The sweet pursuit Chapter 161-Or is it because of lighting a cigarette, is it for her to vent out?

A flash of annoyance flashed on Ling Jiuze's face, and he glanced at Jiang Chen, "Get out if it's okay!"

"Think I'm an eyesore? You want to kill the donkey when you still unload this mill? Jiang Chen said jokingly, "Su Xi, you don't have to do anything today, make President Ling happy, you will be my sister in the future, I will protect you!"

Ling Jiuze frowned, "Who is your sister?"

Jiang Chen mocked, "Sister, are you all vinegar?"

Ling Jiuze's face sank, Fang was about to speak, and Su Xi next to him said, "Is Jiang Shao serious?"

Jiang Chen immediately said, "Of course!"

Su Xiwen said lightly, "I call the second uncle with President Ling, if you recognize me as a sister, you will also call the second uncle with me?"

Jiang Chen was stunned.

Ling Jiuze couldn't help but laugh lowly, and looked at Jiang Chen playfully, "Hurry, call the second uncle!"

Jiang Chen showed a speechless expression, pretending to be sad, "Su Xi, I protect you like this, you actually helped Jiuze calculate me together!" Ling

Jiuze sneered, "Use you to protect it!"

"Okay, in the end you two are dear!" Jiang Chen sighed and said with a smile, "I don't want to hinder your eyes!"

After

he finished speaking, the two people next to him got up and greeted the two next to him, "Accompany me to play two games, I lost too badly just now, I have to win back!"

The two got up with a smile, "Jiang Shao can still lose, why don't I believe it?"

The three of them talked and laughed and went to the entertainment area.

In the blink of an eye, only Ling Jiuze and Su Xi were left here.

Su Xi pursed his lips, picked up the wine on the coffee table, and sent it to Ling Jiuze, "Mr. Ling!"

Ling Jiuze raised his eyes and looked at her faintly, "Toast me? Do you see how others toast?"

Su Xi turned his head and saw that on the sofa in front of him, a female publicist was sitting on the man's lap, drinking wine, mouth-to-mouth feeding.

Su Xi's face was hot, and he lowered his eyes and whispered, "I'm not a public relations."

"If you are not sincere, don't come to toast!" The man's voice was mocking, and he lowered his head and continued to look at his phone.

Su Xi's eyes flashed, and he put down the wine glass, "Then I'll go, Mr. Ling will call me again if he has something!" Ling

Jiuze's eyes sank, Huo Ran raised his head, grabbed Su Xi's wrist, pulled her hard, brought her to his lap, and looked at her gloomily, "That's how you coaxed me?"

Su Xi looked at the man's handsome face close at hand, her heart was pounding, she pretended to be calm, "It's not coaxing, it's thanks, thank you for helping me so much." The

man has been temperamental lately, but she remembers everything he has done for her.

Ling Jiuze stared at her with ink eyes, "I said, if you want to thank you, take some sincerity and come out."

Su Xi's eyes flickered, turned his head to look at the wine glass on the coffee table, his heart was crossed, he reached out and took it, raised his head and took a sip, leaned forward and covered the man's lips.

Ling Jiuze's pupils were dark, reflecting the embarrassment and shyness on the girl's face, obviously the two had been closer, but at this moment, the lips were close to each other, the heartbeat was like a drum, and a different kind of emotion quietly emerged.

The man's eyes were deep, he opened his lips slightly, sucked the wine in her lips, and then raised his hand to press the back of her head and kissed it hard.

Su Xi closed her eyes, her long eyelashes trembled like butterfly wings, and a familiar breath swept over, her fingertips were numb, and her hands involuntarily climbed on the man's chest, clutching his clothes.

The wine has long been drunk, and I don't know when it has turned into pure kissing, as if they have been waiting for a long time, and they are out of control as soon as they are released.

The sweet pursuit Chapter 162-I don't know who turned off the light here, the darkness isolated the noise and bustle of the others, only the two of them breathed staggered, low and shallow, clear and urgent.

For a long time, someone on the other side of the entertainment area won the card and exclaimed excitedly.

Su Xi was awakened, stopped abruptly, his face turned red, and he lowered his head disguisedly.

Ling Jiuze pressed her waist, waiting for the impetuosity surging in her body to subside, before she spoke in a low voice, "If the guest next to her requests like this, you will also agree?"

Su Xi frowned, his voice hoarse and slightly annoyed, "I'm not a public relations.

"So what are you doing here?" The man's voice suppressed anger, "Do you really think that being a waiter can save your life?" Ask the people you work with how they relate to the guests in their private rooms! Su

Xilai has understood a little in the past two days, such as that Sun Yue, and Lin Qing's relationship is not clear, they are not public relations, but when they meet generous guests, they will also earn extra money.

