The Substitute Bride Doted by My Billionaire Husband Chapter 851

Chapter 851 No Where To Be Found.

When she left, he couldn't say goodbye, so he could only whisper goodbye to her.

Marvin spat out another mouthful of blood.

"Master!"

At this moment, Logan's voice could be heard in the distance, "Quickly, surround this place. Not a single fly is allowed to go out!TM

"Yes, Lord!"

Gael's expression changed. "Master, Logan is here. It's too late for us to leave now."

Marvin's face was very pale, and the blood on the corner of his lips made his pale handsome face a little coquettish. He whispered, "Gael, go, don't worry about me!"

"Master, I won't leave! You are just a willing person. You are willing to die for Miss Hart.

I am willing to do die for my master. I hope master will not drive me away!TM

Marvin opened his pale lips and wanted to speak, but then a pleasant voice said,

"Doctor Augustine."

Marvin looked up and saw that it was Iris.

Iris came.

Iris looked at Marvin, "Doctor Augustine, please come with me."

Logan surrounded everywhere, but he did not see a single person.

His men reported, "Master, we've searched every corner, but there's no one here."

How was that possible?

Where did the person who pulled out the sword go?

With the sword pulled out, that person would not be able to live for long.

Logan pondered for a moment. Now, he doubted one person. To be precise, he had always suspected one person, and that was Marvin.

"Hurry up and return to the Imperial City!" Logan immediately turned around and went back to find Marvin.

In the Imperial City.

Logan rushed back angrily. He asked the maid, "Where's Doctor Augustine? Where is he now?"

“Master, Doctor Augustine is in the guest now.”

Logan asked suspiciously, “ Doctor Augustine hasn’t gone out?”

“Yes, doctor Augustine went into Olive’s room after the wedding, but Miss Hart had a wolf to guard her, and didn’t let doctor Augustine get close to her. I think doctor Augustine had a lot to drink, and was helped to rest in the guest room. He haven’t come out. The maid said.

Really?

Logan was still suspicious. He went upstairs and pushed open the door of the room. In the room, Marvin and Iris were making out on the bed. When they heard the door open, Iris screamed, and quickly pulled the quilt to cover her body.

“Lord Logan, why didn’t you knock!” Iris yelled.

Logan froze for a moment. He did not expect that Marvin and Iris would be together. Now, Iris was almost naked, her face displayed shyness. It didn’t look like she was faking it.

At this moment, Marvin stood up from the bed. His cold black eyes were a little drunk, and he smelled of alcohol. “Logan, what’s the matter?”

Logan looked at Marvin. Although Marvin was drunk, his body was calm and powerful. If he had pulled out the sword, he would not be this good.

Logan temporarily put away his doubts, “There’s something wrong outside, Marvin, put on your clothes and come out. I’ll wait for you.”

Logan vacated the room.

The room door was closed again. Marvin reached out and pressed his chest.

Iris quickly got out of bed. She wiped the blood from the corner of Marvin’s lips with a clean handkerchief and whispered, “Logan won’t let Princess Olive’s matter be left alone.”

Marvin gently lowered his handsome eyelids, “Then, there’s no need to hide it.” he replied.

Iris was the eldest daughter of the Randy family. She already knew what Marvin wanted to do. With that, Iris said, “Doctor Augustine, as long as you speak now, I will definitely

help you.”

Marvin did not speak immediately. He glanced at Iris, and asked, “Miss Iris, what do you want?”

“You!” Iris replied.

Marvin slowly shook his head, “I can’t give you what you want, so I don’t need your help either.”

“I once said that you still need me. I told you that I’ll wait for you, but Doctor Augustine didn’t come to me even when he was in danger. Is that why you didn’t come to me?”

Marvin reached out and casually put on his clothes. He said indifferently, “What I can’t give you, I won’t give you hope, because I know how hard it is to wait. I don’t want Miss Randy to wait in vain.”

With that, Marvin opened the door and went out.

“Marvin!” Iris suddenly stopped him.

Marvin paused.

Iris said, “You had cured me and saved me. Today, I paid you back. From now on, we’re even.”

Marvin did not look back. After a few seconds, he said softly, “Okay.”

Visionary.

Olive held a meeting. The meeting comprised of senior figures. She had to act like a young adult and no longer like a child.

Sadie said, “Princess, I have already found a designer. The clothes in your cupboard need to be changed.”

With that, Sadie added, “But the princess doesn’t have to be sad. We can still wear beautiful dresses when we go out to play.”

Sadie felt a little distressed and emotional. The princess was only twenty-four years old, and she was of average age. However, after she became the queen, she could no longer wear her casual dresses, she had to dress like a queen.

Back then, Joyce couldn’t stand the rules, hence she ran away.

There were both gains and losses. The queen’s position was probably going to lock up all of Olive’s youth.

It was a pity that the princess was so beautiful.

Olive did not feel anything at all. From ancient times, this was the life of those who

ascended the throne.

She used to be a carefree and happy girl, but now, she couldn't anymore.

She chose this path.

Even if her time was limited, she would be trapped in the throne for the rest of her life, and she would not regret it.

It was her responsibility.

Her only problem was that she hadn't found Elvis yet.

Her Mr. Augustine seemed to have disappeared from this world overnight.

At this moment, there was a knock on the door, and the maid outside said softly, "Princess."

Sadie looked at Olive, "Princess, I'll go out and have a look."

"Okay."

Olive took off her coat, then raised her small hand and took off the green hairpin, letting her long black hair flow down.

From now on, she was afraid that she would let lose her hair forever.

At this moment. Sadie returned. "Princess," she called.

Olive looked at Sadie's expression, "What's wrong?" she inquired
