The sweet pursuit Chapter 101-The two slept in each other's arms, the moon flowed silently, and the night passed in an instant.

When the sky was just showing his belly, Ling Jiuze suddenly woke up, he opened his eyes, and it took a while to find that he was sleeping in a side bedroom.

He actually slept here all night!

The light in the room was hazy, Su Xi was still asleep, Ling Jiuze looked at her face for a moment, slowly got up, and left quietly.

Su Xi slept until dawn, she remembered something, turned her head to look to the side, the place where the man was lying was empty.

Sure enough, he left.

Su Xi calmly looked away, looked at the sun outside, and stretched out a big lazy waist.

In the blink of an eye, another week passed, it was already June, and during the class, Cheng Yiyi talked to her one by one, the art museum's art exhibition was about to open, but it was difficult to find a ticket, and she couldn't buy it when she found a scalper.

She said that she could help if she tried it, but Cheng Yiyi thought she was comforting her, and did not go to her heart.

When he left the Ling family on Saturday, Su Xi received a call from Elder Qin, and the old man was angry, "Girl, if I don't look for you, have you forgotten that there is still me as a master."

Su Xi smiled slowly, "Master, I missed you.

Only this sentence immediately calmed the old man's anger, but deliberately snorted coldly, "Come less, think why don't I call, why don't you come to see me?" Your senior brother also knows that he comes to see me every week, and you are busier than him?

Su Xi lowered his voice, "It's not right for me, I'll go see you in the afternoon and bring you the osmanthus cake of May Fast."

"Don't wait for the afternoon, come over now, I'll wait for you to eat." The old man couldn't help but say.

Su Xi responded happily, "Okay, but I will have at least an hour to go from Jiangda, don't be hungry, eat first."

"Don't be verbose, hurry! I waited for the osmanthus cake. The old man snorted and hung up the phone.

Su Xi pursed her lips and smiled lightly, and first went to May Zhai to buy osmanthus cake.

When he came out of May Zhai, he received a call from Qin Jun, and he chuckled, "Master is looking for you?"

Su Xi lowered his eyes, "It's really wrong of me, I haven't seen Master for so long."

"Master has that temper." Qin Jun's voice was gentle, "I'll go over today, where are you, I'll pick you up."

"My May fast on Fuxi Road."

"I'm nearby, it's almost ten minutes to get there, don't move, wait for me there."

"Good!"

Ten minutes later, Su Xi carried the osmanthus cake to Qin Jun's car.

While driving, Qin Jun looked back at Su Xi and said with a light smile, "Good look, have you been happy lately?"

Su Xi was a little unable to look directly at the word "happy", and when she heard it, she thought of someone, she turned her head to look out the window, "It's not bad."

"Has the marriage contract with the Ling family expired?" Qin Jun asked.

At the beginning, Qin Jun was very opposed to her being married into the Ling family by Su Zhengrong in this way, and he was angry with her for several months, so Su Xi did not dare to say that he and Ling Jiuze had now become lovers, and only vaguely said, "Soon."

"After dissolving the marriage contract with the Ling family, don't go back to the Su family, your house is far from Jiangda, you first go to live in my house in the imperial court, which is also close to Jiangda." Qin Jun said lightly.

Su Xi looked at him in amazement, "Shangpin Royal Court?"

"Hmm." Qin Jun nodded, "What's wrong?"

Su Xi shook his head weakly, "No."

Qin Jun drove with one hand and took the key to her, "This is the key, you can go over at any time, and then I will find an hourly worker to cook for you."

Su Xi took it and put it in his bag, "Thank you, Senior Brother, but I also rented a house over there."

Qin Jun glanced at her with cold eyes through the gold-wire glasses, "You're not in Qingyuan?"

The sweet pursuit Chapter 102-Su Xi nodded, "I moved out a month ago."

Qin Jun bowed his head lightly, "It's okay, I always live in the mountains, and my nature is lonely."

Su Xi raised his eyebrows and was noncommittal.

The two chatted for a while, and Qin Jun said, "Do you know why Master asked you to go?"

"What's going on?" Su Xi asked.

Qin Jun said, "Tomorrow, the Chinese style painting exhibition of the art museum will officially be launched, and the person in charge of the art exhibition will invite Master to go to the final check, and Master wants to take you to see it."

It turned out to be like this, Su Xi frowned, "I haven't started writing for a long time, and I will definitely be trained by Master today."

Qin Jun smiled, handsome as jade, "So, I'll go with you."

Su Xi breathed a sigh of relief and smiled, "Thank you, Senior Brother."

