### The Substitute Bride Doted by My Billionaire Husband Chapter 871

Chapter 871 You Can't Be Compared With Her.

North suddenly fell.

The entire audience gasped.

Liliana was startled, but it was not because she was nervous about North, North on the stage was breathtaking, and Liliana was already jealous, She was startled because Raven suddenly moved. He had been watching North dance quietly throughout the entire process. The moment North fell, he moved almost at the same time. It gave the illusion that he wanted to immediately rush to the stage.

However, the moment North fell on the stage, she started to kneel and dance. Then, she stood leaped into the air.

"Okay!" Randy, who sat beside Raven, couldn't help but pat the handle of his seat and exclaimed, "North is really suitable for this movie. I think I chose the perfect actor for the role!" the manager exclaimed happily. and

Randy looked at Liliana again, he smiled and only shook his head, "Miss Liliana, you will never be able to compare with North. North was born with acting skills. Do you want to become North? Just wait till your next life, then you reincarnate and become her."

Liliana was inexplicably stepped on. What did she do wrong?

Liliana was so angry that she sat quietly, and didn't utter a single word.

North danced to a climax and then withdrew. She handed the stage over to Olive. She returned to the backstage lounge, sat in front of the dresser, lowered her waist, and lifted her leg up. Her right foot was injured.

Just now, she was immersed in her own world, and she really fell, but she had a good foundation in dancing and Olive had a good understanding with her, so she covered it up.

Now, her slender ankle was red and it was still aching. North couldn't stand pain the most, so she lightly frowned.

She took out her phone and called her assistant, Jones, asking her to send some medicine.

But at this moment, there was a knock on the door.

Someone was knocking on the door.

Who could it be?

North put down her leg and walked over to open the door of the lounge. A tall and beautiful figure stood outside the door. It was Raven.

North's charming eyes landed on his handsome face, and her red lips hooked, "Mr. Domino, why are you here?"

Raven was carrying a small medicine kit in her hand, and his eyes fell on her leg. "Your ankle is sprained. Show me, I'll help you treat it."

North's densely combed eyelashes trembled. Just now, she had perfectly deceived everyone, but she could not hide it from him. He could see that she was injured.

Raven grabbed the medicine kit and wanted to go in, but North did not move.

Raven's footsteps paused. His cold eyes fell on her soft and bright little face. He frowned slightly,

"What are you thinking about? Does it hurt?"

North raised her small white hand and tucked a strand of hair behind her ear.

"Mr. Domino, you don't have to do these things yourself. Call a doctor over here. They will do better than you."

Raven glanced at her, then he directly stretched out his big palm and clasped her slender wrist, as he pulled her out.

North was caught off guard and fell forward. At this moment, Raven stretched out his strong arm and wrapped around her slender waist.

"Then I won't go in, you can come out, okay?"

With that, he lowered his handsome body and squatted on one knee in front of her. Then, he reached out and gently grasped her injured right ankle.

Seeing her dancing on such high stilettos, he flipped his fingers and flexibly untied the crystal chain from her ankle.

He gently helped her take off her crystal high heels, then placed her cool feet in his palms and began to examine her swollen ankles.

North did not struggle anymore. If she struggled at this time, it would be very hypocritical. Moreover, it was herself who was hurting.

She lowered her eyes and looked at the man in front of her. He treated her injury smoothly. After all, he had done it to her many times before.

Olive was right. It wasn't her fault that she fell in love with him. What kind of girl would not be tempted by such a handsome, powerful, rich, considerate and domineering man?

North raised her eyebrows and smiled, "Mr. Domino, why are you always so skilled in your movements? Whether it's unbuttoning a woman's underwear or taking off a woman's high heels, you're so handy."

North felt that Raven was really not innocent at all. Other men seemed to be in a hurry when they encountered the cumbersome bullions on women's clothes. But him, he did it slowly.

Raven grabbed her ankle earnestly and attentively, and helped her to apply the medication

"Will you be satisfied with my answer?' he asked.

North was speechless for a moment, "Mr. Domino, do I need to remind you that you have a girlfriend now. If you use your gentleness and thoughtfulness on your girlfriend, you will be a caring and nice man."

