## Chapter 855

### Chapter 855 She Crashed Into His Arms

North furrowed her eyebrows. She didn't expect that Olive would say such.

"Olive, I'm a big star. I'm very busy. I'm being watched by the paparazzi, so I don't have time to fall in love. Besides, your children are mine too. I have two godsons and one goddaughter. What do I need a man for?" North asked with a laugh.

Olive understood that North was avoiding the topic, or rather, she was avoiding the topic of men.

The last time she was in Los Angeles, she had already developed a psychological rejection for men. It seemed that time hadn't healed her, **and** it had even worsened.

Olive had treated many people, but this time, she did not know how to treat North.

Sometimes, she really hoped that Raven would stay away from North, but other times, she felt that only Raven could heal North.

It was a world that compromised of Raven and North. She was only just a bystander.

"North..." Olive wanted to say something, but North interrupted her. She held a teacup and walked to the window.

"Let's take a break and stop discussing about men."

Olive could only stop. She came to North's side and reached out to hug North's slender arm.

Soon, Olive sensed that North suddenly stiffened. She looked up and saw an extended business luxurious car speeding towards the street outside.

Now that the rich and powerful from all over the world were rushing over, there was no shortage of luxurious cars on the streets.

At this moment, the rear window of the luxurious car slowly slid down. A familiar and handsome face came into view. It was Raven.

Olive was not surprised that Raven turned up. Since North was the model of Windshire Palace, it was expected for Raven to turn up. Today, he wore a black suit and a pair of gold glasses on his handsome face.

However, he did not come alone. There was another person beside him. It was a very young and beautiful girl.

The girl sat beside Raven and tightly hugged Raven's strong arm.

The girl looked at Raven tenderly and lovingly. The little girl was saying something to him. Raven on the other side stared dotingly at the lady's red lips, **as she** spoke.

Suddenly, the luxury business car sped away **and** disappeared from sight.

Olive knew that recently, Raven had dated many girlfriends. In the past, he had only one person, and that was North. But now, he began to change women like clothes.

"North, is that President Augustine's new love?" Olive inquired.

North's gaze fell on the luxurious business car. Her charming face did not express any emotions, but she said lazily,

"Well, his new love looks familiar. I think her name is Gianna. She recently entered the entertainment industry, and has become quiet popular. She has very good resources. Several of the movies she **has** acted in are big **productions**. Everyone is saying that there is a powerful sponsor behind her. Now it seems that the sponsor is Raven."

Chapter 855 She Crashed Into His Arms

Olive looked at North with a worried look.

North noticed Olive's **gaze**, she quickly asked, "Olive, why are you looking at me like this? I'm fine. Although my old pet has been abandoned and my financial sponsor has a new love, he's starting to support others, but this It do esn't affect me anymore."

Olive and North were pulled into a room and they started their training.

The teacher was not Joyce, but Joyce's confidant, Savannah Kyle.

"Olive, North, do you know what kind of **men** are the most attractive to women ?" Savannah asked with a smile.

Olive didn't know much about love. Her only teacher was Elvis. Now that Savannah was so enthusiastic, she wanted tutoring them. Olive could only blink her bright eyes and stare curiously at Savannah.

Savannah smiled mysteriously. "Of course, it's a man who has good bed skills , and lots of money. Women like such men the **most**."

Olive was speechless.

Savannah was too direct, hence she took her by surprise.

"Olive, don't act like you're a novice. Come on, big Sister will teach you how to know the size of a man's tools. After you learn it, all men will be **naked** in you r eyes!"

Olive quickly stood up. With a worried expression, she turned around and ran away.

"Hey, Olive!"

Olive ran away, leaving only Savannah and North in the room.

Compared to Olive's reaction, North **was** much more calm and composed. "Thank you for **the** information."

"Come on, don't thank me. North, put on these clogs and I'll teach you two steps."

Savannah put on high clogs on North and made her walk with her waist twisted.

“One, two, three, get up.”

Following Savannah’s tone, North twisted her lazy and soft steps and started to walk.

Savannah went out, and North practiced alone. At this moment, **the** door was pushed open and

someone came in.

Savannah should **be** back.

North immediately straightened her beautiful back. She was originally the darling of the fashion industry. Now, according to Savannah’s teaching, her lustrous breasts stood up, her waist was twisted, and her pretty hips were swung **out**.