An hour later, the car stopped outside a small western-style building, Qin Jun and Su Xi walked inside side by side, and when they entered the courtyard, they heard the old man inside in a loud voice, "Put more sugar in the lotus soup, then the girl likes to eat sweet, put less, she can't eat it."

Qin Jun smiled lightly, "Master still hurts you the most."

With joy in his eyes, Su Xi stepped on the bluestone slab, crossed the path between the osmanthus trees, and shouted, "Master, I'm coming!"

In the blink of an eye, an old man appeared at the door, wearing a dark blue satin blouse, with a childlike appearance and good spirits, seeing Su Xi first Ichiraku, then tensed his face and snorted, "I thought you forgot where I rushed to my door!"

Su Xi said positively, "I'm afraid that I won't remember well, so I specially asked Senior Brother to send me over."

Elder Qin's eyes widened, "You say it again."

Su Xi sneered.

A smile also appeared on Qin Jun's usually cold face.

Su Xi took Qin Lao's arm and entered the house, the maid had already finished the meal, and when he saw Su Xi coming, he immediately set the meal.

Qin Lao was obsessed with painting all his life, had a cheerful personality, and Su Xi's grandfather was a life and death friend, and Su Xi also became Qin Lao's disciple because of his grandfather, and then met Qin Jun.

Su Xi's master and mother passed away three years ago, and Qin Lao also has a daughter, who has been abroad for the past two years, so Qin Lao has lived alone for the past few years.

However, his students often came over, plus there were often visits to the door, and Qin Lao was also very busy.

During the meal, Qin Lao talked about the art exhibition, and at three o'clock in the afternoon, the people from the art exhibition would come to pick them up.

Elder Qin asked about Su Xi's recent situation again.

In addition to the matter about Ling Jiuze, the other Su Xi said truthfully.

"It's almost summer vacation, will you come to the design studio then?" Qin Jun asked.

Su Xi thought for a while, "I may go, but I have other ideas."

"What thoughts?" Qin Jun asked.

Su Xi pursed her lips, "I'll tell you when the time comes."

Elder Qin snorted, "Little girl, I have learned to sell Guanzi."

After

eating, Qin Lao took the two to the backyard to see the flowers he had recently planted.

When Su Xi and Qin Jun looked at the flowers and trees, Qin Lao walked aside, swiped his mobile phone, opened WeChat, and sent a video invitation to go out.

After ringing four or five times, the other side connected, and the old man in gray cloth on the opposite side was sitting in the recliner and was napping in the sun, and he was very impatient to be woken up, "You old man, why don't you rest at noon?"

Elder Qin smiled widely, "Old man Jiang, don't sleep, show you the new varieties of peonies I planted, see, it will bloom."

He pointed the camera at the peony behind him, and deliberately deflected it a little, so that he could clearly see the two people watching the flowers on the other side of the wooden pavilion.

The sweet pursuit Chapter 103-Elder Jiang was originally not interested, and after glancing at it twice, he slowly widened his eyes and stared at the screen tightly, "My family Xibaoer?"

Elder Qin said deliberately, "Let you see the flowers, who are you looking at?" Elder

Jiang sat up straight, "Is that my family Xi Bao'er?"

Qin Lao nodded, "Yes, she came to see me today, and bought a bunch of my favorite food, you said that I am not a child, what do you buy so many pastries?"

Jiang's old beard straightened, "You are a bad old man on purpose, aren't you?" You call her over, I'll ask her, grandfather, or master? I haven't been home for so long, but I

went to honor that bad old man!

Boss Qin raised his face and said seriously, "Look at what you said, with your friendship with me, can I still compete with you for a granddaughter?" Of course, it's the master's father!

After

that, old man Qin pointed the camera at himself, hehe Yile, raised his hand to turn off the video.

Putting down his mobile phone, he was in a good mood and shouted, "Xi Baoer, it's too hot, go back to the house, I'll let you make cream ice cream."

Su Xi stood in a field of flowers and looked back, "Here it comes!" Back

in the house, Su Xi received a call from his grandfather.

Jiang Lao's face was not good, Su Xi was just about to speak, but the mobile phone was suddenly snatched by Qin Lao, "You have been small since you were young,

didn't Xi Bao just come to see me?" Why did you call her specifically to train her? If you have the ability to move Jiangcheng, I will let Xi Bao'er visit you every day.

Su Xi looked confused, not knowing what was happening at all.

“You’re a bad old man, you’re bad!” Elder Jiang said angrily, “Why do I still need you to let and you come to see Xi Bao’er”

Qin Lao directly hung up the video and smiled at Su Xi, “Let’s not see him in general, go, eat ice cream.”

Su Xi and Qin Jun looked at each other, crying and laughing.

