The Substitute Bride Doted by My Billionaire Husband Chapter 834

Chapter 834 Bumping straight into his arms

The princess of the mermaids always knows Olive's strength. This daughter of Visionary has unequalled intelligence and her every move is very cautious. Today was supposed to be a dead end, but Olive still found a way out.

"Chase her! Chase her! Order for me. Immediately seal the gate. I must chase Olive back!" Logan said angrily.

The princess of the mermaids, knowing Logan was panicking, hurriedly said, "Mr. Theodore, you should know now the one who stabbed you was not me but Olive. This is her next plan. Instead of the civil war, we should focus our fire on Olive and Visionary first."

Now Olive said

Logan's gaze fell on the mermaid princess, and he suddenly smiled sadly: "Just now something."

"What did she say?"

"She said, if Visionary and Greenland disappeared together, only the mermaids would remain."

The mermaid princess's expression changed dramatically. Olive really did say such words. Logan was skeptical from the start, and Olive was very manipulative.

This sentence was like a fire in Logan's heart, which would later grow crazy.

"Mr. Theodore, what do you want to do now?"

"Now in Greenland, between Visionary and the mermaids, our Greenland is the strongest. Now I will officially dissolve the alliance with you. On the one hand, I will search for Olive throughout the whole process, and on the other hand, I will imprison you, so that both Visionary and Mermaids are in the palm of my hand, hahaha." Logan fell so smart, screamed to the heavens, and loved himself so much.-

The mermaid princess's heart sank. She knew Olive's separation plan had succeeded. How disgusting!

By the Windy River.

At this moment, a slender figure stood under the tree. Olive!

She stood quietly on the riverbank. There was a boat on the river. Said soon at the bow and waved: "Goodbye, princess."

The wind slowly blew in, shaking the gauze curtain in the cabin. She saw five people lying quietly inside. Mrs. Paisley and the four swordswomen lay there with a calm expression on their faces, having changed into clean clothes, seeming to have just finished bathing and fell asleep.

The boat arrived, she took them home, back to Visionary.

Olive's clear eyes were filled with sadness, she whispered: "Go."

"Princess, when are you coming back? You can come with us. Now that Logan has sealed off the entire city, it's dangerous to stay here." Sadie advised.

Olive shook her head, "I know it's dangerous here right now, so you guys have to evacuate Greenland. I'll stay here alone. I've got some work to do, and I'll be right back as soon as I'm done."

"But princess, you are here alone..."

Olive raised her small hand, cutting off Sadie's anxiety, "Sadie, take Mrs. Paisley and my four swordswomen home."

Sadie could only nod: "Goodbye princess."

The boat quickly reached the middle of the river and disappeared.

Olive stood quietly on the riverbank for a moment, then she turned around, the next second, a cold, scorching figure entered her line of sight.

Marvin

Marvin wore a black robe today, which made him especially handsome. Marvin's temperament has always been very pure. Since he was born, he has carried the elegant aura of a teenager from a noble family. Somehow he had been standing there, behind Olive, silently looking at her, waiting for her.

Olive hesitated and said, "Marvin, why are you here? Didn't I say we'd part after entering the State Line Gate? I was afraid to put you in danger."

Marvin looked at her with his bright black eyes and softly said: "It's okay. My men are here. We can go freely,"

At this moment, the leader of the State Line Sect ran over and respectfully said, "Doctor

Augustine, let me take you.”

“Okay.”

Olive and Marvin left. As expected, the leader of the State Line Seer led the way, the journey was smooth.

Olive thought Logan might never have dreamed of locking down the entire city outside but she now swaggered along the wide boulevard of the State Line Gate.

“Marvin, how did you meet the State Line leader? She asked curiously.

“I saved his wife once, so he’s a little grateful to me.” Marvin replied.

Olive could see that the leader of the State Line was not only grateful to Marvin but also admired

and loved him. Otherwise, he wouldn’t have taken such a big risk to get them out.

As a doctor, the scalpel in his hand is truly the most powerful weapon in the world.

Over the past few years, he seems to have met a lot of people.

Olive’s shining eyes looked at Marvin’s handsome face, and she looked back and forth.

Marvin tilted his head to look, saw her tilt her small head, her black eyes were transparent. He couldn’t help but curl his lips, and there was a soft glint in his eyes that couldn’t be hidden. He asked, “What are you looking at?”

“Marvin, I feel... you seem to have changed a lot these past few years, but I can’t tell you how you’ve changed. Surely... you have become stronger.”

Olive thought for a moment and finally used the word “strong”.

Marvin smirked, “Isn’t being strong good?”

Only by becoming stronger will he be able to protect the people he wants to protect.

Olive blinked her eyelids, “It’s good to be strong, but Marvin, you are different from us.

We are bound by fate, but you are not. You can choose a happy and comfortable life.”

Marvin walked slowly. At this moment he wished this State Line Gate had no end, so they could continue walking like this.

With her gentle whispers in his ear and her company by his side, this was his happy and comfortable life.

At this time, there was a commotion in front, the State Line leader quickly said: "Dr. Augustine, don't rush. Those people are posting the royal list. Mr. Theodore has chosen his successor. Moreover, it's Elvis Theodore."

What?

Olive's footsteps suddenly stopped.

The leader of the State Line Sect went on to say: "The throne will pass to Elvis Theodore. He will soon inherit the position of master, becoming the lord of Greenlandl."

-The Daily Story of Alpha and Anabelle-

After leaving work, Alpha led secretary Aiden down the elevator reserved for the VIP president. As soon as they reached the lobby they saw a group of beautiful young women walking outside.

