Chapter 921

Chapter 921 I Lost Myself.

This was probably the first time North had seen Raven that way. Her brother who loved her and protected, just made her feel humiliated and scared, so she wanted to get out of the car.

Raven pulled up to the side of the road.

North reached out and wanted to open the front passenger's door, but he suddenly stretched out his big palm and grabbed her slender wrist. "Are you angry?"

She sulked pitifully and aggrievedly, "I went to a flower shop to learn how to make this. I did this for you. Although many people gave me gifts, I didn't get any. I didn't do anything that you're accusing

me of."

With that, she raised her red eyes and looked at him, "Bro, what's the matter with you today?"

He narrowed his eyes and realized his gaffe. He didn't know what was wrong with him. Maybe she had grown up and made him feel insecure. He was thinking about how she would be snatched away from him by other men.

He knew how dark he was. His father and mother were dark people. With their blood flowing through him, his genes were not good.

The girl in front of him was the daughter of a noble family. Although he had raised her, when he was in a bad mood, he would lose his temper at her and say many unpleasant things.

His gaze fell on her pink neck, and then, his gaze slowly moved down. "The air conditioner isn't on, isn't it hot? Take off your jacket."

He reached out and grabbed the zipper of her school uniform, pulling it down.

"Ah!" she screamed and quickly covered her chest.

She lost her mother a long time ago, and no one personally taught her about girl's development. And there was no way to ask others. Thus, she was very conscious about her body, and did not dare to take off her jacket even if it was hot.

His movements were quick. His fingers hooked on the zipper and he opened it halfway.

He had already seen it.

At that time, he was already an adult. He understood everything. It was not that he was not interested in women. On the contrary, his eyes would occasionally fall on women.

However, his taste was very high, so he hadn't met anyone he liked.

The young North, was extremely frightened.

Raven felt like he had taken advantage of her.

However, he had carefully raised her for so many years, how could he allow others to meddle with her?

She would be his sooner or later.

She quickly pulled the zipper up, then, she shook her head, "I just think that you're acting weird today..."

He sat up straight. "The company has been busy recently, hence the reason I'm not in a good mood. But it won't happen in the future. North, I'll take you to buy some clothes."

He took her to the mall, and when he walked in front of the lingerie counter, he slowly stopped.

North looked at the colorful underwear inside, "Brother, why did you bring me here?"

"North, you've grown up. You need to buy new clothes."

Before North could speak, the clerk walked over and said respectfully, "CEO, you brought Miss North to buy underwear."

He nodded, "I'll be outside. I'll leave it to you."

The clerk quickly nodded, "Okay, sir."

Raven went outside to smoke a cigarette. When he looked back, North just happened to walk out, she was carrying a small bag in her hand.

Later, he saw the little underwear she bought. At that time, she moved in with him. Her underwear that had been scented with softener was hung on the balcony of the villa.

Soon, it was her eighteenth birthday. He threw her a birthday party.

Many friends attended her birthday party, and they brought her some gifts. Among them, there was a mysterious gift from a female cla**mate. Raven took away the gift, and opened it. There was a bra inside.

He looked at the bra and his eyes turned red. He knew that his girl had already grown up.

He couldn't wait any longer.

He had waited too long, all his patience was exhausted, he wanted to take away what originally belonged to him.

That night, on her eighteenth birthday, he made her his woman.

Raven laid on the big bed in the presidential suite. He raised his hand to cover his scarlet eyes. He had longed for her so much over the years. Search The findnOvel.net website to access chapters of novels early and in the highest quality.

Back then, her mother seduced his father and almost destroyed the Domino family. That even caused his mother to lose both of her legs in a car accident. He hated her and abandoned her.

However, later on, he realized that it was fine if he didn't sleep with her. Once he slept with her, he became more addicted to her.

At this moment, there was a beep, indicating another message.

Raven was jilted back to reality. He clicked on the text message and saw Liliana's message, she invited him to her audition the next day.

Raven's handsome facial features was devoid of emotions. His expression was lazy and decadent, and he did not want to respond the message.

But, his phone vibrated yet again, and it was another message from Liliana, "President Augustine, you need to see the beautiful dress I'll be putting on. You must come over." Liliana added with a pleading emoji.

Compared to North's reluctant smile, Liliana was an active worker.

Raven raised his eyebrows and suddenly became interested. He casually replied, "Really? Send a nice picture, let me have a glimpse of what you'll look tomorrow."

A while ago, North didn't send him any picture of herself. But, he was a rich man, and he knew he could see whatever he wanted to see. All he needed to do was ask.

Sure enough, in two seconds, his phone beeped, indicating a photo from Liliana.

Chapter **922** In A Beautiful Dress.

Raven clicked on the photo, and Liliana sent a photo of her on a vacation. In the photo, she was wearing a very sexy bikini and posing in a particularly provocative pose.

Raven glanced at it and quickly frowned. He inexplicably felt annoyed. Moreover, why did he think that Liliana's photo would be better than the photo of the sea that North sent him?

"This photo is very beautiful. Actually, I have many more, so you must come to the crew tomorrow to watch my audition." Liliana's message came in again.

Raven was too lazy to reply Liliana. But soon, he remembered something. Tomorrow, in the first audition of the movie, North would also be present.

Raven drew a playful curve on his thin lips, "I'll be there," he slowly replied Liliana.

Liliana woke **up**. She asked the makeup artist to give her a very beautiful makeup, and then she chose a pink and white dress to wear on her body.

Liliana turned around in front of the mirror a few times. She was young and pretty. She had **a good** figure. The dress perfectly outlined her curves.

When Liliana arrived on the set, she found the director, Ronald.

"Director Ronald, when I'm auditioning later, you can ask the lighting engineer to make the lighting more beautiful. I want to be very beautiful..."

Before Liliana could complete her words, she was interrupted by Director Ronald, "Liliana, we'll talk about your audition later. We're going to audition North now."

With that, Director Ronald left and went to personally inspect the lighting and camera.

“I need the lightings to be perfect, okay?”

“Okay, Director Ronald, we will all do a good job.”

Liliana, who was ignored froze. No one cared about her first audition. Everyone was preparing for North’s audition.

Last night, Raven **had** promised her that he would come to **the** crew. She was so excited that she forgot that North also had an audition today.

Liliana looked at her manager, “Is North also wearing a long dress today?” she asked,

Her manager, Madelyn, nodded, “Yes, and, everyone is excitedly waiting for her appearance today.” Liliana’s hand quickly clenched into a fist. She was jealous and unwilling. Whether in the entertainment industry or the **men’s** circle, she was always crushed by North.

North was the most flamboyant red rose, that she couldn’t compete with.

Liliana felt uneasy **again**, because **Raven** would come over today, and then he would definitely watch North’s audition.

Thinking of North’s **soft** and charming face, and her stunning figure, Liliana felt inferior.

No, she couldn’t let North win smoothly. She had to think of a way!

Liliana’s eyes

Chapter 922 In A Beautiful Dress

North was trying on the makeup. Director Ronald and the producer came over to discussed the details with her.

Miss Jones said, “North is about to play. Water, where’s the water?”

At this moment, a little girl hurriedly ran over with a teacup. “Miss Jones, the water is here.”

“Give it to me.”

Miss Jones reached out to get the cup, but the little girl was so nervous that she spilled the water in the cup.

Miss Jones immediately frowned and stared at the little girl unhappily, "Why are you so fussy when you do things? Besides, I think you're a little awkward. I haven't seen you before. Who brought you in?"

In the past few years, Miss Jones had led North to all her debut. The team under her was all elites and they did things cleanly and neatly.

The little girl couldn't stand Miss Jones's gaze, and her eyes began to drift away with a guilty conscience.

The movement here caught North's attention. North raised her eyes and **glanced** at the little girl, then, **she said**, "Miss Jones, forget it, the audition is about to start, give me the **water**, I'm thirsty."

Miss Jones handed the cup to North.

North started to **drink** water.

The little girl kept staring at North. When she saw that North had drunk all the water in the cup, she secretly heaved **a** sigh of relief.

North started the audition. The first audition **was** for the female lead, Eloise, who was also a talented dancer, and she led the dance on the stage.

When everything was ready, Director Ronald shouted, "Start!"

All the lights hit the stage. Liliana also looked up from the crowd. North's soft and charming figure slowly appeared before her.

Even though she was a woman, Liliana's pupils shrank **and** she instantly held her breath.

North was wearing **a** silk, long dress, but it was not a pretty spring color. It was a dark blue dress. At this moment, the music sounded, and North had begun to dance. Eloise was a talented dancer, who had the ability to dance in any outfit, and that made her stand out.

Eloise was also the most talented and famous dancer in New York.

North glared at the camera and then raised her flaming red lips. She stepped on her thin crystal high

heels and bo pedal to the beat of the music. **Soon**, she began to twist.

North's figure bulged forward and backward. When she twisted, her body giggled.

At this moment, North was Eloise and Eloise was North. At this point, North intoxicated herself with the music.

"Good! Good! **Good!**" Director Ronald couldn't help but exclaim.

Liliana turned her head and saw that Director Ronald slapped his thigh and stood up excitedly. He looked at North under the **light** and mumbled, "Perfect! This **is** really perfect!"

Director Ronald **had** a deep love for art. The **female** stars who have acted in his films were all regarded **as** his family, but **so** far, it was only North that he had praised.

Chapter 923

Chapter **923** Arrived On Schedule.

Liliana gritted her teeth angrily. In fact, someone with a beautiful face like North had a chance of being famous.

But just like many female stars, they were good-looking, but their acting skills were mediocre.

However, North was the exception.

Since her debut, North has been improving her acting skills. Moreover, she had a talent for acting. **In** the past few years, all the big and small works she had participated in had gone viral, directly pushing her to the peak of traffic.

This time, she directly won the lead female lead role in Director Ronald's movie, "A Floating Life".

Many people were envious. They still hoped to see North humiliate herself. Ordinary people could easily collapse under such a huge amount of pressure.

However, North didn't seem affected.

When she joined the crew, she began to study the role. And yet again, she amazed the audience.

Liliana **looked** around and saw that the entire crew had now crowded around, as they watched North perform.

Liliana was so angry that she wanted North to disappear!

At this moment, Liliana suddenly felt that a cold wind was blowing in. Someone was walking in.

Liliana immediately turned her head and saw that the door of the crew was opened. A tall and straight body leaped into her line of sight.

It was Raven!

He arrived on schedule!

Raven had just arrived from the airport lobby. He wore a black suit and a business vest of the same color. There was a shiny brooch on the vest. It was like a magnet that attracted everyone's attention. Raven took off the black leather glove, and gave it to the private secretary behind him.

He immediately saw North on the stage.

His gaze fell on North's body, and it was difficult for him to look away.

It was cold outside, but inside was warm.

Liliana was extremely happy. She immediately ran over and said with a smile, "Mr. Domino, you're here. I've been waiting for you for a long time."

Raven ignored her, as if he did not notice her existence.

Liliana felt that she was being treated **as** if she was invisible. She did not give up. "President Domino, look, I wore this beautiful dress for you. Do you think it's beautiful like North's?"

Hearing this, Raven slowly turned his head and looked at Liliana, then he frowned expressionlessly, "How **do** you compare yourself to North?"

Liliana was stunned.

“It’s not your **fault** that **you** look ugly, but you need to know how to cover up your **ugliness** and **not** come out to scare people.” Raven added.

Liliana felt extremely embarrassed.

Actually, she knew that Raven was a ruthless man. He knew how to humiliate someone without

showing any sympathy.

It was not the first time that she had been humiliated by him, but she still felt ashamed.

Right now, Raven looked at North and did not look away.

His gaze was fixed on North’s body.

The huge resentment ignited in Liliana’s chest like a fire. However, she soon revealed a strange

smile.

She had already added medicine in North’s water.

After a while, North would feel very hot, her body would get very hot, and then, she would have no other choice but to undress.

Right now, everyone was staring at North. When the photos of her naked body would be released, it would definitely cause an uproar. There was a good scene waiting to be seen.

Liliana became complacent again. She waited patiently.

But, soon, the music stopped.

Director Ronald jumped up and excitedly hit the board, “You killed it!” Search the FindNovel.net website to access chapters of novels early and in the highest quality.

North nodded, and walked off the stage. Miss Jones immediately took a coat and draped it over North’s shoulders. Her face was full of pride. “North, you’re amazing!”

Director Ronald praised, “North, I chose the right person! I knew you’ll deliver!”

North pursed her lips. At this moment, she felt a hot gaze on her. She looked up and saw Raven.

Raven did not step forward. He was wearing a thin black suit and stood in the dim light.

“President Domino!” Director Ronald quickly greeted him. “President Domino, why are you here?”

Liliana immediately stretched out her hand and wrapped her arm around Raven’s strong arm. She said proudly, “Today is my first audition. President Domino always comes to watch my audition.”

Liliana acted like a proud peacock.

Director Ronald didn’t like Liliana, but Liliana was Raven’s new **love** after all, so he could only smile awkwardly, “President Domino really knows how to spoil his girlfriend.”

Raven raised her eyebrows, and did not **say** anything. **However**, **his** eyes fell on North’s soft and charming face.

At this moment, Miss Jones whispered into North’s **ear**, “North, **is** President Domino here to watch Liliana’s audition, or is he here to see you?”

With that, Miss Jones took out her **phone** and showed North a photo. “President Domino has been staring at you since he came in.”

Miss Jones was the first to notice that Raven had come in, **so she had** taken a photo of him. **In the** photo, North **was** standing **on** the stage, while Raven stood in the **crowd**, and **his** eyes were glued to North..

North looked at the photo indifferently, and did not express her thoughts.

At this moment, Director Ronald said, “Liliana, North’s audition is over. Now, it’s your turn.”

Liliana **was** very puzzled. She did not know why North did not respond to the medicine. She had **obviously drank** the water.

Did something **go wrong**?

Liliana had a very bad feeling, but she couldn’t pinpoint the feeling.

Chapter 924 So Hot

Liliana's confidence came from various aspects, including her acting skills. Now that she had to audition, she was ready to show off her skills in front of Raven to prove her professional ability.

"Mr. Domino, I'm going to audition. You can watch me right here." Liliana reluctantly let go of Raven and walked onto the stage.

All the lights came on. Director Ronald looked at the script and said, "Liliana, the scene you have to act is a crying scene. We need to see your emotions unfold."

A crying scene?

Liliana knew that she was very good at crying scenes. She nodded and got on stage.

Director Ronald said in a serious tone, "Let's begin."

Liliana thought about her emotions for a while, and she did not forget to wink at Raven.

Liliana's eyes reddened and she was about to cry, but at this moment, her entire body felt hot. She was really hot.

The heat that emanated from her body was quite ferocious. It was like a fire was burning on her body.

Liliana quickly reached out and tugged at her collar, "Mmm, it's hot, it's so hot, I want to undress..." The audience were shocked. Everyone looked at Liliana in stunned silence. They obviously did not expect that she would give everyone such a performance.

What was she doing?

Immediately, she ripped open her dress from the collar, revealing a large area of her chest.

Liliana really felt hot. Her beautiful face was on fire. When her hand touched her body, she suddenly felt very comfortable.

She took two steps forward and hugged a column. The column was icy hard. She rubbed it against it, "Mmm, it's so comfortable..."

The hall was very quiet, and Liliana's charming voice clearly transmitted into everyone's eardrums.

With a bang, Director Ronald smashed the script in his hand onto the table.

"Hurry up and get the hell out of here. We are not here to joke around!"

Seeing that Director Ronald lost his temper, Madelyn, who was stunned, quickly returned to her senses. She knew that the situation was very bad.

The water that was originally given to North was drunk by Liliana.

What a shame!

Madelyn stepped forward and hugged Liliana, "Liliana, what's wrong with you? Are you feeling -unwell? Let's go down first. I'll find a doctor to treat you."

The medicine was very strong. Liliana had spent a lot of money to get a very good and quality medicine.

This caused Liliana to completely lose her mind. She hugged Madelyn and kissed her face. "It's so comfortable. Hold me tight. Hurry up and hold me tight."

Liliana's words became more and more hold. Director Ronald's expression was extremely ugly. The entire crew also stood speechlessly.

"Liliana, that's enough, stop talking." Madelyn covered Liliana's mouth, wanting to lead her out.

At this moment, cold water was directly poured on Liliana's head.

Liliana screamed, and quickly looked up. She saw North's soft and charming face.

North came over with a bottle of water in her hand. She lazily poured the water from the bottle onto Liliana's head. Her red lips drew a shallow and sarcastic arc. She laughed, and asked, "Liliana, are you awake now?"

Liliana's brain hummed, and she instantly woke up. My G od, what did she do?

The dress on her body had already been pulled to the point that she was barely covered.

Now, Director Ronald and the others were all staring at her with contempt. She was extremely embarra**ed.

Liliana's gaze fell on Raven again.

Liliana started to tremble. How could this be?

She originally wanted to humiliate North, but she ended up humiliating herself.

Liliana realized that North didn't drink the water at all, and she had been the one that drank it.

"North, it's you, right?" Liliana questioned North with red eyes.

Miss Jones handed North a tissue. North casually wiped the small water droplets on her pale fingertips with the tissue. She raised her charming eyes and looked at Liliana.

"Liliana, I don't understand what you're saying."

"North, stop pretending, you drugged me!"

"I drugged you?" North raised her eyebrows and said with interest, "Liliana, I think you mean that you drugged yourself."

"Director Ronald," North turned her head to look at Director Ronald, "Liliana said that she had been drugged, which is why the reason for her performance just now. In order to ensure everyone's personal safety, shouldn't this matter be thoroughly investigated?"

Director Ronald immediately nodded, "It must be checked!"

"Okay." North immediately took out her phone. She looked at Liliana and smiled, "I'll call the police

now."

What?

Liliana was dumbfounded. Originally, she wanted to frame North.

"Liliana, I believe that the police will soon be able to find out where the medicine was purchased, whose hands it pa**ed through, and what conspiracy is involved. Then, it will be clear at a glance who is the evil one," North said with a laugh.

