

Strongest Mage with the Lust system

Chapter 321: Let me see it*

Max was sitting on the bed, his eyes checking out Maria, who was standing in front of him with her head held down. Max could also see her body trembling a little.

"Maria, right?" He asked,

"Y-Yes, my lord." Maria nodded, her voice trembling.

"Don't be so nervous, Maria." Max gently said and then patted on the bed beside him and said, "Here, come here and sit beside me."

"Y-Yes!" Maria flinched when she heard him. After hesitating a little, she stiffly walked toward him and sat beside him.

Max extended his hand and lifted her chin up to take a better look at her beautiful face.

~Shiver~

When his hand touched her, Maria's body trembled, and she wanted to jump away from him out of nervousness, but resisted the urge, since that would most likely make Max unhappy.

She let him lift her face up and tried to act calm. However, she couldn't help but close her eyes in embarrassment. Her face became red and her breathing became erratic.

"You are beautiful." After taking a good look at her, Max commented in a light tone.

Thump!

Maria's heart thumped loudly and she felt happy upon hearing him praise her. A light smile also bloomed on her face.

She appeared very cute and beautiful when she smiled. A fiery light blazed in Max's eyes when he saw her look so adorable. He leaned toward her and lightly kissed her lips.

Ah!

Maria became absolutely still. She couldn't even think for a moment. After a second, she realized what was going on and out of instinct, she wanted to push him away.

Before she could do it, however, Max removed his lips from her lips and whispered in her ear, "You look very cute when you smile."

Maria's eyes brightened when she heard him and heart started beating as if it was going to leap out of her chest at any moment now because hearing these words from the person of her dreams was one of her fantasies.

"I-I..."

But no matter what, she was just a naïve young maiden who didn't ever had any person of opposite male come so close to her let alone kiss her. So, she became extremely nervous and embarrassed when Max kissed her.

She wanted to push him away but at the same time, she also wanted him to make love to her and complete the rest of her fantasies. This mixture of contradictory emotions left her stuttering.

She didn't know how she was supposed to react. As a result, her eyes became teary and her body started trembling. It looked as if she was going to collapse at any second now.

Max was speechless at this and thought, 'Wasn't she supposed to feel good upon hearing me compliment her beauty? Why is she crying?'

He shook his head helplessly, reached out his hands and pulled her into his embrace.

Being embraced by him, Maria felt incomparably warm and safe. She stopped crying and her body stopped trembling as all of her anxiety vanished into thin air.

'Huh?' She felt baffled. Before today, she never believed that there could be place where she could forget about everything and feel genuinely happy because all of the struggles she had while trying to survive. However, now laying in his embrace, she found out that how wrong she was.

A happy and contented expression appeared on her face as she snuggled deeper in his embrace, her hands circles around his back.

Phew!

Max took a breath of relief seeing her calm down. He tried to move her away so that he could talk to her a little but she remained stuck to his chest unwilling to let go.

...

"Are you alright?" After a while, Max asked as he caressed her back.

At the same time, he was trying his best not to poke his erect cock into her belly but it was becoming increasingly difficult because her boobs, which although not as big as Belen's or Rima's, were bigger and softer than Leticia's, were pressing against his chest and her sweet feminine scent was also very arousing.

"Hm?" Suddenly, her body jerked and she jumped away from him like a frightened cat.

"I-I... I'm s-sorry, my lord. I didn't mean to do that..." She hurriedly bowed before him and started apologising frantically.

"Hey, it's okay. You don't have to be sorry." Max awkwardly said.

Then his expression became serious as he asked, "You know why I called you here, right?"

Feeling his piercing gaze, Maria gulped hard and nodded, "Y-Yes. I know my lord."

"Good." Max nodded and said, "So, don't be nervous now or it'll be uncomfortable for both of us."

"Y-Yes." Maria nodded and heart became restless again.

Max didn't say anything more. He grabbed her hand and pulled her toward him again. Raising her chin up with one hand, he placed his lips on her pink velvety lips and slowly started to savour them.

Actually, he didn't want to waste any time and directly undress her and fuck her brains out since he was already quite turned on but from how she reacted until now, he could see that she was a virgin and because a virgin should be treated gently and savoured slowly, he decided to hold back his urges for a bit longer.

As he kissed and sucked on her lips one by one, Maria's brain 'stopped' working. She was frozen.

Even though she knew she should respond to his kisses and sit there like a lifeless doll, she couldn't seem to control her body.

Seeing this, Max felt his head ache. However, he thought how he soon would be tasting a virgin, he patiently started kissing and caressing her.

Because she wasn't opening her mouth, he stopped kissing her lips.

He started delicately kissing and licking her cheeks and neck. He would blow hot air on her ear and nibble on her earlobes.

His hands also didn't remain idle. While one of his hand started to rub and caress her back, his other hand went to her boobs.

Mm~

As he squeezed one of them and pinched her nipple, Maria let out a low moan. She was finally coming to her senses and started reacting to his touch.

Max couldn't help feel happy about it. While squeezing and pinching her boobs, he returned to dine on her lips.

This time fortunately, as he started kissing her lips, she tried to respond. Although her movements were clumsy, Max didn't mind it. He used his tongue to open her mouth and launched an attack on her delicious little tongue.

Mm~ Ahn~

As he savoured her sweet tongue, felt her soft mounds and rubbed her pussy from above her dress, Maria's body would react properly. With each of his touch, she would flinch slightly and let out a moan which continued to tempt Max.

Despite him trying his best, he was losing control and wanted to pound her. Therefore, he stopped with the foreplay and hurriedly took off both of their clothes.

