once the seventh young master shows up, you'll find Joyce and Anabelle soon."

Damien and Alpha's goals are the same. Both wanted to find their woman through Olive. That's why Damien stood still, they both waited and watched. However, after this quiet, there will be a bloody battle.

Here, Elvis is still surrounded by a bunch of bosses. At this time, a boss raised a glass, saying: "Young master Augustine, I wish you a happy wedding, and have children soon."

Elvis didn't show any expression. He gave the boss a cold look.

The boss was stunned.

At this time, the person next to the boss patted him on the shoulder and whispered: "Be smarter. Young Master Augustine is in a bad mood today."

Don't trigger him."

At this time, the boss discovered that Elvis' handsome eyebrows had darkened, and even his aura

was as cold as a thin blade.

The boss quickly fell silent, and at the same time felt very confused. One of the three joys of life is the wedding night, so why is the bridegroom tonight, Elvis, in such a bad mood?

Elvis had one hand in his pocket, his long slender fingers touched the phone and gently let go, his mind filled with Olive's beautiful little face.

The phone call was still ringing in his ears, She told him that she wanted him so much with the coquetry and grace of a young girl, and told him to go home immediately.

Well, he misses her too.

He misses all her frowns and smiles.

At the same time, Elvis had a bad premonition, always feeling that Olive seemed to have realized something.

At this ent, with a "boom", the door to the party was pushed open.

Chapter 45 5 Olive proposes to Elvis.

Elvis quickly looked up. He saw a pretty figure at the door of the party hall. Olive was here.

As soon as she surfaced, the audience became agitated.

"Look, Olive is here!" Someone excitedly exclaimed.

Elvis's eyes widened. The bad premonition in his heart was finally confirmed. She was aware of it.

In fact, it shouldn't have been a surprise to him. With such a smart personality like hers, she would find it easy to spot something strange. If she wanted to get away from house, it wouldn't have been difficult for her.

At this moment, Elvis's

eyes caught hold of a figure who stood by a corner. It was Logan Theodore. Logan's evil eyes landed on Olive's body.

Elvis's immediately pursed his thin lips. He had imprisoned Olive at the villa for her safety. He didn't want her to meet Logan.

Today, Olive was clothed in a long black dress. The long dress outlined her graceful and exquisite figure. Her long black hair scattered loosely.

Olive walked over and stopped beside Elvis.

The entire hall fell silent. Everyone's gaze focused on Olive.

"My goodness, is that OneLove that Olive is wearing?"

"Wait, what? Although president Augustine decided to marry Crystal, he gave Olive OneLove, that's really insane."

"What's Olive even doing here? Is she here to create a scene?" The rich ladies whispered amongst themselves.

Crystal turned and looked at Olive. She saw the OneLove necklace hanging around Olive's neck. Her collar bone made the necklace even more elegant.

Olive's appearance undeniably surpassed Crystal's.

At this moment, a frown appeared on Elvis's face, and he asked, "What are you doing here?"

His low voice was alienated and exuded unhappiness.

Olive raised her head and stared at him with a pair of clean and bright eyes.

"I used a drug to change my face, and I escaped from the house. How about that? Do you think that I'm witty?" Olive replied with a smile.

Elvis stared at her smiling face, but he wasn't impressed.

Elvis pursed his lips, and his narrow, eagle-like eyes stared at the audience.

The wealthy ladies were capturing the scene with their phones, but immediately their gaze met Elvis's, their hands shook and they did not dare to continue filming.

Elvis slowly turned his face to Olive's pale face.

"Go back, this isn't where you should be." He said to her.

"Mr. Augustine, I suddenly remembered something. You had said before that you wanted to remarry, so Mr. Augustine, can you propose to me now?" Olive replied.

The audience gasped. They stared at Olive in shock. She actually asked Elvis to propose to her here!

Chapter 4 55 Olive proposes to Elvis

She was bold, way too bold!

Elvis's face was blank, exuding zero emotions.

Olive shuddered, then she smiled.

"Forget it. Mr. Augustine, I'll allow you to be arrogant. If you don't propose to me, then I'll propose to you right now."

With that, Olive said in a clear voice, "Mr. Augustine, I'm in my twenties now. I'm also in good health. I've admired you for a long time. Marry me. In the future, I'll work hard to make money to support our family. I will take care of

you, and make sure you lack nothing. So, allow me marry you, okay?"

