Chapter 551

Chapter 551 You want to mess up again, don't you?

"Nathan, it's late, go to bed," Elvis said.

"I know, Dad. Good night, Miss Fairy." Lil' Nathan closed his eyes and soon fell asleep.

The boy fell asleep. Olive looked reluctantly at his sleeping face, when a deep voice said over her head, "Is Nathan asleep?"

Elvis came.

He was still working on the sofa just now.

Her eyelids trembled, and she said, "Yes".

"Let Nathan in." He whispered.

Olive's heart skipped a beat. Nathan wanted to sleep in the middle, but he wanted Nathan to sleep inside.

What he wanted to do was obvious.

He wanted to sleep with her!

"No." She refused.

At this time, the side of the bed was lowered, the man turned around, using his big hand to support her, and put her under his body. He leaned down to kiss her soft hair, leaned into her earlobe, and whispered: "You want to mess up again, don't you?"

Olive pressed against his solid chest, trying to push him away. She whispered, "My son's here, don't mess around."

She had just finished taking a bath, at this time the silk fabric still had a wet scent, the hairs caught in her soft, petite face and her extremely attractive rosy neck still had small drops of sparkling water. Elvis's eyes darkened, he kissed her red lips, "If you are obedient, my son won't wake up."

Olive's slender fingers gripped his silk nightgown, passively enduring his lingering kiss.

The room was very quiet now, and the atmosphere was hazy.

Olive tilted her head now, burying her little face in the pillow.

Elvis frowned slightly. She was about to refuse, and she looked extremely beautiful, like a seductive temptress.

"Shall we go to the bathroom?" He said hoarsely.

This was a question, but it wasn't meant to consult Olive at all, because before she could answer, Elvis had already picked her up.

When the two entered the bathroom, Elvis hugged her and sat her on the sink. At this moment Olive suddenly held a small white pill in her hand.

"What is this?" Elvis frowned and asked.

Chapter 551 You want to mess up again, don't you?

Olive looked up at him, "Birth control pill."

As soon as these words fell out, Elvis pursed his thin lips, revealing a hint of displeasure.

"Elvis, this birth control pill is good for both you and me. Do you want me to give you... a baby?"

"Of course not. Being able to recognize your identity is the best."

Olive put the small white pill in her mouth and swallowed it.

Looking at her without hesitation, Elvis could tell she didn't want to have more children, or that she didn't want to have children for him at all.

Elvis pursed his thin lips and said softly, "Nathan really wants a sister, and having another daughter is also in my plans."

What?

Olive was stunned. This was the first time she heard Elvis say he wanted a daughter.

In fact, he already has a daughter.

Ivy is exactly like her at birth, a petite beauty, and Ivy has a very gentle and cute personality that can melt anyone's heart.

www

It is said that a daughter was her father's little lover in the previous life, and Ivy has wanted her father since childhood.

For a man with a strong and cold temperament like Elvis, if he had a little princess by his side, she wondered if he would become a slave to his daughter or not.

As Olive was lost in thought, Elvis suddenly reached out and squeezed her beautiful little face, "Of course you don't deserve to give birth to a daughter for me. Later, I will let other women give birth to my daughters, and Nathan will also call other women 'mom'."

Olive felt pain inside, and she thought about the problem too. If he remarries, Nathan will have a new mother.

"Elvis, Nathan is my son, can you... give him to me?" Olive boldly said what was in her heart.

"What did you say?"

"I said, 'Give back Nathan to me. Anyway you will remarry later, you are only 32 years old now, and you can have as many women as you want to have children for you. They will give you a football team... Ah!'"

Before Olive could finish speaking, Elvis lowered his head and bit the corner of her lip.

He bit her so hard that she bled very quickly.

His hoarse and sinister voice came out from between his teeth, "Olive, do you really want to piss me off?"

Olive didn't know what she said wrong, but she was sensitive to his gloom and violence. Forget it. Let's talk about this topic later.

Olive raised her small hands to wrap around his neck, and she took the initiative to kiss him.

Elvis was angry at first, but he intentionally said that he would ask another woman to give birth to a daughter to excite her and make her jealous.

DE 15

The Suberilure Bride Doted by My Bonaire Husband

He doesn't want other women to give birth to his daughter. If he wanted to, he'd had a bunch of girls in the past three years.

He just wants her to give him a daughter, and his daughter should be exactly like her.

However, she is not only jealous but also wants to possess Nathan, determined to push him to another woman.

There was hostility in Elvis's hard chest, and he really wanted to explode, but Olive unexpectedly took the initiative to kiss him.

Her kiss was very inexperienced, her kissing skills were all learned from him, like soft feathers brushing through his cold heart, making him soft all over.

He was a beast on the verge of attack, and suddenly she stroked his fur with a kiss.

After Olive kissed for a while, she realized that he wasn't responding. This was her one-sided performance.

She opened her eyes to look at him, only to see that he didn't close his eyes, just watched her perform condescendingly.

Olive couldn't help but feel a little embarrassed, she let go of him and thought, "It's fine not to kiss."

At this time, her soft waist was suddenly tightened. Elvis's big hand grabbed her tightly, locking her in his arms: "Olive, three years no see, have you grown to this extent?"

Elvis, if you talk like that again, I'll bite you." Olive lunged forward and bit him in the chest.

Elvis's protruding male throat rolled up and down twice, then he pushed her against the wall, leaning: down to kiss her.

Elvis didn't close his eyes, just looking at her like that. He watched as her cheeks flushed red under his kiss, her slender eyelids quivering, her clear eyes filled with bewilderment, her slender body softening into a puddle of water under his palm.

Ever since they met, when he touched her, she was as stiff as a rock, but this

time her whole body was soft.
Elvis closed his eyes and forcefully possessed her.

Chapter 552 Olive left!

Olive's current reaction isn't fake, because she took the pill.
She lied just now, the small white pill isn't a contraceptive but an aphrodisiac.
Now she doesn't want to be intimate with Elvis at all, but he won't let her go,
so she can just take this pill.

This time the dose she took was a little too strong, now her whole body was
on fire. She brought her small hand down, urgently pulling at the belt of his
pajamas.

However, as she grew more and more worried and confused, she couldn't
deal with it no matter what.

Elvis looked at her worried figure, her small face was red and hot, and on the
beauty's forehead was a layer of transparent sweat, full of longing for him.
Elvis pursed his thin lips, smiled honestly, and said, "Slow down. Why so
hurry?"

Olive was about to cry when she couldn't take it off. She carelessly kissed his
handsome face, softly saying, "Elvis, help me!"

Not knowing how much time passed, Elvis carried Olive out of the bathroom
and laid her on the large soft bed.

Olive closed her eyes. At this moment, she didn't want to move at all, all the
strength in her body was exhausted, and she couldn't even move her fingers.
Lil' Nathan slept inside, still in a sweet dreamland.

Olive slowly moved over, trying to sleep with her little kid.