She blinked and said calmly, "I will protect myself!" Ling

Jiuze raised his hand and pinched her chin, his face pale, "You think you can protect yourself if you can fist and foot kung fu?" How much do you know about the unscrupulous methods of those men in private?

Under the

dim light, Su Xi's clear eyes were clear and calm, and he slowly said, "I will be careful." Ling

Jiuze took a deep breath and said quietly, "Resign your job here and come to make up for Ling Yihang, and I will give you three times your salary."

Su Xi couldn't help but laugh, "If you have to let Ling Yihang make up classes during the summer vacation, he will hate you!"

"Then you play with him, he doesn't always want to learn shooting with you, you teach him!"

Su Xi's heart felt a slight softness, and she slowed down her voice, "I'll do a summer vacation and resign when the summer vacation is over."

"No, go and resign now!" The man's non-negotiable tone.

Seeing the man so domineering, Su Xi couldn't help but be annoyed, "Why should I listen to you, we are already over, there is nothing to do with it!"

Ling Jiuzhe narrowed his eyes, "Who told you it's over?" Did I agree? The agreement is on both sides, I didn't agree, what you yourself said doesn't count!

Su Xi's eyes widened in annoyance, and the man laughed lowly, lowered his head and kissed her.

Su Xi turned his head to dodge, and his tone faded, "Ling Jiuzhe, I'm not your pet, come and coax when you're happy, and ignore it when you're not happy, we need each other and are equal relationships." Ling

Jiuze squinted slightly, the hand holding her chin tightened, and her voice was low, "You said we need each other, then do you need me?"

Su Xi frowned and looked at him puzzled.

“Answer me, do you need me?” The man stared at her for a moment, raised his hand to caress her eyebrows, and said slowly, “Every time it is me who passes, you have never taken the initiative to find me, if you need, don’t say that I am in country M, even if I am in the sky, I will immediately fly back to your bed!”

Su Xi was stunned, and soon his face turned red, not knowing whether he was embarrassed or angry.

The man lowered his head and approached slowly, his gaze became soft, and his voice was gentle, “Is it okay not to make trouble?” We reconcile. Su

Xiben’s cold heart was like being blown by a breeze, and in an instant it became appropriate and soft, and the man’s warm lips fell on her lips, tossing and turning to kiss deeply.

Su Xi’s long eyelashes trembled, and he slowly closed his eyes.

The estrangement and indifference during this time disappeared in this deep kiss.

Unlike Fang Cai, the man’s kiss was hot, with a bit of emotion, and Su Xi soon noticed the man’s abnormality and began to struggle.

There were other people in the private room, even if they couldn’t see here clearly, the two were within the sight of others.

Ling Jiuze stopped, his breath was unsteady, his eyes looked at her faintly, and his voice was hoarse, “Did you miss me?”

Su Xi breathed suffocated, and the bottom layer of her eyes surged up, and she stared into his eyes and pursed her lips without speaking.

How could Ling Jiuze withstand her gaze like this, his body tensed, hugged her waist, and said lowly, “Go home, huh?”

Su Xi frowned, “I’m still at work.” ”

The sweet pursuit Chapter 163-“No one dares to stop you!” Ling Jiuze let out a low laugh, hugged her up, and strode out.

Everyone in the private room suddenly looked over, Su Xi's face was red, he turned around and jumped from his arms neatly, took a deep breath, and walked out calmly.

Jiang Chen got up and smiled meaningfully at Ling Jiuze.

Ling Jiuze glanced at him, unfazed, "I'll go first, you guys play, tonight will be counted as mine!"

Several people who were familiar with him couldn't help but coax, "Thank you Brother Jiu!"

"Brother Jiu, pay attention to the body!"

.....

Ling Jiuze waited in the rest area for a while, and saw Su Xi who had changed her clothes walking over, she was wearing a light gray T-shirt, white hot pants and white canvas shoes, looking more and more like a middle school student, but her temperament was cold and calm.

Ling Jiuze got up, took her hand and walked to the elevator.

Out of Kaisheng, Ming Zuo had already driven and waited outside the door, and glanced at the girl who was held by Ling Jiuze's hand, and a hint of expectation flashed in his eyes.

Getting into the car, Ling Jiuze spoke, "Royal Court."

Su Xi only remembered that he couldn't go to the imperial court at this time, and said busily, "Can't go back to the imperial court, Qingning still lives there."

Ling Jiuze turned his head, "Is that your friend?" Doesn't it mean to stay only for a few days?

Su Xi was a little embarrassed, "She has something at home, so she has to stay longer."

Ling Jiuze didn't say anything, and ordered Ming Zuo, "Go to the Lake Pavilion Villa." The

car was on the road, and Su Xi sent a message to Qingning, telling her that she would not go back tonight and let Qingning go to bed early.