She was very satisfied. After walking around, she turned around and looked at Savannah with a pair of charming eyes.

In the next second, she froze.

It **was not Savannah**, but Raven!

Raven suddenly appeared!

He came in without a sound,

Raven walked in, he closed the **door** with one hand, and put one hand in his trousers pocket. He was-

looking at her.

His eyes were dark and warm.

Since the last time they said goodbye in **Los** Angeles, this was the first time they had met. North

really did not expect that the person who was in the luxurious business car with his new love, would suddenly appear in front of her.

Recalling that she had twisted her waist for a while, North raised her hand and tucked a strand of hair behind her ear. "Mr. Domino, why are you here?" she asked.

She was the first to break the silence and, she also **took** a step forward.

But she forgot that she was still wearing clogs on her feet.

North lost balance, and stumbled. But at this moment, a strong arm wrapped around her and pulled her into his chest.

She crashed into his embrace.

***Novel The Substitute Bride Doted by My Billionaire Husband is an interesting Billionaire novel about Olive & Angeles....*** In a conspiracy, she was taken back from the countryside to marry him instead of her sister. The so-called weak husband in rumors she married turned out to be a business tycoon with one hand covering the sky. "Husband, aren't you dying soon?" "What?" He looked like he was going to eat her. "It seems that I should let you know the real me." He reached his hands to her thighs.

### **Chapter 856 Is He Your Brother?**

North's body stiffened, and she quickly stood up, as she tried to push him away.

At this moment, his low voice sounded from above her head, "The twist just now was very beautiful."

Raven's mind was filled with the scene he saw when he came in.

North twisted her waist and twisted her pretty buttocks. Her exquisite body was twisted like a boneless willow branch. There was no shortage of charming women, but they didn't have that feminine aura that she exuded.

He was complimenting her.

However, this compliment was a little ambiguous.

North raised her hand and touched his chest. "Mr. Domino, let me go first. Raven did not let go of her. Instead, he whispered, "The twist just now looks good. Take a couple more steps."

"No!"

North wanted to refuse, but Raven grabbed her waist and turned her around, pushing her to take two more steps..

North felt a little embarrassed. He gently pushed her soft waist from behind. She did not want to leave. Her body twisted uncomfortably, trying to break free from him.

At this moment, his waist tightened, and his low hoarse voice sounded above her head, "Wait, again?"

Only then did North realize how ambiguous they were. Her beautiful back was pressed against his chest, rubbing against him through the thin fabric.

People who didn't know them, would think that she was seducing him.

God knew that she was an extremely pure and good girl!

North raised her soft and charming face and looked at him. There was a faint and lazy smile in her charming eyes.

Raven hugged her from behind, his handsome eyebrows lowered, "What if I don't let go?" he asked. "If Mr. Domino doesn't let me go, I'll rub against you again. Mr. Domino seems to be afraid that I'll rub against him."

Raven looked at her. He was really afraid that she would deliberately rub against him, so he raised his hand and let go of her.

North quickly took a few steps back and created a distance between them.

The sultry heat between the two of them also dissipated.

"Mr. Domino, why are you here? Could it be that you brought your new love here to relax?" North initiated a conversation.

Raven reached out and tugged at the tie around his neck, "I'm here to see you."

"See me?"

Raven casually snorted, his cold black eyes were bottomless.

"How about you, what did you come here for? You're learning how to twist your ass and seduce

men?"

12:15

As he spoke, Raven looked at her from her head down to her toe. Then drew a mocking and 'sinister arc on his thin lips, "Do you still need someone to teach you that?"

These things that she had in her bones. She had inherent talents and did not need to be taught.

North felt that his words were strange and unpleasant, and he seemed to be

very unhappy.

“Savannah taught me a lot, and she also taught me how to fight.”

Hearing her words, Raven’s handsome eyebrows moved.

North raised her red lips and slowly said, “Savannah said that girls must learn some bed fighting skills. Otherwise, how will they conquer men in the future?”

Raven knew what she implied. He had already guessed it.

Now, she stared at him, her charming eyes full of provocation.

Raven put one hand in his trousers pocket, he laughed lightly, and said, “You better let Savannah teach you how to accept a man, and how not to be cold.”

Raven’s words was really poisonous.

North did not want to talk to him anymore.

At this moment, the door was pushed open and Savannah walked in.