The audience stared at Olive in shock. They knew that Olive's presence was of no good. Because based on their previous experiences, whenever Olive appeared, something news worthy was bound to happen.

Now, Olive didn't disappoint them, she went ahead to to propose to Elvis. How domineering!

Elvis was speechless. He had never thought that she would propose to him. Now that Olive stared at him with her clear and pious eyes, all he needed to do was nod, and then she would be his.

Elvis gritted his teeth. He refused the temptation, and begged her not to tempt him again.

Whenever he was before her, he was already defeated.

Elvis seemed to have lost all his patience, and his ruthless voice scolded, "Miss Hart, were you raised to stalk people? Hurry out, or I'll have someone..."

Before Elvis could complete his sentence, Olive rushed over and hugged his waist tightly.

Elvis's fall body instantly stiffened.

In his embrace, her soft body clinged to his handsome and cold body.

The muscles under his shirt tightened, and he let out a faint breathe.

He had never felt this way in his life. The feeling was painful and sweet. She was torturing him so severely that he was about to loose his control.

"Mr. Augustine, I don't want us to stay here. Let's go home. Take me home."

Olive pressed her face on his chest, and begged him softly.

Elvis closed his eyes. He knew that he could not let her go on like this, he slowly raised his hand and pressed her shoulders, as he pushed her away.

Olive was caught off guard, and she took a step back, she barely managed to stabilize herself. She felt a little embarrassed.

She immediately covered her face with both hands and groaned in pains. "It hurts." She muttered. Her soft cry filled Elvis's eardrums. He walked forward and asked, "Where does it hurt? Olive, speak up!"

Olive quickly raised her face. Her face displayed a bright smile.

"Mr. Augustine, you care about me!"

Chapter 456 I Wish You A Happy Wedding.

Elvis's tense nerves suddenly loosened. He knew that he had been deceived by her!

His facial expression became even more alienated and indifferent.

“Miss Hart, is it really fun to pull a prank of this nature? You’re not welcome at my wedding. Get out of here quickly!”

With that, Elvis turned around and left.

But a hand gently pulled his sleeve, and Olive’s beautiful voice sounded in his ears,

“Is it because of my body? Is that why you want to marry Crystal?”

Elvis immediately looked back at her. He knew that he could not hide anything from her. She had already guessed it.

Olive had already gotten the answer from his eyes.

“Elvis, you don’t need you to do this for me. There are many ways for us to solve the problem. I don’t want you to marry Crystal. I won’t be grateful to you. I will only take it as if you’ve betrayed and abandon me.” Olive said to him.

“Elvis, marrying Crystal today indicates the end of our relationship. I’m not interested in people’s husband.”

“Elvis, I’ll give you one more chance. You can choose between Crystal and 1. If you don’t want me anymore, I’ll leave now and never look back.”

In Olive’s eyes, Elvis saw her determination and seriousness. The one thing that worried him the most was the same thing that everyone worried about the most. The wedding was the end for their relationship.

“Elvis.” Crystal walked over to Elvis. “Our party is about to commence, let’s go over.”

Crystal handed her hand to Elvis.

Elvis glared at Crystal, then he lowered his eyes and slowly opened the fingers that clutched to his sleeve.

Olive felt the edge of his shirt slip away from her fingers. He chose Crystal, and she had lost him.

Olive bit her lips, and the tears she had been holding back rolled down from her eyes.

Elvis raised his legs and walked towards Crystal, but he didn’t hold Crystal’s hand.

Crystal’s hand was awkwardly stiff in the air. But she was already used to such an awkward situation, so she retracted her hand. She proudly raised her chin, as if she was the winner.

She stared at Olive and said, “Mrs. Hart, Elvis is now my husband, and I’m his wife, so I hope you’ll be careful in the future, and don’t try to get involved with my husband.”

Olive stretched out her hand and wiped the tears off her face. Her eyes were still red, and she looked pitiful, but she raised her head and smiled coldly.

“Well, I hope you know that Elvis and I have been together before. All I have to say to you is that you should find a means to keep your husband, because

if I know Elvis too well, he can't be kept by you." Olive replied coldly  
"How dare you!" Crystal muttered in annoyance. She felt like crushing Olive, but she knew she was no match for Olive, and Olive could instantly kill her. She had never won a war against Olive.  
Suddenly, Olive's face fell on Elvis's handsome face.