At three o’clock, the people of the painting exhibition drove to pick up Qin Lao, the car stopped, Li Zheng got off the car, greeted Qin Lao respectfully, and then saw Su Xi, a little surprised, “Senior sister!” Li

Zheng is forty-two years old this year, but he is a master who worships behind Su Xi, so even if there is a difference in age, he must respectfully call Su Xi a senior sister.

Su Xi smiled warmly, “Teacher Li.”

“Don’t dare, don’t dare, I often come to the teacher’s side, and occasionally I can see Senior Brother, but I haven’t seen Senior Sister for a long time.” Li Zheng was gentle and courteous.

A few people exchanged pleasantries outside the door before getting in the car and going to the art exhibition together.

The person in charge of the art exhibition, as well as some famous artists in the circle, waited outside the museum early, and as soon as the car arrived, they immediately greeted him and respectfully escorted Qin Lao off the bus.

Between words, extremely respectful and flattering.

The person in charge heard that Qin Lao’s favorite two disciples also came, and after seeing Qin Jun and Su Xi one by one, they were all surprised in their hearts, but they really didn’t expect that Teacher Li Zheng’s senior sister turned out to be a little girl who looked like a student.

After everyone introduced each other and got to know each other, the person in charge took Qin Lao and his party to the exhibition hall of the art exhibition.

This art exhibition has been prepared for two years, and it is very grand, and there will be industry insiders from all over the world to participate in the

exhibition, so the paintings that can be selected for the exhibition have also undergone layers of screening, and they are all very artistic masterpieces.

After entering the art exhibition, everyone gathered around Qin Lao and Su Xi, introducing each painting and its author.

Chinese painting requires skills, so most of the authors selected for the exhibition are well-known painters in the industry, of course, there are some newcomers, who are very talented.

Occasionally, Elder Qin would stop and listen to a few comments from Su Xi and Qin Jun, and Su Xi hit the nail on the head every time he commented, saying the special features and finishing touches of the painting, and everyone understood why Elder Qin loved such a young girl so much.

Walking to the middle position, Qin Lao stopped in front of a painting and asked Su Xi with a smile, "Look at this painting."

Su Xi looked up, it was a lotus picture, her gaze fell on the author's signature, and her eyes narrowed slightly.

Su Yun Wutong

The sweet pursuit Chapter 104-Su Xi smiled lightly, "The author's name is very interesting. Someone

next to him glanced at Li Zheng and said with a smile, "The person who painted this painting is still a student, very talented, I was shocked when I saw this painting, when I was in my twenties, I didn't have such pen power."

Su Xi smiled and said lightly, "The person who paints is unique, the angle is amazing, plus the technique is mellow, the composition is full, it is a good painting."

Everyone nodded in agreement, and Li Zheng smiled deeply, a little proud.

"But," Su Xi suddenly changed his painting style and shook his head, "it's that the charm is a little worse, especially next to this painting is Mr. Li's painting, the two paintings are not a little different in terms of style and artistic

conception, it stands to reason that such a painting should not appear in the art exhibition at all.”

Everyone was stunned, some nodded secretly, some felt that Su Xi spoke too sharply and bluntly, and some peeked at Li Zheng’s face.

I don’t know who said among the crowd, “This is the painting of Teacher Li’s student, right?”

Elder Qin looked at Li Zheng in surprise, “Really?”

Li Zheng’s expression was complicated for a while, and he hurriedly replied, “Yes, the student told you before that I have a student named Su Tong, who is quite talented in painting, and this is exactly her painting.

Su Xi laughed lightly, “I’m sorry!

Li Zheng said repeatedly, “No, Su Tong does still have shortcomings.

Elder Qin asked Qin Jun, “What do you think?”

Qin Jun glanced at Su Xi and bowed his head lightly, “The student feels that Junior Sister is right.”

The person in charge looked at Li Zheng in embarrassment, and Li Zheng was not vague, and said directly, “Su Tong’s painting is withdrawn.”

He spoke, and the person in charge didn’t say anything else, summoned the staff to come over, and removed Su Tong’s painting.

After the withdrawal, everyone found that this was originally the location of a painting, and it was previously moved to the side of Li Zheng’s painting to vacate a position.

Now that Li Zheng’s painting is in place, it is not clear that nothing is missing.

Maybe it was to see Li Zheng’s face before that Su Tong’s paintings were hung here for exhibition.

Everyone had different thoughts, followed Qin Lao and continued to walk forward, quickly forgetting this little episode.

.....

When she went back, it was almost dark, and Qin Lao left Suxi for dinner before asking Qin Jun to send her back.

Qin Jun drove her back to the imperial court before asking, "That Su Tong is the child who was held by mistake with you?"