“Oh, I just went out and slipped through the door. When I came back, there is a handsome room?” Savannah looked at Raven happily.

Raven was gentle and indifferent. His face was devoid of emotions. He also didn’t spare Savannah a glance.

“North, who is this?” Savannah asked curiously.

“Oh, he’s my brother.” North replied.

“North, I wasn’t told that you have a brother. Is this your real brother, or your love brother?” Savannah teased..

“Savannah I’m ignoring you!” North pretended to be angry and interrupted the conversation.

“I’m sorry,” Savannah laughed. She turned to Raven, “North’s brother, if you may excuse us, we still have some training to do,” she asked Raven to leave. Raven looked at North.

Savannah was impatient, and she pushed Raven out, “Go ahead, sir!”

After Raven left, Savannah glared at North, and said, “North, that’s your brother in love. Not bad, I think he’s the best in the world.”

“Savannah how do you know that he is the best in the world?” North asked.

Savannah said mysteriously, “Your brother is handsome, he has six pack abs, and a perfect waist. His figure is not inferior to that of international models.

The latest research also shows that men like that have strong sexual desires. I bet he’s so powerful on bed.”

North knew a lot about love matters, and she was also able to scold her.

However, her experience was pitiful. Now that she heard Savannah’s words, she had gotten new ideas.

“Savannah, he’s not that powerful. Maybe you’re wrong.”

Savannah winked at North, “Then what were you doing in the room just now? He walked out with his hands in his trousers pockets. Don’t you know why he

did that?"

Realizing that he was thinking nonsense, Alpha quickly raised his heroic eyebrows and sternly reprimanded. "Why are you so close, stay away from me!"

He reached out and tried to push her away.

At this moment, Annabelle suddenly came over and slapped his handsome cheek.

Suddenly, Alpha stiffened. "

Annabelle looked very delicate, but now, she stood on her tiptoes against Alpha's chest, as she stared up at him.

"Is this what you say to me, huh?"

There were many girls beside Alpha, but she was the first to be so bold.

Annabelle raised her little hand, wrapped her arms around his neck, and said to him, "Since your already know, then I'll be frank and be lenient. I'm seducing you!"

Chapter 857 The Secret Can't Be Leaked.

North knew that Raven was very conspicuous when he was out on the street. The women's eyes followed him, but she did not expect that Savannah's eyes were so intentional, that she could see everything.

"North!" At this moment, Savannah mysteriously took out a book, and blinked at North.

"Come on, I think my Olive has no talent, but you are different. If you want to keep a man like your brother in love with you, you need to work hard on the bed. Take this back and study it carefully. This was the secret book that Joyce had worked so hard to bring back. It was not passed on to Olive, but now, it was passed on to North.

North speechlessly collected the book, as she stared at Savannah in shock.

North hurried out. She knew that she couldn't continue messing with Savannah.

At this moment, a maid walked over and handed her a wallet. "Miss North, this wallet was dropped by the man that came in search of you just now. Please return it to that gentleman."

North looked down and saw that it was Raven's wallet.

He had left his wallet here just now.

North reached out and took the wallet. "Okay, I will return it to him."

"Thank you, Miss North." The maid left.

North curiously opened the wallet. She quickly stopped because she saw a photo in his wallet.

It was a very small photo, that was obviously taken a while ago. It was hidden in the inner compartment of his wallet.

It was a photo of her.

North looked at herself in the photo and was in a trance for a moment, because she had not seen herself in the photo for many years.

At that time, she was still the crown jewel of the Paulo family. She was still very young, and was also very happy.

Back then, there was no such man named, Raven, in her life.

How could he have a picture of her when she was young?

Why did he also treasure the photo?

What does it mean when a man keeps a picture of a woman in his wallet?

Could it be that he loved her?

His love had come even earlier than hers?

In the past few years, North had always thought that he did not love her and that all of his cloting on her was just for the purpose of destroying her.

Now, she was even more confused.

She felt that she had found the answer.

Olive hid outside for a while, then she heard a voice from outside, "Fortune-teller, fortune-teller, L

am the fortune teller, I'm a descendant of my ancestors!"

Olive pushed open the window and looked downstairs.

Downstairs stood an old man.

At this moment, the old man raised his head and looked at Olive.

"You and I are destined. I can give you answers." the fortune-teller said to Olive.