Chapter 456 1 Wish You A Happy Wedding

"Mr. Elvis Augustine, I was here to gamble today. I wanted bringing you home, but you made me lose the gamble. I wish you a happy wedding. By the way, I was in a hurry and I didn't prepare a wedding gift for you. But why don't I give you what am with?"

Elvis instantly guessed what she was about doing.

Sure enough, Olive raised her hand and grasped the OneLove necklace that she was wearing. Whe her fingers touched the OneLove necklace, she pulled it forcefully from her neck.

Everyone's eyes lit up.

Crystal quickly stepped forward, and said to Olive, "Olive, give that to me. That belongs to me now."

Olive held the OneLove necklace and ring, as she stared at Crystal. "If you want it, come over and get it."

Crystal walked over and reached out to collect it from Olive.

Olive raised her hand and slowly opened her hand, and the necklace and ring fell directly to the carpet.

Crystal froze. She knew that Olive was deliberately trying to humiliate her.

"Crystal, you can have whatever I don't want anymore, so there you go." After that, Olive immediately turned around and left.

Crystal trembled with anger. She stared at Olive's beautiful future, as she disappeared from her sight.

Crystal didn't mind Olive's little drama. She knew that the OneLove necklace was hers, so she reached out to pick it up. But when she was about to pick it up, a big hand was ahead of her, and the hand picked up the OneLove necklace. It was Elvis!

Crystal was dumbfounded. She stared at Elvis, and said, "Elvis, today is our wedding. You should give me both the necklace and ring."

Elvis held the necklace and ring in his palm. There was still Olive's body temperature on them.

"Even if it's something she doesn't want, you don't deserve to have it." Elvis said to Crystal.

Crystal was speechless. She didn't expect that after Olive's humiliation, she would be attacked by  
Elvis.

It was obvious that everyone had heard Elvis's words. The people who had been envious of Crystal only stared at her with sympathy and contempt.

"I somehow feel that Crystal is a little miserable."

"Crystal said that Elvis had given her the OneLove necklace and ring, I can't believe it was all a lie."

"I think Mr. Augustine's heart is all about Olive.

||

"I really think that president Augustine hates Crystal so much. And I think she'll be alone tonight."

Crystal heard all the whispers and chatters. She couldn't understand how things turned out. She couldn't understand how everyone in Imperial stopped loving and supporting her, and everyone now fell in love with Olive.

Chapter 457 Damien's Daughter.

Recently, everytime Olive appeared, she would receive applaud from the audience, but Crystal always lost miserably.

Crystal really didn't understand how her starting point was high, but since she met Olive, she seemed to have fallen down from her throne.

Of course, Crystal didn't bother about it anymore. Who said that she would be alone in her room? Elvis must spend the night with her.

If he didn't sleep with her, she would not donate her blood to save Olive!

Olive quickly walked out. Little heads of sweat had formed on her forehead.

Her face was in pain, and her skin seemed to be splitting from the inside. The pain made her shiny body to tremble.

She couldn't fall here.

She couldn't fall in the wedding party!

She couldn't let Elvis see her that way.

She needed to leave immediately.

Olive raised her head and continued walking.

After a while, someone approached her. It was Logan Theodore.

When she saw Logan, Olive halted.

After Logan arrived in Canada, he didn't move much, because his goal was to find Olive. He had been waiting for Olive to appear.

Logan stared at Olive, his blue eyes shone with a distorted glow.

Logan's gaze lingered on Olive's beautiful face. Logan was a little obsessed.

He continued staring at Olive, until she noticed and stared back at him.

Olive calmly stared at Logan, there was a gurling spring in her clear eyes.

Logan was immediately fascinated by Olive's calm demeanor. He hooked his lips, and asked, "Do you know who I am?"

Olive smiled. "Logan Theodore, I've admired your name for a long time." She replied.

"Has anyone ever told you that you and your mother are so similar?" He asked.

However, Joyce Brown was even more playful and innocent, while Olive was a little more smarter and reserved.

While staring at Olive, Logan was constantly reminded that she was the child of Joyce and another man. She was the combination of the most perfect genes in the world. Olive perfectly inherited all the excellence of Joyce and Damien.

Olive tilted her head, and asked, "Do you know my mum?"

"It's more than just knowing her. Your mother used to be fiancée, but she did not choose me. She chose a mortal who she had you with." Logan replied angrily and unwillingly.

Olive understood that he was someone that could not be loved..