Su Xi's tone was light, "It's her."

Qin Jun's handsome and elegant side face was indifferent as usual, "You did it on purpose?"

Su Xi smiled, "Yes!"

She can listen to her grandfather and treat people warmly, but excluding some people who provoke again and again, her temper is actually not so good.

How could Qin Jun not understand Su Xi, it must have been the one named Su Tong who provoked her, so she looked at her unfavorably.

The man's handsome eyebrows were grim, and he said lightly, "Indeed, it is not satisfactory."

Su Xi raised her eyebrows, although she didn't like Su Tong, but the comments on her painting were not deliberately disparaged, the skills were indeed good, and the charm and artistic conception were indeed poor, if it weren't for Li Zheng, she wouldn't be able to enter the art exhibition at all.

As the car approached the imperial court, Qin Jun asked, "You rent a house alone?"

"Yes!"

"Which one?"

Su Xi said the building number and floor, which were very close to the house that Qin Jun gave her.

When he arrived at the imperial court, Qin Jun sent her in, walked downstairs, Qin Jun raised his head, and suddenly asked again, "Are you sure that you live alone?"

Su Xigang nodded, looked up and was stunned, the light in the room was turned on.

Ling Jiuze is here?

Back so early!

Su Xi looked at Shangqin Jun's questioning gaze, so calm, "This is my second uncle's house, and he occasionally comes to take a look."

Qin Jun's cold eyes were indifferent, and he said after a while, "Your father is the second of the brothers of the Su family, where did you get the second uncle?"

Su Xi, "..."

The sweet pursuit Chapter 105- Seeing that she was silent, Qin Jun had his own guess, "Are you talking about a boyfriend?"

Su Xi pursed her lips and nodded slightly.

"Where are you from and what do you do?" Qin Jun asked with a frown.

Su Xi's expression was slightly condensed, and he said awkwardly, "He is from Jiangcheng, and we have just dated, and the relationship is not sure yet."

Qin Jun's face was slightly gloomy, "The relationship is not yet confirmed, and you let him enter the house? You moved from Qingyuan?" It's also because of him?"

Su Xi didn't know how to explain, so she could only nod her head, "Yes."

Qin Jun took a deep breath, put his hands in his pockets, and looked at her solemnly, "You have the Sheng family by your side, I've never been too involved in your life, but you suddenly had a boyfriend and didn't even tell me!"

He knew that the engagement between Su Xi and the Ling family would soon be broken, and he didn't object to her having a boyfriend, but She had only come to Jiangcheng a few years ago to live a normal life, and she was not well versed in the world, so she was afraid that she would be tricked.

Su Xi knew he was wrong, so he lowered his tone, "Senior brother, I know what I'm doing."

Qin Jun's face was dull, "Can you let me meet?"

Su Xi said, "When our relationship is more stable, I'll take him along." I'm going to see you."

Seeing that she seemed serious, Qin Juan softened his voice, "Then protect yourself, call me if you need anything, or ask Sheng Yangyang."

Su Xi smiled slightly, "Don't worry!"

"Then I won't go up, you go!" Qin Juan said.

"Goodbye, brother!" Su Xi waved her hand, "Go back and drive carefully."

"Yeah!"

Su Xi walked into the building and let out a long breath after entering the lobby on the first floor. She didn't want to lie to Qin Jun, but Qin Jun didn't like it. The Ling family, and her current relationship with Ling Jiuzi is really hard to explain.

For the time being, I can only hide it like this.

Go upstairs, open the door and go in, the light in the living room is on, but Ling Jiuzi is not there.

The door of the study room was ajar, and the light was on inside, presumably the man was working in the study room.

Su Xi didn't bother him, went to the kitchen to drink some water, and then went back to the room to take a shower.

After taking a shower, it was still early. Su Xi nestled on the balcony and read a book for a while. At about ten o'clock, he went to bed and turned off the lights to sleep.

I don't know how long she slept, but when she was sleepy, she felt that there was something in her mouth.

Someone is kissing her.

The familiar breath made her instinctively open her lips to respond, her consciousness still hazy.

Suddenly the man stopped and stuffed a round bead into her mouth. She took a bite, and the sweetness of the fruit immediately spread between her lips and teeth.

She asked in a daze, "Desert Storm?"

Ling Jiuze asked, "What?"

Su Xi suddenly woke up, her face flushed, and the candy in her mouth was ordinary candy, she was wrong.

They all blame Sheng Yangyang for instilling these messy things into her.

Fortunately, the room was dimly lit, and the man didn't notice her abnormal reaction.

