The Substitute Bride Doted by My Billionaire Husband Chapter 861

Chapter 861 Call Me Brother.

Elvis's physical condition was very poor. His heart was failing and his body was sluggish. He was no longer the young and strong man.

The most important thing that Raven didn't lack was money, so he obtained some rare medicines to prolong his life.

However, Elvis had already developed antibodies to these medicines, and their effects were getting weaker and weaker.

Raven took off his white gloves and said, "Elvis, your brother is truly amazing and talented. I gave the powerful medicine he gave you to a professor for an autopsy, but unfortunately, there is no man who could solve his last medical equation."

"Now that your brother is gone, he changed his life against the sky and forcibly turned himself into the blood of a child. Then, he pulled out the ambas sador sword and helped Olive revive Visionary. He has done everything for you."

"As a genius doctor, he developed the ultimate formula for treating heart failure. Unfortunately, this formula disappeared with him, and I can't find a way to save you."

As he said that, Raven took out a medical manual and opened it. It was Marvin's medical manual. It recorded all of his medical research in his lifetime. When Marvin was lying in that piece of acacia red beans, this medical manual was neatly placed on the desk in his room.

On the last page of the medical manual, he recorded the ultimate formula for the world's unsolved. heart failure. Unfortunately, Marvin left early before the formula was put into practice.

His medical talent and attainment were beyond the reach of his entire medical skills. Now, no one could solve his ultimate equation.

In Marvin's life, he had flipped through the mountains in a light boat, and had been to distant places that no one else could match. He was born perfect and was born for the ultimate.

Elvis already knew that his brother, Marvin was gone. From the time Marvin stabbed him at the ancestral temple, he knew what he wanted to do.

Elvis's long and narrow eyes gradually turned red. He pressed the back of his pale head against the cold wall and slowly closed his eyes.

He remembered his last conversation with Marvin.

In a short period of time, he lost his father, mother, and his younger brother.

What did Marvin leave behind?

All he had left behind was a medical manual.

Elvis stretched out his trembling fingers and took the medical manual from Raven's hand.

Raven realized that one person that made Marvin happy, was Olive!

In the end, Marvin was never alone.

Elvis was lying on the bed and was already asleep. Raven turned off the wall lamp, and turned on a table lamp before walking out and closing the room door.

—

Raven came to the room next door and knocked on the door.

Soon the door opened and Raven walked in.

Chapter 861 Call Me Brother.

The room was lit with an ambiguous love light, and the colorful, pure and beautiful lady danced happily, and rushed directly into Raven's arms.

"Mr. Raven, you're finally here. I've been waiting for you for a long time..."

This actress was called Gianna. She was born very beautiful. She knew that Raven liked beautiful women, hence, she dressed herself up every day.

She also knew how to please men. Now, she ran over and wrapped her arms around Raven's neck. She was seductive and enthusiastic.

Raven had been busy all this time, busy with extending Elvis's life. He hadn't had time to have fun with a woman.

He didn't have the heart to flirt with Gianna, he just wanted to relax, so his big palms held her soft waist and pushed her onto the sofa.

The back of Gianna's head was clasped by Raven's big palm. Now, she

was sitting on the sofa.

Raven had just taken a shower. He was wearing a black silk pajamas. His dark eyes were filled with undisguised lust.

Gianna's entire body softened, and it was already soft in his gentle and evil masculinity.

Gianna liked Raven very much. Every day she was with him was like a dream.

Now, she was the hottest actress in the entertainment industry, with someone like Raven having her back, her resources were so good that it was rumored that she was the new North.

Gianna was extremely proud in her heart, and she wanted to use all her skills to tightly entangle him like a little goblin and make him fall in love with her.

Now that he had accepted her invitation, Gianna quickly knelt on the sofa and reached out to untie the belt of his pajamas.

Raven looked at Gianna who was so proactive, and did not refuse. He came out to have some fun. He had money, she had the young beauty he liked.

Raven stretched out his fingers and grabbed her small chin.

Gianna raised her head and quickly called out, "President Domino..."

"President Domino?" Raven interrupted her, with an unhappy gaze.