"I can't judge the previous generation. All I want to know is what you want now?" Olive stared

straight into Logan's face.

"Initially, I had planned to burn you to ashes, so your mother could feel the pain of my loss, so that she would regret her decision forever. But now, I've changed my mind."

Logan stared at Olive again. She wore a long, black dress. Olive's visible collarbone complimented the dress and made it even more beautiful.

"I want to take you back to my country. Since I can't get your mother, then I'll have you as a make for my loss. I want you to be my queen. Wouldn't it be more interesting if I was your mother's son-in-law?"

Olive felt that Logan was really sickening. He actually wanted to marry her.  
up

Olive pondered for a moment, then she asked, "What's the relationship between you and Mr. Paulo? Wasn't it all your idea?"

Logan's eyes instantly lit up. The girl before him was really smart. She could easily connect the series of people and events.

"Well, you're right, it was my idea. Back then, when your mother and I broke off the engagement, your mother came to Imperial and chose your father as her baby's daddy. From then on I met Paulo's daughter, Nora, and I had Crystal. Houston Paulo, the grandson of the Paulo family, has a talent of redefining poisonous medicines. I allowed Paulo train him, and he spent years developing it..." Logan took in a deep breath, and then he continued,

“After Houston was perfect in his craft I had him develop a formula with Crystal’s blood to tie your destiny and that of Crystal together. This is really a seamless plan. You all are in my chess game, and none of you can escape!” Olive finally understood. No wonder Elvis wanted marrying Crystal. It was because Crystal’s blood was the antidote to her predicament! It was impossible to cure such a disease with drugs. She would probably have to rely on Crystal’s blood for a long time. Logan was not only a p erversert, but a lun atic. Olive had been staying indoors all this while. Through this conversation with Logan, she already knew what was happening outside. Olive looked up. She saw two figures in front of her. They were Alpha Augustine, and Damien Robert. She didn’t know when they had arrived. Olive’s gaze fell on Damien. Damein was wearing a black suit, and his temperament was calm. The monarch of the Robert family, Damien, was the beloved son of Canada. In the past twenty years, he had hid from everyone’s eyes, but his power remained. Olive diverted her gaze from Damien’s face to Logan. “I’m from the Robert family, I have the Robert family’s blood flowing through me, right?” Olive immediately guessed her background. Looking at Olive, who was very intelligent and thoughtful, Alpha suddenly felt a little emotional. They were getting older, and now, all they could do was watch whatever the young people displayed!

Chapter 458 Satisfying You.

Logan Theodore’s runs 1 interesting to him.

He didn’t expect less of Joyce Brown’s daughter, it was so

“That’s right, the man your mother chose is Damien, and Damien is your biological father.” Logan nodded.

Olive lowered her eyes, and stared at the ground. When Logan revealed his perfect revenge plan, Mr. Paulo, Nora and Crystal were all involved. She knew that since she was involved with them, she had to be Damien’s daughter.

Olive didn’t utter a word. Damien walked over to Olive, he used his shoulders to shield Olive from Logan.

“Mr. Logan, you want to marry my daughter and become my son-in-law, right?”

Do you think I'll accept you as my son-in-law?" Damien questioned calmly. Logan's expression changed as he was directly attacked by Damien.

"Logan, this is not Greenland, but Canada. I'd advise you not to cause trouble here. It's impossible to take my daughter with you."

This was Damien's first confrontation with Logan. Logan narrowed his eyes. He knew that Canada was Damien's territory.

Damien also had Alpha beside him. These two bigwigs controlled Canada. They erected a wall to protect Olive. Prior to now, he hadn't had the chance to contact Olive, how much more taking her away from Imperial.

Logan didn't plan to compete with Damien for the time being. Once he arrived at Greenland, he would have the final say.

Logan scoffed coldly and walked away.

Damien watched as Logan disappeared from his sight. Then he turned to look at Olive.

"Olive, can we go home?" He said to her.

"Go home?" Olive stared at him.

"Yes, back to the Robert family home. That is your real home." Damien raised his hand and stroked Olive's hair.

Olive had never been involved in her father's life throughout her stay on earth, and she also lacked fatherly love. Some seconds ago, Damien used his power to shield her away from Logan.

With her eyes glued on Damien, Olive realized that he was exactly how she imagined her father to be.

Damien was her biological father, so Mrs. Robert was her biological grandmother.