Olive slowly raised her red lips, and her clear eyes flashed with shattered light. She had heard about the existence of fortune tellers in many stories.

The old man was invited upstairs to sit face to face with Olive.

The old man laughed and said, "I've traveled this far and have a fate with you. Now, I'll give you all the answers you seek."

Olive smiled and said, "As the saying goes, we are destined to meet.

The old man's eyes were filled with sparkling light, and he wanted to give Olive a thumbs up.

"Then I'll leave it to you now..."

Olive suddenly waved her little hand. She said, "Sir, I don't want to ask about myself, I just want to ask about others. I want to know what will happen to Uncle Augustine and Aunty Annabelle." The fortune teller was stunned, and he shook his head, "This is a secret, I can't say it."

"Okay, then I'll change the question. Fortune teller, can you tell me where Elvis Augustine is now?" The fortune teller was stunned for a second, and he shook his head again "This is also a secret."

The broken light in Olive eyes flashed. "No way!" she half-yelled.

Seeing Olive's sudden reaction, the old man was taken aback.

"See him off, Sadie." Olive instructed.

The old man was in disbelief. He felt that he had a set of routines that he had learned in his life, yet he had not used it yet after he met Olive.

He was an eminent fortune teller!

At this moment, Sadie said, "Sir, please leave immediately.

"By the way, my boss said that I can't let the eminent fortune teller come here for nothing. I have something to give you."

"

The man's eyes lit up again, as he awaited the gift.

Sadie took out something, it was... a piece of tape.

Sadie smiled and said, "Sir, my boss said that since all she asked you was a secret, she gives you this tape to seal your mouth forever."

With that, the man was kicked out of Windshire.

At this moment, the man saw an extended version of a luxurious business car slowly driving over. The window did not slide down, so he could not see the people inside.

However, the old man laughed.

There was a sharp brake sound, and the driver's window slid down. The driver inside asked with an angered expression, "Old man, don't you have eyes? Do you want to die?"

The man smiled and apologized, "I'm sorry, I'm sorry, I won't die now. I roughly estimate that I can live another hundred years."

171271

With that; the man moved to the rear window. He stretched out his fleshy hand and knocked on the window.

It was silent in the back seat.

The rear window did not slide down, and the people inside looked unfathomable. The man was not in a hurry anyway, hence he waited with a smile.

At this moment, the men inside said, "Hey, fortune teller. I've heard about you."

The fortune teller smiled, and waved at them.

"Has the fortune teller heard of Windshire Palace? That's where we're headed."

As the man mentioned Windshire Palace, the old man was reminded of his experience with Olive.

"Windshire Palace is a great place. One can go there and relax, and have some fun. I think you should come have some fun too."

The fortune teller looked at the bright rear window. He seemed to feel that there were a pair of narrow and deep eyes inside, like two cold abyss, almost sucking him down.

The man did not say a word as he turned around, and made to run away.

"Hey, why are you leaving? The ladies are here. Today, I will definitely treat you to some good time." Windshire Palace's delicate girls rushed out and grabbed the fortune teller.

The man hurriedly refused, "Let me go, help, I'm a fortune teller, respect me!"

But it was a too late, because the girls couldn't wait to kiss and touch him.

In no time, he was dragged back into the Windshire Palace.

At night, Olive took to the street, as she stared at the beautiful sky.

She had been very busy recently, and barely saw her children. She missed them so much, and wished to see them soon.

Ivy had always been with Joyce, so she went out to play with Joyce tonight.

On the bustling street, Ivy wore a pink princess dress and was blowing bubbles with bubble water in her hand.

The bubbles flew into the distance with the breeze, and they looked colorful in the bright neon lights.

Ivy smiled happily.

When people saw Ivy they all shouted "Oh my G od, who's cute baby is that?"

Ivy suddenly sighted Olive.

“Mummy, mummy!” She yelled, as she rushed over and hugged Olive’s legs. Today, Oliy  wore a rainbow-colored sweater. It was a bright and pretty color. Her pure black hair was loose

Olive bent over and hugged little Ivy into her arms. She kissed Ivy’s pink and pretty face, “Did Ivy have a good time today?” she asked sweetly.

“Yes, mummy, I had a happy day.” Ivy tilted her head and looked at Olive, “Mummy, are you unhappy?”

“No, I’m not.”