But in the next second, a strong arm reached out, wrapped around her soft
waist, embracing her, Olive leaning against a warm solid chest.

Elvis hugged her.

Olive moved, and said, "I want to sleep with Nathan.

"No." Elvis rubbed his chin firmly against her forehead, saying, "You can only
sleep with me."

This man is really... strong and domineering!

He didn't allow her to bathe Nathan, and didn't allow her to sleep with Nathan,
either!

Why is he jealous to the point of being jealous of his son?

Now that Olive is sleeping in the middle, with Nathan inside and Elvis outside,
the picture is warm and soft.

Olive didn't move anymore. She buried her small face in Elvis lap. Listening to
the powerful "thump" of his heart, she felt her whole heart calm down.

If there is a man like Elvis in the world, you are in his arms, and the wind and rain in the city will suddenly stop outside.

Olive raised her small hand, her slender fingers digging into the hem of his nightgown, touching his

heart.

The knife she stabbed three years ago left a deep scar.

Olive's fingers gently stroked the scar, then she supported her tired body, and her red lips fell on the

scar.

She kissed his scar little by little.

Elvis lay on the bed, one arm around her lap, staring at the crystal lamp dimly overhead. He felt her soft lips glide over his scar, tender and loving, his long narrow eyes quickly flashed a bright red, and his palm brushed her long hair.

He whispered, "Isn't that enough?"

Olive's slender eyelids quivered, and she hurriedly buried her small face in his chest, "Mr. Augustine, I heard that men with a lot of lust go bald very easily."

Elvis curled his thin lips into a circle of joy. "So what will you do? You're short-tempered and narrow-minded, isn't your desire hopeless?"

Olive feels that he has a pretty clear understanding of her, but it's a pity that the world is deceived by his handsome, rich, powerful appearance.

At this moment, Elvis' thin lips landed on her forehead, then slowly moved down. He kissed her eyes, nose, and finally her red lips.

Though he didn't say it, Olive knew he meant to do it again.

Olive felt his physical strength was terrifyingly good. Although 32 years old was still young, he was a bit too demanding, which scared her.

Olive hastily closed her eyes, I'm so sleepy, I'm sleeping. Good night."

Elvis paused, looking at her ever-shaking eyelashes. That little thought wasn't enough for him to see, but it was late at night, and it was almost morning, her beautiful eyes were covered with a tired dark

cyan.

Tonight he experienced the so-called 'hibiscus tent to warm the spring night, since then, the king. didn't enter the court early'.

"Sleep. Good night," Elvis hugged her gently and closed his eyes.

Elvis actually fell asleep. For the first time in three years, he slept with Olive in his arms. Her soft and fragrant body snuggled obediently in his lap, like a kitten. He slept very well.

Early the next morning, as the golden morning sun shone through the window curtains, Elvis opened his eyes

"Dad, are you awake?" Lil' Nathan's immature voice quickly reached his ears.

Elvis didn't want to get up, so he turned to hug Olive and sleep again. "Dad, hurry up. Mom's gone. She's gone to Greenland." Lil Nathan said. Elvis suddenly lost all sleep. He opened his eyes. There was nothing around. Olive was no longer there.

Olive left and went to Greenland.

Elvis' sleepy eyes quickly recovered, and he sat up and looked at Nathan. Lil' Nathan got up early, and wore a white shirt with a bow tie, looking like an elegant and aristocratic young boy. Right now he was sitting on a chair, and a person was standing behind him, his secretary Aiden.

Apparently, Lil' Nathan had been waiting for his father to wake up, and he'd returned with the air of a cold-hearted CEO. There was a hint of profoundness on his cold little face.

Elvis pursed his thin lips, a layer of fog covered his heart. She left!

"Nathan, I've sent someone to watch your mom 24 hours a day. Your mom certainly won't be able to leave Imperial."

"Dad, I sent someone to remove all your tracking devices and let Mom go."

"Nathan, do you want to be beaten?"

"Dad, you can't keep Mom."

"I feel that you are often tricked by Mom. She will use a trick when sneaking into your bed."

Elvis got up from the bed. Hearing that, his sharp hawk-like eyes looked at Lil' Nathan fiercely. At this time, he discovered that Aiden was also there, so he also took a look at Aiden.

Aiden coughed twice, but couldn't hear anything, even though he felt that what the little master said was true. Olive climbs on Elvis's bed every time she plays a trick!

"Dad, rest assured. As long as I'm by your side, Mom won't really leave you. What I'm curious about is what attracts Mom in Greenland. Let's go and have a look."

Elvis looked at the boy in the chair, who was very curious. How could his son say sarcastic words so easily and naturally?

Elvis looked at Lil' Nathan. His son was very thoughtful

"Are you really going to Greenland?" he asked.

Lil' Nathan nodded, "Yeah."

Elvis went to the French window. The bright sunlight outside covered him with a golden color. After a long time, he calmly said: "Curiosity killed the cat.

Nathan, there are some things I don't tell you. It's a kind of protection for you."

"Dad, I told you. It's your choice whether you say it or not. But I'll find out. This is my choice. We won't interfere with each other."

Elvis snorted, then quietly looked at the little boy, saying, "Three years ago, your mom abandoned me and ran off with another man."

Lil' Nathan let out a loud voice, "As expected, I've had enough of Dad's resentful expression over the past three years."

Your mom had a child with another man. That man's child was in Greenland, so that child is

considered your half-brother."

Hearing these words, Lil' Nathan's delicate eyebrows quickly twitched.

Obviously, he never thought that in this world there would be half-siblings.

Elvis didn't intend to tell Nathan about this at first, but his high IQ is completely uncontrollable, so it's better to tell him first, so he can prepare himself mentally.

"Nathan, are you still going to Greenland?"

Lil' Nathan looked up at Elvis, "Yes. Why not? Dad, leave that love rival to me, and leave that child to me, too."

Elvis didn't say anything. Olive left him again, leaving him and Nathan to go to Greenland to find Derrick Domino and that child. He and Nathan didn't exist in her heart at all. Even as he held Olive in his palm, she snuck away. He felt... tired.

Elvis turned to go to the bathroom, "Clean up, prepare to fly to Greenland."

Elvis arrived in Greenland in the afternoon, and in the airport lobby, he parted with Lil' Nathan.

Aiden respectfully said: "Young master, now the master is in Greenland, too. The master hasn't seen Nathan for a long time, so I want to take Nathan to see him."

The "master" in Aiden's mouth was Alpha.

Elvis's eyes flashed. Three years ago, Olive left. Damien and Alpha, two former business tycoons, disappeared from the world's sight. Now Alpha has suddenly come to Greenland in person, which is quite unusual.

"My dad's in Greenland, what about Mr. Robert? Is he in Greenland too?"

Elvis asked.

Aiden nodded, "Yes, Mr. Augustine and Mr. Robert are both here."