The man lowered his head and continued to kiss, tasted the candy in her mouth, and said in a low voice, "I bought it when I went shopping in the supermarket. Is it sweet?"

" ?

She thought about the picture of him shopping in the supermarket, and for some reason she wanted to laugh, "What did you buy in the supermarket?"

Is there anything that he needs to buy in person?

Ling Jiuze kissed the corner of her lips, looked at her quietly, and stuffed something into her hand, "Yesterday was the last one, so it's not good to always let you buy it."

Su Xi held the box in his hand, his face slowly blushed, and he whispered, "Actually, it doesn't matter if I buy it."

Ling Jiuze said, "I don't think you need to buy it for the time being."

Su Xi has something bad Premonition, "How much did you buy?"

The man said calmly, "One box."

The sweet pursuit Chapter 106-Su Xi's voice trembled, "How much is a box?"

The man thought about it seriously, "There are about fifty boxes."

Su Xi's expression was more shocking than embarrassing, "How did you pass the cash register?"

"Does the member's eyes look like a pervert?"

Ling Jiuze frowned, "What cash register?"

Su Xi took a deep breath, "It's the place where you pay when you buy something in the supermarket." Ling Jiuze frowned

even tighter, "The manager of the supermarket moved the box to the car for me, I gave him the money."

Su Xi, "..."

"What's wrong?" the man asked.

"It's nothing." Su Xi said dryly. At most, the manager of the supermarket thought Ling Jiuze was engaged in wholesale.

Going to the supermarket to do wholesale, no wonder the manager will be alarmed, and he will be delivered to the car himself.

She raised her head and said seriously, "Don't go to that supermarket again!"

"Why?" the man asked.

Su Xi said, "I'm afraid that manager will discuss cooperation with you!"

Ling Jiuze looked at her and suddenly smiled.

Su Xi couldn't help laughing too, her watery eyes sparkled a little, charming and soft.

Ling Jiuze's heart skipped a beat, and he pinched her chin and kissed her very urgently, deliberately ignoring the reason for the special heartbeat in his heart.

...

The next day was Sunday, and the art exhibition of the art gallery officially opened.

In the Su family, Chen Yuan put on her makeup early in the morning and chose clothes for Su Tong. Today, she went to the art exhibition to see Su Tong's paintings, so she naturally wanted to dress more beautifully.

Suddenly the phone on the table rang, Chen Yuan picked it up to answer it, and said with a smile, "Yes, the museum opens at nine o'clock, we'll be there in a while, see you later."

Su Tong sat obediently on the chair, and waited for Chen Yuan to hang up the phone before asking, "Mom, have you dated someone else?" "

Yes, Mrs. Wang, Mrs. Liu, Mrs. Zheng, and those who usually play cards with me People, I have made an appointment." Chen Yuan smiled, very proud, "My daughter's paintings are on display in such a big art exhibition, of course I want to let them see."

Su Tong hooked the corners of his lips, eyes Turn around and ask obediently, "Is it too ostentatious?"

"It's not ostentatious at all, we are already very low-key. You haven't seen the Mrs. Zheng who played cards with me. Her daughter won the second prize in a music competition for the violin. If she won an award, she would treat guests in a big way, which is known all over the city. My daughter shows such a big face, shouldn't I show it off?" Chen Yuan snorted.

Su Tong smiled, "It's good that mom is happy!"

"I'm happy, of course I am!" Chen Yuan chose a long white dress to measure against Su Tong, and asked, "Have you invited your classmates?"

Su Tong nodded, "I have made an appointment with two good friends."

“Two are a little small, but the art exhibition will be open for a month, and I can invite them to see it later.” Chen Yuan planned, “What happened at the Fang family’s birthday banquet last time, secretly They don’t know how to laugh at us here, so I’m going to win back all my face this time.”

Su Tong was a little embarrassed when he mentioned what happened last time, “I’m sorry, it’s all my fault.

” Have you lived up to it?” Chen Yuan touched Su Tong’s face lovingly, “Su Xi is disabled outside, I can only count on you in the future.”

Su Tong’s eyes brightened, “I will definitely not let my mother down ,”

The sweet pursuit Chapter 107-She paused, lowered her eyes and said sadly, “It’s just that I’m afraid that grandpa will let me marry early again, and I want to stay with my mother for a few more years.”

Chen Yuan’s face was slightly angry when she thought about the past, ” Your grandpa is confused, don’t worry, I will never let you marry someone like Xu Geng, if you marry, I will let Su Xi marry.”

Su Tong smiled, and hugged Chen Yuan, “Mom, what do you do to me? That’s great, I will work hard and spend my whole life being filial to you.”

“My dear daughter!”