...

Maria's eyes were shut tight as she lay on the bed. Her legs were clenched tight and her hands covering her breasts. Although she had everything covered, she looked extremely tempting laying there naked.

Max grabbed her hands and moved them away, revealing her beautiful breasts. When he saw how delicious looking they were, he couldn't stop himself and swooped down for a bite.

Mm~ Ahn~ Ha~

He grabbed her left boob with his right hand and squeezed it tightly, at the same time, he leaned down, licked her right nipple and then started sucking on it. Feeling the stimulous from both of her boobs, Maria couldn't restrain herself and started moaning in pleasure.

As he licked, sucked and squeezed her boobs, his other hands snaked toward her pelvis area and started to caress it. However, Maria didn't open her legs and instead clenched them even tighter.

Max stopped fondling her breast with his mouth. He moved up, gave her a deep and passionate kiss before gently biting her earlobe and whispering, "You can open your legs now, right?"

"Un!" Maria shyly looked away before nodding slightly.

"Good girl." Max smiled and kissed her forehead.

He then sat on his knees near her legs and tried to move her legs away. This time, she didn't resist and let him spread them. However, before he could see her sacred flower, she covered it with her hands.

"It's okay. Let me see it." Max said, his eyes burning with lustful fire.

A/N: Chapter will come out regularly from today onwards. Thanks for sticking around guys! I'm really grateful for your support.

Chapter 322: Strong penetration*

Max moved her hands away in a hurry. When her little flower appeared in front of his eyes, he couldn't help but exclaim, "Beautiful!"

Her pussy was very delicate looking and pink. It was also very plump and delicious looking.

As if feeling his gaze on it, it twitched. This almost made Max lose his senses. He grabbed his throbbing cock and started rubbing it on her virgin pussy.

Meanwhile, Maria felt her face burning in embarrassment. She couldn't believe a man was looking at her most private part and would put his thing inside her.

Mm~

A moan escaped her mouth when she felt Max rubbing something hard on her pussy.

'I-is he rubbing his thing down there?' She wondered. She was quite curious to see a man's manhood for the first time in her life, but despite it being there right in front of her, she couldn't muster enough courage to open her eyes and take a look at it.

Mm~ Ahn~

Max kept rubbing his cock on her labia and clitoris. He wanted nothing more than just to put his cock that was threatening to burst apart in her virgin hole, but he couldn't because she wasn't wet enough yet.

To hasten the process, he stopped rubbing with his cock and put one of his fingers inside her.

Shlick~

Ahhhhh!

Because it was only a finger and his lust was taking over him, Max didn't think too much and directly shoved it inside her. Only half of his finger went inside her when Maria's eyes widened and she let out a beastlike howl.

'Damn it. Why is it so tight?' Max cursed. Despite the fact that he shoved it carelessly and used a bit of his strength, he couldn't put it all the way inside her because her insides were squeezing it so hard that it was impossible to move it without using some more of his strength but if he did that, she would be hurt which he didn't want to do at any cost.

He then glanced at Maria, had tears in her eyes and a pained expression on her face.

Suddenly, he felt guilty. 'I shouldn't have rushed it.' He sighed. However, at the same time, he wondered whether he could put his little dragon inside her narrow hole and whether she could endure it.

'Let's take things slowly, shall we?' Max took a deep breath and forced himself to calm down.

He let his finger rest where it was. Even though he was tempted to move it because he could feel her insides twitch every now and then.

After a while, the pain slowly subsided, and Maria stopped crying.

'Hm?'

Now that the pain clouding her senses was gone, she could feel his finger inside her, and this made her blush in shame.

"M-My lord..." she softly called out.

"Yes, Maria. What it is?" Max replied.

"Um, c-can you pull that out now?" She asked,

"Oh? So, you are not feeling any pain now, right?" Max asked.

"Y-Yes." Maria said, blushing. Her current bashful expression was truly enchanting.

Unfortunately, Max wasn't looking at her face. The moment he heard her say 'yes', he started moving his finger out slowly.

Seeing him do what she asked, Maria breathed in relief. At the same time, she felt a sense of loss and thought about whether she should bite the bullet and let him do her without caring about the pain she might have to endure.

Ahn~

While she was lost in her thoughts, she felt his finger that was going out of her pussy suddenly change its course and move inside again. A mixture of pain and an unknown pleasure hit her nerves and she couldn't help but moan.

Suddenly, the realization hit her that Max wasn't going to stop like she had previously thought.

Her heart thumped loudly, and face became redder than a tomato. 'What should I do? What should I do?' This sentence kept repeating in her mind.

Max didn't know about her internal struggle.

Seeing his finger reach deeper than the first time, he felt satisfied and exclaimed in his heart, 'Nice!'

Shlick~ Shlick~

His finger slowly picked up the speed and started moving faster and deeper. After a while, it became easy for his finger to travel deep in her cave. Max smiled at this and took his finger out.

...

Maria was covering her mouth, trying her hard not to make any lewd sound, but it was becoming harder for her to hold it in because the amount of pleasure from his fingering was increasing by the second and pain was becoming less and less.

Huff! Huff! Huff!

When Max took his finger out, she panted crazily and felt relieved that he had stopped. However, this didn't last for long before her eyes widened, because Max had put two of his fingers inside her pussy this time.

Ahnngg~

Her body jerked upward, her pussy clenched on his fingers tightly, and she let out a loud, pained moan.

Max stopped his fingers and didn't try to shove them deeper. Seeing her writhing in pain, he used his thumb and slowly started rubbing her clitoris.