Ivy held Olive’s face with her two little hands, “Mummy, don’t be unhappy, Daddy is not dead, and Grandma said the same thing. Besides, I can feel that daddy is by our side now...”

Chapter 558 Hailey, The Little Princess

Olive’s heart was full of warmth. Something had happened to Elvis. She had always believed that Elvis was still live and that she was not alone.

Everyone around her, like her, firmly believed that Elvis was still alive.

She didn’t need any comfort, because life was still going on, and they all had to look forward bravely. She only needed full strength.

Now, everyone around her had given her the strength she needed.

Olive nodded vigorously, “Yes, mummy also believes that daddy is still alive.

When daddy returns, our family of five can be together and never be separated.”

“Yes!” Ivy applauded happily.

“Ivy, in fact, your father has already given you a name. Your father has chosen the name, Hailey. So, your name is Hailey.”

Olive suddenly sighed with emotion. She felt that the story between her and Mr. Augustine was about to end, and the children’s era was coming.

Hailey was the pearl that the Augustine family held in their palms, and she was a favourite sister of two brothers. Therefore, little Hailey was the real little princess.

However, the little princess did not know what kind of people she would meet and what kind of story she would interpret.

“Hailey, alright, alright, I like this name very much. In the future, mummy will call me Hailey.”

Being with this sweet little girl. Olive’s mood improved. At this moment, they reached a bus stop. A bus stopped and the driver shouted, and beckoned for them to take a ride.

Hailey’s eyes looked at Olive, “Mummy, this car is so big. It looks so cool. Shall we get in the car?” Hailey traveled by private car, so she felt that it was

novel to see the bus.

Of course, Olive would not refuse Hailey's request. She nodded, "Okay."

Olive carried Hailey onto the bus, and sat down by the window.

This position was very familiar to her. She had sat at the same spot in Los Angeles a few years ago. She got on a bus and sat in this position. Elvis drove his sports car to chase after her.

At that time, it was also the last bus left. Now, she took the last bus with her daughter.

Hailey was very happy and tired. Olive wiped her sweat and gave her some water. Hailey soon fell asleep in Olive's arms.

Olive kissed her daughter's forehead, then raised her eyes. Her clear eyes landed on the bus window. At this moment, she saw a familiar figure.

## **The Substitute Bride Doted by My Billionaire Husband**

Chapter 859 Mr. Augustine is back!

Olive was stunned. Her eyes fell on the figure and she could not look away.

This figure was so familiar, she could not be wrong.

Olive's clear eyes quickly condensed a layer of crystal water mist. She was happy. She was really happy. Her delicate red lips slowly hooked up.

He was finally back!

Olive twitched her red nose and stretched out her small hand with a trembling hand to caress the figure on the window.

However, just as her soft fingertips touched it, that tall and straight body suddenly disappeared.

What was going on?

Where was Elvis

Olive's small hand touched the car's window. The cold car's window did not have a trace of any temperature. She suddenly woke up.

He did not return.

He still did not come back.

All of a sudden, tears welled up in Olive's eyes. Her weak shoulders trembled as she wept.

During this period of time, she was very strong and did not mention Elvis at all. However, there was a wound in her heart that could not be healed.

Why didn't he come back?

Olive held Hailey tightly in her arms, as tears streamed down her face.

At this moment, she allowed herself to be overwhelmed by thoughts.

The bus drove them home. The journey was so long that Olive was tired from

crying, so she closed her eyes and fell asleep.

She had a very long dream.

The last bus had been speeding along the busy street when the driver suddenly stopped, the door opened, and someone came up.

It was two men, who were dressed in black, and then, the two men in black carried a wheelchair up, and someone was sitting on the wheelchair.

Olive could not see that person's face clearly. He was dressed in black with a black cap on his head, as if he did not want others to see his face.

His body was hunched over, as if he had suffered a serious injury. His entire body had been seriously shriveled and deformed. He was already like an old man who had fallen into meditation.

The man in black pushed the wheelchair over. The man was closer to her, then a little closer, and finally stopped beside her.

That person got up. He slowly and difficultly stood up from the wheelchair, like a movie replay in slow motion, and sat on the chair beside her.

Olive seemed to smell a faint smell of disinfectant, the smell of a hospital. In addition to this smell, she also smelled a clean and masculine man. This smell was all too familiar to her.

1716.09

Chapter 859 Mr. Augustine is back!