Only an old acquaintance from 20 years ago could simultaneously alert these two men and gather

them in Greenland. It looks like Olive is coming to Greenland this time on appear with Joyce Brown and even his mother, Anabelle Midas.

Elvis glanced at Lil' Nathan, saying, "Nathan, be good,"

"Okay. Goodbye, Dad." Lil' Nathan replied, leaving with Alden.

At least, she will

At this time, on the other side of the airport lobby, many people gathered around, holding cell phones, randomly taking a couple of cute babies.

"Oh my g od, whose twins are so cute! I really want to pinch their little faces!"

One person shouted.

"Are they child actresses from TV shows, and they lied to me about having children? If I had such good looks, I would definitely keep giving birth until I couldn't give birth anymore."

The twins were Levi and Ivy, Elvis and Olive's other son and daughter. Two pretty kids, no less than Nathan, just appeared at the airport and "caused a shock" and became the most eye-catching people.

"Bro, I want to eat that lollipop." Ivy leaned against the shop window, pointing at a beautiful lollipop.

Ivy is a little girl. She perfectly inherited Olive's beautiful face. As a child, her facial features weren't developed yet, but she already had potential beautiful features. Today she wears a long pink dress with a small purse on the side, and her thin and soft hair is tied into two small braids on her shoulders. She looks like a little dough dumpling.

Ivy's favorite is lollipops. Every time she sees a lollipop, she can't move it.

Levi is a boy. Lil' Nathan resembles his father, Elvis, and Levi resembles his mother Olive, born extremely handsome. Compared to Lil' Nathan's noble CEO temperament, Levi is the type of boy people would tell him, "Little brother, promise me you'll never become a sc umbag in the future."

Levi was used to being surrounded like that. Ivy wanted to eat a lollipop, so he immediately stopped, "Ivy, stay here. I will come in and buy it for you."

Ivy widened her eyes, nodded vigorously, and said sweetly: "Yes, thank you, bro."

Levi walked to the store at the airport.

At this moment, Levi suddenly felt his heart pounding, like telepathically pulling him back. He hurriedly raised his head.

Levi saw a group of people in the VIP aisle in front. Aiden and a few bodyguards in black walked respectfully behind them. The little prince of the Augustine family was going and everyone avoided them. Lil' Nathan walked in the front. His face was delicate but cold,

A passerby saw Lil Nathan, and could only see from afar. Whose is that little child? So extraordinary.

Levi couldn't see Nathan's face, but he saw his back. Could it be... that was his brother?

Levi knew that he really had a brother, but when he was just born, he was handed over to his father. by his mother.

Maybe it's because of the same parents, looking at Nathan, Levi feels his heart racing, this kind of wonderful telepathy that no science can explain.

Levi hastily raised his legs to chase Nathan.

Seeing her brother run away, Ivy worriedly called: "Bro, where are you going? Bro~ Bro~"

Chapter 533 Cube wine

Ivy chased after Levi, but her speed was too slow, and soon he disappeared from her view.

"Bro- Bro- Boohoo-" Ivy was startled and burst into tears.

Her two small hands squeezed into fists rubbed her eyes, and more tears fell. There was also a small leather shoe missing at her feet, which was unfortunate.

Ivy cried so much that she suddenly bumped into someone's thigh and was forced to stop.

Just then, a deep, magnetic voice came from the top of her head: "Little girl, are you okay?"

Well, what a wonderful voice! Although Ivy is only three years old, she is fully capable of assessing faces and voices.

Ivy raised her head. The man in front was so tall, like a towering tree. It took her a lot of effort to raise her neck to see his face. Finally, she saw Elvis' handsome, sculptural face.

Wow, what a handsome tall tree!

Ivy always thought that her mother was the most beautiful person in the world, but now this man is so handsome.

Ivy bumped into Elvis's thigh.

Elvis had just separated from Lil' Nathan and was going out when a little girl ran into him. He narrowed his eyes at Ivy, and then his pupils constricted, momentarily lost in thought.

Because this little pretty girl's face is very similar to Olive's.

Ivy wiped her tears, then pouty said: "Uncle, may I ask, have you seen my

brother?”

The girl’s skin is white and pink and looks like it can squeeze water, especially her bright eyes like stars. At a glance, everyone finds her cute. Elvis regained his composure. This must be the girl who was separated from her family, so he looked around and shook his head: “No, I haven’t.”

As soon as

as Ivy heard this, her tears fell down. She cried loudly: ‘Boohoo... I want my bro. I want my

Looking at the tears on the little girl’s face, Elvis recalled Olive’s beautiful flower-like face. He didn’t know if she was this rosy and tender as a child, and if she loved to cry.

At this moment, his determined heart was extremely soft. He took a few steps forward, and squatted down in front of the girl, trying to soften his voice:

“What’s your name?”

Ivy was crying, her lovely big eyes filled with tears, “My name is Ivy”
Ivy?

Her eyes are especially like stars falling from the sky.

Elvis pursed his lips, “Ivy, how about this? What’s your brother’s name? I’ll ask someone to help you.

find it.”

Ivy nodded and replied, “My brother’s name is Levi.”

Elvis: “...”

Three black lines appeared on his forehead. Levi? Is it too simple for this girl’s parents to choose a
name?

“Ivy, what’s your mother’s name? Or do you remember her cell phone number? I’ll call her.”

Ivy thought for a moment, then replied, “My mom’s name is Mom, and what’s her phone number?”

Elvis was speechless, “...”

How does this family raise children?

Seeing Elvis like that, Ivy exclaimed “Boohoo...” and her cries turned into howls.

Elvis was startled, asking: “Ivy, what’s wrong? Why are you crying so hard?”

“Because you look down on me.”

“No.” Elvis righteously said.

“You lied, your expression just now is exactly the same as when my bro looks

at me.”

Elvis, “...”

What kind of weird family is this?

He reached out his large hand to wipe away Ivy’s tears. He’d never comforted a little girl like this, so his words were a bit clumsy. “Ivy, be good. Don’t cry, okay? I don’t despise you.”

Ivy ignored him, and she wiped even more tears.

Elvis was a little confused. Faced with such a little girl, he felt his bones soften. This feeling was very strange. He had never experienced it.

Lil’ Nathan was raised by him alone. Of course, he’s been a father for three years, but Nathan is a boy. so he can reach out and hit his a ss.

But this little girl in front of him was pink and soft like water, making him not dare to touch her.

He really likes this girl. His heart felt like there was a feather gliding through, gently rippling in circles. At this moment, he felt his heart was a little full.

He didn’t know why. Maybe because this little girl looks a lot like Olive. She is a miniature version of her.

“Ivy, your little leather shoes fell off. I’ll help you wear them.”

One of the little leather shoes on Ivy’s foot fell off, revealing the cute little cream-yellow sock inside.

Elvis picked up the small leather shoes, then held Ivy in his lap, helping her put on them.

At this time, Ivy saw the lollipop in the shop window again and couldn’t help but look at it a few more times.