His efforts weren't in vain because it took only a short few moments before she stopped convulsing.

Although the pain was still there, the pleasure from her clitoris overcame it and she started to let out low moans. Her grip on his fingers loosened, and Max could move them once again.

After a few minutes, her pussy adjusted to the thickness of two fingers.

Ahhhnngg~

Just as Max wanted to try putting in one more finger and stretch it out enough for his cock, Maria's body stiffened, her pussy clenched tightly and she climaxed, drenching his fingers with her love juices.

Huff! Huff! Huff!

After she finishing ejaculating, she gasped for air, her generous chest heaving up and down with each breath.

Seeing this, his lust, which he had been suppressing until now because she was not ready to take him in just yet, erupted like a volcano.

Swish!

He positioned himself between her legs, placed the tip of his cock on her narrow entrance, and with a strong thrust, he plunged it deep inside her.

Chapter 323: They are a lot more tasty*

Ahhnnggg!!!

As his cock entered her, Maria's eyes opened wide and she let out a hysterical cry. After which, her body started trembling violently as if she was having a fit.

"My god!" Max exclaimed due to how tight she was. The feeling was incredible but he couldn't revel in it because he could she how painful it was for her.

'What a pity!' He sighed and just as he was about to pull out so she could be at ease, Maria wrapped her legs around him and said amidst her pained cries, "N-No, my lord. L-Let it be. I can... endure it."

Max looked at her in surprise. He could clearly see how much pain she was feeling right now but even so, she still asked him not to pull out.

'Is she afraid that I'll make things difficult for her if I can't have sex?' He guessed. Apart from this, he couldn't think of any other reason for her stubbornness. After all, no one would be willing to endure so much pain that she was feeling right now without an extremely strong motivation.

Thinking this, he sighed and shook his head, "Don't worry. I won't be angry and no one will say anything to you. So, let's just stop here, alright?"

"N-No." Maria looked him in the eyes and resolutely shook her head. She wanted to explain her reasoning but with how hard she was clenching her jaw, it was impossible for her to speak properly.

If it was half an hour before, she would've pushed him away without caring too much about consequences. After all, the pain was really excruciating and she, a weak, young one-star mage was incapable to bear it.

However, after experiencing how good it felt when he did it with his fingers, of course she felt a lot of pain in start too, the pleasure she felt was even more amazing and addictive.

Therefore, she had been thinking how good it would feel when he used the real thing instead of his fingers? She knew that the pain would be incredible too since she had heard from others that no matter how strong you were, you would feel pain for the first time and although she was afraid, her curiosity won in the end.

It wasn't like she didn't want to stop it, but she knew even if she did, the pain would still be there and she would lose her chance to experience the pleasure also. That's why she was forcefully trying to endure it so she could enjoy the pleasure that lay ahead.

Of course, this wasn't the only reason why she hadn't pushed him away. One of the most important was that Max was the man of her dreams. So, even though she knew she could never become one of his women, she at least wanted to embrace him properly and give him her virginity.

Seeing her determination, Max stopped trying to pull out and stayed still. Although he didn't know what was going on in her mind, he felt happy because he was really horny right now and really wanted to enjoy her oh-so-incredible pussy.

Seeing that it would take a while for the pain to die down, he leaned forward and started to suck, lick and fondle her breasts.

Time passed and after almost half an hour, Maria stopped trembling and her pussy unclenched his rod.

Max felt this and after giving her fluffy boobs a few more squeezes, he sat up.

"Are you okay?" He softly asked.

A smile appeared on Maria's face when she heard his concerned tone and she nodded, "Yes, my lord. I'm fine."

Max felt relieved. He extended his hand and gently caressed her cheeks before wiping her tears away, "As I said, your smile is beautiful." He said,

Hearing this, Maria suddenly blushed and hurriedly moved her face away.

Max helplessly shook his head. He feigned a disappointed sigh and said, "It seems I made a mistake telling you that, huh? I'm sorry for that. However, It was very nice to see you look at me."

When Maria heard this, she turned to look at him in a panic and hurriedly said, "N-No my lord. How can you make any mistake? It-it's my mistake."

"Oh? So, don't make the mistake again and look at me, alright?" Max said with a smile.

"Un." Maria shyly nodded her head and slowly turned to look at him.

"Very good." Max felt satisfied and kissed her lips.

After that, he moved back and slowly pulled out his cock out her pussy.

Ah...!

As she felt his thick cock rub against and stretch her insides, she let out a pained moan.

Max stopped moving for a moment before slowly pulling out it a bit more. When only the head was inside, he stopped and glanced down.

His heart shook and he gasped in shock. His cock, her vagina, thighs and a big portion of bedsheet under them was dyed red with blood.

He knew and had seen other women also bleed when they lost their virginity, but they never bleed this much.

Maria noticed his expression and worriedly asked, "W-What is it, my lord?"

He didn't want her to worry so he shook his head and casually said, "You seem to have lost a bit more blood than the others do on their first time. Maybe it's because your pussy was abnormally tight."

Maria didn't seem surprised when she heard him because she already knew that women bleed when they first have sex. However, when she heard him describe her pussy as 'abnormally tight', she blushed in embarrassment.

She also understood why she felt a lot more pain than what she was told to. It was because her pussy was smaller than normal.

She opened her mouth and hesitantly asked, "My... my lord. D-do you not l-like the women who are ti-tight... down there?"

'How sweet!' Max thought when she saw her bashful expression. He couldn't stop himself from leaning forward and giving her a deep kiss.

