Chapter 571

Chapter 571 Still As Beautiful As Before!

The few shopping guides were overjoyed when Levi said that.

“Cutie, have my candy.”

“No, have my milk shake.” The ladies shoved delicious food into Levi’s hands.

Levi sighed inwardly. He couldn’t help but be awed by their sweetness.

It was said that women were the most difficult subject in the world, and the most intractable. creatures, but for

Levi, women were the sweetest.

At that moment, there was a beep and an alarm sounded from Levi’s phone.

Levi quickly took out his phone. After confronting Nathan that day, he had tracked down Nathan’s id. Now, the phone showed that Nathan was nearby.

He knew that Nathan must be here for grandma!

Levi immediately jumped off the sofa. He wanted to inform Anabelle in the changing room, but soon he stopped and changed his mind.

Levi turned around and walked out, as he dialed a number.

The melodious phone rang once and was picked up. Derrick’s warm and calm voice passed over, “Levi, what happened?”

“Uncle Derrick, can’t I call you whenever I want to?” Levi asked.

“Are you going to tell me why you called?” Derrick Domino probed.

“Uncle Derrick, hurry up and take Grandma away. Nathan brought someone to meet her. If you arrive a little late, grandma will be exposed.”

Derrick Domino was silent for a moment. “Why didn’t you leave with grandma?”

Levi smiled slyly, “Because, I want to take this opportunity to meet my eldest brother.””

Derrick swiftly ended the call.

Levi came to the second floor. He stood at the glass guardrail and looked down. Soon, a large and a small figure broke into his line of sight, Alpha was with Nathan.

Levi’s heart pounded faster, and that telepathic feeling came again. He looked at Nathan. Today, Nathan wore a white shirt and white jean trousers. His face was cold. At the age of three, he was already the CEO of a gaming company.

“Is this my elder brother?” Levi thought inwardly.

He wondered why his brother looked exactly as the handsome man he had seen.

A thought suddenly flashed through Levi’s mind. He wondered if Elvis was Nathan’s father.

Levi could not accept it for a while. In his heart, his father was already dead.

Downstairs, Alpha felt that Nathan suddenly stopped. "Nathan, why aren't you moving?" he inquired. Nathan looked at his phone, and said, "Someone interfered with my signal. The signal source was

interrupted here."

With that, Nathan raised his head. The moment he walked closer, he felt his heart beating faster, as if something was calling him. But this time, the feeling was even more violent than the one at the airport.

Nathan raised his head and looked towards the second floor. He immediately saw Levi upstairs.

The two equally intelligent boys stared at each other, as their eyes met.

Nathan slowly narrowed his big eyes, revealing a bit of coldness.

At this moment, Levi turned around and disappeared.

"Grandfather, grandma is nearby. Find her yourself. I'll go meet someone now," Nathan said and quickly hurried up to the second floor.

Alpha looked at the second floor. No one could interfere with Nathan's signal except his other grandson, Levi.

His second grandson had appeared, so the person he was looking for must be here.

Alpha looked at the women's clothing store in front of him, then he walked in.

The shopping guide inside quickly and enthusiastically greeted him. "Good day sir, what do you want to buy?"

Alpha's narrow and deep eyes glanced at the counter.

At this moment, there was a slight zipper sound in his ear, as if someone was putting on a dress. Alpha turned his head and immediately locked his gaze on a changing room.

Now, the door to the changing room was tightly closed, so he couldn't see inside, but the door was halfway through. Alpha's gaze fell on the bottom of the door, which revealed a pair of beautiful legs.

The pair of legs were extremely beautiful, slender and white. And on the feet of these legs, were a champagne-colored high heels. They were not the style of choice for young women. Alpha knew that the legs belonged to an older lady.

Alpha walked up to the door of the changing room and slowly stopped.

For so many years, it was not that there had been no women by his side. All kinds of young and beautiful girls rushed towards him, but he had no interest in women.

It had been more than twenty years since Anabelle had disappeared. He even

suspected that something was wrong with his body. He had even abstained from sex.

Now, Alpha felt that his sexual desires were arousing. By just looking at these beautiful legs, he felt the desires that he had suppressed for so many years surging like an ocean.

Alpha was silent for a moment, then he reached out and pushed open the door of the changing room.

It had been more than twenty years, and he had already forgotten how beautiful she looked when she was young, so he could not imagine what she would look like more than twenty years later.

Alpha looked up, wanting to take a look at her.

However, unfortunately, the changing room was empty.

Anabelle disappeared.

“Hey, what’s going on? Where are the people here?” Alpha asked, as he swiftly turned around and left.

He took out his mobile phone and placed a call, “Block the Hibiscus building immediately. Do not allow anyone to enter or leave...”

Before Alpha could finish his words, he looked up and saw the opposite side of the street through the bright glass wall. Now, two people passed by across the street. Derrick Domino was dressed in black and held an umbrella. He looked more exiled than three years ago.

There was another person beside Derrick Domino, it was Anabelle!

Alpha slowly put the phone down, his eyes fell on Anabelle, and it was difficult for him to look away.

For more than twenty years, Anabelle had amazed the entire Imperial City as a talented and creative young lady.

Now, twenty years later, Anabelle wore a light and elegant aura, she was still as gentle and beautiful as before.

Chapter 572 Joyce Appears.

With a glass wall separating the two worlds, Alpha stood quietly and stared at Anabelle across the road.

Soon, Derrick Domino and Anabelle disappeared from his sight.

She was gone.

He had been looking for her for more than twenty years. With such a quick glance, she disappeared from his eyes again.

At this moment, a tender voice rang out, "Grandfather, have you found grandmother?"

Alpha returned to his senses. He looked at the little boy by his leg. Nathan was back. He nodded lightly, "Yeah, I found her. What about you? Did you find the person you were looking for?" Nathan frowned, "No. The person ran away. He slipped away very quickly."

With that said, Nathan raised his phone, "Grandma is also in this mall. To prevent an accident, I just informed grandfather, so that grandma can't run away."

A long business luxurious car slowly stopped outside the building. The private secretary respectfully opened the rear door and Damien got out of the car. Damien's footsteps were fast and sonorous.

Now that all the entrances and exits of the building were blocked, the building's top management had all been dispatched and respectfully stood in front of Alpha and Nathan, with their hands folded behind their back.