Liliana's eyes narrowed. No, she must not call the police.

"North, don't call the police. Hurry up and give me your phone!" Liliana reached out and grabbed North's phone. Search the website to access chapters of novels early and in the highest quality.

North took a step back. Her charming eyes suddenly turned cold. "Liliana, why are you panicking? Are you afraid that the police will come and find out that you bought the medicine and planned to put it in my water to humiliate me?"

Liliana couldn't utter a word, her guilty conscience just made her exposed herself.

It turned out that North had set up a trap for her, and she unknowingly confessed her deeds.

Liliana could not say a word, she could only look at Raven for help.

Although Director Ronald was furious, as long as Raven said she shouldn't leave, then Director Ronald would definitely keep her.

All of Liliana's hope was on Raven.

However, Raven stood speechlessly, and his face was devoid of emotions. Liliana saw that his cold black eyes were on her face.

Liliana shivered. She suddenly realized that she was stupid. She drugged North and even dared to expect Raven to save her.

“Liliana, quickly pack up and get out of here. I don’t want to see you again!” After speaking, Director Ronald walked away.

Liliana still wanted to plead, but the entire crew avoided her like a taboo.

Since she began following Raven, she had become adrift. Yesterday, she had been arrogant when she entered the crew.

North looked down at Liliana, then she turned around and left. She warned

Liliana earlier that she should not provoke her, else she would teach her lesson.

She had seen many dirty tricks in the entertainment industry. With Miss Jones’s help, she had long suspected that little girl, who was in a hurry. When she looked up at the little girl, she knew that there was something wrong about her.

She just took the cup and kept the water, making Liliana later drink it.

North took a break, and Raven walked over.

North ignored him and walked to the left.

Raven also moved to the left.

North walked to the right, and he also walked to the right, blocking her path.

North raised her hand and brushed the hair beside her cheeks, and then, she raised her pair of charming eyes to look at him, “What’s the matter, Mr. Domino? I just dealt with your lover, do you

want to teach me a lesson?”

Raven looked at her with a smile, “North, are you sure you’re not also going to teach me a lesson?”

“Mr. Doujino, you’re thinking too much.”

Raven stretched out his slender fingers and pinched her chin, “Then, smile at me. Didn’t you laugh a lot on stage just now?”

Just now, she was smiling while on stage, but when she arrived where he was, her smile disappeared in a snap of a finger.

North stretched out his hand and slapped his palm away. She raised her eyebrows and looked at him angrily, “Mr. Domino, there are so many people watching, please be careful.”

Chapter 925 Invite Her To Dinner.

Raven withdrew his hand. “When you say such, you make it seem like we’re lovers.”

North ignored him and returned to her dressing room.

Raven followed her, and then, he said in a low voice, “North, let’s have dinner together at noon. I’ll ask the secretary to...”

“I don’t have time.”

“Oh, so that’s it, then let’s make it in the evening.” With that, Raven left.

It was evening when the audition ended.

Director Ronald suddenly said, “North, our ‘Floating Life’ is here to win awards. Today, your makeup photos have been released. Several film critics are very interested in our ‘Floating Life’. Tonight, you can accompany me to dinner and socialize.”

North could not refuse, so she nodded, “Okay.”

The group headed straight to the luxurious room of the six-star hotel.

In the car, Miss Jones handed her phone to North, “North, look, the picture of your outfit was released twenty minutes ago, and it has now reached the top of the trending list. In just twenty minutes, the repost and comments have already exceeded a million. North, I have to say, you are the best female actress I have ever worked with. You are the best result I have made.”

North clicked on the comment section.

“Wow, North look very beautiful in that dress.”

“The moment I came online, I was greeted by North’s beauty. Gosh, she’s so beautiful!”

“I’m a fan of North’s acting skills. She’s the perfect actor for Eloise.”

Ye Ling read a few comments, and then she stopped. Sometimes, she felt that she was very similar to Eloise.

“North, just now, several international fashion luxury brands and silk companies have already offered to deliver you their products. They want your endorsement. Your business value has reached a new level.” Miss Jones said with a smile.

North gazed at the scenery outside the window. “Miss Jone, you can figure it out. How is Liliana?”

“Well, her display today was posted, and, she has since gone viral. Currently, she’s a laughing stock.”

“Director Ronald doesn’t want her back. But looking at it, Liliana’s little drama today made ‘Floating Life’ even more popular.”

North nodded and did not say anything else. Everyone had to pay for what they had done. Liliana was never a good person.

At this moment, her phone vibrated, indicating a message.

“Can I invite you to a candlelight dinner tonight?” Raven’s message read.

“No, I have an appointment.” North replied.

At this moment, the luxurious car was already parked in front of the six-star hotel.
“North, here we are. Let’s get in.”

—

In a six-star hotel, in the luxurious room, North sat beside Ronald. Opposite him was a very influential film critic in the entertainment industry. Amongst them was an old man with a big belly.

Mr. Randy was almost sixty years old. He was an old man, but the Randy family was very snobby. Mr. Randy was an entertainment tycoon. Usually, the dramas and movies that he participated in the production often won numerous awards. A few years ago, he retired and settled in. This time, he returned, and fell in love with North.

Mr. Randy still didn't know about North's background.

Director Ronald particularly mentioned Raven, because he was indirectly warning Mr. Randy to stay away for her.

"Raven? You mean Tobias's son, Raven?" Mr. Randy **was** stunned.

"Mr. Randy, do you have a relationship with the Domino family?" North questioned.

"Of course. Twenty years ago, when the Domino family **was** not the leader of Los Angeles, Tobias and I were good friends. North, are you the daughter of the Paulo family?"

North's face was expressionless. She had seen a lot of lecherous people like Mr. Randy, but she did not expect that Mr. Randy was an old friend, an old friend who knew about the relationship between Domino and Paulo family.

With the support of the **Domino** family over the years, her family had disappeared without a trace, **so** she wanted to gather evidence, **so** as to get justice for **her** family, but there was nowhere to start.

Mr. Randy shook his **head**, "North, **what** kind of person was your **father** back then? I think I only knew your **mother**. Back then, Tobias really liked your mother. Tobias..."

and his words stopped abruptly.

Mr. Randy suddenly thought of something, and his words stopped abruptly.

When North heard the highlight, she asked, "What's wrong with Tobias?"

L

Mr. Randy did not say anything else, and he changed the topic, "Haha, I can't remember the past. I heard that Tobias adopted the Paulo family's daughter, but I didn't expect you to grow up **so** much."

"Director **Ronald**, I would love to **drink** this wine, but I'll only drink the wine that North serves me."

Randy wanted North to come over and pour him a drink.

Director Ronald quickly refused, "President Randy, North has never served drinks before. She is clumsy. Boss Domino has never asked North to serve drinks."

Director Ronald involved Raven yet **again**.

"Haha", Mr. Randy laughed. "Ronald, even if Raven was standing here, he would still call me uncle." There **was** a lazy sneer in North's charming eyes. Raven's name was well-known. President Randy didn't seem to be afraid of Raven. It was obvious that Mr. Randy must know some secrets about the Domino **family**.

The atmosphere was a little **boring**. At this moment, the door of the luxurious **room** was **suddenly** pushed **open**, and the cold air from the outside seeped in.

North remembered their last conversation. **She** had told him that she had an appointment.

“Mr. Domino, why are you here? Please have a seat!” Ronald stared at Raven, as if he had seen his

savior.

Mr. Randy was stunned. He never thought that Raven would suddenly **appear**. He really was an old friend with the Domino family.

Back then, the Domino family used the Paulo family’s power to quickly rise up, but the real peak was in the hands of Raven. Raven was more talented in business than any of the Domino family’s successors. And he was even more cruel.

In the past few years, Mr. Randy had travelled across the world, and watched as the Domino family became the most powerful in Raven’s regime.

Mr. Randy immediately stood up. He looked at Raven and hurriedly extended his hand, “Raven....”

Raven’s handsome face was **filled** with a frivolous smile. He walked up to Mr. Randy, and extended his hand to shake Mr. Randy, “Mr. Randy, I heard you say that I would call you uncle.”

Raven immediately furrowed **his** brows at the last word.

Mr. Randy immediately laughed, “Mr. Randy, I’m just kidding, don’t take it seriously.”

“That’s good. Uncle sounds good, but my uncle is actually dead.” Raven laughed casually.

Mr. **Randy** felt inexplicably cold. He secretly retracted his hand. “President Domino, that’s a joke, I guess. By the way, you’re so young and promising.”

Mr. Randy **wanted** retracting his hand.

However, Raven **didn’t** let go.

Mr. Randy halted, as he felt Raven’s slender fingers suddenly retract and grab onto **his** hand.

A sudden pain struck him. Mr. Randy's face went pale. Raven's iron-like fingers seemed **to** be able to crush his bones **with** a single grab.

Mr. Randy looked at Raven. There **was** always a faint smile on Raven's handsome face, but **the** gentle smile made his **scalp** numb.

"President Domino..." Mr. Randy laughed.

At **this** moment, Raven slowly let go of Mr. **Randy**.

"I happen to be hungry too. Mr. Randy doesn't mind me joining the dinner, right?"

Raven sat on the main seat. Only then did Mr. Randy dare to sit beside him.

He carefully **asked**, "Mr. Domino, don't you have an appointment tonight?"

Raven raised his eyes, and his gaze fell on North's face. He smiled lightly, "Oh, I already had an appointment, but the individual didn't want to **accompany** me to dinner."

North pretended she didn't understand his words, and looked away. At this moment, her phone

vibrated.

"So, you choose to go to dinner with an old man over **me**, right?"

North **was** speechless when she saw his **message**. She did not reply.

Mr. Randy apologized and said, "Really? Someone dares to refuse an appointment with you? But, it seems that that person is Mr. Domino's lover. Otherwise, how could she have the courage to refuse Mr. Domino?"

With that, Mr. Randy pulled out a cigarette and handed it to Raven. He even lit the cigarette **for** Raven.

Raven frowned and smoked the cigarette. When he slowly exhaled the smoke, he glanced at North and smiled, "It's indeed my lover."

"Haha, Mr. Domino, I expected the person in question to be a woman. This woman must be **very** clever. She's the type that one can see, but can't eat." Mr. Randy added with a laugh.

Raven didn't know what to say. He casually let out a low smile from his bulging throat. "In that case, she does have **some** means."

North, who sat opposite them was very quiet.

In the mist, Raven's black eyes were fixed on her. In front of so many people, he really did not shy

away.

At this moment, her phone beeped again. Raven sent another message.

North clicked on it.

"You came to have dinner with this old pervert, are you not afraid?" Raven's message read.

North pressed the phone button with her pale fingers and replied, "How could he ever lust over me?" "He's an old pervert, and he must have been thinking about stripping off your clothes just now." Raven replied.

"But why do I **think that the** way you look at me has already stripped my clothes off?" North asked. Raven's tall and straight back leaned against the seat lazily, he smoked a cigarette in one hand and played with his phone in the other. He then drew a sinister arc on his thin lips, he did not deny it.

At this moment, Ronald came over with the wine. "Come on, Mr. Domino, Mr. Randy, I'll pour you both some wine."

This time, Mr. Randy was frightened. He did not dare to ask North to serve him the wine. He handed out his **gla****.

But in the next second, Raven's low **and** magnetic voice said, "North, why are you so ignorant of the rules? Just now, Mr. Randy **asked you** to pour him a drink. Why don't you come over and do that quickly?"

Raven personally asked North to serve Mr. Randy.

Director Ronald and Mr. Randy were stunned. They couldn't understand what Raven was doing.

North's densely combed eyelashes shivered. Obviously, **she** did not expect him to make such a request, **but** since he had already said it, North had to stand **up**.

"Director Ronald, let me do it." North reached out to take the **wine**, and **then**, she walked over to Mr. Randy's side.

"Ah, North **is** a daughter of gold. How dare I trouble her to serve me? I'm so embarrassed." Mr. Randy also stood up **and** handed over his gla**.

Chapter 927 Drinking Her Wine.

North was about to pour some wine into his gla**.

But at this moment, Raven spoke again. "I remember that Mr. Randy is not **good** at drinking, so he

can't drink."

Mr. Randy's hands stiffened as he silently and quickly retracted his gla**. "Mr. Domino, it's right. I forgot that I can't drink."

Raven raised his eyes **and** looked at North. "North, come here and pour me a gla** of wine."

He pushed his empty wine gla** over.

Mr. Randy finally understood that Raven had intended for North to serve him.

North glared at Raven, but obediently walked over and poured wine into his gla**.

"President Domino, the wine is ready." North prepared to leave.

"Wait a minute." Raven stopped her.

North understood what Raven was doing. He had asked her to a dinner, and she had refused. Of course, he wouldn't let her go **so** easily.

He had to do something to punish her in order to make himself feel better.

This was Raven's style of conduct,

North stopped. She lowered her eyes and looked at Raven. "Mr. Domino, what other orders do you have?"

Raven pointed at the wine gla** with his eyes, "You should drink it."

"I'm sorry, Mr. Domino, but I don't drink." North turned around and left.

However, a big, well-defined **palm** suddenly reached out and grabbed onto her slender wrist. Then, with a forceful pull, North's graceful body fell directly onto a sturdy thigh.

North suddenly raised her eyes. Raven's handsome face was already magnified in her line of sight. He actually dragged her to sit on his lap.

There was a gasp in the luxurious room, **and** Mr. Randy was stunned.

"Mr. Domino, let me **go**."

North wanted to push him away, but in the next second, Raven had already picked up the wine gla** with one hand. He placed the gla** directly to her red lips and poured the content into her mouth.

North, who was was unprepared, swallowed the drink in a gulp. The red wine had already dripped down the corner of her lips and onto her dress, adding to her embarrassment.

North raised her eyes and saw that Raven **had** restrained all his smiles. He stared down at her, his cold black eyes overflowing with domineering control and an unhappy sense of awe.

He was very **upset today**.

It was obvious that her disobedience had provoked him.

"I want you to finish drinking this wine before you leave. Didn't you understand, or are **you** disobedient again?" He whispered.

The entire luxurious room was silent. One could even hear a pin drop. Everyone **was** stunned as they watched the scene.

At this moment, Raven forcefully imprisoned North in his artus and taught her a lesson almost rudely.

North frowned. She could already feel the aura emanating from his body. She had already angered him.

The alcoholic content in the red wine was really high. She would definitely get drunk after drinking it. North intended on speaking with Mr. Randy after the dinner, hence, she couldn't get drunk. North looked up at him with her soft face. She suddenly smiled and said, "I'll drink."

She took a sip of the red wine, and then, she gazed at him with a pair of pitiful eyes, as she drank it. However, after she took a sip, she stopped drinking. She stuck out her tongue and her voice became soft, "This wine is so bad, it's so spicy."

North's indifferently resentful voice was a bit coquettish, and she successfully stopped drinking. Raven looked at her tongue, which was sticking out, he couldn't help but feel that Mr. Randy underestimated her. She was definitely a master at teasing men. She could definitely get any man. that she wanted.

"Could red wine be spicy?" Raven pursed his lips and a smile appeared on his face.

"Of course, it's spicy, you can taste it." North stretched out her hand and took the wine glass** from his palm, then fed the red wine to his thin lips.

Raven looked at her, and then drank the wine.

North didn't stop, she fed him most of the remaining wine in the glass**.

"Mr. Domino, I've finished drinking the red wine. I can leave now." North winked at him.

Raven's mouth was filled with the mellow taste of the red wine. It was not spicy at all. It was very

sweet.

At this moment, he suddenly wanted to taste the red wine in her mouth to see if it was spicy. Raven grabbed her waist with his big hand, and then made her stand up, "Let's go." Raven turned around and left the luxurious room.

North arrived at the hotel's presidential suite. She took off her high heels and walked in front of the dressing. She picked up the hem of her dress and looked at the place where he had grabbed her. Her skin had turned purple.

North absolutely had reason to suspect that he was a sexually violent man.

At this moment, the doorbell of her room rang.

North walked over to open the door. It was Miss Jones.

Miss Jones walked in and handed over a piece of paper, which contained a phone number. "North, why did you to ask for Mr. Randy's phone number? Do you want to call Mr. Randy?" North collected the number and nodded, "Yes, I want to call President Randy."

Miss Jones's mouth widened, "North, I have to remind you that Mr. Domino was already very unhappy in the luxurious room just now. If Mr. Domino knew that you called Mr. Randy, the consequences would be very bad. It's not something that you can deal with by feeding President Domino a gla** of wine."

North did not say anything. She took out her phone and dialed Mr. Randy's number.

Soon, the call was connected, and Mr. Randy's drunken voice came over, "Hello, who is it?"

"Mr. Randy, it's me." North muttered into the phone.

"North?" Mr. Randy had already finished eating dinner, and had entered his room. Hearing North's voice, he quickly bounced off his chair and said in shock and surprise, "North, why are you calling

me?"

"Mr. Randy, the thing is, i want to know something about the relationship between my mum and Tobias." North went straight to the tople.

"Oh, this. I know your mum and Tobias very well. Back then, Tobias and I were good friends. His

family had a contract marriage, and he had to marry Zhuri. But he didn't love her that much. Tobias loved your mother." Mr. Randy paused, and then continued,

"Every time I went out for a drink with Tobias, Tobias would tell me how much he was tired of Zhuri. Every time he and Zhuri were in the same room, all he imagined was that she was your mum."

"Tobias really loved your mum. He found a lover outside, which looked very similar to your mum. But that was not enough for him. He vowed to get your mum. Hence, once he bought a medicine..." Mr. Randy probably knew that he had missed something, so

his voice stopped abruptly.

North sneered. When Zhuri was young, she was also a beautiful lady. But she was abandoned by Tobias.

North knew that Mr. Randy was about to narrate the scene that happened the day her father and mother died in a car accident. Search the Find_novel.net website to access chapters of novels early and in the highest quality.

Zhuri had rushed to the hotel and caught her mum and Tobias on bed. Later, she lost both of her legs. After that, her abhorrence for North and her mother was ignited.