Qingning replied with a message asking her where to go at night?

Su Xi thought for a moment and replied, [Go to the second uncle's house]

Qingning was relieved and returned a good night GIF.

The car went all the way to the east, Su Xi looked at the familiar route, his heart tightened, thinking that he was going to Qingyuan, but at the next intersection, the car turned right, and Su Xi breathed a sigh of relief without a trace.

Ten minutes later, the car drove into a villa area on the edge of Xili Lake and stopped outside a garden villa, Ling Jiuze touched her head, "Get off." After

entering the villa, the street lamp in the courtyard was on, but it was dark in the villa.

Ling Jiuze took her hand, walked along the main road inside, entered the villa, and before the light was turned on, the man picked her up, put her on the sofa, and leaned over and kissed her.

From the sofa, to the second-floor bathroom, to the bed in the bedroom, the man resembles a wolf that has been starved for days and nights in the desert.

Later, the man gently coaxed her to resign from Kaisheng's job and prescribed various conditions to seduce her, and Su Xi bit her lip and did not let go.

Seeing that the lure could not be achieved, the man was ruthlessly coerced.

In the end, Su Xi was helpless and paid some price that he usually refused to pay to make him satisfied, and the man reluctantly agreed to do a summer vacation in Kaisheng.

When the moon walked from east to west, Su Xi nestled in the man's arms and slept with him.

Probably tired, Ling Jiuze slept deeply, and when the sun shone through the curtain on the bed, he opened his eyes, revealing a somewhat lazy and satisfied look.

The girl in his arms was still asleep, Ling Jiuze looked at her soft and sticky side face, his eyes were soft, like the sun shining on the water surface of Xili

Lake, rippling softly, he bowed his head slightly and kissed her lightly on the forehead.

Su Xi's long eyelashes trembled slightly, and trembling spread along the nerves, endlessly.

She clearly felt that something fell in her heart, and under his kiss and the sunlight, it quietly took root.

The sweet pursuit Chapter 164-Su Xi only opened his eyes after Ling Jiuze got up, turned his head to look at the bright sunlight outside the window, narrowed his eyes, and stretched out a lot.

She moved on the bed for a while before going down, still unable to prevent her legs from being weak, and almost fell to the ground.

As soon as he looked up, he just saw Ling Jiuze leaning against the bathroom door and looking at her and smiling, only wrapping his body around the bath towel, and the washed face dripped water droplets, and the smile was ruffled and lustful.

Su Xi's face turned red, he picked up the pillow on the bed and threw it over, frowning and shouting, "Don't laugh!" Like

an enraged little leopard.

Ling Jiuze took the pillow and walked over, holding her up and walking to the bathroom, "It's not ridicule, it's pride!"

Su Xi, "..."

Ming Zuo had already asked people to bring clothes and breakfast and put them downstairs.

While eating breakfast, Ling Jiuze asked, "When will that friend of yours leave?"

Su Xi took a sip of porridge and shook his head, "I don't know." Ling

Jiuze thought for a while, "Jiang Chen's house is downstairs, let your friends go downstairs to live."

Su Xi raised his eyes, "Is this good?"

Ling Jiuze said leisurely, "Jiang Chen's house is empty, no one lives in, she can live as long as she wants, without her paying rent and any other fees, isn't it more convenient than now?"

Su Xi heard Qingning say before that her brother's girlfriend didn't look for a house at all, as if she wanted to live in her house forever, so Qingning didn't plan to go home for the time being, and heard Su Xi say that she wanted to change houses, and wanted to share a house with her in the future.

Su Xi asked, "What about Jiang Shao's side?"

"He then you don't have to care, the imperial court was developed by the Ling family, I left myself a set of top floors as a temporary resting place, he heard that he had to come to make fun in the future, his floor, I gave it to him, he rarely came over."

Su Xi nodded, "Okay, I'll go back and tell Qingning." She

lives in the imperial court, close to the dessert shop, and does not have to pay rent, which is really good.

After the meal, the two left the villa, and Ming Zuo first sent Su Xi back to the imperial court, and then took Ling Jiuze to the company.

Today Qingning rested, just at home, Su Xi told her about the house, Qingning's face was full of surprise, "I live downstairs, what about you?"

Su Xi said softly, "I still live here."

Qingning said suspiciously, "Downstairs is also your second uncle's house?"

Later, she learned that the landlord Su Xi said was the distant second uncle she mentioned earlier.

Su Xi said, "No, my second uncle's friend's house has always been empty.

"And such a good thing?" Qingning felt incredible, and was very curious about the second uncle in Su Xi's mouth.

“Well, you don’t want to?”