He slowly leaned over, stretched out his big, well-defined palm, and pushed aside the blanket on Hailey's body, as he stared at her little face.

Hailey suddenly woke up. She opened her wide eyes and looked at the man.

The man reached out and touched Hailey's face gently and lovingly.

"Daddy..." Hailey called out sweetly.

The man beside her laughed softly, his voice was extremely hoarse, as if he had been scrubbed.

Then, he made a gentle gesture of silence to stop Hailey from speaking.

Who was he?

Olive's slender Yu Jie trembled as she wanted to open her eyes. Was this a dream?

She wanted to take a look at his face. She wanted to know who this man was. Why did he feel so familiar to her?

At this moment, the man slowly put his arm on the back of the chair behind her.

His shoulders were no longer stiff, and he was like an old man. However, there was a reassuring and calm strength about him, which made her want to rely on him, rely on him forever, and never leave.

The surrounding area was quiet. The bus drove forward and there were only the three of them in the car.

The man beside her hugged her, then he lowered his eyes and looked at her

little face.

Soon, his lips touched her soft red lips.

He kissed her gently, as if he was dealing with some rare treasure.

He did not exert any force and did not dare to exert force.

They kissed for a few seconds. It was really only a few seconds. It was short-lived and it felt like a dream. He let go of her.

His body started to tremble and he couldn't breathe.

Olive heard his rapid breathing. He seemed to have difficulty breathing.

The two men in black quickly put an oxygen mask on his face and lifted him into a wheelchair.

He was gone.

Olive looked at his weak back and tried to open her mouth to call him, but she closed her red lips. and could not make any sound in pain.

Soon he disappeared from her sight.

"Don't go!"

"Please, don't go!"

"Elvis!"

Olive screamed and opened her eyes.

The moment she opened her eyes, her face was hot, as if something had suddenly fallen on it. She was still on the bus, but her tears were blurred. Her little face was full of tears.

Olive suddenly became confused. What was wrong with her? Was it just a dream?

The bus was still driving smoothly. Hailey was lying in her arms, her pink face buried in the blanket. She slept extremely sweetly. It was the same as before she fell asleep.

Chapter 859 Mr. Augustine is back

It must have been a dream.

She dreamt of Elvis.

That weak man was Elvis.

Was it because she missed him so much that she had hallucinated?

However, the dream just now was so real, it was as if he was by her side and had never left.

Author's Daily Story.

She confessed that she was seducing him.

Alpha paused. Looking at her current appearance, she had hidden such a bright and hot side under her cold and alluring exterior. Ever since they met at the church, she had tried her best to get close to him and attract his attention.

Alpha pursed his thin lips and said, "I'm not interested in little girls."

She was too young.

Annabelle wrapped her arms around his neck. "Then...can you wait for me to

grow up?”

Alpha did not answer.

“I’ll grow up very soon. In the next few years, you’re not allowed to date other girls. Don’t look at them too much, okay? Alpha, you’re mine, I’m yours too!”

Annabelle was very afraid. She was afraid that Alpha would fall in love with someone else in this life, thus, she wanted to make an exclusive agreement with him.

Chapter 860 Come To My Room.

At this moment, the bus slowly stopped, and the driver said, “The last stop is here, it’s time to get off.” Olive stretched out her hand and wiped a handful of tears from her face, then hugged Hailey and got out of the car.

As soon as she got out of the car, Olive saw an extended business luxurious car speeding across the street. She recognized the luxurious car. It was Raven’s car.

At this moment, the rear window of the luxury car slowly slid down, revealing Raven’s handsome and gentle face. There was another person beside Raven.

The car window was too small. Olive could not see the person, but she could see a black cap.

This cap was very familiar to her. She seemed to be familiar with it. She had only seen it in her dream just now.

Olive’s heart was beating wildly.

Her clear eyes fell on that person, and her mind was full of thoughts, who was he?

Who was the man beside Raven?

Could it be that it was not a dream just now, but reality?

Olive pulled out her slender legs and ran over there.

Raven’s luxury business car did not stop at all. It drove all the way to the Enchanted Villa. This was the largest six-star hotel. All the luxurious cars of the VIPs were parked here, but his luxurious car drove forward. The gate opened and he entered the villa’s VIP’s parking garage.

Olive followed behind the luxury business car. The luxurious car drove very fast. She ran up and ran after the luxury car.