He then licked her ear and whispered, "No, I especially like them. They are a lot more tasty."

Chapter 324: Conflicted Maria

Hearing his words, Maria blushed furiously and covered her face with her hands. In her heart, she felt happy.

When Max saw her reaction, his breathing grew heavy. He held her blushing face in his hands and passionately kissed her.

He had to admit that despite not being as pretty as his sweet half-sister Anna, his beloved Lilly or Flavia, Maria's bashful personality was enough to make him fall for her.

He looked at her and asked, "Are you alright? I mean, do you still feel pain down there?"

His question both surprised and embarrassed Maria. But since he asked, she nodded and faintly said, "Y-Yes but it's not as painful as when..."

Maria didn't complete her sentence, but Max knew what she meant.

He stood up, climbed down from the bed, and said, "Let's go."

Maria panicked when she saw this and anxiously said, "M-My lord. I I-lied. It doesn't hurt at all. Please forgive me."

Seeing her act this way, Max sighed. He gently lifted her in his hands and walked toward the bathroom.

His action confused Maria. If she wasn't so anxious, she could've guessed what he wanted. Max could feel her nervously fidgeting in his arms, so he said, "Don't worry. We are going to take a bath first."

Maria visibly relaxed after hearing this. She was afraid that he might've felt bad after hearing she was still feeling pain and decided not to continue. Fortunately, his words dispelled her fears, but deep in her heart, she was also a little disappointed because it meant he didn't care if she felt pain.

If she knew what Max was actually thinking, she wouldn't have felt the same way because, after seeing how much blood she lost and she was still feeling pain, he knew he may have injured her pussy with that forceful thrust. Therefore, despite wanting to do her, he decided to stop for the night.

...

After a few minutes, they emerged from the bathroom. Max was still holding Maria in his hands.

She was looking at him with a conflicted gaze. It was because while he was helping her bathe; he had told her they won't be having sex tonight because she might be injured down there.

She felt very happy after hearing this because she could feel how badly he wanted her a while ago. This made her want to curse herself for feeling disappointed earlier. However, she also felt bad about it because she knew she had lost the chance to embrace him properly.

'Should I ask madam supervisor to serve him for a few days more?' She thought. However, she knew it wasn't possible because the rule was that the servants serving the guests would change every day. This was especially true if the guests were from human race and were males.

"Do you want to rest for a while?" Max asked.

His question brought out her thoughts. She shook her head, "N-No. It's fine, my lord. I will go."

"Okay." Max nodded and put her down.

He then took out a few grade-two healing pills and gave them to her. "Here. Eat one of these. That injury will heal."

"Un." Maria obediently took them. After eating one pill, she tried giving him the rest of the pills back, but Max refused her.

After that, they both stood there in silence. Max was looking at her, deep in his thoughts. Maria knew it was the time for her to go out, but her feet didn't want to move.

She suddenly recalled something and pointed at the bedsheet and asked, "M-My lord. Should I change the bedsheet since it isn't usable anymore?"

Max didn't respond. He was looking at his Lust points notifications. The last notification, to be precise.

After he decided to let Maria go, the system had suddenly spoken and asked him to look at the notifications.

Initially, Max didn't understand why it asked him to do this, but after looking at the last notification, he understood what the system wanted to say.

[Elvin virgin essence obtained. Added 20,000 Lust points.]

'This... ' Max was surprised. It wasn't the first time he got this type of notification. The first time he had sex with Lilly, Leticia, and other virgins, he got the same notification, but the amount of lust points never exceeded 2000. So, it was unsurprising that he was shocked.

He wanted to ask the system why this was so when he heard Maria's voice.

"My lord. My lord..."

"Yes? What is it?" He asked,

Maria looked at him worriedly and said, "I was asking if I should change the bedsheet?"

"Oh? Yeah. You can do it." Max nodded.

After Maria walked to the bed and started changing the bedsheet with the new one, Max whispered, "System, what's going on? Why did I get so many LPs?"

[It's because female elves' virgin essence contains several times purer yin energy compared to the human females.] The system replied.

Max's eyes shined with greed when he heard this and mumbled, "Doesn't it mean I can earn quite a lot LPs if I invite the other servant girls in?"

The words had just left his mouth when the system dashed his fantasy. [No, you won't.]

"Why is that?" Max frowned.

[It's because none of the elves outside is a virgin.] The system said.

Hearing this, Max was disappointed.

The system laughed and said, [Kid, don't be disappointed. It doesn't matter if they aren't virgin, if you have sex with them, the lust points you'll receive will be more than what you receive from the human ladies. Go, call them. They are just waiting for you.]

"No." Max shook his head.

[Tch, what does that mean? Let me tell you, this is a very good chance to earn the much needed lust points. Don't waste it.] The system said in an angry tone.

Max went silent for a moment before shaking his head again, "I'm a guest here. It won't look if I go fucking their maids."

The system only made some discontented sounds but didn't speak anymore.

...

After a while, Maria was done changing the sheets.

"It's done, my lord. I shall go out now." She bowed toward him before reluctantly turning around to go out.

"Wait." Max stopped her.

Maria turned around and look at him with an expectant gaze.

Max looked at her for a few moments without saying anything which made Maria restless. He then opened his mouth and asked, "Do you want to become my woman?"

"What?" Maria was caught off guard. Her eyes widened and she let out a loud yell in surprise.

"I asked whether you would like to become my woman?" Max repeated his question.

He didn't ask this only because Maria was sweet and beautiful, but also because he liked her timid and bashful personality and her innocence also reminded him of Lilly. However, the most important reason was because, even though he took her virginity, he didn't get to have sex with her and he didn't want any other man to be the one to do it.