“Nope!” Qingning immediately shook his head, “How can I not be willing to do such a good thing, you live upstairs and I live downstairs, we can still see each other often, but do you really don’t need to pay rent?” That’s not okay!

“If you don’t worry, you should show him the house!”

Qingning smiled, “Then when he comes back, I will move away immediately, without a day’s delay.” “Good

!”

Since it was decided, just as Qingning was also resting, he packed up his things and moved downstairs that day.

When he came back in the morning, Ling Jiuze told Su Xi the password of the door lock downstairs.

The same layout downstairs and upstairs, but there is a slight gap in decoration, Jiang Chen likes intelligence, so the house is full of high-tech things, such as robots that can serve the owner, ceilings that can change different colors and scenes, balcony skylights that can be automatically opened like sports cars...

Qingning also liked these things, and he was excited for a long time after entering, but he didn’t dare to move, just admired it.

She lives in the second bedroom like Su Xi, and she can talk to Su Xi while standing on the balcony of the bedroom.

.....

When Ling Jiuze arrived at the company, he called Jiang Chen, and as soon as the phone was connected, Jiang Chen smiled over there, “It won’t be a special call to thank me, right?”

Ling Jiuze laughed, “Not as idle as you!” ”

The sweet pursuit Chapter 165-Jiang Chen laughed, "Listening to the tone last night, was it fun?"

"Get out of here!" Ling Jiuze scolded with a smile before saying, "No one lives in your imperial court's house, and a friend of mine will live for a few days temporarily."

Jiang Chen teased, "The friend you said won't be Su Xi, right? You live upstairs, she lives downstairs, occasionally fornicate, you young people just can play!"

"Not her!" Ling Jiuze was too lazy to talk to him, "Anyway, I told you, I still have a meeting, hang up!" Hanging

up the phone, Ling Jiuze put down his mobile phone and began to look through the documents on the table.

Outside the president's office, Su Chuci came over with a stack of documents, and saw another assistant hovering outside the door with a frown, looking embarrassed.

"Kally" Su Chuci greeted, "

You want to find President Ling?" Why don't you go in?

Kally turned around and frowned, "The document to be signed by the American branch, last time President Liu was reprimanded by President Ling because of this, and he handed this errand to me, I am afraid that I will be scolded when I go in, you know, President Ling has been in a bad mood recently."

Su Chuci said with a gentle smile, "Leave it to me, it just so happens that I also have a report that needs to be signed by President Ling!"

"That's great!" Kally happily handed over the document in his hand, "Good work on you!"

Su Chu smiled lightly and stepped forward to knock on the door.

"In!" A deep voice came from inside.

Kally whispered "Good luck" and slipped away.

Su Chuci took a deep breath, the corners of his lips raised slightly, and walked in, "President Ling, there are a few documents here that you need to sign."

Ling Jiuze lowered his head and responded faintly, "Take it!"

Su Chuci divided the documents, placed them on the huge desk, and explained them separately.

Ling Jiuze looked as usual, and said quietly, "Put it here, I will sign it after I read it."

"Yes, then I'll go out first, you call me if something happens!" Su Chuci's gaze stared at the man's perfect side face, and his smile was gentle and idyllic, "After an hour of the morning meeting, I also sorted out the information, and I will bring it to you later." "Good

."

Ling Jiuze replied warmly.

Su Chuci stepped on high heels and left the office without hurry, and when the door was closed, Kally immediately walked over, "How is it, did President Ling lose his temper?"

"No, Mr. Ling said that he would sign it when he finished reading it, and he didn't say anything else!"

Kally let out a long breath and looked at Su Chuci with admiration, "You are still powerful, if I go in, I will definitely be trained." The

corners of Su Chuci's lips curled slightly, "It's not that serious, President Ling won't lose his temper for no reason."

Kally sighed, "President Ling has a calm face these days, we don't dare to speak loudly, President Ling is still good to you!" The

speaker had no intention of listening to the intention, Su Chuci's eyes flashed a gentleness, and said with a smile, "I went to work."

"Okay, you go busy, invite you to afternoon tea another day!" Kally waved his hand.

Su Chuci smiled and walked towards his desk.

.....

The story of Su Xi being covered by Ling Jiuze soon spread throughout the 8th floor, Sister Chen was respectful to Su Xi, and Sun Yue and Yan Xue did not dare to provoke her at all.

Su Xi was designated by Sister Chen to be in charge of only one private room 8809, if Ling Jiuze did not come, Su Xi did nothing, stayed in the lounge, slept or played games, whatever she wanted.

After that night, Ling Jiuze would come over almost every night, and Su Xi didn't have to accompany him from time to time, occasionally went over to deliver a drink, and everyone else was polite.

Su Xi's time was suddenly free, and it was easier than going to class before the holiday.