When Olive was in Los Angeles, she saved Mrs. Robert. From then on, she and Mrs. Robert developed a special bond. She liked Mrs. Robert, and Mrs. Robert liked her too. She wanted to recognize her as her granddaughter several times.

Olive gently shook her head. "I can't go back to the Robert's family house yet. My head is a little messy. I want to be alone."

"Olive, where do you want to go? Logan is seriously looking for an opportunity to abduct you. You can't escape from our sight, okay?"

"I understand. But I just want to go back to my house. I won't run around. I'll go ahead now. Olive

raised her legs and walked away.

Damien didn't go after her, but someone was already secretly following behind Olive, in a bid to protect her.

Now that the capital was treacherous, people from all directions were rushing

to attack her. She had to be protected.

“Don’t worry, your daughter is just like her mother. She’s not a mortal. She will cheer up soon.” Alpha said to Damien.

Damien shook his head. That’s why I’m worried, I don’t want her to be controlled by fate. The more adversity, the more hardened she will be. Sometimes, I wish she could be a little ordinary.”

Alpha tacitly agreed with what Damien said.

Damien turned to Alpha and he said, “You and Annabelle didn’t have a daughter together, but my daughter was taken away by your family.

—

Alpha snorted, and replied,” Be content, Elvis is like the best you can get. As long as he likes someone, he would do anything to protect that person. Even I as his father has never received the kind treatment he gives to your daughter...”

The wedding came to an end, and Crystal officially became Mrs. Augustine. Elvis stood at the carved railing on the second floor.

Olive had promised him that no matter what happened, she would not take off the OneLove necklace and ring.

However, at the wedding, she had taken them off. She didn’t want him anymore.

Elvis’s eyes displayed gloom, and his heart felt an extreme pain.

He wanted to see Olive right away.

“Elvis, what are you doing?” Crystal questioned, as she walked over to him.

Elvis turned around, his tall body was indifferent and arrogant.

“I should be asking you that. I have already done what you requested. Now, give me your blood.” Elvis replied coldly.

Elvis’s words were very straightforward. He reminded her all the time that the wedding was just transactional.

Crystal stiffened. However, she quickly said, “Elvis, I’m already your wife. I want to go to bed with you tonight.”

“What?” Elvis questioned with a laugh. “You mean that if I don’t touch you tonight, you won’t give me your blood?”

Crystal felt that she had the ability to negotiate, since she wasn’t at risk, she felt she should control the rules of the game.

“That’s right, Elvis. I can give you my blood, but before that, you must sleep with me tonight.”

Elvis clearly understood what she needed. His face was devoid of emotions. He only furrowed his brows and sneered.

“If I sleep with you once, then you’ll give me your blood, right? Since that’s what you want, I’ll sleep with you just because I have to.”

Crystal was not very happy with the way Elvis treated her. But she would not give up. She would not

suffer her mother's fate and be a widow for the rest of her life.

She wanted to be Elvis's woman, and to be nourished by him. She also wanted to give him children, and secure her position as the real wife of the Augustine family.

"Elvis, you can also refuse my offer, but Olive won't be saved." Crystal added.

Elvis's falcon-like gaze fell on Crystal's face.

"How could I refuse? Since you're so horny, I will definitely satisfy you tonight."

Chapter 459 I like to turn off the lights!

He actually agreed?

Did he agree to sleeping with her?

At this moment, Elvis pointed to the room beside him. "Go in." He ordered.

Crystal had completely surrendered to his domineering and powerful aura.

She immediately entered the room shyly, and was full of anticipation.

In the room.

The maid brought over two set of pajamas.

"Ma'am Crystal, the pajamas are here."

Crystal raised her eyes and stared at Elvis who was standing on the balcony.

He took off his suit jacket and the black shirt he wore inside was now visible.

His tall and handsome body was about to be drenched by the dew.

Crystal took the Pajamas and dismissed the maid. Then she called out to

Elvis.

Elvis turned around and stared expressionlessly at her.

Crystal blushed and quickly walked into the bathroom with her nightgown in

her arms.

In the bathroom.

Ten minutes later, Crystal stood naked in front of the washstand. She stared at her face and body in the mirror before her. Small droplets of water slid from her fair skin.

She took a towel and gently wiped the tiny water droplets off her body.

Thinking of Elvis's cold and powerful aura and his tall and handsome body,

Crystal felt a tingling sensation flow across her body.

Tonight, she was finally going to have a taste of him.

She was about to actualize her dream.