Alpha's expression was indifferent, and he stood quietly.

Damien walked over, and Nathan quickly shouted, "Grandfather..."

The high-level executives were already tensed as they stood in front of Alpha. Now that they saw Damien arrive, their legs weakened.

Alpha and Damien were two legends in the business world. They had faded out of sight in the past few years.

Who would have thought that they would appear at the same time today?

"Mr. Robert, you're welcome," one of the executives greeted.

Damien reached out and touched Nathan's head, "Nathan, where's your grandmother?"

"Grandfather, the ID signal was interrupted when I was tracking grandma, so I temporarily changed my ID and locked onto grandma's location. Now grandma is in there," Nathan pointed to the location displayed on his phone.

Damien raised his head and looked at the building manager beside him.

"What happens in there?"

The building manager wiped the cold sweat from his forehead and hesitantly said, "President Robert, the elegant garden is a massage spa for women."

A massage spa for women?

Chapter 572 Joyce Appears

Damien was of noble birth and had an extremely clean private life. He never went to places of entertainment, so he still couldn't understand what that meant.

"Mr. Robert, let me state in advance, the Elegant Garden is most famous spa here in Greenland. The male technicians are all handsome. Wealthy ladies and daughters like to come here for entertainment and have the male technicians massage..."

The building manager could not finish his words, because Damien stared at him coldly, his eyes exuding displeasure.

The building manager was stunned.

What did he say wrong?

"Damien, hurry up and find Joyce at the Elegant Garden. This is the first time you two will meet. I think she will bring you a surprise," Alpha informed ahead. Joyce and Anabelle were good friends, but their personalities were completely different. Anabelle was quiet and reserved. But Joyce was flirtatious and playful.

Damien would never forget how she climbed into his bed on that dark and windy night and slept with him.

He found it surprising that as soon as Joyce arrived in Greenland, she went to the most famous spa to have

Massage

He let out a sigh, as he braced himself up for their first official encounter.

The Elegant Garden.

Damien walked in. As soon as a man like Damien appeared, the female technicians quickly fixed their eyes on him.

The female boss of the Elegant Garden quickly came out and said enthusiastically, "Sir, do you want to have a massage? All the female technicians here are so good at their work, you can choose anyone you like."

Damien glanced at the female technicians. They all wore heavy makeup and fragrance. They were simply unbearable.

He didn't utter a word, but only walked inside to find Joyce.

"Sir," the boss called out and followed Damien enthusiastically, "Are you dissatisfied with our female technicians? Do you want to find a male technician? You don't have to be shy about the gender. Our duty here is to satisfy you..."

At this moment, a few bodyguards stepped forward and immediately stopped the boss.

The private secretary said, "Please stop."

When the boss saw the situation, she was quickly frightened.

The boss looked at Damien's tall and noble figure in fear.

“Who is this man?” she thought inwardly.

Damien was looking for Joyce. There were many rooms here.

“Ah, who are you, perv ert!” someone screamed, as Damien opened the door of a room.

Damien closed the door, His handsome face was indifferent.

Damien opened the door of another room and walked in. A young and beautiful female technician swiftly ran over. When she saw Damien, the female technician’s eyes lit up, “Sir, do you want a massage? Take off your clothes quickly, I’ll give you a good massage. My massage is very comfortable.”

Damien turned around and left.

“Sir, don’t leave...” The female technician reached out and grabbed Damien’s sleeve. “Sir, let me help you undress...”

The female technician boldly and enthusiastically took off Damien’s coat.

Damien frowned. He had been most reserved, and respected since he was a child.

“Joyce!” Damien muttered inwardly.

He wanted to raise his hand and ruthlessly push the female technician away from him.

But at this moment, the door of the room suddenly opened, and there was a graceful figure outside the door.

The lady had a pair of extremely beautiful eyes, and when she looked inside, she quickly covered her eyes with her hands,

“Oops! Sorry, I walked into the wrong room, I didn’t see anything, you two can continue...”

Chapter 573 Be Gentle!

After saying that, the person outside the door quickly withdrew and closed the door.

Damien’s handsome face sank, and his entire body was covered with a cold layer of frost.

Although he never knew what Joyce looked like, he still remembered Joyce’s beautiful eyes that night.

The person at the door just now was Joyce!

She looked inside with her pair of wonderful eyes. She saw him, but she did

not recognize him.

This da mn woman!

For the first time, Damien had the urge to strangle her!

She slept with him, got pregnant for him, and ran away with his seeds, and in the end, she completely forgot about him. What was he in her heart?

Damien stretched out his hand and directly shook the female technician away from him.

“Stay away!” he warned.

The female technician didn't want to miss such a high quality man like Damien, hence she desperately wanted to stick to him, but when she saw Damien's cold and sinister gaze, she immediately shivered and backed away embarrassingly.

Damien's chest heaved up and down a few times. He quickly closed his eyes. He saw her. Although he only had a quick look, her face was now deeply embedded in his mind, and he could not get rid of her image.

Only now did Damien realize that his daughter, Olive, had not only inherited her mother's eyes, but had also inherited her stunning looks from her mother. Joyce's facial features were extremely delicate, and they looked too stunning on a single face.

However, Olive had a delicate and smart temperament, but Joyce had more of a woman's softness and playfully.

Damien pondered for a moment. His daughter was already twenty-three years old. Joyce was at least in her forties this year, but there was no sign of the years on her face.

The most important thing was that Joyce had lived a fun life.

Damien didn't have to guess how nourishing she had been over the years. She was the woman of that night!

Damien quickly opened his eyes and walked out.

The private secretary stepped forward and reported in a low voice, “Sir, according to the location sent by the young master, we have already locked the target. The target entered this room just now. We should not panic.”

Damien pursed his lips, and asked, “Did she notice it?”

The private secretary shook his head. “No, the target is in a good mood. She entered unsuspectingly.”

Chapter 573 Be Gentle

At this moment, someone walked towards them. He was wearing the work uniform of Elegant Garden. It was the male technician that Joyce ordered.

The male technician came to give Joyce a massage.

“Who are you guys and what are you doing around here?” The male

technician looked at Damien suspiciously.