Raven took care of her ankle and stood up. He shoved the two crystal high heels into her hands. His eyes fell on her mouth that was still talking,

"Isn't it enough? Can you talk to me slowly?"

"Are you interested in adultery now?"

"You're interested, and you don't seem to have the strength to resist now..." Raven added.

But North reached out, and directly slammed the door shut.

Alpha didn't like sugary things. He had never eaten a lollipop when he grew up. Hence, he frowned.

"Isn't it sweet?" Annabelle reached out and took the lollipop away from his mouth. Then, she stretched out her tongue and licked the lollipop, "It's very sweet."

It was the lollipop he had just licked. Alpha remembered that it was called an indirect kiss.

He glanced at her lips and quickly looked away. After all, she was too young, and she had to wait for some years.

"Let me go! Give me a moment!" At this moment, someone rushed over in a hurry.

Alpha quickly reached out and pulled Annabelle into his embrace.

This was the first time he had taken the initiative to hug her.

Annabelle looked at him with her pair of almond eyes and smiled, "Alpha, this is our first real hug." Alpha's hand fell on her waist.

Chapter 872

Raven stood outside the door.

With one hand in his trousers pocket, he lightly raised his thin lips, and a bit of softness overflowed from his cold eyes, "North."

He called her name from outside the door.

No one answered.

"North. I'm leaving."

There was still no response from inside.

Raven turned around and left.

After Raven left, a figure came out of the dark. It was Liliana.

The dance was not over yet. When North left the stage, Raven immediately followed. Liliana couldn't sit still, so she also came out.

She had seen everything that had happened just now. She had seen Raven squatting down on one knee in front of North. The scene was shocking. North was wearing a black dress with suspenders against the

wall.

Liliana was so jealous. Only now did she realize that Raven and North's relationship was deeper than just siblings.

That night, she knelt on the sofa to please him. His eyes were scarlet and hot, as if he was looking at another person. Now, Liliana knew that that person was North.

Liliana did not understand. They were not biological siblings. If he really wanted her, North could be his.

Liliana did not understand why he wanted to keep North by his side and would rather look for a substitute than touch her?

Liliana did not understand why North wouldn't let him touch her, and why was she wasn't willing to allow him touch her?

North went out and went to the bathroom.

She stood in front of the washstand and patted her face with cold water. At this moment, the door behind her opened with a click and someone came in.

North looked up. She saw through the mirror that it was Liliana who was angry and jealous. There was no expression on North's charming face. She turned off the faucet and then took out a tissue to wipe the water droplets off her hands.

Liliana stared at North carefully. North's beautiful face was often seen in TV, movies, newspapers and magazines. And wherever she appeared, she was accompanied by screams of excited fans. North would always wear makeup, but at this time, North was not wearing any makeup. North's skin was clear and greasy. Her facial features were soft and dazzling, especially those eyes. that were naturally charming and seductive. North paid great attention to maintenance. Every strand of her hair down to her toes was exquisite.

Liliana looked at North's figure again. This was the lady that was recognized as a golden figure in the entertainment industry.

1742.04

North, who was privately called a 'stunner' by the executives, was really elegant, her chest was shiny and undulating, and her buttocks were so pretty. Her small waist was as thin as the mouth of a porcelain vase, making men feel the urge to grab it.

Liliana felt that she was wrong. She shouldn't have looked at her.

Huge jealousy spread across her chest. Liliana's two hands were already tightly drawn into fists. She stared at North resentfully, but North didn't spare her any attention.

Liliana finally said. "North, do you know who I am? My name is Liliana, and I'm Raven's current girlfriend!"

North dried her hands and threw the tissue into the trash. She raised her eyes and looked at Liliana casually, "So?"

"So, stay away from Raven in the future?"

Hearing this. North slowly took two steps forward and came to Liliana's side. She curved her red lips into a lazy arc. "Does Raven knows that you're here barking like a dog?"

Liliana froze, as if she had just been hit by a force.

After that night, he just sent his secretary to send her the diamond necklace, and then, he brought her to Windshire Palace. He didn't even say anything to her.

Liliana's arrogance was instantly reduced by half, and at the same time, she was a little scared. However, her jealousy quickly overwhelmed her reasoning. Liliana pulled her fist and said. "North, don't think that I don't know about the relationship between you and Raven. Raven is your adopted brother. But you two have a secret relationship. Believe it or not. I'll expose this to the media, then you'll be cancelled!"