“Ivy, would you like to eat that lollipop? I’ll buy it for you.” Elvis glanced at Peterson behind him, and Peterson quickly went to buy.

Ivy immediately waved her little hands, “Uncle, I don’t want to. Mom and Brother said I can’t just eat what other people give me.”

Peterson quickly bought the lollipop, and Elvis handed it to Ivy, “I’m not a bad person. Take it.”

Ivy took the lollipop and didn’t eat it. Although she also felt that this uncle wasn’t a bad person, she must be vigilant. She said, “Thank you, uncle.”

Elvis seeing this well-educated little girl, wondered who could give birth to such a cute daughter. He asked, “Ivy, where’s your dad?”

Ivy, who was holding the lollipop, was slightly taken aback, glaring at Elvis in bewilderment, “Dad? What...”

Before Ivy had finished speaking, at this moment, a young voice spoke in their ear, “Don’t move. Let go of my sister! Raise your hands!”

Levi is back.

Levi thought it wasn't okay for him to leave his little sister at the airport, so he rushed back.

Elvis was talking to Ivy and didn't notice behind. Hearing the voice, he quickly straightened up, then turned around to see Levi a few steps away.

Now Levi was holding a toy gun in his hand, and he pointed the muzzle at Elvis' head.

Peterson was surprised because he didn't notice when Levi had arrived. A three-year-old child suddenly passed a group of black-clad bodyguards and approached them without anyone noticing.

"The child..." Peterson wanted to say.

Elvis glanced briefly at Peterson and motioned him to step back.

"Young master." Peterson walked over to Elvis's side.

Elvis narrowed his deep eyes at Levi, who was a few feet away, and said in a deep voice: "Although he has a toy gun in his hand, ... his marksmanship is accurate."

What?

Peterson stared in amazement at Levi, a child carved in jade who looked like his little master, Nathan. Peterson always thought his little master Nathan was very exceptional, but suddenly, appeared a three-year-old child whose marksmanship was superhuman.

God, what's wrong with this world? Is this already a child's world?

Peterson stepped back, Elvis calmly raised his hand and lowered his head to look at Levi: "Little kid, you must be the first to ask me to raise my hands!"

Chapter 555 I Want Dad

Levi pursed his lips, and a mischievous smile appeared on his handsome face: "It's an honor for me."

"Bro~" At this time, Ivy ran over, grabbed Levi, and quickly explained. "Bro, you misunderstood. This uncle is a good person. Just now he helped me wear my shoes and bought me a lollipop."

Only then did Levi realize he had misunderstood, and immediately put the toy gun back into the pocket at his waist, his small face looked up at Elvis, "Turns out to be a misunderstanding. I'm sorry."

Elvis saw that Levi was the same age as Ivy, probably twins, and nodded, "It's okay."

At this time, Aunty Isla hurried over, "Young master, young lady, what are you doing at the airport? Come back with me. Just now I couldn't find you, I'm so scared."

Levi took Ivy's small hand, "Ivy, let's go home. Uncle goodbye."

Ivy also looked helplessly at Elvis, "See you later."

Aunty Isla left with Levi and Ivy.

TH

The three of them got into the luxury version of the nanny car. Ivy looked at Aunty Isla, asking, "Aunty Isla, what's Dad?"

Hearing Ivy ask this question, Aunty Isla felt heartbroken.

She stroked Ivy's soft hair, gently explaining: "Dad and Mom are a couple. They gave birth to you..."

Aunty Isla didn't dare to say much, for fear of upsetting Ivy.

"Wow," Ivy leaned softly against Aunty Isla's shoulder, "I get it. Our neighbor Riley has a dad and a mom. Every day when her dad comes back, he can hold her up so high."

Ivy has only had a mother since birth, she isn't jealous of her friend Riley held up so high by her father. She loves her current home so much.

But today

that uncle hugged her and put her shoes on. He was very tall and his arms were strong. It felt completely different from the way her mother held her. Ivy still doesn't know that it's a special kind of power from her father, but she instinctively wants to rely on this kind of power.

Aunty Isla doesn't know how to comfort her. She has taken care of them since Levi and Ivy were born, but she doesn't know who the father of the two children is.

At this moment, Aunty Isla thought of the man just now. That man was so handsome. She imagined her princess standing with that man just now. Both of them would be a good match.

At this time, Aunty Isla looked at Levi, saying, "Young master, we can't go out alone in the future. You see, today I went to the supermarket to buy some things and leave your sister to you, but when I came back, you were all gone. Fortunately, nothing happened, otherwise, I really wouldn't have the face to meet the queen and the princess."

Levi is a little distracted today. He is thinking about the boy Nathan he saw at the airport.

He didn't catch up with Nathan, and he didn't know if it was his brother or not.

"Aunty Isla, rest assured. I won't lose my sister." Levi hid all his thoughts in his heart, hugged his small chest, and said convincingly.

Aunty Isla found it funny.

In the evening, Levi took a shower, and then went to Ivy's room.

Although he felt that his little sister's intelligence was clearly not enough compared to his IQ, he still loved his sister so much.

Pushing open the door to Ivy's room, the boy found Ivy curled up on the bed, pulling the blanket up to cover her small face.

Levi sighed. The three-year-old girl still likes to sleep with blankets like that? He reached out and pulled the blanket off.

Levi saw Ivy's small face. Ivy was still fast asleep, her pink mouth hanging open, her face still full of tears, very pitiful.

Levi was startled. He sat on the edge of the bed, hurriedly wiping away Ivy's tears, "Ivy, what's wrong? Why are you crying? Is someone bullying you?"

Ivy saw her brother, let out a small cry and choked: "Bro, why don't we have a dad?"

Dad...

Levi froze for a moment when he heard the word. He didn't know either, and he'd never seen his father, but he guessed his father was definitely dead.

He didn't dare to ask his mother, afraid that she would be sad.

"Bro, Riley and the other kids all have dads, why don't we...? I want a dad, too, and I want to be hugged too."

Ivy reached out her soft hands and grabbed Levi, asking, 'Bro, why don't we have a dad at home? We're good, why doesn't Dad come visit us? Dad... doesn't like us. He doesn't want us anymore...'

Ivy..." Levi reached out to hug Ivy, gently coaxing her, "Dad definitely likes us, and he wants us too. Dad misses us a lot, but Mom and Dad are both busy with work, so they're apart for a while."

"Bro, where is our dad now? I miss him so much. Can you help me find him?" Ivy asked, looking expectantly at Levi.

Levi was a little embarrassed. Where could he find their father?

"Bro, let's go find Dad and bring him back. You see, it was so hard for Mom to bring us back alone. If we help her find Dad back, then there will be another person who loves her and helps her share the burden. Bro, don't you think so?"

Levi thought it was right. Such a beautiful young woman like their mother couldn't stay widowed for the rest of her life because of their father, right?

If not, he will help morn find dad.