Damien looked down at the male technician, then he asked, "Are you the technician whom the guest in this room ordered?"

The male technician nodded, "Yeah, I'm the top massager in Elegant Garden, and my fee is also the highest."

Damien looked at his private secretary, and ordered, "Throw him out!"

"Yes, sir," the private secretary waved at two sturdy bodyguards. The bodyguards directly lifted the male technician up and threw him out..

"Who are you, what are you doing?" The male technician yelled, as he was thrown out.

After the male technician disappeared, Damien felt a little better.

"You guys stay here, I'll go in," Damien said to them, then he opened the door of the VIP room and walked in.

The VIP room was very luxurious. When Damien walked in, he immediately saw Joyce.

Joyce had already changed and had taken off her clothes. She was wrapped in a large bath towel. She was lying on the soft bed, waiting for the male technician to massage her.

Joyce was indeed in a good mood. She asked Anabelle to come to the spa with her, but Anabelle was unwilling to accompany her, so she took the time to relax.

Damien stared at her from behind. Joyce was humming a cheerful ditty. Her voice was very sweet, and her two greasy white legs were happily swinging in the air.

She was really happy.

Damien scoffed angrily. Just now, he was entangled by the female technician. His suit seemed to be stained with rouge and gouache.

Damien was a very clean man. He raised his knuckled fingers and took off his suit. Then he sat on the sofa.

Now, Damien wore a black shirt. Two of the buttons on the collar were loose, revealing his Adam's apple and collarbone. The silver button on the shirt sleeve was tightly buttoned, clean and spotless. On his wrist was an incomparably expensive men's watch. The lights of the room were plated on his body. At almost fifty, he looked very magnificent and radiant.

Damien sat quietly and his gaze were fixed on her.

At this moment, Joyce, who was humming a song, suddenly stopped.

"Haven't you started yet?" she inquired.

Joyce spoke on her stomach and did not raise her head.

Damien was silent for a few seconds, then he got up and walked towards Joyce.

Joyce had long, wavy hair that was dyed with a chestnut color.

Her skin was young and firm, and her back was shiny and smooth. Damien looked down and quickly glanced at her. He looked at her buttocks, which made her look extraordinarily sexy. He immediately retracted his gaze and looked down.

Joyce felt that someone was standing beside her. She raised her hand and tucked a strand of her hair behind her ear.

“Hello? Could you please hurry up and massage me? If I’m impressed with your services, then you’ll have a lot of tips.”

Hearing her urge him to commence the massage, Damien stretched out his hands and massaged her back.

When Damien’s big hand landed on Joyce’s shoulder, Joyce frowned and shouted, “It hurts... please be more gentle...”

Damien had never massaged a woman before. No, he had never massaged anyone before, so he used more force to massage her.

Now that he heard her cry of pain, Damien slowed down, and went more gently.

This time, Joyce felt very comfortable. “Right, that’s it, very good. Hey, this is a tip for you. I’m happy if you’re happy.”

Joyce stretched out her hand and gave Damien a stack of money.

Damien, who was tipped, looked down and realized that Joyce was quite generous.

The skin under his palm was as smooth as silk. Damien tried his best to not lose focus, but his bulging Adam’s apple still rolled up and down.

“You’re giving me all this?” Damien asked.

Joyce suddenly smiled. The voice she heard was quite pleasant to her ears. It was deep and magnetic.

“Elegant Garden really lived up to its reputation. This male technician’s voice is so sweet. It seems one can get pregnant by only listening to him,” Joyce

muttered inwardly.

Joyce slowly closed her eyes.

“How do you want me to massage you?” Damien’s big hand slowly moved down her waist.

Joyce suddenly opened her eyes. She quickly and skillfully avoided his big hands and rolled out of the bed.

“I don’t remember ordering this service...” Joyce blinked her beautiful eyes and looked at Damien

Now that she stared at him, Damien conveniently saw her beautiful face.

“You!” her eyes suddenly widened.

Damien looked at her shocked expression and thought that she had finally recognized him.

At this moment, he heard Joyce say in shock, “I clearly ordered a young guy. Why did my order change to an older man? Who are you?”

Damien scoffed in disappointment, as he realized that she didn’t still recognize him.

He pursed his thin lips, and his eyes stared sharply at Joyce. He snorted coldly, “Joyce, who do you think I am?”

Joyce found it surprising that the male technician knew her name, he seemed to be an acquaintance.

Joyce’s wonderful eyes gazed at Damien from his head down to his toe.

Damien’s outfit was all exquisite. At first glance, he looked like a of noble and restrained upper-class successful man.

“Who do I think you are?”

“Aren’t you the one I caught hugging a female technician just now? Don’t worry, everyone is here to have fun. I definitely won’t tell on you,” Joyce added.

Chapter 574 You Hurt Me

Damien felt that he was about to faint from anger. The self-control he was most proud of quickly vanished, and he yelled, “Joyce Brown!”

Joyce looked at him and slowly said, “You can’t be Damien, Olive’s father, are you?”

“You finally remembered, right?” Damien replied, his face covered with gloom. It really was him!

Joyce sat up. She had a wide bath towel on her body. Her long, wavy chestnut hair was spread out like silk.

When she went out with Olive, no one would think that they were mother and daughter, and they were mostly mistaken for siblings.

“Olive’s dad? What a coincidence. Why are you here? Are you looking for

me?”

“What do you think?” Damien replied.

“Damien, why are you looking for me? We just had a one night stand. As strangers, shouldn't we completely disappear from each other's lives after we were done?” Joyce asked sternly.

Damien was speechless.

But in all honesty, why was he looking for her? He was crazy to look for this heartless woman!

“That night, Nora pretended to be you, and then she claimed that I got her pregnant. I married her because I thought she was pregnant with my child. Did you not know about that?”

Joyce thought for a moment, then she nodded, “I've heard a little about Nora, when her father, Paulo, was my student.”

Damien's handsome brows were covered with a layer of frost. He stretched out his big hand and grabbed Joyce's slender arm, dragging her closer to himself.

“I married that woman who pretended to be you. Don't you care?” He questioned, his eyes filled with anger..

Joyce quickly frowned, “Damien, you're hurting me.”

Damien lowered his eyes and saw that his fingers were clasped on her slender arm. Her skin was so delicate that he immediately gave her a red mark.

