

# Superman Delta's Life Diary

Chapter 6 What? Are you also a transmigrator?

"It's too far, what did you ask before?" Xingguang returned to the topic in time.

"Are you sent to Earth by the Land of Light?" Xia Luzhen repeated it again.

"No, I was still an intern in the laboratory before, and I picked up a piece of Mr. Hikari's work from the warehouse. I was bored and wanted to split it up and study it, and then the thing suddenly started to shine, and when I recovered my senses Come, I'm already on this earth. And the time and space where this earth is located is different from that of the Land of Light, so I can't go home for the time being." Xingguang said melancholy.

"It's all because of Superman Aguang."

Xia Luzhen and Melco touched beer cans.

"You can't say that either. Then again, do you remember what you said last night?" Xingguang also took a sip of his beer, "I said I'm Ultraman, Zhu Zhen, what did you say you were?"

Xingguangyi exposed his identity through Jiu Jiner last night, and was ridiculed severely. Now he wants to get back on his feet.

But in the face of Xingguangyi's ridicule, Xia Lu was really silent, and Xingguangyi always felt that the silence was a little familiar.

"...No way, Pigma, are you really a \*\*\*\* of death? The kind of Seirotsu?" Xingguang almost choked.

"...Forget it, Lao Xing, you have confessed, and I will confess too. I am really a \*\*\*\* of death."

Xia Luzhen's eyes froze, and the whole person's aura suddenly changed, like a different person, not like the usual Zhuzhen at all.

"Really... true or false? Would you like to prove it to us as well?" Xingguang said tentatively.

"All right!"

Chapter 4:

Saying that, Xia Luzhen stood up suddenly and went to the balcony.

“What are you doing?” Xingguang asked quickly.

“The \*\*\*\* of death can gather the spirits under his feet and stand in the air. I will show you.”

As soon as they heard this, Xingguangyi and Malco quickly jumped up, one hugged Xia Luzhen’s thigh and the other held Xia Luzhen’s arm.

“Don’t don’t, brother, you are my brother. This is the sixth floor, it doesn’t matter if you fall to your death, it’s not good if you hit someone else. It’s not worth it, it’s not worth it.” This is what Xingguang Yi said.

“It’s not good to be seen by others in the daytime. It’s fine if we dance at night.” This is what Melco said.

I have to say, the mouths of these two are really bad.

“How much do you want me to die? Even if I die, the throne will not be your turn.” Xia Lu was really annoyed with laughter, “Okay, let go! I’ll show you another way.”

Finally, the three of them returned to the dormitory.

“How to demonstrate?” Xingguang asked.

“Of course it’s Zanpakutō!” Xia Luzhen said with his head held high, Zanpakutō is a symbol of death.

“Oh oh oh!” Xing Guangyi and Malco looked at Xia Luzhen with excitement, wanting to see the Zanpakutō in real life.

“Wait a minute, I’ll show it to you.”

Saying that, Xia Luzhen untied the belt of his trousers and stretched out his hand to dig inside.

“...”

“...Forget it, Zhu Zhen, let’s discuss it, or else you should jump off the building. If you fail, I think the world will be a better place.” Xingguang covered his face and pointed to the balcony.

“What do you mean!” Xia Lu really felt that he was underestimated and a little angry.

“What do you mean by me! What are you doing with your crotch!” Xingguang felt that if he continued to mix with these guys, he was destined to never return to the Land of Light in the future.

“What are you talking about, am I holding a Zanpakutō?”

In Xingguang’s shocked eyes, Xia Luzhen really pulled out a Zanpakutō from his pants.

A real Zanpakutō.

Not that thing.

“Ha-ha-ha, Seo Lingting really does not stick to one pattern to lower talents.” Xingguang said stiffly.

“That’s not true. My situation is rather special, and I’ve also crossed over. You should have seen the gods of death. After the gods of death arrive in the human world, they usually use “righteous skeletons” in order to communicate with humans.

But after I crossed over, I became like this, both a spiritual body and an entity.

My Zanpakutō was also affected a bit, and it could hide in the space around me. Usually I pull out the Zanpakutō from my cuff, but lately it’s been hiding in my pants, probably because of the cold weather. ”

Xia Lu really explained.

“...” Xingguang was too lazy to complain, this Zanpakutō was just as unscrupulous as its owner.

“Next, I will introduce my name solemnly, I Naixia Daji Shinsuke.”

Xia Luzhen shook his hair, and he really looked like a \*\*\*\* of death. It would be better if he could fasten his belt.

“Xia Dalu? I remember that he was not a noble from the Soul Society?”

Hou Xianxing raised his eyebrows and took out his mobile phone to check information online.

“By the way, I remembered.” Malco slapped his palm, “I remember that there seems to be a little girl in the anime named Kasumidaji Ruri Chiyo.”

“Yes, that’s my half-sister.” Xia Luzhen nodded.

“But, why is your hair black? I remember that the little girl’s hair was golden.” Malco continued to ask.

“I dyed it for the convenience of concealment.” Xia Luzhen pushed aside his hair, and he could see that the new growth below was golden.

“Now believe it.” Seeing that no one continued to ask questions, Xia Lu held his head proudly, “Since I am in this world, I also want to inherit the glory of Xia Dalu’s family.”

“Yes, yes, Mr. Rongguang, you should tie your belt first, otherwise it will be a shame for Xia Dalu.” Xingguang sighed, and he suddenly remembered, “No, you are the elder brother of Xia Dalu Liuli Chiyo. , why is there no mention of you in the anime at all?”

“Actually, there is me!” Xia Luzhen said while wearing his belt.

“What what?” Xingguangyi and Malco became excited again.

Xia Luzhen turned on the computer, went to the video site, clicked on Death, and found one of the episodes.

That episode was a memory of Rukia’s time at the True Spirit Academy.

While it was playing, Xia Luzhen suddenly pressed the pause button. On the screen was a group of students studying in the classroom.

Xia Luzhen pointed to the corner with the mouse and said, “I’m right here.”

Xingguang Yi, Malco, and Hou Xianxing were all lying on the screen, and finally saw a stick figure in the corner who couldn’t see anything but blond hair.

This is too simple, the body is a semi-circle, and even the arms can’t be seen.

“Hmph, you see.” Xia Lu said proudly.

Xingguang, the three of them looked at Xia Luzhen with the expression “Grandpa in the subway looks at his phone”.

Sorry, we really don’t know what’s so good about this.