Gianna suddenly remembered that when they were alone he would not let her call him 'President Domino, but brother.'

Gianna also heard that Raven's ex-girlfriends would call him 'Brother'.

Gianna completely understood. It was normal for a man to have a little fetish.

Gianna immediately called out innocently and charmingly, "Brother..."

H

Raven's eyebrows twitched, and the displeasure just now disappeared.

There were so many women by his side, and the little girl in front of him was the one he liked.

In all honesty, he couldn't let go of her. He changed women like he

changed clothes. But this actress was indeed the longest with him. Raven remembered the first time he had seen Gianna.

Chapter 862 Sorry, You Can Continue.

The first time Raven saw Gianna was on a special plane. At that time, there was a literary film shoot on the private plane. Gianna had not met him yet. She was not the main character. She was just a hard worker.

It was this small role that she had worked so hard for.

At that time, he raised his head and glanced unintentionally. In the literary film, Gianna happened to be standing in the sun and called the male lead, "Brother".

This had caught Raven's attention. And she began enjoying the privileges of knowing a man like Raven.

Later, the literary film was not popular, only Gianna was popular.

Now, the heroine of that literary film, who had ignored Gianna's love at that time, was no longer able to sit in the same room with her. Everyone could not help but sigh about how fate was uncertain. Who would have thought that Gianna would become so popular?

Raven looked at Gianna's face, his mind was filled with what he had seen in Windshire Palace. It was the sudden feeling in his body that made him feel that she... owed him a lot!

When Gianna saw that his eyes were on fire, she could probably guess that he liked her very much, but she somehow felt that his eyes were not on her. He seemed to reveal that he was looking at someone else.

"Brother..." she called out tenderly.

North was here. She came to the Enchanted Villa to give him his wallet.

The manager of villa hurriedly greeted her, "Hello, North, welcome to our villa. You're a hundred times more beautiful in person than you look on TV. Can you sign my autograph? My daughter likes you so much. She hopes someday, that she'll be able to enter the entertainment industry, just like you!"

North took the pen and signed her name. When she heard the manager say this, she changed her mind and added another sentence below her signature, then handed it to the manager.

The manager quickly thanked her, "Thank you, beautiful North."

“You’re welcome, I want to know which room Raven is in. He forgot his wallet with me. I want to give it to him.” North raised the wallet in her hand.

“North, Mr. Domino got two rooms. But I suspect that he should be in room 603 in the VIP area.” The manager pointed out.

“Okay, thank you.”

North walked towards room 603.

The manager of villa watched North leave. Then, he lowered his head and looked at the signature. There was a sentence under the signature.

“You can have the life that you want without getting into the entertainment industry, the sentence read.

—

North arrived at room 603. She did not raise her hand to knock on the door. There was a password outside the door.

Chapter 862 Sorry, You Can Continue.

He should have set a password. What was his password?

North suddenly became interested. She raised her green fingers and entered the six digit password.

She didn’t know if it was right.

At this moment, with a click, the password was displayed successfully, and the room door opened.

North walked in. The room was filled with colorful neon lights. In the next second, she saw two figures on the sofa.

Raven sat on the sofa, Gianna was kneeling in front of him, as she tried to to please him.

North’s eyelashes shivered and she paused.

Raven was quite alert. In fact, when she entered the password outside, he should have known that there was someone. However, his mind was filled with the scene that he had seen at Windshire Palace. With his mind being filled with the image of the person he wanted, it was difficult for him to control his feelings.

Originally, he was of a young age, yet he was still extremely lustful.

With a click, the door opened and someone came in. He suddenly opened his eyes and his eyes swept towards the door.

Soon, he saw North.

North was also looking at him.

They looked at each other.

North looked at him. Now, his eyes were already scarlet with lust. As he

was disturbed, he was quite unhappy.

North straightened her back, and lazily raised her hand to tuck her hair behind her ear. "You guys. can continue."

With that, North turned around and left.

Raven froze. He did not expect it to be her. He did not expect her to come. His scarlet pupils. suddenly shrank, and he reached out and pushed Glanna away.