In mid-July, Ling Yihang had a final exam, and three days later, Su Xi called him and asked him how he went.

Ling Yihang said calmly, "Are you not confident in yourself?"

Su Xi said with a smile, "I'm afraid you'll fix me on purpose!"

Ling Yihang gave her a disdainful mockery, and said nonchalantly, "The test is average, and it is more than ten points more than the second place."

Su Xi calculated and laughed.

The sweet pursuit Chapter 166-Ling Yihang said, "Don't be happy first, you said that I want to surprise me after the exam, what about a surprise?"

"Huh?" The smile on Su Xi's face froze.

She originally thought of waiting for Ling Yihang to finish the exam and tell him that she had resigned, but now in this situation, she seems to be unable to resign again.

So the surprise she was prepared for was gone.

Ling Yihang listened to her wrong tone and hummed, "You won't lie to me, right?"

"Of course not!" Su Xi smiled awkwardly, fortunately Ling Yihang couldn't see it on the other side of the phone, "Didn't you say that you also want to surprise me, you tell me what your surprise is first?"

Ling Yihan relentlessly debunked her, "Don't try to change the topic, quickly say what surprise have you prepared for me?"

Su Xi rolled his eyes, suddenly thought of something, and smiled, "There is indeed a big surprise, you will know tomorrow!"

She heard Ling Jiuze say that his parents and sister-in-law were coming back, and she didn't tell Ling Yihang in advance, which was a surprise for him, and her surprise was gone, so she had to borrow flowers to offer Buddha.

When this was over, she bought him a Lego he liked to make up for it.

"Didn't lie to me?"

"Well, I promise I didn't lie to you!"

Ling Yihang let her go for the time being, "Your surprise will also arrive tomorrow!"

After
that, the teenager hung up the phone coolly.

Su Xi looked at the hung up phone and raised her eyebrows, could it be that Ling Yihang bought her some gift and couriered it over?

But he doesn't know where he lives!

If I knew, I would have fallen out a long time ago!

Unexpectedly, he didn't want to think about it, Su Xi put down his mobile phone to go about his own business.

However, the next morning, she received the surprise that Ling Yihang said, and the bank text message on her mobile phone prompted that <>,<> yuan had arrived.

This is the reward that Ling Jiuze gave her!

Looking at the text message, Su Xi couldn't help but laugh, she earned Ling Jiuze's money, planning to buy his house, how can she earn this deal!

Su Xi decided to treat his great wisdom and went to his favorite ice cream shop to buy two large barrels of ice cream, ate one bucket himself, and left the other bucket for Qingning.

.....

The next night, after Su Xi and Ling Jiuze exchanged happily on the carpet of the balcony, Ling Jiuze carried her back to bed.

Su Xi was sleepy and about to fall asleep, and said vaguely, "Help me close the door when you go out."

"Let me go?" Ling Jiuze touched her silky hair sideways, "Then what are you doing grabbing my dressing gown?"

Su Xi opened his eyes and saw that he was indeed grabbing the clothes on his chest, and immediately withdrew his hand and put it in the quilt.

Ling Jiuze kissed her side of the face, "My parents and eldest brother are back, they said they want to see you, tomorrow Saturday, I will take you back."

Su Xi "buzzed" in his mind, raised his head and looked at him in amazement, "We, such a relationship, I don't need to see your parents."

After the

two reconciled, it seemed to be a little different from before, and he came to the imperial court more and more, and all aspects were harmonious, but they were not a serious couple after all.

Ling Jiuze looked at her faintly, for a long time, before he smiled lightly, "You think too much, it is Ling Yihang who has made great progress this semester, and he took the first place in the school at the end of the semester, and my parents and sister-in-law want to thank you."

Su Xi, "..."

There was no light on in the house, otherwise Ling Jiuze would have seen her face red.

It turned out to be so, and sure enough, she thought too much.

The sweet pursuit Chapter 167-Embarrassed, embarrassed, and seemed to have a trace of unexplained emotions, Su Xi smiled lightly, "No need, I took my salary and your bonus, it is my duty to teach a good voyage, and I don't need additional thanks."

"It's okay, just meet and meet, I've already promised that they will take you over." Ling Jiuze said.

Su Xi thought for a while, "Well, I just want to sail too."

"Well, sleep then!" Ling Jiuze lowered his head and kissed her hair, got up and walked out.

Su Xi watched the door close, his face faded a little, his heart slowly returned to calm, and he lay down to sleep.

The next Saturday, Ling Jiuze didn't have to go to the company, and Su Xi didn't have to go to Kaisheng during the day, and it was almost eight o'clock when they got up.

When Su Xi was stretching on the balcony, he heard the doorbell ringing.