Liliana was threatening North. After all. North was a big star, who had her own traffic.

North's face was devoid of any expression. She furrowed her eyebrows with interest. "Then go, go now. I'll wait here."

Liliana felt that North was really not afraid. Of course, she did not dare, she did not want to die. "Liliana, if I were you, I wouldn't have rushed over and told me that you are Raven's girlfriend. You should spend your time with Raven and let Raven bring you to me. He should be the one to personally tell me that you're his girlfriend. In such case, I wouldn't think you're pathetic and ridiculous."

Liliana's beautiful face instantly turned pale.

At this moment, North straightened her dress, "Do enjoy the rest of your day."

With that, North left

In this battle, Liliana had enough strength, but her fist smashed into the cotton. North felt no pain at all.

Liliana felt that she had a sense of crisis now. As long as North was around, she might be abandoned at any time.

Ever since she got together with Raven, she had been in and out of the upper class every day. Liliana looked at North's disappearing figure and showed a resentful expression

North returned to her room. She wanted to take a rose milk bath. Because she was allergic to certain pollen, she designated a rose and Miss Jones went to get it.

11:53

However, Miss Jones returned empty-handed.

North took a metal clip and casually clipped her curly hair. "Miss Jones, what's the matter with you? It looks like you didn't get the flower. Did someone make you angry?"

Miss Jones sat on the chair and said angrily, "North, who else can you think of? Isn't it president Domino's new love, Liliana? When she saw me going to get the roses, she came over and grabbed them."

"Why didn't you grab them back?" North laughed..

Miss Jones walked over and tapped on North's forehead, "You're still in the mood to joke, that girl, Liliana or Gianna, whatever her name is, she said that she likes this kind of roses, and she wants to take a bath with President Raven in the evening. Immediately she said that, those staff immediately gave her all the flowers."

Chapter 873 Who Allowed You?

Miss Jones was angry when she thought of the unprofessional attitude of the staff.

She was about paying for the flowers, when Liliana walked in front of her arrogantly.

Miss Jones had been in the entertainment industry for so many years. As soon as North debuted, she was assigned by Raven to be North's manager.

Miss Jones, who had never lost in a fight for resources and endorsement, actually lost to a rookie. She felt that she had been greatly humiliated.

The reason Liliana was given the flowers, was because she said that she wanted to take a bath with Raven. And Miss Jones couldn't tell the staff that she wanted taking a bath with North, as this would convey the wrong message.

In short, Miss Jones was very angry.

North shuddered when she heard Miss Jones's narration.

But she quickly said. "Forget it, Miss Jones, there's no need to be angry. I won't be taking a rose bath tonight."

"Really? After all my effort?" Miss Jones sighed unhappily.

North did not say anything.

"North, Mr. Domino... You really don't want him anymore? You need to think about it clearly. If you don't want Mr. Domino, other women will. And even if we don't want something, it shouldn't be gotten so easily by other women. Miss Jones added.

North still did not utter a word.

"North, where did that little Liliana come from? You've already become kind enough to let her ride on your head to make a fortune? The North I know has not yet had a real opponent. As long as you are willing, you can make that girl disappear immediately, but you kept her to make things worse for you."

North raised her head and her charming eyes fell on Miss Jones's face.

"Miss Jones, are you from me or for Raven? Did he tell you to say that?"

Miss Jones laughed. She knew that North knew everything, but she hadn't done anything yet. She probably didn't think about it.

"North, believe me, I'm on your side because I feel that I'll make more money with you. I wasn't paid to say what I just said. It's all from my heart, I swear."

'There's a saying, that men are born to conquer the world, and women are born to subdue men. You can turn him into an arrow in your hand. Of course, i know it's a little difficult for you, because you still love him.

"North, think about it carefully. At least, clean up the bi tches around Mr. Domino first. I don't want to see them hovering around him. It's really a headache."

With that, Miss Jones left.

North was alone in the room. She stood up and walked to the window. She slowly reached out and wrapped her arms around herself.

In another room, Raven stood in front of the window and tugged at the tie around his neck. At this moment, the private secretary asked from behind.