Raven also thought that all of the pain in the Domino family was caused by her mother, so he wanted to ruin her.

But she knew that it was Tobias who drugged her mother that day and brought her to the hotel. If she revealed the truth, she wondered how Raven and Zhuri would feel?

Mr. Randy was very conscious of the words that left his mouth. Even if he was drunk, he kept the secret to himself.

"Mr. Randy, why did you suddenly go quiet?" North asked with a laugh.

"Oh, I can't remember what happened after that. I can't remember..."

There was a sneer in North's charming eyes.

"So that's the case. I'll come to Mr. Randy's room now and have a long conversation with him to see if Mr. Randy can remember what happened back then."

North wanted to go to President Randy's room.

At the other end, Mr. Randy was shocked. It was as if he had won a trophy. He was overjoyed. "North, are you really going to come to my room?"

“Yes, Mr. Randy, I’ll be there soon. North ended the call.

Miss Jones, who was beside her couldn’t help but jump up. She looked at North in shock, “North, are you really going to Mr. Randy’s room? Are you crazy? The bodyguards are leaving, if you go in, you won’t be able to get out!”

“Furthermore, what if Mr. Domino knew about this. If you went to Mr. Randy’s room at night, Mr. Domino wouldn’t take it kindly with you!”

North took a coat and draped it over herself. She knew that if Raven knew that she went to President Randy’s room, the consequences would be disastrous.

North raised her hand and tucked a strand of hair behind her ear. She picked up her phone and sent a message.

“North, who are you sending a message to?”

“Raven.”

“Do you want to come to my room tonight?” North sent to Raven.

After sending the message, North shoved her phone into her coat pocket. She went out to look for Mr.

Randy.

Miss Jones looked at North’s pretty figure, and she shuddered inexplicably.

She knew that she was playing a dangerous game.

Raven processed the urgent documents, and then he said to his private secretary, “You can back now.”

“Yes, President.”

Raven stood in front of the mirror and looked at his handsome face. Then, he reached out to adjust his hairstyle and unbuttoned the two buttons of his shirt, revealing the his delicate collarbone. “CEO, are you going to be in a relationship?”

Chapter 929 Sleep With Me.

Raven paused, "What?"

The private secretary smiled and said, "CEO, it looks like you're going to fall in love and date the girl you like."

Raven immediately pursed his lips. He also realized that his behavior was inappropriate. He actually stood in front of the mirror and admired himself. He had never done this before.

Raven thought it was funny. After so many years, his personality was unremarkable and calm.

Could it be that North's message had such great power?

This was the first time that she had never invited him to her room.

Raven smirked. He didn't reply the secretary. He quietly walked out to look **for** North.

When he arrived at the door of North's room, he raised his hand and rang the doorbell.

The bell rang, **but** no one opened the door.

What happened?

Was she not **here**?

Raven reached out and rang the doorbell again, but no one still opened the door.

Where did she go?

Raven pushed open the door.

The door was not closed. It was easily pushed open. Raven walked **in**. The room **was** empty and. North was **not** in sight.

She wasn't here.

Raven stood handsomely in the room, with one hand in his trouser pocket. He couldn't believe what was happening. Why did she invite him over, if she wasn't going to be in her room?

Raven took out his phone and dialed his private secretary, "I want to know where North is now. Immediately, immediately!"

Soon, the private secretary's reply came in, "CEO, I just checked. Miss North is now in President Randy's room."

"What did you say?" Raven's handsome face instantly turned cold.

She actually went to that old pervert's room?

Räven hung up the phone expressionlessly. He scoffed, and gritted his teeth.

North had already arrived at Mr. **Randy's** room. Mr. Randy did **not** expect that North would really

come.

In the luxurious room, he had already noticed that there was something going on between Raven and North. But North was goddamn beautiful, and Mr. Randy couldn't help but feel the itch in his

skin.

"North, are **you** really here?" Mr. Randy, who was drunk, was about to **pounce** on her.

North swiftly ducked to the side, **as** she dodged Mr. Randy.

"President Randy, don't be impatient. Let's talk first."

"About what?"

North looked at Mr. Randy and said, "Tell me about what happened between my mum and **Tobias** back then in the hotel. In fact, all that happened that day was Tobias's conspiracy. Tobias drugged my mum, right?"

Mr. Randy already **knew** North's history. Now, this was the most valuable information in **his** hands. Of course, he would not tell North so easily.

Looking at North's pretty face, Mr. Randy was fascinated. He could even smell the scent of North's body.

"North, I can tell you everything I know, but, what good will it benefit me?" President Randy asked, **as** he stared at North wretchedly.

North raised her eyebrows. "Mr. Randy, what benefits do you want?"

"Sleep with me." Mr. Randy replied, he didn't have time to play around, hence, he went straight to the point.

It was not the first time that someone had asked North to sleep with him. Thus, she was n't emotionally disturbed by his words.

She lightly hooked her red lips, and lowered her voice, and said, "President Randy, you should know about the relationship between Raven and i, if you let Raven know that you slept with his woman, then you're doomed."

"North, as long as you don't tell him about this, how will Raven know?"

North nodded, "Alright, I agree."

She agreed so readily, and Mr. Randy was excited. "Beautiful North, what are you waiting for? Let's do it."

"Wait a minute, Mr. Randy, you have to give me some valuable information first, so that we can work together happily."

At the moment, Mr. Randy hesitated for a moment, then **took** out his pen and wrote down a phone number, "North, this is for you."

"What's this number?"

www

"North, just take this." Mr. Randy refused to reveal any more..

North felt that the phone number was very important, so she carefully kept it in her bag.

"North, let's do **it**." Mr. Randy couldn't wait to devour her,

Mr. Randy, who was repeatedly rejected, immediately turned cold and obviously lost his patience. "North, **what** do you **mean**?"

"Mr. **Randy**, don't be angry. I mean, you don't have to take off your clothes. I'll take them off myself." North slowly **raised** her fingers and took off her coat.

Mr. Randy's breath stopped for a moment. North took off her **coat**, she was wearing a nightdress with thin shoulder straps. The silk fabric perfectly outlined her curves.

North's 'Floating Life' audition outfit **had** been released. Men were privately discussing how beautiful she **was**. And if it wasn't for Raven's strong backing, the powerful men would have definitely come for her.

“Mr. **Randy**, I’ll go take a shower first, I need to smell good. Wait for me.” While Mr. Randy was going crazy, North turned around and went into the bathroom, locking the door behind her.

“North, why do you want to take a shower? You can take a shower later. Otherwise, let’s take a shower together.”

North, who was inside the bathroom did not respond.

Mr. Randy could only wait. He felt that he was about to be burned by a raging fire. Every minute he waited was so difficult. He quickly picked up her coat and sniffed it. He took a deep breath and murmured. “Wow, it smells so good.”

Boss Randy couldn’t help it anymore. He took off his pants.

With a click, the room door **was** pushed open **and** Raven walked in.

Raven walked into the room. He immediately saw Mr. Randy. Mr. Randy **had** taken off his pants and held North’s white **coat** with a very lewd gesture.

Chapter 930 Raven Was Taken Away.

Mr. Randy was almost sixty years old, and he was obsessed with women.

Raven recognized North’s white coat at a glance. His gloomy eyes suddenly turned cold. He raised his long legs and stepped forward.

Mr. Randy was so excited that he did not notice that someone had entered.

On reaching Mr. Randy, Raven raised his legs and kicked him on the back. Mr. Randy instantly let out **a** scream, and his chubby body rushed and smashed into the wall.

Mr. Randy collided with the wall, and all his front teeth were knocked out. He immediately slumped on the ground.

Mr. Randy touched his mouth, and realized that it was covered with blood. He looked up **and** saw that Raven's handsome face was already before **him**.

Now, Raven stood in front of him. He was wearing a white shirt and black trousers. He still had one hand in his trousers pocket. An expensive black belt was tied around his waist.

"Ra... Raven... why are you here?" Mr. Randy, who had lost **two** of his front teeth, could not even speak.

Raven's handsome facial features did not show much expression. He stepped forward and asked coldly, "Where's North?"

Mr. Randy kept retreating, but he had already retreated to the corner, so he could only curl up. In his opinion, the current Raven was a devil, who could destroy him.

"North... **She**... She is taking a shower inside. President Domino, don't be angry, and don't misunderstand. Nothing happened between North **and** I. It was North who took the initiative to seduce me!" When Raven kicked him, **he** sobered up. He knew that this a huge matter, so **in** order to save himself, he put the blame on North.

Raven raised his eyes and looked at the closed bathroom door. He felt that she was inside the bathroom, because he could hear the sound of water running inside.

Raven stopped in **front** of Mr. Randy. He squatted on one knee, and his thin lips curved into a playful and funny arc, "What did you **just** say? She took the initiative to seduce you? Your joke was not good at all. I'll give you a chance to tell **it again**."

"Mr. Domino, I... I'm not lying. It was indeed North who seduced me. You can ask someone to Investigate."

"North called **me** and said that she wanted to come to my room. You **see**, North took off **this dress** on her own initiative. She went in to take **a** shower."

Raven listened to Randy's words quietly. He was silent for **a few** seconds. His lowered voice contained an evil smile, "Then you're even more damned."

Mr. Randy's eyes widened, "**What?**"

Raven looked at him, his condescending gaze a little casual, but **the** depths of his eyes were gloomy. expressing his **true** emotions **at** the moment.

"Who's North? Can't you tell? She's been with me since **she was** eighteen. She's my **woman!**"

Mr. Randy took a deep breath.

"I know how **hard** I have worked all these years. While I **have** to hold back my desires and support her. What can I do to make you never **think about** her?"

With that, Raven stood up quietly. He looked at President Randy coldly and pitifully, "You shouldn't have touched her. Actually, I don't know what I'm going to do."

Mr. Randy's hands and feet were cold, he was trembling in fright.

"Raven, I can tell you that I have **a** very good relationship with your grandfather. If you dare to touch a single hair on my head, this matter will not be let go, I didn't touch North at all. You're hurting the harmony between the two families, and you're hurting **yourself!**"

Raven looked at Mr. Randy and tilted his head. His entire aura displayed a bit of paranoia. "But, you held her clothes, so it's better not to ever use this ugly thing on your body."

With that, Raven raised his leg and slowly but firmly stepped on Mr. Randy's manhood.

"Ah!" Mr. Randy's shrill screams instantly rang out, almost resounding throughout the six-star hotel.

Raven's private secretary did not return to the company. He already had a hunch that something bad was going to happen. In this world, the only person who could make his CEO lose control was North.

While Raven entered Mr. Randy's room, he waited outside.

Hearing Mr. Randy's shrill scream, the private secretary's heart skipped a beat. His bad premonition was fulfilled, and he immediately pushed open the door and entered.

The private secretary was shocked. He had never seen such a scene before. President Randy was already paralyzed on the floor.

Raven had personally dealt with Randy!

The entire atmosphere was silent for a few seconds. Then, Mr. Randy's bodyguards and the hotel's security personnel rushed in. "My **God**, hurry up and call the police! Hurry up and call the ambulance!"

Since Raven wounded someone, the police soon arrived and wanted to bring him back for questioning.

Mr. Randy was carried into the ambulance. He was in pain, and was about to faint, but he **held** on to his breath and looked at Raven with hatred, "**Raven**, this matter is not over, I will sue you, I want you to go to jail!"

"I don't know what the consequences of such a lawsuit will be for Raven Domino, but I estimate that tomorrow, the Domino's Corporation's stock will plummet, with the limit falling for several consecutive times. By then, the Domino's Corporation's market value will shrink by several hundred millions overnight. The major shareholders will back out, and the company will be in turmoil!"

"**Raven**, you're crazy for a woman!" Mr. **Randy's** voice slowly faded away.

Raven **stood** calmly and did not move.

"Mr. Domino, please come with us." The policeman said to him.

Raven raised his head indifferently, "Give me a minute, I want to say something."

Raven raised his legs and walked to the door of the bathroom.

It turned out **that** he wanted to talk to North.

There **was** no sound inside.

The tightly closed bathroom door had never been opened.

"North, I'll be back **soon**." Raven muttered.

Rave was taken away.

North returned to the crew's room. She took out her **phone** and immediately dialed the number that Mr. Randy had given her. However, the call rang over and over again, but no one answered. North went on with her usual daily routine. It seemed that Raven's absence away had no effect on her. She did not come out of the presidential suite that day, and she did not ask about Raven after

that.

Filming was still in progress, and while North was reciting the script, she could hear the actresses chattering excitedly and gossiping non-stop.

"Did you hear that the CEO of the Domino Corporation, Raven, was taken away!"

"Yea, I heard it. Yesterday, a magazine got the first hand news and even published it in the entertainment **headlines**. Unfortunately, before the sales started, there was a strong capital force. which shut down the release."

"Although the public opinion was completely suppressed, the news still spread like wildfire. In the past few days, Raven's stock has already dropped by **the** limit a few times. I **heard** that their market value has suddenly dropped by five **billion**."

When the female celebrities mentioned this number, they were all very shocked.

"Why did you **think** that Mr. Raven was **taken** away?"

"I don't know either."

"I heard that Mr. Raven was very angry. Now that the Domina Corporation's board of directors are in turmoil, this will definitely affect Mr. **Raven**."

"North! North!" Someone called out.

North swiftly raised her head.

Miss Jones walked up to her, she looked at her worriedly, and said, “North, what are you thinking about? I **think** you’re absent-minded. I called you several times.”

North was expressionless. She put down the **script** in her hand **and** stood up. “Miss Jones, I’m going

to the bathroom.”

“North, I’ll accompany you.”

The two of them walked out together. Miss Jones lowered her voice and said, “North, Mr. Domino, he...”

“Miss Jones...” North interrupted her. She **said** coldly, “I’m not interested in his businesses, so don’t tell

me.”

Miss Jones immediately went mute.

At this moment, when she reached the corner, a figure suddenly appeared in front of her. The lady raised her hand and slapped **North** directly **in** the face.

Miss Jones gasped. The woman was so fast that neither of them had a chance to retreat. Moreover, the lady was so bold that she **actually** slapped North in the face.

“North, **are** you alright?” Miss Jones quickly stared at North’s reddened **cheek**. North’s skin was **too** delicate, and the lady was very energetic, thus, the slap print was imbedded on North’s face.

Miss Jones immediately gazed at the lady **angrily**. “Who are you? **How** could you casually hit

someone? Believe it or not, I’ll call the police?”

It was Mrs. **Domino**, Zhuri

It was her who had slapped North.

Zhuri wore a makeup, her hair was braided, and her well-maintained appearance was very noble. **The** servant was pushing the wheelchair behind her, and two bodyguards were supporting her, and that made her able to **slap** North on the face.

At this moment, Zhuri glared at North coldly and hatefully.

North turned to Miss Jones, and she said indifferently, "Miss Jones, step back. This is Raven's mother, Mrs. Domino."

What?

Miss **Jones** stared at Zhuri in shock. How could President Raven have such a vicious and mean mother?

Miss Jones calmly retreated.

North stepped forward. She raised her pair of lazy and indifferent eyes **and** stared at **Zhuri**. "Mrs. Domino, are **you** looking for me?"

"North, I just wanted to hit you. I really want to tear that face of yours!"

North slowly said. "Mrs. Domino, you had to rely on your bodyguards for you to be able to slap me, and you still want to tear me apart? Don't you feel sad for not **living** like a complete human being?"

Zhuri stiffened. Her **legs** had long been crippled and she could not get off the wheelchair. Today, in order **to** hit North, she called two bodyguards to help her.

North's words had deeply left Zhuri embarrassed.

Zhuri took a deep breath and ordered, "Put me back."

The bodyguards placed her back in wheelchair, and the **maid** covered her leg with a blanket. Zhuri looked up at North, and then she uttered,

"North, you and I know very well **that** my **son** is in there because of **you**! My son suffered inside that place, but you're fine. **You** still eat and sleep, and you're still in the mood to film. **I ask** you, have **you** been to see my son?"

North raised her hand and tucked a strand of hair behind her ear, "Is it **useful** for me to see him? I'm not a lawyer."

This time, Zhuri laughed angrily. “North, that Randy is still in the hospital. He has just passed the critical **period**. If he’s not well, then it won’t be good for Raven.”

“**As** soon as Raven got involved, there was **chaos** and bloodshed. The Domino cooperation has become a lie. In **And** the old man **is** furious, and all **this** is because of you!”

Zhuri stared at North with contempt, “You’re an actress, you have the face of a vixen, you know how to seduce men, isn’t that your job? Why then do you want to implicate my son?”

Miss Jones frowned when she heard Zhuri’s words. She could see the viciousness in Zhuri. And **she** somewhat had a glimpse of what North went through.

North was used to it. She looked at Zhuri with a casual smile on her red **lips**. “Mrs. Domino, you keep calling me a vixen. Have you ever thought about the **fact** that your son, Raven, likes vixen. And he likes this particular one.” North pointed to herself.

Zhuri’s expression changed drastically.

Chapter 931 Slap North!

North tidied up her dress. “Mrs. Domino, if there’s nothing else you have **to** say to me, I’ll have to excuse myself. I still have a film to shoot.”

After saying **that**, North raised her foot and left.

Zhuri looked at North’s pretty figure with hatred, and she cursed loudly, “North, you are **so** cold-blooded, you have no heart!”

North didn’t stop, she quickly disappeared into the hallway.

North returned to the dressing room. She couldn’t shoot with the slap print. Miss Jones took an ice cube and placed it on her face.

“Miss Jones,” North whispered, “Do you also think that I’m cold-blooded and heartless?”

Chapter 932 I'm Going To See My Husband.

Miss Jones paused. Raven had already been in for two days. However, North was silent and indifferent. That's why Mrs. Domino scolded her for being cold-hearted.

Miss Jones sighed. She looked at North in a complicated way, "North, you are really not cold-hearted."

North nodded, "Alright. Let the makeup artist come over and makeup my face. I'm going out to shoot."