"Ivy, what kind of dad do you like?"

Ivy thought for a moment, replying, "I like the uncle that met me at the airport

“Bro, don’t you like the tall tree at the airport?”

Levi thought for a moment. He likes that tall tree, too. He said, “Okay, Ivy, let’s

enough to support us?”

Ivy nodded. Now what her brother said was true.

Levi brought Ivy to the computer. He drew a portrait of Elvis with a brush, put
it in the computer to scan, then he hacked into the global big data system and
quickly found Elvis’s personal information.

Levi looked at the page that popped up. Elvis Augustine, CEO of Augustine

Chapter 556 Blind date invitation

Levi looked at Elvis’ resume and was a little satisfied. Looks like this tall tree is
very powerful.

“Bro, what’s up? Do you have any way of contacting that handsome uncle? I
really want him to be our dad.”

“Ivy, don’t worry. I’ll contact him right now. If we want him to be our dad, let’s
let him go on a date. with our mom first.”

“A date?” Ivy asked. She didn’t understand the meaning of these words.

Levi explained, “Blind dating is about having this handsome uncle meet our
mom, then make him fall in love with her.”

“He will definitely like Mom. She’s very beautiful and cute. I like her the most.”

Ivy said proudly.

Levi nodded: “Of course. If this handsome man has sharp eyes and likes our
mom, then he will really be profitable. He buys one and gets two free!”

Speaking of which, Levi used a tracking system to determine Elvis’s IP
address. The numbers scrolling across the screen were dizzying, but Levi’s

tiny fingers kept typing on the keyboard, and soon Elvis' IP protection wall was breached.

"Hmm, I'm going to send this handsome uncle a... blind date invitation."

Elvis had already arrived at the villa. He was in his office with a thin laptop on his desk. He was conducting a video business meeting.

But just then there was a "ding", and the computer screen in front of him suddenly went black.

"Young Master, Peterson walked over quickly, surprised, "What's wrong with the computer? Why is the screen black all of a sudden?"

Looking at the black screen in front of him, Elvis frowned slightly, "Someone hacked my computer."

"What? How could it be?" Peterson said in amazement. "Young master, our computer defense is world-class. Up until now, the top hackers in the world couldn't attack our systems. So who hacked us? I haven't heard of any outstanding hackers recently."

Peterson was confused. He's been overstimulated these days. The kid he met at the airport today was holding a toy gun. Looking at the way he held the gun at that time, he can guess his marksmanship.

Now, out of nowhere, a super hacker appeared, directly hacking the young master's computer. This is the world's leading defense system, how strong will this hacker be?

At this time, an explosion of firecrackers rang out, and an invitation letter flashed on the black screen of the computer.

"Young master, that super hacker sent you this," Peterson said.

Elvis looked at it and saw the invitation automatically open. Inside, there was a text that said, "Hello handsome uncle, now I sincerely invite you to go see my mom this weekend. You have to be on time."

=

Peterson was shocked. He thought that this super hacker hacked the young master's computer

to do earth-shaking things. He was at the first level of vigilance just now, but who would have thought that this hacker would only send the young master... a blind date invitation?

What the hell is this?

Peterson just wanted to say that the young master's charm was so strong that it could attract beautiful women from all walks of life.

"Young master, who is this hacker?"

Elvis pursed his thin lips, saying, "It must be a... kid."

A kid?

"Whose family is this kid? If he hacks your computer, then this gene is really

too powerful, and can even fight Little Master Nathan.”

Elvis was silent for a few seconds, then said, “Give this kid to Nathan, let him track this kid down.”

“Oh?” Peterson was a little embarrassed, saying, “Young Master, I can’t give orders to Little Master Nathan. He won’t be willing to work for us.”

“Give it to him. He’ll be interested.” Elvis said faintly.

Peterson could only nod, “Yes, young master.”

He turned, took out his cell phone, and carefully dialed Lil’ Nathan’s number.

The melodious cell phone rang once, then connected, and Lil Nathan’s cold voice came in: “Hi, Uncle

Peterson.”

Peterson’s forehead twitched. He’s not married yet, so he should call him Brother Peterson, right?

“Young master, the thing is, just now our computer was hacked by a super hacker. Your father said to give this person to you so that you can repair the system and track down this person.” Peterson laughed and said.

The other end was silent for a few seconds, I’m not interested, let Dad do it himself.”

At this moment, Elvis walked over, snatched the cell phone from Peterson’s hand, and said to Nathan: “That super hacker is a kid your age. If I’m not wrong, it must be the boy I saw at the airport today. He has excellent skills and super marksmanship, and he is a worthy opponent for you.”

Right now, Lil’ Nathan is with Alpha. Grandpa and grandson are sitting on the carpet in the living room playing chess. At this point Lil’ Nathan stopped to answer the phone.

Hearing the word “airport”, Lil’ Nathan frowned slightly, “Okay, send it to me.” After saying that, he hung up the phone.

Aiden quickly took out a thin notebook and gave it to Lil’ Nathan.

Lil’ Nathan’s fingers tap fast on the keyboard and he’s repairing the defenses at his father’s place.

Alpha holding a black piece, thinking about his next move, looked up at his grandson, asking. “Nathan, who did you meet at the airport today?”

Alpha noticed a subtle change in Nathan’s expression when he heard the word “airport” just now.

Lil Nathan didn’t stop, calmly saying: “Grandpa, I didn’t see anyone, but when I got in the car, I suddenly felt my heart beat faster, like something was chasing me. But when I looked back, there

-Was no one behind.”

Alpha’s handsome face showed no emotion, he just curled his thin lips in amusement, “Oh, really?”

Soon, Lil' Nathan had restored Elvis's defenses in place and figured out Levi's address.

On the other side, Peterson marveled at the computer interface that had returned to normal, saying, "Nathan is truly amazing!"

Elvis was sitting in his black leather office chair when his cell phone rang, it was Lil' Nathan's call.

Elvis pressed the button, and Nathan's young and cold voice quickly came: "That person is at Obsidian Sky, but you don't have to go there, he's already running."

Chapter 557 Olive's fiance

Elvis didn't find it strange. Lil' Nathan had activated the anti-tracking system, and the super hacker on the other end should have recognized it immediately. Elvis said nothing. Lil' Nathan continued: "You don't need to worry about this kid. Leave him to me."

After saying that, Lil' Nathan hung up the phone again.

Listening to the busy "beep" sound on the other end, Elvis said,

H

The only people in this world who dare to hang up his phone are Lil' Nathan and his mother!

Of course, there was one kid who made him raise his hands at the airport today!

Elvis slowly narrowed his long and harrow eyes. Ivy's rosy, jade-like face appeared in his mind, a miniature version of Olive. Who are those two kids? Elvis soon guessed. He pressed his thin lips into a cold curve.

At this time, Peterson quickly walked over with a serious look on his face and said, "Young Master, I just received a message."

Elvis, "Speak."