Su Xi thought it was a takeaway for the hotel to deliver breakfast, opened the door, Qingning pushed the door in with a thermal bucket, "I guess you just got up, I boiled the skinned egg lean porridge in the morning, you drink it while it's hot!"

She said as she walked inside, and when she saw the man in her house clothes, she was stunned.

Su Xi turned his head and saw that Ling Jiuze just came out of the master bedroom, nodded slightly to Qingning, and went in the direction of the living room.

Qingning turned around sharply, "Your boyfriend? When

she went to the balcony to close the window last night, she heard some movement and thought it was downstairs, and when she thought about it, she couldn't help but blush.

Su Xi explained incoherently, "No, he is the landlord and my second uncle." Since

Qingning moved downstairs, she left early and returned late, while Su Xi returned late and late, the two rarely met, and Qingning had never seen Ling Jiuze.

Today Qingning rested, specially boiled porridge to send to Su Xi, and bumped into it like this.

Landlord, second uncle?

Qingning was even more surprised, and he had a stomach question, but at this time, it was difficult to speak, and said in a low voice, "You drink the porridge while it is hot, I will go first."

"Hmm," Su Xi sent her out.

Putting down the insulation bucket, Su Xi walked to the living room, and seeing Ling Jiuze standing on the balcony smoking, she asked, "Qingning's lean porridge, do you want to drink it?" Ling

Jiuze turned around, his face exposed to the sun, handsome and amazing, he hooked his lips and smiled, "You said that I am the landlord, and your friend must think that there is some improper transaction between us."

Su Xi raised his eyebrows and said jokingly, "Isn't it? Ling

Jiuze's black eyes had a layer of sparkle, making people unable to see through the emotions under his eyes, his thin lips still hooked a smile, "I'm afraid she will misunderstand you."

"It's okay." Su Xi was also laughing, and asked again, "Do you want to drink porridge?"

Ling Jiuze nodded, "Okay, here it comes."

"Well, don't take too long, otherwise the porridge will be cold." Su Xi's eyes were clear and soft, and he turned back to the kitchen.

Qingning also made two sandwiches, and Su Xi gave Ling Jiuze one, "Try Qingning's cooking!"

Ling Jiuze took a bite and nodded, "It's not bad, but it's not as good as the noodles you cooked."

Su Xi looked up in amazement, “Has something happened to your sense of taste recently?” Ling

Jiuze said with a shallow ridicule in his tone, “I don’t have a problem with taste, it’s your brain that fell on the bed when you got up, and you believe everything.”

Su Xi, “...”

She didn’t expect this man to joke, it was really a mistake!

The relaxed atmosphere seemed to dilute the previous seemingly non-existent barrier, the two ate breakfast quietly, and the sunlight shone in, making the room a little warmer, to a little bit of quiet atmosphere.

After the meal, the two went out, and Ming Zuo was already waiting outside the imperial court.

After getting into the car, he went straight to the Ling family’s old mansion.

The sweet pursuit Chapter 168-In the car, Ling Jiuzhe held Su Xi’s hand and said softly, “My father is more serious, but my mother has a cheerful personality, my brother and sister-in-law are also very talkative, don’t be nervous, you can say whatever they ask, if they give you a gift, you can follow.”

Su Xi listened to his tone, feeling more and more like a couple wanting to see their parents, she tried to discard this thought, pretending to be relaxed, “Aren’t you going to thank me?” So why should I be nervous? Ling

Jiuzhe chuckled, “It’s good if you’re not nervous!” Yinuo travels to country Y, and if you come back with them, you can chat together.

Su Xi hadn’t seen Ling Yinuo for a long time, and nodded when he heard this, “Okay.” Soon

arrived at Ling’s house, Ling Jiuzhe and Su Xi got out of the car and walked to the main courtyard of the villa one after the other.

The maid greeted him and smiled respectfully, "Second Young Master, Teacher Su!"

"Teacher Su is here!" Ling Yihang's voice came from the living room, and he quickly ran over, probably because his parents were back, he was much livelier than usual, "Second uncle, you are also back!"

Ling Jiuze took Su Xi to the living room and said lightly, "Yes, I passed by Jiangda, just in time to follow your teacher." The

people in the living room gradually appeared in Su Xi's line of sight, Yinuo got up first, and smiled with her mother Yu Jing, "Mom, this is Su Xi."

Yu Jing got up to greet him, stretched out his hand, and smiled gently, "Teacher Su."

Su Xi shook her hand, "Hello!"

"Please sit down!" Yu Jing is in her forties, and she looks like a woman from a scholarly family, her eyebrows are soft and calm, and her every move is dignified and elegant.

At this time, the glass door leading to the courtyard opened, and a woman wearing a dark cotton silk blouse walked in, looking to be in her sixties, but her skin was white and smooth, her eyebrows were clear, and she asked with a smile, "Is Teacher Xiao Su here?"