Damien quickly released his grip on her.

Joyce raised her hand and tucked a strand of her hair behind her ear. She looked at Damien and slowly furrowed her brows, “Damien, are you looking for me to relive your old dreams and f uck me again?”

Damien had been educated as the heir of a wealthy family since he was a child. He was extremely pure and decent in his language.

Damien looked at Joyce and reprimanded her in a deep voice, “Speak decently!”

Joyce clasped her lips together. She did not expect Mr. Robert to be such a stern gentleman.

Joyce remembered that Damien was the business tycoon who had swept the entire Imperial City back then, and was notorious for not being close to women.

Joyce chuckled, she somewhat found Damien interesting.

Chapter 74 You Hurt Me

Her wonderful eyes overflowed with a bit of seduction.

“Could it be that I was wrong? You rushed in dissolutely, as if you were here to catch a traitor. Have you been obsessed with me all these years?”

Damien slowly felt her hands trailing down on his trousers. She was bold and straightforward. There were countless women who had courted him, but she was the first one to seduce him like this.

Damien swiftly stretched out his big hand and grabbed her slender ankle. Joyce's gaze fell on the leather belt around his waist, and then she slowly moved down. She pursed her lips and looked at him.

"Damien, why can't you be truthful?" she asked.

Damien looked at her seductive look and caressed her fair skin with his big hand, all the way up.

But Joyce quickly avoided him.

"Damien, if you want to relive your old dreams with me, then I'm sorry. I'm not interested in you right now."

With that, Joyce picked up her clothes and prepared to change.

Damien froze. Only then did he realize that Joyce was only teasing him. She deliberately flirted with him though she didn't want him.

More than twenty years later, she really hadn't changed at all.

Damien walked out with a calm face.

Outside the door, the private secretary respectfully asked, "Sir, where are we heading now?"

Damien curled his thin lips into a mocking arc, "Let's call the police and inform them that there's a pornography deal ongoing in Elegant Garden."

Immediately Damien said that, he glanced at the room, and then handed the wad of money that Joyce had given him to his private secretary,

"Especially in this room, the person in there is suspected of whoring. Invite the police over for a good interrogation!"

The private secretary was stunned when he saw the pile of money in his hand.

He found it difficult to believe that anyone would offer money to Damien Robert in exchange of his body.

The private secretary took out his phone as quickly as he could and placed a report.

Joyce's mood was not affected in any way, and she was still very good. She changed her clothes and walked out. Damien had already left. To her, it was

even better.

She was someone who only wanted to use men for her entertainment.

If Damien pestered her and held her responsible, it would be bad.

After all, more than twenty years ago, it was her, who slept with him and got pregnant with his child.

Joyce wanted to start a career this time. In fact, she had ventured into a lot of careers. She had run a school. She had also ventured into a secret business, which Derrick Domino handled.

Joyce felt that there was something she still needed to. A few days ago, she finally wrapped her

11:59

fingers around it. She was about to open a spa for women!

So today, she came to Elegant Garden for inspection, and even ordered the biggest staff here to give her a massage.

Olive had already returned. Joyce knew that her daughter was more capable of defeating the queen.

Now, she had to do something she liked and move towards achieving her goal.

Joyce walked out in a good mood. At this moment, she noticed that there was a commotion outside. A group of uniformed police officers rushed over.

“Don’t move, quickly put your hands up!” the police officers ordered.

Joyce was stunned for a moment. She did not expect to see the uniformed officers.

The female boss, the male technicians, and the female technicians were already standing in the corner with their hands above their head.

“You! It’s you!”

When Joyce looked up, she saw two people walking over and pointing at her.

“Me?” Joyce was stunned.

“That’s right, you! Are you a guest in this room? Someone reported you as a prostitute.”

What?

What prostitute?

Joyce was dumfounded. She had many identities, but she had never been a prostitute. This was definitely the first time in her life that she was accused of such.

She immediately denied it, “No, that’s not true!”

“Did you, or did you not offer someone this money in exchange for his body?”

One of the officer took out a w ad of money.

Joyce instantly went mute. That was her tip to Damien!

“Someone reported that you were a prostitute. Now that we have all the

evidence, please come with us," the officers took Joyce away.

Joyce was taken out of Hibiscus building. There was a special car outside to pick her up and directly take her to the police station.

At this moment, when Joyce looked up, she saw an extended version of a luxurious business car across the road. The top-level luxurious car was parked quietly under the streetlight.

At this moment, the rear window slowly slid down, revealing a handsome and noble face. It was Damien!

Now that she saw Damien, Joyce was extremely angry. How did she not know that this man was so hurtful and would report her for whoring?

Joyce was now a little embarrassed. Her beautiful eyes fiercely stared at Damien.

But it was more pitiful that Damien didn't even spare her a glance. He sat in the luxurious car, and the bright neon lights of the street were plated on his handsome face.

Soon, the top business car sped away, leaving Joyce to her fate.

It was the first time that Joyce had been harassed, she was so angry that she gritted her teeth angrily.

Olive received a call and hurriedly rushed to the police station with her lawyer, and released Joyce on bail.

Joyce was released.

"Mum, what's the matter with you? What happened?" Olive questioned shockingly.

Joyce was also very angry. "Olive, your father did all of this. He sent me in!"

Olive shuddered. "Mummy, the first time you met dad, did you offer him money to sleep with you?"

"Olive, you've misunderstood this. I didn't want to sleep with your father. Your father was so angry that he sent me in. I didn't expect your father to be so naive and seek to retaliate."

At this moment, someone walked over. The man in a suit was a private lawyer who had been sent by Damien.

"Hello, are you Miss Brown?" the lawyer asked politely.

Joyce nodded, "Yes, I am."

"I've been entrusted by my client, Mr. Robert, to formally sue you for raping him twenty years ago."

What?

Olive quickly furrowed her eyebrows. She looked at the lawyer, "What did you just say? Can you repeat it?"

"Olive, don't panic!" Joyce immediately stood up and blocked Olive behind her.

She looked at the lawyer, and asked, "Damien wants to sue me for...rape?"

"Miss Brown, you heard it right. Mr. Robert is suing you for raping him twenty three years ago. Miss Brown will definitely not be able to deny this case, because Miss Hart is your evidence," the lawyer replied.