Tomorrow, the princess of Visionary will come to Greenland to discuss marriage with Liam Theodore, king of the Gold City in Greenland."

Logan Theodore's ha rem has been full over the years. He gave birth to many sons and daughters, of which the most outstanding son was Liam.

Liam is Greenland's number one general, holding Greenland's Gold City. He was named King of Gold City by Logan in his youth. He had his own mansion and was always the closest to the position of

lord.

However, Logan preferred Concubine Molly's son. Molly is a strange beauty, good at seducing, giving birth to a boy and a girl. Her daughter, Clara, is a princess favored by Logan. Because Logan favors her son, Aaron, he has the right to govern the palace.

Liam and Aaron secretly compete with each other, and both point their swords at the position of lord of the world.

Now, the Visionary's Royal Princess has suddenly appeared, and Liam has been chosen among the two most popular candidates to take the reins.

Elvis' beautiful eyebrows suddenly dropped, he looked at Peterson, asking. "Who is the Princess of Visionary?"

Cold sweat on Peterson's forehead suddenly ran down, "Young Master, the mysterious Visionary Kingdom that disappeared for a hundred years has reappeared in the world. The Visionary Princess. is back... Olive is about to become the Princess of Gold City in Greenland. If I'm not wrong, this time, Olive is aiming her sword at the throne of Greenland."

After he said that, the entire office fell into silence, contemplation, and stuffiness.

Only then did Elvis know what the real purpose of Olive's return three years later was. The trip to Imperial was nothing more than a detour. This time, she reappeared to the world with the secret of the disappearance of Visionary and opened the way to a power struggle in Greenland.

Chapter 557 Dive's fiance

Will she marry Liam?

What is her real purpose?

It is said that Greenland and Visionary have a deep relationship. Each Visionary princess will marry the crown prince of Greenland. The two nations maintain their commonwealth through marriage.

Now Olive has to stick to the deal of the century and marry Liam?

There was a sudden storm in Elvis's eyes, but looking closely, there was nothing in his eyes. They were like two small abysses.

Peterson stood by quietly and respectfully, not daring to disturb Elvis. Olive brought Visionary to the world, lest tonight is a sleepless night for many.

But for the curious crowd watching the excitement, everyone was already very excited. Tomorrow, the princess of Visionary will ride a wedding car to parade through the streets. Everyone flocked to catch a glimpse of this mysterious princess.

At this moment, the melodious cell phone ring sounded, it was Elvis' phone.

Clara was calling.

Elvis pressed the connect button and said in a deep magnetic voice, "Hello." Augustine, it's me. How have you been lately? Am I bothering you?" Clara's delicate voice came, carrying a sweet smile.

Elvis pursed his lips slightly, "No, you're not."

"Mr. Augustine, tomorrow the princess of Visionary will come to Greenland.

My dad will hold a welcome party in the palace. All princes, princesses, and powerful officials will attend. I would like to invite you to come, Mr. Augustine. I wonder if you need a female companion?"

Elvis's mood wasn't disturbed, he was silent for a few seconds before saying:

"Okay, see you tomorrow."

At Obsidian Sky.

Levi immediately turned off the computer, then rushed into Aunt Cora's room, "Aunt Cora, it's not okay. Something serious has happened. Let's go!"

Aunt Cora was shocked, "Little master, what happened? I will collect two clothes first. It's cold tonight, you mustn't catch a cold."

"It's late. Someone's coming for me. Go!"

Pulling Aunt Cora with one hand, and Ivy with the other, Levi left Obsidian Sky without looking back, getting into a taxi.

Ivy blinked her big lovely eyes as she stared at Levi, raising her milky hand to wipe her brother's sweat, "Bro, what's wrong? You're so powerful, you've never met an opponent, maybe a master appeared this time?"

Levi took a few deep breaths, "He's not just a master, he's actually more than a master. I wasn't prepared at all, almost exposed, but... finding me wasn't that easy either."

Levi smiled triumphantly.

Chapter 557 Olive's face

At this moment, his phone vibrated.

That was a hidden number.

Levi pressed the button, but he said nothing.

Very quickly, on the other end came a cold young voice, which was Nathan, "Who are you?"

Levi heard this voice, his heart pounding, the telepathy swept over again, asking without answering: "Who are you?"

Nathan said: "So I change the question, who is your mom? This time I can answer first. My mom is..

Olive Hart!"

Nathan pronounced the two words "Olive Hart" correctly, carrying a sense of domination and assurance in them.

Levi was silent. Turns out this type of telepathy is real. Coincidentally, his

mother is named Olive Hart, too, so the cold and immature opposite is his brother!

Now Nathan is still sitting on the soft woolen carpet in the living room, cell phone in hand, big black grape eyes spilling a little sharp and cold. He said: "I'll give you a chance to run away this time. I hope you will come back to your place. I don't want to see you."

With that, Nathan hung up the phone.

Hearing a "beep" on the other end of the line, Levi immediately stuck out his tongue, making a cute naughty face. "My brother is so powerful. I don't want to hear you say that!"

Chapter 558 A slender hand reached out

Ivy looked at Levi curiously: "Bro, who called you?"

Levi replied, "My eldest brother!!"

"..."Ivy looked completely confused, "Bro, how will that handsome uncle agree to be our dad?"

Levi touched Ivy's head, "Don't worry, I'll take care of this."

Seeing her brother's confident appearance, Ivy felt relieved. Nothing in this world could beat her brother.

Levi temporarily took Auntie Cora and Ivy to escape. He was thinking that he must go see his brother!

"Young master, young lady, I received news that the princess has arrived in Greenland, shall we go see her?" Auntie Cora asked.

Levi waved his hand, "No need for now. I have important work to do."

"But..."

"Auntie Cora, what did Uncle Derrick say to you when he left? I'll take care of everything." Levi reminded her.

The next day, the princess of Visionary arrives in Greenland, and the people of Greenland are all excited.

The middle of the road was covered with a red carpet for thousands of miles, and the roadside was covered with flowers and white towels.

Now Elvis is standing on the high observatory. Today he wore a fitted black shirt and black trousers. He was as handsome as a pearl, but his body was covered with a thin layer of cold air, his condescending posture revealed an extremely distant and indifferent look.

Anyone with a keen eye could tell that Elvis was in a bad mood today, and they must not provoke him.

There are two more people here, who haven't been seen in three years... Damien and Alpha.

They were drinking tea in a luxurious room. Damien asked, "Why isn't my grandson Nathan here?"

Alpha elegantly took a sip of tea and casually said: "He doesn't want to come. He's met an opponent."

"An opponent?" Damien asked, glancing at Alpha.

Alpha nodded, "Yes, your other grandson is here."

Damien's eyes lit up. They both know about the fact that Olive gave birth to triplets three years ago.