Crystal was very proud. She concluded that she had defeated Olive since she was the one who got Elvis in the end.

She planned to use her phone and record a video and send to Olive.

It would be interesting!

Crystal was very confident. She felt that Elvis only had a crush on Olive, and soon, he would completely abandon Olive and be with her.

Crystal put down the towel and then wore her silk nightgown.

Crystal stared at the mirror again. After she was certain that she was perfect, she exited the bathroom.

Elvis, who should have been on the balcony, was already sitting on the sofa. He was still smoking. When Crystal walked before him, her entire body felt numb.

“Elvis, I’m done showering.” She informed him.

Elvis raised his eyes and stared at her. His cold eyes flickered in the smoke.

“Take off your clothes, I want to have a look.”

As the daughter of the Robert family, the numbers of men that wanted her were enough to fill a big hall. But it was only Elvis who had caught her attention.

Elvis was a twenty eight years old man, and his power, status, and wealth had reached a certain peak. His sexual life was also perfect. He understood women in bed and enjoyed them.

Crystal raised her hand and brushed off the shoulder strap from her shoulders. The red silk nightdress fell to her feet.

She stared shyly and timidly at Elvis. Elvis stared at her body, and exhaled the puff of the cigarette.

“Elvis...” Crystal called out seductively.

Elvis stood up and approached Crystal. “You can’t wait, right?”

Crystal moved back slowly. Elvis hadn’t touch her yet, but she could already smell his scent.

“Elvis, I love you. I loved you for so many years. You like me too, right? You were just bewitched by Olive. Now that we’re married, I know that you’ll fall more in love with me.” As she spoke, Crystal stretched out her hand to touch Elvis,

But before she could touch him, Elvis lifted her and threw her onto the soft bed.

“My gosh!” Crystal exclaimed.

She looked up and saw that Elvis had taken away the cigarette that was in his

mouth. He raised his fingers and unbuttoned the buttons on his shirt. Then he climbed onto the bed.

Crystal shyly and nervously closed her eyes. Her entire body ached for Elvis's touch.

She took the initiative to pout for a kiss.

However, the light in the room was suddenly turned off.

It turned out that he did not want to kiss her, but he wanted to turn off the lights.

Crystal opened her eyes. Her vision was pitch black. "Elvis, why did you turn off the light? I can't see you anymore."

Elvis laughed softly. There was a hint of evil in his voice, "I like to do it with the lights turned off." He replied in a whisper, as he licked his lips.

Crystal quickly closed her eyes. She felt that Elvis was too charming, and she really couldn't stand his charm.

She leaned towards Elvis, and said to him, "Elvis, touch me."

Elvis retracted and avoided her touch.

"Hang on, I'll have a shower first."

Crystal had been waiting in the room. Five minutes had elapsed and Elvis hadn't still returned.

She stood up and walked up to the bathroom.

"Elvis, are you done yet?" She said from outside,

Some seconds later, the bathroom door opened.

In the darkness, Crystal could not see the man's face clearly, but his body was still strong. She threw herself into his embrace.

Crystal stood on tiptoe and kissed the man's lips. The man held her close, as he fiercely kissed her

lips.

Crystal was filled with joy.

"Elvis, I love you so much..." She mumbled.

The man lifted her and placed her on the bed.

An hour later.

Crystal got up from the bed. She endured the pains that she felt and picked a long dress and wore it

on.

Elvis stood up and went out.

Outside the door, Elvis wore a white shirt and stood at the carved railing.

When he saw her, he asked in a deep and strange voice, "Are you satisfied?"

“Elvis...” Crystal called out shyly, and threw herself on Elvis again. Elvis didn’t evade, but at this moment, two bodyguards who were dressed in black stepped forward and grabbed Crystal. One of the bodyguards took out a sharp knife.

What were they going to do?

Crystal had cut her wrist before, so now, the sight of a blade or knife terrified her.

“Who are you? Quickly let me go!” She immediately struggled, and tried to break free from their grip. Crystal immediately raised her head and looked at Elvis. Elvis was dressed in a flat-pressed white shirt and black trousers. Crystal felt that it was strange. The current Elvis was completely different from the person who was in bed a while ago with her. He seemed less enthusiastic. “Elvis, I’m your wife now. Are you going to let these people hurt me and take my blood?”

Before Crystal could complete her sentence, she felt a tingling pain on her wrist. She looked down and saw that the two bodyguards had already cut open her wrist, and they placed a small white bottle by her wrist, and the blood dripped into it.

