The Substitute Bride Doted by My Billionaire Husband By Sumpto Midway Chapter 823

Chapter 823 Looks like you still know she's my woman

North felt that her whole body was being pushed into the abyss. She couldn't breathe anymore, her hands and feet were cold.

Her eyes stared blankly at Juniper in front of her. Juniper moved her dry lips but she didn't understand what she was saying.

Over the years, she knew that the Dominos family raised her.

So she silently endured the harsh humiliation of Mrs. Dominos for so many years. She was slapped

by Tobias. On her 18th birthday, Raven personally destroyed her, sending her to hell.

She didn't even fight or resist, because she always remembered that when her family was broken, it was the Dominos family that gave her a home.

How could she forget so many years of nurturing love?

But now, Juniper's words caused the whole world she had built before to collapse. She was suddenly in pain, shocked and bewildered, not knowing what happened.

"Juniper, you... you... Was it the Domines family that intentionally caused the car accident that killed my parents? Was it the Dominos family that used tricks to make my brother disappear from this world? You... you..... North's eye sockets gradually reddened. She lowered her head, tears in her eyes falling like broken heads. "But... but, it was the Dominos family that adopted me. No matter how dirty the Dominos family.. was... No matter how annoying they were, I've been...regard them as...my relatives. I... sincerely loved them..."

"Miss!" Juniper gripped North's cold and trembling hand tightly. "When you were taken away by the p ervert Tobias, I felt very scared. Do you know why Zhuri, Mrs. Dominos, often called your mom a temptress? I'll tell you. Now you'll know the truth!"

"Your mom and Tobias were neighbors at that time. Your mom was born into a gentle, elite, and intellectual family. Tobias had a crush on your mom since childhood. When he was in school, he purposely assumed that she would be his wife. This is just a false rumor that later your mom's first love was Tobias. I laughed hard. Does Tobias deserve

her?”

“Your mom and Tobias have no relationship at all. Her first love is your dad. That year, they fell in love at first sight, then got married and had children. Later, they had your brother and you. They were very affectionate towards each other.”

“Back then, the Paulo family was noble. The Dominos are not yet the richest people in Los Angeles. One side is high and the other is low, and the contrast is clear. Because the Dominos family and your mom are neighbors, when Tobias went to the door to ask your dad for help, he helped him a lot. He helped the Dominos family win a plot of land at auction in Washington, DC. Then real estate boomed. In just a few years, the Dominos family’s fortune has doubled. They were promoted to the new rich and started monopolizing the real estate industry. It’s all thanks to your dad.”

“Later, the Dominos family grew stranger, but in front of a noble family like the Paulo family, Tobias always felt inferior and self-conscious. I remember that when Tobias came to Paulo’s house as a guest, he dared not look at your mom. Damn, all men are the same. The more they can’t get, the more they want. Tobias has always coveted your mom.”

“Then, on the day of the car accident, Zhuri, Mrs. Dominos, kept saying that she saw Tobias and your mom in bed together. Let me tell you, it was because your mom was drugged. It was all because of Tobias.”

“Your dad took your mom back to the car. Because your mom was drugged, she was not awake. Your dad was a smart man who cared about her, but he didn’t realize that the brakes had been destroyed earlier. Just like that, your mom and dad got into a car accident.”

Chapter 823 Looks like you still know she’s a woman

“Probably because of reincarnation, Zhuri was very emotional, on the way home got into a car accident and broke her leg. But it’s funny that she’s been kept in the dark for so many years, assuming that your mom deliberately seduced Tobias, but she didn’t know Tobias was so bad. In fact, when I think of it, I see that the hateful person must have a pitiful point. Zhuri is a pitiful woman too.”

In

“Miss, now thinking about this cause and effect, do you feel shivers? The Dominos

family used. resentment to repay favors for the Paulo family, plotting a series of plots to kill all the people you love.”

“Why did Tobias bring you home? Because he is a bad and sick person. He couldn’t marry your mom so he decided to take you. He looked at you beside him as beautiful as a flower, innocently calling him Uncle Dominos, his twisted mentality was satisfying.”

North’s eyes were blurred with tears. She didn’t know... All these years she didn’t know this...

Now she suddenly knew the truth. She knelt on the cold street in a foreign land, and buried her wet face in Juniper’s arms, unable to hold back her tears.

She is only 24 years old, but she has suffered many heavy losses, her heart, which is full of holes, becomes bloody.

Juniper reached out, caressing North’s beautiful long hair. She said, “Miss, that year, Tobias was afraid of the revelation so he kicked the servants out. He was afraid we would tell you.”

“I used to go to the door of the Dominos family to beg. On your tenth birthday, I saw Raven, the son of the Dominos family, coming out the door. He was holding your hand, and you were raising your face and smiling at him, your eyes sparkling like stars.”

“The Dominos family has no good people. They are dark from the bone marrow. Don’t hold his hand. and consider it as your salvation. Don’t love him. Because that’s not certain, he’s just your next abyss.”

North wept bitterly. She knew it was too late. Anyway, it was too late. She had loved Raven for so many years, she still hadn’t stopped until now.

She had to admit that she still loved him.

Otherwise, when she saw the photo in his wallet, she wouldn’t want to ask for an answer.

He asked her if she cared about the women around him. At that time, she didn’t answer, but actually, she already had the answer in her heart-yes.

She loves Raven.

Why did Juniper say these words so late?

After all..., Raven had appeared before she disappeared all these years... Anyway, he had given her the warmth and companionship she needed most all these years. ...

Juniper just fold her, don’t fall in love with him. What does a bad man like Raven have to love? But no one told her who could replace him in her life. Without him, what would she

be like now?

Her tears fell to the ground. North heard her heartbroken voice. She gently closed her eyes, smiling to herself. She knew she would never stop loving him for the rest of her life, but she could slowly.. bury this love.