Maria was too stunned to answer. When he stopped her, she had thought of many reasons but she didn't dare to think this even though she very much wanted it to happen.

After she overcame the shock, suddenly, tears welled up in her eyes and her body started trembling. She clenched her tiny fist so tightly that her nails dug into her palm and blood started to flow out.

'Hm?' Max raised his brows. He knew it was an important decision but he didn't expect such intense reaction.

After a while, she stopped trembling. She looked him with tears still flowing down her cheeks and shook her head, "No. P-Please forgive me my lord."

As she said this, she felt her world collapse in front of her eyes and her legs went soft.

Whoosh!

Before she fell to the ground, Max appeared by her side and supported her. He looked at her and found that she had already fainted.

"What happened?" Max knitted his brows in confusion. Why did she react that way when she was the one to reject his proposal? He didn't understand.

[Sigh!] Just then he heard the system sigh. He squinted his eyes and asked, "You know what happened to her?"

[It's nothing much. She is just one of those emotional fools.] The system scoffed tonelessly before going silent.

Chapter 325: Secrets behind the system

Max merely frowned at the system's comment before ignoring it. He lifted her in his arms and led to the bed.

After putting her down in a comfortable position, he sat crossed legged on the ground.

First thing he did was to check his total lust points.

[Lust points: 175,000]

'At this rate, it won't be long before I can completely enhance the rest of my Mana to the three-star level.' Max happily thought.

Looking at 175,000 lust points, he thought, 'Should I use these points right now and enhance another 1750 Mana units or should I save 150,000 for the teleportation to the demon continent?'

After a moment, he decided to use the points and enhanced his Mana. As for the lust points required for the teleportation, he still had a few days before the deadline to go to the demon continent, and these few days were enough to earn them back.

Click! Click! Click!

His finger tapped on the screen in front of him.

Swoosh!

After he finished, all the lust points vanished from the screen, replaced by '0' and the enhancement of a part of Mana in his Mana core started.

Argh!

He gritted his teeth and closed his eyes. After a few long minutes, another 1750 Mana units had successfully transformed to the three-star level.

[Mana: 10,000 (three-star level: 4500 units)]

Phew!

Max exhaled a deep breath and fell to the ground with a smile on his face.

"I'm almost halfway to the three-star realm now." He mumbled.

[No, you're not. You still have to reforge your Mana core too.] The system's scoffing voice sounded in his ears.

Max didn't get angry at this. He carelessly shrugged. "I know."

[So, what are you going to do about this girl?] The system asked.

Max raised his brows and asked, "Is that any of your concern?"

The system went silent before saying, [Yeah, it doesn't concern me. But I advise you not to force her if she doesn't want to be your woman.]

Hearing this, Max's expression fell, and he coldly asked, "I forced no one before, nor do I plan to in the future."

He then curiously asked, "However, let me ask you why are acting differently now? Weren't you the one who suggested more than one time to do something like that?"

He could feel that after Maria cried and fainted, something seemed to have changed about the system. It was showing more human emotions and seemed to care about her. This made it seem like a living thing, but wasn't the system supposed to be an inanimate thing?

After a prolonged silence, the system sighed.

Whizz~

Suddenly, the system screen started flickering with bright light, which force him to shut his eyes.

When he opened his eyes, his eyes widened in shock. He shot to his feet and retreated backward, assuming a defensive stance.

It was because a figure of a handsome human male had appeared in front of him.

"Are you the supreme mage, the system's creator?" Max asked with a heavy heart. He knew his guess was likely true. As he thought about what this implied, his expression turned ugly.

The man in front of him nodded. "You aren't a complete idiot."

"Didn't the system said you've died while trying to breakthrough to beyond supreme mage realm?" Max asked.

The man smiled and said, "Why don't you settle down first? It might take a while for me to explain the things to you."

Hearing this, Max sighed in relief inwardly and thought, 'Fortunately, it doesn't seem he wants to take over my body.'

From the day the system started behaving more like a sentient being, Max had become wary. The thing he was worried that it might try to take control of his body and, because it was related to a supreme mage, he knew he would have no hope of resisting if that happened.

Back on earth, he had read a few novels where the main character would have some similar fortuitous encounter that would benefit them, but they would later realize that they were being set up.

"It's okay. I'm comfortable standing here." Max said.

The man nodded and said, "I programmed the system to say that I've died so that the host wouldn't be suspicious and he would use the system to his heart's content so that we both can benefit from each other's existence."

This sent a chill down Max's spine. He warily asked, "What do you mean?"

The man frowned and said in a displeased tone, "How about you keep quiet until I'm finished?"

Max nodded.

The man walked to the bed and sat down. He looked at Max and asked, "You know what the system's primary function is?"

"If I'm not wrong, it must have something to do with the Nascent energy or, in other words, the lust points." Max said after thinking for a moment.

The man looked at him in slight surprise before saying, "That's right. It's something related to the Nascent energy."

The man paused for a moment before continuing, "A long time ago, I was among the strongest existences alive in this world. However, I had many enemies because of the things I had done in the past, and they kept hounding me. I killed a few of them, but they started attacking me in groups, which made it difficult for me to defend myself.

I knew if things kept going like that, I would never have peace. There was only one way to solve the problem, which was to kill all of them, but I wasn't strong enough to take them on when they were in groups. I tried to attack them when they were alone, but whenever I tried, others would appear to help them.

So, I started looking for ways to become stronger and reach the realm higher than the supreme mage realm, so that I could kill all of them."