Olive was completely stunned. She couldn't understand what was happening. She had just brought a lawyer to bail Joyce, who was accused of being a prostitute. And then suddenly, her biological father had accused her mother of raping him.

Joyce really did not expect that

Damien would act this way. He still had the nerve to sue her. Didn't she make him happy back then?

"Miss Robert, since your daughter, Miss Hart, is already old, Mr. Robert doesn't plan to send you in. Mr. Robert chose to reconcile in private."

With that, the lawyer handed over a stack of documents to Joyce.

"Miss Brown, have a look. Here is our estimate of Mr. Robert's loss. In the last twenty three years, because of your actions, Mr. Robert has suffered physically and mentally. He was also psychologically affected by your actions. So, we will reasonably charge you with an amount. Once the amount of the claim is received, we will let this matter be turned over and we will forget about it."

Joyce turned to the last page and looked at the amount of claim. She murmured with widened eyes,

"10.1 billion?"

Olive also leaned over to take a look. The amount claimed was over ten billion dollars.

"Miss Brown, Mr. Robert claim amount is 10.1 billion, the lawyer said with a smile.

Joyce looked at the lawyer in shock. "10.1 billion? Why doesn't he rob a bank?"

Twenty-three years ago, she had chosen the most perfect genes in the world, and thus she selected Damien.

That night, she slept with Damien, the son of Imperial. She just didn't know that he was worth over ten billion dollars.

The lawyer smiled and said, "Haha, Miss Brown, you are really funny. There are countless banks. under Mr. Robert's name. Therefore, there's no need for him to rob any."

Olive took Joyce away from the station to her home.

In the villa, Olive pushed open the door and they entered inside,

Chapter 576 The Demon Bell

Joyce had just taken a shower and was wiping her damp hair with a towel,

"Mum, how are you and daddy going to resolve this?"

Joyce put down the towel, "Olive, don't worry about this matter. I'll handle it properly. I know it's 10.1 billion. I don't have that much money. I'm in the early stages of starting a business and I really need money."

Olive was not very worried about this matter. It should be no problem for her mother to solve her problem with her dad.

"By the way, mum, the last time you told me about the demon bell, can you tell me more about it now?" Olive asked curiously.

Joyce regained her composure, and said, 'Olive, the Mermen incident involves our ancestor. Back then, the ancestor of Greenland and our Visionary ancestor were a couple, but the ancestor of Greenland changed his mind and betrayed our ancestor.'

"Empathy, different love? Could it be that the ancestor of Greenland had empathized with the mermen?" Olive probed.

Joyce looked at Olive approvingly, "Yes, the ancestors of Greenland fell in love with the Princess of the Mermen, and broke his vows with our ancestor. Moreover, our ancestor and the Princess of the mermen were sisters."

This was the first time Olive had heard of such a story. The ancestor of Greenland actually got entangled between two sisters. He was really a scumbag.

"Our ancestor experienced the double betrayal of her lover and sister. In a rage, she left Greenland and created Visionary. Slowly, our ancestor realized that the princess of the merman race always had a bell on her body. The crisp sound of the bell could actually deceive people's hearts. Only after that did our ancestor know that it was a demon bell."

"Mum, since the Mermen princess is good at seduction, was it possible that

the ancestor of Greenland was only bewitched by seduction, and that the one he loved deeply was our ancestor?"

Joyce slowly said, "Back then, our ancestor was armed with a wolf cavalry and possessed medical skills that could treat any illness. Naturally, she could not tolerate the existence of a monster like the mermen. Therefore, our ancestor led the wolf cavalry to chase the mermen away. After the ancestor of Greenland woke up from the charm that was used on him, he wept bitterly in front of our ancestor and asked for forgiveness. Our ancestor and the ancestor of Greenland reconciled."

Olive was fascinated. "Then this should be a story of reunion. Why did Visionary disappear from this world, and what happened after that?"

"Later, the ancestor of Greenland proposed to our ancestor. On the wedding day, our ancestor wore a fiery red wedding dress and thought that she was going to marry her beloved lover. But the ancestor of Greenland pierced the heart of our ancestor with a sword."

Olive was startled.

Joyce held onto Olive's hand, "At that moment, someone slowly walked out of the bridal chamber, it was the merman princess. It turned out that the ancestor of Greenland had been with the dying

Mermen princess. Their plan was to assassinate our ancestor on the grounds of a big wedding, and take advantage of the wedding night to destroy our country."

"Because I was not born at that time, I just read the records on the ancient scrolls of Visionary. According to legend, that night, there was a blood war. Corpses were scattered everywhere, and the water of Greenland was stained with blood."

"Our ancestor who was stabbed by the sword of her lover, looked at her people who had lost their lives because of her own mistake. Her eyes were reddened. At that time, the princess of the merman told the ancestor of Greenland that the mermen had cursed Greenland. Even their lords can't escape the mercenary's seductive tricks, they'll all be servants of the Mermen."

"Our ancestor heard the curse of the Princess of the Mermen race and immediately raised her head and laughed. Our ancestor pulled the ancient sword out of her heart bit by bit, and then forcefully inserted it into the foundation of Visionary. From then on, the gate of Visionary was closed, which prevented the slaughter of thousands of more people in Visionary. But Visionary also perished at the sea and completely disappeared from this world."

"At the last moment of her death, our ancestor swore with her blood and left a prophecy. She said that a hundred years from now, if there was a daughter in Visionary, Visionary will definitely be stunning again."

"Our ancestor died on that bloody night with monstrous anger."

Olive listened to the thrilling past regarding the history of Visionary, Greenland, and the Mermen.

It turned out that the mystery of the disappearance of Visionary went this way. The ancestor of Visionary was indeed a legendary woman. She wore a red dress stained with blood and pulled out a sword from her chest. She laid the foundation for generations to come.

However, from this story, Olive could also feel the unforgettable hatred of the ancestor of Visionary against the ancestor of Greenland.

In fact, from the moment she woke up in Visionary, she had already felt the hatred for Greenland, in the hearts of the Visionary's people.

The seed of hatred had been propagated and passed down from generation to generation. It seemed like the two countries were never going to reconcile. Olive's face was devoid of emotions. She walked over to the window, looking at the moonlight outside.