Yu Jing immediately walked over, and Yan Yan said with a smile, "Yes, just arrived."

Ling Jiuze got up and said with a smile, "Mom!"

Su Xi was also busy, "Aunt Ling." Mother

Ling came over and looked at Su Xi with a gentle gaze, "This child looks really gratifying!"

Yu Jing also smiled, "Yes, I was also shocked when I saw it just now, I thought that we Yinuo was already beautiful, but I didn't expect to be compared all of a sudden."

Ling Jiuze glanced at Su Xi and ticked the corner of his lips almost uncheckably.

Ling Yinuo held Su Xi's arm and said with disgust, "You guys are too much, Qua Suxi will praise well, why do you belittle me!"

Su Xi was also a little embarrassed, and smiled at Yinuo, "Mrs. Ling and Aunt Ling are polite, don't take it seriously."

Ling Yinuo laughed and said, "Are you a bad generation, how can you and my grandmother call aunt, you should also call grandma."

Su Xi's eyes swept over Ling Jiuze and couldn't help but want to laugh, "Yes, if the old lady doesn't dislike it, then I'll call you grandma." Ling

Jiuze raised his hand and pinched his forehead, turning his head to look into the courtyard.

"Of course not, you and Yinuo can just call me grandma together." Ling Muwen smiled, "Sit, don't stand still."

At this time, Ming Zuo came in, carrying a few boxes of Mayzhai pastries in his hand, Ling Jiuze took it and put it on the table, "Su Xi bought it."

Yu Jing said softly, "We invited you to the house to thank you for teaching Yihang so well, how can you spend money?"

Su Xi was also a little surprised, Ling Jiuze only told her last night about coming to Ling's house, she didn't have time to prepare gifts, but she didn't expect that Ling Jiuze had let Ming Zuo prepare in advance.

She smiled indifferently, "It's just a few boxes of pastries." Ling

Yinuo came over and held Su Xi and sat down, "It's all your own people, so don't be polite to each other!" "

The sweet pursuit Chapter 169-Ling Jiuze sat down on the sofa opposite Su Xi and asked, "What about father and eldest brother?"

Yu Jing replied, "They have something to do, talking in the upstairs study, and it is estimated that they will come down in a while!"

"Hmm." Ling Jiuze nodded lightly.

Ling Mu put down the tea, looked at Su Xi, and smiled kindly, "I heard that Teacher Su is still a junior student, good-looking, and so good-looking, is he from Jiangcheng?"

Su Xi replied, "I grew up in Cloud City. "Oh

!" Ling Mu smiled warmly, "That's also a long-distance study, if you have anything to do in the future, you can come to the house, or ask Jiuze for help, you're welcome."

Yu Jing said, "Don't scare the little girl, Jiu Ze's unsmiling face, ordinary people dare not talk to him."

Ling Jiuze glanced at Su Xi and said with a light smile, "I didn't scare her, otherwise, you ask her, how do I treat her?"

Su Xi couldn't help but feel weak, afraid that Ling Jiuze's words would cause misunderstanding by others, she hurriedly said, "Yes, Mr. Ling is very good to me."

Fortunately, others didn't think much about it, and Ling's mother joked, "If he would be good to girls, he wouldn't be able to please his daughter-in-law until now."

Ling Jiuze scoffed, "Why did the topic turn to me again?"

Yu Jing remembered something and asked, "I heard that your marriage with the Su family has been dissolved?" Ling

Jiuze said lightly, "Yes!"

Yu Jing looked at Ling's mother with a smile, "Then I really have to hurry up and give Jiuze a daughter-in-law."

Ling Jiuze lowered his eyes and took a sip of tea, "No hurry."

Ling Mu asked, "We met Yunshu when we were in London, do you still have contact with her?" Su

Xi's eyes lit slightly, remembering Han Xiao's previous words, the person that Ling Jiuze liked in his heart was called Yunshu?

Ling Jiuze said lightly, "No. Mother

Ling said, "It's a pity for you and Yunshu, you were delayed by the Su family for three years, and now that the marriage contract has been dissolved, you two can still contact again."

Yu Jing also said, "Yes, I chatted with Yunshu for a while, she has been single in recent years, she is making movies, and she will return to China when she finishes filming, listen to her meaning, and return to China to develop in the future."

"My affairs with her have nothing to do with the Su family." Ling Jiuze said in a cold tone, as if he didn't want to say more, "Don't mention her."

Ling Mu glared at him, shook her head, and greeted Su Xi, "Xiao Su, eat some fruit."

Su Xi was thinking about something, and hurriedly returned to Shendao, "Okay, I'll take care of myself, you don't have to be polite."