North's movie scene today was a breakup scene. Eloise used to be the daughter of a wealthy family. She had an excellent and outstanding fiancée, Justin Brandon.

However, Justin, who was deeply in love with Eloise, did not know what had happened to her. In a heavy rain, he came to Eloise's house.

"North, this scene is a bit difficult. I think you're not in a good state today. Your face is pale. Are you, ready? Why don't we shoot again tomorrow?" Director Ronald knew the relationship between Raven and North. And he was aware of what had happened, so he tentatively asked North.

North shook her head, "No need, Director Ronald, I can do it."

"Okay, then we'll start shooting."

The artificial rain had begun. The actor who played Justin had already appeared.

North walked up to the window sill on the second floor. She was wearing a clean blue and white student uniform. Her long black hair was neatly draped over her shoulders. She might have sensed the coldness outside.

Director Ronald looked at North through the camera and couldn't help but praise Miss Jones beside her, "Honestly, I feel like North is Eloise."

Miss Jones nodded, "The first time I saw North, I knew that she was born for the camera."

Director Ronald agreed, and he officially shouted, "In three, two, one, action!"

The scene officially started. Justin stood in the heavy rain and shouted to the second floor, Eloise, I know you're inside, come out and meet me!"

"Why did you break up with me? You have to give me a reason! I will always wait for you here. I believe that you are not a heartless girl!"

North stood on the window sill on the second floor. In the desolate autumn rain, she quietly looked at Justin's downstairs.

Justin soon became exhausted and fainted.

The Brandon family's private car drove over and Mrs. Brandon took Justin away.

"Eloise," a female cla**mate walked over, "Why don't you go down and see Justin? Your heartlessness will really break his heart."

North looked at the direction where Justin had been taken, and did not speak for a long time. The rain outside hit the windowsill and crackled. Just when everyone thought that she could not speak, she whispered, "He is loved by many people. I've already lost everything, and I have only myself left, hence, I have to tightly guard my heart and not let myself lose."

Director Ronald jumped up again when he saw this performance, "Brilliant, really wonderful!"

Chapter 532 I'm Going To See My Husband.

"Cut!" Director Ronald soon shouted for them to stop.

North finished the performance and walked over. Director Ronald praised again, "North, you're really amazing. You've done beautifully today, hurry up and have some rest."

North returned to her room. Miss Jones made a gla** of hot milk and pa**ed it over to her. "North, drink the milk. Then go to bed early."

"Okay." North took the milk and drank it obediently.

Miss Jones felt that since Raven went in, North had become very obedient. She was obedient most of the time, and had become more quiet.

Miss Jones looked at North's face. She was still delicate and charming, but her expression was indeed not good. She was very pale.

Miss Jones couldn't pinpoint what exactly had changed in North in the past few days. She didn't seem to have changed physically, but she seemed to have changed a lot.

"I'm done." North handed the cup to Miss Jones, then stood up to leave.

Miss Jones was surprised, "North, where are you going?"

"Let's go filming. I'll be filming the scene where we break up in the rain later. Hurry up and don't be late." North walked to the door and was about to open it.

Miss Jones was stunned. "North, what are you talking about? We already filmed the scene where you guys broke up in the rain. Did you forget?"

North's hand suddenly froze. Search the findNovel.net website to access chapters of novels early and in the highest quality.

Her eyelashes trembled. She turned around and pursed her lips. "Miss Jones, I'm only joking with you. Go back to your room too. I need to rest."

Miss Jones's tense nerves relaxed. She patted her chest with a sense of relief. "North, this joke is not funny at all. I thought you had amnesia. You scared me to death, then rest now, I'm leaving

Miss Jones exited the room.

It was only North left in the room. She quietly lowered her body, and closed her eyes.

She knew that she was not well.

Actually, she had never been better.

At the age of eighteen, she suffered severe physical and mental damage. She felt sick in her heart.

Now, she was getting more sick, and had already started to forget things.

Gradually, she would forget a lot of people and things.

Maybe one day, she would forget the man named Raven.

Maybe one day, she would forget the early years of her life, which were filled with pains and grief.

North stood quietly in the room for a while, then she moved. She reached for her coat and went out.

Miss Jones was back again, because she wanted to give North a preview of tomorrow's script. She wanted to ring the doorbell, but she found out that the door to North's room was not closed.

"North, why don't you close the door? It's so dangerous... North! North?!"

Miss Jones found out that the room was empty and North was gone.

North was still here just now. Where had she gone?

Miss Jones suddenly thought of someone.

Miss Jones sighed. She remembered the scene that North had just acted. North executed the scene perfectly, that she didn't know if she was only acting as Eloise, or, she was really saying the things

that were on her mind.

She had already lost everything and only herself was left, so she had to guard his heart tightly.

North left the crew and took a taxi on the street outside.

"Hello mister, I'm heading to the police station."

The driver looked at North through the rearview mirror, his eyes lit up. "Beauty, what are you going to do at the police station so late?"

North stared at the driver coldly, "I'm going to see my husband."

Chapter 933 Where's North?

The driver saw that North was alone and was so beautiful.

"There are many good men out there." He said to her.

There was no emotion on North's face. She just indifferently looked her red lips, and said, "Well, I don't dare. A few days ago, a man struck up a conversation with me. My husband immediately killed him. He is a murderer. Aren't you afraid?"

North's lazy and beautiful eyes stared straight at the driver with a cold sneer.

The driver felt his scalp go numb. North had already frightened him, and the lust he felt had disappeared without a trace. He quickly retracted his gaze, not daring to look at North again.

Half an hour later, the taxi stopped. When they arrived, North got off.

North stood outside the police station for a while. When she was about to get in, a luxurious business car suddenly rushed over.

The back door of the luxurious car was opened by two bodyguards, and people walked out.

It was Old Mr. Domino and Zhuri.

North did not want to see the two of them, so she hid in a dimly lit corner.

At this moment, Zhuri's surprised voice sounded in her ear, "Raven, are you out already?" North's heart skipped a beat. She quickly raised her eyes and saw that the front door of the police station was slowly opened. Several people walked out. In front was a tall and handsome figure, Raven.

Raven was released!

North's eyes fell on Raven. She hadn't seen him for a few days. He didn't change much, but after he entered the police station, he cut his hair. He wore glasses and had a clean and simple black t-shirt on. He was covered in a long, black leather jacket.

The private secretary and lawyer behind him had already completed all the formalities.

Old Mr. Domino and Zhuri quickly surrounded him. Zhuri's eyes were red, and she was excited: "Raven, mum has been worried to death these past few days."

Old Mr. Domino's looked serious. He said, "Raven, let's go back and talk about this."

Raven stood still. His cold black eyes looked around, as if he was looking for someone.

"Raven, who are you looking for?" Zhuri asked.

Raven lifted his thin lips, and asked, "Where's North?" Search The findNovel.net website to access chapters of novels early and in the highest quality.

When he came out, he asked for North.

Zhuri immediately said angrily, "Raven wake up, it's already time you woke up! You just got out and you're asking about North, sorry to burst your bubble, but she hadn't even attempted to visit you these past few days. She's still filming on the set, and her life went on as usual. I didn't realize that North's heart was so cruel before. She hurt you and she didn't care about it!"

Raven did not find the person he was looking for, so he calmly retracted his gaze, as his beautiful eyelids droop.

"Raven, let's quickly head back." Mr. Domino said calmly.

This time, Raven did not refuse, he raised his legs and walked away.

Chapter 933 Where's Noth?

North stood in the dark corner and watched them leave until the image of the luxurious car disappeared from her line of sight.

She stood in a daze for a while. Instead of taking a taxi, she walked home by herself.

She had left her hotel room in a hurry. And she did not bring a coat. Now that the cold wind was blowing in at night, North shivered.

She didn't know why she came.

However, she really wanted to see him.

She was ill, and her condition was getting worse. Suddenly, she was afraid. She was afraid that one day she would forget him.

North pulled her red lips into a light and self deprecating arc. Over the years, Raven had already branded himself deeply into her soul. And no matter what, she couldn't forget about him.

She really hated herself. While reciting the line in the movie, "I have nothing left, but myself, so I have to guard my heart tightly."

North felt like an hypocrite, because she had gave her heart out.

She felt sorry for many people.

She felt sorry for her dad, mum and brother.

She was also for Penelope, who died in front of her.

She really hated herself.

She didn't like herself anymore.

At this moment, North's footsteps suddenly stopped. She looked down and saw that the diamond anklet she was wearing was gone.

It was given to her by Raven.

She wore it all the time.

But it was gone now.

How could it have disappeared?

Where was her anklet?

North quickly turned around and ran back the same way. It must have fallen on the road just now.

She carefully looked for it on the road, but could not find it.

North felt cold all over her body. She didn't seem to be able to breathe anymore. Why had she lose her anklet?

No, she had to find it.

She returned to the spot and ran back and forth between the police station and the road several times..

It was extremely cold tonight. Because she was extremely beautiful, the passers-by's eyes were all glued to her.

She didn't seem to know what she was looking for. She looked focused and anxious, as if she would keep running around if she couldn't find the anklet.

At this moment, North let out a cry of surprise, and fell to the ground.

It turned out that she was running too fast, and she was wearing high heels, so she accidentally

twisted her ankle.

North's delicate ankle was already red and swollen. She couldn't take the pain anymore. Her eyes immediately turned red.

But at the moment, she couldn't care about the pain. She was struggling to get up. She wanted to find

the anklet.

At this moment, a hand was stretched out to her, her anklet lying quietly in that person's palm.

North's eyes instantly lit up, like shining stars. She took the anklet and held it tightly in her palm.

The huge joy of having found something she lost, instantly overwhelmed her, and a bit of grievance spread from the bottom of her heart.

North sat on the ground and curled up her legs. Her eyes were so hot that tears flowed. She buried her wet face into her knees and cried.

Chapter 934 She Has Always Loved Him.

It was Miss Jones who stood before her.

When Miss Jones realized that there was no one in the room, she had already guessed that North went **to** see Raven. She was worried, so she drove after her.

Now **that** North **was** sitting on the ground, hugging **herself** and choking with sobs, Miss Jones remembered when Raven had asked her to be North's manager some years ago.

Miss Jones was an excellent manager. She did not give him an answer. She had to see North herself before she could give her reply.

Then, she saw North

North, who was only eighteen years old at the time, was sitting in a small rental house. There was a window in the rental house. She hugged her knees and sat in front of the window, looking up at **the** sun. At **that** time, Miss Jones was shocked. She did not know **how** to describe North. But she could see how tender and delicate North was.

Miss Jones brought North back with her. Instead of using a vehicle, they decided to take a walk on the street.

North had suddenly stopped. Her gaze were fixed on an artiste on the street in a daze.

“North, do you want to sing a song?”

“Can i?” North asked softly.

“Of course.”

Miss Jones walked over and exchanged a few words with the artiste. Then, she took out some money from her pocket, and gave it to the artist. The artist went on to hand the guitar to North.

Miss Jones handed the guitar to North, “North, play a song. After you return home, you will be a brand new person. Say goodbye to **the past**. Before you leave, **sing** the song that you want to sing the

most.”

North sat on the high chair **and** placed the guitar in front of her. Her fingers gently played the guitar.

Maybe she didn’t know what she wanted to sing, so she just **casually sang**.

I can’t wait to see the pictures of us lugging.

But I don’t want to see **you**.

I want to hide it behind the frame.

I'll be in a better **mood**

This way, I can still smile and be apart from **you**.

North might not know what she was singing about, but Miss Jones, and everyone in the room could

tell.

The bustling and flashy city streets suddenly became quiet. Everyone turned their heads and looked at her.

North **was** wearing a simple blue pleated skirt.

Hearing North's voice, which conveyed a lot of emotions, the onlookers felt like crying.

North **was** still playing and singing.

Looking back at this prosperous world,

Every moment of loving you is like a subway passing by.

Tears **that** I said would not fall, have fallen.

Now my eyes are **aching**

I love **you**

But I'm out of danger.

She sang these last two words over and over again.

Even the tears that she said would not fall, were already streaming down her eyes.

Miss Jones looked at North, who was helpless and sad on the street. She understood that at North still loved Raven.

Miss Jones draped a coat over North's shoulders, "North, we're done crying, let's

back.”

North sobbed for a while, then she raised her head. Her eyes were red and swollen, and her face was still pale. Like a child who had made a mistake, she whispered with a trembling cry. “Miss Jones, I’ve sprained my foot...”

Miss Jones squatted **down**. She didn’t know **what** Raven would do if he was there. She raised her hand **and** gently touched North’s forehead, “It’s okay, it’s not your fault. We’ll deal with it.”

“Okay,” North nodded.

Miss Jones stared at the diamond **anklet** that North was still holding tightly in her palm. “North, were you looking for your anklet on the street just **now**? During the filming today, Director Ronald asked you to take off the anklet, and you kept it with me. Did you forget?”

“Oh, I really forgot.” North replied calmly. [search the website](#) to access chapters of novels early and in the highest quality.

Miss Jones didn’t think too much about it. Recently, something happened to Raven. And it had taken a toll on North’s mental health. Hence, it was normal for North to forget some things.

“North, let’s go back.”

Miss Jones gently and carefully helped North up. She felt like she **was** leading a lost kitten home. North was really pitiful. If Raven knew about it, Miss Jones wondered how he would behave.

The Domino family’s mansion.

The luxurious business car drove all the way to the Domino family’s **mansion**. The servants had already prepared a sumptuous dinner.

The family **sat** in the dining hall, as they had dinner, Old Mr. Domino said,

“Raven, although you’re out, there’s still a lot of mess to clean up. Randy isn’t ready to leave yet. The **company’s** stock price still needs to be maintained.”

Raven elegantly sliced **the steak** with a knife and fork.

The atmosphere between Mr. Domino and Raven suddenly became a little tense. This time, because **he** had gotten into trouble because of North, Mr. Domino was very angry. But, he held back his anger, and acted calm.

But Raven's attitude was too indifferent. After he came out, it wouldn't have been a problem if he did not apologize. But his attitude was still arrogant and the only person he asked of was North.

When Zhuri **saw** that Old Mr. Domino was about to get angry, she **quickly** smoothed things out. "Dad, Raven, let's not talk about those unpleasant things for now. Let's eat first. Pour some red wine for Young Master." Zhuri said to the maid, who served them.

Aediva **was** Zhuri's newly accepted goddaughter.

Aediva was only eighteen years old. She secretly glanced at Raven.

"Young Master, I'll **pour** you a drink." Aediva walked over to Raven's side to pour him the wine.

Raven did not look at Aediva, but she did not mind.

Zhuri smiled and **said**, "Raven, look how clever she is. From now **on**, we won't care **about** that little

vixen..."

At **this** moment, before Zhuri could complete her sentence, there was a loud bang.

Zhuri was startled, and she quickly fell silent.

Raven threw the knife and fork in his hand heavily on the plate. He wiped the corner of his mouth with a napkin and stood up. "I'm done. I'll go ahead now."

Raven stood up and left.

Accdiva was standing beside Raven, as she poured him some wine, but the loud bang made her tremble, and the red wine was spilled.

The atmosphere in the dinning room, suddenly became awkward. Zhuri had already froze, and her face had turned pale. She had only called North a vixen, and that made Raven exit the dinning room.

Till now, Raven still favored North.

Zhuri really didn't know the brand of love potion that North had given to Raven!

Old Mr. Domino's expression was already ugly. He looked at Raven and said, "Stop!"

Raven suddenly halted. He looked back at Mr. Domino, and indifferently said. "Is there something else that grandfather wants to say to me?"

"You are not allowed to leave tonight. There are many rooms here. I have already had your room cleaned up. You can sleep here tonight!" Mr. Domino replied.

Raven furrowed his eyebrows. He looked a little uninhibited. "No, the bed here is too hard. I'm not used to sleeping here. I'll return home to sleep."

Mr. Raven suddenly stood up and slapped the table hard. He pointed at Raven and scolded, "Is the bed too hard, or are you in a hurry to go back to find North?"

The owner of the house was furious, and the servants were so frightened that they did not dare to make a sound.

Raven looked at Mr. Domino. A few seconds later, he rolled out a low and provocative laugh from his bulging throat. "Oh, since grandfather already knows, why are you still forcing me to stay here?"

"Unfilial child!" Mr. Domino yelled furiously.

"Let me ask you, why are you looking for North? Don't you know that North took the initiative to call President Randy that night, and she even went to his room willingly. She sent you a text message to ask you to find her. She was obviously playing tricks on you. You have no IQ at all!" "After you came out, you didn't learn a lesson at all. Don't you think you're being stupid?"

Raven's face was expressionless, and his low-pitched voice muttered, "Grandfather, I like to be stupid. What does it have to do with you?"

Mr. Domino knew that he had stepped on Raven's sore spot, and it was typical for Raven to try to provoke him by acting nonchalant.

"Enough, Raven!" Zhuri pushed her wheelchair to Raven's side.

"Raven, what are you doing? The past few days, father and I have been running around for you. We're your relatives. We really love you. Could it be that you're going to ruin our family just because

of North?"

"If that's the case, then what am I living for? Why don't I die now? I'll die now!"

With that, Zhuri grabbed the knife from the dining table and emotionally attempted to slash her wrist.

"Ma'am!" Aediva screamed and quickly snatched the knife.

Zhuri shook her head unwillingly, and started to cry.

Mr. Domino looked at Raven, and said, "Raven, you're old now. You're like a wild horse. No one can tame you. If you can leave your mother alone, then you can go!"

Raven stared at Zhuri. A few seconds later, he raised his legs, and kicked a chair, then he walked upstairs, "Where is my room? No one to lead the way?"

After all the trouble, Raven still compromised and stayed tonight.

"Ma'am, don't cry." Aediva wiped Zhuri's tears with a tissue.

Mr. Domino looked at Aediva and instructed, "Aediva, tonight, you will serve Raven's room." Aediva's heart was pounding wildly, and her beautiful face blushed, "Okay, sir."

