

## Read Novel The Sweet Pursuit Chapter 13

The sweet pursuit Chapter 13-Su Xi finally knew why Ling Yihang's tutor resigned, the child of a wealthy family, he can't be scolded, he thinks you are verbose, good words coax him to think you are naïve, that sense of powerlessness will make people give up automatically.

Su Xi got up, saw a dart on the table, glanced at the target, raised his hand and threw it over, right in the bullseye!

When she hit the bullseye in her third dart, Ling Yihang looked up with surprise in his eyes.

Su Xi took the take-off dart with his left and right hands at the same time, and threw it out without looking, and the two darts were at the same speed, squeezing out the previous darts and piercing into the bullseye at the same time.

Ling Yihang stood up, walked to Su Xi's side, and looked sideways at her, "Have you practiced?"

Su Xi raised his eyebrows and was noncommittal.

Ling Yihang was interested, "Then you teach me."

Su Xi put his hands around his chest and pointed to the desk, "After today's study task is completed, I will teach you!"

Ling Yihang snorted, "Can't you change your move?"

Su Xi shrugged, "No way, I can't come to your house and be kicked out on the grounds of incompetence for the second time, I also want to face."

Ling Yihang disdained, "Actually, I can let my second uncle teach me, he is better than you!"

"Then you go to your second uncle now and see if he will teach you?" Su Xi has no fear, he wants to teach early education, which will wait until now.

A look of embarrassment flashed on Ling Yihang's face, and he seemed to weigh it and nodded, "Okay, I'll listen to your words and learn, but after learning, I want you to teach me archery, can you do it?"

“Archery?” Su Xi frowned slightly.

Ling Yihang showed some pride, “Won’t it be?” My second uncle is also a hundred shots in archery!

“Whoever says no, learn first and then talk!” Su Xi walked to the desk.

“What if you lie to me? Throwing darts and archery are two different things! Ling Yihang provoked.

Su Xi paused and turned around, “If you lie to you, I will call you teacher!”

“That’s settled!”

Su Xi squinted and smiled, the morning sun spread a layer of light golden soft light on her white and soft face, ...

Probably because the family genes are excellent, Ling Yihang is very smart, and he learns things quickly, and an hour later, the two have finished reviewing and are standing on the lawn of the villa.

Ling Yihang said that he wanted to shoot arrows, and the butler let people arrange the venue in advance, moving targets, bows and arrows, protective gear, everything.

Ling Yihang put on the protective gear and looked at Su Xi questioningly, “Do you move the bow and arrow?” Don’t hold on, now admit defeat at most call me a teacher, if you can’t even shoot an arrow later, then you can lose the adult!

Su Xi hooked his lips, “It’s a shame to give up if you don’t try!”

She picked up her bow and arrow, straightened her posture, drew her bow, and aimed.

She hadn’t shot an arrow for a long time, looking at the target in the distance, her memory coincided with the present moment, and she had a momentary trance.

With a “buzz”, the long arrow broke through the air, whistling and windy, and with a heavy sound, it hit the bullseye!

Ling Yihang cheered and immediately ran over, “How did you do it?”

Su Xi smiled calmly, "How is it?"

"Teach me!"

"Teach you can, but you have to promise me that every time I come in the future, you will obediently come and study, without delay!" Su Xi took the opportunity to propose conditions.

Ling Yihang focused on learning archery, and he answered it in one mouthful.

On the balcony facing the lawn on the third floor, Ling Jiuze leaned lazily against the fence, listening to the phone, but his eyes fell on the two people who were shooting arrows on the lawn.

Su Xi shot at the bullseye again, her picturesque eyebrows flew wantonly, the spring sun jumped on her white and soft face, and her whole person seemed to be alive and bright.

Ling Jiuze hung up the phone, stood there and watched for a while, and saw that Su Xi had shot three arrows, all of which hit the bullseye.

Ling Yihang was about to jump up with excitement, and the look in Su Xi's eyes was adoration.

Ling Jiuze narrowed his eyes slightly, before he saw Su Xi kicking Zhou Ting's kick obviously knew some skill, she said that she practiced self-defense when she was a child, but this skill in archery is also self-defense?

.....

Su Xi played with Ling Yihang for an hour, it was almost noon, and he packed up his things and went home.

When she came down from the second floor, Han Xiao just happened to be carrying something into the door.

Han Xiao looked at Su Xi and was stunned for a moment, and then his face sank at a visible speed, Ling Jiuze actually took her home!

Is he serious?

"We meet again!" Han Xiao handed over the gift he brought to the Ling family to the maid, took two steps forward, the corners of his lips raised, but his eyes were cold.

Su Xi nodded slightly, walked out the door.

"Wait a minute!" Han Xiao stopped Su Xi, glanced at her, raised his chin slightly, and spoke arrogantly and elegantly, "With a family lineage like the Ling family, it is impossible for Jiuzawa to marry a girl from an ordinary family like you, do you understand?"

Su Xiqing smiled.

Han Xiao looked at her smile a little unclear, calmed down a little, and continued, "I always speak bluntly, I don't like to beat around the bush, you and Jiuzawa have no results, I think you yourself understand." What are you with Hisazawa for? For money? How much money you want, I can give you!

Su Xi's eyes were clear, and she looked like a girl who didn't know anything about the world, "Did you give more money than Ling Jiuzze gave?"

Han Xiao immediately said, "How much he gives you, I promise only more!"

Su Xi seemed to think about it, "One hundred million, how about I don't appear here in the future?"

Han Xiao was stunned for a moment, and suddenly looked up behind Su Xi, "Jiuzawa, did you hear that?" She's with you just for the money!

Su Xi's heart jumped, and Huo Ran turned his head, just opposite Ling Jiuzze who was standing in the middle of the stairs.

The man was wearing a beige thin shirt and coffee-colored casual trousers, less cold, more lazy, and the nobility and elegance exuded from his bones.

Su Xi heard the woman next to him hold her breath, the corners of her lips curved slightly, and she had to admit that this man's bone statue and skin statue were born to the extreme.

Ling Jiuzze walked down slowly, his ink-dyed Danfeng eyes kept looking at Su Xi, his tone was low and magnetic, "I'll send you back!"

Han Xiao's face changed suddenly, and he looked at Ling Jiuze in disbelief, "Didn't you hear what she said just now?" Ling

Jiuze looked distant, not arguing to be angry, "I heard it, what's wrong?"

"Hah!" Han Xiao let out a mocking sound, took a deep breath, and remained elegant, "Jiuzawa, you guys are not suitable!" Ling

Jiuze was a little impatient between his eyebrows, "Whether it is suitable or not, I know it myself."

After he

said that, he looked at Su Xi and lowered his tone, "Let's go?"

"Hmm." Su Xi nodded and went out the door first.

Han Xiao stood there, watching the two go out one after the other, and suddenly felt like a fool.

Because of this accident, Ling Jiuze personally drove Su Xi back, Su Xi sat in the back, watching the scenery outside the car flash quickly, thinking about today's situation, inexplicably a little want to laugh.

Ling Jiuze looked at the rearview mirror and suddenly spoke up, "What are you laughing at?" "