"North!" He quickly pulled up his pants and tied the belt of his pajamas before hurriedly chasing after her.

In the hallway, Raven chased after her.

"North!" Raven stretched out his knuckled fingers and grabbed her slender wrist.

North was forced to stop. She turned around and looked at him with a pair of charming eyes. Then she pointed at the door of room 603 behind her.

"Did you just leave your lover behind? I'm afraid you'll have to coax her after I leave."

Raven had already taken a shower and was not wearing any glasses. He was really a young and handsome man.

Raven was expressionless. He just stared at her with his cold eyes. "Who told you to enter my room without knocking? There are no rules now, right?"

North laughed angrily. "Mr. Raven, are you chasing after me to pin the blame on me? I just tried your password. Your password seems to be my birthday, but, shouldn't you have changed your password at least? It's disgusting."

He used her birthday as a password to disgust her, this was really Raven's style.

Raven stretched out his tongue and licked his dry lips. He changed the topic, and reprimanded unhappily, "In the future, before you enter my room, you have to knock on the door, because there will be women in my room at any time, understood?"

Author's Daily Story.

Alpha pursed his thin lips, "This is your idea. I didn't promise you."

After he finished speaking, he let go of her. "Go out, I still have a meeting." At this moment, the door of the CEO's office was suddenly pushed open. Aiden walked over with a large number of the Augustine Cooperation's top share holders.

Suddenly, people broke in. It was still a large group of people. Annabelle softly shouted, and rushed into Alpha's arms and hid.

Alpha subconsciously wrapped his arms around her waist and tightly covered her in his embrace. Then, he looked at everyone by the door unhappily, "Get out!" he ordered.

The executives of the Augustine cooperation opened their mouths in shock. At this moment, Annabelle's face displayed a little smile.

"Now, everyone is here as a witness, you're mine, Alpha. I am yours, Alpha, in this life, you're mine!"

Chapter 863 Don't Touch Me!

North felt that there was a difficulty in communicating with him, so she could only smirk.

"Oh, I see. I will knock on your room in the future, don't be angry, I'm sorry for disturbing you just now. I'll officially apologize for disturbing you. I'm sorry."

She looked very well-behaved, but Raven felt that she was only pretending to be remorseful.

Raven's knitted brows slowly loosened, "Are you looking for me?"

"Yes, you had left this wallet in Windshire Palace. Now it's back to the original owner. I'm leaving."

But after taking two steps, Raven strode over from behind and grabbed her slender wrist again. This time, North's soft and charming face had cooled down. It was obvious that she was not even interested in socializing with him.

"Mr. Domino, what's the matter with you? Can you make it clear at once?" she asked impatiently. Raven's handsome and gentle face also turned cold, and his whole body exuded a bit of cold air. "North, where's the photo in my wallet, did you take it away?"

o me."

"Yeah, that's my photo. It's been with you for many years. It's time for you to return it to

Raven pursed his thin lips into a cold arc. "The photo is not yours, but mine, North, return the photo to me!"

North looked at him seriously, as if the picture was his treasure. Before she came, she was quite moved, but now, she only felt sick to her stomach.

"I lost the photo."

"Impossible, I'll say it again, North, return the photo to me. Be obedient!"

"Mr. Domino, don't you understand English? The photo is not on me. I lost it... Ah!" Before North could finish her words, Raven dragged her away.

His pace was very fast, and North stumbled behind him. His fingers tugged on her wrist. Her skin was so delicate her wrist instantly reddened.

North was struggling, "Raven, let me go, you're hurting me..."

Hearing her cry of pain, Raven paused for a while. After all, she was the person who had been at the

top of his heart since he was a child, and also raised very tenderly by him.

He turned around and looked at her with his cold eyes. "It hurts, just bear it for me."

North wanted to take off her high heels and hit him on the head.

At this time, he reached out and pushed open the door of room 603.

He actually brought her back.

North was very resistant to this room. She turned around and wanted to leave, but she was imprisoned in his palm, as he dragged her.

Raven opened the door loudly with a loud bang. Glanna was still inside, she was so frightened, she jumped off the sofa and stood up.

"President Raven... Glanna looked at Raven in a daze, then at North.

