The sweet pursuit Chapter 12-Cheng Xiaoxiao had been waiting for Su Xi downstairs, and when he saw her come out, he immediately ran over and asked, "How is it?" Did the counselor say how to punish you?

Su Xi carried a backpack, grabbed the strap with both hands, and said quietly, "Why punish me, I am a legitimate defense!"

Cheng Xiaoxiao looked at her in disbelief, "Zhou Ting's leg is broken, her father is looking for her with great momentum, can he give up?"

Su Xi smiled, "It's already solved anyway!" Although

Cheng Xiao was suspicious, he was also relieved, followed Su Xi to the outside of the school, and muttered, "They all blame me, if I hadn't pestered Bai Yueguang, we would have left earlier, and there would have been no such thing."

Su Xi said indifferently, "Zhou Ting came prepared, maybe she has been waiting for me there, it's the same when you leave early and late!"

"She deserves to have her legs broken!" Cheng Xiaoxiao was filled with anger, and then his face changed, and his eyes shone brightly at Su Xi, "Su Xi, have you practiced kung fu?" Teach me how to kill Zhou Ting in seconds with one move!

Su Xi pursed his lips, "It's probably a kick!"

Cheng Xiaoxiao rolled his eyes, "I'm excited for nothing, I thought you had some mysterious martial arts family background!"

Su Xi sneered, "Read less novels, it's not conducive to your brain development!" The

two laughed while talking, walked outside the school gate without hurry, and out of the school gate, Cheng Xiaoxiao pulled Su Xi's arm and signaled her to look to the left front, "Look, it's Su Xiaohua!"

Su Xi turned his head and saw a Mercedes parked on the side of the road, the driver got out of the car, and was sideways opening the door to protect Su Tong into the car.

There are many people around who stop and watch, girls envy, boys adore, and even people shout out to the goddess!

Cheng Xiaoxiao sighed, "You said how Su Tong's life is so good, he studies well, he grows well, and he was born in such a rich family, even if I occupy the same, I will kowtow to heaven eighteen heads, thank it for not being thin on me!"

Su Xi staggered his gaze and said with a smile, "The latter two are destined, but the first one you can work on!"

"Come on, my IQ, I can't catch up with others if I study hard, but you can!" Cheng Xiaoxiao turned his head to look at Su Xi, "To be honest, if you have a rich father, which round will the throne of the school flower get someone else?" It's a pity that you lost Su Tong in the family world, and you can only be aggrieved to be a department flower.

Su Xi nodded thoughtfully, "In private, you can also call me a school flower."

Cheng Xiao laughed a little, and pulled Su Xi to buy ice cream on the other side, "Don't dream, today I will treat you and crush you!"

"Then I want two!" Su Xi took the opportunity to rob.

"Okay, you look good, you have the final say!"

.....

Su Tong took the car back to the villa, and today Su Zhengrong came back early, and the family of three sat down to eat together.

Su Zhengrong sat on the main seat and said to Chen Yuan, "You have time to call Xixi and ask her to go home for dinner this weekend."

Chen Yuan looked up, "Something?"

"Can't you let Xixi go home for a meal if nothing happens?" Su Zhengrong frowned slightly, "Besides, there was a misunderstanding on your birthday, and everyone met, and the misunderstanding was gone."

Speaking of the events of that day, Chen Yuan took a loss and said, "Then you call her!"

Su Tong clipped a piece of sea cucumber to Chen Yuan, and said with a gentle smile, "Dad is right, how can the family have an overnight feud?" On the weekend I personally make a cake for my sister.

Chen Yuan's eyes were full of relief, "It's still Tongtong who is sensible!" By the way,"

she put down the soup spoon and hurriedly said, "In the afternoon, Teacher Li called me and said that there was an exhibition at the art museum in early June, and you were asked to prepare a Chinese style painting, maybe it could be exhibited at the art exhibition.

"Really?" Su Tong's eyes lit up slightly, "Then I'll start preparing right away."

"Hmm." Chen Yuan nodded fondly.

After eating, Su Tong went back to her room, thinking about the theme to be exhibited, Chen Yuan knocked on the door and came in, holding a bowl of bird's nest pears in her hand, "Seeing that you didn't eat much at night, I let Sister-in-law Zhang stew it while it was hot."

Su Tong took out the previous paintings and asked Chen Yuan to help him refer to them.

The mother and daughter talked for a while, and Su Tong yawned, let Chen Yuan look first, and went to take a bath by herself.

Chen Yuan helped her clean up the desk, her fingers touched the mouse, and the computer on the table immediately lit up, Chen Yuan glanced casually and frowned.

The computer screen is the Jiangda forum, the title of the post is eye-catching, Su Xi and Zhou Ting are fighting for school grass!

Chen Yuan browsed down, probably Su Xi fought in school for a boy and another girl, and there was a lot of discussion under the post, saying everything.

She frowned when she saw it, and closed the page after a few cursory glances, her face had sunk, Su Xi is her biological daughter, she was held wrong since she was a child, and she recognized her ancestors at the age of seventeen, she also wanted to compensate Su Xi, but look at Su Xi's

unmotivated appearance, and then look at the smart and sensible Su Tong around her, how can she not be partial?

She couldn't help but rejoice that she hadn't disclosed that Su Xi was the daughter of the Su family, otherwise she wouldn't be able to afford to lose this person!

Leaving Su Tong's room, Chen Yuan's face has been ugly, and when she returned to the bedroom, she saw that Su Zhengrong was taking her mobile phone to dial, and immediately said, "Don't call Su Xi!"

Su Zhengrong was stunned, "What's wrong?"

Chen Yuan's face was gloomy, "I don't want to see her!"

"What happened, I said it well during the meal." Su Zhengrong looked at her with a frown.

"Nothing, just don't want to see her!" Chen Yuan said, took out her pajamas from the cabinet and went to the bathroom to take a bath.

Su Zhengrong threw the phone on the table and let out a long sigh.

Qingyuan Villa

Su Xi came back from running, nestled in the sofa after taking a bath, stroked Baxi's head with one hand, and opened the mobile phone game with the other.

As soon as you log in, you will be prompted to invite your friends.

Su Xi was happy when he clicked on it, it was Ling Yihang.

She sent a voice first, "Have you finished your homework?"

Ling Yihang, "How about you come over and check now?"

Su Xi didn't say nonsense, "Follow me, sister will take you to upgrade!" Ling Yihang sent her a roll of his eyes.

Su Xi plays games very dish, Ling Yihang dislikes her very much, and loves to play with her, probably he also eats, and wants to find a sense of existence in her!

The two played the game for an hour and a half, and Su Xi saw that the time was almost ten o'clock, and urged Ling Yihang to go to sleep.

Ling Yihang did not reply to her, but the characters on the game went offline.

Su Xi took out the newly bought primary school todayThe third-grade textbook opened and looked, since she was Ling Yihang's tutor, she had to work hard to do a good job, she had not been to elementary school, and she had not learned the primary school curriculum step by step, and now she had to make up for it quickly.

.....

On Saturday, the driver who was still the Ling family picked her up to the Ling family's villa.

When he went upstairs, Su Xi didn't see Ling Jiuze and didn't know if he went out or didn't get up.

Ling Yinuo was also not there, and probably went on a date again.

Knocking on the door and entering Ling Yihang's room, he was still playing games, Su Xi put down his bag and said softly, "Today we will first review the knowledge points you have learned this week."

"Hmm!" Ling Yihang sat on the sofa and answered, but did not move.

Su Xi waited for him, five minutes, ten minutes, fifteen minutes, seeing that half an hour was almost over, Ling Yihang didn't move his butt.