Inside the room, Raven sat on the sofa.

Soon, he took out his phone and went online. He didn't have a message. North had not contacted him.

Like everyone said, after he was taken away, she forgot about him.

He waited for her, but she did not wait for him.

Raven went through her timeline. She had posted a photo. In the photo, she was wearing a white sweater, and held a cup of milk tea.

Raven stared at her photo several times, and did not want to exit her timeline.

At this moment, there was a creaking sound, and the door of the room was suddenly opened, followed by the sound of light footsteps, "Young Master, let me serve you tonight."

Raven put down his phone. He gently raised his handsome eyelids to look at the lady.

Aediva's pretty face was filled with a suspicious blush. She gazed at Raven, who was on the sofa. Raven stared at her with a gaze, which depicted a condescending inquiry and scrutiny. It made her timid and nervous.

Raven slowly raised his thin lips. His smile was sinister and charming. "Serve me? How are you going to serve me?"

Aediva wanted to seize the opportunity that was presented to her. She knew that Zhuri's accepting her as her daughter was to make her seduce Raven.

up to Raven, and knelt beside him. Then, she stretched out her hand to untie the belt around Raven's waist.

Raven did not refuse, and he stared at her darkly.

Aediva felt that her fingertips were on fire. With a click, the belt detached and her finger slowly moved down.

Soon, Aediva froze because Raven body did not respond.

Could it be that she wasn't attractive enough?

Aediva was trained in this field. She tentatively glanced at Raven, then, she stood up, and wrapped her arms around Raven's neck, as she boldly and enthusiastically sat on Raven's lap.

Chapter 936 Raven Is Here!

With her slender waist being hugged by Raven, he realized that Aediva was almost as soft as North.

Young master, let me serve you tonight." Aediva's bewitching breath swept into Raven's ear, and her entire body twisted seductively.

Any man would definitely be unable to refuse such temptation, thus, Aediva was very confident. Her little hand slid down again.

Soon, Aediva stopped moving because Raven still didn't have any physical reaction!

Aediva was shocked. She felt that she had worked hard enough, but Raven still didn't react. This was a huge humiliation to her.

Mr. Domino and Zhuri asked her to serve him, but he had no physical reaction. What should she do?

Raven looked at Aediva, his cold voice asked, "My grandfather taught you these tricks. Are you trying to use these tricks to serve me?"

"Young Master, I... Aediva made to say, but she felt an inexplicable chill over her body.

At this moment, Raven retracted his hands and pinched her waist. "If you don't have a chance, then get off my legs."

The blush on Aediva's pretty face instantly faded, and she turned pale. Her eyes were red, and they were covered with tears of humiliation.

Aediva quickly crawled down and picked up her coat from the carpet. She held back the tears in her eyes and ran out.

Just as she opened the door, there was someone outside. It was Mr. Domino.

Seeing Aediva running over, Mr. Domino's expression darkened. He reprimanded in a deep voice, "What's going on?"

Aediva forcefully covered herself with her coat, "Sir, I I

"You useless things, pack up and leave!" Mr. Domino immediately chased her away.

Aediva knew that she was finished. She had not completed her mission, so now, she was worthless. The Domino family definitely wouldn't keep a useless person.

Aediva cried and ran away.

Mr. Domino walked into the room. Raven was still sitting on the sofa.

"Raven, what happened just now?" The old man asked.

Raven took a deep breath and slowly said, "What's going on? He can't be obedient, and he can't get hard," Raven pointed at his trouser.

"You!" Mr. Domino gritted his teeth angrily.

"What's wrong with me?" Raven shrugged, "How about you just accept Aediva, and go to be with her, grandma has been gone for many years."

Mr. Domino was trembling with anger. How could he expect that Raven could say such things?

"Raven, I think you're acting against me. You better don't think about that girl called North. If you can't, then I will give you another woman. I'll still say it again, if you choose North, you have disowned your family!" Mr. Domino declared angrily.

Raven smoked the cigarette in his hand, then stubbed out the cigarette butt in the ashtray. He patted the ashes that fell from his trousers, and then, he stood up.

He quickly walked out.

“Where are you going?” Mr. Domino asked.

Raven looked back at Mr. Domino, “Grandfather, aren’t you driving me away? I’ll leave right away.”

After saying that, Raven strode away without looking back.

“You unfilial son!” Mr. Domino had reddened from anger.

Raven quickly went downstairs and walked to the living room. He slowed down because Zhuri was sitting in the living room.

“Raven, are you really going to find North? Zhuri asked through gritted teeth.

Raven stuck one hand in his trouser pocket and nodded, “Well, I haven’t seen her for a few days. I miss her a little.”

Zhuri’s brain snapped. “Raven, are you really trying to force your mother to death?”

“Mom,” Raven interrupted her, “Then what do you want me to do?”

Zhuri stiffened, as she stared at her son in a daze.

Raven also looked at her, his cold black eyes conveying a bit of sadness, “If you’re really don’t mind, then I’ll kill North, and then kill myself to accompany you, okay?”

Zhuri’s eyes widened. She looked at Raven in disbelief. How could he say such a thing?

His current expression did not seem to be impulsive at all. He meant what he said.

“Mom, I’ll go ahead.” Raven strode away and disappeared into the dark night outside.

North was taken back to the crew’s room by Miss Jones. Miss Jones treated her injured ankle, and North laid on the bed and fell asleep.

North didn’t know if she had fallen asleep, because she slept in a daze and kept having nightmares. She dreamt of her father, mother, brother, Madelyn, and the child she had lost.

North suddenly opened her eyes and woke up from the nightmare.

Before Miss Jones left, she lit a dim yellow lamp.

North opened her eyes and gazed at the crystal chandelier above her head and gasped. It was just a dream.

Suddenly, there was a loud noise, causing North to shrink her shoulders in fright.

She looked at the closed door. Someone was knocking on the door outside.

“North, it’s me, open the door!” A deep, and magnetic voice reached her ears.

North immediately sat up from the bed. She could tell that it was... Raven.

Didn’t he go home with his mum and grandad? Why was he here so late? She thought that he would not come. [Search the Findnovel.net website](#) to access chapters of novels early and in the highest quality.

“North, did you hear me? I give you three seconds to open the door, or I’ll break this door.” From the tone of Raven’s voice, North knew that he was obviously running out of patience. He clenched his fists and knocked on the door vigorously.

One...”

“Two...”

North quickly lifted the blanket and got out of bed. She ran to the door with her bare feet.

Outside the door was Raven’s tall and handsome figure. He was dressed in black and stood against

the light in the dark. His right hand was propped on the wall.

“Why did you open the door so late?”

As he spoke, he walked in and slammed the door behind him.

The door of the room was slammed by him.

North was so shocked and frightened, that she quickly took a few steps back, staying far away from him.

Raven tucked his hands into his trouser pockets and slowly walked towards her. His tall and handsome body quickly stopped in front of her. "What are you panicking about? Are there people hiding in your room?"

As he spoke, his cold black eyes swept across the room.

North shook her head, "No, I just....I didn't expect you to come out so quickly."

"Why? Didn't I say I'll be back soon? Did you think I'll never come out for the rest of my life?"

North shuddered, "It's very late. If you have something to say, we'll talk about it tomorrow. This is the production crew. There are a lot of papara zzi outside, and they could get the wrong message with us being in the same wrong by this time of the night."

Raven looked at her and smiled faintly. "I just came out, and you're telling me this and driving me away?"

North had already sensed the cold air on his body. Before he left that day, he said that he would be back soon. She knew that he had come back to find her.

He had already dealt with Mr. Randy, and now, he was ready to deal with her. He would not let anyone who betrayed him go scot free.

"Raven, what do you want?" North had already retreated to the side of the bed.

Raven stared at her. Her long curly black hair was loosely scattered. She looked like she had just woken up. She wore only a black nightdress with suspenders. She looked pure and lustful.

Raven raised his eyebrows and pointed at the big bed. "Lay on it. I'll leave when I feel comfortable."

North pushed him away and wanted to run.

But, where could she run to?

Raven stretched out his strong arms and wrapped around her slender waist, before taking a step forward. They both fell into the soft bed.

North felt dizzy. Before she could react, Raven had already stretched out his hand and opened the shoulder straps on her shoulders.

His actions were direct and rude, and he did not show any kindness to her,

North gasped in pain. Her two small hands touched his shoulders, and then she casually grabbed his short, neat hair, trying to push him away from her chest.

Raven did not move. Her greasy white skin was too delicate. Every time she pressed his chest, it deeply aroused the evil thoughts in his mind, and he wanted to ruthlessly destroy her.

A man like him was always attracted to beautiful people and things. The first time he saw her many years ago, he wanted to pick her up and make her his own.

Raven's deep and narrow eyes were gloomy, and all the emotions in his heart seemed to be vented. He used his fingers to clasp North's struggling wrist and pressed it above her head.

"North, I definitely want it tonight. If you cooperate a little, we'll both be happy. If you don't cooperate, it's you who will suffer in the end."

North's face was pale, but her pitiful strength was simply unable to withstand his.

"Raven, don't be like this."

Raven straightened up slightly and unbuttoned her belt.

North couldn't describe how she felt. At that moment, she was in pain..

The memories of when she was eighteen came flooding back. It was a painful night.

She felt like she didn't have to endure it for the second time. Her long fingernails quickly scratched Raven's back.

Raven didn't feel well either. She was in pain, and he was in pain too. His black eyes were filled with a terrifying aura.

He possessed her again.

The second time, he made her his woman.

Raven's hands covered her small face, he closed her eyes and kissed her, he kissed hard.

North felt like she couldn't breathe anymore. She was like a small boat drowning in the ocean.

She did not care about her struggling again, "It hurts... it hurts... Raven, it hurts..."

She cried out in pain, her voice was very low, and it sounded like soft whispers. Raven didn't want to really hurt her, so he let go of her red lips and reprimanded in a hoarse voice, "Why are you shouting? How many times has this happened? Why is it still painful?"

North hid, wanting to avoid his embarrassing and overwhelming masculine aura. "It really hurt. My stomach hurts..."

North really felt a pain in her stomach. Her mind was filled with the images of the miscarriage she suffered at the age of eighteen.

In that small rental room, the sheets were stained with blood, and then, the blood dripped to the ground, slowly flowing towards the door like a meandering stream.

She was lying on the bed. She felt something dripping from her body. At that time, he was not by her side. She could only hear that sound of her blood dripping.

North's eyelashes trembled in panic, and hot tears rolled from her eyes.

"It hurts, it hurts so much... My stomach hurts so much..." she murmured while crying.

Raven knew that she was delicate and could not stand pain. In the past, he petted her and loved her, so he could not bear to touch her.

She had been back for several years. In the past few years, she had been blooming. She swaggered in front of him every day.

However, it was his business to love her and pet her. He was willing to do so. She shouldn't step on his bottom line.

Now, he didn't know what tricks she was playing. He wouldn't be fooled anymore.

"Why are you crying? You're not allowed to cry!"

"What have you been doing these past few days? Why didn't you come to see me? You really don't have any conscience. If I want to sleep with you, you should take off your clothes and lie down. Don't set up a chastity memorial here!"

His voice was vicious, and his words were very unpleasant.

North felt the pain. Tears streamed down her face. She held onto his big hand, "My stomach really

Raven shook off her hand, "North, I'll never believe you again. You're a little liar!"

North shook her head. She slowly raised her hands and hugged Raven's neck. She buried her wet face in his neck and rubbed against it.

"Brother..."

She called him brother, as sweet and soft as before.

Raven quickly closed his eyes, his bulging throat rolling up and down, he felt that sooner or later, he would die on this woman.

Originally, he wanted to teach her a lesson, causing her pain and making her afraid, but her word 'brother' broke him instantly. His determined heart quickly softened.

Raven's slender fingers slid through her long hair, and his lips fell on her snow white ear lobes, "It's alright, don't cry.

"Bro, my stomach hurts..."

She kept saying that her stomach hurt.

Raven's big hand slowly descended and landed on her flat abdomen. His originally rude movements became gentle. "Does it **hurt**? Let me rub it."

North nodded, as tears streamed down her cheeks.

Raven reached out and brushed away the long hair that was wrapped around her small face, "Stop crying."

North looked at him with tears.

her eyes. Her heart was filled with grievances.

These few days, she **had** been thinking about him so much.

She always slept alone at night. She had nightmares. She dreamt about her dad, mum, brother and Madelyn. She felt a sense of guilt overwhelming her.

She was very happy that he could come tonight.

Now that he possessed her, her body was **in** a lot of pain, but her heart was warmed.

"I'm sorry, I didn't expect you to go in. You hit someone yourself. It has nothing to do with me." She cried.

Raven felt like she was **like a child who** had **done** something wrong **thing**, but didn't **want** to apologize.

Raven slowly **smirked, and said**, "Then why did you enter **that** old man's room? You know now that I don't like other men. Sometimes I can't control myself, and I don't know what crazy things I can do."

North couldn't tell him why she had gone to see Mr. Randy.

It **was** true **that** she loved **him**. But she needed Justice for her family too.

"I don't want to tell you. Anyway, I didn't do anything to hurt you."

"And, I came to see you, but, you were picked up by your grandfather and your mother. I walked **back** alone. Then I twisted my ankle. It hurts..."

She was sobbing. Raven didn't know if she was lying to him, or if she was unconsciously **revealing** the truth. **Anyway**, Raven heart ached.

"Did you really come to see me?" **he** asked.

"**Of** course, I did. My ankle is still swollen..." As she spoke, she pressed her **hands** against his strong chest and pushed him outward, "Go out...I don't want to talk to you..."

Raven looked at her with his gloomy eyes. The tip of his tongue touched her right cheek .

"I won't let go of you. I'm not that happy yet!"

Raven couldn't stop, that would make **him** less of a man.

North pushed him hard. "My stomach hurts, my ankle hurts..."

And she suddenly remembered something, "You're not **using** contraceptives. Stop. You'll get me pregnant. I don't want to get pregnant, I don't want to have a baby..."

When it came to the topic of "pregnancy", she fluttered like a bird. Raven frowned. He remembered a few **years** ago. She was so emotional that **she** asked him to buy contraceptives.

Raven sensed that she **was** really opposed to pregnancy. Search the website to access chapters of novels early and in the highest quality.

Although he didn't want to **have** children, and had no plans of having children at the moment, he **was** still unhappy when he saw her like this.

Raven immediately covered her red lips with his.

North couldn't speak, she was even more afraid that he would mess with her on a whim, so she opened her mouth **and** bit his lips.

She bit him **hard**, almost biting off a piece of his flesh.

Raven was in pain, and he quickly let go of her. He was quite angry, and he swiftly raised his hand to hit her **small** face, “North, I really spoiled you!”

North stubbornly raised her face and wanted to receive his slap, “When I was eighteen years old, you slapped **me** the first time. If slapping me will make you happy, then slap me!”

Raven’s big hand froze in **midair**, unable to hit her anymore.

The atmosphere was stagnant for a few seconds, then he pulled out and collapsed beside her.

Tonight **was** bound to come, but now, it ended in haste. He would never be able to be cruel to her.

Raven looked at the dazzling crystal chandelier above his head, “North, if you don’t want to give me a child, it’s fine, i don’t necessarily need a child from you. There are so many women who want to have **children**, maybe **one** day I will **make** one of them give me a child!”

North **rolled** over, **and bit his his** injured lips.

Raven’s tightly knitted brows slowly loosened. He stretched out his finger to caress her small face, “It depends on your performance.”

North leaned over and gently kissed the corner of his mouth.

Raven clasped the back of her head with her big hand and said hoarsely, "Open your mouth."

When he kissed her, she gritted her teeth.

North shivered, then, she obediently parted her red lips.

Raven lifted her up and sat her on his waist.

North's body was still stiff. She frowned and held back for a few times. She couldn't help but want to push him away.

Miss Jones got the news that Raven was here.

Now, Raven was on the cusp of public opinion. He suddenly came to the crew of "Floating Life".

Miss Jones was frightened. Outside of the crew was filled with paparazzi, and there are many people in the crew. She was afraid that someone might spread the news that Raven was with North.

Miss Jones quickly went to North's door. She wanted to knock on the door, but she retracted her hand.

She was still very discerning. It was really inappropriate to knock on her door at this time.

Miss Jones just waited outside. Two hours had passed, and she even wondered if Raven wanted spending the night with North.

He couldn't stay overnight. Miss Jones racked her brains to figure out how to pull Raven out of North's room.

At this moment, the door suddenly opened.

Miss Jones quickly stood up and turned around. Raven came out, and North was in his arms.

"Mr. Domino, is North asleep?" Miss Jones leaned forward to look at North

North was tightly wrapped in a black coat. Miss Jones saw half of her small face. She was already asleep.

Miss Jones secretly heaved a sigh of relief. In this world, only North could tame a wild horse like Raven. However, in this world, only Raven could handle North.

"I'll take North to my place." Raven said in a low voice.

"Oh," Miss Jones was shocked, "But North still has to film...."

"Give her a few days off, do I have to teach you this?" Raven looked at Miss Jones indifferently, and then he left.

Miss Jones really didn't know how North had fallen in love with a man like Raven.

North had a good night's sleep. She did not have any more nightmares.

At this moment, she slowly opened her eyes and woke up. She looked around and saw that she was no longer on set. She was at Raven's villa, and was on his big bed.

Chapter 939 Gling You To Him

Now, he was there too.

North raised her eyes. At this moment, she was in his arms.

North did not move. His body temperature, his strong heartbeat, and his manly smell made her feel at ease and infatuated.

When she slept in his arms, she didn't have anymore nightmares.

"Are you awake?" Raven suddenly asked.

North looked at him, "Mr. Domino, you should have woken up long ago. The sun is already drying your ass."

Raven opened his eyes. He looked at the face in his arms. Her black hair was wrapped around her soft eyebrows. She was so beautiful that he could not look away.

"I woke up a long time ago. But as soon as I moved, you pestered me, and stopped me from leaving."

What?

She didn't believe it.