"Olive, what are you thinking about? Are you thinking about you and Elvis?" Joyce asked.

Olive nodded, "Yes, Elvis has the blood of a child. Aunt Annabelle should be the princess who was born with Logan back then. It's just that when she fled, she was taken to Imperial City by a servant girl."

In fact, when Joyce and

Anabelle became best friends more than twenty years ago, Joyce did not know that Anabelle was the imperial sister of Logan, the ruler of Greenland.

Derrick Domino was in control of the most important things in the world.

Everyone had a little secret in their heart. These little secrets were the most powerful weapons in the world. It was not difficult to know the secrets of the palace in Greenland.

Before Olive came to Greenland, Derrick had chosen Thomas, so the battle was immediately won.

Since ancient times, manipulating people's hearts was the most powerful

weapon.

Joyce also looked at the moonlight outside the window. "Olive, we the Visionary people have a deep hatred against the people of Greenland. You are now the Princess of Visionary, and you will soon become a queen. You have your mission. But if Elvis ever reigns in the world as a King, that day, you two will never be together again."

"know," Olive nodded. "That's why I don't want Aunt Annabelle and Elvis to know their background."

"Your Aunt Annabelle has a cold temperament and doesn't care about these external things. Knowing it or not makes no difference to her. It's Elvis that you should be worried..."

Joyce paused for a moment and then said, "Derrick has already sent the news that your Aunt Annabelle's mother is now in Liam's hands. Olive, what do you think of Liam?"

Olive replied, "Liam is the number one general in Greenland. He is brave and resourceful. He can see the current situation very clearly, but he does not want to participate in what is going on. Obviously, he has no intention of coveting imperial power. He has been judging the situation and waiting. Since he has pinpointed the servant girl, it means that Liam has been waiting for someone, waiting for his master, the real master of Greenland. Liam will definitely find Elvis!"

Joyce nodded, "Yes, that's true. Your Aunt Annabelle definitely wants to see her foster mother. Now that her foster mother is in Liam's hands, I'm afraid that as long as Annabelle goes to the appointment, your life experience will be exposed immediately"

Olive thought for a while, and then said, "I have my own plans for this matter. Seeing Olive's calm demeanor, Joyce knew that Olive already had it figured.

"Olive, do you want Derrick to help you tomorrow?"

"No need. Now is not the time for Derrick to appear. Derrick is too dazzling. Instead, he will cause a lot of trouble," Olive decisively refused.

Joyce didn't utter another word. She knew that her daughter was better than she was.

"Logan has been favoring Molly all these years. I'm still not sure what Molly's status is in the merman clan. The higher the level of merman people, the better their seduction skills. Logan was also attracted to her by seduction,"

Joyce added.

"Elvis has the blood of a child and is the next true ruler of Greenland, Olive, do you think he can resist seduction?"

Olive looked at the full moon in the sky. The situation was a bit complicated now. Molly, Clara, and Aaron were obviously from the Mermen race.

Back then, the ancestor of Visionary took the lead in the wolf's iron cavalry,

killing the people of the merman race. However, the princess of the merman people and many other survived.

Molly was still lurking by Logan's side. What was her real purpose of being beside Logan?

Olive said in a clear and beautiful voice, "Mum, you ask me if Elvis can resist the seductive tricks of the mermen, I don't know. But I know that no amount of affection can resist the temptation of prosperity. But..."

Joyce looked at Olive, "But what?"

At this moment, the breeze from the window blew in and blew Olive's white dress. She stood in front of the window elegantly.

Olive said softly, "However, back then, the mermen survived under their ancestor's hands. This time, they will not be so lucky. One day, I will inherit the last wish of my ancestors, pull out my sword, revive Visionary, and lead the wolf once again. The iron cavalry will set off on an expedition, and have the mermen people disappear from this world."

Chapter 578 A Change In Plan.

Olive's words were neither rushed nor slow. Every word seemed to convey power.

Joyce nodded in satisfaction. She knew that her daughter would definitely be fine.

Anabelle's foster mother was only a palace maid back then. She was threatened by Logan's mother-in-law, hence she fled to Imperial.

This ser vant girl later became the number one waitress in a bar in Imperial City, and was favored by Lily's father, who she became a mistress to.

At that time, the ser vant girl wanted to throw Anabelle away. After all, she wasn't her daughter, and she probably would delay her from achieving her dreams.

This ser vant girl had no job or friends. Lily's father soon passed the novelty and began to abandon her. At that time, she came up with a lie, and claimed that she was pregnant for Lily's father, and had given birth to a child. She claimed that Anabelle was her daughter, which she had given birth to. Since then, Anabelle had been labeled as the illegitimate daughter of the Lily's family.

But claiming to have given birth to a female child for Lily's father didn't change her situation. After all, Anabelle was a girl, and not a boy. Lily's father didn't

care much about his daughter, Anabelle.

The servant girl was soon diagnosed of a benign tumor. Although the tumor was not fatal, it needed long-term recuperation to ensure that the tumor would not deteriorate. In other words, she needed a lot of money.

During the servant girl's desperation, Anabelle slowly grew up. Anabelle was always very obedient and quiet. When she was about two or three years old, she knew how to bath herself.

Later, the daughter of the Midas family, Lily, was diagnosed with a disease. This disease required close relatives to match their bone marrow and blood type with Lily's. The servant girl knew about it. and immediately pushed Anabelle to be Lily's donor

Through the hospital's identification, Anabelle's bone marrow was perfectly matched with Lily's, and they were also of the same blood type. Therefore, Anabelle became Lily's savior.

At that time, Anabelle was still very young, but she was very sensible. Each time she went to the Midas family, she would come back with injuries on her body. Her arms and thighs were always covered with thick needle holes.

Once, she had a bone marrow extraction, and that left Anabelle with a pale and trembling body. Anabelle had received the money from the Midas family and had given it to the servant girl.

This was probably Anabelle's entire childhood.

When she reached the age of elementary school, Lily could not see the light of the day because of her illness. She could not attend kindergarten.

So at that time, the Midas family thought of a way out. Because as they grew older, Lily and Anabelle. became more alike. Lily was later sent for microplastic surgery. The sisters couldn't be told apart.