The mother and daughter hugged each other emotionally and said many touching words before Chen Yuan got up and said, “It’s almost time, Put on your clothes, let’s go quickly.”

Su Tong smiled cutely, “Yeah.”

Su Tong’s paintings were exhibited at the art exhibition, which is a very honorable thing for the Su family, Su Zhengrong pushed back all the entertainment, drove Take the mother and daughter to the art exhibition.

In the afternoon, I plan to take Su Hetang, Su Mu and the others to go there again.

Outside the art exhibition, the wives of Chen Yuanyue and the classmates invited by Su Tong had already arrived. When they saw Su Tong, everyone gathered around and were full of praise.

Mrs. Zheng laughed and said, "I heard that those who can participate in the art exhibition are all famous masters in the field of traditional Chinese painting. We Tongtong are the youngest, and our future is boundless!" Others exclaimed in amazement

.

Chen Yuan became more and more proud, holding Su Tong's hand and said with a smile, "Our Tongtong is indeed talented in painting."

Mrs. Zheng said, "I can't wait, let's go in and have a look."

Everyone said Su Tong Crowded in the middle, passed through the security check at the door, and entered the exhibition hall together.

Mrs. Zheng walked beside Chen Yuan, and said in a low voice, "I think you should hold a celebration banquet for Tongtong, and invite Mrs. Wang, because she laughed at you behind your back a lot because of the Fang family's birthday party. This time, we must slap her in the face in public!"

Chen Yuan's heart moved, but she said, "I originally wanted to do it for Tongtong, but she said she was still a student and wanted to keep a low profile, so I followed her." "

Tongtong is a good boy, you can help me She handles it, to be honest, I even prepared a congratulatory gift for Tongtong." Mrs. Zheng complimented.

Chen Yuan became more and more complacent, "Then I'll go back and ask her opinion."

The two of them were talking, and everyone had already started browsing the paintings on the wall. Fascinating, watching with gusto.

At the same time, I also admire Su Tong even more for being selected for such a top art exhibition.

I walked all the way to the middle of the art exhibition, but I didn't see Su Tong's paintings. Someone asked Chen Yuan, "Where are Tongtong's paintings?" Mrs. Zheng

immediately chimed in, "Our Tongtong's paintings must be the finale, behind."

Everyone Sighing suddenly, he continued to walk back.

However, looking at the paintings one by one, it seemed that they were almost at the exit, and they didn't see Su Tong's paintings.

Chen Yuan's heart began to beat, and she quietly asked Su Tong, "Where's your painting?"

Su Tong was a little flustered, and hurriedly said, "I went to see it with Teacher Li Zheng yesterday morning, and it's in this place, why is it gone? "

Chen Yuan comforted her, "Maybe the staff has changed the place of the painting, let's look at it again."

Everyone walked through the entire painting exhibition again, but they still didn't see Su Tong's words, and some of the wives had already started whispering, The look in Su Tong's eyes also changed.

Su Tong became more and more panicked, and said in a low voice, "Impossible, impossible, I saw it when I came yesterday."

Su Zhengrong said in a deep voice, "Hurry up and call Teacher Li."

Chen Yuan also hurriedly said, " Yes, call Teacher Li and ask what's going on?"

Su Tong immediately took out his mobile phone and called Li Zheng. The call was connected quickly. Su Tong didn't care about greetings, and asked directly, "Mr. Li, why are there no paintings of mine in the art exhibition?"

The sweet pursuit Chapter 108-Li Zhengdao, "Are you at the art exhibition? I wanted to call you, but I was too busy with the art exhibition these two days, so I forgot to tell you. Yes, for some reason, your painting was withdrawn "

Su Tong's mind was buzzing, his face was pale, his whole body was numb, and he said in a trembling voice, "How could this be? Isn't it something that has been confirmed? We came here yesterday to see why it was only a day later Changed?"

Li Zheng apologized, "It's true, I can't help it, and I blame me for not telling you earlier."

Su Tong's tears flowed down, and he choked up, "Can't we discuss it again?"

"Zheng Zheng said in a deep voice, "I can't! But it's okay, you're still young, and you still have opportunities in the future, so don't take it too seriously."

Su Tong cried with tears streaming down his face, and Li Zheng comforted her a few more words before hanging up the phone.

Chen Yuan knew something was wrong when she saw Su Tong's reaction, she hurriedly pulled her aside, and asked in a deep voice, "What's going on?"

Su Tong broke down in tears, covered his mouth and said, "Ms. Li said, my painting has been withdrawn." "

What?" Chen Yuan's complexion changed drastically, "Don't you say what has been confirmed? How could it change?"