But someone quickly stopped her. “Miss, I’m sorry. There’s a VIP parking garage in front of you. No random persons are allowed in. Please stop.”

Olive was forced to stop as she watched the luxurious business car disappear

from her line of sight.

No, she had to check it out. She had to know who the man beside Raven was, Now that Hailey was still sound asleep in her arms, it was inconvenient to bring a child with her. Olive could only return to the Windshire Palace and put Hailey in her room. Then she returned to the Enchanted Villa, With Olive's current status, she could go in and out without any obstacles. The manager of the Villa. personally greeted her, "Miss Olive, why are you here in person?"

Olive went upstairs and asked the manager, "Do you know where Raven's room is?"

"Miss Olive, Mr. Raven's room is over there in VIP area 602," the manager replied.

"Thank you."

Olive walked to the VIP area and looked at the number 602, She raised her small hand and knocked on the door.

Soon, the door to the room opened, and a handsome and gentle figure appeared.

Raven was wearing a gray shirt. The fine fabric had the texture of a mature man. He put que-hand in

Chapter 860 Come To My Roo

his pants pocket and looked at Olive with his cold black eyes. He had already guessed that she would come. "Miss Hart, are you looking for me?"

"Mr. Domino, long time no see. Are you here alone this time?"

Olive's clear eyes gazed past his handsome shoulder and looked into the room. There was no one in it, it was quiet, and there was no trace of the man she was looking for.

Raven h ooked his thin lips, "Yes, I came alone."

Olive was a little disappointed. "Oh, then I'm sorry to disturb you. Boss Domino, I'll leave first."

Olive turned around and left.

At this moment, there was a thud, and there was a sound in the room.

Olive's footsteps froze. "Is there someone in your room?"

Raven's face was expressionless, and he said indifferently, "Miss Hart, who is in my room? It's my personal matter. It's inconvenient to tell you."

"Then, I'll go in and have a look myself." After that, Olive pushed Raven away and ran into the room.

The sound came from the bathroom. Olive came to the bathroom door and looked at the closed door in front of her. Her heart was pounding wildly. Was it him?

Olive grabbed the doorknob and pushed it open.

“Ah!

There was a scream from inside. Olive raised her eyes and saw that in the bathroom was Raven’s new girl, Gianna. Gianna had just taken a shower and was wrapped in a bath towel. She looked pure and beautiful.

Olive did not expect that Raven’s new girl would be in Raven’s bathroom. She thought it was... her Mr. Augustine.

“Ah, who are you, CEO, I’m so scared!”

The little girl ran out and threw herself into Raven’s arms.

Raven reached out and wrapped her arms around Gianna’s slender waist, then looked at Olive, “Miss Hart, can you go out now?”

Olive shivered for a moment, she covered the gloom and disappointment in her eyes, as she left.

Olive went out.

“President...” Gianna bit her blushing lips and kissed Raven’s cheek, “Come to my room tonight, I’ll wait for you...”

Raven lowered his eyes and looked at Gianna. His mature and frivolous eyes looked at Gianna’s young and beautiful figure.

Gianna immediately left happily and closed the door of the room.

Raven entered the bathroom and opened the frosted glass door. There was someone sitting on the chair inside.

This person was dressed in black and had a black cap on his head. His condition was not very good.

Raven stepped forward and lowered his voice, “Elvis...”

The man raised his head, revealing a pale and handsome face. It was Elvis. Elvis’s narrow and deep eyes fell on Raven’s handsome face.

Raven rolled up the sleeves of his gray shirt, took out a medicine kit, and put on a pair of white gloves. He pushed a test tube into Elvis’s arm, “Let’s go.”

Elvis frowned and closed his eyes.

“Don’t worry about her now. I think she’s smart. She’s already suspicious of something. You look like a ghost now, it’s better to cure yourself first.”

Although Marvin had pulled out the ambassador sword, Elvis had also pulled out a little, and his heart was also damaged.

At that time, Marvin had taken all measures. His knife had deviated from Elvis’s heart, but Elvis had faked his death to paralyze Logan. At the same time, Marvin had also prepared a powerful medicine for cardiac resuscitation to treat Elvis.

However, things went wrong. Peterson led someone to secretly bring Elvis out. This caused Marvin to forcibly interrupt a course of powerful potions.

The potion had a backlash, and in a short period of time, Elvis body had been tortured to this extent.