Yu Jing opened the drawer of the coffee table, took out a velvet box and put it in front of Su Xi, and said with a smile, "We have been abroad in the past few months, and the results of the Yihang examination are completely your credit, I don't know what you don't like, so I bought a small jewelry, I hope you like it."

Su Xi laughed warmly, "You are too polite, I am a tutor, tutoring Yihang's study is within my responsibility, and Mr. Ling has already paid me a salary, I can no longer ask for your gift."

Yu Jing smiled lightly, "This is a little bit of our heart, it's not worth anything, do you like it first?"

"I'll do it!" Ling Yinuo took the box and opened it, it was DR's fishtail necklace, delicate but not ostentatious, and cute and playful, suitable for Su Xi's age.

"Mom, it's the first time you've seen it so well." Ling Yinuo praised and stuffed the necklace to Su Xi, "Give it to you, you will take it, this is DR only sold abroad, and cannot be bought in China."

Su Xi still refused to ask for it, "It's too precious!" Ling

Jiuze looked over and said lightly, "A piece of my sister-in-law's heart, you can accept it." "

The sweet pursuit Chapter 170-Su Xi had to accept it, and for Jing Dao, "Thank you!"

"You're welcome, we should thank you!" Yu Jing smiled gracefully, and he could see that he really liked Su Xi.

As everyone spoke, Father Ling and Ling Zhiye, the son of Ling's father, came down from upstairs, and everyone got up one after another.

Yu Jing introduced Su Xi to Father Ling and Ling Zhiye, and Su Xi greeted the two separately without humility.

Father Ling said the same as Ling Jiuzhe said, his face was serious, he didn't smile, and his eyes were deep and wise, so that people couldn't see what he was thinking.

Ling Zhiye and Ling Jiuzhe have three points of similarity, wearing a pair of black-framed glasses, probably because they are engaged in academic research, they look stable and restrained, and they are as gentle and knowledgeable as Yu Jing, and approachable.

Su Xi felt that in terms of personality, Ling Zhiye followed his mother, while Ling Jiuzhe was like his father.

Ling Zhiye smiled at Su Xiwen, "Originally, my wife and I wanted to send a car to pick up Teacher Su, but Jiuzhe said that he happened to pass through Jiangda, so he bothered him to bring Teacher Su back.

Su Xi had seen Ling Zhiye on TV, and knew that he had a high status in academia, and he was so many years older than himself, and the shouting of a teacher made her feel weak, and said busily, "No, you are too polite!" Ling

Jiuzhe interfaced, hooked his lips and smiled, "Su Xi is right, she will come often in the future, everyone will meet often, don't be polite."

Everyone sat down one after another, greeting a few words, Su Xi saw that the Ling family had a good relationship, the elders were gentle and loving, the younger generations were considerate and knowledgeable, and there was no intrigue of those bloody dogs.

When the elders were talking, Ling Yinuo gave Su Xi a wink, pulled her up, and said with a smile, "We can't talk to you adults, I took Su Xi to my room to play."

Ling Yihang immediately said, "I'll go too!"

"We whispered between girls, what are you going to do?" Play your game now! Ling Yinuo laughed and led Su Xi upstairs.

Yu Jing instructed, "Take care of Su Xi, when the afternoon meal is ready, I will call you."

Ling Yinuo said with a playful smile, "Got it, Su Xi is a distinguished guest today, I will definitely take good care of her!"

Su Xi said goodbye to everyone generously, and followed Ling Yinuo upstairs.

After entering the door, Ling Yinuo smiled and said, "Our family is very easy to get along with, although grandpa is very serious, he is tolerant and loving to his juniors, and you will know it when he often contacts you in the future!"

Su Xi nodded, "Yes, everyone is fine." Ling

Yinuo collapsed on the sofa without any image, holding a pillow in his arms, "Ling Yihang fired a few tutors before, my mother almost gave up his homework, but I didn't expect that he actually took the first place in the school, which made my mother happy, and said that I must thank you well!"

Su Xi said, "Yihang is very smart!"

"He's smart, but he doesn't want to work hard." Ling Yinuo smiled, "Originally, my grandmother wanted to give you a house, but my second uncle said that you were timid, and even David was afraid, afraid that sending a house would scare you, so he didn't let grandma send it."

Su Xi, "..."

Is it still too late for her to go out and prove her guts now? Who said that people who are afraid of dogs are also scared by the house, do those who are afraid of dogs usually sleep on the street?

“By the way, I also brought you a gift, I’ll go get it for you.” Ling Yinuo threw the pillow, got up and went to the cloakroom, and quickly took a large box out, “You received the gift from my mother, and I must also accept this.”

“What is it?” Su Xi took it and opened the box, it was a beautiful bone china cup, the cup body was crystal clear, and the retro pattern was depicted on it.