Su Tong cried and felt wronged, "Ms. Li said that my painting was selected, and I also did it yesterday. I've come to see it, it's indeed hanging in the art exhibition, and I don't know why it was withdrawn."

Chen Yuan's face became extremely ugly, and her voice was sharp, "I'll call Li Zheng and ask him what's going on?"

Su Zhengrong was busy Hold her hand, "Calm down, you dare to question Teacher Li? Are you going to ruin Tongtong's future?"

Chen Yuan said angrily, "Then what should I do? I brought so many people to see Tongtong's paintings , Now that the painting has been withdrawn, how can I explain it! Can I afford to lose such a big person? What will they think of us?"

Su Tong cried even harder.

Su Zhengrong's expression was also not good, "That's nothing to do, I can only find an excuse to deal with it first."

"How to deal with it?" Chen Yuan said angrily, with disappointment, anxiety, and anger all in her heart, and she couldn't calm down at all.

Last time at the Fang family's birthday banquet, she was already very embarrassing. She thought she could win back some face by relying on the art exhibition, but she didn't expect it to be even more embarrassing this time.

"What's the matter?" Mrs. Zheng and the others came over and asked in astonishment.

Chen Yuan immediately blocked Su Tong behind her, and forced a smile, "Just now we called Tongtong's teacher, Mr. Li Zheng, and he said that the staff accidentally stained Tongtong's painting, and it is being repaired." , even if it can be repaired, it will be displayed two days later. I am really sorry to let everyone come here for nothing."

Everyone was in an uproar, and some couldn't help sneering, "The staff are all professional in such a grand exhibition. Was it careless? Could it be that Su Tong's paintings were not exhibited at all?"

Chen Yuan said with a serious face, "If they were not exhibited, why should I invite you here and slap myself in the face?"

The lady laughed twice "Who knows?"

Mrs. Zheng came out to smooth things over, "It's okay, we didn't come in vain, so many beautiful paintings, today I opened my eyes.

" I didn't want to come, but someone insisted on showing off, so I gave face, what a waste of effort!"

After she finished speaking, she turned her head and left.

Chen Yuan was trembling with anger, wishing to catch up with her and slap her twice.

Mrs. Zheng smiled and said, "Mrs. Liu is always outspoken, so don't take it to heart."

Looking at Mrs. Zheng's expression, Chen Yuan was clearly gloating, and her heart became even more depressed.

Seeing that the situation was wrong, Su Tong's two classmates also said goodbye, "Su Tong, we still have something to do, so let's go first."

The sweet pursuit Chapter 109-Su Tong held up his decency, "Okay, when my painting is repaired, I will invite you to visit again."

"Well, don't be too upset!" The two girls said a few polite words and left in a hurry.

Everyone came happily, and finally dispersed unhappily, on the way back, Chen Yuan did not speak all the way, and Su Tong kept crying quietly.

Back home, Chen Yuan completely broke out, and directly dropped the water cup handed by the maid on the ground, "I'm angry, what is this called?"

Su Tong's eyes were swollen when she cried, "Mom, I'm sorry!"

Chen Yuan was upset, "Can you get things right in the future, tell me later, I lost my face because of you."

Su Tong looked at Chen Yuan's angry face, his eyes showed fear and disappointment, and he covered his face and ran upstairs.

Su Zhengrong asked the maid to clean up the porcelain pieces on the carpet, and said in a deep voice, "Well, if something like this happens, Tongtong must not feel good in her heart, so don't blame her!"

Chen Yuan sat on the sofa with her butt, huffing and panting.

Su Zhengrong frowned, "This matter is indeed a little strange, I let people inquire, what is going on, so decent, how can Tongtong's painting be removed?"

Chen Yuan rolled her gaze and said coldly, "If you go to investigate, I must know who removed our Tongtong painting!" Su

Tong did not go to school on Monday, and when class ended in the afternoon, Cheng Yiyi and Su Xi gossiped, "Our Su Xiaohua's painting was selected for exhibition in the art exhibition, and she also invited someone to see it, but when it came to the art exhibition, there was no painting of her at all, which was a shame."

Su Xiqing's eyes were calm, "How do you know?"

Cheng sighed, "One morning, the whole school was spread. Su

Tong has excellent grades, good looks, and a good family background, and he is originally a popular figure in the school, and everyone knows that a little wind blows down.

Su Xi sneered, "The person she invited to see the art exhibition must be a friend she thought was good, but the next day her ugly story was spread all over the school, which shows that her vision of people is really poor." Cheng

Yiyi didn't expect this before, but when Su Xiyi said that it was really like this, he nodded repeatedly, and then wondered, "I think this matter is quite strange, since she invited her friends to see the art exhibition, she must be completely sure, so why is there no painting of her in the art exhibition?"