Glanna, who recently became popular, was even nicknamed, Little North'.

Because of the title, she also successfully won the cover of one of the top five gold magazines, becoming the first celebrity to achieve that at such short time of fame.

Just now, North suddenly broke into the room, and Gianna was shocked, because it had not been long before she became popular, and she had not had the chance to personally meet North.

Now that she saw the famous North, and also saw that Raven was holding on to her hand, Gianna froze shockingly.

Raven looked at Gianna indifferently, "Get out!" he ordered.

He told Gianna to get out.

Gianna's entire body trembled. She swiftly left the sofa, and ran away, but she stood by the door, and didn't leave the room..

Raven dragged North and threw North onto the sofa.

North felt dizzy. When she fell into the soft and high-end sofa, her sensitive nerves seemed to be stabbed, and her whole body was about to bounce.

“Let me go, Raven, let me go, I don’t want to be here, it’s so dirty!”

The scene she saw a while ago clearly surfaced in her mind. Gianna was kneeling to serve him. She was dirty!

Raven controlled her and did not let her stand up. “North, don’t move!”

“I don’t want to be here. It’s so dirty. This sofa is dirty.”

Raven knew what she cared about. He casually pulled his black coat and placed it on the sofa. Then, he picked her up and placed her on his coat.

“It’s not dirty anymore, is it?”

North’s face was pale, and she was still struggling. She did not want to touch the sofa, nor did she want to touch his coat. “Your coat is dirty. You are dirty. Let me go and don’t touch me!”

On the side, Gianna was stunned. She remembered who Raven was, he was richest man in Los Angeles, a business boss who covered the sky with one hand, and was indifferent.

When she was with him, she always tried her best to please him and cater for him.

But who was the man in front of her?

He actually pulled his black coat and put it under North’s buttocks.

Hearing her say that he was dirty, Raven’s heroic eyebrows sank, “Where am I dirty?”

“Aren’t you dirty? Someone was eating you out. Don’t you think it’s dirty?”

North retorted.

Raven’s handsome face was very ugly. After a few seconds of silence, he reached out and picked North up and sent her directly to the big soft bed in the room.

North wanted to get up when she touched the bed sheet, but Raven pressed his hand on her smooth shoulders, not allowing her to move,

“Okay, don’t make trouble.”

North did not move and slowly became quiet.

But after a few seconds, she shook off his hand, “Stay away from me, don’t touch me, you smell bad!” When Rayen saw her frown, he really disliked it.

He was afraid that she would vomit, so he turned around and went into the bathroom to take a shower first.

At this moment, he looked at Glanna by the door. His eyes were cold and indifferent, as if she was not the person who pleased him just now.

“Have you seen enough? Do you want me to invite someone to carry you away?”

Chapter 864 I Want To Search.

Hearing his harsh words, Gianna felt her scalp tingle as she turned around and left.

As she was about leaving the room, Raven's cold and indifferent voice came from behind, "Watch your mouth, be careful not to let this come out of your mouth."

Gianna's pupils shrank and she quickly walked away.

Raven went into the bathroom to take a shower. North sat on the bed and did not run away.

Raven's eyes fell on North. She obediently hugged her knees and sat on the bed. Her beauty was so unreal.

Raven was reluctant to look away. During this time, he had dated many women, all of them young and beautiful, but he had to admit that those women were not as beautiful as hers.

After so many years, his heart was still moved when he saw her.

"What are you thinking about?" Raven walked over and asked.

North raised her head. "Did you atleast use a condom?"

Raven looked at her with his handsome eyelids. He was against the light, so the expression on his face could not be seen.

"North, I let you go, hence, you shouldn't ask me these private questions anymore. No matter which woman I'm with and what step I take, you have to act like you don't care. Your violent reaction will give me the illusion that you still care about me."

He had let her go, although it was very hard. He didn't want her to give him any hope, otherwise, he would not be able to control himself.

North looked at him and suddenly laughed.

Raven frowned, "What are you laughing at?"

"Nothing." Although she was smiling, the smile didn't seem genuine.