"CEO, when are we leaving?"

Raven was expressionless. "Is there anything going on with North?"

“No, I haven’t heard about Miss North’s flight yet. Miss Hart is still here. Miss North estimates that she will spend a few more days. The private secretary informed.

“Then don’t leave, wait for two days. There are many people here and it’s very noisy...” Raven did not say anything else, but the private secretary knew that his CEO would definitely be worried about leaving Miss North amongst these men.

“Mr. Domino!” At this moment, Liliana called out delicately, and directly hugged Raven’s waist from behind.

The private secretary quickly withdrew.

Now the tie was hanging loosely around his neck, Raven unbuttoned his shirt sleeve with his handsome eyelids down. He did not look at Liliana, and he said indifferently. “What’s wrong?”

“Mr. Domino,” Liliana’s restless little hand slowly climbed up his chest.

The atmosphere in the room quickly became ambiguous.

At this moment, Raven turned around and stared at her with cold eyes.

“Take your hands back, I’m not in the mood today, you can go leave first.”

Liliana’s restless little hand froze in the air. He actually rejected her.

“What, didn’t you understand me?” Raven raised an eyebrow.

Liliana looked at his ruthless and indifferent expression.

Liliana, who had just grabbed the roses, and had planned to really have a rose bath with Raven.

“Mr. Domino, I... Liliana wanted to fight for herself.

However, Raven’s eyes darkened as he looked at her casually.

Liliana’s scalp went numb. She already felt that he had lost all patience with her, so she endured the disappointment and grievance, and turned around and walked out.

At this moment, Raven’s phone vibrated, and indicated a message.

Raven had a social media account, but he was rarely online.

North had not contacted him for a long time.

Raven took out his phone from his trousers pocket.

Raven clicked on the video.

Immediately Liliana walked to the door, she heard her voice.

“North, don’t think that I don’t know about the relationship between you and Raven. Raven is your adopted brother. But you two have a secret relationship. Believe it or not, I’ll expose this to the media, then you’ll be cancelled!” her voice sounded.

Liliana’s eyes narrowed. She confronted North in the bathroom. North actually recorded it and even forwarded it to Raven!

North was really... ruthless!

Liliana stiffly turned around, and in the next second, she saw the tall and handsome Raven standing in front of the window.

Liliana's face instantly turned pale. "President Domino, listen to my explanation..."

Raven placed one hand in his trousers pocket. He stood against the light with a very indifferent expression on his face. "Do you know my relationship with North?"

"1..."

"Now that you know about our relationship, who gave you the courage to confront her?"

"..." Liliana couldn't find her voice.

Raven suddenly laughed hoarsely. "I thought you were smart, but I didn't expect you to be stupid like a pig. I'm the one that's going after her, and not the other way round."

"Also, who gave you the audacity to scold her? I have never scolded her before, what gave you the confidence to do so?"

## Chapter 874 Can I Send You Diamonds?

Liliana stared Raven horrifyingly.

Raven calmly said, "I'll let you stop your work first, then you can reflect on yourself."

Liliana gasped.

Was he going to have her replaced?

"Mr. Domina, don't! Listen to me, I just like you too much. I admit. I'm jealous. I'm jealous. Please give me another chance. This time, I will be obedient. I won't dare to provoke North anymore..." Liliana begged with a pale face.

Raven's eyes were gloomy and terrifying.

"When you knew what my relationship with North was, you should have known that everything you have now is because of her, North in my hands, and you guys are just ants."

He said that North was in his hands, and she and other women were all ants.

Liliana's legs softened and she slumped on the ground.

Raven indifferently retracted his gaze.

With a beep, another message from North came in.

“How did you teach her a lesson? On bed? she inquired.

Raven stared at her last sentence, and in the next second, he laughed.

Liliana quickly raised her head. She did not know why the gloomy and cold man had suddenly laughed.

Raven was still standing in front of the window. His tie was loosely hanging around his neck. He seemed to feel hot.

There was an expensive dark red chair by the window. He rested his hips on the chair handle and stretched forward his long legs. His handsome eyelids drooped, as he typed a reply.

He was in a really good mood. There was a smile on his face, but Liliana felt that his smile was a little rude.