"Mr. Domino, I think you were too tired last night. You can't even get up today." North teased.

Raven raised his eyebrows and exclaimed, "Wrap it up! What we did last night wasn't enough to satisfy my cravings!"

North saw that his gaze was a little lustful. She did not dare to flirt with him again, so she quickly avoided his gaze.

Raven firmly kissed her beautiful forehead, then he stood up.

North hugged the blanket, "Are you up yet?" she asked him.

"How can I make money if I don't get up? How can I support you?"

North was an adult, why did he have to support her?

Raven went into the bathroom to wash up. When he came out, he had changed into a white shirt and black trousers. He was dressed like a classic male god.

When he was about to leave, he came to the bed again. "I'm going out. I think I'll be back very late. Don't leave without my permission, okay?"

North knew that he had to deal with a lot of things. President Randy and the company were all waiting for him. She nodded obediently, "Got it."

"Kiss me." He suddenly said.

North got up and wrapped her hands around his neck, and kissed his thin lips.

Raven did not leave.

North knew that she had not satisfied him, so she stuck out her tongue and licked the corner of his lips.

Raven enjoyed her initiative, but he did not take any further action. He had to endure it, otherwise it would be endless. He knew that he would come back and enjoy her at night.

"I'm leaving." He touched her forehead lovingly, and then, he left.

Raven left. North laid down for a while and then got up. This was his private villa. The style was always low-key and luxurious. There was only one maid in the villa.

Chapter 939 Giving You To Him

North felt that the pain in her ankle was gone. Last night, Raven had given her a medicine. It seemed that he had even given medicine to her body. He had hurt her a little bit earlier.

At noon, North's phone rang. It was Mr. Domino.

Mr. Randy was unrelenting. Two days ago, Mr. Domino went to negotiate with him. Mr. Randy said that he would not take the case to court, but North had to be given to him.

"Mr. Domino, did you agree?" North asked.

"Of course, I agreed, North. This matter started because of you, and you should handle it yourself." North laughed. Mr. Randy's manhood was bruised, but he still wanted her.

North looked at the scenery outside the window. "Sir, people really think you're my grandfather. If you let me go, isn't that shameful to you?"

"North, don't you want to go?"

"Of course, I won't go. The only difference between you and Mr. Randy is that one of you is infatuated and the other is delusional. I won't play with you in this game. If there's nothing else, I'll hang up." North pretended to hang up.

"North, are you really not going to help Raven?" Mr. Domino suddenly asked.

North paused for a moment, then smiled casually, "Raven is your grandson. You should have some trust in him. When you see Mr. Randy again, say hello to him for me." With that, North immediately ended the phone.

"Boss, Mr. Raven is here!"

What?

Mr. Randy jumped up from the hospital bed and sat up.

"Hurry up and stop him, I don't want to see him!" Mr. Randy half-yelled.

At this moment, a low-pitched voice came from outside the door, with a smile, "Mr. Randy, I'm here, why are you behind closed doors?"

In the next second, the door of the ward was pushed open, and the cold air from outside instantly seeped in.

Raven was here. Today, he was still dressed in black. He was tall and handsome. He stood by the door. His deep black eyes fell on Mr.

Randy's body. Like a lion wandering through the forest.

Mr. Randy had his bodyguards at the entrance. The bodyguards wanted to stop Raven, but they were quickly pushed aside by Raven's men.

Mr. Randy's body was trembling with anger. The bodyguards he had paid for were just trash!

In front of Raven, they were like chickens, who were ready to be slaughtered.

At this moment, Raven walked over to the hospital bed. He took off the black leather glove and

patted Mr. Randy's face with it.

“President Randy. I heard that you are still in the hospital, so I brought you some supplement.”

Raven’s hands were very strong, and the black leather gloves slapped Mr.

Randy’s face. Mr. Randy was very angry. He felt that Raven was acting like a hooligan!

“Raven, go out, I don’t want to see you!” Mr. Randy ordered impatiently.

“Mr. Randy, you’re still angry. Don’t be angry. What supplements did I bring for you? Don’t you want

The private secretary handed over a few gift boxes, and Raven stuffed the gift boxes one by one into Mr. Randy’s arms, “Look, these are all medicines, which would help to treat you If you’re suffering from impotency. Maybe, if you adhere to these health care treatments, you’ll be fine.”

“President Randy, just take your supplements, okay? Later, I’ll report all your medical expenses to my private secretary, and I’ll reimburse you.”

Mr. Randy was extremely furious. He looked at Raven. Raven had shaved, and his handsome facial features were even more defined. Now, there was no guilt on his face. He stared at him with a playful and mocking smile.

Mr. Randy felt that he was the worst victim in history. He instantly threw all the supplements on the ground, “Raven, don’t play this trick with me. As long as I don’t call it quit, then this matter will not be over! You should apologize to me now, and beg me to let you go!”

Raven squinted his black eyes and looked at the sunlight outside. “Mr. Randy, is it day or night?”

“Of course, it’s daytime!” Mr. Randy replied.

“Oh,” Raven nodded, “You know it’s daytime, so why are you still dreaming? What nonsense are you. talking about? Wake up, stop daydreaming.”

Randy breathed heavily. Only then did he realize that Raven was mocking him.

At this moment, Raven indifferently retracted his gaze. He lifted his handsome eyelids and looked at Mr. Randy.

“Speaking of which, let’s talk about Mr. Randy, why did North look for you that night?”

Mr. Randy froze for a moment. He looked at Raven in disbelief.

Raven laughed. He rolled out a low and sultry laughter.

“Mr. Randy,” Raven gazed at him, “You’re staring at me too much. You ain’t falling in love with me.

Randy would never **say** anything about the Paulo **and** Domino family, not after the humiliation he had been through.

“Raven, I’m afraid you have come here for nothing, because I won’t tell you!” Mr. Randy vowed.

Raven’s handsome facial features **was** devoid of emotions. He raised his eyebrows. “Oh, okay. Since you don’t want to say it now, then I’ll leave.”

Raven got up and left.

President Randy looked at **Raven** suspiciously, he felt a little uneasy. Did he come just to ask the reason why North had been to his room?

At this time, Raven had already reached the door. His footsteps suddenly stopped. “Mr. Randy, when you’re ready to say it, call me.”

Raven’s lips curled into a smile, and then, he swaggered away.

Mr. Randy touched his forehead. A cold sweat formed on his forehead. The hospital room was still in a mess, and all the supplements were on the floor.

Mr. Randy had a bad feeling. He felt that Raven was **about** to attack.

In the afternoon, this bad feeling was verified, and his subordinates rushed in, “Boss, this is not good, something happened!”

The Domino Cooperation officially held a press conference in the afternoon. The Domino Corporation’s CEO, Raven, appeared for the first time after the incident..

Raven wore a black suit and sat at the center of the audience. He said to the camera, “I did hit someone. I hit President Randy. It was my fault for hitting him. I **apologize**.”

Mr. Randy sat on the hospital bed and watched Raven through the screen.

Mr. Randy knew that Raven was not a **good** person. Raven, who had been able to make the Domino Corporation the richest **in** a few years, not only had the talent to run a business, but was even more treacherous and hypocritical as a businessman.

“Boss, Mr. Raven said this at the press conference, but his words were not just for fun. He directly pushed you **to** the forefront.”

“Because Mr. Raven didn’t disclose the reason why he went physical with you, everyone is even more curious.”

“All the things you’ve done in the past few years have been exposed. You cheated in your marriage. A young model came out and accused you with tears in her eyes. She said that you raped her five years ago. You’re currently trending, sir. Everyone is outraged.”

Mr. Randy quickly went online. He was **a** famous film critic and already had a great reputation. Mr. Randy glanced through the comments on the Internet. He was scolded by everyone.

Mr. Randy’s **hands** and feet were cold. He knew that this public opinion storm must have been manipulated by someone. It was only Raven, who was capable of such!

But he couldn’t **argue**, because these were all fact. He had slept with too many women.

"Aren't you afraid of falling when you run in such a hurry?" Raven probed.

"I'm afraid of you being impatient." **She** replied.

Raven chuckled. As long as she lowered her stance and spoke gently to him, he would be coaxed to the point of being overjoyed.

Raven let go of her, "I brought you a present. Let's see what's inside."

Only then did North notice that he had an exquisite gift box in his hand..

North opened the box. Large luminous **pearls** fell out, onto the tiled floor.

North **was** **shocked**. The night pearls on the floor were the size of goose eggs. They were crystal clear. They had already illuminated the entire living **room**.

The Night Pearl was worth tens of thousands, and there were still so many of them here .

North had been spoiled over the years, and she had only been **in** contact with high—**end** luxurious goods in the entertainment industry.

The rich man's world was truly breathtaking.

North stretched out her hand and picked up two Pearls and held them in her hands. She blinked and **looked** at the man, "Mr. Domino, are these all for me?"

"Yes." Raven nodded.

"Thank you, Raven."

Raven looked at her. His handsome eyebrows were very gentle, as if he was looking at a beloved pet.

North squatted down to pick up the Night Pearls on the carpet. She had just picked up a few and held them in her arms, **and instantly**, she was kicked on the buttocks and by the man behind **her**.

North rolled to the ground. She turned her head and saw a tall man standing behind her. When he kicked her, he looked at her with his handsome eyes.

North's face turned red. He was so vile that he kicked her a**.

The maid secretly glanced at them.

She blushed and quickly retreated.

North, who had been kicked, gave up. **She** stood up and said willfully, "Mr. Domino, I won't pick it **up anymore**, help me pick it up."

"I kicked you and you're squeamish? If I do something else, wouldn't I have to treat you **as an** aunt?"

"Then, does President Domino **do anything** else to his aunt?" North asked.

Raven had **nothing** to say. He squatted on one knee and obediently picked up the Night **Pearl** on the carpet and handed it to her.

North reached out to pick it up, but he did not let **go**.

North looked up at him in surprise.

Raven lowered his voice, he leaned closer to her ear, and said, "Go **upstairs**."

He pointed to the bedroom upstairs.

North was not a child. "Go upstairs" from his mouth was **not** a good word. She immediately refused, "**No**."

Raven wrapped his arms around her waist, and imprisoned her in his arms. "The maid I found still knows what to watch and what not to watch."

—

North was pulled into the master's bedroom. She twisted and broke free from his arm. "I'll hide the night pearl first."

North went to the bed table and placed the Night Pearl in the bottom drawer and locked it.

"No need to be so troublesome. Tomorrow, I'll have someone prepare a treasure box for you, so you can hide these treasures." Raven said.

North's heart skipped a beat, as she raised her eyes to look at him.

Raven casually took off his suit and was now sitting beside the bed in a white shirt and black

trousers.

"By the way, do you like the decoration here? Is there anything that needs to be redecorated?"

North looked at him, "President Domino, are you planning to live with me?"

"How about that?"

North did not say anything else.

Raven reached out **and** patted his thigh. "Sit."

North hesitated for a few seconds, then she stood up and sat on his lap.

Raven raised his eyebrows and stared at her.

"Would it be possible to sit with your legs apart? North, I'm not your brother anymore. I'm your

man.”

North looked at his domineering face, then she **spread** her legs and sat on his sturdy thigh. She even stretched out her hands to hug his **neck**, “President Domino, I don’t want to live with you right now.”

Raven hugged her, and his thin lips fell on her soft little **face**, and he began to kiss her.

“I’m just telling you about us cohabitating, I’m not asking for your opinion.”

“But, I still have to film and live in the crew, so it’s inconvenient...”

“I’ll take you to set whenever you have a shoot.” Raven kissed her red lips.

North knew that he was a domineering man. If he wanted them to live together, then, they had to live together.

At this moment, Raven held onto her hand and pulled it into his trousers pocket. “Reach in and see what’s **inside?**”

North dipped her hand into his trouser pocket and quickly pulled out a small object.

She looked at the little thing in her **hand**. It was a lubricant.

North’s densely combed eyelashes shuddered.

“What is this?” North raised her eyes and looked at him innocently, pretending to be oblivious **of**

what it was.

Raven stared at her with a dark and burning expression, then the corner of his mouth drew an arc, “Don’t you understand?”

“I don’t understand.” North shook her head.

“Forget it, leave it to me.” Raven placed the little thing under his pillow.

North curled her fingers slightly, as she grabbed onto the shirt on his shoulder.

“North, Mr. Randy’s matter is almost handled. My grandfather will handle it soon. I definitely want you. You want to make your man happy, right?”

North bowed her head. Miss Jones once said that men are used to conquer the world, and women are used to subdue men. In this revenge, she would still use him as a sword to hurt all his relatives.

Maybe it was guilt. North felt that **she** had to treat him better.

“Yes, I want to.” North raised her hands and caressed his handsome face, then, she gently kissed his thin lips.

Raven wrapped his hands around her slender waist and fell backward.

After an unknown amount of time, there was a knock on the door.

North shivered and ended the kiss. She did not know how long they had kissed, and her **lips** were numb.

“Sir, dinner is ready.” The maid said outside the door.

Raven raised his hand to cover his eyes, and he said in a hoarse voice, “Got it.”

The maid outside the door wisely left.

North moved and thought about it, “Let’s go have dinner.”

Raven still imprisoned her domineeringly, not letting her go, “How can I continue like this, you want to send me away with just a kiss?”

“I’m afraid you’re hungry.”

“Did you eat something?”

North shook her head, “No, I waited for you.”

Her gentle words made Raven feel elighted. Raven reached out and caressed her soft face.

Then, he held her little hand.

North quickly resisted, “No, my hands **are** still sore.”

She looked at **him** innocently with a pair of black eyes.

Raven felt that **his** soul was about to be hooked by her, but he allowed himself to be addicted. He already liked her beautiful and stunner-like figure.

“How about we try the thing under the pillow?” Raven raised an eyebrow, and asked,

North had already accepted to **please** him. Her **hands softened** and **she no longer** resisted.

The duo had been arguing for a long time. Now, Raven was like a wild horse that was haunting North.

The maid warmed the already cold food again, and North went to the kitchen to help with the dishes.

At this moment, Raven’s phone **rang** out.

It was Mr. Randy that was calling.

Raven went to the side to answer the **call**.

Mr. Randy was crying and begging for mercy, “Mr. Domino, it’s all my **fault**, please let me go. I can’t do this anymore, I’m about to be killed.”

Raven stood tall and handsome **in** front of the floor-to-ceiling window. After a while, he said, “Say what I want to **hear**.”

At the other end, Mr. Randy froze. What he wanted to hear was nothing more than North’s purpose for entering his room.

“Mr. Domino, it’s time to eat dinner.” At this moment, North ran over.

Raven turned to **the** side slightly, his cold black eyes fell on North.

When North saw that he was on the phone, she turned around and left.

Raven watched as she was walked, but he did not say anything. With a flick of his finger, he turned on the speakerphone.

“Mr. Domino, I’ll tell you, I’ll tell you everything. That night, North came into my room to inquire about the past of the Paulo and Domino family. She wanted to **know** what happened between her mother and **your** father, Tobias.”

North instantly halted. She quickly turned around.

Now, Raven was looking at her, his eyes were as dark as ink, and he stared at her motionlessly.

“Oh, really?” Raven asked Mr. Randy.

“Since she wants to know about the past, you can tell her now. It’s fine, I want to hear it too.”

“Mr. Domino, at that time, I was tempted, so I wanted to lure North to bed before telling her what I knew. I deceived North. I deliberately told North that her mother did not seduce your **father**, Tobias.”

“Mr. Domino, there’s nothing **to** say about what happened back **then**. It was North’s mother who seduced your father. When the two of them were in a hotel, they were caught by North’s father, and your mother. And that led to the tragedy between the two families.”

“President Domino, I’ve told you everything. Please spare my life...”

North could no longer hear Mr. Randy’s voice, because Raven immediately hung up.

Raven put **away** his phone, he lifted his long legs and walked over. He looked at North.

He reached out and held North’s little hand. Her hands were cold, like ice cubes.

“Are you cold?” He rubbed her hands, wanting to pass his body temperature to her.

“What do you want to know? You can tell me directly. No matter what it is, as long **as** you have doubts in your heart, I will bring **you** answers. North couldn't say a **word**. She looked at Raven in front of her. Her hands and feet **were** cold. He was calm, **and** was so terrifying.

Right now, he **was** rubbing her hands together, doting on her. However, she could not feel any warmth.

North knew that he hated **the** Paulo family as well as her.

"Do you think what Mr. Randy **said just** now is true?" North asked.

"**What** do you mean?" Raven lifted his handsome eyelids and looked at her, "**Then** what do you think is the truth? Your mother didn't seduce my father? Or my mother didn't lose her legs because of your mother?"

North knew it, she knew that he didn't believe her.

From the bottom of his heart, he believed that everything was done by the **Paulo** family.

Raven dragged her away.

North knew that he was angry, **so** she followed behind him, “Raven, what are you angry about? No matter what others say, I believe in my mum. I will prove everything, I will prove it. Everything you put on me is wrong, I will prove that you hated the wrong person from the beginning!”

North really didn’t know why Mr. Randy said what he had just said, but she only believed her mother.

Raven stopped. His handsome eyebrows were covered with gloom.

“North, you know I don’t like to bring up this topic. Be good and let’s eat dinner.”

North forcefully withdrew **her** hand. “From your point of view, I should be a sinner. Sinners don’t deserve to eat dinner. Eat it yourself!”

After North finished speaking, **she** turned around **and** ran upstairs, directly into the master bedroom, and locked the door.

Raven stood downstairs with one hand on **his** hips. He licked his dry lips **with** the tip of his tongue. He laughed angrily. He was still angry, but he didn’t want to show it.

Raven suddenly thought of something very important. She locked the door. Where was he sleeping tonight?

Raven could not accept it. This was the first day that he and North had lived together. He would definitely not go to the study room.

Raven raised **his** legs and went **upstairs**. He came to the door of the master bedroom, he raised his hand and knocked on the door, “North, open the door.”

“No! I won’t!” North refused.