Max furrowed his brows and thought, 'There are realms above the supreme mage realm?'

The man looked at Max as if he knew what he was thinking and smiled, "Although I never seen or heard someone reach the realm above the nine-star realm, I, for one, believe it's possible and I even suspect there were existences stronger than supreme mages in the past. If not, where did the spell that cleaved the continent in two come from? It was impossible for it to be a grade nine spell.

However, no matter what I tried, I couldn't breakthrough to this illusory realm, but I never gave up and kept trying.

Finally, I found some ancient records on the demon continent that proved that it was possible to become stronger than a peak nine-star mage. However, to do that, one needed a higher tier of energy than the nine-star Mana energy to breakthrough.

But the problem was that where can I find a stronger energy than the energy of a supreme mage?

After my painstaking efforts, I found the records of a demon race that was able to combine female yin and male yang energy to create a new kind of energy, the Nascent energy.

Although the people of this demonic race weren't stronger than normal mages when in early mage realms, after they reached later realms, they would be stronger than those in the same realm.

I used those records and did some research and the results were a bit disappointing. Although it was possible to produce the Nascent energy, it required supreme mage's energy as the catalyst and this supreme mage shouldn't be the owner of either the yin or the yang energy being used.

This was a very big problem because why would a supreme mage stand there while you were having sex and help you harness the Nascent energy.

So, I decided to make something that can help me harness this energy and with a stroke of luck, I managed to make this system. I only needed to destroy my cultivation and give the system to someone who can use it give me the Nascent energy to cultivate again.

However, before I could find someone to do it, my enemies found me and I was almost killed. I took shelter somewhere and to prevent myself from dying, I used a formation to go into hibernation and using the last bit of my remaining strength, I sent out the system so it could find itself a host.

Chapter 326: Maria's reason and wish

The supreme mage continued after a pause, "I had designed the system in such a way that it will help both the host and me. Whenever the host had sex, the system will use the yin and the yang energy and combine them to create the Nascent energy.

It will then divide the energy into three parts, two big ones for the host and me and one small part for the host's partner so that all involved parties would benefit.

It would then transfer my share of the Nascent energy to the formation which is supporting me while the system will store the host's share of energy as lust points which he can use as he pleases."

He then looked at Max and said, "In other words, my only intentions were to establish a mutually beneficial relationship with the host and the host would've no reason to doubt my intentions since he was only benefitting.

However, you... because you weren't utilising the system to its fullest, and I was getting impatient, I intervened and tried to 'guide' you so you would use it properly, but my attempts caused you to become wary." The man sighed.

Then his expression became indignant as he said, "Because I don't want this to hinder our future cooperation, I had to use almost all the Nascent energy I had accumulated until now to appear in front of you and explain these things"

Max didn't mind his expression. After hearing all this, he took a breath of relief and his stiff shoulders relaxed.

Although his explanation sounded reasonable, Max didn't completely believe it. However, there was nothing he could do about it and, most importantly, he was relieved that this man didn't have any intention of taking over his body.

He smiled and said, "You wouldn't have to use that energy if had explained these things in the beginning."

The supreme mage's expression contorted as he scoffed, "If I knew you were a useless person who couldn't even sense the Mana, let alone cultivate, I would've explained the things. Unfortunately, I was asleep when you received the system."

Before Max could say anything, the supreme mage's body started flickering.

"It seems the remaining energy is about to run out." He said, "Now that I've told you everything, work a little harder to collect as much nascent energy as you can."

He then glanced at the sleeping beauty Maria, and said, "Remember to treat her with care and even if she doesn't want to go with you, you must treat her well. She is such a pure girl."

"Don't worry about that." Max nodded. He then looked at the man and his expression became serious as he said, "Stop peeking and listening when I'm with my women."

The man smiled playfully and said, "You got it." He then vanished.

Flop!

Max walked toward the bed and laid beside Maria. He closed his eyes to digest the influx of information he suddenly received.

...

After an unknown amount of time had passed, Max felt movement near him.

When he opened his eyes, he saw Maria had woken up and was preparing to head out.

"Where are you going? Come here." He grabbed her hand and pulled her to his chest and hugged her.

"Ahh... m-my lord. It's almost morning. I need to go out or my superiors might find out." Maria nervously said. But despite saying this, she didn't try to resist in the slightest.

"Don't worry about it." Max said as he tightened his grip around her belly, pulled her delicate body closer to him. His crotch rubbing against her soft ass and his head over her shoulder. As he smelled the fragrance of her hair, an intoxicated expression appeared on his face.

Being so intimately embraced by him, Maria's body shivered and she overcame with emotions.

Max put his mouth near her ear and gently asked, "Why did you refuse? From what I see, you want to be my woman too, right?"

When she heard this, Maria nodded slightly and tears welled up in her eyes.

"Shh... Don't cry. Tell me, what's the problem?" Max turned her body around to face him and gently wiped her tears.

Being treated like this, Maria felt very blessed. She stopped crying, put her head in his chest and said in a low voice, "I... I feel blessed my lord deem me worthy to be your w-woman and I also want it. However, if I agree to be my lord's woman, I would've to leave the city and the people would jeer at and ostracize my parents for giving birth to a girl who left them for a h-human. Moreover, my parents are old and can't survive on their own."

After hearing this, Max went silent. After a while, he suggested, "How about I take your parents with me? They can stay back at my home with my family."

His words moved Maria. However, she shook her head and said a faint voice, "My parents... they won't agree to live with humans because they hat... have some prejudice toward humans."