According to the Midas family's request, Anabelle officially replaced

Lily, and entered the primary school under the name of Lily. And she was also known as Lily.

Who would have thought that Anabelle would turn out to be a talented girl?

The jewelry brand, Fly, became the biggest jewelry brand.

Anabelle later met Alpha, the oldest son of the business world. The sisters of the Midas family had a sadistic relationship with Alpha.

At the end of the story, Anabelle jumped off from a building into the river, disappearing for more than twenty years.

Since the servant girl did not have Anabelle's financial support again, she began to live in poverty again.

She was already terminally ill. She laid on the bed coughing non-stop, as she awaited Anabelle.

Anabelle would come back today to see her one last time.

At this time, Liam and Thomas had already lurked around with their people, waiting to meet the foster daughter of the old lady.

They listened to the old woman coughing, and Thomas whispered, "King Liam, it's already late, why hasn't the eldest princess appeared yet?"

Liam let out a sigh, and said, "I had an intuition that tonight will not be so smooth. Well, let's just wait and see."

"Okay."

At this moment, there was an abnormal sound. Several jeeps rushed over and a group of bodyguards came down.

"Quickly surround this little house!" someone ordered.

What's going on?

Liam and Thomas's expression changed. Today, they waited for the eldest princess to show up. But they never thought that they would be ambushed.

"Who are these people? I'll go out and see for myself, Thomas was about to head out.

But Liam grabbed Thomas and said, "Mr. Arthur, Aaron is here!"

What?

Why was Aaron here?

Aaron quickly rushed over. He stretched out his hand and commanded, "Quickly kick this little door open. I want to catch Thomas? And I want him alive!

The reason why Aaron showed up was because he had received a secret report that Thomas was hiding here, so he rushed over immediately.

With a bang, the door of the small house was kicked open. Aaron stormed in, but he did not see Thomas. Instead, he saw a terminally ill old woman lying on the bed.

"Who are you? As for Thomas, don't worry about him, bring this old woman back!" he ordered disappointedly.

"Who are you guys? Where's my daughter?" the old maid struggled in fear.

What daughter?

Hearing the old lady cough non-stop, Aaron felt that the woman was suffering from some sort of infectious disease, so he quickly covered his nose with a handkerchief.

"Yes, His Royal Highness," the two bodyguards took the old lady away.

Aaron got into his car, and returned without success.

When they were all gone, Liam and Thomas appeared. Their faces were a little solemn. They totally didn't expect that Aaron would show up!

Their plans had changed, and they were caught off guard.

“King Liam, how did Aaron know I’m here? I think someone deliberately leaked the secret.” Thomas said.

Liam nodded, “Yes, it seems that there is a mysterious force involved in the background of the eldest Princess.”

Where did this mysterious power come from?

The Royal Palace.

Aaron escorted the old lady in Logan was having a meeting, so he waited for him to finish.

Recently, Logan was in a bad mood. The last time he prepared to marry Aaron to Trixie. it had ended unsuccessfully. And not only was the marriage not successful, Thomas had also disappeared. Recently, everyone’s comments on the royal family had been very bad.

Thomas and Trixie were no where to be found. Logan was trying all he could to hunt down the father and daughter.

So when Aaron got the information that Thomas had appeared in a small shabby house, he felt that he had gotten an opportunity to atone for his sins, and he immediately went after him.

Withal, Aaron brought back an old lady instead of Thomas.

The old lady was rudely thrown to the ground. In recent years, Anabelle had treated the old lady like her biological mother. Even when she disappeared for more than twenty years, she had left a large sum of money for her to squander. But a friend of the old lady had ran away with the money. leaving the old lady depressed.

The old lady looked at the familiar palace with her cloudy eyes. She trembled with fear, and she said vaguely,

“Let me go back, my daughter... she is coming to see me. My daughter is very powerful. When my daughter comes back, I can live a good life again...”

Aaron who was waiting for Logan, muttered irritatingly,

“Be quiet!”

“Let me go back. I don’t want to stay here. My daughter is...”

Before the old girl could complete her words, a beautiful and melodious voice suddenly sounded,

“His Royal Highness, it’s been a long time.”

Aaron turned his head and saw that a stunning figure had appeared in his line of sight. Olive was here!

Aaron's eyes lit up when he saw Olive.

"Princess Olive, why are you here?" Aaron asked.

Olive walked over, and her lips curled up.

"I came to the palace, of course, the Lord summoned me. He wants to discuss with me about the date of my engagement with King Liam."

"Are you getting engaged to Liam?" Aaron questioned.

Chapter 579 Alone With Her.

Olive nodded, "Yes."

Aaron wanted to say something, but then the old lady who was laid on the ground coughed and interjected. "Listen to me, my daughter needs to see me. Please let me go."

"His Royal Highness," Olive said in a timely manner. Her clear eyes fell on the old lady and she asked casually, "Who is this old woman? With the way she's coughing. I hope she doesn't have tuberculosis, because it's contagious."

Aaron's expression instantly changed. He immediately reached out and waved at the two guards, "Hurry up and drag this old woman out of here. Bring her back after my father is done with his meeting."

"Yes, His Royal Highness," the two guards immediately dragged the old lady away.

The old lady still wanted to say something. She was muttering something, but Aaron wasn't interested in whatever she had to say.

It was only Olive and Aaron left in the room. Aaron approached Olive and reached out to hug her.

"Princess Olive, why are you insisting on marrying Liam? Is Liam better than me?"

Olive sensitively avoided Aaron, and she said sternly, "His Royal Highness, please be more respectful, this is the Royal Palace!"

Aaron particularly liked Olive's spotless appearance, he felt like ripping off her dress and having her to himself.

Aaron felt like Olive had arrived at the perfect time. It was only the two of them here, and he could do whatever he wanted.

"Princess Olive," Aaron's eyes showed a lewd and evil light. He walked closer to Olive, and said,

"Don't marry Liam, marry me instead. I like you, I've liked you for a long time. Be my princess, I promise to treat you well."

Olive backed away and quickly retreated into a corner. She looked at Aaron with a clear Royal Highness, don't come over again. If you come closer, I'll shout."

Aaron was not afraid of Olive's threats.