Three years ago, Olive narrowly escaped death during childbirth, then Joyce Brown sealed her heart with an ice needle. She fell into a deep sleep for two years. Before Olive closed her eyes, she asked. Joyce to send her eldest son Nathan to Elvis, so Joyce approached Alpha and facilitated this.

It was Alpha who lied to his son Elvis, saying that Nathan was pregnant by a surrogate. For the past. three years, Elvis was convinced of that and never doubted Nathan's true identity.

Over the past three years, Alpha and Damien watched their oldest grandson Nathan slowly grow. Because Elvis and Olive's genes were so strong, Nathan's IQ was almost beyond human limits.

Chapter 85% A slender hand reached out

Evaluating Nathan, Alpha, and Damien couldn't help but be curious about what kind of person Levi was.

Damien said, "Have you seen Levi?"

"No." Alpha shook his head, calmly drinking his tea, "But I heard he has superhuman marksmanship. Last night, he easily hacked his father's computer, then ran away in front of Nathan."

Damien understood a bit. Nathan was raised by Elvis on his own and has a talent for business, and Levi grew up in Visionary, raised by Joyce and Derrick Domino. He may be smart and cunning, having extraordinary skills, but what is certain is that these two brothers have incredible IQs, and they are a pair of geniuses.

Damien looked at Alpha. Why did he feel that Alpha, who was drinking tea now, was a little proud and boastful?

"Has Ivy arrived yet?" Damien asked.

At the mention of their only precious granddaughter, Damien, and Alpha's expressions softened. Alpha put down the teacup in his hand, saying, "Must be here."

Damien got up and went to the window, looking down at the crowd below, "Alpha, Joyce contacted you three years ago and asked you to help her hide

Nathan's identity. As a bonus, she said that when Olive showed up, she and Anabelle showed up too, right?"

Alpha walked over to Damien beside him and nodded, "Right."

They didn't say more. Looks like Olive, Joyce, and Anabelle are back!

Elvis didn't know what the two old foxes Damien and Alpha were plotting inside. He just stared at the movement below. At this moment, there was a commotion below. Someone excitedly shouted: "Look, the princess of Visionary has arrived!"

Elvis looked up and saw a wedding car slowly approaching in front of him. He couldn't see the person inside clearly, but he could vaguely see a slim and beautiful figure inside.

Olive is here!

The onlookers were elated,

"Have you seen the Princess of Visionary?"

"I can't see clearly, I can only see a figure, but... this figure is like a fairy descending to earth, so beautiful."

"The most prestigious and beautiful princess in Greenland is Princess Clara. I wonder who is more beautiful between the Princess of Visionary and Princess Clara?"

"I'll tell you in secret. I'm afraid it's the princess of Visionary!"

The wedding car paraded down the street, then stopped in front of the palace. Now the gate is open. Many people were standing in front of the door. Logan in front. His sons and daughters and powerful officials in the back.

The wedding car paused. Logan looked with satisfaction at the two sons behind. One was Liam, and the other was Aaron. He said, "Liam, your fiancée has arrived. Go get your fiancée."

"Yes." Liam stepped forward to the wedding car.

Elvis on the observatory looked at Liam. Liam's name was like thunder. His five senses are all handsome in three dimensions. He is tall and strong. His muscular muscles can be seen under the thin coat. Unlike the restrained and majestic Elvis, Liam is more like the lord of the beasts that walk in the woods, with a more wild and aggressive soul.

Liam holds the Gold City of Greenland in his hands, fighting on the battlefield with iron blood, and the name of the Gold City King is terrifying.

This is a very strong opponent. Elvis pursed his thin lips.

Liam walked to the side of the wedding car, raised his finger, and knocked on the door: "Prince Liam Theodore is here."

With a click, the wedding car door opened, and a slender and smooth hand

reached out to Liam.

Everyone present held their breath waiting for Olive to appear.

Chapter 559 Olive will be given to you tonight

The people in the palace have their own ghosts.

Now Logan's favorite concubine, Greenland's concubine's son, and daughter are all here, Aaron and Clara. Clara is the noblest and most beautiful princess in Greenland. This time Olive appears, everyone will drag her out to compare. Women love beauty, and no one wants to be outdone in beauty, so Clara stared at the figure in the wedding car, waiting to compete with her.

Aaron is very handsome, too, but his whole body is a bit cold. Perhaps because he liked beauty, his eyes were very frivolous. Now seeing Olive's slender hand sticking out from the wedding car, he quietly lifted the corner of his lips, revealing a lustful hint.

Liam stretched out his large hand to take Olive's slender hand, then greeted her.

The audience gasped. Everyone stared blankly at Olive now.

Olive wore a white silk dress with a classic buckled neckline, revealing half of her swan's graceful pink neck, her pure and jet-black hair was braided into a princess braid, revealing her beautiful little face.

"G od, what a beautiful fairy!" said someone.

Elvis stood on the observatory and looked at Olive below, his deep pupils constricted slightly, and a deep amazement loomed over such a moment.

At this time, he clearly realized that Olive was no longer the Olive before. She was completely reborn. Now standing in front of him was the Princess of Visionary

On Olive's forehead was a bright red three-petaled flower. The pretty petals make her even more beautiful.

Clara looked at Olive bewildered. Even though they were all women and she didn't want to admit defeat, she knew she had lost.

Olive's face and demeanor were all far from her.

The people around were whispering.

“My God, is the princess of Visionary a fairy from heaven to earth? So beautiful.”

“I thought our Princess Clara was pretty enough, but I didn’t know what was to ‘see no further than my nose’ till I met the Visionary Princess.”

“Visionary’s princess is much prettier than Princess Clara. Basically, they’re not on the same level.”

Although everyone lowered their voices to prevent Clara from hearing, she could clearly hear all of Olive’s fans. She was so angry that she almost vomited blood, but she didn’t show it at all. On that beautiful little face was still a charming smile, revealing an innocent look.

Aaron saw Olive, too. His eyes suddenly opened wide, and he couldn’t take his eyes off her.

He has many concubines, and his greatest hobby in life is collecting all kinds of beauties. But compared to Olive, the beauties he hangs out with are all vulgar fans.

Aaron’s gaze quickly became extremely hot. He hated that he couldn’t undress Olive and take her as

Chapter 534 Olive will be given to you tonight his now.

Olive got out of the wedding car, raised her clear eyes, and looked at Liam in front of her generously, saying, “King of Gold City, I have admired your reputation for a long time. Hope this time we cooperate happily.”

Liam has ink-lacquer eyes, he curled his lips, “It’s very risky to work with you. I’m still considering it. My father wants you to marry his favorite son, Aaron. He almost drooled when he saw you. Now! you’re a hot potato. The choice to marry you is to stand on the opposite side of my father and Concubine Molly. It’s not worth it no matter how you look at it.”

Now Olive and Liam are standing together. They both looked very charming. They didn’t show anything on their faces. Liam is a considerate man. Olive smiled at him. Outsiders didn’t know what they were talking about. They only felt that their husband was in love and the concubine was intentional, and they were talking about intimate whispers.