Max smiled wryly and cursed the bastards who tarnished the human race's image to this degree.

Max didn't speak anymore. There was nothing he could say because he could see that Maria was a very filial woman and wouldn't leave her parents, no matter how much she wanted to be with him.

After a while, Maria looked at him and said, "My lord, c-can you fulfil one wish of mine?"

"Yes. What is it?" Max said without hesitation.

Maria's breathing quickened, and her face flushed red as she opened her mouth and said, "I-I want properly to do t-that with my lord."

"Oh?" A smile appeared on Max's face when he heard this.

Although he was tempted to do it since she wished it, he was worried her injury might not have fully healed so he asked, "Are you feeling alright down there?"

Hearing his question, Maria blushed furiously in embarrassment. Her face became so red that it looked as if blood would drip if someone touched it.

But she still nodded, "Y-yes. I'm fine. M-My lord can d...do it."

Chapter 327: Greedy servant girls

Her current tempting appearance, coupled with the fact that he had to stop in the middle last night, made it difficult for him to control his lust from flaring up.

Without wasting another second, Max cupped her adorable face and planted his lips on her delicious looking pink, thin lips.

Mm~

Although Maria had an extremely shy personality, she didn't shy away like last night. She closed her eyes and started responding to his kiss.

Her lips tried to embrace Max's lips but because she didn't have any prior experience, her movements were clumsy and under the fierce assault of Max's lips and tongue, she

didn't have any choice but to surrender and let him play with her delicate lips and tongue.

After Max had the taste of her sweet lips and fragrant tongue, he became intoxicated. It was only after Maria started having difficulty breathing that he reluctantly stopped.

Huff! Huff! Huff!

Maria's mouth was open as she panted crazily. She didn't seem to care about it as she kept her tender gaze focused on Max's face without blinking.

Max's breathing was also a little rough. Seeing her enchanting appearance, the fire in his eyes intensified.

Swish! Swish! Swish!

His hands moved like lightning. Only a moment after, he had taken off both of their clothes.

Maria shyly covered her private parts, nibbling her lips.

Max's cock had hardened now and he couldn't wait to put it inside her amazingly tight pussy, but he had learned his lesson last night and didn't dare to rush the things.

He removed her hands from her breasts and the crotch. After that, he started teasing her breasts and nipples with one hand and his mouth, while his other hand slithered down between her legs and started rubbing her clitoris and labia.

Because of his double pronged attack, it didn't take long before she became wet. However, Max still didn't rush to put his cock inside her and instead, he put two of his fingers inside.

Ahng~

Maria's body stiffened, and she let out a sensual moan when she felt his fingers enter her cave and her soft, slippery, and warm insides tightened around his fingers.

"So tight!" Max exclaimed. He could feel the blood flow in his finger slowing down quite a bit because of the pressure.

Throb!

His cock throbbed excitedly, as if saying, 'Let me enter it. Only I can make it behave.'

Max held back the urge yet again and started moving his fingers in and out.

Squelch! Squelch! Squelch!

Nngh~ Ahn~ Haa~

Each time his fingers moved and rubbed against her insides, Maria's pussy twitch and she would feel the pleasure she sought so much and loud moans escape her mouth without reserve.

...

Meanwhile, outside the guest rooms, the mature woman who encourage Maria to make a move on Max was pacing back and forth. She would look toward Max's room every once in a while.

The other servant girl standing beside her looked at her and chuckled, "Hey, don't be so anxious. Since she has spent all night with him, it means that the lord liked her and would most likely reward her."

"That's right. And since you've made a deal with Maria to share whatever she got equally, you will become rich." Another servant girl chimed in, her tone held hints of envy.

Hearing this, the other servant girls looked at each other before glancing at the mature woman and saying, "Miss team leader, how about you share some of the wealth with us sisters too?"

The mature woman stopped in her tracks and glanced at the one speaking with a stern gaze and coldly said, "Why would I share it with you? It was I who made the deal with her, not you guys."

"Hehe, miss team leader, you are right about that. However, we are also your accomplice and would have to keep the secret from leaking out, right?" The previous servant girl grinned and said, "So, shouldn't you take care of us too? Isn't that right, sisters?"

"Yes, that's right. We should also get some share."

"Yeah, I agree."

"Me too."

Every servant girl agreed with the suggestion apart from Ruki, who didn't express her opinion. She had a sullen expression and constantly looking at the door of Max's room with red eyes.

'That bitch. Acting all innocent. If she wasn't here, I would've been the one to spend the night with him.' She hatefully thought.

"Hey, Ruki. What do you think about our suggestion? She should share the profits with us, right?" A servant girl turned to Ruki and asked. Others also looked at her.

Ruki's expression darkened further upon hearing this and she nodded, "Of course she should share with us. We can't let her hog all the good things."

"See. All of us agree. What do you say now, team leader?" The one who suggested dividing the haul turned to the mature woman and asked.

The mature woman's expression darkened. She angrily asked, "You dare take advantage of me?"

"Hehe, team leader. Please don't say that. We aren't taking advantage but doing you and Maria a favour by keeping our mouths shut. We should be given some benefits for this, shouldn't we?" The previous servant girl righteously said.

"Good. What a good 'doing you a favour'. I'll remember this." The mature woman gritted her teeth and coldly said, "I'll give you 10% from my share. If you want any more, you can ask Maria."

"Shouldn't you incre..." The other servant girl frowned and started saying something but the mature woman cut her off, "If you don't agree with this, then go ahead and inform the city lord or anyone other you want. I'll stop holding back your secrets. Let's see what happens then."