"Mr. Domino, don't think too much. I asked if you were wearing a condom, because I wanted to remind you that its easy to get pregnant if you don't wear a condom. Yes, maybe one day, Mr. Domino will become a father."

"No way," Raven replied.

Recently, he changed women like he changed his clothes. He was just trying to be with other women.

People said that women were just a fish. Whether it was steamed, braised, or stewed, it was all the same. He also wanted to prove that he did not need her.

But he had not touched the women before Gianna, because they were boring.

Glanna's dismissal was delayed because of Elvis's matter. She was indeed the one who had been with him the longest.

The reason why he had allowed Glanna please him, was because his mind was filled with North's lustrous body. He had not seen her for a long time, and he could not stand the stimulation.

North's smile did not disappear. She knew that Savannah was very accurate. This man, Raven, was indeed very lustful.

Therefore, it was normal for him to be unable to control his lower body.

After all, he was a normal man

Chapter 84 Ward To Search.

"Mr. Domino, I can't emphasis on this. Your might be very fertile. Who knows, you might have a child the next time you have sex without protection."

Otherwise, how could she have become pregnant when she was eighteen years old? They had done it just once.

Raven felt that she was obsessed with pregnancy. He didn't know why.

"I won't let those women become pregnant. I don't like children, and I won't have children in the future."

Raven was telling the truth. He really didn't like children.

North slowly got out of bed and came to Raven's side. She looked at him, then raised her hand and slapped his handsome face.

A crisp slap sounded, and Raven was directly slapped across the face.

North's slap was so hard that her palms went numb.

Since he didn't want children, why didn't she wear a condom back then?

At that age, she was naive, but he wasn't.

"I'm leaving." North retracted her hand, then, she turned around and left.

However, she didn't make it to the door Raven would not let her go so easily. He grabbed her slender wrist, and then pulled her delicate body directly into his arms.

"Why did you hit me?" His big palm landed on her waist and he secretly

pinched her.

North struggled, his gloomy breath brushed against her face, and his scorching body temperature was gradually rising. This gentle and abstinent man was very dark within. When he was angry, he was busy with work. He had a strong sexual desire and wanted to vent on the bed.

Moreover, he really took advantage of her when he got the chance.

"I'll hit you if I want to. Do I still need a reason?" North looked up at him.

Raven took a deep breath and locked her slender waist with his big palm.

North quickly frowned in pain, "I'm sorry, Mr. Domino, I was wrong. You already found a new love. I've lost your favor. I won't dare to be so presumptuous in the future. You can let me go now."

North said that she wouldn't dare to be presumptuous anymore. He saw that no one was more presumptuous than her.

"Give me the photo and I'll let you go." Raven pursed his lips.

"I don't have it."

In the next second, Raven raised his palm and pulled her sweater.

Today, North wore a white sweater with a navy collar and a floral skirt with suspenders. It was simple, fashionable and pretty. He actually wanted to take off her sweater.

"Raven, what are you doing?"

"What do you think I'm doing? If you don't want to return the photo to me, then I can only search you!"

North couldn't believe her ears. "Raven, you brought me into your room just to search me? You're just using the photo as a mean to check my body! How hungry are you!"

Chapter 865 How Much?

Raven wanted to deny it!

However, he had been eyeing North for a long time. Over the years, he had raised her by his side and coveted her day and night. His desire for her grew wildly.

He was really aroused by her today, so he went on to give Glanna a chance. Who would have thought that she would actually barge in again and say that he was dirty.

He didn't understand the reason why she was concerned with his morality, didn't he let her go?

Withal, she actually came back.

Now, she still asked him if he was so hungry?

Raven used his fingers to easily clasp her wrist that was moving around.

Then, he moved eagerly and rudely to lay on her sweater. He panted,

“North, I’m not hungry. Do you have any thoughts in your mind?”

“Raven, let me go. I already know my mistake. If I admit my mistake, I will help you call that Gianna back.”

“It’s useless. When you’re not around, they can be useful. Once you come back, they’re worthless.” Raven replied in a low voice.

turas not as

Those women were not as beautiful as North, and their good as North’s.

There was a natural gap between the strength of a man and a woman.