"Chairman, these people are all here to participate in the design competition." Aiden said in a low voice.

Participate?

He suddenly remembered the name Anabelle he saw on the list.

He raised his head and scanned the girls' faces with his deep, narrow eyes, but he didn't see the person.

She... doesn't seem to be here.

Alpha quickly frowned, because he didn't know what he was doing. He actually started looking for that figure in the crowd.

What had happened to him?

He couldn't help but feel annoyed and strode away, but just as he left, a figure quickly ran over and rushed directly into his arms.

"Ouch!"

Chapter 835 Marriage

Olive knew that this day would come sooner or later, but it came too quickly.

She was caught off guard.

Marvin also stopped. He looked at Olive's face that had suddenly turned pale, and whispered, "Bro is still in the palace, you..."

Olive lowered her head calmly, "Marvin, let's go," she muttered.

Watching Olive leave, Marvin turned around and glanced at the Imperial City behind.

In the palace.

The doctor had just bandaged Logan's wound when someone rushed over.

“What?!” Logan yelled, as he furiously overturned the cup of coffee beside him.

“You bastards, so many of you couldn’t keep an eye on one person! How incompetent!”

“My lord, please calm down.” At this moment, the counselor beside him advised. “After the Mermen princess escaped, she must have gone to find Olive.”

Logan’s eyes lit up and his anger instantly disappeared.

“This makes sense. Our top priority is to let Elvis quickly inherit the throne. The Randy family now holds great power. I want to have Elvis marry Iris Randy as soon as possible, so that we can live in Greenland forever.”

At this moment, a maid walked in and reported, “Master, His Highness Elvis is awake.”

After Logan brought Elvis back, he gave him an antidote to relieve the poison on the knife. Now, he finally woke up.

Logan suddenly stood up. “Let’s go and have a look.

Elvis had already woken up, but he was seriously injured and his face is still pale.

He lifted the quilt and wanted to get out of bed, but the maid quickly stopped him. “Your Highness, the doctor said that you need to rest in bed, so as not to affect your wound, so you can’t get out of bed.”

Your Highness?

The title made Elvis’s deep and narrow eyes glisten. He glanced at the room and asked, “Where am I now?”

At this moment, the door of the room was pushed open, and Logan hurried in. He hugged Elvis and started to cry.

“Nephew dear, uncle has finally seen you. It’s all your uncle’s fault. I’ll definitely make it up to you,” he sobbed.

When Elvis saw an elderly man rushing over to hug him and cry, his handsome face was completely cold.

Logan quickly let go of his hand. He looked at Elvis embarrassingly, “Elvis, you’re my nephew, it’s me, I’m your uncle!”

Elvis stared at Logan coldly, then got up and got out of the bed. He was going to find Olive!

Chapter 13 5 Marriage
“Elvis, are you looking for Olive? There’s no need to look for her. We the people of Greenland and the people of Visionary have a bloody feud. There’s no chance for you and her. It’s best to call it quit as soon as possible!”

Elvis’s footsteps paused. He turned around and stared at Logan coldly. He didn’t know what had happened.

“Elvis, hurry up and accept the reality. You have the blood of a child in your body. Greenland is your responsibility. As an uncle, I am very optimistic about you, so I want to pass the throne to you and make you the leader of our country.”

“Furthermore, I have also chosen an excellent bride for you. She is the daughter of the Randy family, Iris. She is a true socialite. I want you to marry her.”

Elvis’s handsome face was devoid of emotions. He glared at Logan, and then he asked. “Are you done? Can I leave now?”

With that, he turned around and left.

Logan was speechless.

He already understood what Elvis meant. Elvis simply made it clear that he wasn’t interested in whatever he was saying-

“Elvis,” Logan quickly called out to Elvis, “Olive has become a wanted criminal. I’m searching for

her in the city. It's just not right for you to go out to find her."

Elvis's footsteps stopped quickly. He turned around, and his narrow eyes exuded anger.

Logan shrugged, "Elvis, I hope you can ascend the throne. Otherwise, the blood feud between Visionary and Greenland will always be separated between you. Olive will only bring disaster to you."

Elvis's hands were pulled into a lists. After a few seconds, he released them. He turned around and sat down.

"When I sit on that throne, I'll kill you first." Elvis muttered.

Logan was stunned for a moment, then he laughed awkwardly.

"Elvis, what's important now is your marriage to Iris."

In the Imperial City, several extended version of bulletproof luxurious cars slowly stopped. A maid respectfully said, "Miss, we are here."

Iris sat in the back seat and did not get out of the car.

The maid added, "Miss, let's go in and have a look. I mean, if you don't like this Elvis, no one will force you."

Iris had an extremely beautiful face. She was different from everyone. She had been a celebrity since she was a child. She slowly took out a painting. It was a cold yet glowing figure.

This was the person she liked!

Marvin brought Olive back. In the study, Gael brought another scaled portfollo, "Master, I just got the news that Logan wants Elvis to marry Iris Randy, the daughter of the Randy family, Marvin opened the sealed portfollo, which contained Iris's portrait.

"Is this her?"

186874

"Master, do you know Iris?"

Marvin lightly put down the scroll "Somehow, I once treated her."

"Iris is the eldest daughter of the Randy family. She has a distinguished status and is well-loved. I heard that there are many scrolls that contains the names of men in her father's drawer, all of which are for her to choose a husband."

"Now that the Randy family has a lot of power, whoever marries Iris can gain the huge power of the entire Randy family." Gael added.