Raven lowered his voice, revealing a bit of connivance and coaxing, “North, open the door, I admit that I shouldn’t have hurt you, I shouldn’t have spoken loudly to you, but you shouldn’t mess with me. Don’t be angry anymore.”

There **was** no **sound** inside. A few seconds later, the door cracked open, revealing North’s charming black eyes. She looked at him from inside.

“Raven, even if we’re both at fault, but you’re a man, can’t you let me win an argument?” North pouted her red lips, and her voice was soft and delicate.

Raven's heart softened. She was **his** pampered pet and he could not bear to hurt her.

"Okay, what do you want me to do?" Raven **said** softly.

"You just have to say sorry, and this matter will be turned over." North bit her red **lips**, adding a touch of tenderness.

"I'm sorry, I was wrong." Raven apologized.

"Alright, Raven, you've finally admitted that you were wrong. Tonight, you're not allowed to enter the room." After speaking, North immediately closed the **door**.

Outside the door, Raven stood speechlessly.

At this moment, he heard a chuckle.

Raven turned his head, It turned out that the maid couldn't help but laugh when she saw **her** boss being **chased** out.

"Sir, I didn't see anything." The maid hurriedly ran away.

Raven looked back. His handsome face was extremely ugly. He originally planned to hold her to sleep tonight. The feeling of sleeping with her was really wonderful.

However, it was clear that tonight, he was going to sleep in the study room and stay alone in the empty room.

At this moment, Raven had an impulse. He really wanted to kick open the door.

But instead, he carried his pillow and quilt into the study. At this moment, his phone rang again. **It was a call from** Mr. Domino.

He touched Mr. Randy. He had expected his grandfather's call sooner or later.

Raven tossed the phone aside and did not answer it.

The Domino family's mansion.

Mr. Domino heard a mechanical female voice from the other end of the phone, "Sorry, the number you dialed is temporarily unavailable."

Mr. Domino threw **the** phone angrily. He knew that Raven purposely didn't answer the call.

At this moment, the butler quickly advised, "Master, please calm down."

"How can I calm down? Raven is really difficult to discipline. He doesn't even answer my calls!"

"Master, in my opinion, the young master is the most outstanding member of the Domino family. It can be seen from the young master's resolute handling of Mr. Randy's affairs. Of course, the young master also has a great temperament, just like most of **the Domino's**."

"I'm not worried about Raven. **I'm** just worried about North. As soon as Raven came out, he took North to his home. He completely **ignored** my threats and warnings."

"Raven is at a young age now, **so** it's normal to be a little rebellious, but this involves North. Once North satisfies him on bed, then Raven won't be **able** to let her go in the future."

"I called Raven to tell him about North's plan, but he he didn't even answer my call." Mr. Domino snorted angrily.

"Master, we can't be forceful with young master now. Young master is naturally rebellious. If you are forceful, you will unknowingly push him to North."

"How about we go to his house tomorrow, and inform **him** of North's plans. Then, young master will naturally stay away from her."

Mr. Doming felt that what the butler said was very reasonable. He nodded and said, "Tomorrow, we'll go visit Raven."

Raven received a call from the maid while in the company. The maid said, "**Sir**, Miss North said that she is feeling bored and wants to go shopping today."

Raven remembered that he had slept coldly in the study last night, **and** vowed to sleep in **the** bedroom tonight. He frowned, "Understood, let her go out to shop. She should go with my card, and get whatever she wants."

He had given her a gilded black card a long time ago, but she had not touched it.

Raven opened his inbox and read each message one **by** one. In just one hour, she spent hundreds of thousands on shopping.

Before, she refused to swipe his **card**, but now she swipes it as a matter of course.

Raven slowly curled up his thin lips. He was very happy. She is his woman, so she should be pampered **and** nurtured by him with money.

The personal secretary rarely saw his president in such a good mood. He couldn't help but ask curiously: "President, what makes you **so** happy?"

Raven looked back at a document and replied, "Can't you see I'm smiling bitterly?"

Smiling bitterly?

The private secretary really can't deny that his president is very handsome now!

"I'm really smiling bitterly. There is **a** woman who is wasting my money like water. I have a lot of pressure raising her. Looks like I will have to try to make money in the future." Raven let out a sigh" while laughing.

The private secretary thought in surprise: "Huh-"

At six o'clock in the afternoon, Raven got home from work.

The villa door opened, and the servant respectfully said: "Sir, you're back!"

Raven replied faintly, glancing at the living room. Not seeing that beautiful figure, he asked, "Where is Miss Paulo?"

"Miss Paulo is upstairs."

"So I'll go up and find her." Raven rushed upstairs, but soon he slowed down.

The maid asked curiously: "Sir, what's wrong?"

Raven put one hand in his pocket, pulled the tie around his neck, his movements were a bit wild, his voice lowered, and he asked in his deep voice: "Is Miss Paulo feeling better ?

The maid, "..."

The maid even suspected she was hallucinating. Her boss was using the most arrogant tone to ask the most concerned words. She perked up her ears, thinking that her master **was** about to mysteriously say something big!

The maid looked at Raven, which meant, "Sir. I **can** see that you had the smell of a strict wife."

Raven frowned, meaning, "You got it wrong."

The maid looked at him, "I've been a maid for half my life so I can't be wrong."

Raven was speechless, ... Cough cough."

"Sir, Miss Paulo is in a good mood after returning from shopping." The maid said, meaning. "Congratulations, you **can** go back to the bedroom tonight."

Raven raised his heroic eyebrows and happily walked upstairs. His steps were a bit hurried. Each time he climbed two or three steps, then his tall and handsome body quickly disappeared into the master bedroom.

Raven pushed open the door and saw North. Today she went shopping and bought a lot of things, including beautiful clothes, beautiful bags, beautiful shoes... **and** is now putting them in the closet. She was having fun, humming a tune. She wore a short black dress with a **square neck**, showing off her hot body, her long wavy hair falling over her shoulders.

Raven stepped forward, stretched out his strong arms and hugged her from behind.

“Ah!”

North didn’t notice him coming in and was suddenly hugged by him, screaming in fear.

Raven’s thin lips landed on her earlobe, kissing her hard, cursing harshly, “I haven’t fucked you **yet**, why are you screaming?”

North struggled twice, “Mr. Dominos, let me go. You’re making my new clothes wrinkled.”

Raven hugged her and refused to let go, saying: “**Are** your clothes or your man more important? You

North feels this man is very realistic. Rumor has it that he is very generous with women, giving away villas and yachts. Why didn’t he easily buy some clothes for her?

“Mr. Dominos, let me go first. I bought you a gift today!”

Raven buried his handsome face in her long hair and pink neck, sniffing everywhere like a puppy clinging to her. He asked,
“You used my money to buy me a gift and want me to say thank you?”

North pushed him away with force, then picked up something. “Mr. Dominos, this is for you.”

Raven glanced at it and saw that it was a pair of...underwear.

She said she bought him a gift but it turned out she **bought** underwear.

She actually bought him underwear.

This leopard print underwear was quite... fashionable.

Raven didn't know whether to laugh or cry. Her aesthetic taste has never disappointed anyone.

"How much does it cost?"

"There's a discount in the mall, \$14 each. Mr. Dominos, compliment me. I'm a good saver, right?" North winked waiting for his praise.

She spent so much money to buy things for herself, then spent 14 dollars to buy him a pair of discounted leopard print underwear. Raven curled his lips and sincerely praised: "North, you are the best."

Raven went to hold her. They struggled all the way to the study room. Raven stretched out his strong arms to hug her slim waist, and they both fell onto the sofa.

He slept on the sofa last night. The maid didn't know if he could go **back** to his bedroom tonight or not, so **his** comforter and pillow were still placed on the sofa. At this time, the two of them entered together.

"Mr. Dominos, please let me go." North struggled in his arms.

"You're so naughty. I'll punish you." Having finished speaking. Raven turned her over, leaving her kneeling there and her small hands resting on the sofa.

This pose...

North blushed. She always felt that her theoretical knowledge was very rich, but in front of this man, he could always open a new chapter for her.

She moved uneasily, then there was a "bam" sound, and she was slapped on the butt.

Raven spanked her a**.

"Ah."

It hurts.

He really slapped her a**. North felt a burning pain and her seductive **eyes** were immediately covered with a layer of crystal mist, "Raven, are you a pervert? Let me go. I won't play with you. anymore!"

Raven's eyes turned red. His kiss fell on North's small face. "You just spent my money, now you don't play with me anymore. North, you really have no work ethic."

"Ah." North angrily scolded him, "You violently play S.M. This will cost you more!"

"The final decision on how much to add is yours. How to play, listen to me." He spoke hoarsely.

North was a little scared. At first glance, he looked very horny like no **one** else.

At this time, the maid's voice came from outside the door: "Sir, Miss Paulo, Old Master Dominos is

Mr. Dominos is here!

North's eyelashes shivered. She immediately moved away from him and said, "Mr. Dominos, your grandpa is here. If you dare to bully me again, I will tell him to punish you!"

Although Raven didn't say anything, he used the tip of his tongue to lick his thin lips, showing a disappointed look on his face. He glanced at North and said: "If you go and complain to my grandpa, he won't claim justice for you."

"Why not?"

"Because you're a little devil. You're bewitching me again."

"Oh," North nodded, "It seems your grandpa really loves you."

She stood up, preparing to leave.

But Raven grabbed her slender wrist, gently pulled her directly onto his strong thighs.

At this moment, footsteps were heard outside the door, "Where is Raven? I want to see him now."

"Mr. Dominos, let me go and inform him. It's not good for you to come in like this."

"**Huh**, I'm Raven's grandfather. When I visit my grandson, do I **need** someone to announce it? **What's** the joke?"

Mr. Dominos was outside the door so North was a bit panicked. Right now she doesn't want to meet the Dominos family. She raised her delicate eyebrows **and** looked at Raven, saying, "Mr. **Dominos**, if you **don't** let me go, your grandpa will really teach me a lesson."

"If you go out like this, you will have to meet him. Don't worry. I won't let anyone teach you a lesson, except me of course." Raven opened up **his** own perks.

North, "..."

The next second, he picked North up. Mr. Dominos was right outside the door so the only way was to hide her. **Raven** reached out and tucked North into the **small** corner under the table and he sat on the

Mr. Dominos was **speechless**, “Where is North?”

“She is not here.” Raven lied without blinking an eye.

Mr. Dominos snorted coldly. At this moment, he suddenly saw the pillows and quilts on the sofa, his expression changed: "What is this? Raven, last night... Did you sleep in the office?"

Raven nodded, "That's right. Last night I yelled at North, and she got angry and kicked me out so I slept in the office."

Mr. Dominos always felt that Raven was the best person in the Dominos family and didn't indulge in beauty.

on him.

However, he was willing.

"Grandpa, I know what you came to see me for this time. North and I are together. From now on, you don't need to interfere with us anymore." Raven raised his thin lips.

Mr. Dominos felt that his grandson was truly lawless. He slammed the crutch in his hand on the ground and shouted, "Raven, have you forgotten my warning? You can only choose one, your achievements or the beauty."

Choose between his achievements and the beauty...

North raised her seductive eyes and looked at him.

Raven's handsome face was calm. He curled his thin lips slightly and said: "Grandpa, you are really old. You still don't know the news."

What does he mean?

Mr. Dominos **was** stunned, with an extremely bad feeling inside.

At this moment, the study door was pushed open and the butler hurried in: "Master, it's not good. Something happened!"

"What happened?"

"I just received news that the people on the board of directors that we arranged were chased away by the young master. Currently, the core team in the company is the young master's people. At **today's** shareholder meeting, all shareholders voted unanimously in favor of letting you out. In other words, the Dominos family has nothing to do with you now."

What?

Mr. Dominos's breath seemed to stop. He was afraid that one day Raven would escape his control, so he never let go, and even planted his own spies there.

But now Raven had cut off all the ropes and kicked him out. Thinking about how Raven during this time remained calm but acted impeccably, holding power with an iron-blooded hand, Old Master Dominos felt afraid.

"Raven, you..."

Raven lazily leaned his sturdy back against the chair and calmly said: "Grandpa, you always ask me to choose between my achievements and the beauty. Now I can answer you. I am very greedy. I want both."

North now looked at Raven. She never denied his charm. It's hard not to be moved by a handsome, powerful man who has always protected her for more than ten years.

Besides him, she had never met any other man like that.

When Raven lowered his eyes, he saw North looking at him passionately. Her eyes were dreamy... He hadn't seen her eyes like that for many years.

Raven couldn't help but reach out his big hand and squeeze her **hand**-sized **face**.

This time North didn't resist, she obediently pressed her small face into his palm, rubbing intimately.

Chapter 947: Cooperate, otherwise you will suffer!

North knew that someone as intelligent and vigilant as Raven must have had his suspicions for a long time.

"Some time ago, North met an old friend of the Paulo family. This old friend **said** a lot of unexplainable things. She actually told North that everyone in the Paulo family is innocent. She also said that it was all your father's greedy wishes and intentions, including her mother's. The scene of raping her mother **was** your father's plot. It was your father who made her mother faint. The car accident involving North's parents was caused by him, too. The person behind the scenes was also the Dominos family. Even North's brother, Grayson, the little lord **causing** a stir in the entire Imperial family was also killed by the Dominos family. It was all because of the Dominos family... North really believed these ridiculous words. One time on the phone she told me that from **now** on she and the Dominos will fight to the death."

"Raven, I also know what happened next. North started to proactively be kind and approach you. Raven, please wake up. North doesn't love you at all. This time, she approached you just to use you, and to bring down the entire Dominos family. Me, your father, your mother, even you are all her targets!"

North almost laughed. Mr. Dominos said these words with great emotion, expressing pity and resentment in them, as if these were all false accusations, the Dominos family had always been innocent and their hands had never been stained with the blood of the Paulo family.

Fraud, greed, hypocrisy, and cunning are the typical characteristics of this family.

North raised her eyes and calmly met Raven's gaze.

Raven's expression was unclear, or in other words, he had no expression at all. He glanced at North faintly and said: "Grandpa, I understand. It's getting late. I'll **send** someone to take you home to rest."

"Raven, that's my business. Think about it." Mr. Dominos turned and left.

On the lawn, the butler respectfully opened the back door and **said** nervously: "Master, I think the young master is really fascinated by Miss Paulo right now. Did what you just said really work?"

Mr. Dominos's cloudy but sharp eyes were filled with an unpredictable smile. He replied "Tell me, how much does Raven believe what I just said?"

The butler was stunned: "Master, what do you mean?"

In the study room, after Mr. Dominos left, North quickly crawled out, adjusting her clothes. **search** the website to access chapters of novels early and in the highest quality.

At this moment, a **man's** deep, magnetic voice entered her ear: "North, what do you want to tell me?"

She tilted her head to look and saw Raven slowly turn his office chair, his cold black eyes looking at her small face.

North raised her hand to push a strand of hair on her cheek behind her ear and replied, "Your **grandpa** is right. This time I **came** to find you for revenge."

"Revenge?" Raven smiled slowly and dismissively, "With me?"

"No, it's up to you."

North didn't want to deceive **him**. Now **she** said clearly, if she uses **him**, he can enjoy her beauty and her body, and they won't owe each other anything.

Chapter 947: Cooperate, otherwise you will suffer!

As for who can win in the end, it depends on each person's ability.

"Haha." Raven smiled softly, "How badly do you want revenge?"

North shook her head: "I don't know... Let's see how much **you** like me."

Raven didn't speak anymore, the entire study room fell silent, a bit **sad**, making it difficult to breathe.

After a long while, Raven said: "Let's go have dinner first."

After dinner, North returned to the room, took a hot bath and went to bed. Raven hadn't come back yet. He was working in the study room.

North started having nightmares again. Very quickly, she frowned and felt a large rock pressing **on** her, making her feel suffocated.

It was very uncomfortable.

Her thick eyelashes trembled uneasily, and she quickly opened her bright eyes.

The next second, a handsome, statue-like face enlarged in her sight.

Raven.

North's face turned white. She was stunned for a few seconds, and didn't know when he came back.

He had finished showering, **was** wearing **black** silk pajamas, his neat short hair still had drops **of** water, probably too lazy to wipe it with a towel. The waistband of his pajamas was tied loosely, revealing most of his muscular chest, and **the** evil energy seemed to penetrate his bones.

He was kissing her.

He kissed her not gently at all. After kissing for a long time, he used his teeth to gently bite **her**, ravaging her soft lips.

North felt sore, and really uncomfortable. She raised her soft white hands and placed them on his muscular chest, trying to push him away.

At this moment, Raven opened his dark eyes, looked at her condescendingly and asked : "Are you **awake**?"

"Raven, let me **go**!"

"I'm not in a good mood tonight, you better cooperate. Otherwise, you will suffer!"

He spoke very clearly, with a bit of warning. North wanted to speak, but his overwhelming kiss fell.

Raven closed his eyes. He felt strange, **too**. When he's **in a bad** mood, he wants to vent his anger on her. Her smooth body was wrapped in pajamas as soft as poppies, easily making him addicted.

Raven suddenly couldn't control himself **and** bit the tip **of** her tongue.

"Ah."

North was in so much **pain** that she gasped, **and** her painful body curled up,

“Mmm Hmm!”

She pounded him hard.

Raven woke up a bit and let go of her red lips. The girl below was made miserable by him, her long hair tangled on her soft little face and **pink** white neck, her small red mouth.

Raven frowned, suppressed the anger in his chest, admitting that he **was** a bit out of control of his

emotions.

Chapter 947: Cooperate, otherwise you will suffer!

With one hand he pressed her down, the other reached under the pillow and took out a small object and pulled up the hem of her dress.

North's pupils shrunk. She felt like he had to do it tonight and she wanted to pull her skirt back down. “What are you doing?” Raven frowned his heroic eyebrows, then stretched out his big hand to pat her face, “My patience is limited. You should stop acting like you're still a virgin. I, Raven, can't give anything away for free.”

North's white face had red marks from being kissed by him. She closed her eyes and said calmly: “Can't it be... another day? I came here to live a simple life.”