Even though North struggled in every possible way, her body soon felt cold and he had already taken off her sweater.

Her back knee hit the edge of the bed, and she fell directly into the soft bed.

Raven looked at her. He still didn’t know that she was wearing a floral dress with suspenders. There were small flower designs on the black dress. It was not a bright color, but it was advanced c

When North fell down, her hair was scattered. With her delicate skin as white as silk, she collapsed onto his big bed, causing Raven’s pupils to shrink.

North suddenly fell down and felt a little dizzy. At this moment, her vision went dark. Raven had one knee on the bed, already condescendingly above her.

Raven looked at her. His cold eyes were already stained with lust. He just stared at her like a ferocious beast, who was staring at his delicious food. Maybe in the next second, he would pounce on her.

North’s heart skipped a beat. “Raven, you’ve already searched me. I only have a skirt on me. I can’t hide the photo in my skirt. You can let me go now.”

Raven did not move. His long and beautiful body trapped her under him. His bulging throat rolled up and down twice.

“I need to search everywhere.” he insisted.

North laughed in anger. She raised her eyebrows, and her naturally charming eyes revealed a faint, charming aura, “So, President Domino wants to use the photo as the means to undress me. Is that it?”

North tilted her head as she spoke, "But there's still...underwear and panties under the skirt. It looks like President Domino wants to take off all of these too."

Raven felt speechless. For the first time, he felt that a woman's beauty was the originator of sin

Chapter 665 How Much?

"If you give me the photo back..."

"Mr. Domino," North interrupted him, "It's already time, what are you talking about? North laid flat on her back and allowed him handle the situation the way he wanted.

Raven stared at her, then he raised his hand and brushed the shoulder strap to her side. Soon, he felt that the body under his finger had slowly stiffened, like an ice-cold stone. Raven paused and asked in a low voice, "North, you still can't accept a man?"

North looked at the dazzling crystal chandelier. "Can I accept that a man can be cruel like a beast? If that's what you mean, I can accept it."

Raven didn't take any further action.

North suddenly realized that he had become quiet. She looked at him and saw that although he did not continue to search and invade her, he was now staring at her chest.

He had brushed off the shoulder strap on one side of her shoulder. Her massive chest was spotless and glowy.

Raven was truly despicable and vile!

North quickly reached out and brushed her shoulder.

"What are you looking at, Mr. Domino, haven't you seen a woman's chest before? For someone as generous as you, you should see as many chests as you want per day."

Raven's cold eyes, which were stained with scarlet lust, fell on North's charming little face. He casually asked, "How much?"

"What?" North did not understand for a moment.

Raven reached out and gently patted her soft white face. "I'm not interested in other women, I just want to see yours, I'll give you the money, you'll show me. Tell me, how much money do you want?"

North's pupils shrank. "Raven, I would like to advise you. Many people hate you now. You still need to watch your back!"

Raven laughed, "I've never heard of that."

North was so angry that she raised her hand and slapped his abominable

handsome face

But this time, the slap didn't reach his face, because Raven intercepted her slender wrist mid-air and pressed it directly on the bed. The tip of his tongue touched her right cheek

"Let me do the touching." he muttered.

This I unatic!

North kicked him and struggled with all her strength, "Raven, let me go!"

She bit on his handsome shoulder.

Raven was in pain. Her sharp teeth had penetrated the fabric and bit his flesh, and some beads of blood seeped out.

His handsome eyelids twitched. He couldn't help it. His big palm reached for her chest.

Author's Daily Story.

After they parted ways in the CEO's office, Alpha's life returned to normal. He stayed at the company for dinner that day and walked to the dining room with his secretary.

From a distance, he could see Annabelle. The girl was standing in the dining room. She was wearing a white dress and was holding a colorful lollipop.

"Wow, isn't that little boss?" Since they heard Annabelle declare in public that Alpha was hers, they automatically tagged Annabelle as little boss. Alpha's gloomy and narrow eyes quickly drifted towards the senior management team.

But soon, Alpha looked away again. He did not reprimand or stop his senior management team.

As a result, Alpha was declared as Annabelle's man.