All he wanted was to conquer Olive.

gaze, "His

“Princess Olive, who are you threatening? Hurry up and shout, the louder the better, if someone breaks in, I’ll say that you seduced me, then I’ll tell my father that I want you to marry me!” With that, Aaron rushed towards Olive.

Olive swiftly raised her hand and punched Aaron in the face.

The bone-piercing pain made him howl, and he held onto his face.

“Princess Oliye, how dare you!” he yelled.

At this moment, the door was pushed open and someone walked in.

“His Royal Highness, Aaron, are you in here?”

It was Logan’s other favorite wife, Luana.

Luana was only twenty years old, and she was about the same age as Logan’s daughter.

Luana was very fertile. She was pregnant the previous year, and now, she was five months pregnant.

Logan felt that at his age, he could still impregnate any woman of his choice.

After Luana had put to birth, he had thrown a big party for everyone in the world to see how

When Luana heard that Aaron had arrived, she ran over eagerly.

Now that she saw Olive and Aaron together, Luana’s expression immediately changed.

She pointed at Olive and cursed. “Bi tch, are you trying to seduce His Royal Highness?”

Luana came in, looking domineering and arrogant.

Olive looked at her indifferently, and then drew a shallow arc with her red lips.

“Molly, you are Lord Logan’s favorite wife, but why are you so nervous about His Highness, Aaron?”

Only then did Luana realize that she had overreacted. She quickly covered it up and said, “Yes, I’m the Lord’s favorite

wife. Naturally, I’m the stepmother of His Royal Highness. I’m mandated to also look out for him.”

“His stepmother?” Olive repeated, as she looked at Luana and Aaron with clear eyes.

Aaron's face had become was w
pale.

Now, when he saw Olive's intelligent eyes hovering around the them, Aaron had a feeling that he had been caught by Olive.

He quickly said, "Luana, don't be rude, It's not the ser vant girl, but Princess Olive."

Princess Olive?

So she was Princess Olive!

Luana stared at Olive with jealousy and hostility, and she sarcastically said, "So you are Princess Olive of Visionary. I thought Princess Olive was so pure and clean, but I didn't expect that you like to play with men. I can't believe that you're getting entangled between two brothers."

Not only was Olive annoyed, she even

furrowed her delicate eyebrows, "Even if I am flirting with men, it's not in your position to scold me. Luana should actually focus on giving birth to the child in her stomach."

Seeing Olive's eloquence, Luana became extremely angry and speechless.

Luana immediately reached out and hugged her stomach, "Ouch, my stomach hurts, Princess Olive, you've actually pis sed me off to the point that my stomach hurts. Do you know how much the Lord. values this child? If this child get hurts, you're doomed."

Olive looked at Luana, and said, "Okay, don't act anymore, save your energy and wait for the master to come. You can put up that act when the King arrives."

With that, Olive turned around and exited the room.

When Olive was gone, Aaron wanted to chase after her.

"Princess Olive!" he called out.

But Luana reached out and grabbed

Aaron, "His Royal Highness, what are you doing with the princess of Visionary? Everyone said that you've already been fascinated by Princess Olive. Is this true?"

Aaron who was held, could only stop. He immediately avoided suspicion and wanted to push Luana.

away.

When Luana saw that Aaron's heart was no longer with her, she immediately stomped her feet and said,

Luana snuggled into Aaron’s arms and acted like a spoilt child..

“Then stay with me for a while. You haven’t been in the palace for a long time. I don’t even have a chance to see you anymore. Now the baby is more than five months old. It’s not easy being pregnant.”

Olive quickly walked out. In the hallway, Sadie followed and whispered, “Princess, that old woman is locked in this room. The two guards at the door were sent away by me just now.”

Olive nodded, “Alright.”

She pushed open the room door and walked in.

In the room, the old ser vant girl laid on the cold ground. She was really terminally ill and could not move.

Olive walked in, and the old maid looked at Olive.

“Who are you? Hurry up and let me see His Royal Highness, this is the Royal Palace, they must have known that I was going to meet the eldest princess. They want to kill me!” she yelled hysterically. “Don’t kill me, I’ll do everything. The eldest princess hack then is... Anabelle Midas. You all can go and catch Anabelle. As long as you don’t kill me, I can still cooperate with you and bring Anabelle to you. Anabelle agreed to come back and see me. I can lead her to you guys...”

The ser vant girl was struggling on the ground and vaguely reveal everything. She really loved vanity and was greedy for life and she feared of death.

Olive slowly crouched down.

This was all her plan.

She first informed Aaron, and successfully used Aaron’s help in taking the old lady away from Liam and Thomas ‘s hands.

Then she entered the palace. She knew that Aaron was definitely more interested in her than this serv ant girl.

Olive stretched out her slender hand and held the old lady’s pulse. She quickly withdrew her hand and said softly, “Your death is fast approaching, you won’t live more than fifteen minutes.”

The serv ant girl was shocked. She quickly grabbed Olive’s dress as if she was holding on to her savior.

“I...I don’t want to die, save me, please save me...I want to see my daughter, my daughter, will save

me...”

Olive calmly stared at the old lady.

“Aunt Annabelle won’t be able to see you anymore. I’ll replace someone with Aunt Annabelle to visit you.”

“Who are you? No, I want to see Anabelle!”

“Aunt Annabelle is the Princess of Greenland, but she has always been on the run all her life. She has very few relatives, so she loves you, her foster mother, very much,” Olive looked at the old girl and spoke to her softly,

“As a daughter, Aunt has never owed you a cent. She has already paid off your kindness for raising her. As a mother, even at the verge of death, you still want to push your daughter out just to shield

yourself. How cruel can you be? Thinking back to all these years, have you ever given Aunt, Annabelle half of a mother’s love? Are you really worthy of calling her your child?”

As she said that, Olive stretched out her hand and gently but firmly pulled her sleeve back from the old lady’s hand. She stood up, and said,

“You saved Anabelle after all. So be rest assured that after you die, Aunt Annabelle will come to collect your body and not let your body be exposed to the wild,” Olive added, then she left.

The old lady stared at Olive as she left, tears suddenly welled up in her cloudy eyes.

The old girl suddenly remembered many years ago, when Anabelle was still young. Anabelle always followed behind her, sweetly and happily calling her mother.

She used to be Anabelle’s entire world.