Raven stopped, displeasure evident on his handsome face.

North wanted to stand up, but he quickly pushed her down, placing his rough thumb on her swollen red lips, looking at her with intense eyes.

North's heart was pounding, and she immediately refused: “No...”

Raven took off his belt, curled his lips **evilly and** said: “You said it yourself. Let me see who is better between you and Liliana.”

Chapter 948 A **red** rose

Raven stood on the balcony smoking a cigarette between his long fingers.

In fact, he had smoked a few cigarettes. There were cigarette butts in the ashtray. He slowly exhaled smoke from his mouth. He could still hear the sound of vomiting in the bathroom.

North's vomiting was a bit serious. She vomited over and over again for a long time.

Raven threw half the cigarette in his hand into the ashtray, then turned and strode towards the bathroom door, placing his large hand on the door handle, intending to open it, but the door was locked from the inside.

"North, open the door!" He frowned and said, not happy.

Inside there was no sound.

"North, do you hear me? Open the **door**, or I'll kick it down!" He lost all patience.

Inside was still silent.

The passion and infatuation that had just faded away overnight, and Raven admitted that he felt a bit regretful that he had gone too far.

She was there for a long time and was vomiting.

Raven raised his leg and wanted to kick the door down.

But the next second there was a "click", the bathroom door opened, and North appeared in sight.

Her face was as white as paper. **She** had just washed her face with cold water, the hair on her cheek was wet and stuck to her face, her lips were red and swollen, and there was a wound from him biting her. In short, she was tortured by him.

Raven's heart sank. He asked, "Are you upset?"

He raised his hand to caress her small face.

North didn't avoid it, coldly looking at him: "What's wrong? Mr. Dominos, do you want more?"

Raven's fingers seemed frozen in midair.

After a few seconds of silence, he retracted his hand and said: "So disappointing!"

After speaking, he angrily turned around, took his coat and slammed the door.

North was standing there, hearing the maid's voice from downstairs saying: "Sir, **it's so** late, do you still want to go out?"

"Bang."

The villa door was slammed shut, and Raven drove away.

North was tired. She took a hot bath and then went to bed.

The following days, Raven didn't return. North didn't proactively contact him, either. **She** returned to the film crew to continue filming.

During a break in the filming, Miss Jones came over and said in a low voice: "North, Dr. Freya just sent a text message saying that Mrs. Dominos found her and spent a lot of money to find out **what** happened abroad when you were 18 years old."

"North, it seems that Mrs. Dominos has started investigating you. She also knows that you went to **the** hospital when you were 18 years old."

North was reading the script. She didn't raise her head but slightly curled her red lips. At that time, Dr. Freya was the doctor who performed her abortion. And it was Dr. Freya who diagnosed her **that** she wouldn't be able to get pregnant again.

Zhuri's speed was quite fast. She found Dr. Freya. However, patient information is kept **confidential** and cannot be disclosed.

"North, what should we do now? I'm afraid we can't hide it." Miss **Jones** said nervously.

"Hide it? Why should we **hide** it?" North raised her eyes and looked towards Miss Jones.

Miss Jones **was** stunned, asking: "North, what do you mean?"

"Doctor Freya saw that I was **young** and took **good** care of me. I still haven't paid her back in recent years. I asked her to receive a large amount of money from Mrs. Dominos. That is equivalent to me repaying her favor."

"North, do you want Mrs. Dominos to know about your miscarriage and infertility?" Miss Jones asked tentatively.

North's eyes fell back on the script, "Let Dr. Freya tell Mrs. Dominos that I can't get pregnant. Once Mrs. Dominos learns this news, she will definitely jump for joy."

Miss Jones **was** a bit confused: "What about your miscarriage...?"

"I'll tell Raven about it at the appropriate time."

Miss Jones's heart finally returned to its original state. Anyway, the Paulo family and the Dominos family were deadlocked. Now that the battle had begun, North wanted to regain the initiative.

Miss Jones couldn't help but wonder, if Raven knew that North couldn't get pregnant and had an abortion, what would his reaction be?

He never knew that when she was 18 years old, **she** had a child with him.

It was his first child.

The filming of "Life" went very smoothly, North's acting talent was once again amazing. In the evening, she returned to her room to rest.

Miss Jones brought in a bowl of bird's **nest** and waited until North fell asleep before coming **out**.

As soon **as** she closed the door, there was a **steady** sound of footsteps in the hallway. Miss Jones looked up and saw that Raven was also there.

That day, something unpleasant happened, Raven immediately flew **on** a business trip. At this time, he had **just** arrived from the airport lobby. Late at night, he wore a long black coat, with a handmade black suit inside. The cold air blew on his face, bringing the feeling of the business elite and a strong aura of pride.

"Mr... Mr. Dóminos, why are you here?" Miss Jones stammered. [Search The website to access chapters of novels early and in the highest quality.](#)

Raven glanced at North's door and said, "**Is** she asleep?"

"Yeah, she just went to sleep. A few days **ago**, I didn't know what happened, but North didn't eat well. She smelled the soup and vomited. I only fed her less than half a bowl of bird's **nest**," Miss **Jones** said.

Miss Jones didn't know why North didn't eat well. Raven knew that night he forced her to **please him**, but she **didn't** expect her to react so much.

"**I get** it." Raven replied faintly, then pushed North's door open and went straight inside.

Miss Jones wanted to call Raven but was stopped by his personal secretary: "Our president has not been able to sleep for several days. **As** soon as he returned, he ran to Miss Paulo. No one can disturb him."

Miss Jones, "..."

Raven opened **the** door and entered.

There was a table lamp in the room, and the dim light filled with warmth.

There was a refreshing scent that entered the nose, the **scent** of the girl's body was especially fragrant, filling the whole room.

Raven walked a long way back in a hurry. As soon as he entered the room, **his** steps were a little stagnant, as if a string in his heart had been touched, and the outside world was isolated here. Everything was fragrant and soft.

He raised his eyes and saw a small figure huddled on the bed. North was lying on the silk blanket, fast asleep.

Raven looked a few times, then opened the bathroom door and went in to take a shower.

A few minutes later, he walked out wearing a white bathrobe and walked to the bed.

Raven lowered his eyelids to look at the person on the bed. Her long curly hair fell on the snow-white pillow, revealing half of her small, soft face.

Her face is beautiful **and** small, her eyelashes are like two small **combs**, her seductive cat-like eyes are now obediently closed, her small mouth is red, her skin is white, and her hair is brown. This kind of color collision caused his pupils to shrink in excitement.

Raven raised his **hand**, placed his fingertips on her small face and touched it.

North stirred in her sleep, avoiding his fingers, burying her face in the blanket.

Raven smiled. He had something in his hand, a red rose with crystal dew drops. He traveled thousands of miles to give her an apology **gift**.

Chapter 949 Raven, North can't have children!

Raven gently placed the red rose on her pillow, bowed low his tall body, used his big palm to touch her head, and his thin lips smiled gently at her face, "North, I'm sorry. Don't be angry. I'm sorry..." "North, I'm sorry. Don't be angry. I'm sorry..."

Okay, he admitted defeat.

Every time there is an argument or a cold war, he is the one who bows first.

Of course, every time he was the one who made her angry.

North didn't open her eyes or respond to him, as if she was already asleep.

Raven lifted the blanket, lay next to her, then stretched out his strong arms, hugged her tightly in his arms, and closed his eyes.

He hasn't closed his eyes for several days. He didn't dare close his eyes or rest because he would miss her and all he could think about was her.

There was nothing to investigate about the Paulo family and the Dominos. His hatred was deep-seated.

The Old Master said she came for revenge and just to use him. She was very generous and frankly admitted. He felt he shouldn't pamper her, but he surrendered again.

There was always nothing he could do against her.

...

The next morning. North opened her eyes and Raven beside her was gone.

The cotton blanket was very warm, the man's warm body temperature still lingered on her body. This body heat fascinated North, making her curl up lazily in the blanket.

The red rose was still on her pillow, still beautiful and fragrant after a night.

She actually woke up last night but just ignored him.

North closed her **eyes** and wanted to sleep for a while.

At this moment, the melodious sound of the cell phone rang, signaling **a** call.

She picked up the phone, it was... Zhuri calling.

Zhuri's phone call came so quickly. She must have known that North couldn't be pregnant right now.

North pressed the connection button, and Zhuri's voice quickly came: "Hey, North, do you have time. tonight? You and Raven can go back to the family villa for dinner."

North **raised** her red lips, smiled and said: "Mrs. Dominos, does the sun rise in the west today? Your 180-degree change in attitude gives me reason to suspect there won't **be** a delicious party, and I'm afraid there will be **a** trap **tonight**."

"North, I suddenly understood. I only have one son, Raven. Right now he likes **you** so much that he lives with **you**. I don't want to hurt our mother-son relationship because of you. Go back. Let's have dinner and talk, **okay**?"

"Okay, Mrs. Dominos. Since you have invited me, I will definitely arrive on time." After speaking. North hung up the **phone**.

North stood up. **She** went to the filming crew first. In the evening, Miss Jones drove her to the Dominos mansion.

Chapter **949** Raven, North can't have children!

At this moment, the melodious cell phone ringtone rang again, signaling a call.

North looked over and **saw** that it was Raven's **call**.

She didn't answer but hung up the phone.

"North, why don't you answer Mr. Dominos' phone call? Miss **Jones** asked.

North showed no reaction and replied, "His mother and I **both** have plans and he's stuck in the middle. I don't want to give him any hope."

When North arrived at the Dominos' mansion, The Old Master Dominos and Zhuri treated her very politely, the maid actually prepared a sumptuous dinner in the kitchen, and everything was fine.

Soon, the villa door opened and Raven returned.

“Raven, you are back!” Zhuri smiled gracefully.

The maid changed Raven’s shoes. He walked in, glanced at Zhuri, then went straight to North, asking in his deep voice: “Why didn’t you answer my phone?”

North looked at him and replied, “I didn’t hear it...”

Raven stretched out his large palm, grabbed her small soft hand and **squeezed** it tightly as a punishment.

Zhuri felt ignored. Her son, who was raised by her, now only sees this girl. She hated her son so much that she gritted her teeth.

However, thinking that the big drama in the future would make her better, she had to endure it for

now.

At this time, Mr. Dominos **said**: “Since Raven is back and dinner is ready, let’s eat.”

The four of them arrived at the restaurant **and** started eating.

Zhuri suddenly said: “By the way, North, I went abroad a while ago. Because I wasn’t feeling well, I went to the local hospital. I didn’t expect to meet Dr. Freya. North, you and Dr. Freya are old acquaintances, aren’t **you?**”

North knew **Zhuri** was eager to get on topic so she nodded and said: “That’s right. I left the Dominos. family when I was 18 years old and went for a checkup at Dr. Freya.”

Hearing of when she was 18 years old, Raven suddenly stopped while cutting his steak, but quickly returned to normal. He elegantly cut the steak into small pieces, then placed them on North’s plate and asked in his deep voice, “Why did you go to the doctor?”

North looked at him with captivating eyes and asked: “What do you think?”

Raven’s **throat** rolled up and down. Over the many nights that followed, he remembered everything that happened that night countless times. At that time, she was still too young, and it seemed like she... bled a lot.

At that time, he slapped her, **pushing** her into the abyss. She picked up her suitcase and left. He stood on the second floor looking at her. **She** was wearing a dress. There were many red marks between her **slim** legs, **and** something was flowing out....

“North, what a coincidence. Doctor Freya happened to be here on business so I invited her here too.”

Zhuri smiled and said. Search the Find_novel.net website to access chapters of novels early and in the highest quality.

North came to coordinate the performance tonight. She raised her red **lips** and said: "Oh, really?"

"Of course. Dr. Freya..."

Chapter **949** Raven, North can't have children!

Before Zhuri finished speaking, Raven threw the knife and fork in his hand onto the plate, making a loud bang.

The entire restaurant immediately fell silent, and Zhuri immediately stiffened.

Raven gently lifted his eyelids, glancing at Zhuri across from him, "Mom, just say whatever you want **to** say while I still patiently listen."

Zhuri carefully calculated tonight's situation, just wanting to take the initiative to strike a strong blow against North, but now Raven forcefully interrupted her rhythm, and her face turned pale.

The maid stepped forward to replace a new set of cutlery for Raven. He turned his head to look at North next to him **and** asked, "North, my mom didn't tell me, why don't you tell me?"

"If you don't say anything, let's go home. This meal isn't good. I don't come back from the company just to see you perform here."

North and Zhuri each had their own plans tonight, but Raven was sharp. He had never been an outsider and saw the clues.

Whether it was being caught between his mother and his woman, or scheming between women, it made him feel bored. There was a lot of work at the company, and he was also very busy.

"Raven, I'll make it clear to you. North can't have children!" said Zhuri.

Raven, North can't have children!

Hearing that, Raven's handsome eyebrows twitched, "What did you say?"

"Raven, you heard right. I have investigated. Dr. Freya said it herself, that the inner wall of North's

uterus is so thin that she is unable to conceive. She simply can't give birth!"

Raven turned his head, staring at North's pale face. He asked, "Is this true?"

North ate a small piece of steak. The steak was a bit cold. She gently nodded: "Yes, it is." "Nonsense!" Mr. Dominos slapped the table and cried out, "Raven, you are the sole heir of our Dominos family. There are three things that are considered impious, the most important of which **is** not having children. You have the responsibility to continue the family line. A woman who can't conceive is a fatal flaw. Raven, break up with North as soon as possible and stop being stubborn." Raven had a very faint expression on his face, used a square towel to wipe the corners of his lips, and indifferently raised his thin lips: "Are you done yet?"

Old Master Dominos and Zhuri were stunned. They waited for so long, and finally came up with a big trick. A woman's inability to conceive is a big deal. They believe that as long as Raven knows about this, he will definitely not like North anymore.

But now Raven's calm attitude frightened them. Did he really hear what they just said?

Raven glanced at Mr. Dominos and Zhuri, his thin lips curling into a slight arc, "Grandpa, Mom, whether North can get pregnant or not is not the issue. Because I have never thought about having children. I have never wanted children."

What?

Mr. Dominos and Zhuri were stunned, "Raven, are you... crazy? How could you have such terrible thoughts?"

Raven chuckled, sarcastically saying to himself: "I don't think our Dominos family's genes are good enough to pass on to others, so don't harm the next generation."

"You! You ungrateful child!" Mr. Dominos scolded angrily.

At this moment, Raven reached out to grab the **knife** and fork from North's hand, **then** lifted her small hand, "The steak is cold. Don't eat it. Let's go home."

Raven hugged her and strode away.

He took her back to the office, raised his hand to pull the tie around his neck, and said, “North, go take a shower first. I have to go to the company. You should rest.”

Then he entered the bathroom.

North was sitting on the side of the bed when her cell phone rang and a call came in.

It was Zhuri's.

North pressed the connection button, and Zhuri's vicious voice quickly rang out: “North, I **originally** intended to use your infertility to give you a heavy blow, but I didn't expect Raven to not care. Do you think **you won?**”

She said nothing.

North's face turned pale. In fact, **she had** also thought about this just now.

“North, are you especially proud right now because you can fascinate Raven? Have you ever thought about what you really mean to him?”

“Raven is a normal man. You're so beautiful, and you're the daughter of the Paulo family, so it's normal for him to want you, but he won't marry you.”

“North, you are nothing more than a mistress to Raven. Using **sex** to serve the king, your beauty will easily age. He will soon get bored of you. He has never thought of being with you. He never intends to marry you and have children with you. He can give you all his love and affection, but he **alone** can't give you status or children.”

“North, I'm really sorry for you. Your parents and your brother are all dead, and you can't even get pregnant. You must live a lonely life. You will forever be an... orphan who no one needs, Zhuri said and hung up the phone.

Hearing the “beep” sound on the other **end**, North was silent for a few seconds before putting the phone down.

At this moment, there was a “click” sound and the bathroom door opened. Raven walked **out**, carrying a refreshing scent after he finished showering.

“What are you thinking about?” Raven conveniently used the towel to wipe away the drops of water in his hair, then quickly walked forward, coming to North’s side.

North raised her eyes to look at him and asked: “I can’t get pregnant, do you really not mind?”

Raven knelt on one knee, holding her cold little hand, “I already told you. This is not a problem because I have no intention of having children.”

“Really?” North raised her red lips, smiled and said: “You don’t intend to have children, or do you not want to have children with me?”

He frowned his heroic eyebrows, asking back, “What’s the difference?”

“Of course there is a difference. Raven, let me ask you, have you ever thought about getting me pregnant and having a child with me?”

She was very haunted by this question and wanted the answer.

Raven frowned, nodded **and** said, “No. I never thought about having children with you.”

As he spoke, he stood up: “I will **go** to the company. Go to bed early.”

“Raven.” She gently called his name.

Raven stopped and turned to look at her, “Anything else?”

North’s dark eyes looked at his handsome face. She asked, “Raven, if I say I want to marry you, will

you kneel down now, put a diamond ring **on** me and marry me?”

Raven was stunned. His eyes were like the darkness of the night, **and** he looked at her.

North **asked** again: “Will you marry me?”

The entire **room** fell silent, and a few **seconds** later, Raven shook his head, “No.”

He won’t marry her.

He has no intention of having children with her.

This **is** all true. Raven felt no need to lie.

Her eyelids trembled twice. She gently withdrew her gaze and said, "Oh, I understand. You can go."

"North, what's wrong with you? Is the situation between us not good right **now**? Children and marriage... are not topics that should be talked about. You're so smart, so you shouldn't let me see your boring side." Raven said softly.

North felt that Raven was more alert than her. The Paulo family's daughter can be used to support him, but she can't become his wife, nor can she give birth to his children.

He said he currently has no intention of having children, but who knows what the future will hold. With his position and power, the most important thing he needs is his children.

North stood up and walked in front of Raven, tiptoed to kiss his handsome face, a seductive smile appeared on her soft little face, and even her voice was full of provocation: "I know, Mr.. Dominos.