“Are you sure you want to talk to me about these late-night adult topics? his message read.

North did not reply.

Raven smirked. This time, she really took the initiative. She came to flirt with him, but it was also her who was ignoring him now.

She always had a way to hook him up, and he would not let her go.

Raven sent mother message, “I was wrong..

This time, North’s reply came in, “What did you do wrong?” she asked.

Raven really didn’t know what he did wrong, but if she ignored him, then he must have made a mistake.

“If you say I’m wrong, then I’m wrong.” Raven responded.

“Is Liliana better on bed than the other women that you’ve had?”

Raven looked at the message, and his bulging throat rolled up and down.

Before he replied, North’s message came again,

The Suburinn Brida

“Otherwise, why didn’t you let her disappear?”

In the past, Raven would let anyone disappear immediately if they provoked her, but for Liliana, he just suspended her work.

He did prefer Liliana.

Facing her accusation, Raven raised an eyebrow. He did not reply, because...he did not intend to make Liliana disappear.

Liliana would continue to stay by his side.

At this moment, North's message came in again, "You sent Liliana diamond jewelries, but you never sent me.

Raven's cold eyes suddenly lit up. He swiftly typed a reply, "Can I send you diamond jewelries?"

Raven was particularly generous, but he had never given North any jewelry.

Because jewelry and diamonds were given to women by their men. North in the next room knew this. She had been in the entertainment industry for several years and understood everything. In fact, the relationship between a man and a woman was transactional.

When a man gives a woman jewelry and diamonds, the woman must give it back physically.

Raven had not sent her any jewelry or diamonds yet, because he and she were not officially an item.

North put down her phone and did not reply.

But soon there was a knock on the door, and there was someone outside.

North raised her head and looked at the tightly closed door.

She did not open the door, and the person outside was not in a hurry.

Instead, the knock on the door continued patiently.

North knew that it was Raven.

This is probably what Miss Jones said. She flirted with him a little, and he ran over.

She knew that once she opened the door, there was no turning back.

It was indeed Raven who was knocking on the door, but North did not open it.

He knocked for a long time, but there was no response..

She did not want to open the door.

Raven stood outside the door for a while, then turned around and left.

In the next second, the door behind him opened.

Author's Daily Story.

Her team of more than thirty people surrounded her, and she made a wish before everyone. She only had one wish, and that was to marry Marvin, and then give Alpha a son, a son like Marvin.

At this moment, someone screamed, "Wow, CEO Augustine is here!"

Annabelle looked up in the flickering candlelight. Alpha had already come to her side.

Chapter 875 How much money do you want?

Raven paused for a moment, then turned around. The door was only slightly open. North was standing inside, her captivating eyes looking at him.

She changed her black two-piece dress and is now wearing a red nightgown. Red is a difficult color to control. In general, women who can't control themselves look very disheveled, but North makes it look perfect. The light red color makes her skin whiter and more attractive. Now her lazy curly hair fell over her shoulders, and she stood in the doorway on her bare feet, looking at him with her wet eyes... just like a little fairy..

Raven walked over, his tall body was in front of her, he curled his thin lips and smiled: "I thought you wouldn't open the door for me."

North looked at him and asked, "Mr. Dominos, what do you need from me?"

Raven opened his palms: "This is for you."

It was an... anklet.

The thin platinum bracelet is studded with fine diamonds. During movement, the diamonds sparkle brilliantl

North's eyesight is very good, she can also see the letters N, O, R. T, and H engraved on the diamond.

North is her name.

He gave her a diamond anklet with her name engraved on it.

North's thick eyelashes trembled as she looked at him. She asked, "When did you buy this ankler?"

Surely he bought it a long time ago. Otherwise, he wouldn't be able to engrave her name in such a short time.

Raven looked at her deeply and said hoarsely: "I bought it when you were 18. It was originally your 18th birthday present."

When she was 18 years old, before he could send her a birthday gift, he painfully forced her to become his own woman.

Speaking of 18 years old, North hid all emotions in her eyes, just raised her eyebrows, and looked at him cutely. She asked, "You wanted to give me this when I turned 18. Raven, are you a pervert?"

Even though she was 18 years old, she was still just a little girl.