Hearing this, the servant girls quietened down. They then smiled and said, "Don't be angry, team leader. 10% is enough."

"Humph!" The mature woman hurrumphed coldly before shifting her attention to the Max's room and thought, 'Why isn't she coming out? If anyone else saw this, it would be a huge problem that I won't be able to settle with money.'

Chapter 328: Amazing Maria*

Hah~ Mm~ Nngh~

Inside the room, Maria had her eyes close as she moaned in ecstasy. Her pussy was dripping wet and twitching unceasingly. Her breathing was rough, and it looked as if she would climax anytime now.

Seeing this, Max stopped teasing her nipple and took his fingers out of her pussy.

"Hah~ My lord. Why... why did you stop? Ah~" Maria asked in between her moans, her voice held hints of dissatisfaction.

The pleasure that had been coursing through her body until a while ago had intoxicated her and she could feel even greater pleasure coming her way, but before it could, Max stopped. It was no surprise to Max that she was feeling dissatisfied.

He smiled at her and positioned himself in between her long slender legs. He looked at her beautiful pink flower with lust burning in his eyes.

Gulp!

He gulped his own saliva to control his burning lust. He was finally going to have a taste of her and this made blood rush to his head and his breathing to become erratic.

Grabbing his throbbing cock, he slowly rubbed the head on her entrance, soaking it with her juices.

Ah~

Maria bit her lower lip and moaned. Her pussy twitching in anticipation of what was to come.

After putting enough lube, Max slowly pressed the tip on her pussy entrance and put it inside.

"Nice!" He exclaimed when he felt her soft wet, warm and slippery pussy embracing the tip of his cock. The sensation was amazing.

Ahn~

Maria felt a shiver going through body as his tip entered her and her eyes turned hazy. She clutched the sheets tightly and let out a loud, pleasure-filled moan.

Max unhurriedly put his hands below her hips and lifted her a little above the bed.

Ha!

He took in a deep breath. His fingers dug into the soft flesh of her well-rounded bottom and he slowly moved his waist forward, pushing his cock into the depths of her pussy.

Ahng~

As Maria felt his thick rod slid deep, rubbing against and stretching her insides, a mixture of pain and pleasure assaulted her nerves. Fortunately, unlike last night, the intensity of pain didn't exceed the intensity of pleasure by too much.

"Argh! It's amazing!" Max groaned in pleasure and a drunken expression appeared on his face.

'It's only halfway in, but it feels so good.' He thought and continued moving his waist forward until he was all the way inside her.

Maria had started writhing and convulsing when a little more than half of his cock was inside her. However, she endured making no pained noise in case he stopped like last night.

Ahn~ Nngh~

When his rod was all the inside her tunnel, Maria couldn't hold back and let out a few pained moans.

Max glanced at her pained expression. He let her hips rest on the bed and stopped moving. He leaned toward her and started kissing her lips and caressing her breasts while she adjusted to the pain.

After a while, the pain had lessened considerably. Maria said in a faint voice, blushing, "I-I'm fine now. M-My lord can do it."

"Hmm. You tell me if you feel any pain, okay?" Max said with a gentle and concerned expression.

"Mm." Maria nodded meekly. This kind gesture moved her and made her think how wonderful it would be if she could be with him. Unfortunately, she couldn't afford to leave her old parents behind.

She shook her head to dispel these thoughts and told herself, 'I'm fortunate enough that such an amazing man took my first time. I shouldn't let these selfish thoughts come into my mind.'

The more she thought like this, the more emotional she became, and tears welled up in her eyes. She hurriedly tried to look away so Max wouldn't notice them.

Unfortunately, he still noticed. He cupped her face and made her look at him as he asked, "What is it, Maria? Why are you crying? Is it because you still feel pain?"

"N-No. It's nothing." Maria shook her head and before Max could say anything, she asked in a feeble voice, "M-My lord, can you hug me for a while before continuing with that?"

Seeing her adorable expression, his heart melted, and he nodded, "Of course."

Saying this, he hugged her small and delicate body.

In his embrace, Maria felt warm and safe. All her worries seemed to have vanished, and she felt happy.

Twitch!

Suddenly, she felt his cock, that was still inside her pussy, throb. She knew he badly wanted to do it. So, she softly said, "Thank you, my lord. You can d-do it now."

Max didn't waste any second. He sat up, supported her hips with his hands, and moved his waist backward.

"Ahnn~" As his cock slid out, rubbing against her insides, Maria felt the sweet pleasure course through her body. She rolled her head back and let out a moan.

Thwack!

While she was still reeling in pleasure, Max had pulled his cock out until only the tip was inside her and, with a not-so-slow thrust, he pushed it into her depths again.

Ahng~

Argh!

Both of them moaned simultaneously, ecstatic expressions on their faces.

Max closed his eyes to enjoy the amazing sensation of her sweet pussy tightly enveloping his thick rod.

Thwack! Thwack! Thwack!

Mm~ Ahng~ Nngh~

After a few seconds, he slowly started moving his waist back and forth. With each thrust, Maria would moan loudly and her body would convulse and her pussy would grip on his cock more tightly, making him feel even better.

'It's would be a pity if I can't enjoy this amazing pussy anymore after today.' Max thought. She was too amazing, and he wanted to have sex with her daily.

Thinking this, he felt helpless because she wasn't willing to go back with him.

'Damn! I'll think of a solution afterwards.' He thought and reverted his focus to what was important.

Thwack! Thwack! Thwack!

Mm~ Ahng~ Nngh~

He continued to thrust in and out of her while Maria continued to moan.