Olive’s shining eyes flickered over Aaron’s face, and she raised her delicate willow-leaf eyebrows, replying, “King of Gold City, I will prove myself, and I believe you will cooperate with me.”

Liam looked at Olive’s clear eyes that shone with wisdom, calm, and determination, and suddenly felt a surge of anticipation. It is said that the more beautiful a woman was, the more dangerous she was. Liam laughed proudly.

“In the future, there must be a great show waiting for you in the palace, so I will wait and see your performance.”

Olive pursed her red lips, “Okay, I just wanted to give the King of Gold City a meeting gift.”

Liam is quite curious about this “meeting gift”, afraid that there will be no good party in the future. As soon as Olive steps in, she will enter Logan’s territory. Logan wants to marry Olive to his favorite son, Aaron, and Concubine Molly’s family is also keeping an eye on Olive, and there’s a great movie coming up. Olive is new here. She doesn’t know how she will return to the palace party. After the two finished talking. Liam led Olive to Logan, “Father, I brought Olive here.”

Logan had a smile on his face like nothing happened three years ago. He looked at Olive and smiled: “Olive, welcome to Greenland. Is your mother coming with you?”

Logan couldn’t wait to ask about Joyce Brown.

Olive smiled, “Mr. Theodore, my mother will come. When I marry the Gold City King, she will attend the wedding.”

“Okay then, Olive, let’s go in.”

The whole group entered the palace.

At the banquet, Olive stood with Liam, and the two of them stood in the center of the bright lights, praised and adored by everyone.

Logan stood aside and looked at these two, his cloudy eyes slowly turning cold. Liam is his proudest son, but this son has made a great achievement. At any time, he will be like a wild horse running around, escaping from his control, threatening Logan’s throne.

Now that Olive is going to marry Liam. This is completely impossible.

However, under pressure from the Visionary Ancient Kingdom, Logan Theodore couldn’t explicitly refuse, so he could only play some dirty tricks.

Logan glanced at Liam beside him, “Liam.”

Liam stared at Olive, quickly regaining his senses, “Father.”

“Liam, tonight Olive will be given to you. You know what to do, don’t you?”

Chapter 560 Marry **Olive**

Liam quickly nodded, “Father, I know what to do. Don’t worry, I will definitely not disappoint you.”

“That’s good.” Logan reached out and patted Liam’s shoulder, “Liam, father is the most optimistic about you. If you can successfully marry Olive and get the entire empire of Visionary, then father can abdicate in peace and hand over Greenland to you!”

Logan actually did not want Olive to marry his son, but he could get Visionary by marrying Olive. To him, marriage was the quickest and best way.

In addition, he didn’t have to be afraid of Olive’s position in Greenland.

The biggest variable was Liam. He had to prevent Liam from teaming up with Olive. Now, it seemed that Liam had a wandering attitude and did not choose which side he really stood on. His proudest son, Liam, was also a Sly fox.

Logan decided to take the initiative, and win Liam to his side.

Logan also decided to have Aaron play with Olive. By so doing, Aaron would marry Olive instead of Liam./

Aaron’s eyes lit up. He knew that tonight was very important. This was not only an important test that Logan had given him, but also because, if he could marry Olive, he would gain Visionary.

Aaron raised his head and looked at Olive not far away. Olive looked particularly beautiful. He scoffed and continued watching her.

Aaron knew how refreshing it would be for him to have Olive.

Aaron soon found Clara. “Clara, why didn’t Molly come over?” he whispered.

As the favorite mistress of Logan, Molly had been favored over the years.

Molly happened to be an exotic beauty. Unlike other of Logan’s mistress who had a strong family support, Molly came to Logan’s household alone, in a bid to explore the world, almost playing with the entire royal family.

When he mentioned Molly, Clara smiled.

“She said that the roses she planted in the back garden have bloomed today. She is going to pick the roses to make flower cakes,” Clara replied.

“What is she doing with a flower cake at this time?

Clara, didn't you tell her that Her Royal Highness Olive Hart, the princess of Visionary, is here today?”

“Brother, why are you panicking? She's fully aware, but she said that a mere Olive isn't worth her time. **And** that we should handle her ourselves.”

“But...” Aaron was still very afraid of Olive. He lowered his voice and said,

“Visionary **has** ancient anti-sky medical skills. If you want to deal with Olive, ordinary medicine will definitely be useless. How can I get her to sleep with me tonight?”

“Brother, Mother has already planned everything for you. Don't worry, I'll be on stage now,” after that, Clara walked towards Olive.

Chapter 960 Many **Olive**

Aaron's heart calmed a bit. He calmly waited for the opportunity to enjoy Olive and conquer her on the bed.

Clara walked towards Olive, she suddenly stopped because she saw a handsome and straight figure. Elvis had arrived!

He wore a black designer's suit. His gestures were filled with dignity and elegance.

Elvis's arrival quickly caused a sensation.

“Look, Elvis, the leader of the Red Mafia, the world's number one richest man is here.”

“Wow, he's really handsome.”

Aside from his handsome face, what was more attractive about him was the expensiveness and exquisiteness of his outfit.

A handsome, rich, and single man, who else could compete with Elvis?

Clara saw that the socialites were all staring at Elvis. Her lips **showed** a trace of contempt. She adjusted her dress and walked forward beautifully, “Mr. Augustine, you're welcome,” she said to him.

Clara walked up to Elvis's side and immediately held Elvis's strong arm. She was declaring to the audience that Elvis was her man, and hers alone. Sure enough, the girl's hearts broke in an **instant**.

"Wake

up, stop dreaming, the leader of the Red Mafia has already been gotten by our Princess Clara... someone muttered in disappointment.

"In the past three years, Elvis and Princess Clara have been quite close. The last time on Princess Clara's birthday, Elvis even gave her a magic fireworks show," another added.

Seeing that the socialites had recognized her as Elvis's woman, she sneered inwardly. No slut should try to steal her **man** from her!

Although she was extremely vicious in her heart, her beautiful little face always exuded innocence. But when she looked up at Elvis, she quickly stiffened.

Elvis was busy gazing at others, and did not look even spare her a glance.

Clara trailed Elvis's gaze and **saw** that Elvis was looking at none other than Olive.

From the moment he entered, his eyes were glued to Olive, and he never looked away.

A thought flashed in Clara's eyes, but she smiled, "Mr. Augustine, that is Princess Olive from Visionary. Let's go over, so I can introduce you to her."

Clara and Elvis stepped forward.

Olive had been with Liam the entire time, as if they had a deep understanding of each other.

She suddenly felt an intense gaze on her. She turned her head **and** immediately saw Elvis.

Elvis and Clara walked over together. Clara **was** still holding onto Elvis's strong arm. The duo appeared quite intimate and ambiguous.

Liam **held a** glass of red wine in his hand, he noticed Olive's eyes on Elvis.