When a man gives a girl an anklet, it smells... of sex, as if she is his private pet in captivity. It's perverted!

The scolded Raven just smirked, looking like a polite scum, kneeling down on one knee and putting the anklet on her slender ankle.

He has a very good eye for her. She is cold and jade-like, and this anklet hanging on her ankle makes her even more beautiful.

Raven stood up straight, hearing North thank him: "Mr. Dominos, thank you. It's late now. I'm going to bed. Please rest early."

Having finished speaking, she wanted to close the door.

But she couldn't close the door, because Raven's large hand held it. The champagne-colored light in the hallway was gentle, but his eyes were hot. He asked, "North, when did you think I was so good?"

North knew this man was a businessman. He gave her jewelry and diamonds and then asked for

www

something back.

"Aren't you going to take a rose water bath with Liliana?" North asked.

Raven asked back: "What?"

North looked at his expression and guessed that he and Liliana still hadn't slept together. He was neatly dressed and there was no woman's scent on him at all.

"Rose water bath? Do you like bathing? Do you want... me to bathe with you?" Raven laughed hoarsely.

"...Mr. Dominos, you told the dirty jokes you wanted. I had a sexy conversation with you. So can I come in and take a shower and sleep?"

Raven still leaned against the door, his tall body blocking her door, his thin lips curled up in an evil curve. "North, I give you jewelry and diamonds and you just talk to me for a moment. You're really expensive."

North blinked her eyes innocently, "Mr. Dominos, you probably don't know

my market price. Some people spent 3 million just to meet me, some people spent 7 million to treat me to a meal. As for jewels and diamonds, many people want to give them to me. They all begged me to accept. I just need to consider who to accept. So Mr. Dominos, now I hear your dirty talk Jewelry and diamonds have also been collected, who do you think will benefit?"

North looked at him innocently, meaning. "Mr. Dominos, I gave you the price of friendship." Raven curled his thin lips, and his long and narrow eyes widened, exuding the charm of a grown man, "How much money do you need?"

He asked how much money she needed.

North hesitated and asked: "What?"

Raven took a step forward, using his tall body to approach her, using a voice that only the two of them could hear: "Didn't you talk about money with me? Talking about money is easy. How much money do you need to be my little mistress?"

North didn't expect him to actually say that. That's right. Raven, the richest person in Los Angeles now, has the most money.

North raised her hand to tuck her hair behind her ear, "Mr. Dominos, you are really rich. I just want to place an individual order, but you want a monthly subscription... No, an annual subscription? Mr. Dominos, don't worry. I'm really expensive. I'm afraid this tent is so warm that you can't stand the short spring night."

The smile in Raven's eyes deepened, "Don't worry about my wallet. I will work hard to make money in the future."

"But I'm afraid you'll lose."

"Then while I'm working hard to make money, I'll double down... and sleep with you until I make enough money."

North was speechless. She knew she met her match. When it comes to negotiating, Mr. Dominos is an extremely flexible person.

She said nothing. Raven stared at her soft, seductive hand-sized face. He looked at this small face for more than ten years, only feeling it more and more beautiful. He raised his hand and put his long fingers to touch her small, soft, and white face.

His fingers slid down. Raven couldn't help but rub twice, then his thumb slowly placed on her beautiful red lips.

He caressed her red lips. North knew that even though he didn't say it, he

wanted to kiss her. She looked at him, slowly opened her red lips, and used her small tongue to lick his thumb. Raven's tight waist and abs quickly became numb.

At this moment, she opened her mouth, sucking his thumb into her mouth.. Raven's cold eyes were immediately covered with a layer of bright red, but North quickly let go of him. She said, "Mr. Dominos, is that enough to pay for the diamond bracelet you gave me?"

His throat was as hot as coal, a layer of lava fire flashing in his eyes. He looked at her attentively. North raised her lips, smiled charmingly, and said in a low voice: "Mr. Dominos, between me and Liliana, who is better? Who do you like more?"

Although she asked, she had no intention of hearing Raven's answer, so she reached out and closed the door.

Raven received another rejection. Locked outside, he quickly narrowed his beautiful eyes and swallowed hard to suppress the instinctive impulses in his body.

Looking at the closed door in front of him. Raven put one hand in his pocket and turned to leave.