The enthusiasm that Crystal displayed some minutes ago had instantly disappeared.

She kept struggling hard, but the two men grabbed her tightly, and made her unable to move.

Soon, Crystal’s blood had filled the bottle.

In fact, Elvis didn’t need so much blood. He only needed a drop of her blood. But Elvis intentionally didn’t order the bodyguards to stop, because he wanted hurting Crystal.

After the blood was gotten from Crystal, the men pushed her hard, causing her fall embarrassingly to the ground.

Suddenly, there was a pair of shiny black leather shoes before her. It turned out that Elvis walked over to her.

Elvis squatted on one knee, and his handsome face displayed a cold sneer. “Crystal, this game has only just begun. I will play it with you.” With that, Elvis stood up and left.

Crystal sat on the ground and panted heavily. She looked at the Elvis’s straight back and she suddenly felt cold. She felt that she acted way too

naively. Elvis was more advanced than she was, he was basically the devil!  
He had a thousand ways to torture her!

Crystal felt that she had fallen into a conspiracy.

All of which was because of Olive!

Crystal transferred all the resentment in her heart to Olive.

Now, she had lost a lot of blood, and could barely stand up. She was like a pug which was abandoned by Elvis.

Crystal consoled herself and took out her phone from her pocket. She had just recorded a video while she was having sex with Elvis.

She sent the passionate video to Olive.

Olive returned to her residence. As a professor, she was assigned an apartment, but she rarely lived here.

Olye walked to the mirror and looked at her face. The pain that had been ripping her apart had stop, and her face had turned wrinkled.

Chapter 450 Are you leaving?

Olive raised her hand and gently stroked the wrinkles with her fingertips.

At this moment, her phone vibrated indicating a message.

Olive carried her phone from the washstand, and checked the message.

Someone had sent her a video. Olive clicked the video and it played. In a dark room, a man and woman were having sex on the bed. Through the darkness, she could vaguely see the man's stiff back. It was Elvis.

Crystal's coquettish voice soon sounded in her ears. She was clinging tightly to Elvis. "Elvis, you're so good, I love this so much." She moaned.

Olive's phone beeped again, and another message came in.

"Tonight, Elvis really satisfied me. I've given you my blood. Use it to save your life." Crystal's message read.

Olive's pupils suddenly shrank. She felt her heart ache in pain. She placed her phone back on the washstand and didn't look at it again.

Elvis was no longer her Mr. Augustine.

At this moment, the doorbell of her apartment rang, and someone knocked on the door.

Who was it?

"Oly, open the door, it's me." A deep and familiar voice sounded from the door.

It was Elvis.

"Olive, I know you're inside. Quickly open the door, I want to come in!" Elvis continued to beckon.

Olive raised her hand and covered her ears.

Elvis stood outside and kept on knocking on the door, but Olive didn't open the door. She didn't want to open the door for him.

“Olive, you know a door can’t stop. Come over quickly and open the door. I want to see you now.”

Olive still didn’t make an attempt of moving.

Elvis let out a breathe, and took a step back. The two bodyguards hastily stepped forward and opened the apartment door.

Elvis walked in. The apartment was so quiet.

“Olive?” Elvis called out. He searched through the living room, then the kitchen, and finally her bedroom, but he still couldn’t find her. Olive was gone.

“Olive, where are you? Are you hiding from me? Come out quickly.” Elvis was certain that she was hiding somewhere.

No one still answered him.

Where was she?

Elvis’s sharp, falcon-like eyes swept around the room, then his gaze landed on a windowsill, where there were curtains blocking the view from behind.

Elvis reached out and opened the curtain.

He soon saw Olive. Olive sat on the windowsill. She stretched out her arms and hugged her knees, curling into a small ball.

Her face was buried in her knees, her long hair spread out and covered her entire face. Olive sat there quietly.

Elvis slowly moved forward and reached out to touch her.

Immediately he touched her skin, Elvis realized that her body was as cold as ice.

“Olive, it’s alright, I’m here.” He muttered soothingly.

Olive didn’t look up. “Elvis, let go. We won’t meet again in the future. Don’t worry, I’ll cure myself. I still have a lot of things to do. I haven’t found my mother yet.”

It was as if a sharp knife had been stabbed into his heart, because the pains he felt was brutally chaotic.

“Olive, do you want to leave here and go home?”