Su Xi curled his lips and smiled, "Who knows?"

She took out two tickets for the art exhibition from her bag, "This is for you."

Cheng Yiyi was stunned for a moment, and then his eyes burst with surprise, and he took the ticket and looked over and over, "Where did you come from?"

"A friend gave it to you, I don't have time to go, give it to you!"

Cheng Yiyi hugged Su Xi one by one and spun it around twice, "Su Xi, Xi baby, you are so good, you are simply my god!"

Su Xi pushed her away and said with a smile, "Calm down!"

Cheng Yiyi couldn't calm down, took the ticket and put it on his mouth and kissed it hard, asking, "Why did you give me two back?"

Su Xi said, "Didn't you want to ask your white moonlight? Isn't this just an opportunity!"

Cheng Yiyi looked at Su Xi excitedly, and Su Xi immediately took a step back, "Stand there, don't come over!"

Cheng Yi hugged his fists one by one, "Don't say anything, go to the soup in the future!"

Su Xi smiled speechlessly, turned his head and walked forward, his smile warm and lazy.

The sweet pursuit Chapter 110-After two days, Su Tong's painting was withdrawn, and Su Zhengrong heard a little eyebrow.

He paid a staff member of the exhibition, who told him that the afternoon before the opening of the exhibition, the person in charge had invited Qin Lao and his two students to sit in the gate. After they left, Su Tong's paintings were removed.

As for the specific reason, he does not know.

After Su Zhengrong returned home, he told Chen Yuan and Su Tong the news.

Chen Yuan guessed, "Could it be that Elder Qin doesn't like Tongtong's paintings?"

Su Zhengrong said, "Elder Qin is highly respected in the industry, although Li Zheng is famous, he is not Elder Qin's most proud student, if Elder Qin has an opinion on Tongtong's painting, I am afraid that Teacher Li will not dare to violate it."

Su Tong has not dared to go to school for several days, locking herself in her room every day, and she has become much haggard in two or three days, and she helplessly spoke, "Then what to do?"

Chen Yuan thought for a moment, "Why don't we ask Teacher Li to lead the way and visit Elder Qin." The exhibition will open for a month, and if Qin Lao relaxes, maybe Tongtong's paintings will have a chance to be exhibited again.

Su Tong's eyes immediately lit up, "Really?"

Su Zhengrong frowned, "Elder Qin lives in seclusion and is low-key, I'm afraid it's not so easy to see."

"Isn't there Teacher Li?" As if she had caught a life-saving straw, Chen Yuan hurriedly said, "Earlier, we said that Tongtong's painting was taken for repair, and if it can be exhibited in the exhibition in two days, those people will not believe it."

In this way, all the lost face can be recovered.

Su Tong immediately said, "Then I'll go and call Teacher Li."

Su Zhengrong said in a deep voice, "It's better for me to fight, Teacher Li is also responsible for this matter no matter what, I think he will help with this."

Chen Yuan's eyes rolled and she had an idea, "Don't fight first, I asked Lizheng's lover to come out in the afternoon, she told me before that she fancy a ruby bracelet from GK, I will buy it now and give it to her in the afternoon." In the evening, you will call Li Zheng again.

Su Zhengrong nodded, "It's okay." In

the afternoon of the same day, Chen Yuan went to do this, the necklace was expensive, Chen Yuan did not blink her eyes, and paid directly.

After that, she asked Li Zheng's lover out and gave the bracelet out smoothly.

In the evening, Su Zhengrong called Li Zheng and politely asked him to introduce Su Tong in the middle and visit Qin Lao.

Li Zheng did not refuse, nor did he directly agree, only said to ask Qin Lao if he had time recently.

Su Zhengrong responded with a warm smile and said a few more words of thanks before hanging up the phone.

Chen Yuan and Su Tong were waiting eagerly on the side, and quickly asked how it was?

Su Zhengrong said with a smile, "It should be no problem to listen to Teacher Li's meaning, our Tongtong is originally Li Zheng's student, and Qin Lao is Tongtong's ancestor, so it is reasonable to visit him."

Chen Yuan's heart suddenly relaxed, feeling that as long as he saw Elder Qin, there would be room for this matter to turn around.

She even had a bigger idea, if Su Tong could get Elder Qin's appreciation and personally order, then the future would be very different.

This is not only a matter of learning to paint, Qin Lao has a very good position in the entire domestic painting and calligraphy industry, and his students' own Arctic Design Studio has won many international awards and is well known at home and abroad.

Although there are many wealthy families in Jiangcheng, the calligraphy and painting industry has always been high, sought after by rich people, and is the highest end of taste.
